<b><i>What constitutes a quorum?</i></b>	<p>The presence of the holders of a majority of the shares entitled to vote at the Annual Meeting constitutes a quorum. Presence may be in person or by proxy. Therefore, you will be considered part of the quorum if you return a signed and dated proxy or voting instruction card, if you vote by telephone or Internet or if you attend the Annual Meeting.</p> <p>Abstentions and broker non-votes are counted as shares present at the meeting for purposes of determining whether a quorum exists but not as shares cast for any proposal. Because abstentions and broker non-votes are not treated as shares cast, they would have no impact on proposals 1 and 2.</p>
<b><i>What vote is required in order to approve each proposal?</i></b>	<p><b><i>Election of Directors:</i></b> The election of the three Class III nominees requires the affirmative vote of a majority of the shares cast at the Annual Meeting. If you do not want to vote your shares for a particular nominee, you may indicate that in the space provided on the proxy card or the voting instruction card or withhold authority as prompted during telephone or Internet voting. In the unanticipated event that any of such nominees is unable or declines to serve, the proxy will be voted for such other person as shall be designated by the Board of Directors to replace such nominee, or in lieu thereof, the Board may reduce the number of directors.</p> <p><b><i>Ratification of Independent Auditors:</i></b> Ratification of Deloitte &amp; Touche LLP as our independent auditors requires the affirmative vote of a majority of the shares cast at the Annual Meeting. If the shareholders do not ratify the appointment of Deloitte &amp; Touche LLP, the appointment will be reconsidered by our Board of Directors.</p>
<b><i>How will voting on any other business be conducted?</i></b>	<p>We do not know of any business or proposals to be considered at the Annual Meeting other than those set forth in this Proxy Statement. If any other business is proposed and we decide to allow it to be presented at the Annual Meeting, the proxies received from our shareholders give the proxy holders the authority to vote on the matter according to their best judgement.</p>
<b><i>Who will count the votes?</i></b>	<p>The Bank of New York will act as the inspector of election and will tabulate the votes.</p>
<b><i>Who pays to prepare, mail and solicit the proxies?</i></b>	<p>We will pay all of the costs of soliciting proxies. We will ask banks, brokers and other nominees and fiduciaries to forward the proxy materials to the beneficial owners of our common stock and to obtain the authority of executed proxies. We will reimburse them for their reasonable expenses. We have also retained W.F. Doring &amp; Co., Inc. to solicit proxies on our behalf and will pay them a fee, not to exceed \$7,500, for such services.</p>
<b><i>How do I submit a shareholder proposal for next year's Annual Meeting?</i></b>	<p>Any shareholder who intends to present a proposal at the 2003 Annual Meeting of Shareholders must deliver the proposal to the Corporate Secretary, c/o Lorai SpaceCom Corporation, 600 Third Avenue, New York, New York 10016:</p> <p>Not later than December 16, 2002, if the proposal is submitted for inclusion in our proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934; or</p> <p>No earlier than March 12, 2003 but no later than April 9, 2003, if the proposal is submitted pursuant to our bye-laws, in which case we are not required to include the proposal in our proxy materials.</p>

**REPORT OF THE COMPENSATION COMMITTEE**

**ON EXECUTIVE COMPENSATION**

The goals of the compensation program established by the Compensation and Stock Option Committee (the Compensation Committee) are to align compensation with business objectives and corporate performance and to enable the Company and its subsidiaries (collectively, the Loral Group) to attract, retain and reward executive officers who contribute to the long-term success of the Loral Group and thereby create value for shareholders. In order to attain these goals, the Compensation Committee's compensation policies link compensation to corporate performance.

The principal components of the Compensation Committee's compensation program are annual compensation consisting of base salary and an annual incentive bonus, as well as long-term incentive compensation using stock options. In determining the amount and form of executive compensation, the Compensation Committee has considered the competitive market for senior executives, the executive's role in achieving the business objectives of the Loral Group and the overall performance of the Loral Group. The type and amount of discretionary compensation granted is based upon the subjective judgment of the Compensation Committee and Chief Executive Officer (CEO); nevertheless, in the exercise of their discretion, the Compensation Committee and CEO consider a number of objective criteria which are discussed below in the context of the components of compensation to which they apply.

The Compensation Committee believes that its compensation policies, which have been instrumental in attracting and retaining highly qualified and dedicated personnel, will be an important factor in the growth and success of the Loral Group.

**Section 162(m) of the Code**

The Company's 1996 Stock Option Plan, which was adopted by the Company's Board of Directors and approved by the Company's then sole shareholder on March 13, 1996, has been designed to comply with the requirements for performance-based compensation under Internal Revenue Code Section 162(m). The Compensation Committee, however, does not have a policy precluding the payment of nondeductible compensation. Compensation attributable to option grants made to certain executive officers under the Company's 2000 Stock Option Plan will not be exempt from the deduction limits of Section 162(m).

**CEO Compensation**

The Company's CEO, Bernard L. Schwartz, is paid pursuant to a long-term employment contract. This contract provides for a minimum annual base salary, to be increased each year by the percentage change in the Consumer Price Index, plus such other annual increases as the Board of Directors or the Compensation Committee may grant from time to time. Effective April 23, 2001, Mr. Schwartz's annual base salary increased to \$1,726,100 in accordance with his contractual formula. The Compensation Committee sets annual incentive compensation for Mr. Schwartz by assessing a number of factors, including his individual effort, performance and contribution toward achieving the business plan and growth objectives of the Loral Group. The Compensation Committee determined not to pay a cash bonus to Mr. Schwartz for 2001. On March 4, 2002, the Compensation Committee approved a special stock option grant for Mr. Schwartz to acquire 250,000 shares of the Company's common stock. See Executive Compensation table for grant details.

**Compensation for Other Executive Officers**

Base salaries for the NEOs other than Mr. Schwartz and other executive officers have been set at competitive levels by the CEO in consultation with the Compensation Committee, giving due regard to individual performance and time in position. Incentive compensation for NEOs other than Mr. Schwartz and other executive officers is set by the CEO, in consultation with the Compensation Committee, based on factors similar to those used for establishing incentive compensation for the CEO. Incentive compensation for corporate officers with line responsibility for division operations is generally tied to

**Table of Contents**

performance targets for the businesses under their authority. These performance targets are set as part of the annual budgeting process for the Company and its subsidiaries. No cash bonus compensation for 2001 was paid to the NEOs. On March 4, 2002, the NEOs received special stock option grants. See Executive Compensation table for grant details.

**Long-Term Compensation**

It is the Compensation Committee's belief that shareholders' interests are best served by encouraging key employees of the Lorol Group to develop ownership interests in the Company. To that end, the Compensation Committee primarily relies upon fair market value employee stock options granted in accordance with the provisions of the 1996 and 2000 Stock Option Plans. During 2001, 1,218,500 options were granted to employees under the 1996 Stock Option Plan, all of which were granted to NEOs, and 14,866,018 options were granted to employees under the 2000 Stock Option Plan, of which 5,007,800 were granted to NEOs.

**COMPENSATION COMMITTEE INTERLOCKS AND

**Table of Contents****EXECUTIVE COMPENSATION**

The Company has entered into a management agreement with Loral SpaceCom Corporation ( Loral SpaceCom ) pursuant to which Loral SpaceCom provides certain services to the Company. In accordance with this agreement, compensation for the NEOs and other executive officers and employees of the Company is paid by Loral SpaceCom. (b) The Black-Scholes model of option valuation was used to determine grant date present value. The Company does not advocate or necessarily agree that the Black-Scholes model can properly determine the value of an option. The present value calculation is based on a ten-year option term, a risk-free interest rate assumption of 5.25%, stock price volatility of 75% over a ten-year period and a dividend rate of \$0 per share. However, there were no adjustments made for non-transferability or risk of forfeiture. The actual value realized, if any, will depend on the amount by which the stock price at the time of exercise exceeds the exercise price. There is no assurance that the amount estimated by the Black-Scholes model will be realized.

**Employment and Other Related Arrangements**

Mr. Schwartz is compensated pursuant to an employment agreement with Loral SpaceCom, which was amended on July 18, 2000. This agreement, which expires on April 5, 2006, provides for a minimum annual base salary, to be increased each year by the percentage change in a specified consumer price index, plus such other annual increases as the Board of Directors or the Compensation Committee may grant from time to time.

Pursuant to the amended employment agreement, if Mr. Schwartz is removed as Chairman of the Board of Directors or as Chief Executive Officer other than for cause, or if his duties, authorities or responsibilities are diminished, or if there is a change of control of the Company, Mr. Schwartz may elect to terminate the agreement. A change of control of the Company is defined generally to mean: (1) the acquisition by any person of 35% or more of either (i) the then outstanding common stock or (ii) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors; (2) the incumbent directors cease for any reason to constitute at least a majority of the Board of Directors; (3) subject to certain exceptions, consummation of a reorganization, consolidation, merger or sale of substantially all of the assets of the Company; or (4) approval by the shareholders of the Company of a liquidation or dissolution of the Company. In any such event, or upon his death or disability, Mr. Schwartz will be entitled to receive a lump sum payment discounted at 9% per annum, in an amount equal to his base salary as adjusted for defined Consumer Price Index changes for the remainder of the term, an amount of incentive bonus equal to the highest received by Mr. Schwartz in any of the prior three years, times the number of years (including partial fiscal years) remaining during the term, and an amount calculated to approximate the annual compensation elements reflected in the difference between fair market value and exercise price of stock options granted to Mr. Schwartz. All such sums are further increased to offset any tax due by Mr. Schwartz under the excise tax and related provisions of Section 4999 of the Internal Revenue Code.

Loral SpaceCom has established Supplemental Life Insurance Programs for certain key employees including the NEOs. For Messrs. Schwartz, Zahler, DeBlasio, Moren and Townsend, the Plans are funded with split-dollar or universal life insurance policies with death benefit amounts of \$20,500,000, \$1,500,000, \$1,115,000, \$500,000 and \$1,000,000, respectively. Loral SpaceCom has agreed to maintain such policies in effect for Messrs. DeBlasio and Moren, who retired from the Company in the first quarter of 2002, through the end of 2002 in the case of Mr. Moren and April 1, 2003 in the case of Mr. DeBlasio. In the event of death of a covered executive under the split-dollar policies, Loral SpaceCom will be entitled to receive an amount not less than Loral SpaceCom's cumulative contributions. If any of the officers covered under the split-dollar program terminates his employment prior to the time that Loral SpaceCom's contributions equal the cash value of the insurance policy, he will be responsible for repayment of the remainder of Loral SpaceCom's contribution to the extent cash becomes available in the policy. Such officers contribute to the payment for this program. Messrs. Schwartz and DeBlasio are covered under the split-dollar program.

On July 18, 2000, the Board of Directors approved the entry by the Company into employment protection agreements with the NEOs that would provide them with certain protections in the event of a change of control of the Company. A change of control of the Company is defined generally to mean: (1) the acquisition by any person of 35% or more of either (i) the then outstanding common stock or (ii) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors; (2) the incumbent directors cease for any reason to constitute at least a majority of the Board of Directors; (3) subject to certain exceptions, consummation of a reorganization, consolidation, merger or sale of substantially all of the assets of the Company; or (4) approval by the shareholders of the Company of a liquidation or dissolution of the Company. These agreements provide that, after a change of control, the NEO would be entitled to certain protections relating to his responsibilities and duties, as well as compensation and benefits. In the event of a termination by the Company other than for cause or disability or a termination by the NEO for good reason, in each case as such terms are defined therein, the agreements provide for a severance package consisting of: (i) the NEO's base salary through the date of termination; (ii) a cash amount equal to three times the

**Table of Contents**

sum of the NEO's base salary, annual bonus, the present value amount of the cost of certain benefit plans and programs in which the NEO participates and the annualized value of the NEO's vacation and fringe benefits; and (iii) any deferred compensation and any other amounts or benefits then owing to the NEO. The employment protection agreements were amended on January 22, 2002 to clarify that the value of certain special stock or stock option grants would be included for purposes of determining the amount of any such severance package.

In connection with Mr. DeBlasio's retirement as First Senior Vice President of the Company as of March 29, 2002, the Company and Loral SpaceCom entered into a Retirement Agreement with Mr. DeBlasio providing for the following benefits: (i) payment of \$562,500 payable in equal bi-weekly installments over a two-year period ending March 29, 2004; (ii) the continued vesting of options to acquire 921,300 shares of common stock at \$2.96875 per share, which options may be exercised until March 29, 2004, and the continued vesting of options to acquire 307,100 shares of common stock at \$1.28 per share, which options may be exercised until March 29, 2004; and (iii) payment of the \$45,777 in premiums due in 2002 with respect to his life insurance policies.

In connection with Mr. Moren's retirement as Senior Vice President and Treasurer of the Company as of February 15, 2002, the Company and Loral SpaceCom entered into a Retirement Agreement with Mr. Moren providing for the continued vesting of options to acquire 750,000 shares of common stock at \$2.96875 per share, which options may be exercised until their expiration on December 22, 2010, and the continued vesting of options to acquire 750,000 shares of common stock at \$1.28 per share, which options may be exercised until their expiration on October 2, 2011. Pursuant to this agreement, Mr. Moren also received on March 4, 2002 fully vested ten-year options to acquire 150,000 shares of common stock at an exercise price of \$1.885 per share. The Retirement Agreement further provides that if, on or before February 15, 2003, the Company were to enter into an agreement that provides for a change in control (as defined in the employment protection agreement), and such change of control thereafter closes, Mr. Moren will receive a payment equal to the amount which he would have been entitled to receive had he been an employee of the Company at the time the change of control occurred and his employment were terminated other than for cause or disability.

**Pension Plan**

Loral SpaceCom maintains a defined benefit pension plan and trust (the Pension Plan) that is qualified under Section 401(a) of the Code. The Pension Plan provides retirement benefits for eligible employees of Loral SpaceCom and Loral SpaceCom's operating affiliates, including executive officers. The benefit formula for executive officers for the period ended December 31, 1996 will generally provide an annual benefit equal to the greater of (A) or (B), where (A) equals (i) 1.2% of compensation up to the Social Security Wage Base and 1.45% of compensation in excess of the Social Security Wage Base for each year prior to the calendar year in which a participant completes 15 years of employment, plus (ii) 1.5% of compensation up to the Social Security Wage Base and 1.75% of compensation in excess of the Social Security Wage Base for the calendar year in which the participant has completed 15 years of employment and for each year thereafter; and (B) equals (i) 1.2% of average annual compensation paid during 1992-1996 up to the 1996 Social Security Wage Base and 1.45% of average annual compensation paid during 1992-1996 in excess of the 1996 Social Security Wage Base for each year prior to the calendar year in which a participant completes 15 years of employment, plus (ii) 1.5% of average annual compensation paid during 1992-1996 up to the 1996 Social Security Wage Base and 1.75% of average annual compensation paid during 1992-1996 in excess of the 1996 Social Security Wage Base for the calendar year in which the participant has completed 15 years of employment and for each year thereafter. The benefit for periods subsequent to December 31, 1996 will be based on (A) above. Executive officers also participate in a supplemental executive retirement plan (the SERP) which provides supplemental retirement benefits due to certain reductions in retirement benefits under the Pension Plan that are caused by various limitations imposed by the Internal Revenue Code. Compensation used in determining benefits under the Pension Plan and SERP includes salary and bonus.

**Table of Contents**

Effective April 1, 1997, under the minimum distribution rules prescribed by the Code, Mr. Schwartz began receiving an annual benefit under the Pension Plan and SERP of \$2,165,700, determined on a joint and 50% survivor basis. The estimated annual benefit under the Pension Plan and SERP is \$404,000 for Mr. Zahler and \$201,000 for Mr. Townsend. These projected benefits have been computed assuming that (i) employment with Loral SpaceCom will be continued until normal retirement, (ii) current levels of creditable compensation and the Social Security Wage Base will continue without increases or adjustments throughout the remainder of the computation period and (iii) payments will be made on a life annuity basis. Mr. DeBlasio retired from his position with Loral effective March 29, 2002, and, assuming payment in the form of an annual life annuity benefit, he would be entitled to payments in the amounts of \$99,040 (Pension Plan) and \$416,763 (SERP) commencing April 1, 2002. Mr. Moren retired from his position with Loral effective February 15, 2002, and his annual life annuity benefit payment in the amounts of \$12,605 (Pension Plan) and \$37,487 (SERP) commenced on March 1, 2002.
