To supplement PSEG's consolidated financial statements presented in accordance with GAAP, the Company uses non-GAAP measures of pro forma operating income and pro forma operating income per share which does not include losses relating to the impairment and operations of Energy Holdings' Argentine investments in 2002.

PSEG's management reviews these non-GAAP measures internally to evaluate the Company's performance and manage its operations. The Company believes that the inclusion of non-GAAP financial measures provides consistent and comparable measures to help shareholders understand PSEG's current and future operating results. PSEG urges shareholders to carefully review the GAAP financial information included as part of PSEG's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, and quarterly earnings releases.
