PARIS AND NEW YORK, DECEMBER 17 - Vivendi Universal [NYSE: V; PARIS BOURSE: EX FP] today announced that Vivendi Universal will acquire full control of the entertainment assets of USA Networks (USA) in a deal valued at approximately \$10.3 billion. Vivendi Universal will have a 93% control of an entity to be called Vivendi Universal Entertainment (VUE) that brings together Universal Studios Group and the entertainment assets of USA. The transaction will be financed by the exchange of USA and Vivendi Universal securities and limited cash outlay by Vivendi Universal.

Edgar Filing: VIVENDI UNIVERSAL - Form DFAN14A

The agreement received unanimous support from the Vivendi Universal and USA boards.

Commenting on today's announcement, Jean-Marie Messier, Chairman and CEO of Vivendi Universal said: "Our strategy is clearly coming together. Combining within the same operational

(1) Value of preferred stock given to USAi in VUE, offset by warrants received by Vivendi Universal on USAi.

2

entity, VUE, USG and the entertainment assets of USA creates a new U.S. major, which will benefit from the full integration of TV and movies activities with production and distribution.

"Along with our strategic partnership with EchoStar, this transaction fully addresses Vivendi Universal's needs in terms of integration and distribution on the U.S. market.

"I am pleased to see Edgar Bronfman, Jr.'s vision come into reality with our group taking back full control of those assets after their successful growth and profitability under the efficient management of Barry Diller and his team.

"Barry has a strong track record in cash-flow growth and asset-value creation. Introducing Barry as the CEO of VUE serves our shareholders' interests.

"I know he will be able to rely in this position on the strong performance and commitment from Ron Meyer, President and Chief Operating Officer of Universal Studios Group and Stacey Snider, Chairman of Universal Pictures. They have been driving the exceptional years of success of the studios and will continue to do so.

"In addition, this strategic move will significantly benefit Vivendi Universal shareholders, because of its significant value-accretion at every level - EBITDA, net income and free cash flow. By using mainly non-core, consolidated assets to acquire this control, we are strongly positioned to enhance performance and value to Vivendi Universal shareholders.

"I also welcome Liberty Media Communication as a Vivendi Universal shareholder and a key partner as we expand our prospects in programming alliances in Europe.

"At the end of just one year following our merger with Seagram and Canal+, we have put the pieces together in fulfilling our strategy. In one short year, we have focused on integration and addressing our relative distribution weakness in the U.S. - and here we are today. We expect that 2002 will be a year of growth, without further change in perimeter. At the same time, we will focus on the continuous improvement of our operational performance, increase our world leadership position in our key content units, and pursue the development of our distribution and aggregation through commercial agreements," Mr. Messier concluded.

CREATING VALUE FOR VU SHAREHOLDERS

The transaction results in a significant value creation for Vivendi Universal shareholders.

On top of revenues which are expected to exceed 32 billion euros in 2002, EBITDA from media activities is expected to increase by more than 600 million euros,

Edgar Filing: VIVENDI UNIVERSAL - Form DFAN14A

representing more than 10% accretion over the market consensus relating to Vivendi Universal prior to September 4. The EBITDA/share accretion would represent around 8%.

Net income will be increased by approximately 200 million euros and free cash flow by more than 350 million euros.

On top of the strategic benefits, this immediate accretion at all levels of the income statement as early as 2002 will enhance value to Vivendi Universal shareholders.

3

FINANCING

Vivendi Universal will pay USA Networks approximately \$10.4 billion in combined securities and cash to acquire a controlling stake of 93% in VUE. Vivendi Universal will finance the transaction by selling the 314 million shares it already owns in USA Networks, through a limited liability (LLC) company, which will account for approximately 65% of the total consideration. The value of USA Networks shares has increased by more than \$3 billion since the original transaction between Seagram and USA took place in 1998. In addition, Vivendi Universal will use 32 million treasury shares in exchange for part of Liberty Media Corporation's stake in USA Networks. The 32 million shares accounts for 15% of Vivendi Universal's financing of the transaction. Another 20% of the financing will be in cash: \$1.6 billion in cash - the same amount that the company received from USA in the original transaction - and another \$750 million in various deferred payments.

In addition to its remaining 12.4% of USAi, pledged into the transaction, Vivendi Universal will receive warrants from USA to participate in future value-creation in the interactive businesses. USA Networks will issue the following classes of warrants to Vivendi Universal: 24.19 million at \$27.50/share, representing 5% of USA equity; 24.19 million at \$32.50/share, representing 5% of USA equity; and 12.09 million at \$37.50/share, representing 2.5% of USA.

A portion of the cash financing will be provided from the proceeds from the sale of 9% of Vivendi Environnement. Additionally, the recent sale of BSKyB shares by Deutsche Bank, which were previously sold to Deutsche Bank by Vivendi Universal, served to determine the final sale price of approximately 37% of the BSKyB stake.

In addition, Liberty will also sell its 27% stake in the European cable TV company, Multithematiques to Vivendi Universal for 5.2 million Vivendi Universal treasury shares, which will give Liberty a 3.6% stake Vivendi Universal (a total of 37.2 million shares.)

Barry Diller will receive a participation in Vivendi Universal Entertainment equal to 1.5% common equity stake.

MANAGEMENT

Barry Diller, CEO of USA Networks, will serve as Chairman and CEO of Vivendi Universal Entertainment. In addition, he will remain as the Chairman and CEO of the surviving USA entity, which will be called USA Interactive. Management of Universal Studios Group - including President and Chief Operating Officer Ron Meyer, Universal Pictures Chairman Stacey Snider and Chairman and CEO of Universal Studios Recreation Group Tom Williams - will remain in place in top management to continue the strong momentum in the business and current success of Universal Studios. In addition to the USG management team, Michael Jackson,

Edgar Filing: VIVENDI UNIVERSAL - Form DFAN14A

Chairman and CEO of USA Entertainment Group, will aid Mr. Diller in the integration and consolidation of Vivendi Universal Entertainment. Pierre Lescure will continue in his role as Co-Chief Operating Officer of Vivendi Universal. He will focus on U.S. / Europe integration of synergies across those two geographic areas.

Jean-Marie Messier will also create a worldwide entertainment committee that will gather every month all Vivendi Universal entertainment CEOs to ensure coherence of Vivendi Universal entertainment strategy and success of integration. The committee will coordinate the actions of

4

all the CEOs of the entertainment assets, extract all possible synergies and seek out and organize strategic partnerships. Mr. Messier will be seconded in this role by Pierre Lescure. The entertainment committee will cover film, TV, music, games and education, with a charter to extract all possible synergies among and between business units and to organize other strategic partnerships.

SYNERGIES

As a result of this transaction, the companies believe there will be improved content offerings on USA cable networks, which will drive ratings and per-subscriber fees. Also, this is the opportunity to fully monetize Universal franchise content, such as Dr. Seuss' How The Grinch Stole Christmas and Erin Brockovich) through improved TV distribution. While immediate revenue synergies are estimated to be approximately about \$60 million, these opportunities are expected to represent more than \$100 million of additional EBITDA (earnings before interest, taxes, depreciation and amortization) - approximately \$40 million from cost savings, in addition to the new revenue generation. Other cost saving opportunities may arise through information technology and real estate integration.

CLEARANCES AND TIMING

A proxy statement for USA Networks shareholders is expected to be filed with the SEC and cleared by mid-February. The USA Networks stockholder meeting is expected to be set for mid-March. The transaction is expected to close shortly after the shareholders approval.

The companies do not expect that antitrust clearance is necessary for this transaction.
