**PROXY STATEMENT
June 25, 2009**

General

The form of proxy accompanying this Proxy Statement and the persons named therein as proxies have been approved by, and this solicitation is made on behalf of, the Board of Directors of MGM MIRAGE in connection with the Annual Meeting of Stockholders of MGM MIRAGE to be held at The Mirage in the Terry Fator Theatre, located at 3400 Las Vegas Boulevard South, Las Vegas, Nevada 89109, on August 4, 2009, at 10:00 a.m., Pacific Time, and at any postponements or adjournments thereof. MGM MIRAGE, together with its subsidiaries, is referred to herein as the Company, unless the context indicates otherwise.

Matters to be considered and acted upon at the annual meeting are set forth in the Notice of Annual Meeting accompanying this Proxy Statement and are more fully outlined herein. On June 25, 2009, the Company distributed to stockholders a notice containing instructions on how to access this Proxy Statement and the Company's Annual Report to Stockholders via the internet, and it has undertaken to mail a full set of proxy materials to stockholders who request paper copies.

Voting Rights and Outstanding Shares

Only stockholders of record of the Company's Common Stock, \$.01 par value per share (the Common Stock), as of June 12, 2009 will be entitled to vote at the meeting. The authorized capital stock of the Company presently consists of 600,000,000 shares of Common Stock. At the close of business on June 12, 2009, 441,007,329 shares of Common Stock were outstanding and entitled to vote. Each stockholder of record is entitled to one vote for each share held on that date on all matters that may come before the meeting. There is no cumulative voting in the election of directors.

You may vote in person by attending the meeting, by completing and returning a proxy by mail or by using the internet or telephone. To submit your proxy by mail, mark your vote on the enclosed proxy card, then follow the instructions on the card. To submit your proxy using the internet or by telephone, see the instructions on the proxy form and have the proxy form available when you access the internet website or place your telephone call.

All shares of Common Stock represented by properly submitted proxies will, unless such proxies have previously been revoked, be voted at the annual meeting in accordance with the directions on the proxies. If no direction is indicated, the shares will be voted in favor of the nominees for the Board of Directors listed in this Proxy Statement and in favor of Proposal 2 and abstained with respect to Proposal 3, as described herein. By returning a signed proxy card by mail or by duly submitting a proxy by internet or telephone, you will confer discretionary authority on the named proxies to vote on any matter not specified in the Notice of Annual Meeting. Management knows of no other business to be transacted, but if any other matters do come before the meeting, the persons named as proxies or their substitutes will vote or act with respect to such other matters in accordance with their best judgment.

Quorum and Votes Required

The presence, in person or by proxy, of the holders of at least a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum at the meeting. If you are the beneficial owner of shares held in street name by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. In accordance with the rules of the New York

Table of Contents

Stock Exchange (the Exchange), certain matters submitted to a vote of stockholders are considered by the Exchange to be routine items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period prior to the meeting. The election of directors and the ratification of the selection of the independent registered public accounting firm as our independent auditors for 2009 are considered routine matters for which brokerage firms may vote shares for which they have not received instructions. For those matters that the Exchange determines to be non-routine, brokerage firms that have not received instructions from their customers would not have discretion to vote. Your broker may not vote on the stockholder proposal described in Proposal 3, if presented at the meeting, without your specific instructions. Abstentions and broker non-votes are counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business, but broker non-votes are not counted as votes for or against the proposals to be acted on at the meeting.

The affirmative vote of a plurality of the votes cast at the meeting will be required for the election of directors. The affirmative vote of a majority of the shares of Common Stock represented at the meeting in person or by proxy and entitled to vote on the proposal will be required for approval of Proposal 2 and Proposal 3, respectively, assuming that a quorum is present or represented at the meeting. A properly executed proxy marked WITHHOLD AUTHORITY with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, and will have no effect. With respect to Proposal 2 and Proposal 3, respectively, a properly executed proxy marked ABSTAIN, although counted for purposes of determining whether there is a quorum, will not be voted. Accordingly, an abstention will have the same effect as a vote cast against Proposal 2 and Proposal 3, respectively. Pursuant to Delaware law, a broker non-vote will be counted for purposes of determining a quorum but will not be counted as a vote for or against Proposal 2 and Proposal 3, respectively.

How to Revoke or Change Your Vote

Any proxy given pursuant to this solicitation is revocable by the communication of such revocation in writing to the Secretary of the Company at any time prior to the exercise thereof, and any person executing a proxy, if in attendance at the meeting, may vote in person instead of by proxy.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to Be Held on August 4, 2009.

As permitted by the Securities and Exchange Commission, the Company is making available its Notice of Annual Meeting, Proxy Statement and 2008 Annual Report at www.proxyvote.com. If you received the Company's notice containing instructions on how to access these materials via the internet, you will not receive a printed copy of the proxy materials unless you follow the instructions contained in the notice or as set forth below.

Stockholders of Record. If your shares are registered in your own name, to enroll in the electronic delivery service of future proxy materials via e-mail or the internet, with the control number on your proxy card go directly to the following website at www.proxyvote.com and follow the instructions therein.

Beneficial Stockholders. If your shares are not registered in your name, to enroll in the electronic delivery service, check the information provided to you by your bank or broker, or contact your bank or broker for information on electronic delivery service.

Delivery of One Proxy Statement and Annual Report to a Single Household to Reduce Duplicate Mailings

Each year in connection with the Annual Meeting of Stockholders, the Company is required to furnish to each stockholder of record a proxy statement and annual report and to arrange for a proxy statement, annual report and, if

applicable, notice of internet availability of proxy materials to be furnished to each beneficial stockholder whose shares are held by or in the name of a broker, bank, trust or other nominee. Because many stockholders hold shares of the Common Stock in multiple accounts, this process may result in duplicate

mailings of proxy materials to stockholders who share the same address. Stockholders can avoid receiving duplicate mailings and save the Company the cost of producing and mailing duplicate documents as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single copy of proxy materials (other than proxy cards), go directly to the following website at www.proxyvote.com and follow the instructions therein.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single copy of proxy materials (other than proxy cards) if there are other stockholders who share an address with you. If you currently receive more than one copy of proxy materials at your household and would like to receive only one copy in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single copy of proxy materials but later decide that you would prefer to receive a separate copy of proxy materials for each account at your address, then please notify the Company or your nominee, as applicable, and the Company or your nominee will promptly deliver such additional proxy materials. If you wish to receive a separate copy of the proxy materials for each account at your address in the future, you may call toll-free at 1-800-542-1061 or write to Broadridge Financial Solutions, Inc. 51 Mercedes Way, Edgewood NY, 11717.

Stockholder Agreements

Company Stock Purchase and Support Agreement. In August 2007, we entered into a Company Stock Purchase and Support Agreement, as amended in October 2007, with Infinity World Investments LLC, a Nevada limited liability company (Infinity World) and an indirect wholly owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity. Under the agreement, in October 2007, we sold Infinity World 14.2 million shares of our Common Stock at a per share price of \$84 for a total purchase price of \$1.19 billion.

The agreement provides that, as long as Infinity World and its affiliates, which we refer to, from time to time, as the Infinity World group, beneficially own at least five percent of our outstanding Common Stock, whenever we propose to sell shares of our Common Stock (except for shares issued under an employee benefit plan), we will grant a preemptive right (which may be transferred to an affiliate of Infinity World) to acquire that number of shares needed to maintain the percentage ownership of the Infinity World group as calculated at the time we propose to sell shares. Infinity World elected not to exercise this right in connection with our recent underwritten public offering of 143,000,000 shares of Common Stock and the issuance of an additional 21,450,000 shares of Common Stock pursuant to the underwriters over-allotment option. Infinity World has agreed that the Infinity World group will not acquire beneficial ownership of more than 20% of our outstanding shares, subject to certain exceptions.

The agreement also provides that as long as the Infinity World group owns at least five percent of our outstanding Common Stock and the joint venture agreement contemplated by the agreement has not been terminated, Infinity World will have the right, subject to applicable regulatory approvals, to designate one nominee for election to our Board of Directors. If the Infinity World group beneficially owns at least 12% of our outstanding Common Stock, Infinity World will have the right to designate that the number of nominees for election to our Board of Directors is equal to the product (rounded down to the nearest whole number) of (x) the percentage of outstanding shares owned by the Infinity World group multiplied by (y) the total number of directors then authorized to serve on our Board of Directors. Based upon a Schedule 13D/A filed March 2, 2009 with the SEC by Infinity World group, it owned 26,048,738 shares of our Common Stock, or approximately 5.9% of the outstanding shares. Infinity World has not, as yet, designated a nominee for the Board of Directors. If Infinity World designates a nominee for election to our Board of Directors after the Annual Meeting of Stockholders, our Board of Directors will, in accordance with the agreement, increase the authorized number of directors to 14 and appoint the nominee to serve on the Board until the next meeting of stockholders at which directors are to be elected.

Stockholder Support Agreement. In August 2007, Infinity World also entered into a Stockholder Support Agreement with Tracinda. Under this agreement, Tracinda has agreed to vote its shares of our Common Stock in favor of Infinity World s nominee(s) to the Board of Directors, subject to applicable regulatory approvals.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company s executive officers and directors to file reports of ownership of the Common Stock with the SEC. Executive officers and directors are required to furnish the Company with copies

of all Section 16(a) forms that they file. Based upon a review of these filings and representations from the Company's directors and executive officers that no other reports were required, the Company notes that all reports for the year ended December 31, 2008 were filed on a timely basis.

Code of Conduct

The Board of Directors has adopted a Code of Business Conduct and Ethics and Conflict of Interest Policy (the Code of Conduct) that applies to all of the Company s directors and officers and certain of its employees, including the chief executive officer, the chief financial officer and the chief accounting officer. In addition, the Code of Conduct applies to all personnel of the Company and its operating subsidiaries at the Vice President, division director or more senior level, and to all accounting and finance personnel, and those personnel serving in such other categories as the Company designates from time to time. The Code of Conduct establishes policies and procedures that the Board believes promote the highest standards of integrity, compliance with the law and personal accountability. The Company s Code of Conduct and amendments and waivers thereto are posted on the Company s website at www.mgmmirage.com/codeofconduct under the caption Code of Business Conduct and Ethics and Conflict of Interest Policy. It is provided to all new directors, new officers and certain new employees and distributed annually to all directors, officers and certain employees of the Company, each of whom is required to acknowledge in writing his or her receipt and understanding thereof and agreement to adhere to the principles contained therein. Additionally, the Company will provide a copy of the Code of Conduct to any stockholder who requests it.

Director Independence

Pursuant to the Corporate Governance Rules of the Exchange, the Board of Directors assesses each director s independence annually by reviewing any potential conflicts of interest and outside affiliations, based on the standards set forth below. Using these standards and based upon information provided by each director, the Board of Directors has determined that Ms. Herman, Ms. McKinney-James and Messrs. Davis, Guinn, Haig, Hernandez, Kerkorian, Mandekic, Taylor and Wolzinger, who constitute a majority of the Board, are independent within the meaning of the rules of the Exchange.

Under the standards of independence adopted by the Board of Directors, a director is deemed to be independent only if the Board of Directors determines that such director satisfies each of the criteria set forth below:

No Material Relationship. The director does not have any material relationship with the Company. Material relationships do not take into consideration a director s status as a stockholder of the Company (including status as a major stockholder).

Employment. The director is not, and has not been at any time in the past three years, an employee of the Company. In addition, no member of the director's immediate family is, or has been in the past three years, an executive officer of the Company.

Other Compensation. The director or immediate family member has not received more than \$100,000 in direct compensation from the Company during any 12-month period within the past three years, other than in the form of director fees, pension or other forms of deferred compensation for prior

Table of Contents

service, provided such compensation is not contingent in any way on continued service. Compensation received by a director for former service as an interim Chairman, CEO or other executive officer or compensation received by an immediate family member for services as an employee (other than an executive officer) of the Company need not be considered in determining independence under this standard.

Auditor Affiliation. The director is not a current partner or employee of the Company's internal or external auditors; no member of the director's immediate family is a current partner of the Company's internal or external auditors or a current employee of such auditors who participates in such firm's audit, assurance or tax compliance (but not tax planning) practice; and the director or an immediate family member has not been within the past three years a partner or employee of the Company's internal or external auditors and has not personally worked on the Company's audit within that time.

Interlocking Directorships. The director or an immediate family member is not, and has not been within the past three years, employed as an executive officer by another entity where any of the Company's present executive officers at the same time serves or served on that entity's compensation committee.

Business Transactions. The director is not an employee, or an immediate family member is not an executive officer, of another entity that, during any one of the past three fiscal years, received payments from the Company, or made payments to the Company, for property or services that exceed the greater of \$1 million or 2% of the other entity's annual consolidated gross revenues.

For the purposes of determining whether a director who is a member of the Audit Committee is independent, the Company applies additional independence standards, including those set forth in Rule 10A-3 of the Exchange Act, and the Corporate Governance Rules of the Exchange applicable to audit committee composition.

Information Regarding Board and Committees

Board of Directors. The Board of Directors held 12 meetings during 2008. The work of the Company's directors is performed not only at meetings of the Board of Directors and its committees, but also by consideration of the Company's business through the review of documents and in numerous communications among Board members and others. During 2008, each member of the Board of Directors attended at least 75% of all meetings of the Board of Directors and the committees on which they served (held during the period for which they served), except that Mr. Kerkorian attended 1 of the 3 meetings of the Executive Committee. Directors are expected to attend each annual meeting of stockholders. All of the members of the Board of Directors attended last year's annual meeting.

Executive Committee. During intervals between the meetings of the Board of Directors, the Executive Committee is empowered to exercise all the powers of the Board, except those powers specifically reserved by Delaware law or by the Company's Amended and Restated Bylaws to the full Board of Directors, in the management and direction of the Company's business and conduct of the Company's affairs in all cases in which specific directions have not been given by the Board. The current members of the Executive Committee are James J. Murren (Chair), Robert H. Baldwin, Kirk Kerkorian, Anthony Mandekic, Rose McKinney-James, Daniel J. Taylor and Melvin B. Wolzinger. The Executive Committee held 3 meetings during 2008.

Nominating/Corporate Governance Committee. For a complete discussion of the functions of the Nominating/Corporate Governance Committee, see Corporate Governance Nominating/Corporate Governance Committee below. The current members of the Nominating/Corporate Governance Committee are Daniel J. Taylor (Chair), Willie D. Davis and Anthony Mandekic. The Nominating/Corporate Governance Committee was not formed until May 2009 and, therefore, no meetings were held during 2008.

Diversity and Community Affairs Committee. The functions of the Diversity and Community Affairs Committee include developing, implementing and monitoring the Company's diversity and philanthropy initiatives. The current members of the Diversity and Community Affairs Committee are Alexis Herman (Chair), Willie D. Davis, Roland Hernandez, Gary N. Jacobs, Anthony Mandekic and Melvin B. Wolzinger. The Diversity and Community Affairs Committee held 6 meetings during 2008.

Presiding Director

In accordance with the applicable rules of the Exchange, the Board of Directors has scheduled regular executive sessions of the non-management directors in which directors have an opportunity to meet outside the presence of management. Such sessions are chaired by Mr. Hernandez, as Presiding Director, who was elected by, and serves at the pleasure of, the Board of Directors. The Presiding Director was selected by a majority of the non-management directors and is responsible for convening such sessions and setting the agenda. The Board of Directors has established a process for stockholders and other interested parties to communicate with the Presiding Director, which is set forth in Stockholder and Interested Parties Communications with Directors below.

Audit Committee

The Audit Committee's responsibilities are described in a written charter adopted by the Board of Directors. The charter is posted on the Company's website at www.mgmmirage.com/auditcommittee under the caption Audit Committee, and a copy will be made available to any stockholder who requests it.

The current members of the Audit Committee are Roland Hernandez (Chair), Kenny C. Guinn, Alexis Herman and Rose McKinney-James. The Audit Committee is responsible for providing independent, objective oversight of the Company's financial reporting system. Among its various activities, the Audit Committee reviews:

1. The adequacy of the Company's internal controls and financial reporting process and the reliability of the Company's financial statements;
2. The independence and performance of the Company's internal auditors and independent registered public accountants; and
3. The Company's compliance with legal and regulatory requirements.

The Audit Committee also appoints the independent registered public accountants; reviews with such firm the plan, scope and results of such audit, and the fees for the services performed; and periodically reviews their performance and independence from management.

Under written guidelines adopted by the Board of Directors in connection with its Code of Conduct, the Audit Committee, or its designated member, is required to review reports of potential conflicts of interest involving directors, the management committee (which is comprised of James J. Murren (Chair), Robert H. Baldwin and Gary N. Jacobs), and to the extent not otherwise determined by the management committee, the other senior executives of the Company. With respect to such reports, it is the Audit Committee's responsibility to determine whether a conflict

exists and whether or not to waive the conflict. In determining whether a conflict of interest exists, the Audit Committee considers the materiality of the relationship between the third party and the Company pursuant to standards set forth in such written guidelines. In determining whether a conflict of interest should be waived, the Audit Committee considers the effectiveness of any safeguards that may be implemented, the feasibility of the individual's recusal in matters that affect the Company and the third party, and the materiality of lost services for the Company that may result from the recusal.

Table of Contents

The Audit Committee meets regularly in open sessions with the Company's management, independent registered public accountants and internal auditors. In addition, the Audit Committee meets regularly in closed executive sessions with the Company's management, independent registered public accountants and internal auditors, and reports its findings to the full Board of Directors.

The Board of Directors has determined that Mr. Hernandez, Mr. Guinn, Ms. Herman and Ms. McKinney-James meet the current independence and experience requirements of the Exchange's listing standards. The Board of Directors has determined that each of the members of the Audit Committee is financially literate and that Mr. Hernandez qualifies as an audit committee financial expert, as defined in the Exchange's listing standards and the Commission's regulations. In addition, the Board of Directors has determined that the service of Mr. Hernandez on other audit committees, as described earlier in the description of his principal occupation and other directorships under Election of Directors, would not impair his ability to effectively serve on the Company's Audit Committee. The Board of Directors will review such determination at its meeting following the Annual Meeting of Stockholders, when it makes committee assignments for the coming year.

Compensation Committee

The Compensation Committee operates under a written charter adopted by the Board of Directors. The charter is posted on the Company's website at www.mgmmirage.com/compensationcommittee under the caption Compensation Committee Charter, and a copy will be made to any stockholder who requests it. The primary function of the Compensation Committee is to ensure that the compensation program for executives of the Company (1) is effective in attracting and retaining key officers, (2) links pay to business strategy and performance and (3) is administered in a fair and equitable fashion in the stockholders' interests. The Compensation Committee recommends the executive compensation policy to the Board, determines compensation of senior executives of the Company, determines the performance criteria and bonuses to be granted pursuant to the Company's Annual Performance-Based Incentive Plan and administers and approves granting of share-based awards under the Company's Amended and Restated 2005 Omnibus Incentive Plan (the Omnibus Incentive Plan). The Compensation Committee's authority and oversight extends to total compensation, including base salaries, bonuses, share-based awards, and other forms of compensation. The Compensation Committee's authority is not delegated to others.

In carrying out its functions, the Compensation Committee obtains recommendations from the management committee with respect to various elements of compensation, including, but not limited to, determining the employees, other than the management committee, to whom share-based awards are granted and the amount of compensation to be paid to such employees, above a certain threshold. The Compensation Committee consults with the management committee to obtain performance results, legal and regulatory guidance, and market and industry data that may be relevant in determining compensation. In addition, the Compensation Committee consults with the Chief Executive Officer regarding the performance goals of the Company and of the management committee. However, other than in connection with negotiating their respective employment agreements, the management committee does not participate in determining the amount and type of compensation paid by the Company to the Named Executives. In addition, the Compensation Committee periodically engages outside consultants on various compensation-related matters. The Compensation Committee has the authority to engage services of independent legal counsel and consultants to assist the committee in analyzing and reviewing the compensation policies, the elements of compensation, and the aggregate compensation for the Named Executives. See Executive and Director Compensation and Other Information Compensation Discussion and Analysis below.

Each of the members of the Compensation Committee meets the current independence requirements of the Exchange's listing standards.

Nominating/Corporate Governance Committee

During 2008, the Board of Directors did not have a standing nominating committee, and as a controlled company as defined by the Corporate Governance Rules of the Exchange, the Company was not required to have one. In connection with the Company ceasing to be a controlled company in May 2009, the Board of

Table of Contents

Directors formed a Nominating/Corporate Governance Committee comprised solely of independent directors in compliance with the Corporate Governance Rules of the Exchange. Prior to the formation of the Nominating/Corporate Governance Committee, identification, consideration and nomination of potential candidates to serve on the Board of Directors were conducted by the entire Board of Directors. The Nominating/Corporate Governance Committee's responsibilities are described in a written charter adopted by the Board of Directors. The charter is posted on the Company's website at www.mgmmirage.com/nominatingcommittee under the caption "Nominating and Corporate Governance Committee," and a copy will be made available to any stockholder who requests it.

The Nominating/Corporate Governance Committee's responsibilities include the selection of director nominees to be recommended to the Board of Directors and the development and review of the Guidelines. The Nominating/Corporate Governance Committee also (1) develops and makes recommendations to the Board of Directors for specific criteria for selecting directors, (2) reviews and makes recommendations to the Board of Directors with respect to membership on committees of the Board of Directors, other than the Nominating/Corporate Governance Committee, (3) develops, reassesses and makes recommendations to the Board of Directors with respect to succession plans of the Chief Executive Officer and the Company's other key executive officers, (4) oversees the annual self-evaluations of the Board of Directors, and (5) oversees the orientation program for new directors and continuing education for directors.

In determining the criteria for membership, the Nominating/Corporate Governance Committee considers the appropriate skills and personal characteristics required in light of the then-current makeup of the Board and in the context of the perceived needs of the Company at the time, including the following experience and personal attributes: financial acumen; general business experience; industry knowledge; diversity; special business experience and expertise; leadership abilities; high ethical standards; independence; interpersonal skills; and overall effectiveness. The Nominating/Corporate Governance Committee may receive recommendations for Board candidates from various sources, including the Company's directors, management and stockholders. In addition, the Nominating/Corporate Governance Committee may engage an independent executive search firm to assist in identifying qualified candidates.

The Nominating/Corporate Governance Committee will review all recommended candidates in the same manner regardless of the source of the recommendation. Recommendations from public stockholders should be in writing and addressed to: Corporate Secretary, MGM MIRAGE, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109, Attention: Stockholder Communications, and must include the proposed candidate's name, address, age and qualifications together with the information required under federal securities laws and regulations. Such communication must be received in a timely manner and also include the recommending stockholder's name, address and the number of shares of Common Stock, and the length of time, beneficially held. See "Notice Concerning Stockholder Proposals and Nominations" below.

Each of the members of the Nominating/Corporate Governance Committee meets the current independence requirements of the Exchange's listing standards.

Stockholder and Interested Parties Communications with Directors

The Board of Directors has established a process for stockholders and other interested parties to communicate with members of the Board, the non-management directors as a group and the Presiding Director. All such communications should be in writing and should be addressed to the Corporate Secretary, MGM MIRAGE, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109, Attention: Stockholder Communications. All inquiries are reviewed by the Corporate Secretary, who forwards to the Board, the non-management directors or the Presiding Director, as applicable, a summary of all such correspondence and copies of all communications that he determines are appropriate, and consistent with, the Company's operations and policies. Matters relevant to other departments of the

Company are directed to such departments with appropriate follow-up to ensure that inquiries are responded to in a timely manner. Matters relating to accounting, auditing and/or internal controls are referred to the Chair of the Audit Committee and included in the report to the Board, together with a report of any action taken to address the matter. The Board of Directors or the Audit Committee, as the case may be, may direct such further action deemed necessary or appropriate.

The prices paid pursuant to these purchase agreements were consistent with prices charged to unrelated third parties. Under the time sharing agreement, Mr. Lanni could lease the Company's aircraft, including crew and flight services, for up to a maximum of 3 personal flights annually. Mr. Lanni paid a time sharing fee based on the Company's cost of the flight, which is limited by an FAA regulatory-imposed maximum and, at the Company's discretion, to the Standard Industry Fare Levels, as established by the Internal Revenue Service for purposes of determining taxable fringe benefits. Review, Approval or Ratification of Transactions

Our Board has approved separate written guidelines under the Company's Code of Conduct for the reporting, review and approval of potential conflicts of interest (the Conflict of Interest Guidelines). Each potential conflict of interest that is reportable under the Conflict of Interest Guidelines is reviewed internally on a case by case basis. Any such reportable potential conflict of interest involving a director or a member of the management committee, any of their respective spouses, minor children or other dependents, must be reviewed by the Audit Committee, or a designated member thereof. Furthermore, all such reportable potential conflicts of interest involving other senior executives who are not members of the management committee, or other employees, or their respective spouses, minor children or other dependent, are reviewed by the Company's internal legal department or its management committee.

Because the Conflict of Interest Guidelines were designed to implement a procedure by which the Company can review and take action with respect to potential conflicts of interest, the criteria for determining which proposed transactions are reportable under the Conflict of Interest Guidelines are based on various factors designed to determine the materiality of such transaction with respect to the corresponding employee or director, including the size of the transaction or investment, the nature of the investment or transaction, the nature of the relationship between the third party and the Company, the nature of the relationship between the third-party and the director or employee, and the net worth of the employee or director, and are not based on the threshold set forth in Item 404(a) of Regulation S-K. Furthermore, the Conflict of Interest Guidelines are not applicable to any stockholder of the Company who is not otherwise an employee or a director of the Company. Therefore, while certain transactions that are reportable under Item 404(a) of Regulation S-K might be reportable under the Conflict of Interest Guidelines, none of the transactions reported above under the Description of Transactions sub-section above was reported or reviewed pursuant to the Conflict of Interest Guidelines. Nevertheless, each of such transactions reported above was reported to, and reviewed and approved by, one or more of the disinterested members of the management committee pursuant to an informal procedure. The contribution to the Smith Center for Performing Arts was approved by the full Board of Directors, with Mr. Jacobs abstaining from voting.

AUDIT COMMITTEE REPORT

The Audit Committee reviewed and discussed the audited financial statements with management and Deloitte & Touche LLP, the Company's independent registered public accounting firm, and management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The discussions with Deloitte & Touche LLP included the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Oversight Board in Rule 3200T. The Audit Committee also received the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and has discussed with Deloitte & Touche LLP their independence.

The Audit Committee also: (i) reviewed and discussed with management, the Company's internal auditors and Deloitte & Touche LLP the Company's internal control over its financial reporting process; (ii) monitored management's review and analysis of the adequacy and effectiveness of those controls and processes; and (iii) reviewed and discussed with management and Deloitte & Touche LLP their respective assessment of the effectiveness and adequacy of the Company's internal control over financial reporting.

Based on the Audit Committee's review of the audited financial statements and the review and discussions described in the foregoing paragraphs, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended December 31, 2008 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for filing with the SEC.

EXECUTIVE AND DIRECTOR COMPENSATION AND OTHER INFORMATION

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Roles in Establishing Compensation

Compensation Committee. The Compensation Committee is responsible for establishing, implementing and reviewing the compensation program for our employees, including the executive officers. The compensation for our Named Executives is presented in the tables that follow this Compensation Discussion and Analysis, beginning with the Summary Compensation Table. Our Named Executives in any fiscal year are defined as any person who served as our Chief Executive Officer or Chief Financial Officer, and our other three most highly compensated executive officers at the end of that fiscal year. Accordingly, in 2008, our Named Executives were James J. Murren, Daniel J. D'Arrigo, Robert H. Baldwin, Gary N. Jacobs, Aldo Manzini, and J. Terrence Lanni, who resigned as Chief Executive Officer in November 2008.

The Compensation Committee recommends the executive compensation policy to our Board of Directors, determines compensation of our senior executives, determines the performance criteria and incentive awards to be granted pursuant to our Annual Performance-Based Incentive Plan and administers and approves granting of equity-based awards under our Omnibus Incentive Plan. The Compensation Committee's authority and oversight extends to total compensation, including base salaries, bonuses, non-equity incentive awards, equity-based awards and other forms of

compensation. The Compensation Committee's authority is not delegated to others.

The current members of the Compensation Committee are Anthony Mandekic (Chair), Willie D. Davis, Kenny C. Guinn, Daniel J. Taylor and Melvin B. Wolzinger. Each of the members of the Compensation Committee meets the current independence requirements of the Exchange's listing standards.

Table of Contents

Executive Officers. In carrying out its functions, the Compensation Committee obtains recommendations from senior executives with respect to various elements of compensation, including, but not limited to, determining the employees other than the management committee to whom share-based awards are granted and the amount of compensation to be paid to such employees. The Compensation Committee consults with the senior executives to obtain performance results, legal and regulatory guidance, and market and industry data that may be relevant in determining compensation. In addition, the Compensation Committee consults with the Chief Executive Officer regarding our performance goals and the performance of our executive officers. Furthermore, the Chief Executive Officer meets with the Chair of the Compensation Committee and our lead director to discuss the Chief Executive Officer's performance during the prior year, including with respect to strategic planning, geographical and market expansion, management of new operations, projects and investments, succession planning and interactions and working relations with the Board. Because Mr. Murren was appointed as the Chief Executive Officer in November 2008 following the resignation of Mr. Lanni, a review of Mr. Murren's performance in his capacity as the Chief Executive Officer was not conducted in 2008 but will be conducted in 2009.

Other than in connection with negotiating their respective employment agreements and other than with respect to consultation rights our Chief Executive Officer has in connection with determining the performance criteria and target bonus under our Annual Performance-Based Incentive Plan for Executive Officers (the Incentive Plan), the executive officers do not participate in determining the amount and type of compensation they are paid. Instead, the Compensation Committee's assessment of the individual performance of the executive officers is based primarily on the Committee's independent observation and judgment of the responsibilities, duties, performance and leadership skills of the executive officers as well as our overall performance.

Outside Consultants. The Compensation Committee periodically engages outside consultants on various compensation-related matters. The Compensation Committee has the authority to engage the services of independent legal counsel and consultants to assist the committee in analyzing and reviewing the compensation policies, the elements of compensation, and the aggregate compensation for the executive officers. Recently, the Compensation Committee engaged outside consultants as follows:

During 2006, 2007 and 2008, Deloitte & Touche LLP was engaged by the Compensation Committee to perform certain agreed upon procedures in connection with the Compensation Committee's review of the achievement of the financial goals set pursuant to the Annual Performance-Based Incentive Plan and the corresponding non-equity incentive awards payable to the Named Executives under such plan.

During 2008, Frederic W. Cook & Co., Inc. (FW Cook) was engaged by the Compensation Committee to assist the Compensation Committee in determining the appropriate strategy for implementing an exchange offer to employees to exchange certain out-of-the-money stock options and stock appreciation rights (SARs) for restricted stock units (RSUs) and to assist the Compensation Committee in adopting a policy for annual equity-based compensation for employees.

During 2008, Semley Brossy Consulting Group, LLC was engaged by the Compensation Committee to assist the Compensation Committee in determining the long-term and short-term compensation strategies for the non-management directors, including evaluating the appropriate peer group companies, the appropriate elements of compensation and the appropriate equity compensation.

During 2006 and 2007, Hewitt Associates, LLC was engaged by the Compensation Committee to assist the Compensation Committee in determining the long-term and short-term compensation strategies for the executive officers, including evaluating the appropriate peer group companies, the appropriate performance measures, the appropriate elements of compensation and the appropriate equity compensation.

During 2007, Towers Perrin HR Services was engaged by the Compensation Committee to assist the Compensation Committee in assessing the competitiveness of our retirement programs and equity grants to the executive officers as compared to the executive officers of the peer group. In addition, Towers Perrin HR Services reviewed the MGM MIRAGE Hospitality Incentive Plan regarding its relative

Table of Contents

competitiveness. The MGM MIRAGE Hospitality Incentive Plan is a program limited to key executives of MGM MIRAGE Hospitality, our subsidiary, none of whom are Named Executives.

Objectives of Our Compensation Program

The Compensation Committee's primary objectives in setting total compensation and the elements of compensation for each of the Named Executives are to:

Attract talented and experienced Named Executives and retain their services on a long-term basis;

Motivate the Named Executives to achieve our annual and long-term strategic goals;

Align the interests of the Named Executives with our interests and the interests of our stockholders;

Provide assurances of a minimum level of compensation while providing for a majority of the potential compensation to be dependent on the level of performance we achieve during the relevant year;

Motivate and reward the Named Executives in connection with ongoing management of development projects;

Motivate and reward the Named Executives in connection with negotiations of strategic partnerships;

Through incentive awards based on yearly performance as well as equity awards that vest over a period of time, encourage Named Executives to balance the management of long-term risks and long-term performance with yearly performance; and

Ensure favorable tax treatment for us for such compensation.

Certain Factors in Determining Compensation

Employment Agreements. We have entered into employment agreements with each of our Named Executives, including a new employment agreement, dated April 27, 2009, with Mr. Murren, our Chief Executive Officer as of December 2008. The Compensation Committee believes these agreements are necessary to retain and ensure the continued availability of the Named Executives to develop and implement our strategic plans throughout the world, including, for example, developing CityCenter on the Las Vegas Strip and MGM MIRAGE Hospitality LLC's development projects. The employment agreements determine the annual base salaries and severance benefits for the Named Executives, in each case, as further described below.

Annual Performance-Based Incentive Plan for Executive Officers. As further described below, the Compensation Committee adopts performance goals on an annual basis, including specific performance objectives, and establishes computation formulae or methods for determining each participant's non-equity incentive award for that year under the Incentive Plan. Pursuant to the terms of his employment agreement, Mr. Murren has consultation rights with respect to determining the performance criteria and target annual bonus under our Annual Performance-Based Incentive Plan for Executive Officers. For fiscal 2009, Messrs. Murren, Baldwin, and Jacobs will be the sole Named Executives eligible to participate in the Incentive Plan. The Compensation Committee has no discretion to increase the amount of any participant's award as determined by the formula, but even if the performance goals are met for any particular year, the Compensation Committee may reduce or eliminate any participant's award if it determines, in its sole and absolute discretion, that such a reduction or elimination is appropriate with respect to the participant's performance or any other factors material to the goals, purposes, and administration of the Incentive Plan. In any case, no award to any individual under the plan may exceed \$8,000,000 in any given year.

In determining the threshold target and maximum non-equity incentive awards that should be paid to the participants, the Compensation Committee reviews our most recent results of operations, our performance in recent years relative to the corresponding performance measures, the participants' individual performance, the compensation paid to the participants in the prior years, and, to a lesser extent, the compensation of executive officers at companies within the peer group described below.

Table of Contents

In addition, the Compensation Committee also considers the tax benefits of allocating a certain amount of total compensation as performance-based compensation rather than as base salary. Section 162(m) of the Internal Revenue Code disallows a tax deduction to public companies for compensation over \$1 million paid to such company's chief executive officer and its three other highest paid executive officers other than its chief financial officer. Qualifying performance-based compensation is not subject to the deduction limitation if certain requirements are met. Therefore, the Compensation Committee has determined that a majority of the potential compensation payable to the participants on an annual basis should be based on the achievement of qualified performance-based targets to ensure that, whenever possible, such compensation is tax deductible to us.

Targeted Overall Compensation and Peer Group Review. In order to assess whether our compensation to the executive officers is fair, reasonable and competitive, the Compensation Committee periodically gathers data regarding compensation practices of other public and private companies in our industry. The relevant information for members of the peer group is gathered from publicly-available proxy data, which data generally reflects only the compensation paid by these companies in years prior to their disclosure. In determining the compensation for 2008, the Compensation Committee reviewed the compensation data of the following companies:

Boyd Gaming Corporation

International Game Technology

Las Vegas Sands Corporation

Marriott International, Inc.

Starwood Hotels & Resorts Worldwide, Inc.

Wynn Resorts, Limited

When reviewing the compensation of the Named Executives of the peer group, the Compensation Committee compared the market overlap, results of operations, stockholders' equity and market capitalization of the peer group with ours. In addition, the Compensation Committee also reviewed the total compensation, as well as the amount and type of each element of such compensation, of the executive officers of the peer group with the compensation of our executive officers with comparable duties and responsibilities. The purpose of reviewing such data regarding the peer group was for the Compensation Committee to determine whether the compensation paid to the executive officers was generally competitive with that paid by the peer group companies to their executive officers. Because we strive to retain the Named Executives in our highly competitive industry, and because the Compensation Committee believes that we require the Named Executives to execute on average more complex and geographically diverse business operations than those required of the Named Executives of many of the other companies in the peer group, the Compensation Committee believes that the Named Executives should generally be compensated at the higher end of the range of the compensation paid by the peer group.

Although the Compensation Committee believes that it is important to periodically review the compensation policies of the peer group, the Compensation Committee also believes that each company must adopt a compensation policy that incorporates the business objectives and culture of such company. Therefore, while the Compensation Committee reviews the data, including the total and type of compensation paid to executive officers, pertaining to the peer group companies to ensure that the compensation paid to the executive officers remains competitive, the Compensation Committee does not annually adjust the compensation paid to the executive officers based on the compensation policies or activities of the companies in the peer group.

Elements of Compensation

Base Annual Compensation. The Named Executives' respective employment agreements provide for annual base salaries as described under "Certain Factors in Determining Compensation," "Employment Agreements," and "Summary Compensation Table." In connection with finalizing the employment agreements (including any amendments to such agreements) with the Named Executives, including the terms of

Table of Contents

Mr. Murren's new employment agreement, the Compensation Committee approved the annual base salaries set forth in such agreements that it believed would be required to retain the services of the Named Executives for the term of the employment agreements and to reflect the minimum annual compensation that is appropriate for each of them based on their past and anticipated contributions to our business. In addition, Mr. Murren's annual base salary was increased to \$2,000,000 from \$1,500,000 because of the additional duties and responsibilities attendant to his appointment as Chief Executive Officer and the value and importance of the service that he will provide in the future. In connection with the negotiation of Mr. Murren's employment agreement, the Compensation Committee engaged separate independent counsel, as well as FW Cook.

Non-Equity Incentive Awards. Non-equity incentive awards under the Incentive Plan, when appropriate, are determined by the Compensation Committee after the end of the fiscal year. Only individuals who (a) at any time during the taxable year, served as the chief executive officer or acted in such capacity, or (b) is among the four highest compensated executive officers and are designated by the Compensation Committee may participate in the Incentive Plan.

Within 90 days of the beginning of each calendar year, the Compensation Committee establishes performance goals, including specific performance objectives based on our financial performance targets approved by the Board and computation formulae or methods for determining each participant's non-equity incentive award under the Incentive Plan for that year. For 2008, the Compensation Committee established performance objectives and a non-equity incentive award pool based on a percentage of pretax net income. For 2009, the Compensation Committee established performance objectives based on a percentage of EBITDA. As defined by the Compensation Committee for 2008, pretax net income consisted of consolidated net income before taxes, less nonrecurring items, including gains or losses from the sale of discontinued operations and certain asset write-downs. The Compensation Committee also considered whether the budget for the previous year was reasonable and whether our performance expectations had been achieved. The Compensation Committee then set the minimum performance measure to be achieved in order for non-equity incentive awards to be available under the Incentive Plan and, with respect to 2008, the percentage of the pool payable to each participant if the target performance measure is met or, with respect to 2009, the target non-equity incentive grants to be earned.

For 2008, the Compensation Committee determined that, in order for any grant to be earned under the plan, the minimum performance measure during 2008 must have been at least \$830,520,000 (70% of the projected pretax net income). Pursuant to the Incentive Plan, at or after the end of each calendar year, the Compensation Committee is required to certify in writing whether the pre-established performance goals and objectives were satisfied for that year. For 2008, the Compensation Committee performed this step in March 2009. In 2008, the minimum performance measure set by the Compensation Committee was not met. Based on that factor and pursuant to the Incentive Plan, no non-equity incentive awards were awarded under the Incentive Plan. In addition, no discretionary non-equity bonuses were awarded to the Named Executives for 2008.

For 2009, the Compensation Committee has determined that, in order for any annual non-equity incentive award to be earned under the Incentive Plan, the minimum EBITDA during 2009 must be at least 70% of the targeted EBITDA for 2009 discussed with management and approved by the Compensation Committee solely for the purposes of the annual non-equity incentive award in 2009 under the plan. The target EBITDA for such purpose was determined based on the Compensation Committee's assessment of our projected financial performance for 2009 in light of the general economic conditions and other factors beyond the control of the plan participants. As defined by the Compensation Committee for 2009, EBITDA will consist of consolidated net income before extraordinary items, taxes, non-operating income or expenses, depreciation and amortization as adjusted for nonrecurring items, including gains or losses from the sale of operating properties, gains or losses on insurance proceeds related to asset claims, EBITDA attributable to operations of assets for the period prior to their disposal, certain asset write-downs or write-ups, gains or losses from acquisition, sale, disposition or exchange of our debt securities, and certain legal and advisory fees. In

determining the percentage of the targeted EBITDA that is achieved, targeted EBITDA will be adjusted downward to reflect any of our operations disposed of in 2009 (excluding Treasure Island), with the targeted EBITDA reduced by an amount equal to 75% of the budgeted EBITDA for any such operations (other than operations at Treasure Island) disposed of during 2009. In the event that the 70% of the targeted EBITDA is achieved, the

Table of Contents

participants will be eligible to receive 50% of their target award. Thereafter, the awards will increase on a sliding scale basis so that if, for example, 85% of the targeted EBITDA is achieved, the participants will be eligible to receive 75% of their target award, if 100% of the targeted EBITDA is achieved, the participants will be eligible to receive 100% of their target award, and if 110% of the targeted EBITDA is achieved, the participant will be eligible to receive 125% of their target award; provided, however, that the maximum grant that can be earned under the plan in 2009 is 150% of the target award. The Compensation Committee set the target non-equity incentive award under the plan for 2009 as \$3.0 million, \$2.4 million, and \$1.65 million for Messrs. Murren, Baldwin, and Jacobs, respectively. In determining the minimum performance measure and the target non-equity incentive award for 2009, the Compensation Committee considered the EBITDA projected by management for 2009 in relation to the prior year's performance, general economic conditions, the competitiveness of our executive compensation within the industry, and the anticipated value of the services to be provided by the participants. Based on the foregoing, the Compensation Committee believed, at the time the performance measure was set for 2009, that the performance goals were attainable.

In addition, pursuant to his employment agreement, Mr. Murren will be eligible to receive additional cash awards of up to \$4.25 million (Additional Cash Awards) to be awarded pursuant to the Incentive Plan, with such Additional Cash Awards to be vested 25% each on four six-month periods starting on September 30, 2009. Such Additional Cash Awards will be in addition to any annual awards made to Mr. Murren under the Incentive Plan. In the event that any Additional Cash Awards vest and are earned, such Additional Cash Awards, unlike the awards made under the Incentive Plan, will not be subject to reduction at the discretion of the Compensation Committee. The Compensation Committee determined that, because the awards under the Incentive Plan may be reduced or eliminated at the discretion of the Compensation Committee, ensuring that a portion of Mr. Murren's cash compensation that is dependent on our performance not be subject to reduction at the discretion of the Compensation Committee was important to assist the Company's efforts in continuing to retain the services of Mr. Murren and to further align the interest of our Chief Executive Officer with those of our stockholders. Each vested portion of Additional Cash Awards will be deemed earned upon the EBITDA of the Company for the corresponding six-month period being equal to or higher than the target EBITDA set by the Compensation Committee for the purposes of such Additional Cash Award. Any Additional Cash Award that is not earned upon vesting will be deemed earned on any subsequent vesting date in the event that the average EBITDA for the six-month periods beginning on April 1, 2009 and ending on such subsequent vesting date is equal to or greater than such target EBITDA for the corresponding six-month period. The Additional Cash Awards that are vested and earned will become payable on March 31, 2011 and must be paid within 90 days thereafter; provided, however, in the event of a termination by the Company without cause, termination by Mr. Murren with cause, or termination within 90 days after a change of control, the Additional Cash Awards will cease to vest and (i) Additional Cash Awards vested and earned at the time of termination will be paid within 90 days of such termination, and (ii) Additional Cash Awards vested at the time of termination but for which the performance criteria are met after the termination date will be paid within 90 days of the date of satisfaction of such performance criteria. The target EBITDA for the Additional Cash Awards was determined based on a performance standard that the Compensation Committee believed would be attainable. Because Additional Cash Awards will vest over a period of two years starting on September 30, 2009 while the annual non-equity incentive awards are earned on a yearly basis and because the Additional Cash Awards are intended to provide an element of compensation in addition to the annual non-equity incentive award, the performance measure for the Additional Cash Awards during any period may be lower than the corresponding performance measures for the annual non-equity incentive award during the same period.

In addition, the Compensation Committee has the ability to grant bonus awards outside of the Incentive Plan in any amount that the Compensation Committee deems appropriate; provided, however, that any such bonus payments may not be entitled to the same beneficial tax treatment provided with respect to the non-equity incentive awards under the Incentive Plan. For example, in 2005, the Compensation Committee approved a bonus to Mr. Jacobs of \$700,000 in connection with his work on MGM Grand Macau. Half of his bonus was paid in 2005 after groundbreaking for MGM Grand Macau, and the remainder was paid in January 2008 after MGM Grand Macau opened for business in

December 2007.

Equity-Based Compensation. The Compensation Committee grants equity-based compensation under the Omnibus Incentive Plan, which allows for the issuance of various forms of equity-based compensation, such as stock options, SARs, restricted stock, and RSUs.

The Compensation Committee administers all aspects of the Omnibus Incentive Plan and is the only authorized body that can grant equity-based awards. When determining the type of equity award to be granted, the Compensation Committee makes its determination based on whether we should award grants that would have some realizable value irrespective of our performance (e.g., restricted stock or RSUs versus stock options or SARs), and the potential dilution to the stockholders. In order to assess the potential dilution to our stockholders, the Compensation Committee may take into account the total outstanding but unexercised equity awards when determining the total number of shares that would be subject to any new equity award. Furthermore, the Compensation Committee may consider the number of shares that remain subject to outstanding but unvested equity awards in determining whether any additional grants of equity awards should be made. However, the Compensation Committee does not take into account an employee's holdings of vested but unexercised awards in determining additional awards to such employee, including Named Executives. The Compensation Committee believes that calibrating future awards based on the holdings of previously vested but unexercised awards would create incentives for employees to exercise or sell shares subject to their prior grants. The Compensation Committee also does not take into account the value realized by an employee during a fiscal year from the exercise of equity awards granted during a prior year. The Compensation Committee believes that value realized by an employee from the exercise of any such equity award relates to services provided during the year of the grant or of vesting and not necessarily during the year of exercise. In addition, the equity awards are designed to vest over a period of time to encourage the Named Executives to balance our short-term performance with the management of our long-term risks and long-term performance.

Prior to the adoption in October 2008 of the new equity-based compensation policy by the Compensation Committee for awards under the Omnibus Incentive Plan (the Annual Program), the Compensation Committee granted equity-based awards in connection with milestone events, such as in connection with a new hire, employment contract renewal, significant promotions, and significant corporate transactions. The Compensation Committee may continue to grant, in exceptional circumstances, equity-based awards outside of the Annual Program. For example, concurrently with the execution of the term sheet for his new employment agreement, Mr. Murren was awarded 2,000,000 SARs under the Omnibus Incentive Plan, which SARs will expire seven years from the date of the grant. The Compensation Committee determined that, in light of Mr. Murren's promotion during 2008 to the title of the Chairman of the Board and Chief Executive Officer and the resulting responsibility that has been assumed and will continue to be assumed by Mr. Murren, a significant equity-based award in connection with his new employment agreement was necessary to sufficiently compensate Mr. Murren, to assist the Company in the continued retention of his services, and to align Mr. Murren's interest with those of our stockholders. The grant was designed to ensure that a significant portion of the grant would serve primarily to assist us in continuing to retain Mr. Murren's services while any compensation from the remainder of the grant will be realized only upon material increase in the value of our stockholders' ownership in our shares. 1,000,000 of the SARs will vest over a period of four years, with 25% vesting each year. 500,000 of the SARs will vest over a period of four years, with 25% vesting each year; provided that none of such SARs will be deemed vested unless the average closing price of our common stock is at least \$8.00 during any 20 consecutive days period prior to the expiration of the employment agreement or, if earlier terminated, prior to the end of any vesting of SARs following such termination. The remaining 500,000 of the SARs will vest over a period of four years, with 25% vesting each year; provided that none of such SARs will be deemed vested unless the average closing price of our common stock is at least \$17.00 during any 20 consecutive trading days prior to the expiration of the employment agreement or, if earlier terminated, prior to the end of any vesting of such SARs following such termination. As a result of such grant, Mr. Murren will not be eligible to receive additional awards of SARs under the terms of the Omnibus Incentive Plan during 2009. In addition, Mr. Murren's participation in the Annual Program in 2010 will be at the discretion of the Compensation Committee.

Although, in exceptional circumstances, the Compensation Committee may grant equity-based compensation outside the Annual Program, equity-based compensation to our employees, including the Named

Table of Contents

Executives, will be granted primarily under the Annual Program. The Compensation Committee adopted the Annual Program to reduce unintended discrepancy in equity-based compensation realized resulting from varying exercise price of SARs and stock options, to provide for similar vesting schedule for employees receiving the same type of awards during any given year, and to further align the interest of certain executives of the Company, including Named Executives, with those of the stockholders by including a performance-based component of equity-based awards to such executives. Pursuant to the Annual Program, existing employees with annual base salary equal to or greater than \$130,000 (unless excluded on a case-by-case basis by the Compensation Committee) or any other existing employee approved by the Compensation Committee on a case-by-case basis will be eligible to receive equity-based awards annually on the anniversary of the Annual Program's adoption.

In connection with the Annual Program, the Compensation Committee reserves on an annual basis a pool of equity-awards comprised of SARs and RSUs based on a number of SARs-equivalent awards. In 2008, each grant representing ten SARs-equivalent units was made in the form of ten SARs or, subject to adjustments described below, three RSUs. The SARs-equivalent ratio may change or remain the same as determined by the Compensation Committee. With respect to employees with annual base salaries equal to or greater than \$250,000, including the Named Executives, 75% of the SARs-equivalent awards will be made in the form of SARs and, subject to adjustment described below, 25% in the form of RSUs. With respect to employees with annual base salaries below \$250,000, 50% of the SARs-equivalent awards will be made in the form of SARs and 50% in the form of RSUs. In addition, starting with equity-based awards granted in 2009, the number of RSUs actually granted to officers of MGM MIRAGE (including the Named Executives) will be adjustable based on our financial performance (the Performance Based Equity Awards). Such financial performance target for the Performance Based Equity Awards awarded in 2008 was determined based on a performance standard that the Compensation Committee believed would be attainable. Because the recipients of the Performance Based Equity Awards include a larger group of officers than the eligible participants for the annual non-equity incentive awards, the financial performance measure for the Performance Based Equity Awards during any period may be lower than the corresponding performance measures for the annual non-equity incentive award during the same period.

In connection with the establishment of the annual SARs-equivalent pool for the corresponding year, the Compensation Committee establishes performance goals, including specific performance objectives based on our financial performance targets approved by the Board of Directors, and computation formulae or methods for determining adjustment factors with respect to RSUs to be granted to such officers of MGM MIRAGE for that year. For 2008, the Compensation Committee established performance objectives for RSUs applicable to the officers on a percentage of pretax net income. The Compensation Committee determined that, in order for any RSUs awarded to the officers of MGM MIRAGE in 2008 to vest, the minimum performance measure for the six-months period ending on June 30, 2009 must be at least 50% of the projected pretax net income for the same period. The Compensation Committee has not yet established the minimum performance standards and the applicable adjustment factor for RSUs which may be awarded in 2009.

In connection with any award of stock options or SARs, the exercise price for such stock options or SARs is established as the closing price of our common stock on the New York Stock Exchange (the Exchange) on the day of the Compensation Committee meeting in which such award is approved. With respect to a grant of an equity award to a new employee, although the Compensation Committee may pre-approve the terms of employment including the proposed equity compensation offered to a potential new employee prior to the acceptance or commencement of the employment, such grant of stock options or SARs made in connection with such new employment occurs at the next scheduled meeting of the Compensation Committee following the commencement of such employment, and the exercise price of stock options or SARs granted in connection with such employment is established as the closing price of our common stock on the Exchange on the date the Compensation Committee reaffirms such grant. With respect to equity awards granted in connection with the approval by the Compensation Committee of a new or revised employment agreement, such grants are approved and awarded at the regularly scheduled or special meeting of the

Compensation Committee during which such employment agreement is approved. The Compensation Committee does not time the issuance or grant of any equity-based awards with the release of material, non-public

Table of Contents

information. In addition, we do not time the release of material non-public information for the purpose of affecting the value of equity awards. See *Severance Benefits and Change of Control* below for a discussion of the disposition of equity awards held by Named Executives upon termination of employment.

The Compensation Committee awarded equity-based compensation to the Named Executives in 2008 as follows:

RSUs to Messrs. Murren, D Arrigo, Baldwin, Jacobs, Manzini and Lanni in the amount of 18,750; 3,000; 18,750; 11,250; 3,000; and 26,250, respectively. For these RSUs to vest ratably over four years, our pre-tax income for the six months ending on June 30 of the year following the date of grant must be at least 50% of the pre-tax income for the same period as determined in the budget adopted by the Board of Directors for such period, excluding certain predetermined items.

SARs with an exercise price of \$19.00 to Messrs. Murren, D Arrigo, Baldwin, Jacobs, Manzini and Lanni in the amount of 187,500; 30,000; 187,500; 112,500; 30,000; and 262,500, respectively. These SARS vest ratably over four years.

The Compensation Committee believes that these awards of equity-based compensation and exchange of previously out-of-the-money stock options and SARs described below, along with the grants of equity-based compensation in prior years, were sufficient to align the interests of the Named Executives with those of our stockholders.

Exchange Offer. In September 2008, we offered certain eligible employees an opportunity to exchange certain outstanding stock options and SARs for RSUs which provide a right to receive one share of common stock for each RSU. The exchange offer expired in October 2008. We consummated the exchange offer because the exercise prices of many of the outstanding options and SARs were significantly in excess of the current trading price of our common stock. The exchange offer was designed to increase the retention and motivational value of awards granted under the Omnibus Incentive Plan for many of our employees. In addition, the Compensation Committee determined that by exchanging options and SARs for RSUs, we will reduce the number of shares of common stock subject to equity awards, thereby reducing potential dilution to stockholders in the event of significant increases in the value of our common stock. The number of RSUs granted in the exchange offer was based on an exchange ratio for each grant determined by the Compensation Committee. The total number of stock options and SARs eligible to be exchanged was approximately 4.7 million, of which approximately 4.2 million were exchanged for a total of approximately 0.7 million RSUs. The RSUs granted in the exchange offer will vest on the same dates that the underlying stock options and SARs would have otherwise vested, except that no RSUs will vest prior to July 1, 2009. All exchanged stock options and SARs which have vested, or would have vested, before July 1, 2009 were replaced by RSUs that vest on July 1, 2009. Messrs. D Arrigo and Manzini received 17,356 and 31,431 RSUs, respectively, in connection with the exchange offer.

Retirement Benefits. As part of our overall benefits program, we have provided nonqualified deferred compensation plans (the DCP) and supplemental executive retirement plans (the SERP) in addition to a traditional 401(k) plan. These programs have been designed to provide a measure of long-term security to the participants and to provide an additional incentive for the participants to remain with us.

In December 2007, the Compensation Committee determined that commencing January 1, 2008, no new persons would be added as participants in the SERP. In November 2008, the Compensation Committee approved amendments to the DCP and SERP which suspended our matching contributions to the DCP for periods after January 1, 2009 and our contributions to the SERP for periods after October 1, 2008, as part of our ongoing cost savings measures. In addition, we terminated certain predecessor DCP and SERP plans during 2008. Payments made during 2008 pursuant to the terminated plans to Messrs. Murren, D Arrigo, Baldwin, Jacobs, and Lanni were \$3,118,009, \$76,627, \$3,272,773, \$1,725,104, and \$4,516,595, respectively. The amendments also allowed participants to make one-time

elections to receive, without penalty, all or a portion of their vested account balances under such plans in a lump sum payment within 60 days of January 1, 2009, consistent with certain transitional relief provided by the Internal Revenue Service pursuant to rules governing nonqualified deferred compensation. Payments made during 2009 pursuant to these elections to

Table of Contents

Messrs. Murren, D Arrigo, Baldwin, Jacobs, and Lanni were \$3,540,708, \$499,760, \$1,455,165, \$2,915,567, and \$5,716,746, respectively.

Under the DCP, participants are permitted to defer any portion of their salary or non-equity incentive awards on a pre-tax basis and accumulate tax-deferred earnings on their account. Until January 1, 2009, we matched up to 4% of the participants' base salary, less any amount contributed to the participants' 401(k) plan, which contribution vests ratably over a three-year period. The contributions made by participants vest immediately. All of the Named Executives are participants in the DCP. In 2008, we contributed the maximum amount of \$53,250, \$13,250, \$53,250, \$21,250, \$20,000, and \$73,250 on behalf of Messrs. Murren, D Arrigo, Baldwin, Jacobs, Manzini and Lanni, respectively, which contributions reflect 4% of the corresponding executive officer's salary less a contribution of \$6,900 made to each of the participants' 401(k) plans.

Under the SERP, which is a nonqualified plan, we made, until October 1, 2008, an annual contribution that is estimated to provide a retirement benefit up to 65% of the final five-year average annual salary of the participant. However, a participant is not guaranteed any specific amount of benefits upon retirement, but is entitled to only such amount of the vested contributions and earnings on such contributions available in such participant's account at the time of retirement. All contributions to the SERP are made by us. A portion of such contributions vest over three years of participation in the SERP. The remainder of such contributions vests over the later of five years of participation in the SERP and ten years of continuous service. All of the Named Executives are participants in the SERP. In 2008, we contributed \$230,124, \$63,928, \$374,904, \$151,018, \$75,241 and \$716,956 to the SERP accounts of Messrs. Murren, D Arrigo, Baldwin, Jacobs, Manzini and Lanni, respectively.

Perquisites and Other Benefits. As an owner and operator of full-service hotels, we are able to provide many perquisites relating to hotel and related services to the Named Executives at little or no additional cost to us. To the extent such products or services are for personal use, the Named Executives reimburse us for the cost of such product or service. We currently provide access to the fitness facilities located in the hotel in which a Named Executive's office is located and offer certain products and services from our hotels at prices equal to our cost for such products and services. In addition, for our convenience and the convenience of our executive officers, we provide complimentary meals for business purposes at our restaurants to the Named Executives.

Pursuant to his employment agreement, Mr. Lanni could request, until his retirement in November 2008, the use of aircraft owned by us for commuting between Nevada and California. Additionally, Mr. Lanni could request the use of such aircraft for up to three personal round trips in any calendar year, subject to availability. In 2008, Mr. Lanni reimbursed us in the amount of \$232,796 for a portion of the costs associated with such flights. The unreimbursed portion of aggregate incremental cost associated with Mr. Lanni's aircraft usage was \$469,396, which consisted of \$340,917 for traveling between Nevada and California and \$128,479 for other personal usage.

Pursuant to his employment agreement and subject to certain conditions, Mr. Murren is permitted to use aircraft owned by us for business purposes. Additionally, Mr. Murren could request the use of such aircraft for up to two personal round trips in any calendar year, subject to availability. In 2008, Mr. Murren reimbursed us in the amount of \$68,754 for a portion of the cost associated with personal flights. The unreimbursed portion of aggregate incremental costs associated with Mr. Murren's aircraft usage was \$106,843.

In addition, the aggregate amount of premiums paid for group life insurance and long term disability insurance on behalf of, and reimbursement for medical expenses and associated taxes to, Messrs. Murren, D Arrigo, Baldwin, Jacobs, Manzini and Lanni in 2008 was \$44,922, \$32,453, \$25,834, \$64,352, \$25,081, and \$63,207, respectively. Instead of providing medical coverage through a third-party insurance company, we reimburse the Named Executives for medical expenses incurred by them and their dependents for covered procedures. In addition, pursuant to his employment agreement, Mr. Murren will receive an annual \$100,000 payment to be applied to his life insurance

premiums.

Severance Benefits and Change of Control. In order to assist us in retaining the services of the executive officers, we have agreed to provide them with severance benefits in the event that their employment is

Table of Contents

terminated without cause (as defined in the respective employment agreements) or in the event of a change of control (as defined in the respective employment agreements). The Compensation Committee believes the services of the Named Executives are extremely marketable, and that it is therefore necessary to provide assurances to the Named Executives that we will not terminate their employment without cause and without providing a certain level of severance benefits. When determining the level of the severance benefits to be offered in the employment agreements, the Compensation Committee considered the period of time it would normally require an executive officer to find comparable employment. Pursuant to the terms of Mr. Lanni's employment agreement, upon his resignation, which occurred in November 2008, Mr. Lanni was entitled to receive his base salary through the date of such resignation and receive all other benefits vested as of the date of his resignation, including the ability to exercise all equity awards that had vested as of such date. The details of the specific severance benefits available under various termination or change of control scenarios for the other Named Executives are discussed in the Potential Payments upon termination or Change-in-Control section below, along with an estimate of the amounts to be paid to each Named Executive under each scenario.

Each of the foregoing employment agreements provides for a term through January 4, 2010 and an annual base salary as follows: \$1,500,000 for Mr. Murren; \$1,500,000 for Mr. Baldwin; \$700,000 for Mr. Jacobs; and \$2,000,000 for Mr. Lanni. We do not provide additional compensation to the foregoing officers who serve on the Board of Directors; therefore, none of the amounts reflected in this table represent additional compensation for services as directors for those persons. On March 1, 2007, we entered into an employment agreement with Mr. Manzini, and on June 19, 2007, we entered into a letter agreement which amended Mr. Manzini's employment agreement. Mr. Manzini's employment agreement provides for an annual base salary of \$500,000 and an annual bonus up to a maximum of \$750,000. On December 3, 2007, we entered into a new employment agreement with Mr. D Arrigo. Mr. D Arrigo's employment agreement provides for an annual base salary of \$500,000 and a bonus of up to a maximum of 100% of Mr. D Arrigo's annual base salary. On April 27, 2009 we entered into a new employment agreement with Mr. Murren. The new employment agreement, which is effective as of December 1, 2008 and expires April 7, 2013, provides for an annual base salary of \$2,000,000. Approximately \$192,300 in shortfall of such base salary from December 1, 2008 until April 27, 2009 was paid after April 27, 2009.
- (C) In 2005, the Compensation Committee approved a bonus to Mr. Jacobs of \$700,000 in connection with his work on MGM Grand Macau. 50% of his bonus was paid in 2005 after groundbreaking for MGM Grand Macau, and the remainder was paid in January 2008 after MGM Grand Macau opened for business in December 2007. Mr. Manzini's employment agreement provides for an annual discretionary bonus up to a maximum of \$750,000. Mr. D Arrigo's employment agreement provides for a bonus of up to a maximum of 100% of Mr. D Arrigo's annual base salary. In 2008, Mr. Manzini received a bonus of \$625,000 for 2007, and he received a signing bonus in the amount of \$315,000 upon execution of his employment agreement on March 1, 2007.
- (D) RSUs were granted to all the Named Executives in 2008. In addition, Messrs. D Arrigo and Manzini participated in the exchange offer and received RSUs in exchange for out-of-the-money stock options. The amounts reflected in the table represent compensation recognized for financial reporting purposes in accordance with Statement of Financial Accounting Standards No. 123, Share-Based Payment (SFAS 123(R)) except that no forfeiture rate assumption has been applied to the amounts in the table. A detailed list of RSUs previously awarded to the Named Executives and still outstanding is shown in the table below under Outstanding Equity Awards at Fiscal-Year-End.
- (E) SARs were granted to all the Named Executives in 2008 and to Messrs. D Arrigo and Manzini during 2007. A detailed list of stock options and SARs previously awarded to the Named Executives and still outstanding is shown in the table below under Outstanding Equity Awards at Fiscal Year-End. The amounts reflected in the table represent the amount of compensation recognized for financial reporting purposes in accordance with SFAS 123(R), except that no forfeiture rate assumption has been applied to the amounts in the table. These awards were valued using the Black-Scholes Model with assumptions as described in Note 15 to the Company's consolidated financial statements, which are included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, filed on March 17, 2009.
- (F) Under the terms of the Incentive Plan, only Messrs. Murren, Baldwin and Jacobs are eligible to participate in the Incentive Plan in 2009. For 2008, the Compensation Committee approved these individuals and Mr. Lanni for participation in the Incentive Plan. The Incentive Plan provides for payments to be made at the Compensation Committee's discretion if the Company achieves a certain level of a defined performance measure, generally based on net income adjusted for certain items. The exact amount of the payment was calculated in March 2009, and no payments were made under the Incentive Plan, based on our performance relative to the base target established in 2008 by the Compensation Committee. See also Compensation Discussion and Analysis for a

further discussion of the Incentive Plan. See also the Grants of Plan-Based Awards table for information about the performance-based grants under the Incentive Plan in 2009.

- (1) The amounts in this column represent the value of personal use of Company aircraft, which was determined based on the aggregate incremental cost to us and associated taxes. Aggregate incremental cost for all years shown was calculated based on average variable operating cost per flight hour multiplied by flight hours for each Named Executive, less any amounts reimbursed by such Named Executive. The average variable operating cost per hour was calculated based on aggregate variable costs for each year, including fuel, engine reserves, trip-related repair and maintenance costs, travel expenses for flight crew, landing costs, related catering and miscellaneous handling charges, divided by aggregate hours flown. Fixed costs, such as flight crew salaries, wages and other employment costs, training, certain maintenance and inspections, depreciation, hangar rent, utilities, insurance and taxes, are not included in aggregate incremental cost since these expenses are incurred by us irrespective of personal use of aircraft. In accordance with his employment agreement, Mr. Lanni was permitted to use the Company's aircraft for personal and commuter travel. Further, the Company entered into a time sharing agreement with Mr. Lanni in connection with such personal use of the Company's aircraft. In 2008, pursuant to the time sharing agreement, Mr. Lanni reimbursed us in the amount of \$232,796 for a portion of the costs associated with such flights. The unreimbursed portion of actual direct incremental cost associated with Mr. Lanni's aircraft usage was \$469,396, which consisted of \$340,917 for traveling between Nevada and California and \$128,479 for personal usage. In 2008, Mr. Murren reimbursed us in the amount of \$68,754 for a portion of the cost associated with personal flights. The unreimbursed portion of aggregate incremental costs associated with Mr. Murren's aircraft usage was \$106,843.
- (2) The amounts in this column represent our matching contributions under the Deferred Compensation Plan (DCP). The DCP allows participants to defer, on a pre-tax basis, a portion of their salary and bonus and accumulate tax deferred earnings, plus investment earnings on the deferred balances, as deferred tax savings. Until January 1, 2009, participants received a Company match of up to 4% of salary, net of any Company match received under the Company's 401(k) plan. All employee deferrals vest immediately. The Company matching contributions vest ratably over a three-year period.
- (3) The amounts in this column represent our contributions under the Supplemental Executive Retirement Plan (SERP). The SERP is a nonqualified plan under which we, until October 1, 2008, made quarterly contributions that are intended to provide a retirement benefit that is a fixed percentage of a participant's estimated final five-year average annual salary, up to a maximum of 65%. Company contributions and investment earnings on the contributions are tax-deferred and accumulate as deferred tax savings. Employees do not make contributions under this plan. A portion of the contributions and investment earnings thereon vests after three years of SERP

participation and the remaining portion vests after both five years of SERP participation and ten years of continuous service. The plan provides for defined contributions and the amount of the benefit is not guaranteed.

- (4) The amounts in this column represent group life insurance premiums paid for the benefit of the Named Executives, reimbursement of medical expenses and associated taxes, and premiums for long term disability insurance for the benefit of the Named Executives.
- (5) As an owner and operator of full-service hotels, we are able to provide many perquisites relating to hotel and hotel-related services to the Named Executives at little or no additional cost to us. To the extent such products or services are for personal use, the Named Executive reimburses us for the cost of such product

Table of Contents

or service. We currently provide access to the fitness facilities located in the hotel in which a Named Executive's office is located and offer certain products and services from our hotels at prices equal to our cost for such products and services. In no case did the value of such perquisite, computed based on the incremental cost to us, exceed \$10,000 per individual in 2008.

(A) The Compensation Committee approved the criteria for determining 2008 payouts under and the participants in the Incentive Plan in March 2008. Awards could be made if we achieved a minimum level of pre-tax operating income, defined as income from continuing operations before income taxes, excluding write-downs of long-lived assets and including the results of discontinued operations prior to the date of disposition. The Compensation Committee established a pool of 2.3% of pre-tax operating income that could be allocated among the Named Executives, based on the following percentages: Mr. Lanni 27.9%; Messrs. Murren and Baldwin 20.8%; and Mr. Jacobs 9.7%. For 2008, the threshold amount of pre-tax operating income was set at \$830,520,000. In 2008, the threshold amount was not exceeded. Accordingly, no payments were made under the Incentive Plan. See Compensation Discussion and Analysis Elements of Compensation Non-Equity Incentive Awards for target amounts defined in the Incentive Plan. For purposes of the disclosure above, the target amount was calculated based on the corresponding amount of the defined performance measure budgeted for the year ended December 31, 2008. The maximum individual award under the Incentive Plan is \$8 million in each case. The Compensation Committee retains full discretion to reduce or eliminate a payment under the Incentive Plan, even if the threshold or target amounts set pursuant to the Incentive Plan are achieved. In March 2009, the

Compensation Committee determined that no awards would be made for 2008.

- (B) For these awards to vest ratably over four years, our pre-tax income for the six months ending on June 30, 2009 must be at least 50% of the pre-tax income as determined in the budget adopted by the Board of Directors for such period, excluding certain predetermined items.
- (C) Represents the fair value of the SARs granted on their respective grant dates. The fair value is calculated in accordance with SFAS 123(R) using the Black-Sholes valuation model. For additional information, refer to Note 15 of the Company's consolidated financial statements, which are included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, filed on March 17, 2009. There can be no assurance that these amounts will correspond to the actual value that will be recognized by the Named Executives.

Potential Payments upon Termination or Change-in-Control

We may terminate any of our employment agreements with the Named Executives for good cause, which includes termination for death or disability. If the termination is for good cause, as defined in the employment agreements, other than for death or disability, the Named Executive will be entitled to exercise his vested share-based awards in accordance with their terms as of the date of termination, but the Company will have no further obligations to the Named Executive. See Compensation Discussion and Analysis for further description of the new employment agreement, dated April 27, 2009, for Mr. Murren. The description below and the information in the table below are based on the terms of Mr. Murren's employment agreement in effect on December 31, 2008.

If an employment agreement with a Named Executive, other than Mr. D Arrigo and Mr. Manzini, is terminated as a result of death or disability, the Named Executive (or his beneficiary) will be entitled to receive his salary for a 12-month period following such termination and a prorated portion of any bonus attributable to the fiscal year in which the death or disability occurs. Additionally, the Named Executive (or his beneficiary) will be entitled to exercise those of his unexercised share-based awards that would have vested as of the first anniversary of the date of termination, and any shares of restricted stock will immediately vest. If Mr. D Arrigo's or Mr. Manzini's employment agreement is terminated as a result of death or disability, Mr. D Arrigo and Mr. Manzini (or their respective beneficiaries) will be entitled to receive Mr. D Arrigo's or Mr. Manzini's salary, as applicable, for a three-month period following his termination.

If we terminate any of the employment agreements, other than Mr. D Arrigo's or Mr. Manzini's, for other than good cause, we will pay the Named Executive's salary for the remaining term of the agreement and his bonus during the 12-month period (or shorter period if the termination occurs within the last year of the term) during which he is restricted from working for or otherwise providing services to a competitor of ours. Additionally, each of these agreements provide that for the remainder of the term, (i) all unvested share-based awards will vest in accordance with their terms, (ii) we will provide contributions, on the Named Executive's behalf, to the DCP and SERP and (iii) certain other employee benefits, such as health and life insurance will continue. If Mr. D Arrigo's or Mr. Manzini's employment agreement is terminated without cause, we will pay their salary for the remaining term of their respective agreements and maintain them as a participant in all health and insurance programs in which they or their dependents are then participating for the remaining term of their agreements or until those benefits are provided by another employer. Neither of Mr. D Arrigo or Mr. Manzini will be eligible for a discretionary bonus or new grants of stock options, SARs or other stock-based compensation but previously granted options, SARs or other stock-based compensation will continue to vest for the shorter of 12 months or the remaining term of their employment agreement. Notwithstanding

the foregoing, all compensation and benefits are subject to mitigation if a Named Executive works for or otherwise provides services to a third party.

If a Named Executive, other than Mr. D Arrigo or Mr. Manzini, seeks to terminate his employment agreement for good cause, he must give the Company 30 days notice to cure the breach. If such breach is not cured (and we do not invoke our right to arbitration), the termination will be treated as a termination for other than good cause by us as described in the preceding paragraph. However, if we invoke our arbitration right,

Table of Contents

the Named Executive must continue to work until the matter is resolved, otherwise it becomes a termination by him without cause. If Mr. D Arrigo or Mr. Manzini seeks to terminate his employment for good cause, he must give us 30 days notice to cure the breach or dispute the fact that good cause exists, in which case the dispute will be resolved by arbitration and the agreement will continue in full force until the matter is resolved. If the agreement is terminated by Mr. D Arrigo or Mr. Manzini for good cause, they will be entitled to exercise their vested but unexercised stock options to acquire stock, SARs or other stock-based compensation, if any, upon compliance with the terms and conditions required to exercise those options, SARs or other stock-based compensation, but we will have no further obligations to Mr. D Arrigo or Mr. Manzini.

If there is a change of control of the Company, all of the Named Executive's unvested share-based awards will fully vest. In addition, the Named Executive officers, other than Mr. D Arrigo and Mr. Manzini, may terminate their employment agreement upon delivery of 30 days prior notice to the Company, no later than 90 days following the date of the change of control. In such event, we will pay the Named Executive a lump sum amount equal to the sum of (x) his unpaid salary through the end of the term of the agreement, and (y) an amount in lieu of his bonus (the calculation of which is further described therein). Additionally, through the end of the term, we will provide contributions, on his behalf, to the SERP and DCP in accordance with their terms to extent they are provided to other active executives, and certain employee benefits, such as health and life insurance.

The following table indicates the estimated amounts that would be payable to each Named Executive upon a termination under the scenarios outlined above, excluding termination by the Company for good cause other than death or disability. For all Named Executives, the estimated amounts payable are calculated based on their employment agreements in effect as of December 31, 2008 and assuming that such termination occurred on December 31, 2008. In addition, we used the closing price of our common stock at December 31, 2008 for purposes of these calculations. There can be no assurance that these scenarios would produce the same or similar results as those disclosed herein if any of these events occur in the future. Given these guidelines, we believe the assumptions listed below, which were used to calculate the amounts disclosed in the table, are reasonable for purposes of this disclosure.

- (A) For Named Executives, other than Mr. Manzini and Mr. D Arrigo, salary is paid for 12 months following the date of death or disability. For Mr. Manzini and Mr. D Arrigo salary is paid for 3 months following the date of death or disability. Salary is paid for the remaining term of the employment contract upon termination without cause or a change of control. These payments are made at regular payroll intervals; provided, however, that for the executives other than Messrs. D Arrigo and Manzini, severance is paid in a lump sum if the executive terminates employment in connection with a change in control.
- (B) Non-equity incentive plan amounts payable upon death or disability are assumed to be equal to the non-equity incentive plan amounts paid in 2009 for 2008. Such amounts upon termination by us without good cause are based upon a non-discretionary payment for the year in which such termination occurred through the date of termination and for a period of one year after termination based on amounts paid in 2009 for 2008. Non-equity incentive amounts paid upon a change of control are based upon a non-discretionary payment through the remaining term of the employment agreement based on amounts paid in 2009 for 2008.
- (C) In November 2008, the Compensation Committee approved amendments to the DCP and SERP which suspended our matching contributions to the DCP for periods after January 1, 2009 and our contributions to the SERP for periods after October 1, 2008, as part of the Company's ongoing cost savings measures. Therefore, no pension enhancement will be paid upon termination or change in control.
- (D) As stated above, the value of unvested stock options that would vest under each of these termination scenarios is based on the closing price of our common stock at December 31, 2008. Since the exercise price of all stock options and SARs was less than the closing price at December 31, 2008, no value is reflected in the table for such stock options and SARs.
- (E) As stated above, the value of RSUs that would vest under each of these termination scenarios is based on the closing price of our common stock at December 31, 2008.
- (F) Includes an estimate of group life insurance premiums, reimbursement of medical expenses and associated taxes and premiums for long term disability insurance to be provided under each of the scenarios based on actual amounts paid out in 2008.

WHEREAS:

Investors increasingly seek disclosure of companies' social and environmental practices in the belief that they impact shareholder value. Many investors believe companies that are good employers, environmental stewards, and corporate citizens are more likely to be accepted in their communities and to prosper long-term. According to Innovest, an environmental investment research consultant, major investment firms including ABN-AMRO, Neuberger Herman, Schroders, T. Rowe Price, and Zurich Scudder subscribe to information on companies' social and environmental practices.

Sustainability refers to development that meets present needs without impairing the ability of future generations to meet their own needs. The Dow Jones Sustainability Group defines corporate sustainability as "a business approach that creates long-term shareholder value by embracing opportunities and managing risks deriving from economic, environmental and social developments." Globally, over 1,900 companies produce reports on sustainability issues (www.corporateregister.com), including more than half of the global Fortune 500 (KPMG International Survey of Corporate Responsibility Reporting 2005).

Companies increasingly recognize that transparency and dialogue about sustainability are elements of business success. For example, Unilever's Chairman stated in a 2003 speech, "So when we talk about corporate social responsibility, we don't see it as something business does to society but as something that is fundamental to everything we do. Not just philanthropy or community investment, important though that is, but the impact of our operations and products as well as the interaction we have with the societies we serve."

An October 6, 2004 statement published by social research analysts reported that they value public reporting because "we find compelling the large and growing body of evidence linking companies' strong performance addressing social and environmental issues to strong performance in creating long-term shareholder value... We believe that companies can more effectively communicate their perspectives and report performance on complex social and environmental issues through a comprehensive report than through press releases and other ad hoc communications." (www.socialinvest.org)

RESOLVED: Shareholders request that the Board of Directors issue a report to shareholders, by June 30, 2010, at reasonable cost and omitting proprietary information, on the Company's sustainability policies and performance, including multiple, objective statistical indicators.

Supporting Statement

The report should include the Company's definition of sustainability, as well as a company-wide review of company policies, practices, and indicators related to measuring long-term social and environmental sustainability.

We recommend that the Company use the Global Reporting Initiative's Sustainability Reporting Guidelines (The Guidelines) to prepare the report. The Global Reporting Initiative (www.globalreporting.org) is an international organization with representatives from the business, environmental, human rights, and labor communities. The Guidelines provide guidance on report content, including performance in six categories (direct economic impacts, environmental, labor practices and decent work conditions, human rights, society, and product responsibility). The Guidelines provide a flexible reporting system that permits the omission of content that is not relevant to company operations. Over 900 companies use or consult the Guidelines for sustainability reporting.

NOTICE CONCERNING STOCKHOLDER PROPOSALS AND NOMINATIONS

The Company intends to hold its 2010 Annual Meeting of Stockholders in the first half of May 2010. Therefore, proposals of stockholders intended to be presented at the 2010 Annual Meeting of Stockholders, including nominations for directors, must be received by the Company on or before December 15, 2009 and
