To the Participants and Administrator of Choice Hotels

International, Inc. Retirement, Savings and Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Choice Hotels International, Inc. Retirement, Savings and Investment Plan (the Plan ) at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**1. Description of the Plan**

Choice Hotels International, Inc. ( Choice or the Company ) is the second largest franchiser of hotels in the world. Choice franchises approximately 4,600 hotels operated under the following brand names: Quality Inn, Comfort Inn, Clarion, Sleep Inn, Rodeway Inn, EconoLodge, and Mainstay Suites. The Choice Hotels International, Inc. Retirement, Savings and Investment Plan (the Plan ) is a defined contribution, salary deferral plan available to the employees of Choice. Merrill Lynch Trust Company ( Merrill Lynch ) is the Plan trustee.

The following description of the Plan provides only general information, and participants should refer to the Plan agreement for a more complete description of the Plan s provisions.

**General**

The Plan is a defined contribution plan established effective October 15, 1997, and was restated and amended in its entirety effective January 1, 2001. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ).

**Eligibility and contributions**

All employees of Choice are eligible to participate in the Plan if they are:

At least 21 years of age

Have completed one year of service

Have worked at least 1,000 hours in the previous year

## Edgar Filing: CHOICE HOTELS INTERNATIONAL INC /DE - Form 11-K

Participants may elect to contribute up to a maximum amount per calendar year subject to IRS limitations, \$11,000 in 2002. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds, one common/collective trust, Choice Hotels International, Inc. common stock ( Choice common stock ) and a self-directed brokerage option as investment options for participants. Employee contributions are recorded in the period during which the Company makes payroll deductions from the participant s earnings.

Choice matches the employees contributions, up to a total match of 6 percent of the employees salary. Company matching contributions are made in the form of Choice common stock on an annual basis, as described in the Plan document (Note 4). Participants may immediately elect to redirect the Company matching contribution to any of the various investment options offered by the Plan.

For employees hired on or before December 31, 1999, the following Company matching contributions apply:

<u>Length of service</u>	<u>Percentage match</u>
1 - 5 years	50%
6 - 9 years	75%
10 years or more	100%

**Table of Contents**

**CHOICE HOTELS INTERNATIONAL, INC.**

**RETIREMENT, SAVINGS AND INVESTMENT PLAN**

**Notes to Financial Statements**

**December 31, 2002 and 2001**

---

Employees hired on or after January 1, 2000 receive a 50 percent Company match, with no length of service adjustment.

Each participant's account is credited with the participant's contribution and allocations of the Company's matching contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Forfeitures**

Choice has the right to apply amounts forfeited by employees to reduce future Company matching contributions. At December 31, 2002 and 2001, the fair value of forfeitures held by the Plan was \$97,222 and \$76,736, respectively, which may be used to reduce future employer contributions. No amounts were used to reduce the employer contribution during 2002.

**Payment of benefits and vesting**

Participants are immediately vested in all participant contributions and earnings on such contributions. Participants vest in the Choice contributions and earnings 20 percent per year beginning at the end of their first year, resulting in full vesting at the end of their fifth year.

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a twenty-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution only.

Participants who leave Choice with a balance of less than \$5,000 are required to roll the money over into another 401(k) or IRA account, or receive a direct payment after withholding of applicable federal and state tax provisions. If the participant's balance is greater than \$5,000, the participant may retain their investment in the Plan for as long as IRS regulations allow.

**Loans**

Participant loans are made available to all participants who have a vested account balance. The minimum loan amount is \$750 and the maximum loan amount is the lesser of \$50,000 or 50 percent of a participant's vested account balance. Interest rates are equal to 1 percent above the Prime Rate on the date the loan is issued and there is a \$50 loan-processing fee per loan. Participants may not have more than one loan outstanding at any time. Each loan by its terms shall be required to be repaid within five (5) years of the date the loan is made; provided however, that a residential home mortgage loan may, in the discretion of the Administrative Committee, be repaid over a reasonable period of time in excess of five (5) years.

**2. Summary of Significant Accounting Policies:**

**Use of estimates**

The Plan's financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

**Investment valuation and income recognition**

The Plan's investments are stated at fair value based on quoted market prices. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. All income is allocated daily.

Participant loans are valued at cost, which approximates fair value.

**Risks and uncertainties**

The Plan provides for various mutual fund investment options in stocks, bonds, money market, and fixed income securities as well as a direct common stock investment. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Trustee fees**

Investment management fees are netted against investment earnings in each fund. Participant accounts are also charged loan-processing fees. Trustee fees and all administrative expenses of the Plan are currently paid by Choice. Choice currently has no intention to seek reimbursement from the Plan for prior or future expenses paid by Choice.

**Payment of benefits**

Benefit claims are recorded when paid.

**Reclassifications**

Certain reclassifications have been made to the prior year amounts in order to conform to the current year presentation.

**3. Investments**

**6. Plan termination**

Although it has not expressed any intent to do so, Choice has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Choice matching contributions.

**7. Related-party transactions**
