FOR IMMEDIATE RELEASE

CABLE&WIRELESS SELECTS ALVARION'S GSM SOLUTION
TO PROVIDE MOBILE VOICE SERVICES FOR THE FIRST TIME TO
FALKLAND ISLANDS RESIDENTS

\$1.5 million Compact Cellular Network Ideal for Island Deployment

TEL AVIV, Israel, September 26, 2005 -- Alvarion Ltd. (NASDAQ:ALVR), the world's leading provider of wireless broadband solutions and specialized mobile networks, today announced that Cable&Wireless is deploying a \$1.5 million cellular network, a compact GSM system, to provide voice services to the residents of the Falkland Islands for the first time.

"Alvarion's compact GSM system is exactly the kind of reliable and cost effective solution that we look for in providing services to the

Edgar Filing: ALVARION LTD - Form 6-K

mountainous Falkland Islands with its population of a few thousand residents," said Rick Hall, CEO of Cable&Wireless. "We have the flexibility to provide high quality voice services and advanced features, initially around Stanley and Mount Pleasant, but eventually extending to cover more of the rural areas.

Alvarion's GSM system offers distributed architecture designed optimally for small to medium size GSM networks. Its easy deployment, low startup costs and scalability, make for an ideal solution for island landscape and topography. By using this system, operators may offer subscribers a wide range of value-added services, including voicemail, short message service and prepaid calling.

"We look forward to completing the island deployment as it is the perfect application for our GSM network that reaches the un-reachable," said Zvi Slonimsky, CEO of Alvarion. "The system is built to cope with rough terrain while delivering the necessary bandwidth of a robust, reliable network in a remote location. We are pleased to add Cable&Wireless to our growing list of top tier carrier customers."

###

About Cable&Wireless

Cable&Wireless is one of the worlds leading international communications companies. It provides fixed and mobile voice, data, IP (Internet Protocol) and broadband services to business and residential customers, as well as

services to other telecoms carriers, mobile operators and providers of content, applications and internet services. Cable & Wireless principal operations are in the United Kingdom, the Caribbean, Panama, Macau and Monaco. For more information about Cable & Wireless, go to www.cw.com

About Alvarion

With more than 2 million units deployed in 130 countries, Alvarion is the worldwide leader in wireless broadband providing systems to carriers, ISPs and private network operators, and also in extending coverage of GSM and CDMA mobile networks to developing countries and other hard to serve areas.

Leading the WiMAX revolution, Alvarion has the most extensive deployments and proven product portfolio in the industry covering the full range of frequency bands with both fixed and mobile solutions. Alvarion's products enable the delivery of business and residential broadband access, corporate VPNs, toll quality telephony, mobile base station feeding, hotspot coverage extension, community interconnection, public safety communications, and mobile voice and data. Alvarion works with several global OEM providers and more than 200 local partners to support its diverse global customer base in solving their last-mile challenges.

As a wireless broadband pioneer, Alvarion has been driving and delivering innovations for more than ten years from core technology developments to creating and promoting industry standards. Leveraging its key roles in the IEEE and HiperMAN standards committees and experience in deploying OFDM-based
