Board of Directors

President and Chief Executive Officer
Exide Technologies
Lawrenceville, NJ 08648

Gentlemen:

Mellon HBV Alternative Investment Strategies, LLC ("MHBV"), through funds for which it serves as investment advisor, is the beneficial owner of 9.9% of the outstanding common stock of Exide Technologies ("Exide" or the "Company"). We are writing to you as a significant shareholder to express our grave concern about the Company's present operating results and financial position. MHBV is therefore filing a Schedule 13D, which amends its prior reporting on Schedule 13G, to reflect that MHBV intends to become involved in efforts that influence the direction of the Company.

MHBV commends the recent additions to the Exide Board of Directors. We hope that the Board will continue to elect additional members that ensure the concerns of the current shareholder base are well represented as well as execute on efforts that maximize shareholder value.

To further the goals of improving the performance of the Company and to enhance the value of its investment, MHBV anticipates exploring alternatives that may include a going-private transaction or a potential financing to de-leverage the balance sheet. MHBV has been in discussions with third parties that have an interest in pursuing a going private transaction. MHBV is also prepared to raise additional equity by back-stopping a rights offering to existing shareholders as long as it is done in conjunction with the Company hiring a professional turnaround expert. MHBV has been in touch with a turnaround firm that would provide much needed assistance to the Company's management team.

Based upon the foregoing, we are dedicated to becoming a more involved shareholder. We are willing to work with the board of directors and the Company in order to preserve the interests of all stakeholders of the Company and maximize shareholder value.

Sincerely yours,

MELLON HBV ALTERNATIVE
INVESTMENT STRATEGIES LLC
