CHANGE IN CONTROL

Acola has entered into a letter of intent pursuant to which it will issue to Teda Travel, Inc., a Florida corporation ("Teda"), an amount of common stock equal to approximately 95.5% of the issued and outstanding Acola common stock (the "Reverse Merger") after the actions to be taken described in this Information Statement. It is contemplated that Teda will take over control of Acola upon consummation of the Reverse Merger.

NOTICE TO STOCKHOLDERS OF ACTION APPROVED BY CONSENTING STOCKHOLDERS

The following action was taken based upon the unanimous recommendation of Acola's Board of Directors (the "Board") and the written consent of the consenting stockholders:

ACTION 1 REVERSE STOCK SPLIT

MATERIAL TERMS OF THE REVERSE SPLIT

The Board has unanimously adopted and the consenting stockholders have approved a resolution, attached as Exhibit A hereto, to effect a one-for-forty (1:40) reverse stock split of both the Class B Common Stock and the Class A Common Stock of Acola (the "Reverse Split"). The Board and the consenting stockholders believe that the Reverse Split is in Acola's best interests, principally because it will prepare Acola for the Reverse Merger. The resulting reduction in the number of issued and outstanding shares of Acola common stock will provide it with the necessary authorized but unissued shares to consummate the Reverse Merger.

The immediate effect of the Reverse Split will be to reduce the total number of shares of Acola common stock from approximately 41,855,050 to approximately 1,046,376 presently issued and outstanding. While the Reverse Split is consummated principally in anticipation of the Reverse Merger, there is no guarantee that the parties to the Reverse Merger will actually consummate the Reverse Merger since the definitive agreements have not been executed.

However, the Reverse Split will affect all of the holders of all classes

Edgar Filing: ACOLA CORP - Form PRE 14C

of Acola's common stock uniformly and will not affect any stockholder's percentage ownership interest in Acola or proportionate voting power, except for insignificant changes that will result from the exchange of fractional shares for cash.

The Reverse Split is expected to become effective on or about March 1, 2004 (the "Effective Date"). The Reverse Split will take place on the Effective Date without any action on the part of the holders of all classes of Acola's common stock and without regard to current certificates representing shares of all classes of Acola common stock being physically surrendered for certificates representing the number of shares of all classes of Acola common stock each stockholder is entitled to receive as a result of the Reverse Split. New certificates of Acola common stock will not be issued.

No fractional shares will be issued in connection with the Reverse Split. Stockholders who would otherwise be entitled to receive fractional shares because they hold a number of shares of any class of Acola common stock that is not evenly divisible by 40 will receive cash in lieu of any fractional shares.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following summary of certain material federal income tax consequences of the Reverse Split does not purport to be a complete discussion of all of the possible federal income tax consequences and is included for general information only. Further, it does not address any state, local, foreign or other income tax consequences, nor does it address the tax consequences to stockholders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the United States federal income tax laws as of the date of this Information Statement. Such laws are subject to change retroactively as well as prospectively. This summary also assumes that the shares of Common Stock are held as "capital assets," as defined in the Internal Revenue Code of 1986, as amended. The tax treatment of a stockholder may vary depending on the facts and circumstances of such stockholder.

EACH STOCKHOLDER IS URGED TO CONSULT WITH SUCH STOCKHOLDER'S TAX ADVISOR WITH RESPECT TO THE PARTICULAR TAX CONSEQUENCES OF THE REVERSE SPLIT.

No gain or loss should be recognized by a stockholder as a result of the Reverse Split; provided however, any amounts received in lieu of fractional shares may result in a taxable gain or loss. The aggregate tax basis of the shares received in the Reverse Split will be the same as the stockholder's aggregate tax basis in the shares exchanged. The stockholder's holding period for the shares received in the Reverse Split will include the period during which the stockholder held the shares surrendered as a result of the Reverse Split. Acola's views regarding the tax consequences of the Reverse Split are not binding upon the Internal Revenue Service or the courts, and there is no assurance that the Internal Revenue Service or the courts would accept the positions expressed above. The state and local tax consequences of the Reverse Split may vary significantly as to each stockholder, depending on the state in which such stockholder resides.

ACTION 2
CONVERSION AND ELIMINATION OF THE
CLASS B COMMON STOCK

Edgar Filing: ACOLA CORP - Form PRE 14C

The Board has unanimously adopted and the consenting stockholders have approved a resolution to effect a reclassification of the Class B Common Stock into the Common Stock (the "Reclassification"). The effect of this reclassification is to eliminate the special rights provided to holders of the Class B Common Stock and to have just one class of common stock. The Class B Common Stock is currently entitled to 100 votes per share on all matters to be voted on by Acola stockholders. The 2,000,000 shares of Class B Common Stock currently issued and outstanding, upon the Effective Date, will be reclassified to 2,000,000 shares of Common Stock, which will be entitled to only one vote per share and which will also be subject to the Reverse Split. Thus, the 2,000,000 shares of Class B Common Stock currently issued and outstanding will ultimately become 50,000 shares of Acola Common Stock.

Before this action the authorized capital stock of Acola consisted of 100,000,000 shares of Common Stock, 5,000,000 shares of which were classified as Class B Common Stock, and 5,000,000 shares of Preferred Stock, par value \$.001 per share. As a result of this action, as of the Effective Date, the total number of shares which the Corporation shall have authority to issue will be 105,000,000 shares of capital stock, which shall be divided into 100,000,000 shares of Common Stock, par value \$.001 per share, and 5,000,000 shares of Preferred Stock, par value \$.001 per share.

The Board and the consenting stockholders believe that the Reclassification is in Acola's best interests, principally because it will prepare Acola for the Reverse Merger. While the Reclassification is consummated principally in anticipation of the Reverse Merger, there is no guarantee that the parties to the Reverse Merger will actually consummate the Reverse Merger since the definitive agreements have not been executed.

There are no arrears in dividend or defaults with respect to the Class B Common Stock.

These two actions are not intended to have any anti-takeover effect and is not part of any series of anti-takeover measures contained in any debt instruments or the Certificate of Incorporation or the Bylaws of Acola in effect on the date of this Information Statement. However, Acola stockholders should note that the availability of additional authorized and unissued shares of common stock could make any attempt to gain control of Acola or the Board more difficult or time consuming and that the availability of additional authorized and unissued shares might make it more difficult to remove management. Although the Board currently has no intention of doing so, shares of common stock could be issued by the Board to dilute the percentage of common stock owned by a significant stockholder and increase the cost of, or the number of, voting shares necessary to acquire control of the Board or to meet the voting requirements imposed by Delaware law with respect to a merger or other business combination involving Acola. Acola, however, is anticipating a take over of Acola pursuant to the Reverse Merger.

CERTIFICATE OF AMENDMENT

STATE of DELAWARE
CERTIFICATE of AMENDMENT of
CERTIFICATE of INCORPORATION
of ACOLA CORP.

ACOLA CORP. (the "Corporation") a corporation organized and existing under and by virtue of the Delaware General Corporation Law ("DGCL") does hereby certify:

FIRST: That the Board of Directors of the Corporation, by the unanimous written consent of its members, filed with the minutes of the Board, adopted a resolution proposing and declaring advisable the following amendment to the Certificate of Incorporation of the Corporation:

RESOLVED, that, to effectuate the Reverse Stock Split and Reclassification of Class B Common Stock, Article V of the Certificate of Incorporation, as amended and in effect on the date hereof (the "Certificate of Incorporation"), be amended by adding the following paragraphs thereto:

Upon this Certificate of Amendment to the Certificate of Incorporation of the Corporation becoming effective in accordance with the General Corporation Law of the State of Delaware (the "Effective Date"), each forty (40) shares of Common Stock, par value \$.001 per share ("Old Common Stock"), of the Corporation issued and outstanding immediately prior to the Effective Date shall be, without any action of the holder thereof, automatically reclassified as and converted into one (1) share of Common Stock, par value \$.001 per share ("New Common Stock"), of the Corporation. Each share of New Common Stock shall be entitled to one vote.

Upon this Certificate of Amendment to the Certificate of Incorporation of the Corporation becoming effective in accordance with the General Corporation Law of the State of Delaware, each forty (40) share of Class B Common Stock, par value \$.001 per share ("Old Class B Common Stock"), of the Corporation issued and outstanding immediately prior to the Effective Date shall be, without any action of the holder thereof, automatically reclassified as and converted into one (1) share of Common Stock, par value \$.001 per share ("New Common Stock"), of the Corporation. Each share of New Common Stock shall be entitled to one vote.

Notwithstanding the immediately preceding paragraph, no fractional shares of New Common Stock shall be issued to the holders of record of Old Common Stock or Old Class B Common Stock in connection with the foregoing reclassification of shares of Old Common Stock and Old Class B Common Stock, and no certificates or scrip representing any such fractional shares shall be issued. In lieu of such fraction of a share, and upon surrender of the certificate or certificates representing the Old Common Stock and Old Class B Common Stock as provided below, any holder of Old Common Stock and Old Class B Common Stock who would otherwise be entitled to receive a fraction of a share of New Common Stock, after aggregating all fractional shares of New Common Stock to which any such holder would

Edgar Filing: ACOLA CORP - Form PRE 14C

otherwise be entitled, shall be entitled to receive cash in lieu of any fractional shares.

Each stock certificate that, immediately prior to the Effective Date, represented shares of Old Common Stock or Old Class B Common Stock shall, from and after the Effective Date, automatically and without the necessity of presenting the same for exchange, represent that number of whole shares of New Common Stock into which the shares of Old Common Stock or Old Class B Common Stock represented by such certificate shall have been reclassified. A letter of transmittal will provide the means by which each holder of record of a certificate that represented shares of Old Common Stock and Old Class B Common Stock shall receive, upon surrender of such certificate, a new certificate representing the number of whole shares of New Common Stock into which the shares of Old Common Stock or Old Class B Common Stock represented by such certificate shall have been reclassified. Each stockholder who owns fewer than 40 shares of record immediately prior to the Effective Date will not have any rights with respect to the New Common Stock and will only have the right to receive cash in lieu of the fractional shares to which the stockholder would otherwise be entitled.

As of the Effective Date, the total number of shares which the Corporation shall have authority to issue is 105,000,000 shares of Capital Stock, which shall be divided into 100,000,000 shares of Common Stock, par value \$.001 per share, and 5,000,000 shares of Preferred Stock, par value \$.001 per share.

SECOND: That in lieu of a meeting and vote of the stockholders of the Corporation, a majority of the holders of the Corporation's Common Stock, voting as a class, and a majority of the holders of the Corporation's Class B Common Stock, voting as a class, have given their written consent to said amendment in accordance with the provisions of Section 228 of the DGCL, and written notice of the adoption of the amendment has been given as provided in Section 228 of the DGCL to every stockholder entitled to such notice.

THIRD: That the foregoing amendment of the Certificate of Incorporation was duly adopted in accordance with the provisions of Section 242 of the DGCL.

[Remainder of Page Intentionally Left Blank. Signature Page Follows.]
