Notice of
Annual Meeting of Shareowners

The 2003 Annual Meeting of Shareowners of SBC Communications Inc. ("SBC"), a Delaware corporation, will be held at 9:00 a.m. on Friday, April 25, 2003, at the University of the Incarnate Word, in the Sky Room, 847 E. Hildebrand, San Antonio, Texas. The items of business are:

1. Elect seven Directors to serve three-year terms
2. Ratify the appointment of Ernst & Young LLP as independent auditors of SBC for 2003
3. Act upon certain shareowner proposals

and to act upon such other matters as may properly come before the meeting.

Holders of SBC common stock of record at the close of business on February 28, 2003, are entitled to vote at the meeting and any adjournment of the meeting. A list of these shareowners will be available for inspection during business hours from April 11 through April 25, 2003, at 175 E. Houston, San Antonio, Texas, and will also be available at the Annual Meeting.

By Order of the Board of Directors.

/s/ Joy Rick

Joy Rick
Vice President and Secretary

March 14, 2003

IMPORTANT NOTICE

If you do not plan to attend the Annual Meeting to vote your shares, please complete, date, sign and promptly mail the enclosed proxy card in the return envelope provided. No postage is necessary if it is mailed in the United States. Shareowners of record may also give their proxy by telephone or through the Internet in accordance with the instructions accompanying the proxy card. Any person giving a proxy has the power to revoke it at any time, and shareowners who are present at the meeting may withdraw their proxies and vote in person.

PROXY STATEMENT

ANNUAL MEETING OF SHAREOWNERS

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of SBC Communications Inc. ("SBC") for use at the 2003 Annual Meeting of Shareowners of SBC. The meeting will be held at 9:00 a.m. on Friday, April 25, 2003, at the Sky Room of the University of the Incarnate Word, 847 E. Hildebrand, San Antonio, Texas. The purposes of the meeting are set forth in the Notice of Annual Meeting of Shareowners. This Proxy Statement and the accompanying proxy card are being mailed beginning March 14, 2003, to shareowners of record of SBC's common stock, \$1.00 par value per share, at the close of business on February 28, 2003. Each share entitles the registered holder to one vote. As of January 31, 2003, there were 3,318,835,739 shares of SBC common stock outstanding.

All shares represented by proxies will be voted by one or more of the persons designated on the enclosed proxy card in accordance with the shareowners' directions. If the proxy card is signed and returned without specific directions with respect to the matters to be acted upon, the shares will be voted in accordance with the recommendations of the Board of Directors. Any shareowner giving a proxy may revoke it at any time before such proxy is voted at the meeting by giving written notice of revocation to the Vice President and Secretary of SBC, by submitting a later-dated proxy, or by attending the meeting and voting in person. The Chairman of the Board and Chief Executive Officer will announce the closing of the polls during the Annual Meeting. Proxies must be received prior to the closing of the polls in order to be counted.

Instead of submitting a signed proxy card, shareowners may submit their proxies by telephone or through the Internet using the control number and instructions accompanying the proxy card. Telephone and Internet proxies must be used in conjunction with, and will be subject to, the information and terms contained on the proxy card. Similar procedures may also be available to shareowners who hold their shares through a broker, nominee, fiduciary or other custodian.

The proxy card, or a proxy submitted by telephone or through the Internet, will also serve as voting instructions to the plan administrator or trustee for any shares held on behalf of a participant under any of the following employee benefit plans: the SBC Savings Plan, the SBC Savings and Security Plan, the DonTech Profit Participation Plan, the Old Heritage

1

Advertising & Publishers, Inc. Profit Sharing Plan, the SBC PAYSOP, the Pacific Telesis Group Employee Stock Ownership Plan, the Tax Reduction Act Stock Ownership Plan (the "TRASOP") sponsored by The Southern New England Telephone Company, the Cingular Wireless 401(k) Savings Plan, and the Cingular Wireless 401(k) Savings Plan for Bargained Employees. Shares in each of the foregoing employee benefit plans (except the TRASOP and the Old Heritage plan) for which voting instructions are not received, as well as shares which have not yet been allocated to participants' accounts in the SBC Savings Plan, subject to the trustees' fiduciary obligations, will be voted by the trustees in the same proportion as the shares for which voting instructions are received from other participants in each such plan. In addition, the proxy card or a proxy submitted by telephone or through the Internet will constitute voting instructions to the plan administrator pursuant to The DirectSERVICE Investment Program sponsored and administered by EquiServe Trust Company, N.A. (SBC's transfer agent) for shares held on behalf of plan participants.

If a shareowner participates in these plans and/or maintains shareowner accounts under more than one name (including minor differences in registration,

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

such as with or without a middle initial), the shareowner may receive more than one set of proxy materials. To ensure that all shares are voted, please sign and return every proxy card received or submit a proxy by telephone or through the Internet for each proxy card (the control numbers will differ on each card).

A shareowner may designate a person or persons other than those persons designated on the proxy card to act as the shareowner's proxy. The shareowner may use the proxy card to give another person authority by striking out the names appearing on the enclosed proxy card, inserting the name(s) of another person(s) and delivering the signed card to such person(s). The person(s) designated by the shareowner must present the signed proxy card at the meeting in order for the shares to be voted.

Where the shareowner is not the record holder, such as where the shares are held through a broker, nominee, fiduciary or other custodian, the shareowner must provide voting instructions to the record holder of the shares in accordance with the record holder's requirements in order to ensure the shares are properly voted.

The cost of soliciting proxies will be borne by SBC. Officers, agents and employees of SBC and its subsidiaries and other solicitors retained by SBC may, by letter, by telephone or in person, make additional requests for

2

the return of proxies and may receive proxies on behalf of SBC. Brokers, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares and will be reimbursed for their expenses. SBC has retained D. F. King & Co., Inc. to aid in the solicitation of proxies at a fee of \$15,000, plus expenses.

Shareowners who represent 40% of the common stock outstanding and are entitled to vote must be present or represented by proxy in order to constitute a quorum to conduct business at the meeting. A list of eligible voters will be available at the Annual Meeting.

If you plan to attend the meeting in person, please bring the admission ticket (which is attached to the proxy card) to the Annual Meeting. If you do not have an admission ticket, you will be admitted upon presentation of identification at the door.

SBC's executive offices are located at 175 E. Houston, San Antonio, Texas 78205.

Your vote is important. Please sign, date and return your proxy card or submit your proxy by telephone or through the Internet promptly so that a quorum may be represented at the meeting.

3

BOARD OF DIRECTORS

The Board of Directors is responsible for the management and direction of SBC and for establishing broad corporate policies. The Board of Directors and

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

various committees of the Board regularly meet to receive and discuss operating and financial reports presented by the Chairman of the Board and Chief Executive Officer as well as reports by experts and other advisors. Corporate review sessions are also offered to Directors to help familiarize them with SBC's businesses, technology, and operations. The Board held eight meetings in 2002.

Under SBC's Bylaws, the Board of Directors has the authority to determine the size of the Board, not to exceed 25 Directors, and to fill vacancies. The Board of Directors currently consists of 21 members, one of whom is an executive officer of SBC. There are no vacancies on the Board.

SBC's Bylaws provide for a classified Board of Directors with three classes of Directors. Each class is to consist of an equal number of Directors or, where an equal number in each class is not possible, be as nearly equal as possible. The class to which each Director has been assigned is designated as Group A, Group B or Group C. The term of office of Group A Directors will expire at the 2003 Annual Meeting, Group B at the 2004 Annual Meeting, and Group C at the 2005 Annual Meeting.

The Board of Directors has nominated the seven persons listed as nominees for Group A, all of whom are incumbent Directors, for election at the 2003 Annual Meeting to three-year terms of office expiring at the 2006 Annual Meeting.

Biographical information about the Directors is provided on pages 7-12. Except as otherwise noted, Directors who are shown as officers or partners of other corporations, institutions or firms have held the positions indicated, or have been officers of the organizations indicated, for more than five years.

Holdings of SBC common stock by SBC Directors are shown on the table on page 15.

4

Board Committees

From time to time the Board establishes permanent standing committees and temporary special committees to assist the Board in carrying out its responsibilities. The Board has established seven standing committees of Directors; the principal responsibilities of which are described below. The biographical information included later in this Proxy Statement identifies committee memberships held by each Director.

Audit Committee--The Committee met eight times in 2002. It consists of five non-employee Directors. The Committee oversees the financial reporting process, the systems of internal accounting and financial controls, the performance and independence of the independent auditors and the internal auditors, the annual independent audit of SBC's financial statements, and related matters. The Committee recommends to the Board the appointment of a firm to serve as independent auditors, subject to ratification by the shareowners at the Annual Meeting. The independent auditing firm examines the accounting records of SBC and its subsidiaries for the coming year.

Corporate Development Committee--The Committee met two times in 2002. It consists of seven non-employee Directors and one employee Director. The Committee reviews proposed mergers, acquisitions, dispositions, and similar transactions.

Corporate Governance and Nominating Committee--This is a new committee that was

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

created March 1, 2003. The Committee consists of six non-employee Directors. It is responsible for corporate governance matters, recommending to the Board the candidates for election to the Board, and for recommending the compensation of Directors. In recommending Board candidates, the Committee seeks individuals of proven judgment and competence who are outstanding in their chosen fields, and it considers factors such as anticipated participation in Board activities, education, geographic location and special talents or personal attributes. Shareowners who wish to suggest qualified candidates should write to the Vice President and Secretary, SBC Communications Inc., 175 E. Houston, San Antonio, Texas 78205, stating in detail the qualifications of such persons for consideration by the Committee.

Corporate Public Policy and Environmental Affairs Committee--The Committee met two times in 2002. It consists of 10 non-employee Directors. The Committee examines corporate policy and provides

5

guidance and perspective to SBC management on major public issues, including legislative and environmental matters.

Executive Committee--The Committee did not meet in 2002. It consists of two non-employee Directors and one employee Director. The Committee assists the Board of Directors by acting upon matters when the Board is not in session. The Committee has the full power and authority of the Board to the extent permitted by law, including the power and authority to declare a dividend or to authorize the issuance of common stock.

Finance/Pension Committee--The Committee met four times in 2002. It consists of seven non-employee Directors and one employee Director. The Committee makes recommendations to the Board of Directors with respect to investment policy, dividends, methods of financing the operations of SBC and its subsidiaries, and oversees the investments of SBC's employee benefit plans.

Human Resources Committee--The Committee met six times in 2002. It consists of five non-employee Directors. The Committee oversees the management of human resources activities of SBC, including officer compensation and the design of employee benefit plans.

12

Compensation of Directors

Directors who are also employees of SBC or its subsidiaries receive no separate compensation for serving as Directors or as members of Board committees. Directors who are not employees of SBC or its subsidiaries receive

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

a \$60,000 annual retainer, \$2,000 for each Board meeting and review session attended and \$1,200 for each committee meeting attended. Excluding employee Directors, the Chairperson of each Committee receives an additional annual retainer of \$5,000, except for the Chairperson of the Audit Committee who receives an additional annual retainer of \$10,000.

Directors may elect to take their retainer in the form of SBC common stock or cash. Directors may also elect to defer the receipt of their fees and all or part of their retainers into either Stock Units or into a Cash Deferral Account. Each Stock Unit is equivalent to a share of common stock and earns dividend equivalents in the form of additional Stock Units. Stock Units are converted to common stock and paid out as elected by the Director in up to 15 installments after the Director ceases service with the Board. In addition to any deferrals into Stock Units, on the date of each Annual Meeting of Shareowners, each continuing Director also receives an award of Stock Units equal in value to one and one-half times the annual retainer. In addition, on the day of each Annual Meeting each continuing non-employee Director who joined the Board after November 21, 1997, receives a grant of Stock Units equal to \$13,000, limited to 10 annual grants. Deferrals into the Cash Deferral Account earn interest during the calendar year at a rate equal to the Moody's Corporate Bond Yield Averages-Monthly Average Corporates for September of the preceding year ("Moody's"). Annually, Directors may elect to convert their Cash Deferral Accounts into Stock Units at the fair market value of SBC stock at the time of the conversion.

SBC provides each non-employee Director with travel accident insurance while the Director is on SBC business, along with \$100,000 of group life insurance. The total premiums during 2002 for these policies were \$1,008 for travel accident insurance and \$9,408 for group life insurance. Directors also receive certain telecommunications services and equipment from subsidiaries of SBC. The value of telecommunications services and equipment received, or for which reimbursement was provided, together with amounts necessary to offset the Directors' applicable tax liabilities resulting from such services and benefits, computed at maximum marginal rates, averaged \$8,577 per non-employee Director in 2002. Employee Directors receive similar services and equipment in connection with their service as officers of SBC.

13

Non-employee Directors who joined the Board prior to 1997 may receive pension payments for life following their retirement from the Board. Eligible non-employee Directors who serve for at least five years will receive, in quarterly installments, annual amounts equal to 10% of the annual retainer in effect at the time of termination of Board service, multiplied by the number of years of service, not to exceed 10 years. If the Director dies prior to the expiration of 10 years from his or her date of retirement, his or her beneficiary will be entitled to receive the payments for the remainder of the 10-year period. If an eligible non-employee Director dies while still serving on the Board, a pre-retirement death benefit will be paid as though the individual had retired on the date of death.

Directors who formerly served on the Board of Pacific Telesis Group ("PTG") (which was acquired by SBC on April 1, 1997) do not receive pension benefits from SBC. As part of their service with PTG, these Directors previously received PTG Deferred Stock Units (the value of each unit is now based on SBC common stock). The PTG Deferred Stock Units were issued in exchange for the waiver by the Directors of certain retirement benefits. PTG Deferred Stock Units earn dividend equivalents and are paid out in the form of cash after the retirement of the Director. The units will vest pro-rata each year until the Director has completed seven years of service. For purposes of vesting and

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

payout of the PTG Deferred Stock Units and the period during which certain options originally granted by PTG (which were converted into options to acquire SBC common stock) may be exercised, service on the SBC Board of Directors will be deemed to constitute service on the PTG Board. In addition, PTG Directors were allowed to elect during 1997 to have their prior deferrals of PTG retainers and fees continued until they leave the SBC Board. These deferrals earn a rate of interest equal to Moody's plus 4% for deferrals from 1985 through 1992; Moody's plus 2% for deferrals from 1993 through 1995; and for deferrals after 1995, the 10-year Treasury Note average for the month of September for the prior year plus 2%.

One member of the immediate family of Mr. Gallegos was employed by a subsidiary of SBC in 2002 and was paid a total of approximately \$114,172. Amounts paid to this employee were comparable to compensation paid to other employees performing similar job functions.

In 2002, SBC and/or its subsidiaries obtained legal services from the law firm of Pillsbury Winthrop LLP, of which Ms. Rembe is a partner, on terms which SBC believes were as favorable as would have been obtained from unaffiliated parties.

MATTERS TO BE VOTED UPON

Voting

Each share of SBC common stock represented at the Annual Meeting is entitled to one vote on each matter properly brought before the meeting. Directors are elected by a plurality of the votes cast. All other matters will be determined by a majority of the votes cast. Shares represented by proxies marked to withhold authority to vote with respect to the election of one or more nominees as Directors, by proxies marked "abstain" on other proposals, and by proxies marked to deny discretionary authority on other matters will not be counted in determining the vote obtained on such matters. If no directions are given and the signed card is returned, the person or persons designated on the proxy card will vote the shares for the election of the Board of Directors' nominees and in accordance with the recommendations of the Board of Directors on the other subjects listed on the proxy card and at their discretion on any other matter that may properly come before the meeting.

Under the rules of the New York Stock Exchange, on certain routine matters, brokers may, at their discretion, vote shares they hold in "street name" on behalf of beneficial owners who have not returned voting instructions to the brokers. Routine matters include the election of Directors and the ratification of the appointment of the independent auditors. In instances where brokers are prohibited from exercising discretionary authority (so-called "broker non-votes"), the shares they hold are not included in the vote totals and, therefore, have no effect on the vote. At the 2003 Annual Meeting, brokers will be prohibited from exercising discretionary authority only with respect to shareowner proposals.

Election of Directors (Item 1 on Proxy Card)

The following Group A Directors have been nominated by the Board of Directors on the recommendation of the Human Resources Committee for election to three-year terms of office that will expire at the 2006 Annual Meeting:

Gilbert F. Amelio	Toni Rembe
Clarence C. Barksdale	Carlos Slim Helu
Martin K. Eby, Jr.	Patricia P. Upton
Charles F. Knight	

Shares represented by the accompanying form of proxy will be voted for the election of the nominees unless other instructions are shown on the

16

proxy card or provided through the telephone or Internet proxy. If one or more of the nominees should at the time of the meeting be unavailable or unable to serve as a Director, the shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board. The Board knows of no reason why any of the nominees would be unavailable or unable to serve.

Its Nominees Listed as Group A Directors.

Ratification of Appointment of Independent Auditors (Item 2 on Proxy Card)

Subject to shareowner ratification, the Board of Directors, upon recommendation of the Audit Committee, has appointed the firm of Ernst & Young LLP to serve as independent auditors of SBC for the fiscal year ending December 31, 2003. This firm has audited the accounts of SBC since 1983. If shareowners do not ratify this appointment, the Board will consider other independent auditors. One or more members of Ernst & Young LLP are expected to be present at the Annual Meeting, will be able to make a statement if they so desire, and will be available to respond to appropriate questions.

Shareowner Proposals (Items 3, 4 and 5 on Proxy Card)

Certain shareowners have advised the Company that they intend to introduce at the 2003 Annual Meeting the proposals set forth below. The names and addresses of, and the number of shares owned by, each such shareowner will be provided upon request to the Secretary of the Company.

Shareowner Proposal A (Item 3 on Proxy Card)

Prolegomenon:

The current system of corporate governance has frequently spawned incredible rewards for executive corporate officers, at times bordering on the obscene, and at the expense of the legitimate owners, the shareholders.

Executive management, through an appropriate committee, selects and nominates individuals to sit on the corporate board, and sets their level of compensation. Shareholders vote to seat such nominees, usually without

questioning why these individuals were selected. The board members--either corporate employees, or some known as outside directors if they are not employees of the corporation--in turn set the remuneration levels of the very executive corporate officers who brought them into the picture in the first place. It is a simple case of "I scratch your back, and you scratch mine"; unacceptable in the post-Enron era.

Moreover, more often than not, incentive goals are offered to executive corporate officers to attract "extraordinarily financially talented managers". This is a ruse, for the proponents of such proposals are the very same directors who set the targets which trigger the rewards. At times the bar is set so low as to make achievement of these objectives virtually impossible to miss!

At the time of this writing, federal legislation addressing some of these problems has been instituted. Among other plans, current proposals include greater specificity of duties and obligations of "outside directors", but we believe their scope must be widened considerably to become truly effective. Unfortunately, so far no one has devised a better system to build and operate a corporate structure. However, a beginning can be made by eliminating some of the most egregious offenses.

The cry, "it can't be done, because without offering incentives and bonuses we will never attract the caliber of executives we need", emanates from self serving individuals. Many corporations did equally well or better in the past without such recent enhancements. We believe that as long as attractive compensation is offered, there will always be viable candidates aspiring to top management positions. Wall Street columnist James B. Stewart (SmartMoney.com, 7/16/02) has the same idea: "Ban noncash executives compensation").

Resolution:

Be it resolved, that this is the sense of the shareholders: upon expiration of currently existing agreements, no achievement bonuses or incentives shall be proffered to executive members of corporate management. These spawn greed. The board shall develop a simple and fair compensatory structure, unencumbered by complicated emoluments, to replace the current system. The new incentive for executive corporate officers will be, *if you meet the goals set by your corporate board you will be retained; if you fail to do so, like other employees of the corporation, you may be replaced*.

Stockholders are urged to vote for this motion. It is doable.

YOUR DIRECTORS' POSITION

This proposal would eliminate annual bonuses, sales commissions, performance incentives, and other awards tied to performance of one kind or another, eliminating the link between performance and compensation. It fails to provide any guidance on what would replace the performance based compensation or what would constitute a "simple and fair compensatory structure."

SBC uses performance based awards to directly link compensation to the achievement of company objectives. In the case of senior executives, the awards

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

are selected by the Human Resources Committee of the Board in consultation with an independent consultant and are similar to those used by other major corporations. These awards not only allow the best performers to be compensated for superior performance, but focuses managers on those components of the business most important to the success of the company. In addition, when the incentives are tied to SBC stock, the performance awards further align the interests of our managers with those of our shareowners.

Moreover, our competitors and other major corporations routinely offer various forms of performance awards to attract and retain the very best candidates. Your Directors believe SBC's shareowners are best served by having talented, experienced and committed individuals serving as managers and executives. If SBC offers a compensation package that is less favorable than its competitors, SBC not only will have difficulty recruiting the best managers, but may face the loss of some of its most talented executives.

Shareowner Proposal B (Item 4 on Proxy Card)

This is to recommend that the Board of Directors redeem any poison pill previously issued (if applicable) and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote.

Shareowner's Supporting Statement:

Shareholder Vote on Poison Pills. This topic won an average 60%-yes vote at 50 companies in 2002.

Harvard Report. A 2001 Harvard Business School study found that good corporate governance (which took into account whether a company has a poison pill) was positively and significantly related to company value. This

19

study, conducted with the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 companies and company performance from 1990 to 1999.

Some believe that a company with good governance will perform better over time, leading to a higher stock price. Others see good governance as a means of reducing risk, as they believe it decreases the likelihood of bad things happening to a company.

Since the 1980s Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies that have approved poison pills, Wall Street Journal, June 12, 2002.

Council of Institutional Investors Recommendation. The Council of Institutional Investors www.cii.org, an organization of 120 pension funds which invests \$1.5 trillion, called for shareholder approval of poison pills. In recent years, various companies have been willing to redeem existing poison pills or seek shareholder approval for their poison pill. This includes Columbia/HCA, McDermott International and Bausch & Lomb. I believe that our company should follow suite and allow shareholder participation.

Shareholder Vote on Poison Pills. Yes on 4.

YOUR DIRECTORS' POSITION

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

SBC does not have a 'shareholder rights' plan, and has no current intention to adopt one. The Board believes that it will be able to best maximize shareowner value if it retains the ability to adopt a plan in the future, if warranted in its judgment, to preserve and protect shareowner interests. The proponent suggests that rights plans stand between management and shareowners. To the contrary, the Board of Directors has a fiduciary duty to and is committed to act in the best interests of SBC and its shareowners. This duty applies to all actions, including any future adoption of a rights plan.

The economic benefits of a shareholder rights plan to stockholders have been validated in several studies. A study published in November 1997 by Georgeson & Company found that companies with shareholder rights plans received \$13 billion dollars in additional takeover premiums during the period 1992 to 1996. The Georgeson study also concluded that (1) premiums paid to acquire target companies with shareholder rights plans were on average eight percentage points higher than premiums paid for target

20

companies that did not have such plans, (2) the presence of a rights plan did not increase the likelihood of the defeat of a hostile takeover bid or the withdrawal of a friendly bid, and (3) rights plans did not reduce the likelihood that a company would become a takeover target. Thus, evidence suggests that rights plans achieve their principal objectives: protection against inadequate offers and abusive tactics and increased bargaining power of the Board resulting in higher value for stockholders.

The Board believes it is important that it retain the flexibility to adopt a rights plan without having to conduct a shareholder vote in order to maintain the plan. A rights plan is designed to improve the Board's ability to protect and advance the interests of SBC and all of its shareowners. It enhances the ability of the Board to negotiate with potential acquirors and discourages coercive takeover tactics that would operate to the detriment of our shareowners. A requirement that we seek shareholder approval for any rights plan could seriously weaken the Board's negotiating position in a hostile situation and leave it less able to protect shareowner interests. We believe that adoption of the proposal would not be in the best interest of our shareowners.

Your Board of Directors Recommends a
Vote "AGAINST" this Proposal.

Shareowner Proposal C (Item 5 on Proxy Card)

Whereas, we believe that properly structured equity compensation plans for senior executives can effectively align the interests of executives with those of long-term shareholders and merit shareholder support;

Whereas, we believe that other types of executive equity incentive structures, primarily fixed-price option plans, do not align such interests and may have played a significant role in some of the recent corporate failures in the United States:

Whereas, we are concerned that so-called mega-grants of fixed, at-the-money stock options can result in powerful yet perverse incentive effects that are not in the best interests of shareholders;

Resolved, that shareholders request the Board of Directors include the following provisions in all executive compensation plans that make available to

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

senior executives shares or options on shares in the equity of the company:

21

- . Performance "hurdles" that must be met, or "indexing" features, that govern vesting of options or lapsing of restrictions on shares granted.
- . Holding periods for a substantial portion of shares awarded and earned through stock-related plans.
- . Other measures to ensure that executives face downside financial risk, which they do not face with standard fixed-price stock options.

Supporting Statement

We believe it is important for companies to demonstrate to shareholders that compensation structures for senior executives incorporate features that align management's interests with those of shareholders. Equity incentives should therefore include disciplined features that expose recipients to downside risk as well as opportunity for gain.

We have a particular concern about extraordinarily large grants of standard fixed-price stock options, so-called mega-grants. In 2001, Chairman of the Board and Chief Executive Officer, Edward E. Whitacre, Jr. was granted options (in total) on 3,605,814 shares, with an estimated grant date present value of \$43,675,000 (amount computed and reported by SBC Communications in its 2002 Proxy Statement).

Fixed-price stock options provide gains to executives if the stock price is higher than the exercise price after the vesting date. Those gains can result from general market increases and not necessarily from improved company or executive performance. Fixed-price stock options also incorporate no downside financial risk to executives. Shareholders, on the other hand, suffer losses when the stock price declines.

We also believe the SBC compensation committee of the board, as described in its 2002 proxy materials, does not fully meet the independence tests that we would impose, which define a lack of independence to include board interlocks and applicable here because a compensation committee member is the Chairman and President of a company on which the SBC Chairman and CEO serves as a director. We are concerned that this possible lack of independence may have influenced to the decisions to make the option grants described previously.

Given these concerns about the level of standard fixed-price option grants in 2001 and the board interlocks, we believe the SBC Board of Directors should consider alternative forms of executive compensation.

22

Please support this resolution to help ensure SBC Communications prepares executive compensation structures that are in greater alignment with long-term shareholder interests.

YOUR DIRECTORS' POSITION

The proposal urges the Board to adopt a policy that stock options and other stock-based compensation be subject to performance "hurdles" or "indexing" features, that stock "earned" by executives be subject to undetermined holding

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

periods and that executives be subject to downside financial risk. Your Board of Directors believes this would adversely impact the ability of the company to attract and retain qualified managers and recommends a vote against this proposal.

The proposal does not define or address the method of indexing. As a result, depending on the particular index utilized, the value of options granted to managers could in any given year create a windfall for the manager or unfairly penalize the manager, as compared to the present, traditional method of tying the value of options directly to the market price of the stock.

In the case of stock options, SBC uses the method of pricing used by the great majority of companies that issue stock options. It establishes the exercise price based on the market price on the date of grant. As a result, the value of the option rises with an increase in the market price and falls with a decrease in the market price, aligning the interests of our managers directly with those of our shareowners.

The combination of indexing options, imposing holding periods for stock "earned" by executives and creating financial penalties for executives, as called for by the proposal, could make SBC non-competitive in keeping and attracting the talented managers it needs to succeed. Your Board of Directors is aware of few, if any, major companies that include in their plans the unusual combination of factors offered by the proposal or that include the extraordinary requirement that executives or other employees face "downside financial risk" beyond loss of the value of the stock options or the decline in the value of stock-based compensation. At a time when SBC faces extensive competition, changing SBC's compensation plans to make them less attractive than those offered by its competitors places your company at a severe disadvantage.

Your Board of Directors Recommends a
Vote "AGAINST" this Proposal.

AUDIT COMMITTEE

Report of the Audit Committee

The Audit Committee oversees the financial reporting process, the systems of internal accounting and financial controls, the performance and independence of the independent auditors and the internal auditors, the annual audit of SBC's financial statements, and related matters. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee is composed entirely of independent Directors in accordance with the applicable independence standards of the New York Stock Exchange. Five members of the Audit Committee, Messrs. Barksdale, Barnes, Hay, Henderson and Ritchey, have been chief executive officers of publicly held companies and have supervised chief financial officers.

The Audit Committee: (1) reviewed and discussed with management SBC's audited financial statements for the year ended December 31, 2002; (2) discussed with the independent auditors the matters required by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications; (3) received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees; (4) considered whether the provision of

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

non-audit services is compatible with maintaining the auditors' independence; and (5) discussed with the auditors the auditors' independence.

Based on the review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2002, be included in SBC's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Principal Accountant Fees and Services

Ernst & Young LLP (E&Y) acts as the principal auditor for SBC and also provides certain audit-related, tax and other services, the fees for which are as follows (dollars in millions):

- . Audit Fees were \$17.5 and \$13.3 for 2002 and 2001, respectively. Included in this category are fees for the annual financial statement audit, quarterly financial statement reviews, and audits required by federal and state regulatory bodies.
- . Audit-Related Fees were \$5.7 and \$3.1 for 2002 and 2001, respectively. These fees, which are for assurance and related services other than those included in Audit Fees, include charges for audits of employee benefit plans, consultations concerning financial accounting and reporting standards, audits in conjunction with proposed or consummated acquisitions and dispositions, and internal control reviews.
- . Tax Fees were \$3.8 for both 2002 and 2001. These fees include charges for tax services for SBC employees working in foreign countries, executive financial counseling and tax return preparation, and various federal and state tax research projects.
- . All Other Fees were \$2.4 and \$1.5 for 2002 and 2001, respectively. These fees include charges for assisting SBC in state regulatory proceedings, as well as assessing processes used by SBC to accumulate and analyze operating data.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Human Resources Committee, composed entirely of independent, outside Directors, is responsible for establishing and administering SBC's policies involving the compensation of executive officers. No employee of SBC serves on this Committee. During the 2002 fiscal year, the members of the Human Resources Committee were: Jess T. Hay (Chairman), August A. Busch III, Admiral Bobby R. Inman, John B. McCoy and S. Donley Ritchey. Mr. Busch is Chairman of the Board of Anheuser-Busch Companies, Inc., where Mr. Whitacre also serves as a member of the Board of Directors. In addition, Mr. Whitacre serves as a Director and

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

is on the Compensation and Human Resources Committee of Emerson Electric Co., where Charles F. Knight, an SBC Director, is Chairman of the Board.

25

On March 1, 2003, the Board's new Corporate Governance and Nominating Committee was constituted and assumed broad governance functions including those previously assigned to the Human Resources Committee. Concurrently with the creation of the new Committee, the members of the Human Resources Committee were named as five of the six members of the Corporate Governance and Nominating Committee and, effective March 1, 2003, were replaced as members of the Human Resources Committee by James A. Henderson (Chairman), Gilbert F. Amelio, James E. Barnes, Martin K. Eby, Jr., and Patricia P. Upton. The following report of the Human Resources Committee was approved by the Committee as it existed prior to March 1, 2003.

26

EXECUTIVE COMPENSATION

Report of the Human Resources Committee
on Executive Compensation

Responsibilities of the Human Resources Committee (the "Committee") of the Board of Directors include establishing policies governing the compensation of officers of SBC and certain key executives of its subsidiaries. The Committee is composed of five non-employee Directors.

The Committee's principal objective in establishing compensation policies is to develop and administer a comprehensive program designed to attract and retain outstanding managers who will enhance the profitability of SBC and create long term value for our shareowners. The policies are designed to attract and retain high-quality executives, to encourage them to make career commitments to SBC and to accomplish SBC's short and long term objectives. To achieve these results, the Committee, in consultation with nationally recognized compensation and benefits consulting firms, has developed a compensation program that combines annual base salaries with annual and long term incentives principally tied to the performance of SBC and SBC's common stock. The principles used by the Committee in developing the program include the following:

- . To align the financial interests of SBC's executives with those of SBC and its shareowners, a significant portion of executive compensation should be "at risk" and tied to the achievement of certain short and long term performance objectives of SBC.
- . Ownership of SBC's common stock by executives should be encouraged through SBC's compensation program.
- . Sustained superior performance by individual officers that enhances the productivity and/or profitability of SBC should be recognized and appropriately rewarded. As measured by the Committee, such performance may include increasing revenues, reducing expenses, efficiently deploying capital, developing management, and improving service and product quality, while always complying with the high ethical standards established by SBC for the conduct of its officers and employees.

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

The Committee is responsible for approving the compensation of officers of SBC, including the Named Officers (defined on page 32), and

27

certain officers of subsidiaries. The following is a summary of the policies underlying compensation reported for 2002.

Annual Base Salary--The Committee has established a policy that annual base salaries for officers should be market-based and should relate reasonably to salaries for similar positions in the 50th to 75th percentile of companies similar in size. In making this comparison, the Committee used a group consisting of companies in the telecommunications business and large companies in diverse businesses (the "Comparator Group"). The Comparator Group and market data were developed in consultation with the Committee's outside compensation consultant. Using the market data as a guideline, the Committee then adjusts the salaries of the individual executives based on their individual performance, level of responsibility, and experience.

Incentives--To create incentives for superior efforts on behalf of SBC and to allow employees to share in the very success for which they are responsible, the Committee has determined that a significant portion of each officer's total compensation shall be dependent upon the annual and long term performance of SBC.

Annual Incentives. For their efforts in 2002, officers and other key executives of SBC and certain subsidiaries received annual incentives under either the Short Term Incentive Plan or, for certain executive officers, the 2001 Incentive Plan. The latter plan allows certain compensation paid to Named Officers to be deductible under Section 162(m) of the Internal Revenue Code (discussed below). Under each plan, the Committee awards an annual bonus contingent upon the yearly performance of SBC and the business unit to which the officer is assigned.

Under the plans, at the beginning of the year, the Committee sets a target award for each officer as well as the specific performance objectives applicable to the officer. The target award is set based on the officer's individual performance, level of responsibility and experience, with a view to the total of the respective officer's annual salary and target short term award reasonably relating to the 50th to 75th percentile of the Comparator Group. The actual payout of the award is dependent upon the extent to which the financial objectives are achieved. In each case, the payment of any part of the award is at the discretion of the Committee. The 2002 financial targets for the Chief Executive Officer and most executive officers were based on SBC's earnings per share and changes in the number of access lines;

28

targets for other executive and non-executive officers were based on the foregoing targets plus business unit operating income. The Committee reviewed the performance objectives and corresponding results for 2002 and determined that the targets for the executive officers, including all of the Named Officers, had only partially been attained, resulting in the executive officers receiving bonuses, including discretionary amounts, that were less than their target amounts, except for one Named Officer who received slightly more than the target amount.

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

Long Term Incentives. Since its inception, SBC has provided stock-based long term incentives to officers and other key executives of SBC and certain subsidiaries in the form of performance shares and stock options.

Performance shares are designed to tie the executive's financial interests to those of our shareowners through the establishment of long term performance awards and the payment of awards in common stock and/or in cash based upon the price of common stock. Performance shares are granted under the 1996 Stock and Incentive Plan or its successor, the 2001 Incentive Plan. Performance shares are designed to provide rewards for the achievement of SBC's financial goals. The financial objectives are designed to encourage employees to focus on exceeding a specified level of return. Each officer, including each of the Named Officers, is granted a specific number of performance shares, each equivalent in value to a share of common stock. At the end of the performance period, a percentage of the performance shares, not to exceed 100% of the performance shares granted (up to 200% for awards granted in 2001 and later), is paid out (i.e., converted into common stock and/or cash), based on the annual achievement of SBC's net income goals averaged over, typically, a three-year period. The Committee also recognizes the importance of stock options as a means to further tie the executive's financial interests directly to those of our shareowners. During 2002, the Committee granted stock options to managers at all levels, including all of the Named Officers. The target value of the regular long term grants (combined value of the target performance shares and stock options) made in 2002 was designed to relate reasonably to the value of all long term type awards made to the 50th to 75th percentile of employees holding similar positions with companies in the Comparator Group. As with other awards, the long term target awards are adjusted to reflect the officer's individual

29

performance, level of responsibility and experience. The Chief Executive Officer target award was designed to reasonably relate to the 75th percentile of the Comparator Group.

In 2002, SBC's officers received the payout of their performance share awards for the 1999-2001 performance cycle. The Committee determined SBC exceeded the 3-year cumulative performance goals set by the Committee. In accordance with a predetermined formula, 100% of the target performance shares were distributed.

SBC also provides several alternatives for its managers to invest a portion of their salaries and annual incentive awards in SBC common stock, thereby giving these managers an even greater stake in the performance of SBC. One such opportunity is the Stock Savings Plan, under which a middle level or above manager may receive stock options based upon the number of shares purchased by the manager under the program through payroll deductions.

Compensation for the Chief Executive Officer--The foregoing principles and policies were applied by the Committee in determining the compensation for the Chairman of the Board and Chief Executive Officer, Mr. Whitacre, for the last fiscal year. The Committee set Mr. Whitacre's 2002 annual salary and target bonus to reasonably relate to the 75th percentile paid by companies in the Comparator Group, adjusted for his individual performance and experience. Mr. Whitacre's total cash compensation in 2002 reflects the Committee's view that Mr. Whitacre's long tenure as Chief Executive Officer, his leadership in the industry, and the fact that under his tenure and despite an extremely difficult operating environment, the company has achieved one of the strongest financial

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

positions in the industry and is well positioned for the future. In addition, Mr. Whitacre, along with other Named Officers, received stock options and performance shares, as described above under "Long Term Incentives."

The substantial decline in Mr. Whitacre's total compensation for 2002 from that of the prior year, as reflected in the tables below, was due to the absence in 2002 of a special retention award and the grant of significantly fewer stock options. His compensation was also significantly reduced as a result of the drop in the price of SBC stock and the related reduction in his 2002 long term incentive payout (performance shares).

Stock Ownership Guidelines--The Committee has established stock ownership guidelines for the Chief Executive Officer, other executive

30

officers, and all other officer level employees. The guidelines set a minimum level of ownership of four times base salary for the Chief Executive Officer, the lesser of three times base salary or 50,000 shares for other executive officers and the lesser of one times base salary or 25,000 shares for all other officers. Newly appointed officers are allowed three years to achieve compliance with the ownership guidelines.

Limit On Deductibility Of Certain Compensation--Federal income tax law prohibits publicly held companies, such as SBC, from deducting certain compensation paid to a Named Officer that exceeds one million dollars during the tax year. To the extent that compensation is based upon the attainment of performance goals set by the Committee pursuant to plans approved by the shareowners, the compensation is not included in the computation of the limit. Although the Committee intends, to the extent feasible and where it believes it is in the best interests of SBC and its shareowners, to attempt to qualify executive compensation as tax deductible, it does not intend to permit this arbitrary tax provision to distort the Committee's development and execution of effective compensation plans. Thus, the Committee will continue to exercise discretion in those instances where the mechanistic approaches necessary under tax law considerations could compromise the interests of shareholders.

- (1) All Other Compensation for 2002 includes benefits imputed to the Named Officers with respect to premiums on SBC-owned life insurance, as determined in accordance with IRS guidelines. For Messrs. Whitacre, Atterbury, Wilkins, Ellis, Daley, and Sigman these amounts were \$15,620, \$1,509, \$1,233, \$3,355, \$573, and \$1,926, respectively. All Other Compensation also includes preferential amounts earned on deferred compensation for Messrs. Whitacre, Atterbury, Ellis, and Sigman of \$75,910, \$23,391, \$48,724, and \$27,777. Mr. Daley's total includes a signing bonus of \$1.1 million, relocation benefits of \$11,566 and attorney fees of \$44,852, pursuant to his contract. Mr. Sigman's total includes pay in lieu of vacation of \$110,765, an incentive bonus of \$160,000 paid by Cingular, and a Retention Benefit of \$5,000,000, also awarded by Cingular. The Retention Benefit was valued as of the grant date and consists of phantom stock units where each unit is based 60% on SBC stock and 40% on BellSouth stock. The Retention Benefit pays out December 6, 2005, and is forfeited if Mr. Sigman terminates his employment before then. All other amounts reported under this heading represent employer matching contributions made to employee benefit plans.
- (2) Includes payout of \$159,310 in performance shares for the 2002 performance cycle.
- (3) Mr. Sigman became Chief Executive Officer of Cingular Wireless LLC in November 2002. Amounts reported include payments by Cingular.

Aggregated Option/SAR Exercises in Last Fiscal Year
and Fiscal Year-End Option/SAR Values

Long Term Incentive Plans--Awards in Last Fiscal Year

The table below reports performance shares granted to the Named Officers during the last fiscal year, applicable to the performance periods indicated.

Name	Number of Shares, Units or Other Rights	Performance or Other Period Until Maturation or Payout	Estimated Future Payouts Under Non-Stock Price-Based Plans		
			Threshold	Target	Maximum
Edward E. Whitacre, Jr.	202,477	2002-2004	0	202,477	400,000

Stanley T. Sigman	50,063	2002-2004	0	50,063	100,126

Each performance share is equivalent in value to one share of SBC common stock. At the end of a performance cycle, a percentage of the performance shares is converted into cash and/or SBC common stock, based upon the achievement of certain objectives. The performance objectives are set on a yearly basis, and the extent to which a performance objective is met or exceeded is expressed as a percentage. The annual percentages are then averaged over the term of each performance period to determine the percentage of performance shares that may be converted and paid out. The maximum number of performance shares that may be converted at the end of a performance cycle may not exceed 200% of the target number of performance shares.

Option Grants in Last Fiscal Year

The table below contains the estimated present value of stock options granted in 2002, as of their issue date. Option grant A was issued under the 2001 Incentive Plan; option grants B and C were issued under a stock purchase plan where middle level and above managers received options based on the number of SBC shares they purchased.

	C	42,288	0.12%	\$33.15	06/01/2012	\$ 281

(1) Percentages are based on 36,070,879 options granted to employees in 2002. The total number of shares subject to outstanding options as of December 31, 2002, represented 6.9% of the outstanding shares of SBC.

(2) One-third of these options vest on each anniversary of the grant. These options also vest at retirement. As of December 31, 2002, none of these options had vested.

The option values in the table represent the estimated present value of the options as of their issue date. These values were determined in accordance with a Black-Scholes option valuation model. The significant assumptions incorporated in the Black-Scholes model in estimating the value of the options include the following:

- . Options were issued with an exercise price equal to the fair market value

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

of stock on the date of issuance. The term of each option is 10 years (unless otherwise shortened or forfeited due to termination of employment). The expected life of the option grants are 6.5 years for grant A and 6 years for each of grants B and C.

- . In calculating the value of the options, the model assumed an interest rate of 4.99% for grant A, 4.78% for grant B, and 4.81% for

34

grant C. These interest rates represent the interest rates on U.S. Treasury securities on the date of grant with maturity dates corresponding to that of the expected option lives.

- . Expected volatility was calculated for each grant using daily stock prices for the period prior to the grant date corresponding with the expected option life, resulting in volatility of 20.38% for grant A, 20.73% for grant B, and 21.33% for grant C.
- . The model reflected an expected annual dividend yield of 3.04% for grant A, 2.92% for grant B, and 3.26% for grant C.

The ultimate value of the options will depend on the future market price of SBC's common stock, which cannot be forecast with reasonable accuracy. The actual value, if any, that an optionee will realize upon exercise of an option will depend on the excess of the market value of SBC's common stock over the exercise price on the date the option is exercised.

Pension Plans

SBC has a noncontributory pension plan for most of its employees, including all executive officers, known as the SBC Pension Benefit Plan. Management participants are generally entitled to receive the greater of two pension benefits: the Cash Balance Benefit or the CAM Benefit, each of which is subject to Internal Revenue Code limitations on pay used to calculate pensions. A participant's Cash Balance Benefit is equal to the balance in the participant's cash balance account, which is made up of (a) an opening account balance as of June 1, 1997, which reflects the lump sum present value of the participant's approximate age 65 accrued benefit under the old plan design, (b) subsequent monthly basic benefit credits equal to 5% of the participant's compensation (generally, base pay, commissions, and group incentive awards but not individual awards), and (c) monthly interest credits on the participant's cash balance account. The interest rate is equal to the published average annual yield for the 30-year Treasury Bond, reset quarterly as of the middle of the preceding quarter. In addition, over the period June 30, 1997, through May 31, 2002, the participant's account received a monthly pro-rata share of the participant's transition benefit, which was based on an estimate of what the participant's account balance would have been if the cash balance design had been applied throughout the participant's employment with SBC, plus additional credits for those participants whose age plus service exceeded 25 on May 1, 1997. The CAM Benefit is equal to the sum of 1.6% of a participant's average compensation (generally, base pay, commissions, and other nondiscretionary bonuses such

35

as group incentive awards) for the five years ended December 31, 1999 (or any prior five-year averaging period if it would result in a higher benefit),

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

multiplied by the number of years of service through the end of the participant's averaging period, plus 1.6% of the participant's pension compensation subsequent to the averaging period.

Pension amounts are not subject to reduction for Social Security benefits or any other offset amounts. The Internal Revenue Code places certain limitations on pensions that may be paid under Federal income tax qualified plans. Benefits that are so limited are restored for officers and certain senior managers from the general funds of SBC either under the Supplemental Retirement Income Plan (see paragraph below) or another SBC nonqualified plan. If they continue in their current positions at their current levels of compensation and retire at the mandatory retirement age of 65, the total estimated annual pension amounts from the Pension Benefit Plan and the estimated credited years of service at retirement under the Plan for Messrs. Whitacre, Atterbury, Wilkins, Ellis, and Daley would be \$117,129 (44 years), \$150,388 (43 years), \$138,438 (42 years), \$96,480 (36 years), and \$38,800 (12 years), respectively. Mr. Sigman ceased to accrue benefits under the Pension Benefit Plan upon commencement of his employment at Cingular Wireless LLC. The annuity value of his annual pension benefit, based upon approximately 37 years of service, is \$94,752.

The Supplemental Retirement Income Plan (which is not funded by, nor is it a part of, the Pension Benefit Plan) establishes a target annual retirement benefit for all officers and certain senior managers, stated as a percentage of their annual salaries and annual incentive bonuses averaged over a specified averaging period described below ("Average Annual Compensation"). The percentage is increased by .715% for each year of actual service in excess of, or decreased by 1.43% (.715% for mid-career hires) for each year of actual service below, 30 years of service for executive officers and certain other officers and 35 years of service for certain other senior managers. Average Annual Compensation is determined by averaging salaries and actual annual incentive bonus (or such other portion of the target or annual bonus amount as the Human Resources Committee may determine) earned during the 36-consecutive-month period out of the last 120 months preceding retirement that generates the highest average earnings. The target percentages of Average Annual Compensation are: Chairman of the Board and Chief Executive Officer, 75%; executive officers, 60% to 70%; other officers, 55% to 60%; and certain other senior managers, 50%. The Supplemental Retirement Income Plan pays the difference, if any, between the target

36

amount and what would be payable under the Pension Benefit Plan if the benefits under the Pension Benefit Plan were paid in the form of an immediate annuity for life. In the event the participant retires before reaching his or her 60th birthday, a discount of .5% for each month remaining until the participant's 60th birthday is applied reducing the amount payable under this plan, except for officers who have 30 years or more of service at the time of retirement. If they continue in their current positions at their current levels of salary and most recent bonuses, and if they retire at the mandatory retirement age of 65, the estimated annual amounts that will be paid in accordance with the Supplemental Retirement Income Plan for Messrs. Whitacre, Atterbury, Wilkins, Ellis, Daley, and Sigman would be \$5,055,927, \$874,945, \$844,830, \$1,050,930, \$564,977 and \$1,383,935, respectively. Mr. Sigman's benefit will be reduced by the amount of any benefit he receives from the Cingular Wireless LLC pension plan.

Contracts With Management

On November 21, 1997, the Board of Directors approved revised Change of

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

Control Severance Agreements (the "Agreements") for each of the Named Officers in the "Summary Compensation Table" as well as certain other officers (Mr. Sigman's agreement has terminated). The purpose of the Agreements is to reinforce and encourage the officers to maintain objectivity and a high level of attention to their duties without distraction from the possibility of a change in control of SBC. These Agreements provide that in the event of a change in control of SBC, as that term is defined in the Agreements and summarized below, each officer is entitled to certain benefits (the "Severance Benefits") upon the subsequent termination or constructive termination of his or her employment, unless such termination is due to death or disability, or the termination is by SBC for cause (as defined in the Agreements); or is by the officer for other than good reason (as defined in the Agreements).

The Severance Benefits include the payment of the officer's full base salary through the date of termination plus all other amounts to which the officer is entitled under any compensation plan of SBC in effect immediately prior to the change in control. Also, each officer is entitled to a lump sum payment equal to three (in the case of Messrs. Whitacre, Ellis, and Daley) or two (in the case of Messrs. Atterbury and Wilkins) times the sum of (a) the officer's annual base salary in effect immediately prior to termination, (b) the most recently paid amount under the Short Term Incentive Plan or as a Key Executive Officer Short Term Award under the 2001 Incentive Plan,

37

and (c) the cash value of the target award of performance shares granted under the 2001 Incentive Plan applicable to each officer for the most current performance cycle. Additionally, each officer will be provided with life and health benefits, including supplemental medical, vision and dental benefits, for three years from the date of termination, if the officer is not otherwise entitled to the same.

In the event any payment or benefit received or to be received by an officer in connection with a change in control or the termination of his or her employment, whether pursuant to his or her Agreement and/or under a benefit plan (the "Total Payments"), is determined to be an excess parachute payment as defined in the Internal Revenue Code and thus subject to the 20% Federal excise tax, SBC will pay the officer an amount equal to the excise tax and all Federal and applicable state taxes resulting from the payment of the excise tax or from payment of such Federal and state taxes.

Under the Agreements, in general, change in control is deemed to occur if: (a) anyone (other than an employee benefit plan of SBC) acquires more than 20% of SBC's common stock, (b) within a two-year period, the Directors at the beginning of such period (together with any new Directors elected or nominated for election by a two-thirds majority of Directors then in office who were Directors at the beginning of such period or whose election or nomination for election was previously so approved) cease to constitute a majority of the Board, or (c) SBC's shareowners either approve a merger or consolidation that results in someone other than the shareowners immediately prior thereto holding more than 35% of the voting power of the surviving entity or approve the complete liquidation of SBC or the disposition of substantially all of SBC's assets.

SBC has entered into an employment agreement with William M. Daley to act as President of SBC, beginning December 1, 2001. Under the agreement, he will receive an annual salary of not less than \$600,000 and a target bonus equal or greater than his salary. His yearly bonus, other than the bonus for 2002, will be reduced or eliminated if performance objectives set by the Human Resources Committee are not met. He received a one-time signing bonus of \$1,100,000 to

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

recognize the loss of benefits from his prior employer. Pursuant to the agreement, Mr. Daley received performance shares and options in 2002 as shown in the above tables. Mr. Daley will be permitted to participate in the Supplemental Retirement Income Plan (described under "Pension Plans") with a target percentage of 60%. In computing Mr. Daley's payments under that plan, his "Average Annual Compensation" shall not be less than \$1,200,000. The employment

38

agreement terminates when he reaches age 65. If SBC terminates Mr. Daley's employment before expiration of the agreement without cause, he will receive a payment equal to his base salary and the greater of his target bonus or his bonus for the prior year (which shall not be less than \$600,000).

SBC entered into an employment agreement with Mr. Whitacre to act as Chairman of the Board and Chief Executive Officer for a five-year term ending November 15, 2006. The agreement may be terminated by either party at the end of the third year of the contract. During the term of the contract, his base salary, the target for his bonus, and the value of his long term awards shall not be less than that in effect for calendar year 2001. The bonus and long term award are not guaranteed, but are subject to attainment of performance objectives. Pursuant to the agreement, SBC granted Mr. Whitacre options that expire in 2011 to acquire 2,500,000 shares of SBC at \$39.13 per share. Three-fifths of the options vest on the third anniversary of the agreement and the remaining options vest on the fifth anniversary; the options also vest if his employment is terminated without cause. SBC will provide Mr. Whitacre with office facilities and support staff, automobile benefits, limited access to SBC's aircraft, and health care for the rest of his life. If the company terminates his employment without cause before the end of the term or if he is unable to perform his duties because of disability or accident, he shall be entitled to continue to receive his salary and other benefits through the end of the term.

Upon retirement, provided that he has completed three years of the employment term, Mr. Whitacre has agreed to provide consulting services and advice to SBC for three years after his termination of employment in exchange for an annual fee equal to 50% of his annual salary at retirement. In the event Mr. Whitacre receives a change in control payment under the Change of Control Severance Agreements (described above), his employment term shall immediately expire, and the consulting term shall be extended by the same period the employment term was reduced.

In connection with the retirement of Cassandra C. Carr, former Senior Executive Vice President, in March 2002, the Human Resources Committee vested 40,000 options with an expiration date of January 28, 2003, and an exercise price of \$39.25. In addition, SBC agreed to pay her a pro-rata portion of her target annual bonus, based on the number of days she was employed in 2002.

One member of the immediate family of each of James W. Callaway, Group President, Mr. Ellis and Mr. Sigman as well as two members of the

39

immediate family of Mr. Whitacre were employed by subsidiaries of SBC and were paid a total of approximately \$397,000 in 2002. Amounts paid to these employees include salary, bonus, option exercises, and relocation costs, and are comparable to compensation paid to other employees performing similar job

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

functions.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

SBC's executive officers and Directors are required under the Securities Exchange Act of 1934 to file reports of transactions and holdings in SBC common stock with the Securities and Exchange Commission and the New York Stock Exchange and to file a copy of such reports with SBC. Based solely on a review of the filed reports and written representations that no other reports are required, SBC believes that during the preceding year all executive officers and Directors were in compliance with all filing requirements applicable to such executive officers and Directors, except for the following: (a) two transactions (totaling 296 shares) that were reported after the respective due dates by Ms. Rembe for shares indirectly acquired by her spouse, (b) one transaction involving the sale of 1,000 shares that was reported after the due date by Mr. Hay; and (c) two transactions (totaling 97 shares), each of which were made without the actual knowledge of Mr. Daley by a former investment manager who had discretionary trading authority over an account in which Mr. Daley had a beneficial interest, were reported by Mr. Daley after the respective due dates.

PROXY CARD/VOTING
INSTRUCTION CARD

THIS PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS FOR THE ANNUAL MEETING ON APRIL 25, 2003.

The undersigned hereby appoints Edward E. Whitacre, Jr. and Randall L. Stephenson, and each of them, proxies, with full power of substitution, to vote all common shares of the undersigned in SBC Communications Inc. at the Annual Meeting of Shareowners to be held on April 25, 2003, and at any adjournment thereof, upon all subjects that may properly come before the meeting, including the matters described in the proxy statement furnished herewith, in accordance with the directions indicated on the reverse side of this card or provided through the telephone or Internet proxy procedures, and at the discretion of the proxies on any other matters that may properly come before the meeting. IF SPECIFIC VOTING DIRECTIONS ARE NOT GIVEN WITH RESPECT TO THE MATTERS TO BE ACTED UPON AND THE SIGNED CARD IS RETURNED, THE PROXIES WILL VOTE SUCH SHARES IN ACCORDANCE WITH THE DIRECTORS' RECOMMENDATIONS ON THE MATTERS LISTED ON THE REVERSE SIDE OF THIS CARD AND AT THE DISCRETION OF THE PROXIES ON ANY OTHER MATTERS THAT MAY PROPERLY COME BEFORE THE MEETING.

The Board of Directors recommends a vote FOR each of the two Director proposals (Items 1 and 2) and AGAINST the Shareowner proposals (Items 3, 4 and 5) listed on the reverse side of this card (each of which is described in the proxy statement). The Board of Directors knows of no other matters that are to be presented at the meeting.

The nominees for the Board of Directors are:

01 - Gilbert F. Amelio	04 - Charles F. Knight	06 - Carlos Slim Helu
02 - Clarence C. Barksdale	05 - Toni Rembe	07 - Patricia P. Upton

Edgar Filing: SBC COMMUNICATIONS INC - Form DEF 14A

03 - Martin K. Eby, Jr.

PLEASE SIGN ON THE REVERSE SIDE OF THIS CARD AND RETURN PROMPTLY IN THE ENCLOSED ENVELOPE OR, IF YOU CHOOSE, YOU CAN SUBMIT YOUR PROXY THROUGH THE INTERNET OR BY TELEPHONE.

This proxy card, when signed and returned, or your telephone or Internet proxy, will also constitute voting instructions to the plan administrator or trustee for any shares held on your behalf under any of the following employee benefit plans: the SBC Savings Plan, the SBC Savings and Security Plan, the DonTech Profit Participation Plan, the Old Heritage Advertising & Publishers, Inc. Profit Sharing Plan, the SBC PAYSOP, the Pacific Telesis Group Employee Stock Ownership Plan, the Tax Reduction Act Stock Ownership Plan (the "TRASOP") sponsored by The Southern New England Telephone Company, the Cingular Wireless 401(k) Savings Plan, and the Cingular Wireless 401(k) Savings Plan for Bargained Employees. Shares in each of the foregoing employee benefit plans (except the TRASOP and the Old Heritage plan) for which voting instructions are not received, as well as shares which have not yet been allocated to participants' accounts in the SBC Savings Plan, subject to the trustees' fiduciary obligations, will be voted by the trustees in the same proportion as the shares for which voting instructions are received from other participants in each such plan. Similarly, the proxy card or telephone or Internet proxy will constitute voting instructions to the plan administrator for any shares held on your behalf pursuant to the DirectSERVICE Investment Program (dividend reinvestment plan).

(Please mark your proxy and sign on the reverse side.)
