Computer Associates Savings Harvest Plan Committee  
Computer Associates Savings Harvest Plan:

We have audited the accompanying statements of assets available for benefits of Computer Associates Savings Harvest Plan (the Plan) as of March 30, 2003 and 2002, and the related statements of changes in assets available for benefits for the years ended March 30, 2003 and 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan as of March 30, 2003 and 2002, and the changes in assets available for benefits for the years ended March 30, 2003 and 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

HARVEST PLAN**

Notes to Financial Statements

March 30, 2003 and 2002

**(1) Description of the Plan**

The following description of the Computer Associates Savings Harvest Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**(a) General**

The Plan is a defined contribution plan covering all eligible salaried employees. Employees are eligible to participate in the Plan with respect to pre tax contributions immediately. Eligibility with respect to employer matching and discretionary contributions occurs in the month following completion of one full year of service to Computer Associates International, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the Computer Associates Savings Harvest Plan Committee (Plan Committee) which consists of senior management of the Company. The trustee of the Plan is Fidelity Investments.

**(b) Participant Accounts**

A separate account is established and maintained in the name of each participant and reflects the participant's balance invested therein. Such balance includes earnings and losses allocated to each participant's account based upon the percentage investment that each participant's account balance bears to the total of all participant account balances as well as the participant's investment election. Forfeited balances of terminated participants' nonvested accounts may be used to reduce future Company contributions and pay for the Plan's administrative expenses.

**(c) Contributions**

Plan participants may elect to contribute a percentage of their base compensation ranging from 2% to 20%. Each participant can change this election at any time.

To comply with the applicable Internal Revenue Code (IRC) provision, pre-tax contributions elected by any participant may not exceed \$12,000 and \$11,000 for the calendar years ended December 31, 2003 and 2002, respectively. The Plan also allows participants age 50 and over to make an extra "catch-up" contribution on a pre-tax basis, which may not exceed \$2,000 and \$1,000 for the calendar years ended December 31, 2003 and 2002, respectively. Participants may also contribute on an after-tax basis.

For eligible participants, the Company makes a matching contribution to the Plan on behalf of each participant equal to 50% of such participant's contribution up to a maximum of 2.5% of the participant's base compensation (contributions are subject to certain IRC limitations). The total matching contribution for the year ended March 30, 2003 was \$12,411,697 of which \$3,043,827 was funded from plan forfeitures. The total matching contribution for the year ended March 31, 2002 was \$12,439,313 of which \$2,685,218 was funded from plan forfeitures.

HARVEST PLAN**

Notes to Financial Statements

March 30, 2003 and 2002

In addition to its matching contribution, the Company may contribute to the Plan on behalf of eligible participants, a discretionary contribution in an amount that the board of directors of the Company may, in its sole discretion, determine. The discretionary contribution for the year ended March 30, 2003 was \$20,583,342, which was paid in the form of 1,511,258 shares of common stock of the Company. The discretionary contribution for the year ended March 31, 2002 was \$23,652,524, which was paid in the form of 1,188,569 shares of common stock of the Company. The discretionary contribution is allocated to each eligible participant who is an employee of the Company on March 30 of that year, generally in the same ratio that the participant's base compensation for the plan year bears to the base compensation of all participants for such plan year. The discretionary contributions for the years ended March 30, 2003 and 2002, were allocated directly to the Computer Associates Stock Fund into each participant's account in April 2003 and 2002, respectively.

**(d) Vesting**

Participants are immediately vested in their elective contributions. The matching and discretionary contributions made by the Company vest as follows:

Percent vested	After years of service
0%	Less than 2
20%	2
40%	3
60%	4
80%	5
100%	6

In addition, 100% vesting occurs upon death or total disability of a participant, upon attainment of normal retirement age, or upon termination of the Plan.

**(e) Investment Options**

The assets of the Plan are invested by Fidelity Investments in nine separate funds:

*Fidelity Retirement Money Market Portfolio* invests in U.S. dollar denominated money market securities and repurchase agreements.

*Fidelity Intermediate Bond Fund* invests at least 80% of its assets in investment grade debt security and repurchase agreements.

*Fidelity Puritan Fund* invests approximately 60% of its assets in stocks and other equity securities and the remainder in bonds and other debt securities.

*Fidelity Growth and Income Portfolio* invests a majority of its assets in common stocks, and may invest in bonds.

*Fidelity Spartan U.S. Equity Index Fund* invests at least 80% of its assets in common stocks included in the Standard and Poor's 500 index.

*Fidelity Magellan Fund* invests primarily in common stocks of domestic and foreign issuers.

*Fidelity Diversified International Fund* invests primarily in foreign securities, primarily in common stock.

*Fidelity Aggressive Growth Fund* invests primarily in common stocks of domestic and foreign issues.

*Computer Associates Stock Fund* invests solely in the common stock of the Company.

Participants may direct future contributions or transfer their current investment balances between funds on a daily basis.

**(f) *Payment of Benefits***

The Plan provides for benefit distributions to plan participants or their beneficiaries upon the participant's retirement, termination of employment or death. Any participant may apply to withdraw all or part of his/her vested account balance subject to specific hardship withdrawal provision criteria in the Plan and the approval of the Plan Committee.

**(g) *Participant Loans***

Any participant may take a loan from his/her account once certain provisions of the Plan have been met. Upon the death, retirement or termination of employment of the participant, the Plan may deduct the total unpaid balance or any portion thereof from any payment or distribution to which the participant or his or her beneficiaries may be entitled. Interest rates on loans are fixed based on the prevailing market rate when the application for the loan is submitted. The prevailing rate at March 30, 2003 was 5.25%. All loans are being repaid in equal semimonthly installments and extend from periods of one to five years. Certain loans that were transferred from other plans had terms in excess of five years as they were for purchases of principal residences. Loans outstanding as of March 30, 2003 and 2002 bore interest ranging from 5.25% to 10.5% and 5.75% to 10.5%, respectively, and the terms range from 1 to 20 years. Participant loan fees which are included in administrative expenses on the accompanying statement of changes in assets available for benefit, are borne by the participant and amounted to \$41,290 and \$39,965 for the years ended March 30, 2003 and 2002, respectively.

**(h) *Administrative Expenses***

To the extent that the costs of recordkeeping and administration of the funds are not covered by plan forfeitures, they are borne by the Company. Such costs for the years ended March 30, 2003 and 2002 were \$179,216 and \$231,995, respectively, and were paid, in full, by plan forfeitures.

**(i) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

**(2) Summary of Significant Accounting Policies**

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The more significant accounting policies followed by the Plan are as follows:

**(a) Basis of Presentation**

The accompanying financial statements have been prepared on an accrual method of accounting.

**(b) Investments Valuation and Income Recognition**

Investments in Fidelity Investment funds and the Computer Associates Stock Fund are stated at fair value based upon quoted prices in published sources. Participant loans are stated at cost, and the difference between cost and fair value is not material to the Plan's financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date.

Included in the statement of changes in assets available for benefits is the net depreciation in the fair value of its investments, which consists of the realized gains or losses related to the sales of investments and the unrealized appreciation or depreciation on those investments for the year.

**(c) Payments of Benefits**

Benefits to participants or their beneficiaries are recorded when paid.

**(d) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

	<u>\$ 137,082,521</u>	<u>\$ 38,174,156</u>

**(4) Related-Party Transactions**

Certain plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the trustee as defined by the Plan; therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services and recordkeeping amounted to \$100,539 and \$155,724 for the years ended March 30, 2003 and 2002, respectively.

**(5) Discrimination Tests**

Contributions to the Plan for 2003 are subject to the limitations contained in Sections 401(k) and 401(m) of the Internal Revenue Code. The Plan's discrimination testing for the year ended March 30, 2003 has been completed and resulted in refunds to three participants for excess contributions under IRC Section 415(c) totaling \$13,416. Such refunds were made in May 2003.

Contributions to the Plan in the 2003 plan year did not exceed the limits contained in Sections 401(k) or 401(m) of the IRC.

**(6) Tax Status**

The Internal Revenue Service has determined and informed the Company in a letter dated June 12, 1995, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Committee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**(7) Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of assets available for benefits per the financial statements to the Form 5500 at March 30, 2003 and 2002:

**(8) Risks and Uncertainties**

The Plan may invest in various types of investments securities. Investment securities are exposed to various risks, such as interest rate, market, and/or credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of assets available for plan benefits.

**(9) Litigation**

In May 2003, a class action lawsuit captioned John A. Ambler v. Computer Associates International, Inc., et al. was filed in the U.S. District Court for the Eastern District of New York (the "ERISA Action"). The complaint in this matter, a purported class action on behalf of the Plan and the participants and beneficiaries of the Plan for a class period running from March 30, 1998 through May 30, 2003, asserts claims of breach of fiduciary duty under ERISA, the federal Employee Retirement Income Security Act. The named defendants were the Company, the Company's Board of Directors, the Plan, the Administrative Committee of the Plan, and the following current or former employees and/or Board members of the Company: Charles B. Wang; Sanjay Kumar; Ira Zar; Russell M. Artzt; Peter A. Schwartz; Charles P. McWade and various unidentified alleged fiduciaries of the Plan. The complaint alleged that the defendants breached their fiduciary duties by causing the Plan to invest in Company securities and sought damages in an unspecified amount.

On August 25, 2003, the Company announced its plans to settle all outstanding shareholder litigation, including the ERISA Action, related to claims about past accounting issues. As part of the settlement, the Company plans to issue in the aggregate to the various shareholder classes up to 5.7 million shares of its common stock. A maximum of 213,400 of those shares are allocated to the settlement of the ERISA Action, pending approval of the settlement by the Court. Although the maximum number of shares allocated is fixed, a percentage of the shares may be converted into cash in accordance with an agreed upon formula which is based upon the price of the Company's common stock at the time of the distribution to plan participants.
