Q: Who is entitled to vote at the meeting?

- A: Only common stockholders of record as of the close of business on March 27, 2007, the record date, are entitled to vote at the meeting.

Q: What stockholder approvals are required to approve the proposals?

- A: Directors will be elected by a plurality of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting, and ratification of the appointment of our independent registered public accounting firm will require the affirmative vote of the holders of a majority of the votes cast at the annual meeting.

Q: What do I do if I want to change my vote?

A: Send a later-dated, signed proxy card to our Secretary prior to the date of the annual meeting or attend the annual meeting in person and vote. You also may revoke your proxy by sending a notice of revocation to our Secretary at our address which is provided above.

Q: If my broker holds my shares in [street name], will my broker vote my shares?

A: If you do not provide your broker with instructions on how to vote your street name shares, your broker will be able to vote them on the election of directors and the ratification of the appointment of our independent registered public accounting firm. You should, therefore, be sure to provide your broker with instructions on how to vote your shares. Stockholders are urged to use telephone or Internet voting if their broker has provided them with the opportunity to do so. See your voting instruction form for instructions. If your broker holds your shares and you attend the annual meeting, please bring a letter from your broker identifying you as the beneficial owner of the shares and acknowledging that you will vote your shares.

In addition, if a shareholder proposal is not received by us on or before February 28, 2008, it will not be considered or voted on at the Annual Meeting.

Q: How will we solicit proxies for the annual meeting?

A: We are soliciting proxies by mailing this proxy statement and proxy card to our stockholders. In addition to solicitation by mail, some of our directors, officers and regular employees may, without extra pay, make additional solicitations by telephone or in person. We will pay the solicitation costs, and will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to beneficial owners.

OUR ANNUAL MEETING

We are furnishing this proxy statement to our stockholders as part of the solicitation of proxies by our board of directors for use at our annual meeting.

Date, Time and Place of the Annual Meeting

We will hold our annual meeting on Thursday, May 24, 2007, at 9:00 a.m., local time, at the New York Marriott Marquis, 1535 Broadway, New York, New York 10036.

Purpose of the Annual Meeting

At the annual meeting, we are asking holders of record of our common stock to consider and vote on the following proposals:

- election of two directors for a term of three years each;
- ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year; and
- any matters as may properly come before our annual meeting or any adjournment or postponement thereof.

Stockholder Record Date

Only holders of record of our common stock at the close of business on March 27, 2007, the record date, are entitled to notice of and to vote at the annual meeting. On the record date, approximately 262,871,391 shares of our common stock were issued and outstanding and held by approximately 1,728 holders of record.

Voting Rights

Our stockholders are entitled to one vote per share of common stock held as of the record date for the annual meeting.

Quorum; Effect of Abstention and Broker Non-Votes

A quorum will be present at the annual meeting if a majority of the votes entitled to be cast are present, in person or by proxy. Since there were 262,871,391 eligible votes as of the record date, we will need at least 131,435,696 votes present in person or by proxy at the annual meeting for a quorum to exist. If a quorum is not present at the annual meeting, we expect that the annual meeting will be adjourned to solicit additional proxies. Holders of record of our common stock on the record date are entitled to one vote per share.

Abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. An abstention is the voluntary act of not voting by a stockholder who is present at a meeting and entitled to vote. An abstention will not count for

or against the election of directors or the ratification of Deloitte & Touche LLP as our independent registered public accounting firm.

A broker non-vote occurs when a broker nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power for that particular item and has not received instructions from the beneficial owner. Under New York Stock Exchange rules, brokers that hold shares of our common stock in street name for customers that are the beneficial owners of those shares may not give a proxy to vote those shares on certain matters without specific instructions from those customers. Broker non-votes will be treated as present and entitled to vote for purposes of determining the presence of a quorum. If a stockholder owns shares through a broker and attends the annual meeting, the stockholder should bring a letter from that stockholder's broker identifying that stockholder as the beneficial owner of the shares and acknowledging that you will vote your shares.

Broker non-votes will not count for or against the election of directors and the ratification of Deloitte & Touche LLP as our independent registered public accounting firm.

Votes Required To Approve the Proposals

Directors will be elected by a plurality of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting. Ratification of the appointment of our independent registered public accounting firm will require the affirmative vote of the holders of a majority of the votes cast at the annual meeting.

Voting of Proxies

All shares represented by properly executed proxies received in time for the annual meeting will be voted at the annual meeting in the manner specified by the stockholders giving those proxies. Properly executed proxies that do not contain voting instructions will be voted for the election of directors and for the ratification of Deloitte & Touche LLP as our independent registered public accounting firm.

The individuals named as proxies by a stockholder may vote for one or more adjournments of the annual meeting, including adjournments to permit further solicitations of proxies.

We do not expect that any matter other than the proposals described above will be brought before the annual meeting. If, however, other matters are properly presented at the annual meeting, the individuals named as proxies will vote in accordance with the recommendation of our board of directors.

Revocability of Proxies

Submitting a proxy on the enclosed form will not preclude you from voting in person at the annual meeting. You may revoke a proxy at any time before it is voted by filing with us a duly executed revocation of proxy, by submitting a duly executed proxy to us with a later date or by appearing at the annual meeting and voting in person. You may revoke a proxy by any of

these methods, regardless of the method used to deliver your previous proxy. Attendance at the annual meeting without voting will not itself revoke a proxy.

Solicitation of Proxies

We will pay the expenses incurred in connection with the printing and mailing of this proxy statement. In addition to solicitation by mail, the directors, officers and our employees, who will not be specially compensated, may solicit proxies from our stockholders by telephone, facsimile, telegram or other electronic means or in person. Arrangements also will be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of shares held of record by these persons, and we will reimburse them for their reasonable out-of-pocket expenses. We will bear the total cost of soliciting proxies.

We will mail or send an electronic copy of this proxy statement to each holder of record of our common stock on the record date.

Stockholders have the option to vote over the internet or by telephone. Please be aware that if you vote over the internet, you may incur costs such as telephone and access charges for which you will be responsible.

In accordance with a notice sent to eligible stockholders who share a single address, we are sending only one proxy statement to that address unless we received instructions to the contrary from any stockholder at that address. This practice, known as "householding," is designed to reduce our printing and postage costs. However, if a stockholder of record residing at such an address wishes to receive a separate annual report or proxy statement, he or she may request it orally or in writing by contacting us at Annaly Capital Management, Inc., 1211 Avenue of the Americas, Suite 2902, New York, New York 10036, Attention: Investor Relations, by emailing us at investor@annaly.com, or by calling us at 212-696-0100, and we will promptly deliver to the stockholder the requested annual report or proxy statement. If a stockholder of record residing at such an address wishes to receive a separate annual report or proxy statement in the future, he or she may contact us in the same manner. If you are an eligible stockholder of record receiving multiple copies of our annual report and proxy statement, you can request householding by contacting us in the same manner. If you own your shares through a bank, broker or other nominee, you can request householding by contacting the nominee.

Postponement or Adjournment of Meeting

If a quorum is not present or represented, our bylaws permit a majority of stockholders entitled to vote at the annual meeting, present in person or represented by proxy, to postpone or adjourn the meeting, without notice other than an announcement.

Annual Meeting Admission Procedures

You should be prepared to present valid government-issued photo identification for admittance at the annual meeting. In addition, if you are a record holder of common stock, your name is subject to verification against the list of our record holders on the record date prior to being admitted to the annual meeting. If you are not a record holder but hold shares

in street

7

name, that is, with a broker, dealer, bank or other financial institution that serves as your nominee, you should be prepared to provide proof of beneficial ownership on the record date, or similar evidence of ownership. If you do not provide valid government-issued photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting.

Voting

You will only be entitled to vote at the meeting if you were a holder of record of our common stock at the close of business on the record date, March 27, 2007. There were 262,871,391 shares of common stock outstanding on the record date, and each stockholder will be entitled to one vote at the meeting for each share registered in the stockholder's name on the record date. Holders of common stock are not entitled to cumulate their votes on any matter to be considered at the meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the total number of shares of common stock outstanding on the record date constitutes a quorum for the transaction of business at the meeting.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the annual meeting in accordance with the directions given. Regarding the election of directors to serve until the 2010 annual meeting of stockholders, in voting by proxy, you may vote in favor of all the nominees, withhold your vote as to all the nominees or withhold your vote as to specific nominees. With respect to the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year, you may vote in favor of the proposal or against the proposal, or you may abstain from voting. You should specify your choices on the enclosed form of proxy.

If you do not provide specific instructions on all the matters to be acted upon, the shares represented by a signed proxy will be voted FOR the election of all nominees and FOR the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year.

Directors will be elected by a plurality of the votes cast by the holders of the shares of common stock voting in person or by proxy at the annual meeting. Ratification of the appointment of our independent registered public accounting firm will require the affirmative vote of the holders of a majority of the votes cast.

PROPOSAL I ELECTION OF DIRECTORS

At the annual meeting, the stockholders will vote to elect two class II directors, whose terms will expire at our annual meeting of stockholders in 2010, subject to the election and qualification of their successors or to their earlier death, resignation or removal.

The persons named in the enclosed proxy will vote to elect Kevin P. Brady and E. Wayne Nordberg as class II directors, unless you withhold the authority of these persons to vote for the election of any or all of the nominees by marking the proxy to that effect.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR KEVIN P. BRADY AND E. WAYNE NORDBERG AS DIRECTORS TO HOLD OFFICE UNTIL OUR ANNUAL MEETING OF STOCKHOLDERS IN 2010 AND UNTIL THEIR RESPECTIVE SUCCESSORS ARE DULY ELECTED AND QUALIFIED. THE PERSONS NAMED IN THE ENCLOSED PROXY WILL VOTE YOUR PROXY IN FAVOR OF THESE NOMINEES UNLESS YOU SPECIFY A CONTRARY CHOICE IN YOUR PROXY.

CORPORATE GOVERNANCE, DIRECTOR INDEPENDENCE, BOARD MEETINGS AND COMMITTEES

Corporate Governance

We believe that we have implemented effective corporate governance policies and observe good corporate governance procedures and practices. We have adopted a number of written policies, including corporate governance guidelines, code of business conduct and ethics, and charters for our audit committee, compensation committee and nominating/corporate governance committee.

Independence of Our Directors

New York Stock Exchange rules require that at least a majority of our directors be independent of our company and management. The rules also require that our board of directors affirmatively determine that there are no material relationships between a director and us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) before such director can be deemed independent. We have adopted independence standards consistent with New York Stock Exchange rules. Our board of directors has reviewed both direct and indirect transactions and relationships that each of our directors had or maintained with us, our management and employees. As a result of this review, our board of directors, based upon the fact that none of our non-employee directors have any relationships with us other than as directors and holders of our common stock, affirmatively determined that four of our directors are independent directors under New York Stock Exchange rules. Our independent directors are Kevin P. Brady, Jonathan D. Green, Donnell A. Segalas and E. Wayne Nordberg.

Michael A.J. Farrell and Wellington J. Denahan-Norris are not considered independent because they are employees of the company, and John A. Lambiase is not considered independent because we employ his son.

Board Committees and Charters

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to all employees, officers and directors of the company.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters and key practices of our board committees, provide the framework for the governance of our company.

Other Charters

Our compensation committee, audit committee and nominating/corporate governance committee have also adopted written charters which govern their conduct.

Where You Can Find These Documents

Our Code of Business Conduct and Ethics, Corporate Governance Principles, Compensation Committee Charter, Audit Committee Charter and Nominating/Corporate Governance Committee Charter are available on our website (www.annaly.com). Compensation Committee

We have a standing compensation committee. The members of our compensation committee are Jonathan D. Green and Donnell A. Segalas, each of whom is an independent director within the meaning of the rules of the New York Stock Exchange. The compensation committee administers our Long-Term Stock Incentive Plan, or Incentive Plan, and recommends changes to the Incentive Plan to our board of directors when appropriate. The compensation committee also administers our Executive Performance Plan. The compensation committee also approves compensation for our officers. For additional information on the compensation committee, please see [Compensation Committee Report] below.

Audit Committee

We have a standing audit committee. The members of our audit committee are Kevin P. Brady, Jonathan D. Green, and E. Wayne Nordberg. Each member of our audit committee is

an

independent director within the meaning of the rules of the New York Stock Exchange, and Mr. Brady has been designated as our audit committee's financial expert. The audit committee recommends to our board of directors the engagement or discharge of independent registered public accountants, reviews the plan and results of the auditing engagement with our Chief Financial Officer and our independent registered public accountants, and reviews with our Chief Financial Officer the scope and nature of our internal auditing system. The activities of the audit committee are described in greater detail below under the caption "Report of the Audit Committee."

Nominating/Corporate Governance Committee

We have a standing nominating/corporate governance committee. The members of our nominating/corporate governance committee are E. Wayne Nordberg, Kevin P. Brady, and Donnell A. Segalas. Each of the members of our nominating/corporate governance committee meets the independence requirements of the New York Stock Exchange. The nominating/corporate governance committee recommends to the board of directors persons to be nominated as directors or to be elected to fill vacancies on the board of directors. The nominating/corporate governance committee will consider nominees recommended by our stockholders. These recommendations should be submitted in writing to our Secretary.

Our nominating/corporate governance committee currently considers the following factors in making its recommendations to the board of directors: background, skills, expertise, accessibility and availability to serve effectively on the board of directors. Our nominating/corporate governance committee also conducts inquiries into the background and qualifications of potential candidates.

Our nominating/corporate governance committee uses a variety of methods for identifying and evaluating nominees for director. Our nominating/corporate governance committee regularly assesses the appropriate size of the board of directors, and whether any vacancies on the board of directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, our nominating/corporate governance committee considers various potential candidates for director. Candidates may come to the attention of our nominating/corporate governance committee through current members of our board of directors, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of our nominating/corporate governance committee, and may be considered at any point during the year. As described above, our nominating/corporate governance committee considers properly submitted stockholder nominations for candidates for the board of directors. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by our nominating/corporate governance committee at a regularly scheduled or special meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to our nominating/corporate governance committee. Our nominating/corporate governance committee also reviews materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a stockholder. In evaluating such nominations, our nominating/corporate governance committee seeks to achieve a balance of knowledge, experience and capability on the board of directors.

Board and Committee Meetings

During 2006, our board of directors held eight meetings. During 2006, the compensation committee held one meeting, the audit committee held four meetings, and the nominating/corporate governance committee held one meeting. Meetings of Non-Management Directors

Our corporate governance guidelines require that the board have at least two regularly scheduled meetings each year for our non-management directors. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Discussion and Analysis describes our compensation program, objectives and policies for the executive officers named in this proxy statement and our executive officers generally. This discussion should be read together with the compensation tables and related disclosures contained in this proxy statement.

Overview of Compensation Program and Philosophy

Our principal business objective is to generate income for distribution to our stockholders as dividends. We believe that our compensation program is directly linked to our principal business objective of generating income to return to our stockholders. Our compensation program is designed to meet three principal goals:

- attract, reward and retain officers and other key employees;
- motivate these individuals to achieve short-term and long-term corporate goals that enhance stockholder value; and
- support our core values and cultures.

To meet these objectives, we have adopted the following policies:

- we pay compensation that is competitive with the compensation paid by other leading asset management companies;
- we pay for performance by structuring compensation so that the majority of cash compensation is comprised of bonuses which are paid only upon the approval of the compensation committee; and
- we provide long-term incentives in the form of stock options to incentivize our employees and align their interests with those of our stockholders.

Pursuant to employment agreements entered into between us and our executive officers, each executive has a targeted aggregate cash compensation which is calculated as a percentage of our book value. The targeted compensation is comprised of a base salary and a potential bonus. Any bonus paid, however, must be approved by the compensation committee. We have used this approach to compensate our executives because we believe that only successful performance by our management would increase our book value. We believe our compensation policies are particularly appropriate since we are a real estate investment trust (or REIT). REIT regulations require us to pay at least 90% of our earnings to shareholders as dividends. As a result, unlike most companies, we cannot grow our business and our book value by reinvesting our earnings. Rather, our growth in book value is dependent on sequential access to the capital markets. This places a unique market discipline on us since we are able to access the capital markets only if the

markets believe our performance warrants it. The result of our compensation program is that there may be prolonged periods, such as during 1997-2001 and 2003-2006, when we do not access the capital markets and during when executive compensation is, in effect, frozen because of the employment contracts. Our Board of Directors and our executive officers believe that our under our compensation program is performance based since our executives are paid more only if our performance warrants it.

While each executive has a targeted aggregate compensation based on our book value, in determining the particular elements of compensation that will be used to implement our overall compensation policies, the compensation committee takes into consideration a number of factors related to our performance, as well as the performance of the individual executive. In particular, in considering whether to approve any bonuses, the compensation committee considers our increase in assets under management, earnings per share, profitability, overall economic conditions as well as competitive practices among our competitors in the portfolio management business. The compensation committee also considers the individual efforts made by the executive in achieving overall company goals.

Although we do not do an annual market assessment of our executive compensation program, in 2003, we engaged a compensation consultant to look at the compensation structures of other publicly held mortgage REITs and other publicly held companies in the financial services and asset management industry. We believe our management compensation structure is consistent, generally, with the management compensation structure of comparable companies. We will continue to monitor whether our compensation structure is consistent with the compensation structure of its competitors.

The principal components of compensation for our executive officers were:

- base salary;
- bonus compensation; and
- long-term equity incentive compensation.

Base Salary

We pay a base salary to our named executive officers and other employees to compensate them for services rendered during the fiscal year. Base salary ranges for named executive officers are determined for each executive based on his or her position and responsibility by using market data, and were negotiated with each executive and us. Base salary is intended to be a smaller component of our executives overall compensation. Generally, an executive's base salary is less than 35% of the executive's overall cash compensation (assuming the executive receives the full bonus for which he or she is eligible).

The compensation committee from time to time reviews the base salaries we pay our executives. In doing so, it considers a number of factors, including market data, internal review

of the executive's compensation compared to other executive officers, and the individual performance of the executive.

Bonus Compensation

As noted above, pursuant to employment agreements entered into between us and our executive officers, base compensation and bonus for the officers is calculated as a percentage of our book value. Any bonus paid, however, is subject to the discretion of the compensation committee. The compensation committee also has the right to increase a bonus beyond the targeted compensation contained in an executive's employment agreement. As discussed above, this arrangement was established based upon our view that successful performance by our management would result in our ability to raise additional capital. Since bonuses must be approved by the compensation committee taking into account a number of factors relating to our performance, we believe that our executives are paid for performance.

Long-Term Equity Incentive Compensation

The compensation committee does not use a specific formula to calculate the number of options awarded to executives under our Incentive Plan. The compensation committee does not explicitly set future award levels/opportunities on the basis of what the executives earned from prior awards. While the compensation committee takes past awards into account, it does not solely base future awards in view of those past awards. Generally, our Chief Executive Officer will recommend the amounts of awards to be made to each employee to the compensation committee. In determining the specific amounts to be granted to each employee, the Compensation Committee will take into account factors such as the executive's position, his or her contribution to our performance, market practices as well as the recommendations of our Chief Executive Officer.

We have not and do not intend to either backdate stock options or grant stock options retroactively. Presently, we do not have designated dates on which we grant stock option awards (other than an annual grant to our directors). We do not, however, intend to time our release of material nonpublic information for the purpose of affecting the value of executive compensation.

We have designed our compensation policy in an effort to provide the proper incentives to management to maximize our performance in order to serve the best interests of our stockholders. We have sought to achieve this objective through the granting of stock options under our Long Term Incentive Plan, or Incentive Plan. To date, our executive officers, pursuant to the Incentive Plan, have been granted options to purchase, in the aggregate, 2,628,299 shares of common stock with exercise prices ranging from \$4.00 to \$17.97. Consistent with our view that this component of compensation is designed to provide long term incentives, these options vest in equal installments over four, five or ten year periods from the date of grant. Consistent with the foregoing, we have structured our executive compensation policies with the goal of promoting the long-term commitment of management. In addition, as indicated above, over 98% of the stock options granted by us since inception have been options with vesting periods of three, four and five years. The vesting of stock options accelerates upon a change-in-control.

Perquisites and Fringe Benefits

We do not believe in providing our executives with excessive perquisites and other fringe benefits. Consistent with our pay-for-performance mandate, we provide very few executive fringe benefits. Our executive officers receive health and welfare benefits, such as group medical, group life and long-term disability coverage, under plans generally available to all other employees. We believe that our executives should be able to provide for their retirement needs from the total annual compensation they earn based on our performance. Accordingly, other than an employer matching contribution which is the same that we provide all of our employees, we do not offer our executives any nonqualified pension plans, supplemental executive retirement plans, deferred compensation plans or other forms of compensation for retirement.

Employment Agreements

As noted above, we have entered into employment agreements with our executive officers. This is because we believe that the long-term commitment of its current management team is a crucial factor in our future performance. This team includes Mr. Farrell and Ms. Denahan-Norris, who have worked together at FIDAC since November 1994, Mr. Fortescue, who has worked with us since our incorporation in November 1996 and our commencement of operations in February 1997, Ms. Fagan, who has worked with us since April 1997 and Mr. Konrad, who has worked with us since October 1997. In an effort to ensure the long-term commitment of its management team, we, with the approval of our board of directors, entered into employment agreements with Mr. Farrell, Ms. Denahan-Norris, Ms. Fagan, Mr. Fortescue and Mr. Konrad. Each of these agreements provided for a term through June 4, 2006 with automatic one-year extensions unless we or the officer provides written notice to the contrary. We describe these employment agreements below.

We currently have employment agreements with Mr. Farrell, Ms. Denahan-Norris, Ms. Fagan, Mr. Fortescue, and Mr. Konrad. Each employment agreement provides for annual base salaries and bonus payments to Mr. Farrell, Ms. Denahan-Norris, Ms. Fagan, Mr. Fortescue and Mr. Konrad based upon our book value. Each agreement commenced when we acquired FIDAC on June 4, 2004, had an initial two year term and is automatically extended for one year at the end of the term unless we provide (or the officer provides) written notice to the contrary. Mr. Farrell's employment agreement provides for an annual base salary and bonus equal to 0.25% of our book value, Ms. Denahan-Norris's employment agreement provides for an annual base salary and bonus equal to 0.20% of our book value. Ms. Fagan's employment agreement each provides for annual base salaries and bonuses equal to 0.10% of our book value. The respective employment agreements with Mr. Fortescue and Mr. Konrad provide for an annual base salary and bonus of 0.050% of our book value. Our book value is defined in the employment agreements as the aggregate amounts reported on our balance sheet as "Stockholders' Equity," excluding any adjustments for valuation reserves (i.e., changes in the value of our portfolio of investments as a result of mark-to-market valuation changes).

Mr. Farrell's employment agreement provides for an annual base salary of \$2,430,000. Ms. Denahan-Norris's employment agreement provides for an annual base salary of \$1,945,000. Ms. Fagan's employment agreement provides for an annual base salary of

\$972,000. Mr. Fortescue's and Mr. Konrad's employment agreements provide for an annual base salary of

\$500,000. In addition, all bonuses paid under these employment agreements are subject to the discretion of our compensation committee.

Pursuant to the employment agreements, the executive officers are also entitled to participate in our benefit plans, including the Incentive Plan. In addition, our board of directors has established a bonus incentive compensation plan for our executive officers. This program permits our compensation committee, in its discretion, to award cash bonuses annually to our executive officers. Each employment agreement also provides for the subject officer to receive compensation, in the event that we terminate the officer's employment without "cause" (as defined in the agreement), or if the officer resigns for "good reason" (as defined in the agreement). We describe the severance benefits our named executives receive in "Potential Payments Upon Termination of Employment" below.

Each employment agreement also contains a "non-compete" provision prohibiting the officer from managing, controlling, participating in or operating a competing REIT for a period of one year following termination of employment following our termination of the officer for cause or resignation of the subject officer other than for "good reason." Each agreement requires that the officer act in accordance with provisions of Maryland law relating to corporate opportunities.

"Good reason" is generally defined by the employment agreements as the occurrence of one or more of the following without the executive's written consent:

- a material breach of the agreement by us;
- a materially significant change in the executive's duties, authorities or responsibilities;
- the relocation of the executive's principal place of employment more than 60 miles from New York, New York; and
- our failure to obtain the assumption in writing by any successor to all or substantially all of our assets or business within fifteen days upon a merger, consolidation, sale or similar transaction of its obligations to perform the executive's employment agreement.

We have a thirty day cure period to cure a breach of the first three items described above.

"Cause" is generally defined by the employment agreements as the occurrence of one or more of the following:

- the executive's failure to substantially perform the duties described in his employment agreement (provided we give the executive 60 day prior notice of the failure and provide the executive an opportunity to respond, and, if the failure is able to be cured, an opportunity to cure the failure);

- acts or omissions constituting recklessness or willful misconduct on the part of the executive in respect of his fiduciary obligations to us which is materially and demonstrably injurious to us; and
- the executive's conviction for fraud, misappropriation or embezzlement in connection with the our assets.

The employment agreements do not necessarily require payments by us upon a change of control of us, unless the change of control includes the failure of our successor to agree to perform its obligations under the employment agreement. In such a case, the executive would have "good reason" to terminate the agreement and require us to make severance payments.

Tax Considerations

Section 162(m) of the Internal Revenue Code denies a tax deduction for compensation in excess of \$1 million paid to our Chief Executive Officer and our four other most highly compensated officers, unless the compensation is paid under a program that has satisfied stockholder approval requirements and the compensation is "performance-based" within the meaning of Section 162(m). Currently, the employment agreements of these officers do not contain performance-based criteria and the compensation program has not been approved by our stockholders. As a result, portions of the compensation we pay is subject to the \$1 million deduction limitation because it is not considered performance-based within the meaning of Section 162(m).

During 2005, the compensation committee spent significant portions of its meetings to determine whether we should take steps to permit us to deduct compensation in excess of \$1 million. As noted above, the compensation committee has traditionally believed that it is in the best interests of us and our stockholders that the overall compensation of our officers be calculated as a percentage of book value. Nevertheless, in view of the non-deductibility of a portion of the compensation we pay, the compensation committee is reviewing its policies to determine whether we should in the future add performance-based criteria to executive compensation. Adding performance-based criteria will require amending the existing employment agreements of the applicable employees.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Standards Board SFAS No. 123 (Revised 2004) □ Share-Based Recent Payment, or SFAS 123(R), of awards pursuant to the Long Term Incentive Plan and thus include amounts from awards granted in and prior to 2006. Assumptions used in the calculation of this amount for fiscal years ended December 31, 2006 are included in footnote 1 to our audited financial statements for the fiscal year ended December 31, 2006, included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission.

(2) The amount shown in this column reflects for each named executive officer:

- matching contributions made by us with respect to each of the named executive officers pursuant to our Section 401(k) plan (\$8,800 for each named executive officer, other than Mr. Farrell who received no matching contribution); and
- the premiums associated with term life insurance that we provide to our named executives officers.

The amount attributable to each perquisite or benefit for each named executive officer does not exceed the greater of \$25,000 or 10% of the total amount of perquisites received by such named executive officer.

We have in effect employment agreements with each of our named executive officers. The employment agreements set forth minimum base salary amounts and provide each executive with a targeted aggregate cash compensation which is calculated as a percentage of our book value. We describe these employment agreements in [Compensation Discussion and Analysis] above. We describe the severance payments we may pay to these executives in [Potential Payments Upon Termination Of Employment] below.

Pension Benefits

We do not provide any of our employees with pension benefits. We do, however, make matching contributions to all our employees, including our named executive officers, who contribute to our Section 401(k) plan. We make a matching contribution in cash of 100% of the employee's elective deferral contribution up to 3% of the employee's pay, and 50% of the employee's pay above 3% up to 5% of the employee's pay.

Nonqualified Deferred Compensation

We do not provide any of our employees with any nonqualified deferred compensation plans.

Potential Payments Upon Termination Of Employment

The following summaries set forth potential payments payable to our named executive officers upon termination of employment or a change in control of us under their current employment agreements. As discussed above, each of our named executives has an employment agreement which provides for an annual base salary and performance bonus which in the aggregate equal a percentage of our book value. Post employment payments to our executives are determined by reference to their base salary and performance bonus.

Termination upon Death, Disability or for Cause

An executive's employment with us terminates immediately upon his death. Thereafter, we are obligated to pay his estate all accrued but unpaid amounts of his base salary and the pro rata portion of his performance bonus for the year of his death. The amount of the performance

bonus paid in the year of an executive's death will equal the maximum performance bonus he would have been entitled to receive for that year (as determined at the end of the year of his death) multiplied by a ratio equal to the number of days he was employed in the year of his death, divided by 365. The performance bonus will be paid at the same time and manner had the executive not died. In addition, the executive's beneficiaries will receive benefits in accordance with the Company's retirement, insurance and other applicable programs and plans then in effect.

We are entitled to terminate an executive's employment due to his disability if he has been absent from the full-time performance of his duties with the Company for six consecutive months, and if, within thirty days after written notice by us, he has not returned to the full-time performance of his duties. We will continue to pay the executive's base salary during the period that the executive is first absent from the full-time performance of his duties and until the later of the date he is terminated from employment due to disability or the date he begins receiving long-term disability payments under our long term disability plan. In addition, the executive will be entitled to receive a pro rata portion of the performance bonus for the year of the executive's termination due to disability. The amount of the pro rata portion of the performance bonus will be determined in the same manner as described above upon termination upon an executive's death. In addition, the executive's beneficiaries will receive benefits in accordance with the Company's retirement, insurance and other applicable programs and plans then in effect.

If we terminate an executive's employment for "cause" at any time prior to expiration of the term of the agreement, we will be obligated to pay him all accrued but unpaid amounts of his base salary and the pro rata portion of his performance bonus for the year of his termination. The amount of the pro rata portion of the performance bonus will be determined in the same manner as described above upon termination upon an executive's death. In addition, the executive's beneficiaries will receive benefits in accordance with the Company's retirement, insurance and other applicable programs and plans then in effect.

Termination by Us Other Than for Cause or Termination by the Executive for Good Reason

If we terminate an executive's employment without "cause", or if the executive officer resigns for "good reason", we must immediately pay any unpaid portion of the executive's base salary. In addition, the executive is entitled to receive a severance payment equal to three times the greater of the executive's combined maximum base salary and actual performance bonus for the preceding fiscal year or the average for the three preceding years of the officer's combined actual base salary and performance bonus compensation. One half of this severance amount is payable immediately and the remaining 50% is payable in monthly installments over the succeeding three months.

If any payments, distributions, or benefits provided or to be provided to the executive under the employment agreement or otherwise are determined to be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code on payments related to a change in control (or parachute payments), each employment agreement provides that such parachute payments will be reduced to an amount that will avoid imposition of such excise taxes. However, the parachute payments will not be reduced if it is determined that the officer would have a greater net after-tax benefit after paying the applicable excise taxes on the unreduced

parachute payments. If the parachute payments are not reduced under the terms of the employment agreements, Section 280G of the Code may limit our ability to deduct such payments for Federal income tax purposes.

In addition, if we terminate without cause or if the executive terminates for good reason, all unexercised stock options owned by the executive as of the termination date, whether vested or not, become immediately exercisable. If however, any incentive stock options will not be exercisable for the first time in a calendar year to the extent that all incentive stock options exercisable by the executive during that calendar year exceeds \$100,000.

Termination by Executive Without Good Reason

If the executive terminates the agreement without good reason, we are obligated to pay him only all accrued but unpaid amounts of his base salary and any previously awarded but unpaid performance bonus.

Potential Post-Employment Payments and Payments on a Change in Control

Each of our named executives has the right to terminate employment for "good reason" and receive severance payment from us. We are not necessarily required to make payments to an executive upon a change of control of us, unless the change of control includes the failure of our successor to agree to perform its obligations under the employment agreement. Such an event would constitute "good reason" for purposes of the executive's right to terminate the agreement and receive severance payments.

The following table presents the potential post employment payments and payments our named executive officers would be entitled under their employment agreements and assumes that the triggering event took place on December 31, 2006.

(1) We have valued the benefit based on the potential gain executives would have realized if the stock options had been exercised as of December 31, 2006.

COMPENSATION OF DIRECTORS

We pay an annual director's fee equal to \$70,000 to each director who is not an officer or employee, as well as a fee of \$500 for each meeting of our board of directors or any committee attended by each independent director (or \$250 for any meeting at which the director participates by conference telephone call). We also reimburse all directors for costs and expenses for attending these meetings.

Our Incentive Plan provides that each independent director, upon appointment to our board of directors, receives a non-discretionary automatic grant of non-qualified stock options for the purchase of 5,000 shares of common stock; these options vest in four equal installments over a period of four years from the date of grant. In addition, each independent director is entitled to receive on June 26 of each year that he or she serves as a director, options to purchase an additional 1,250 shares of common stock; these options vest on the date of grant. The exercise price for each option is the fair market value of our common stock as of the date on which the option is granted. Independent directors also are entitled to receive discretionary awards under the Incentive Plan.

As of December 31, 2006, each director has the following number of options outstanding: Kevin P. Brady, 74,500; Jonathan D. Green, 89,500; John A. Lambiase, 81,250; E. Wayne Nordberg, 38,750; and Donnell A. Segalas, 87,750.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

This section discusses certain direct and indirect relationships and transactions involving us and certain persons related to us. A. Alexandra Denahan, the sister of Wellington J. Denahan-Norris, our Vice Chairman of the Board and Chief Investment Officer, is employed by us as controller and received \$300,000 in salary and bonus during 2006 (with the bonus being paid in January 2007). She was also granted an option to purchase 1,500 shares under our Incentive Plan. Paul Norris, husband of Wellington J. Denahan-Norris, provided us computer consulting services and received \$149,775 in compensation during 2006. Matthew J. Lambiase, the son of our director, John A. Lambiase, is employed by us as Executive Vice President, Business Development, and received \$983,274 in salary and bonus

for 2006 (with the bonus being paid in January 2007). He was also granted an option to purchase 20,000 shares under our Incentive Plan. Ms. Alexandra Denahan, Mr. Paul Norris and Mr. Matthew Lambiase are not executive officers. Ms. Denahan and Mr. Lambiase also participate in other employee benefit plans and arrangements which are generally made available to other employees at their level (including health, vacation, Section 401(k) and insurance plans). The compensation of these individuals was established in accordance with our employment and compensation practices applicable to employees with equivalent qualifications, experience and responsibilities.

Approval of Related Person Transactions

Each of our directors, director nominees and executive officers is required to complete an annual disclosure questionnaire and report all transactions with us in which they and their immediate family members had or will have a direct or indirect material interest with respect to us. We review these questionnaires and, if we determine it necessary, discuss any reported transactions with the entire board of directors. We do not, however, have a formal written policy for approval or ratification of such transactions, and all such transactions are evaluated on a case-by-case basis. If we believe a transaction is significant to us and raises particular conflict of interest issues, we will discuss it with our legal counsel, and if necessary, we will form an independent board committee which has the right to engage its own legal and financial counsel to evaluate and approve the transaction. An example of this process was our acquisition of FIDAC from certain of our executive officers. Other types of transactions, such as employment of individuals who may be related to our executive officers or directors which are described above, are discussed by the board of directors, but not approved or ratified by the board.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our compensation committee is comprised solely of the following non-employee directors: Messrs. Green and Segalas. None of them has served as an officer or employee of us or any affiliate or has any other business relationship or affiliation with us, except his service as a director.

EQUITY COMPENSATION PLAN INFORMATION

We have adopted the Incentive Plan for executive officers, key employees and non-employee directors. The Incentive Plan authorizes the compensation committee of our board of directors to grant awards, including incentive stock options, or ISOs, as defined under Section 422 of the Internal Revenue Code, or Code, and options not so qualified, NQSOs. The Incentive Plan authorizes the granting of options or other awards for an aggregate of the greater of 500,000 shares or 9.5% of the outstanding shares of our common stock up to a ceiling of 8,932,921 shares.

The following table provides information as of December 31, 2006, concerning shares of our common stock authorized for issuance under our existing Incentive Plan.

Plan Category	Number of securities to be issued upon exercise of outstanding options	Weighted-average exercise price of outstanding options	Number of securities remaining available for future issuance under Incentive Plan (excluding previously issued)

- (1) The Incentive Plan authorizes the granting of options or other awards for an aggregate of the greater of 500,000 or 9.5% of the outstanding shares on a fully diluted basis of our common stock up to a ceiling of 8,932,921 shares.

REPORT OF THE AUDIT COMMITTEE

Since our inception, we have had an audit committee composed entirely of non-employee directors. The members of the audit committee meet the independence and experience requirements of the New York Stock Exchange. The board of directors has determined that Mr. Brady is the audit committee financial expert and is an independent director within the meaning of the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange. In 2006, the Committee met four times. The audit committee has adopted a written charter outlining the practices it follows. A full text of our audit committee charter is available for viewing at our website at www.annaly.com. Any changes in the charter or key practices will be reflected on our website.

During the year 2006, at each of its meetings, the audit committee met with the Chief Financial Officer and our independent registered public accounting firm. The audit committee's agenda is established by the audit committee's chairman. The audit committee engaged Deloitte & Touche LLP as our independent registered public accounting firm and reviewed with our Chief Financial Officer and the independent registered public accounting firm, overall audit scope and plans, the results of external audit examination, evaluations by the independent registered public accounting firm of our internal controls and the quality of our financial reporting.

The audit committee has reviewed and discussed the audited financial statements with management including a discussion of the quality, not just the acceptability, of the accounting

principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the audit committee asked for and received management's representations that our audited financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America, and have expressed to both management and registered public accounting firm their general preference for conservative policies when a range of accounting options is available.

In its meetings with representatives of the independent registered public accounting firm, the audit committee asks them to address, and discusses their responses to several questions that the audit committee believes are particularly relevant to its oversight. These questions include:

- Are there any significant accounting judgments made by management in preparing the financial statements that would have been made differently had the registered public accounting firm themselves prepared and been responsible for the financial statements?
- Based on the registered public accounting firm's experience, and their knowledge of us, do our financial statements fairly present to investors, with clarity and completeness, our financial position and performance for the reporting period in accordance with generally accepted accounting principles, and SEC disclosure requirements?
- Based on the registered public accounting firm's experience, and their knowledge of us, have we implemented internal controls that are appropriate?

The audit committee believes that, by thus focusing its discussions with the independent registered public accounting firm, it can promote a meaningful dialogue that provides a basis for its oversight judgments.

The audit committee also discussed with the independent registered public accounting firm other matters required to be discussed by the registered public accounting firm with the audit committee under the standards of Public Company Accounting Oversight Board (United States) (required communication with the audit committee). The audit committee received and discussed with the registered public accounting firm their annual written report on their independence from us and our management, which is made under Independence Standards Board Standard No. 1 (independence discussions with audit committees), and considered with the registered public accounting firm whether the provision of non-audit services is compatible with the registered public accounting firm's independence.

In performing all of these functions, the audit committee acts only in an oversight capacity and, necessarily, in its oversight role, the audit committee relies on the work and assurances of our management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm, who, in their report, express an opinion on the conformity of our annual financial statements to generally accepted accounting principles and on the effectiveness of our internal control over financial reporting as of year end.

In reliance on these reviews and discussions, and the report of the independent registered public accounting firm, the audit committee has recommended to our board of directors, and our board of directors has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by the current members of the audit committee:

Kevin P. Brady

Jonathan D. Green

E. Wayne Nordberg

**PROPOSAL II
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The accounting firm of Deloitte & Touche LLP and its affiliated entities, or D&T, has served as our independent registered public accounting firm since our formation in November 1996. During this time, it has performed accounting and auditing services for us. We expect that representatives of D&T will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. If the appointment of D&T is not ratified, our audit committee will reconsider the appointment.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE
RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR 2007.**

Relationship with Independent Registered Public Accounting Firm

In addition to performing the audits of our financial statements and management's assessment of the effectiveness of the internal control over financial reporting, D&T provided audit-related services for us during 2006 and 2005. The aggregate fees billed for 2006 and 2005 for each of the following categories of services are set forth below:

Audit Fees: The aggregate fees billed by D&T for audits and reviews of our 2006 financial statements were \$448,500. The aggregate fees anticipated for the audit of the Company's internal control over financial reporting were \$157,500. The aggregate fees billed by D&T for audit and reviews of our 2005 financial statements were \$387,800. The aggregate fees billed by D&T for the audit of the Company's internal control over financial reporting were \$135,000.

Audit-Related Fees: The aggregate fees billed by D&T for audit-related services during 2006 were \$140,100. The aggregate fees billed by D&T for audit related services during 2005 were \$160,000. The audit-related services in 2006 and 2005 principally included due diligence and accounting consultation relating to our public offerings.

Tax Fees: D&T did not perform tax services for us during 2006 or 2005.

All Other Fees: D&T did not perform any other kinds of services for us during 2006 and 2005, and we did not pay D&T any additional fees.

The audit committee has also adopted policies and procedures for pre-approving all non-audit work performed by D&T after January 1, 2003. Specifically, the audit committee pre-approved the use of D&T for the following categories of non-audit services: merger and acquisition due diligence and audit services; tax services; internal control reviews; employee benefit plan audits; and reviews and procedures that we request D&T to undertake to provide assurances on matters not required by laws or regulations. In each case, the audit committee also set a specific annual limit on the amount of such services which we would obtain from D&T, and required management to report the specific engagements to the audit committee on a quarterly basis, and also obtain specific pre-approval from the audit committee for any engagement over five percent of the total amount of revenues estimated to be paid by us to D&T during the then current fiscal year. Our audit committee approved the hiring of D&T to provide all of the services detailed above prior to D&T's engagement. None of the services related to the *Audit-Related Fees* described above was approved by the audit committee pursuant to a waiver of pre-approval provisions set forth in applicable rules of the Securities and Exchange Commission.
