We have audited the accompanying statements of net assets available for benefits of the Public Service Enterprise Group Incorporated Employee Savings Plan (the "Plan") as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and

significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

PUBLIC SERVICE ENTERPRISE GROUP INCORPORATED
EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2003 AND 2002 AND FOR THE YEAR ENDED DECEMBER 31, 2003

1. DESCRIPTION OF THE PLAN

General

The following description of the Public Service Enterprise Group Incorporated (Company) Employee Savings Plan (Plan) is provided for general information purposes only. Participants (any person who has an interest in the Trust Fund) should refer to the Plan Document for more complete information.

The Plan is a defined contribution plan covering substantially all bargaining unit employees of the Company and its Participating Affiliates (each, an Employer). The Company's Employee Benefits Committee is the Named Fiduciary of the Plan and controls and manages its operation and administration. Until September 30, 2003, Deutsche Bank Trust Company Americas served as the Trustee of the Plan. The Bank of New York became the Trustee of the Plan effective October 1, 2003 (each a Trustee and, collectively, the Trustees). Hewitt Associates is the record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The majority of the Plan's investment assets are held in a trust account by the Trustee and consist of an undivided interest in an investment account of the Master Employee Benefit Trust (the Master Trust), a master trust established by the Company and administered by the Trustee.

During 2002, through a subsidiary, the Company acquired Wisvest Connecticut LLC. As a result of this transaction, the savings plan of the acquired company was merged with and into the Plan and the Public Service Enterprise Group Incorporated Thrift and Deferred Tax Saving Plan (Thrift Plan), effective December 31, 2002, and Participant account balances of \$7,433,274 were transferred into the Plan as of December 31, 2002. The Plan was amended and restated effective December 31, 2002 to reflect the Wisvest acquisition and the immediate vesting of all Employer Contributions.

Edgar Filing: PUBLIC SERVICE ENTERPRISE GROUP INC - Form 11-K

Contributions

Generally, Participants may contribute from 1% to 7% of their annual compensation each year, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations (Basic Deposits). The Participant's Employer contributes 50% of this Basic Deposit amount as its matching contribution to the Plan (Employer Contributions). A Participant's Employer begins matching contributions when that Participant has completed one Year of Service, as defined by the Plan, with his/her Employer. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Prior to February 1, 2002, Employer Contributions in excess of 5% and up to 7% of compensation were made in shares of the Company's Common Stock and were not available for transfer to any other investment fund or withdrawal from the Plan prior to the Participant's termination of employment. Effective March 1, 2002, Employer Contributions are made in cash and invested according to the Participant's then current investment election and all shares of Company Stock held in a Participant's account are eligible for transfer to any other investment fund, except the Employee Stock Ownership Plan Fund (ESOP Fund).

6

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

In addition, a Participant may elect to make supplemental deposits to the Plan in increments of 1% of compensation up to an additional 43% of compensation (Supplemental Deposits), subject to certain IRC limitations, without any corresponding matching Employer Contribution. Participants may designate such Basic and/or Supplemental Deposits as post-income tax contributions (Nondeferred Deposits) or pre-income tax contributions (Deferred Deposits).

Each Participant may, within any Plan Year, make one or more additional lump sum deposits on a nondeferred basis in minimum amounts of \$250 and in such total amounts which, when aggregated with such Participant's Basic Deposits and Supplemental Deposits, do not exceed 50% of his or her compensation for that Plan Year and subject to the limitations of the IRC.

Participant Accounts

Individual accounts are maintained for each Plan Participant. Each Participant's account is credited with the Participant's contributions and allocations of (a) the Employer's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant or beneficiary is entitled upon death, disability or retirement, as applicable, is the benefit that can be provided from the Participant's vested account.

ESOP Fund Participants receive quarterly payments directly from the Trustees equal to the dividends paid to the Trustees on the shares of the Company's Common Stock held for their account in the ESOP Fund.

Edgar Filing: PUBLIC SERVICE ENTERPRISE GROUP INC - Form 11-K

Participants who have elected to participate in the Company's Common Stock Fund may elect to have the dividends on the shares of the Common Stock paid directly to the Participant (or beneficiary) in cash or paid to the Participant's account, which will then be reinvested in the Company's Common Stock Fund. These provisions are not applicable with respect to Company Common Stock held in a Participant's Frozen ESOP Account.

Participant Loans

Participants may borrow from their fund accounts up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the past twelve months, whichever is less. The loans are secured by the balance in the Participant's account and bear interest at rates commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions. During 2003, the rate of interest on loans granted to Participants was 4.25% until June 30, 2003 and 4.00% effective July 1, 2003. During 2002, the rate of interest on loans granted to Participants was 4.75%.

No amounts may be loaned directly from any ESOP Fund, from any portion of a Participant's Savings Account attributable to transfers from the Cash Balance Plan for Represented Employees of Public Service Enterprise Group Incorporated (Cash Balance Plan) or from assets held in the Schwab Personal Choice Retirement Account (PCRA) Fund. No Participant may have more than two loans outstanding at any time.

Payment of Benefits

On termination of service due to retirement, a Participant may elect to receive an amount equal to the value of the Participant's vested interest in his or her account in either a lump-sum amount, or in quarterly or annual installments over a ten-year period. If a Participant's account balance is less than \$5,000 at the time of termination, the Participant will receive an automatic lump-sum payment for the entire account balance. For termination due to death, the Participant's beneficiary will receive lump-sum distribution equal to the value of the Participant's vested interest in his or her account.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Forfeitures

Any nonvested portion of the Participant's account, determined as of the date of severance from employment, shall be forfeited and shall be applied thereafter to reduce a subsequent contribution or contributions of the Employer as provided in the Plan. If such former Participant is rehired and remains employed by an Employer at the end of the fifth Plan Year after the Plan Year in which such severance occurred, then such nonvested portion of the Participant's Account shall be reinstated by the Employer and the Participant's right thereto shall be determined as if the Participant had not terminated employment, provided that the Participant repays to the Plan the amount of any distribution paid to him or

Edgar Filing: PUBLIC SERVICE ENTERPRISE GROUP INC - Form 11-K

her on account of the severance from employment. For the years ended December 31, 2003 and 2002, forfeitures amounted to \$15,190 and \$121,372, respectively.

Vesting

Except for amounts transferred from the Cash Balance Plan into the Plan, Employer Contributions to a Participant's Savings Account are fully vested. Amounts transferred from the Cash Balance Plan follow the Cash Balance Plan vesting regulations and vest upon the earliest of a Participant's completion of five years of service with an Employer, attainment of age 65 or approval for benefits under a Company long-term disability plan. All amounts credited to a Participant's ESOP Fund are fully vested.

Penalties Upon Withdrawal

If a Participant withdraws vested Employer Contributions and/or Deposits before they have been in the Plan for twenty-four months, such Participant will lose the matching Employer Contributions on Deposits made during the subsequent three months. Distributions to Participants electing to withdraw Nondeferred Deposits and Employer Contributions are made as soon as practicable after such elections are received by the Plan's record keeper. Nondeferred Deposits may be withdrawn at any time, but certain penalties may apply. Deferred Deposits may not be withdrawn during employment prior to age 59-1/2 except for reasons of extraordinary financial hardship and to the extent permitted by the IRC (hardship withdrawals). Distributions to Participants of approved hardship withdrawals are made as soon as practicable after such approval.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Risks and Uncertainties

The Plan utilizes various investment options. The mutual funds invest in various securities including U.S. Government securities, corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably

Edgar Filing: PUBLIC SERVICE ENTERPRISE GROUP INC - Form 11-K

possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the financial statements.

Reclassifications

Certain reclassifications of amounts reported in the prior period have been made to conform with the current year presentation.

Investment Valuation and Income Recognition (Master Trust Fund)

The investments in the Master Trust are stated at fair value except for its benefit-responsive investment contracts within the Stable Value Fund, which are recorded at contract value, which approximates fair value. The Plan's investments in the guaranteed annuity contracts of the Stable Value Fund are with various insurance companies and other financial institutions, and are recorded at contract value, which approximates fair value, and are calculated as cost plus accumulated interest less withdrawals. Quoted market prices are used to value all other investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Short-Term Investments are stated at cost, which approximates fair market value. Dividend income is recorded on the ex-dividend date. The loans to Participants are valued at outstanding principal balance plus accrued interest, which approximates fair value.

Investment gains and losses from securities transactions are computed using an adjusted cost basis as prescribed by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the plan but have not yet been paid were \$149,334 and \$175,778 as of December 31, 2003 and 2002, respectively.

Administrative Expenses of Plan

All expenses incurred for the administration of the Plan, including taxes and brokerage costs, are deducted from the Master Trust Fund.

Transfers of the ESOP Fund to Savings Account

Participants are permitted to transfer all, but not less than all, of the shares of the Company's Common Stock from their ESOP Fund to their Savings Accounts. To affect such transfers, the Trustee will sell the shares of the Company's Common Stock held in the ESOP Fund and invest the proceeds in the Savings Account Investment Funds designated by the Participant. The cash value of each share of the Company's Common Stock transferred will be equal to the price per share of the Company's Common Stock actually received by the Trustee. Any such transfer is treated as a rollover contribution.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. INVESTMENT OF THE PLAN AND THRIFT PLAN IN THE MASTER TRUST

Certain of the Plan's investment assets are held in a trust account by the Trustee and consist of an undivided interest in an investment account of the Master Trust. Use of the Master Trust permits the commingling of trust assets with the assets of the Thrift Plan for investment and administrative purposes. Although assets of both plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the respective participating plans. The net investment income of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. As of December 31, 2003 and 2002, the Plan's interests in such assets of the Master Trust were approximately 40% and 39%, respectively.
