ITEM 9A. CONTROLS AND PROCEDURES

The Company maintains disclosure controls and procedures (as defined in Rules 13a-15(f) and 15d-15(e) under the Exchange Act of 1934, as amended (the "Exchange Act")), that are designed to ensure that information required to be

disclosed in the Company's reports filed or furnished under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Exchange Act and the related rules and forms of the SEC. Such information is accumulated and communicated to the Company's management, including its Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), as appropriate, to allow timely decisions regarding required disclosures. Any controls and procedures, no matter how well designed and operated, can provide only reasonable, not absolute, assurance of achieving the desired control objectives.

The Company carried out the evaluation required by Rule 13a-15(b) under the Securities Exchange Act of 1934 (the "Exchange Act"), under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures. Based upon that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that, as of the end of the period covered by this report, the design and operation of the Company's disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As previously disclosed, in connection with the Company's fiscal year 2005 audit, and the Company's evaluation of disclosure and controls procedures, management determined that material weaknesses existed at September 30, 2005 related to incorrect accounting entries made at the Company's HNWC subsidiary, and interest expense allocations made by the Company to one of its wholly-owned subsidiaries (The Beverage Group, Inc.) which was a component of discontinued operations. During fiscal 2006, the Company implemented a plan which resulted in the successful remediation and elimination of our material weaknesses in internal control over financial reporting as disclosed in Form 10-K for the fiscal year ended September 30, 2005.

Except for the changes related to the remediated material weaknesses described above, there has been no change during the Company's fiscal year ended September 30, 2006, in the Company's internal controls over financial reporting (as such term is defined in Rules 13(a)-15(f) under the Exchange Act) that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
