BALDWIN TECHNOLOGY COMPANY, INC.

PROXY STATEMENT

Shelton, Connecticut

October 14, 2010

The accompanying Proxy is solicited by and on behalf of the Board of Directors of Baldwin Technology Company, Inc., a Delaware corporation (the Company or Baldwin), for use only at the Annual Meeting of Stockholders (the Annual Meeting) to be held at the offices of the Company, 2 Trap Falls Road, Suite 402, Shelton, Connecticut on the 16th day of November, 2010 at 10:00 a.m., Eastern Standard Time, and at any adjournment thereof. The approximate date on which this Proxy Statement and accompanying Proxy will first be given or sent to stockholders is October 14, 2010.

Each Proxy executed and returned by a stockholder may be revoked at any time thereafter, by written notice to that effect to the Company, attention of the Secretary, prior to the Annual Meeting, or to the Chairman or the Inspectors of Election, at the Annual Meeting, or by execution and return of a later-dated Proxy, except as to any matter voted upon prior to such revocation.

Proxies in the accompanying form will be voted in accordance with the specifications made and, where no specifications are given, will be voted FOR the election as Directors of the nominees named herein and if any one or more of such nominees should become unavailable for election for any reason then FOR the election of any substitute nominee that the Board of Directors of the Company may propose. At the discretion of the proxy holders, the Proxies will also be voted FOR or AGAINST such other matters as may properly come before the meeting. The management of the Company is not aware of any other matter to be presented for action at the meeting.

With regard to the election of Directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be counted as present for purposes of determining the existence of a quorum and will not have any effect on the vote. Except for the election of Directors, abstentions may be specified on all proposals and will be counted as present for the purpose of determining the existence of a quorum regarding the item on which the abstention is specified. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for any purpose in determining whether a matter has been approved. A broker non-vote occurs when a record or nominee holder holding shares for a beneficial owner does not vote on a particular proposal because the record or nominee holder does not have discretionary voting instructions with respect to that proposal and has not received voting instructions on the proposal from the beneficial owner.

Important Change: There is an important change this year regarding broker non-votes and director elections. A NYSE rule change that is effective for the 2010 Annual Meeting of Stockholders no longer permits brokers to vote in the election of Directors if the broker has not received instructions from its customer, the beneficial owner. This represents a significant change from prior years, when brokers had discretionary voting authority in the election of Directors. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares on the election of Directors. Regardless of how you choose to vote, your interest in the affairs of Baldwin Technology Company, Inc. is important and we encourage you to vote promptly.

The required votes for the election of Directors is described below under the caption **Voting Securities**.

Table of Contents

With respect to any other matter requiring action at the meeting, the affirmative vote of a majority of the votes entitled to be cast by the holders of the outstanding shares of Class A Common Stock, par value \$0.01 per shares (the Class A Common Stock), and Class B Common Stock, par value \$0.01 per shares (the Class B Common Stock), present, in person or by proxy, and entitled to vote at the meeting, voting as a single class, with each share of Class A Common Stock having one (1) vote per share and each share of Class B Common Stock having ten (10) votes per share, is required for the approval of any such matter.

Important Notice Regarding the Internet Availability of Proxy Materials for the 2010 Annual Meeting

The U.S. Securities and Exchange Commission, or SEC, adopted e-proxy rules that require companies to post their proxy materials on the internet and permit them to provide only a Notice of Internet Availability of Proxy Materials to stockholders. The Company has chosen to follow the SEC's full set delivery option, and therefore, although we are posting a full set of our proxy materials (this proxy statement, the proxy card and our Annual Report for the fiscal year ended June 30, 2010) online, we are also mailing a full set of our proxy materials to our stockholders by mail.

Therefore, even if you previously consented to receiving your proxy materials electronically, you will receive a copy of these proxy materials by mail. We believe that mailing a full set of proxy materials will help ensure that a majority of our outstanding Class A Common Stock and Class B Common Stock is present in person or represented by proxy at our meeting. We also hope to help maximize stockholder participation. However, we will continue to evaluate the option of providing only a Notice of Internet Availability of Proxy Materials to some or all of our stockholders in the future.

The Company's Proxy Statement for the 2010 Annual Meeting of Stockholders and the Company's Annual Report to Stockholders for the fiscal year ended June 30, 2010 are available at <http://www.annualmeeting.baldwintech.com> .

We are mailing a full set of our printed proxy materials to stockholders of record on or about October 14, 2010. On this date, all stockholders of record and beneficial owners will have the ability to access all of the proxy materials on the web site referred to above. These proxy materials will be available free of charge.

Table of Contents

VOTING SECURITIES

The Board of Directors has fixed the close of business on September 30, 2010 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. The issued and outstanding stock of the Company on September 30, 2010 consisted of 14,608,635 shares of Class A Common Stock and 1,092,555 shares of Class B Common Stock.

With respect to the election of Directors, the holders of Class A Common Stock, voting as a separate class, are entitled to elect 25% of the total number of Directors (or the nearest higher whole number) constituting the entire Board of Directors. Accordingly, the holders of Class A Common Stock are entitled to elect two of the six Directors that will constitute the entire Board of Directors. Holders of Class B Common Stock, voting as a separate class, are entitled to elect the remaining Directors, so long as the number of outstanding shares of Class B Common Stock is equal to at least 12.5% of the number of outstanding shares of both classes of Common Stock as of the record date. If the number of outstanding shares of Class B Common Stock is less than 12.5% of the total number of outstanding shares of both classes of Common Stock as of the record date, the remaining directors are elected by the holders of both classes of Common Stock voting together as a single class, with the holders of Class A Common Stock having one vote per share and the holders of Class B Common Stock having ten votes per share. As of September 30, 2010, the number of outstanding shares of Class B Common Stock constituted approximately seven (7%) percent of the total number of outstanding shares of both classes of Common Stock. Accordingly, the holders of Class A Common Stock and Class B Common Stock, voting together as a single class, are entitled to elect four of the six Directors that will constitute the entire Board of Directors.

Except with respect to the election or removal of Directors and certain other matters with respect to which Delaware law requires each class to vote as a separate class, the holders of Class A Common Stock and Class B Common Stock vote as a single class on all matters, with each share of Class A Common Stock having one (1) vote per share and each share of Class B Common Stock having ten (10) votes per share. A quorum of stockholders is constituted by the presence, in person or by proxy, of holders of a majority in number of the total outstanding shares of stock of the Company entitled to vote at such meeting.

With respect to the election or removal of Directors and certain other matters with respect to which Delaware law requires each class to vote as a separate class, a quorum of the stockholders of each such class is constituted by the presence, in person or by proxy, of holders of a majority in number of the total outstanding shares of such class. As stated above, proxies withheld and broker non-votes will be excluded entirely with respect to the election of Directors and have no effect on the votes thereon.

Mr. Gerald A. Nathe, who retired as an employee on June 30, 2010, and Mr. Mark T. Becker, an employee of the Company, and Mr. Samuel B. have elected Mr. Rolf Bergstrom as the Lead Director. Prior to his becoming President and CEO of the Company on October 1, 2010, Mr. Becker served as interim Lead Director and chair of the Ad Hoc Advisory Committee.

Code of Conduct and Business Ethics

The Company adopted a revised Code of Conduct and Business Ethics (the Code) in August 2010, replacing the previous Code of Business Ethics adopted in August 2009. The Code has been distributed to all directors and employees of the Company. Written acknowledgment of understanding and compliance is required of all directors, executive officers, senior managers and financial and information technology staff annually. Board Statement of Principles

The Board has adopted a Statement of Principles, which, as most recently updated in August 2010, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section.

Committee Charters

The Board of Directors first adopted written charters for the Audit, Compensation and Executive Committees of the Board in 2001. In February 2009, the Board of Directors established a Nominating Committee and adopted a written charter for that committee. Each of the aforementioned charters are reviewed annually, and amended if appropriate. The Audit Committee Charter, the Nominating Committee Charter and the Executive Committee Charter were most recently updated in June 2010. The Compensation Committee Charter was most recently updated in August 2010. All the charters, as amended, are posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section.

Board and Committee Attendance

During fiscal year 2010, each Director attended at least 75% of the aggregate number of meetings of the Board and Committees on which he or she served. All of the Directors except one who were serving as Directors at the time attended the Company's 2009 Annual Meeting of Stockholders held on November 10, 2009. Directors are expected, but not required, to attend the 2010 Annual Meeting of Stockholders. The Board of Directors and the Audit and Compensation Committees each hold meetings on at least a quarterly basis, the Nominating Committee meets at least twice a year, and the Independent Directors meet as often as necessary to fulfill their responsibilities, including meeting at least annually in executive session without the presence of non-independent Directors and management.

Executive Committee

The Executive Committee meets on call and has authority to act on most matters during the intervals between Board meetings. During the fiscal year ended June 30, 2010, the Executive Committee held one (1) meeting and acted by unanimous written consent once. The Executive Committee presently consists of Gerald A. Nathe (Chairman), Mark T. Becker (the Company's new President and CEO), Samuel B. Fortenbaugh III and Claes Warnander. The charter of the Executive Committee, as most recently amended in June 2010, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section.

Table of Contents

Audit Committee

The Audit Committee assists the Board in ensuring the quality and integrity of the Company's financial statements, and that a proper system of accounting, internal controls and reporting practices are maintained by the Company. During the fiscal year ended June 30, 2010, the Audit Committee held four (4) regular meetings and eleven (11) special meetings. The Audit Committee presently consists of Ronald B. Salvagio (Chairman) and Rolf Bergstrom. Prior to October 1, 2010, Mark T. Becker was also a member of the Audit Committee. The Board intends to add a third member to the Audit Committee at its next meeting. The charter of the Audit Committee, as most recently amended in June 2010, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section. The Board of Directors has determined that all of the members of the Audit Committee are independent, as defined by the rules of the SEC and the NYSE Amex and that Mr. Salvagio qualifies as an Audit Committee Financial Expert.

Compensation Committee

The Compensation Committee has the responsibility for, among other things, reviewing and making recommendations to the full Board concerning compensation and benefit arrangements for the executive officers of the Company, other than the Chief Executive Officer. The Compensation Committee also administers the Company's 2005 Equity Compensation Plan (2005 Plan). During the fiscal year ended June 30, 2010, the Compensation Committee met four (4) times and acted by unanimous written consent once. The Compensation Committee presently consists of Claes Warnander (Chairman) and Samuel B. Fortenbaugh III. Prior to October 1, 2010, Mark T. Becker was also a member of the Compensation Committee. The Board intends to add a third member to the Compensation Committee at its next meeting. The charter of the Compensation Committee, as most recently amended in August 2010, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section. The Board of Directors has determined that one of the current members of the Committee is independent as defined by the rules of the NYSE Amex. Mr. Fortenbaugh, who is not independent due to his providing legal services to the Company, was appointed to the Compensation Committee in November 2009 under a special limited exception to the rules of the NYSE Amex since the Board determined it was in the best interest of the Company and its stockholders for Mr. Fortenbaugh to serve on the Compensation Committee. See also Role of Compensation Committee in the Compensation Discussion and Analysis section below.

Nominating Committee

The Nominating Committee assists the Board in achieving the highest possible level of performance in fulfilling its oversight responsibilities. The Nominating Committee is responsible for implementing processes to assess the Board and its committees, and reviews the Board's required status, experience, mix of skills and other qualities to assure appropriate Board composition. During the fiscal year ended June 30, 2010, the Nominating Committee held four (4) regular meetings and one (1) special meeting. The Nominating Committee presently consists of Rolf Bergstrom, Ronald B. Salvagio and Claes Warnander. The charter of the Nominating Committee, as most recently amended in June 2010, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section.

Table of Contents

Ad Hoc Advisory Committee

The Board of Directors established an Ad Hoc Advisory Committee in May 2010 to study various strategic alternatives for the Company. The Committee was comprised of the Independent Directors, including Rolf Bergstrom (who was initially named Chair of the Committee), Mark T. Becker (who was named Chair of the Committee in June and served until his election on October 1, 2010 as President and Chief Executive Officer of the Company), Ronald B. Salvagio and Claes Warnander. The Committee retained OBX Partners LLC, a strategic and financial advisory firm, to act as financial advisor and strategic consultant on behalf of the Committee, advising the Committee with regard to any transactions being contemplated during the term of the engagement, advising the Committee with regard to the Company's budget and business plans, and with respect to financing needs and liquidity of the Company. The Ad Hoc Advisory Committee held four (4) meetings during the fiscal year ended June 30, 2010 and four meetings since that time. This Committee will conclude its work at the next Board of Directors meeting on November 16, 2010.

Independent Directors

The Independent Directors set compensation for the Chief Executive Officer. During the fiscal year ended June 30, 2010, the Independent Directors held four (4) regular meetings and one (1) special meeting. The Independent Directors are Rolf Bergstrom (who currently serves as Lead Director), Ronald B. Salvagio and Claes Warnander. The Statement of Principles (Charter) of the Board of Directors, as most recently amended in August 2010 and which sets forth in more detail the duties and responsibilities of the Board and the Independent Directors, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section.

Board Leadership Structure and Role in Risk Oversight

The By-laws of the Company provide that the Board may elect from among its members a Chairman of the Board and, if the Board so determines, one or more Vice Chairmen to act in place of the Chairman. Pursuant to this authority, the Board has elected Mr. Gerald A. Nathe as the Chairman of the Board. Neither the By-laws nor the Company's Corporate Governance Guidelines specify that the position of Chairman may not be held by a corporate officer, such as the President and Chief Executive Officer of the Company, but the Company has had a non-management Chairman since 2007. The Board believes this leadership structure is appropriate for the Company at the present time. The Board further believes that separation of the roles of the Chairman of the Board and the Chief Executive Officer at this time serves to support the Board's leadership role in fulfilling its oversight responsibilities.

The Board has an active role as a whole, and also at the Committee level, in overseeing management of the Company's risks. The Board regularly receives reports from members of senior management on areas of material risk to the Company, including operational, financial, legal, regulatory, environmental, and strategic and reputational risks. The full Board or an appropriate Committee receives these reports from the appropriate executive so that it may understand and oversee the Company's strategies to identify, manage and mitigate risks. When it is a Committee that receives the report, the Chairman of that Committee makes a report on the discussion to the full Board of Directors at its next meeting. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial, legal and regulatory risks. The Executive Committee oversees management of the risks associated with the independence of the Board of Directors and potential conflicts of interest, as well as risks associated with corporate and financial strategies and merger and acquisition transactions.

Stockholder Communications with Directors

Any stockholder wishing to communicate with the Board or a specified individual director may do so by contacting the Company's Corporate Secretary, in writing, at the corporate address listed on the notice to which this proxy statement is attached, or by telephone at (203) 402-1000. The Corporate Secretary will forward to the Board or the specified director a written, e-mail or phone communication. The Corporate Secretary has been authorized by the Board to screen frivolous or unlawful communications or commercial advertisements.

The Board Nomination Process

The Company established a Nominating Committee in February 2009 comprised of all the Independent Directors. The Lead Director serves as the Chairman of the Nominating Committee.

The Lead Director, together with the Chairman of the Board and the Chief Executive Officer, are responsible for reviewing on an annual basis, with the entire Board, the appropriate skills and characteristics required of Board members in the context of the then current make-up of the Board. This review includes an evaluation of judgment and integrity, skills, diversity of background and experience, technical knowledge, etc., all in the context of an assessment of the perceived needs of the Board at that point in time and with a view to realizing the Board's objectives.

The Lead Director, together with the Chairman of the Board and the Chief Executive Officer and any Independent Director available, will review the qualifications, and if appropriate interview those individuals willing to serve, with the intent of agreeing upon one or more candidates whose qualifications include expertise needed to enhance the overall Board. Each candidate who is agreed upon will have his credentials forwarded to all Directors for review prior to being introduced to as many Board members as possible. The Independent Directors will then vote on whether to recommend the individual or individuals to the full Board for selection by the full Board. If selected, then depending upon the Class in which the candidate or candidates are placed, the candidate or candidates will be subject to eventual election by the Company's stockholders.

The Nominating Committee will consider director candidates recommended by stockholders as long as such recommendations are received at least 120 calendar days before the anniversary of the date that the Company mailed its proxy materials in connection with the previous year's Annual Meeting of Stockholders. Accordingly, stockholders who wish to recommend for consideration by the Nominating Committee a prospective candidate for election to the Board at the 2011 Annual Meeting of Stockholders may do so by notifying in the manner provided in Rule 14a-18 of Regulation 14A under the Securities Exchange Act of 1934, as amended, the Corporate Secretary of the Company at the corporate address listed on the notice to which this proxy statement is attached no later than June 16, 2011. The Corporate Secretary will pass all such stockholder recommendations on to Mr. Bergstrom, the Lead Director (and Chair of the Nominating Committee) for consideration by the Nominating Committee. Any such recommendation should provide whatever supporting material the stockholder considers appropriate, but should at a minimum include such background and biographical material as will enable the Nominating Committee to make an initial determination as to whether the candidate satisfies the Board membership criteria set out in the Board of Directors' Statement of Principles. All candidates submitted by a stockholder or stockholder group are reviewed and considered in the same manner as all other candidates.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company assists the Board in its oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company. The committee operates under a written charter adopted by the Board. A copy of the Audit Committee Charter, as amended in June 2010, is posted on the Company's web site under the Corporate Governance Section. Through the Company's fiscal year ended June 30, 2010 (Fiscal 2010), the committee was comprised of three non-employee Directors, each of whom was independent as defined by the rules of the SEC and the NYSE Amex. In addition, the Board had determined that two members of the committee have accounting or related financial management expertise. The Chairman, Ronald B. Salvagio, and another member of the committee, Mark T. Becker, were both designated as Audit Committee Financial Experts. Effective October 1, 2010, Mark T. Becker was named President and Chief Executive Officer of the Company and since that time no longer serves on the Audit Committee. This report is prepared and presented for Fiscal 2010.

In performing its oversight responsibilities, the committee reviewed and discussed the audited consolidated financial statements of the Company for Fiscal 2010 with management and Grant Thornton LLP (GT), the Company's independent registered public accounting firm. Management has the primary responsibility for the financial statements and the reporting process. GT is responsible for expressing an opinion as to whether these financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States.

The committee has reviewed and discussed the consolidated financial statements of the Company and its subsidiaries, which are included as Item 8 in the Company's Annual Report on Form 10-K for Fiscal 2010, with management of the Company and GT.

The committee also discussed with GT GT's judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with GT by the standards of Public Company Accounting Oversight Board (United States), including those described in Statement on Auditing Standards No. 61, Communications with Audit Committees and SEC Rule 2-07 of Regulation S-X.

Table of Contents

The committee has received the written disclosures and the letter from GT required by applicable requirements of the Public Company Accounting Oversight Board and has discussed GT's independence from the Company with GT. There were no non-audit services provided by GT to the Company during Fiscal 2010.

Based on the review and discussions with management of the Company and GT referred to above, the Audit Committee recommended to the Board of Directors that the Company publish the consolidated financial statements of the Company and subsidiaries for Fiscal 2010 in the Company's Annual Report on Form 10-K for Fiscal 2010 and include such financial statements in its Annual Report to Stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we provide an overview and analysis of our executive officer compensation program and policies. Later in this proxy statement, there is a series of tables containing specific information about the compensation earned or paid in the fiscal year ended June 30, 2010 to the following individuals who are referred to as our named executive officers (NEOs): Karl S. Puehringer, President and Chief Executive Officer (until his employment by the Company was terminated, effective September 30, 2010), John P. Jordan, Vice President, Chief Financial Officer and Treasurer, Peter Hultberg, Vice President Marketing, Sales and Service, and Steffen Weisser, Vice President Operations.

Compensation Philosophy and Objectives

The Company recognizes that a critical balance must be maintained between compensation and the successful pursuit of the Company's long-term performance and business strategies. The Company compensates its senior executives and certain other senior management employees, whose contributions are key to the Company's success, in a manner that the Company believes will attract and retain high caliber leaders and motivate its executives and senior management to pursue the Company's long-term performance and strategic objectives. To that end, the Company is committed to affording its NEOs and senior management employees with compensation that is competitive with regards to their knowledge, skill, experience, and responsibilities as well as competitive with the market(s) in which the Company is required to compete for executive and/or senior management talent.

The Company and the Compensation Committee of the Board of Directors (the Committee) has adopted a compensation philosophy that provides for a base compensation and broad-based benefit plans, which are available to all employees, annual incentive bonuses and long-term equity compensation in order to motivate executives and senior management to achieve the Company's strategic objectives, to align the interests of executives and senior managers with the interests of the Company's stockholders, to provide competitive total compensation, to attract, retain and motivate key management employees and to reward corporate consolidated performance.

Role of the Compensation Committee

Throughout FY2010, the Committee was comprised of three non-employee Directors of the Company, two of whom were considered independent under the rules of the NYSE Amex, and one Director who is not independent but was appointed to the Committee for a temporary two-year term under a special exception to the independence rules. The Committee operates pursuant to a written charter adopted by the Board, a copy of which is posted on the Company's web site under the Corporate Governance Section. The purpose of the Committee is to assist the Board of Directors of the Company in ensuring that proper systems of short-term and long-term compensation are in place to provide performance-oriented incentives and that compensation plans are appropriate and competitive and properly reflect the objectives and performance of management and the Company. The principal responsibilities of the Committee include: 1) reviewing and making recommendations to the Board as to the general compensation policies and practices of the Company for management employees of the Company and the adoption or modification of compensation and benefit plans for executive officers; 2) reviewing the performance of the Chief Executive Officer of the Company and making a recommendation to the Lead Director and other Independent Directors with respect to the total compensation of the Chief Executive Officer; 3) reviewing and making a recommendation to the entire Board of Directors as to the total compensation of each of the NEOs and such other employees of the Company and its subsidiaries as the Committee deems appropriate and as are required by the

Table of Contents

Company's Delegation of Authority Policy; 4) administering and approving awards to management-level employees under the Company's 2005 Equity Compensation Plan; 5) interpreting, administering and approving management's recommendations as to equity awards for non-management employees under the Company's 2005 Equity Compensation Plan; 6) reviewing and making recommendations to the Board for awards under the Company's 2005 Equity Compensation Plan to executive officers of the Company; 7) reviewing and making recommendations to the Lead Director and to other Independent Directors of the Board for awards under the Company's 2005 Equity Compensation Plan to the Chief Executive Officer; 8) reviewing and making recommendations to the Board of Directors of the Company as to any contractual or other special employment arrangements for executive officers (and other management employees) of the Company or any of its subsidiaries; 9) reporting annually to stockholders of the Company as to the Committee's compensation policies for the executive officers of the Company, and the basis, including the factors and criteria, for the compensation paid to the Chief Executive Officer of the Company; and 10) reviewing and making recommendations to the Board with respect to the compensation of and benefits for directors who are not employees of the Company.

Specific Elements of NEO Compensation

General

For each of the NEOs of the Company named in the Summary Compensation Table below, compensation consists of a base salary, a potential for an incentive cash bonus, equity compensation awards, and other perquisites. Certain of these NEOs also have supplemental retirement benefits. The Committee annually reviews the total compensation package paid to each of the NEOs and certain other senior management employees. In fiscal 2010, the Committee and the Company's human resources group used the consulting firm, Executive Resource Group, to provide information from their database of surveys and comparable compensation packages paid to executives at a broad range of publicly traded manufacturing companies with market values, revenue sizes, and global operating footprints similar to those of the Company. The Committee compares the compensation packages the Company provides to its NEOs with those benchmarks in determining the appropriateness of the compensation packages paid to the NEOs and makes adjustments where appropriate.

Base Salary

The base salary in place for each of the executive as well as non-executive employees is intended to attract and retain top level talent as well as to compensate the employees for their knowledge, skill, experience, and overall job responsibilities.

The base salary of Karl S. Puehringer was fixed by an employment agreement that was negotiated between Mr. Puehringer and the Compensation Committee and approved by the Independent Directors of the Board of Directors. Mr. Puehringer's base salary was subject to an annual increase based on performance, which was reviewed annually by the Independent Directors of the Board of Directors, and the attainment of objectives mutually agreed-upon with the Independent Directors. Recommended annual increases to Mr. Puehringer's base salary were subject to review and approval of the Compensation Committee, the Independent Directors of the Board and the Board of Directors. Effective September 30, 2010, Mr. Puehringer's employment with the Company terminated.

The base salaries of the other NEOs are also fixed by employment agreements entered into between the NEOs and the Company and approved by the Compensation Committee and the Board of Directors. Under the

Table of Contents

employment agreements in place, each NEO's base salary is subject to an annual increase based on performance, which is reviewed annually by the Chief Executive Officer. Recommended annual increases to the base salaries of the NEOs are also subject to review and approval of the Compensation Committee and the Board of Directors. By Letter Agreements dated January 13, 2009, each of the NEOs agreed to reduce their respective annual base salaries by ten (10%) percent, effective February 1, 2009. These salary reductions were restored effective October 1, 2010.

See a more detailed description of the terms of each employment agreement between the Company and an NEO in the Employment Agreements Section below.

Bonus

Executive Officers and key management and non-management employees are eligible to receive cash bonuses provided through the Company's annual Management Incentive Compensation Plan (MICP). Each year, the MICP is designed to reward, recognize and motivate the NEOs and certain other key management employees for their contributions on a consolidated total company and/or location basis. Each NEO, key manager and key non-manager participant can earn cash incentive compensation based on a target bonus percentage of his/her base salary upon the achievement of certain MICP performance targets whose purpose is to focus the participants' attention on earnings (through Profit Before Tax) and on cash (through Operating Cash Flow). The individual target award opportunities for MICP participants range from 7.5% to 50% of base salary, with Mr. Puehringer, Mr. Jordan, Dr. Weisser and Mr. Hultberg each participating at the 50% bonus level for fiscal year 2010. Approximately sixty-five (65) employees or about eleven percent (11%) of the Company's worldwide employee base participated in the fiscal year 2010 MICP.

Equity Compensation Awards

The Company's NEOs as well as certain other management employees, who in the judgment of the Chief Executive Officer, are in a position to contribute significantly to the Company in order to create stockholder value, receive either/or a combination of stock options, restricted stock grants, restricted stock units, and performance shares generally once each year. Recommendations for issuing options, restricted stock, restricted stock units and performance shares are reviewed and approved by the Committee and the Board of Directors, and, in the instance of the Chief Executive Officer, by the Independent Directors. Approximately twelve (12) officers, senior managers and other key employees or about two percent (2%) of the Company's worldwide employee base were identified as participants in the Company's equity compensation program.

Supplemental Retirement Benefits

Mr. Puehringer was entitled to deferred compensation, and Mr. Jordan is entitled to supplemental retirement benefits (SERPs) in accordance with their respective employment agreements. A SERP is a non-qualified defined retirement plan that provides supplemental retirement income to the named NEO. It provides retirement benefits in excess of the Company's 401(k) profit sharing and savings plan because of contribution limitations imposed by the IRS upon contributions made with respect to the Company's 401(k) plan. The IRS limit on earnings (\$245,000 for 2010) for purposes of computing the maximum contribution that can be made does not apply to payments under a SERP.

Table of Contents

Mr. Puehringer's employment agreement provided for deferred compensation to be paid to him, his designated beneficiary or beneficiaries, or his estate for a period of fifteen (15) years upon termination of his employment and subject to a vesting schedule set forth in his employment agreement. The amount of the annual deferred compensation benefit to be paid to Mr. Puehringer was based on a final pay formula which included years of service and final average base salary. The amount accrued by the Company on behalf of Mr. Puehringer in connection with this benefit during fiscal year 2010 was \$42,908. Mr. Puehringer's employment by the Company as well as his employment agreement was terminated effective September 30, 2010 pursuant to a Termination Agreement dated September 30, 2010. Pursuant to the Termination Agreement, the Company agreed to pay Mr. Puehringer deferred compensation upon substantially the same terms that the Company was obligated to pay deferred compensation to Mr. Puehringer under his employment agreement. The estimated annual deferred compensation benefit payable by the Company to Mr. Puehringer under the Termination Agreement is \$126,000. Currently 100% vested, the estimated annual benefit payable to Mr. Puehringer will be equal to 30% of his average base salary for his last three (3) years of employment under his employment agreement.

Mr. Jordan's employment agreement provides for a supplemental retirement benefit to be paid to him for ten (10) years upon termination of his employment and subject to a vesting schedule set forth in his employment agreement. The amount of the annual benefit to be paid to Mr. Jordan is based on a final pay formula which includes years of service and final average base salary. The amount accrued by the Company on behalf of Mr. Jordan in connection with this benefit during fiscal year 2010 was \$86,082. Process for Setting and Reviewing Compensation

The Committee reviews and determines the compensation for its executive officers and certain senior managers by identifying the market value of each position and determining the appropriate mix of compensation elements in order to maintain alignment with the Company's goals and objectives. The Committee considers and compiles compensation data from proprietary and public surveys that track companies in the manufacturing sector that are comparable in size and similar in annual revenues. Where and when appropriate, the Company and/or the Committee have the authority to retain the services of outside compensation consultants to better understand the competitive marketplace and to assess the appropriateness of the Company's compensation programs. In addition to the survey data used to identify specific market levels for direct compensation, in May 2008 the Company and the Committee also conducted a baseline study among peer companies concerning short and long-term compensation practices and trends. This effort informed the Company about practices of similarly-situated companies when reviewing and establishing compensation programs to meet the Company's compensation and strategic objectives. For this purpose, the Company and Committee considered a broad range of publicly traded manufacturing companies with industry classifications, market values, revenue size and global operating footprints similar to those of the Company.

The Company peer group used in May 2008 was comprised of the following companies:

Resources for Advice on Executive and Director Compensation

The Company's management and human resources department supports the Committee in its work of reviewing and determining executive officer and Director compensation. In its support role, management and the human resources department recommend, but do not determine, the amount or form of executive and Director compensation. Where and when appropriate, the Company and/or the Committee retain the services of outside compensation consultants to better understand the competitive marketplace and to assess the appropriateness of the Company's compensation programs. During Fiscal 2010, the Company and the Committee used the services of Executive Resource Group, a human resource consulting firm, for the assessment of pay competitiveness as well as evaluation of normative market practices for delivering executive and senior management compensation, benefits and perquisites.

Accounting and Tax Considerations

Deductibility of Compensation under Federal Income Taxes

Based on currently prevailing authority, including Treasury Regulations issued in December, 1995, and in consultation with outside tax and legal experts, the Committee has determined that it is unlikely that the Company paid any amounts with respect to Fiscal 2010 that would result in the loss of a federal income tax deduction under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and accordingly has not recommended that any special actions be taken, or plans or programs be revised at this time in light of such tax law provision (except that the Company intends that stock options granted under the 1996 Plan, and stock options or other awards made under the 2005 Plan, have an exercise price which is the fair market value of the stock on the date of grant and that such options qualify as performance-based compensation under Section 162(m) of the Code).

COMPENSATION COMMITTEE REPORT

The Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

This report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such statutes.

Puehringer, its then President and Chief Executive Officer, replacing an earlier agreement dated June 19, 2007. The amended and restated agreement, which extended the term of the agreement and the notice period for termination, but otherwise contained the same terms as the earlier agreement, provided for the Company to pay to Mr. Puehringer (a) a minimum base salary of \$420,000, (b) incentive compensation under the Company's MICP, (c) a supplemental retirement benefit for fifteen (15) years following termination of his employment, subject to vesting as set forth in the agreement, and (d) certain amounts upon termination of his employment, such amounts to depend upon whether the termination was initiated by the Company or by Mr. Puehringer, whether the termination was with or without cause or with or without Company consent, and whether the termination was due to his death or disability. For purposes of clause (d) above, in the event of (i) any merger or consolidation or sale of substantially all of the assets of the Company resulting in a change in control, (ii) the liquidation of the Company, or (iii) a material diminution in Mr. Puehringer's duties, then in each such case, Mr. Puehringer could have, within six months of any such event, terminated his employment and would have been entitled to receive a severance payment in an amount equal to 2.9 times his then annual base salary. Mr. Puehringer's amended and restated employment agreement was for an initial term that would have expired on September 30, 2012 and would have been automatically extended for an additional five (5) year term unless terminated upon two (2) year's prior written notice given by either party to the other. forth in the agreement, and (d) certain amounts upon termination of his employment, such amounts to depend upon whether the termination was by the Company or by Mr. Jordan, whether the termination was with or without cause or with or without Company consent, and whether the termination was due to his death or disability. For purposes of clause (d) above, in the event of (i) any merger or consolidation or sale of substantially all of the assets of the Company resulting in a change in control, (ii) the liquidation of the Company, or (iii) a material diminution in Mr. Jordan's duties, then in each such case, Mr. Jordan may, within six months of any such event, terminate his employment and be entitled to receive a severance payment in an amount equal to his then annual base salary. Mr. Jordan's agreement was for an initial term that expired on March 8, 2010 and automatically extended for an additional three (3) year term. Unless terminated with six months prior written notice, Mr. Jordan's agreement will continue to automatically extend for additional three (3) year terms. Dr. Weisser has agreed that, during any notice period, and if terminated by the Company, during an additional six month severance period, he will not compete, directly or indirectly, with the Company, in exchange for fifty (50%) percent of his average total monthly salary for six months, less any severance paid.
