PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON APRIL 24, 2003

SOLICITATION, VOTING AND REVOCABILITY OF PROXIES

This Proxy Statement (the "Proxy Statement") is being furnished to the shareholders of Webster Financial Corporation, a Delaware corporation ("Webster" or the "Corporation"), as part of the solicitation of proxies by its Board of Directors from holders of its outstanding shares of common stock, par value \$.01 per share (the "Common Stock"), for use at the Annual Meeting of Shareholders of Webster to be held on Thursday, April 24, 2003, at 4:00 p.m., local time, at the Courtyard by Marriott, 63 Grand Street, Waterbury, Connecticut 06702 (the "Annual Meeting") and at any adjournments of the meeting. The Proxy Statement, together with the enclosed proxy card, is being mailed to shareholders of Webster on or about March 21, 2003.

The Annual Meeting has been called for the following purposes: (i) to elect three directors to serve for three-year terms (Proposal 1); (ii) to amend Webster's 1992 Stock Option Plan to increase the number of shares of common stock available for issuance thereunder by 2,200,000 shares and to extend the term of the Plan (Proposal 2); (iii) to approve the Qualified Performance-Based Compensation Plan for an additional five year term (Proposal 3); (iv) to ratify the appointment by the Board of Directors of the firm of KPMG LLP as independent auditors of Webster for the year ending December 31, 2003 (Proposal 4); and (v) to transact any other business that properly comes before the Annual Meeting or any adjournments of the meeting.

If you vote using the enclosed form of proxy, your shares will be voted in accordance with the instructions indicated. EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR THE ELECTION OF THE BOARD'S NOMINEES AS DIRECTORS, FOR THE AMENDMENT OF THE 1992 STOCK OPTION PLAN, FOR THE APPROVAL OF THE QUALIFIED PERFORMANCE-BASED COMPENSATION PLAN, AND FOR THE RATIFICATION OF THE APPOINTMENT OF WEBSTER'S INDEPENDENT AUDITORS. Except for procedural matters incident to the conduct of the Annual Meeting, the Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy on such matters as determined by a majority of the Board of Directors. The proxies confer discretionary authority to vote on any matter of which Webster did not have notice at least 30 days prior to the date

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

of the Annual Meeting.

The presence of a shareholder at the Annual Meeting will not automatically revoke that shareholder's proxy. A shareholder may, however, revoke a proxy at any time before it is voted (i) by delivering either a written notice of revocation of the proxy or a duly executed proxy bearing a later date to Terrence K. Mangan, Senior Vice President, Investor Relations, Webster Financial Corporation, Webster Plaza, Waterbury, Connecticut 06702, (ii) by re-voting by telephone or on the Internet, or (iii) by attending the Annual Meeting and voting in person.

The cost of soliciting proxies for the Annual Meeting will be borne by Webster. In addition to use of the mails, proxies may be solicited personally or by telephone or telecopy by directors, officers and employees, who will not be specially compensated for such activities. Webster also will request persons, firms and companies holding shares in their names or in the name of their

1

nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from those beneficial owners and will reimburse those holders for their reasonable expenses incurred in that connection. Webster also has retained Morrow & Co., Inc., a proxy soliciting firm, to assist in the solicitation of proxies at a fee of \$7,000, plus reimbursement of certain out-of-pocket expenses.

WHO CAN VOTE. The securities which can be voted at the Annual Meeting consist of shares of Common Stock of Webster with each share entitling its owner to one vote on all matters properly presented at the Annual Meeting. There is no cumulative voting of shares. The Board of Directors has fixed the close of business on March 4, 2003 as the record date for the determination of shareholders of Webster entitled to notice of and to vote at the Annual Meeting. On the record date, there were 11,041 holders of record of the 45,613,072 shares of Common Stock then outstanding and eligible to be voted at the Annual Meeting.

VOTING. If your Common Stock is held by a broker, bank or other nominee (i.e., in "street name"), you should receive instructions from that person or entity that you must follow in order to have your shares of Common Stock voted. If you hold your Common Stock in your own name and not through a broker or another nominee, you may vote your shares of Common Stock:

- by using the toll-free telephone number listed on the proxy card,
- by using the Internet website listed on the proxy card,
- by signing, dating and mailing the proxy card in the enclosed postage-paid envelope, or
- by attending the Annual Meeting and voting in person.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your Common Stock in accordance with your instructions. If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders as recommended by the Board of Directors.

Vote by Telephone. If you hold your Common Stock in your own name and not through your broker or another nominee, you can vote your shares of Common Stock by telephone by dialing the toll-free telephone number printed on your proxy card. Telephone voting is available 24 hours a day until 8:00 a.m. (E.D.T.) on April 24, 2003. Easy-to-follow voice prompts allow you to vote your

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

shares of Common Stock and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate shareholders by using the individual control numbers on your proxy card. IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.

Vote by Internet. If you hold your Common Stock in your own name and not through your broker or another nominee, you can choose to vote via the Internet. The website for Internet voting is printed on your proxy card. Internet voting is available 24 hours a day until 8:00 a.m. (E.D.T.) on April 24, 2003. As with telephone voting, you will be given the opportunity to confirm that your instructions have been properly recorded. IF YOU VOTE VIA THE INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.

Vote by Mail. You can vote by mail by signing, dating and returning the enclosed proxy card in the enclosed postage paid envelope.

The presence, in person or by proxy, of at least one-third of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting for the election of directors and the ratification of the appointment of the Corporation's independent auditors. Assuming the presence of a quorum at the Annual Meeting, directors will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy and entitled to vote. The affirmative vote of the majority of the votes cast is required to amend the 1992 Stock Option Plan, to approve the Qualified Performance-Based Compensation Plan, and to ratify the appointment of the Corporation's

2

independent auditors. Shareholders' votes will be tabulated by the persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting. Abstentions and broker non-votes will be treated as shares that are present, or represented, and entitled to vote for purposes of determining the presence of a quorum at the Annual Meeting. Broker non-votes will not be counted as a vote cast on any matter presented at the Annual Meeting. Abstentions will not be counted in determining the number of votes cast in connection with any matter presented at the Annual Meeting.

A copy of our annual report to shareholders for the fiscal year ended December 31, 2002 and a copy of our annual report on Form 10-K accompany this Proxy Statement. WEBSTER IS REQUIRED TO FILE AN ANNUAL REPORT ON FORM 10-K FOR ITS 2002 FISCAL YEAR WITH THE SECURITIES AND EXCHANGE COMMISSION. SHAREHOLDERS MAY OBTAIN, FREE OF CHARGE, A COPY OF THE FORM 10-K BY WRITING TO TERRENCE K. MANGAN, SENIOR VICE PRESIDENT, INVESTOR RELATIONS, WEBSTER FINANCIAL CORPORATION, WEBSTER PLAZA, WATERBURY, CONNECTICUT 06702. OUR 2002 ANNUAL REPORT TO SHAREHOLDERS AND OUR FORM 10-K ALSO ARE AVAILABLE ON OUR WEBSITE, WWW.WBST.COM.

ELECTION OF DIRECTORS (PROPOSAL 1)

At the Annual Meeting, three directors will be elected to serve for three-year terms. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election as directors of the persons named below as nominees. The Board of Directors believes that the nominees will stand for election and will serve if elected as directors. If, however, any person nominated by the Board fails to stand for election or is unable to accept

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

election, the proxies will be voted for the election of such other person as the Board of Directors may recommend. Assuming the presence of a quorum at the Annual Meeting, directors will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting. There are no cumulative voting rights in the election of directors.

John F. McCarthy, whose term ends as of the Annual Meeting, will be retiring from the Board of Directors as of the date of the Annual Meeting, but will continue to serve as a member of the Board of Directors of the Bank for two years. The Board of Directors greatly appreciates the service and contributions of Mr. McCarthy to the success of Webster.

The Board of Directors currently consists of 9 members, and is divided into three classes, of three directors, respectively. The term of office of only one class of directors expires in each year, and their successors are elected for terms of up to three years and until their successors are elected and qualified.

It also includes a car allowance for each executive officer and a premium on a life insurance policy which provides a benefit of one times base salary, the same benefit as for all other full-time employees, for Mr. Smith. For 2002 matching contributions made by Webster Bank to the 401(k) Plan on behalf of Messrs. Smith, Bromage, Healy, Mulligan and Strickland were \$4,330, \$5,100, \$4,158, \$5,100, and \$4,141, respectively. In addition, for 2002, Messrs. Smith, Bromage, Mulligan and Strickland were allocated 17.2329 shares of Webster's Common Stock, each pursuant to the ESOP, having a value based on the market value of Webster's Common Stock at the date of allocation of \$599.70. (f) Mr. Healy joined the Company on March 30, 2001.

Executive officers are eligible to participate in Webster Bank's nonqualified deferred compensation plan. Under the terms of the plan, executive officer participants may elect to defer all or any portion of their bonuses. Deferred amounts are credited by Webster Bank to bookkeeping reserve accounts for each participant. Such accounts, plus accrued interest, are payable upon termination of service, disability or death of the participant, in a lump sum or in ten annual installments at the participant's election. For 2002, none of the executive officers elected to defer the bonus portion of his annual compensation.

Options not immediately exercisable may become exercisable in full, or with respect to certain option grants, in part, under certain circumstances when a "change in control" of Webster or Webster Bank has occurred.

(b) Options will become exercisable based on the following vesting schedule:
 one-fourth vests after one year; one-fourth vests after two years;
 one-fourth vests after three years and the remaining one-fourth vests after four years.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

(c) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an employee may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance that the value realized by an employee will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on assumptions as to variables such as the expected term of the option, the risk-free interest rate for the expected term of the option (based upon the rate available on the date of grant on a zero-coupon U.S. government issue), stock price volatility (based on the Corporation's historical stock price over a range of years), and the expected future estimated dividend yield (based upon the dividend yield at date of grant).

The following table sets forth information with respect to each of the named executive officers concerning the exercise of stock options during 2002 and the value of all unexercised options held by each of such individuals at December 31, 2002.

RETIREMENT PLANS

Webster Bank maintains a defined benefit pension plan (the "Pension Plan") for eligible employees of Webster Bank. The Pension Plan is a qualified plan under the Internal Revenue Code of 1986, as amended (the "Code"), and complies with the requirements of the Employee Retirement Income Security Act of 1974, as amended. All employees of Webster Bank are eligible to participate in the Pension Plan upon attaining age 21 and completing one year of service.

Benefits under the Pension Plan are funded solely by

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

contributions made by Webster Bank. Under the Pension Plan's benefit formula, a participant's monthly normal retirement benefit will equal the sum of: (a) his or her accrued benefit as of December 31, 1986 (adjusted through August 31, 1996 to reflect certain future increases in compensation), plus (b) the sum of 2% of the participant's monthly compensation for each year of credited service beginning on or after January 1, 1987. In general, benefits may not be based on more than 30 years of credited service. The normal form of benefit is an annuity for the participant's lifetime with a minimum of 120 monthly payments guaranteed. A Pension Plan participant becomes 100% vested in the benefits under the Pension Plan upon completion of five years of service. Benefit payments to a participant or beneficiary may commence upon a participant's early retirement date (age 55), normal retirement date (generally age 65), deferred retirement date or death. Participants may elect to receive their benefits in one of several optional forms, including a lump sum or periodic payments during the participant's lifetime or during the lifetime of the participant and his or her surviving spouse or designated beneficiary. The lump sum option has been eliminated for benefits earned after January 26, 1998.

The Board of Directors of Webster Bank has adopted a nonqualified supplemental retirement plan (the "Supplemental Plan"), which was amended and restated effective January 1, 2003, for certain management and other highly compensated employees who are also participants in the Pension Plan to provide supplemental retirement income benefits which are not currently available because annual compensation in excess of \$200,000 (subject to cost of living increases) may not be used in the calculation of retirement benefits under the Code and because pension benefits are currently subject to a maximum of \$160,000 (subject to cost of living increases). Benefits under the Supplemental Plan are payable in monthly installments. The Supplemental Plan also provides certain management and other highly compensated employees who are participants in the 401(k) Plan with supplemental matching contributions. See "Executive Compensation - Summary Compensation Table."

The estimated annual benefits payable from the Pension Plan upon retirement at normal retirement age for Messrs. Smith, Bromage, Healy, Mulligan and Strickland are \$108,620, \$55,330, \$31,400, \$53,310 and \$84,580, respectively. In addition, the estimated annual supplemental retirement income benefits payable to Messrs. Smith, Bromage, Healy, Mulligan and Strickland under the Supplemental Plan are \$573,610, \$99,540, \$39,480, \$55,080 and \$60,340, respectively.

COMPENSATION OF DIRECTORS

During 2002, each non-employee director of Webster received an annual retainer of 445 shares of Webster Common Stock with an aggregate value of \$15,000 at the date of grant pursuant to the 2001 Directors Retainer Fees Plan, which provides for the payment of annual retainer fees to non-employee directors in shares of Common Stock as adopted by shareholders at the 2001 Annual Meeting (the "Fees Plan"). Under the Fees Plan, each non-employee director is granted shares of Common Stock equal to the annual retainer (currently \$15,000) divided by the average four quarter value as of the grant date. The average four quarter value is based on the average of the closing prices of Common Stock at the end of the four calendar quarters preceding the grant date, which is the date of each annual meeting of shareholders. Shares of Common Stock granted under the Fees Plan are subject to vesting requirements and other substantial risks of forfeiture.

In addition, effective as of April 27, 2000, each non-employee director received \$1,000 for each Webster or Webster Bank Board meeting

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

attended, \$750 for each committee meeting attended and \$500 for each telephonic Webster or Webster Bank Board meeting and \$375 for each telephonic committee meeting called by Webster. Non-employee directors of Webster and Webster Bank received a total of \$1,500 for separate Board meetings of Webster and Webster Bank that were held on the same day. In 2002, Chairpersons of the Audit Committee and the Compensation Committee also received an annual retainer of \$5,000. Non-employee directors of Webster receive no other additional compensation for serving as directors or committee members of Webster Bank. Employee directors of Webster receive no additional compensation for serving as directors or committee members of Webster or its subsidiaries.

Directors are eligible to participate in Webster Bank's nonqualified deferred compensation plan. Under the terms of the plan, director participants may elect to defer all or any portion of their directors' fees. Deferred amounts are credited by Webster Bank to bookkeeping reserve accounts for each participant. Such accounts, plus accrued interest, are payable upon termination of service, disability or death of the participant, in a lump sum or in ten annual installments at the participant's election.

The Board of Directors of Webster adopted in 1992, with shareholder approval, the 1992 Stock Option Plan for the benefit of directors, officers and other full-time employees of Webster and its subsidiaries. The option exercise price for options to non-employee directors is 100% of the fair market value of the Common Stock on the date of grant of the option. Options granted to non-employee directors may be exercised at any time after grant. In 1996, the 1992 Stock Option Plan was amended to increase the number of shares reserved for issuance under the plan and to provide that the number of options granted to non-employee directors upon election or re-election shall be 4,000 shares (as adjusted for the April 1998 two-for-one split of Webster's Common Stock), with a director elected to the Board for less than a three-year term entitled to an option for 4,000 shares on a pro-rated basis for the number of months of his or her term as a percentage of 36 months. In 2001, the 1992 Plan was amended to provide for discretionary grants of options to non-employee directors and to discontinue automatic grants of options to non-employee directors. During 2002, each non-employee director of Webster received a discretionary option grant under the 1992 Stock Option Plan of 4,000 shares. During 2002, each non-employee director of Webster Bank, who was not also a director of Webster, received a discretionary option grant under the 1992 Stock Option Plan of 2,000 shares.

EMPLOYMENT AGREEMENTS

Webster and Webster Bank have employment agreements with Messrs. Smith, Healy, Bromage and Mulligan. Webster and Webster Bank entered into employment agreements with Messrs. Smith, Bromage and Mulligan effective January 1, 1998 and with Mr. Healy, effective March 30, 2001. Webster also entered into change of control employment agreements with Messrs. Smith, Bromage, and Mulligan effective December 15, 1997 and with Mr. Healy, effective March 30, 2001. Mr. Smith serves as Chairman, Chief Executive Officer and a director of both Webster and Webster Bank; Mr. Bromage serves as President, Chief Operating Officer and a director of Webster and Webster Bank and Vice Chairman of Webster Bank; Mr. Healy serves as Executive Vice President and Chief Financial Officer of both Webster and Webster Bank, and Mr. Mulligan serves as Senior Executive Vice President -- Retail Banking of both Webster and Webster Bank.

Under their respective employment agreements, each executive officer may receive annual cost of living increases and may also receive a merit increase as determined by the Boards of Directors of Webster and Webster Bank. Each executive officer is eligible to receive discretionary bonuses as may be authorized by the Boards of Directors of Webster and Webster Bank and shall be eligible to participate in any plan of Webster or Webster Bank relating to stock options, stock purchases, pension, thrift, employee stock ownership, group life

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

insurance and medical coverage or other retirement or employee benefits that Webster or Webster Bank has adopted or may adopt for the benefit of its executive employees. In addition, each executive officer is provided with an

12

automobile allowance for business use. Messrs. Smith, Bromage, and Mulligan's employment agreements provide for initial terms of three years ending December 31, 2000 with renewals for one additional year following each anniversary date with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. The employment agreements of Messrs. Smith, Bromage and Mulligan have been renewed each year as of each anniversary date. Mr. Healy's employment agreement provides for an initial term ending December 31, 2003 with renewals for one additional year following each anniversary date with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. Those agreements will terminate upon the "Effective Date" of their respective change of control employment agreements, which are discussed below. The 2003 base salaries for Messrs. Smith, Bromage, Healy and Mulligan are \$700,000, \$400,000, \$297,000, and \$270,000, respectively. Their salaries may not be reduced under the employment agreements without the consent of the executive officer.

The Boards of Directors of Webster and Webster Bank may terminate the executive officer's employment at any time during the term of an employment agreement. Unless the termination is for "cause" (as defined therein), the executive officers would be entitled (a) to receive a lump sum payment from Webster Bank equal to the sum of (x) the executive officer's then current annual base salary and (y) the amount of any bonuses paid pursuant to Webster's and Webster Bank's annual incentive compensation plan during the then current fiscal year multiplied by a fraction the numerator of which is the number of full months during the then current fiscal year in which the executive officer was employed and the denominator of which is 12, and (b) subject to certain limitations, to continue to be entitled to medical and dental coverage for one year (or the remaining term of the agreement, if less) or until the executive officer accepts other employment on a substantially full time basis if earlier.

If during the term of the employment agreement an executive officer terminates his employment without the consent of the Board of Webster or Webster Bank, then the employment agreement, among other things, would restrict him from having any other employment for one year or the remaining term of the agreement plus six months, whichever is less, with a commercial bank, savings bank, savings and loan association, or mortgage banking company, or a holding company affiliate of any of the foregoing, which has an office out of which the executive officer would be primarily based, located within 35 miles of Webster Bank's home office.

Under the change of control employment agreements, Webster and Messrs. Smith, Bromage, Healy, and Mulligan, respectively, agreed that the employment of each executive officer would continue for a period of two years following the "Effective Date" under such agreements (the "Employment Period"). The "Effective Date" is generally the date on which a "change of control" (as defined below) of Webster occurs, except that, if the executive officer's employment with Webster is terminated before a change of control at the request of a third party who is effecting a change of control or otherwise in connection with or in anticipation of a change of control, the Effective Date is the day before the date of such termination, provided, in either case, that the Effective Date occurs during the "change of control period" (defined for Messrs. Smith, Bromage, and Mulligan as the two-year period ending on December 15, 2003, except that on December 15, 2002 and on each annual anniversary of such date,

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

unless previously terminated, the change of control period will be extended automatically so as to terminate two years from such date, unless Webster has given the executive officer at least 60 days prior notice that the change of control period will not be so extended, and for Mr. Healy as the two-year period ending on March 30, 2003, except that on March 30, 2002 and on each annual anniversary of such date, unless previously terminated, the change of control period will be extended automatically so as to terminate two years from such date, unless Webster has given the executive officer at least 60 days prior notice that the change of control period will not be so extended). As noted above, upon the Effective Date under the change of control employment agreements, the employment agreements of these officers with Webster and Webster Bank will terminate and the change of control employment agreements will supersede those agreements.

During the Employment Period, each executive officer will receive an annual base salary at a rate at least equal to 12 times his highest monthly base salary from Webster and its

13

affiliated companies during the 12-month period before the Effective Date (including any salary that was earned but deferred). The base salary will be reviewed at least annually and will not be reduced from the amount then in effect. In addition, each executive officer shall be awarded for each fiscal year ending during the Employment Period an annual bonus in cash at least equal to his highest bonus under the Annual Incentive Plan or any comparable bonus under any predecessor or successor plan for the last three full fiscal years before the Effective Date. Each executive officer will be entitled to participate in all incentive, savings and retirement plans, practices, policies and programs applicable generally to other peer executives of Webster and affiliated companies and the incentive, savings and retirement benefit opportunities afforded to the executive officer shall not be less favorable than those provided to him during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Each executive officer and his family also will be eligible to participate in and shall receive all welfare benefits (including medical, prescription, dental, disability, employee life, group life, accidental death and travel accident insurance) applicable generally to other peer executives of Webster and affiliated companies and the welfare benefits provided to the executive officer shall not be less favorable than those provided to him during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Each executive officer will be entitled to prompt reimbursement of expenses and to fringe benefits during the Employment Period (including tax and financial planning services, payment of club dues and, if applicable, use of an automobile and payment of related expenses) in accordance with the most favorable policies in effect with respect to such matters for such executive officer during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Similar provisions will apply to the office, support staff and vacation time to be provided to the executive officers during the Employment Period.

If the employment of the executive officer is terminated during the Employment Period by Webster without "cause" (as defined therein) and other than because of his "disability" (as defined therein) or by the executive officer with "good reason" (as defined therein), Webster will be required to pay the executive officer a lump sum cash amount equal to the sum of: (i) the sum of

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

(a) his base salary through the termination date to the extent not previously paid, (b) a prorated bonus reflecting the number of days he was employed during the fiscal year based on the higher of the bonus required to be paid for such fiscal year under the agreement or the bonus paid or payable for the most recently completed fiscal year and (c) any previously deferred compensation and any accrued vacation pay; (ii) three times the sum of the executive officer's base salary and bonus (based on the higher of the two amounts described in (i)(b) above); and (iii) the excess of (a) the actuarial equivalent of the benefit the executive officer would have been entitled to receive under the Pension Plan and the Supplemental Plan if his employment had continued for three years after the date of termination based on the compensation amounts that would have been required to be paid to him under the change of control employment agreement over (b) the actuarial equivalent of his actual benefit under the Pension Plan and the Supplemental Plan as of the termination date. In such event, Webster also will be required to: (i) continue benefits to the executive officer and his family at least equal to those that would have been provided to them under the change of control employment agreement if the executive officer's employment had continued for at least three years after the termination date; (ii) provide outplacement services to the executive officer at its expense and (iii) pay or provide to the executive officer any other amounts or benefits to which he is entitled under any agreement or plan of Webster and its affiliated companies. If the executive officer would be subject to the excise tax imposed by Section 4999 of the Code (relating to excess parachute payments) on any payment or distribution by Webster or its affiliates to or for the benefit of the executive officer, Webster will pay to the executive officer a gross-up amount sufficient (after all taxes) to pay such excise tax (including interest and penalties with respect to any such taxes). However, if the payments and distributions do not exceed 110% of the maximum amount that could be paid to the executive officer such that no excise tax would be imposed, no gross-up payment will be made and the payments and distributions will be reduced to such maximum amount.

14

For purposes of the change of control employment agreements, a "change of control" means: (1) the acquisition by any individual, entity or group (a "Person") of beneficial ownership of 20% or more of either (i) the outstanding shares of the Common Stock of Webster or (ii) the combined voting power of the then outstanding voting securities of Webster entitled to vote generally in the election of directors ("Voting Securities"), except that any such acquisition (a) directly from Webster, (b) by Webster, (c) by any employee benefit plan or trust of Webster or any controlled corporation, or (d) pursuant to a transaction that complies with clauses (3)(i), (ii) and (iii) below will not constitute a change of control; (2) individuals who, as of December 15, 1997 (for Messrs. Smith, Bromage and Mulligan), and, as of March 30, 2001 (for Mr. Healy), constituted the Board of Directors (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board of Directors, except that any individual becoming a director after such date whose election, or nomination for election by the shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board of Directors; or (3) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of Webster or the acquisition of assets of another entity (a "Business Combination"), in each case, unless, following such Business Combination, (i) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

the outstanding Common Stock and Voting Securities immediately before the Business Combination beneficially own, directly or indirectly, more than 50% of, respectively, the then outstanding shares of common stock (the "Resulting Common Stock") and the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors (the "Resulting Voting Securities"), as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation which as a result of such transaction owns Webster or all or substantially all of Webster's assets either directly or through one or more subsidiaries) (the "Resulting Corporation") in substantially the same proportions as their ownership, immediately before the Business Combination, of the outstanding Common Stock and Voting Securities, as the case may be, (ii) no Person (excluding any employee benefit plan or trust of Webster or the Resulting Corporation) beneficially owns, directly or indirectly, 20% or more of, respectively, the then outstanding Resulting Common Stock or the combined voting power of the Resulting Voting Securities, except to the extent that such ownership existed before the Business Combination and (iii) at least a majority of the members of the Board of Directors of the Resulting Corporation were members of the Incumbent Board at the time of the execution of the initial agreement, or of the action of the Board of Directors, providing for such Business Combination; or (4) approval by the shareholders of Webster of a complete liquidation or dissolution of Webster.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors comprises four non-employee directors. The Committee recommends to the non-employee members of the Board of Directors, which has ultimate responsibility over such matters, executive officer salaries, bonuses and certain other forms of compensation, including long-term incentive awards. All recommendations of the Compensation Committee regarding executive officer compensation for the 2002 fiscal year were approved by the Board of Directors or the Stock Option Committee.

Set forth below is a report addressing Webster's compensation policies for fiscal year 2002 as they affected Webster's executive officers.

Compensation Policies for Executive Officers. Webster's executive compensation policies are designed to provide competitive levels of compensation, to assist Webster in attracting and retaining qualified executives and to encourage superior performance. In determining levels of executive officers' overall compensation, the Compensation Committee considers the qualifications and experience of the persons concerned, the size of the institution and the complexity of its operations, the financial condition, including income, of the institution, the compensation paid to other persons employed by the institution and the compensation paid to persons having similar duties and responsibilities in comparable financial institutions. The Compensation Committee employs outside consultants and refers to published survey data in establishing compensation.

Relationship of Performance to Executive Compensation. Compensation paid to Webster's executive officers in 2002 consisted of the following components: base salary, bonuses, long-term incentives (awards of stock options and restricted stock) and participation in Webster employee benefit plans. While each of these components has a separate purpose and may have a different relative value to the total, a significant portion of the total compensation package is highly dependent on the financial success of Webster and shareholder return. Generally, base salaries for executive officers approximate the average of salaries paid for comparable positions at other financial institutions. Short-term and long-term incentive compensation plans are designed to provide significant compensation opportunities when Webster meets or exceeds its financial and strategic goals. The ultimate value of long-term incentive compensation such as stock options and

16

restricted stock is dependent primarily on the performance of Webster's Common Stock. Webster's executive officers' compensation is tied to Webster's goals and their compensation may be lower or higher than average total compensation for similar positions at comparable financial institutions depending on whether or not Webster meets or exceeds its goals.

For 2002, the Compensation Committee intended that total compensation for executive officers other than the Chief Executive Officer be at the average for comparable financial institutions based on their past practices, recognizing that Webster achieved its Board approved financial plan targets, has grown responsibly and has made significant progress in pursuit of its strategic and financial objectives.

Base Salary. The Compensation Committee reviews executive base salaries annually in January. Base salary considers the internal value of the

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

position and tracks with the external marketplace. In 2002, the executive officers listed on page 8, all served pursuant to employment agreements that provide for a minimum base salary that may not be reduced without the consent of the executive officer. In establishing the 2002 salary for each executive officer, the Compensation Committee considered the officer's responsibilities, qualifications and experience, the size of the institution and the complexity of its operations, the financial condition of the institution (based on levels of income, asset quality and capital), and compensation paid to persons having similar duties and responsibilities in comparable financial institutions. Base salaries for executive officers, which were unchanged in 2001, increased in 2002 due in large part to positive financial performance in 2001 and to the increased size and complexity of the institution.

Annual Incentive Plan. The Incentive Plan for Webster was adopted by the Board of Directors on February 26, 2001 after a thorough review of incentive plans and performance metrics used by a large sample of regional and national banks conducted by William M. Mercer, Inc. The Incentive Plan covers senior officers, other than the Chief Executive Officer, approved for participation in the Incentive Plan by the Compensation Committee. The Compensation Committee makes recommendations to the Board of Directors for awards under the Incentive Plan.

The Incentive Plan formula calls for the bonuses of executive officers to be determined on the basis of the following metrics: achievement of the corporate financial plan; an improvement in adjusted return on average equity compared to Peer Group; and, where applicable, the achievement of line of business financial plans. Target is achieved if Webster meets its annual financial plan and if the adjusted return in average equity improves relative to Webster's Peer Group. In the case of executive officers that are line of business heads, the line of business must also achieve its annual financial plan. The target bonuses are set relative to executive officers' responsibilities with such target bonuses equal to 65% to 75% of the recipient's base salary. Additional or lesser bonuses may be earned to the extent that performance exceeds or falls short of the target, through the application of a bonus multiplier which equals "1" when the target is met and which increases or decreases to the extent that performance exceeds or falls short of the target. Awards to the executive officers under the Incentive Plan are based 30% to 100% on corporate performance and 0% to 70% on line of business performance, depending on the executive officer's responsibilities. Awards for 2002 amounted to 100% of target for corporate performance and ranged from 162% to 187% of target for the line of business performance.

Qualified Performance-Based Compensation Plan. The Qualified Performance-Based Compensation Plan (the "Plan") was adopted by the Board of Directors effective January 1, 1998, and approved by shareholders at the 1998 annual meeting for a five year term to expire at the Annual Meeting. The Board of Directors has approved the Plan for an additional five year term, subject to shareholder approval. The Plan is designed to further the growth and profitability of Webster by providing the Chief Executive Officer and other selected executive officers as may be determined by the Compensation Committee, with the opportunity to earn annual incentive compensation based on business, financial and strategic results, thereby enabling Webster to motivate key employees to achieve high profitability and strategic objectives for the Corporation. The Plan is intended to satisfy the requirements of Section 162(m) of the Code with respect to the

deduction of qualified performance-based compensation. The Chief Executive Officer was the only participant in the Plan for 2002, and his bonus was

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

determined based on attainment of the designated performance objectives under the Plan, achieving the corporate financial plan and an improvement in the adjusted return on average equity compared to Webster's Peer Group.

Long-Term Incentive Compensation. The Board of Directors endorses the position that stock ownership by management is beneficial in aligning management's and shareholders' interests in the enhancement of shareholder value. To that end, Webster has established formal stock ownership guidelines for all executive officers. Executive officers must own Webster stock with a value of twice their base salaries. The CEO must own Webster stock with a value of three times his base salary.

Webster uses stock options and restricted stock awards to provide long-term incentive compensation. The Compensation Committee makes recommendations to the Stock Option Committee for awards under the Corporation's 1992 Stock Option Plan. Long-term compensation, which emphasizes long-term results, is targeted at 50% to 125% (excluding the CEO) of the recipient's base salary depending upon the executive officer's responsibilities. For 2002, one-third of long-term compensation was paid in restricted stock and two-thirds was paid in stock options.

The purpose of stock option awards is to provide an opportunity for the recipients to acquire or increase a proprietary interest in Webster, thereby creating a stronger incentive to expend maximum effort for the long-term growth and success of Webster and encouraging recipients to remain in the employ of Webster. Officers and other full-time employees of Webster and its subsidiaries are eligible for grants under the Corporation's 1992 Stock Option Plan. Stock options are normally granted each year as a component of long-term compensation with the size of the grants generally tied to and weighted approximately equally based on an officer's responsibility level, base salary and performance. The number of options held is not considered when determining the option awards for executive officers. During 2002, 74,269 stock options were granted to Webster's executive officers other than the Chief Executive Officer.

The purpose of Webster's restricted stock awards is to attract and retain executive officers whose actions will have an impact on Webster's long-term operating results and to motivate such executives by providing them with an immediate ownership stake in the business. Recipients are paid dividends on the shares and have voting rights. All restricted stock awards have vesting requirements of that range from three years to five years. In addition to providing a direct relationship between shareholder value and the value of the benefit to the officer, restricted stock is a powerful retention device as the shares are not conveyed to the executive until vesting restrictions have been satisfied. During 2002, 14,926 shares of restricted stock were awarded to executive officers other than the Chief Executive Officer, of which 3,786 shares related to the 2002 bonus awards, a part of which was paid in restricted stock rather than cash for the portion of the award that exceeded the target bonus payments.

Other. In addition to the compensation paid to executive officers as described above, executive officers received, along with and on the same terms as other employees, certain benefits pursuant to the 401(k) Plan, the Employee Stock Purchase Plan, the ESOP and the Pension Plan. In addition, executive officers received certain benefits under Webster's nonqualified supplemental retirement plan that are otherwise limited by Internal Revenue Code caps on qualified plans.

CEO Compensation. The Compensation Committee, in determining the compensation for the Chief Executive Officer, considers Webster's size and complexity, financial condition and results and progress in meeting strategic objectives. The Chief Executive Officer's base salary which was unchanged in 2001, increased in 2002 due in large part to positive financial performance in

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

2001 and to the increased size and complexity of the institution. The CEO's annual bonus was determined under the Qualified Performance-Based Compensation Plan, the material terms of which were approved by shareholders at the 1998 annual meeting for a five year term to expire at the Annual Meeting. The Board of Directors has approved the Plan for an additional five year term, subject to

18

shareholder approval. The Committee determined that for 2002, in addition to attainment of the performance objectives under the Plan, it would base the CEO's target bonus, which was set at 90% of base salary, primarily on achieving the Board approved corporate financial plan (50%) and achieving an improvement in the adjusted return on average equity against Webster's Peer Group (50%). The CEO's annual bonus payment was \$557,100 for 2002, which amounted to 100% of target bonus. The target bonus was paid in cash.

Regarding long-term incentive compensation, targeted at 150% of base salary in 2002, the CEO received an annual grant of 62,525 stock options and an award of 9,379 restricted shares which were made in accordance with the Corporation's 1992 Stock Option Plan.

For 2002, the Compensation Committee intended that total compensation for the Chief Executive Officer, be at approximately the average for comparable financial institutions based on their past practices, recognizing that Webster achieved its financial plan targets. The Committee also noted that Webster has grown responsibly and has made significant progress in pursuit of its strategic objectives.

Internal Revenue Code Section 162(m). In 1993, the Code was amended to disallow publicly traded companies from receiving a tax deduction on compensation paid to executive officers in excess of \$1 million (section 162(m) of the Code), unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring Webster's compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation.

From time to time Webster Bank makes loans to its directors and executive officers and related persons and entities for the financing of homes, as well as home improvement, consumer and commercial loans. It is the belief of management that these loans are made in the ordinary course of business, are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and neither involve more than normal risk of collectibility nor present other unfavorable features.

George T. Carpenter, a director of Webster and Webster Bank, is the President and Treasurer of Carpenter Realty Co. ("Carpenter Realty") and S. Carpenter Construction Co. ("Carpenter Construction"). During fiscal 1998, Webster Bank entered into a 15 year lease for office space with Carpenter Realty for an annual rent for the first five years of the lease of \$61,200. COMPARATIVE COMPANY PERFORMANCE

The following table sets forth comparative information regarding Webster's cumulative shareholder return on its Common Stock over the last five fiscal years. Total shareholder return is measured by dividing total dividends (assuming dividend reinvestment) for the measurement period plus share price change for a period by the share price at the beginning of the measurement period. Webster's cumulative shareholder return over a five-year period is based on an investment of \$100 on December 31, 1997 and is compared to the cumulative total return of the Standard & Poor's 500 Index ("S&P 500 Index"), the SNL All Bank and Thrift Index and a peer group index prepared by SNL Securities LC. The peer group index includes 48 bank and thrift companies with reported market capitalizations between \$750 million and \$2 billion at December 31, 2002, with the returns of each issuer in the group weighted according to the issuer's respective stock market capitalization at the beginning of each period for which

a return is indicated. Webster's market capitalization was \$1.6 billion at December 31, 2002.

PROPOSED AMENDMENT TO 1992 STOCK OPTION PLAN (PROPOSAL 2)

The Webster Financial Corporation 1992 Stock Option Plan was established by the Board of Directors of the Corporation in 1992, approved by the shareholders of the Corporation at the 1992 annual meeting, and was amended by the shareholders of the Corporation in 1994, 1996 and 1998. The 1992 Stock Option Plan was amended and restated in its entirety in April 2001. The Board of Directors believes the 1992 Stock Option Plan is vital to attract and keep the best talent in this competitive marketplace.

As of March 4, 2003, there were approximately 2,535 full-time employees of the Corporation and its subsidiaries, 7 non-employee directors of the Corporation and 2 non-employee directors of Webster's banking subsidiary (not also serving as directors of the Corporation) who were eligible to participate in the 1992 Stock Option Plan.

The Board of Directors has voted to amend the 1992 Stock Option Plan, subject to shareholder approval at the Annual Meeting: (i) to increase the number of shares of Common Stock reserved for issuance under the 1992 Stock Option Plan by 2,200,000 shares, from 4,461,000 shares, of which, 3,122,011 were outstanding as of March 4, 2003 and 345,897 remain available for issuance, to 6,661,000 shares and (ii) to extend the term of the 1992 Stock Option Plan from February 23, 2008 to March 20, 2013. Of the proposed increase of 2.2 million shares, no more than 220,000 of such shares may be granted as restricted stock awards. The number of shares reserved for issuance is subject to adjustment upon the occurrence of certain events as described below. See "Description of the Plan."

The Board of Directors of the Corporation believes that stock options are important to attract and to encourage the continued service of directors, officers and other key employees by facilitating their purchase of a stock interest in the Corporation. The number of individuals eligible to receive grants under the 1992 Stock Option Plan has increased significantly as a result of acquisitions made by the Corporation. As of March 4, 2003, 345,897 shares remain for future option grants under the 1992 Stock Option Plan. Approval of the proposed amendment will increase the number of shares available for issuance under the 1992 Stock Option Plan by 2.2 million shares.

The Board of Directors has concluded that it is advisable that the Corporation and its shareholders continue to have the incentive of stock

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

options available as a means of attracting and retaining directors, officers and key employees. This objective is served by amending the 1992 Stock Option Plan to increase the number of available shares. As the Corporation progresses, officers and key employees are continually being retained in or moving into positions where, in the judgment of the Board of Directors, an initial or increased option will be a valuable incentive and will serve to the ultimate benefit of shareholders.

The amendment to the 1992 Stock Option Plan is subject to shareholder approval at the Annual Meeting. By submitting the amendment for shareholder approval at the Annual Meeting, the Corporation intends to continue to comply with the plan requirements pertaining to options qualifying as "incentive stock options" for federal income tax purposes and to the deduction for such purposes of the full amount to which the Corporation is entitled with respect to options granted under the Plan (see "Federal Income Tax Consequences of the 1992 Stock Option Plan" below).

DESCRIPTION OF THE PLAN

The 1992 Stock Option Plan provides for the grant of options that are intended to qualify as "incentive stock options" under Section 422 of the Code and the regulations promulgated

25

thereunder to full-time employees as well as the grant of nonqualifying options and restricted stock to directors and employees of the Corporation and its subsidiaries.

The 1992 Stock Option Plan is administered by the Compensation Committee, which consists of at least three independent, outside directors appointed by the Board of Directors. The Compensation Committee makes recommendations to the non-employee members of the Board of Directors concerning the granting of options. The non-employee members of the Board of Directors make all final determinations concerning the employees of the Corporation and its subsidiaries to whom incentive and nonqualifying options will be granted.

The option exercise price under the 1992 Stock Option Plan may not be less than 100% of the fair market value of the Common Stock on the date of grant of the option (or 110% in the case of an incentive stock option granted to an optionee beneficially owning more than 10% of the outstanding Common Stock). The maximum option term is 10 years (or five years in the case of an incentive stock option granted to an optionee beneficially owning more than 10% of the outstanding Common Stock). Options may be exercised at any time after grant, except as otherwise provided in the particular option agreement. The limitation on the number of shares that may be subject to options granted to any employee under the 1992 Stock Option Plan in any calendar year is 250,000 shares. There is also a \$100,000 limit on the value of stock (determined at the time of grant) covered by incentive stock options that first become exercisable by an optionee in any calendar year. No option may be granted after the expiration of the term of the 1992 Stock Option Plan, February 23, 2008 (which would be extended to March 20, 2013 under the proposed amendment). Options are non-transferable other than by reason of the death of the optionee, unless otherwise specified in the grant agreement. Options and restricted stock awards granted from the proposed 2.2 million shares will have a minimum one year service requirement.

Payment for shares purchased under the 1992 Stock Option Plan may be made either in cash or by exchanging shares of Common Stock of the

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Corporation with a fair market value equal to the total option exercise price and paying cash for any difference. Options may, if permitted by the particular option agreement, be exercised by directing that certificates for the shares purchased be delivered to a licensed broker as agent for the optionee, provided that the broker tenders to the Corporation cash or cash equivalents equal to the option exercise price plus the amount of any taxes that the Corporation may be required to withhold in connection with the exercise of the option.

No Option granted under the 1992 Stock Plan may be amended or modified so as to reduce the option price of the option. In addition, no option can be cancelled nor can a new option with a lower option price be granted so that the effect would be the same as reducing the option price. No other action can be taken to reprice any option if such amendment, modification or other repricing would result in a charge against the earnings of the Corporation or any of its affiliates.

If an employee's employment with the Corporation or its subsidiaries terminates by reason of death or permanent and total disability, his or her options, whether or not then exercisable:

- may be exercised within one year after such death or disability unless a different date is otherwise provided in the particular option agreement (but not later than the date the option would otherwise expire).

If the employee's employment terminates for any reason other than normal retirement after attaining the age of sixty-five, death or disability:

26

- options held by such optionee terminate three months after the date of such termination unless a different date is otherwise provided in the particular option agreement (but not later than the date the option would otherwise expire).

If an employee's employment with the Corporation or its subsidiaries terminates by reason of normal retirement (i.e., attaining the age of sixty-five), his or her options, whether or not exercisable at the date of termination of employment or service due to normal retirement:

- may be exercised at any time before the expiration of the ten year term of the option unless a different date is otherwise provided in the particular option agreement (but not later than the date the option would otherwise expire).

An option granted to a non-employee director will not terminate until the expiration of the ten year term of the option regardless of whether the non-employee director continues to serve as a director.

An appropriate and proportionate adjustment will be made in the number and kinds of shares subject to the 1992 Stock Option Plan, and in the number, kinds, and per share exercise price of shares subject to the unexercised portion of options granted prior to any such change, if the outstanding shares of Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares or securities of the Corporation, by reason of:

- merger,
- consolidation,

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

- reorganization,
- recapitalization,
- reclassification,
- stock split-up,
- combination of shares,
- exchange of shares,
- stock dividend or
- other distribution payable in capital stock, or other increase or decrease in such shares without receipt of consideration by the Corporation.

Any such adjustment in an outstanding option, however, will be made without a change in the total price applicable to the unexercised portion of the option but with a corresponding adjustment in the per share option price.

The 1992 Stock Option Plan and the options issued thereunder will terminate under the following circumstances:

- upon any dissolution or liquidation of the Corporation, or
- upon a reorganization, merger or consolidation in which the Corporation is not the surviving corporation, or upon the sale of all or substantially all of the assets of the Corporation to another corporation, or
- upon any transaction approved by the Board of Directors which results in any person or entity owning 80% or more of the total combined voting power of all classes of stock of the Corporation,

unless provision is made in connection with such transaction:

- for the continuation of the Plan, and/or

27

- the assumption of the options, or
- for the substitution for such options of new options covering the stock of a successor corporation or a parent or subsidiary thereof, with appropriate adjustments as to the number and kinds of shares and the per share exercise price.

In the event of such termination, all outstanding options will be exercisable in full during such period immediately prior to the occurrence of such termination as the Board of Directors in its discretion will determine.

The Board of Directors may amend the 1992 Stock Option Plan with respect to shares of the Common Stock as to which options have not been granted. However, the Corporation's shareholders must approve any amendment to the 1992 Stock Option Plan that would

- (i) materially change the requirements as to eligibility to receive options;
- (ii) increase the maximum number of shares in the aggregate for which options may be granted (except for adjustments upon changes in capitalization);
- (iii) provide for a repricing of options;

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

- (iv) increase the maximum period during which options may be exercised;
- (v) extend the term of this Plan, or
- (vi) materially increase the benefits accruing to eligible individuals under this Plan.

The Board of Directors at any time may terminate or suspend the 1992 Stock Option Plan. Unless previously terminated, this Plan will terminate automatically at the end of its term, February 23, 2008 (which would be extended to March 20, 2013 under the proposed amendment). No termination, suspension or amendment of this Plan may, without the consent of the optionee to whom an option has been granted, adversely affect the rights of the holder of the option.

PLAN BENEFITS

As of March 4, 2003, options to purchase 3,122,011 shares of Common Stock (975,747 of which were incentive stock options and 2,146,264 of which were nonqualifying options) were outstanding under the 1992 Stock Option Plan. The option exercise price under the 1992 Stock Option Plan may not be less than 100% of the fair market value of the Common Stock on the date of grant of the option (or 110% in the case of an incentive stock option granted to an optionee beneficially owning more than 10% of the outstanding Common Stock).

FEDERAL INCOME TAX CONSEQUENCES OF THE 1992 STOCK OPTION PLAN

The grant of an option is not a taxable event for the optionee or the Corporation. With respect to "incentive stock options," an optionee will not recognize taxable income upon grant or exercise of an incentive option, and any gain realized upon a disposition of shares received pursuant to the exercise of an incentive option will be taxed as long term capital gain if the optionee holds the shares for at least two years after the date of grant and for one year after the date of exercise. However, the excess of the fair market value of the shares subject to an incentive option on the exercise date over the option exercise price will be included in the optionee's alternative minimum

28

taxable income in the year of exercise (except that, if the optionee is subject to certain securities law restrictions, the determination of the amount included in alternative minimum taxable income may be delayed, unless the optionee elects within 30 days following exercise to have income determined without regard to such restrictions) for purposes of the alternative minimum tax. This excess increases the optionee's basis in the shares for purposes of the alternative minimum tax but not for purposes of the regular income tax. An optionee may be entitled to a credit against regular tax liability in future years for minimum taxes paid with respect to the exercise of incentive options (e.g., for a year in which the shares are sold at a gain). The Corporation and its subsidiaries will not be entitled to any business expense deduction with respect to the grant or exercise of an incentive option, except as discussed below.

For the exercise of an incentive option to qualify for the foregoing tax treatment, the optionee generally must be an employee of the Corporation or a subsidiary from the date the option is granted through a date within three months before the date of exercise. There is no difference in the treatment for one who terminates employment prior to or after attaining normal

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

retirement age. In the case of an optionee who is disabled, this three-month period is extended to one year. In the case of an employee who dies, the three-month period and the holding period for shares received pursuant to the exercise of the option are waived.

If all of the requirements for incentive option treatment are met except for the special holding period rules set forth above, the optionee will recognize ordinary income upon the disposition of the shares in an amount equal to the excess of the fair market value of the shares at the time the option is exercised over the option exercise price. However, if the optionee is subject to certain restrictions under the securities laws at the time the option is exercised, the measurement date may be delayed, unless the optionee has made a special tax election within 30 days after the date of exercise to have taxable income determined without regard to such restrictions. The balance of the realized gain, if any, will be long or short term capital gain, depending upon whether or not the shares are sold more than one year after the option is exercised. If the optionee sells the shares prior to the satisfaction of the holding period rules but at a price below the fair market value of the shares at the time the option is exercised (or other applicable measurement date), the amount of ordinary income (and the amount included in alternative minimum taxable income, if the sale occurs during the same year as the option was exercised) will be limited to the excess of the amount realized on the sale over the option exercise price. If the Corporation complies with applicable reporting requirements, it will be allowed a business expense deduction to the extent the optionee recognizes ordinary income, subject to applicable limitations on the deduction of amounts becoming vested as a result of a change in control.

If an optionee exercises an incentive option by tendering shares of Common Stock with a fair market value equal to part or all of the option exercise price, the exchange of shares will be treated as a nontaxable exchange (except that this treatment would not apply if the optionee acquired the shares being transferred pursuant to the exercise of an incentive option and has not satisfied the special holding period requirements summarized above). If the exercise is treated as a tax free exchange, the optionee would have no taxable income from the exchange and exercise (other than minimum taxable income as discussed above) and the tax basis of the shares exchanged would be treated as the substituted basis for the shares received. These rules would not apply if the optionee used shares received pursuant to the exercise of an incentive option or another statutory option) as to which the optionee has not satisfied the applicable holding period requirement. In that case, the exchange would be treated as a taxable disqualifying disposition of the exchanged shares, with the result that the excess of the fair market value of the shares tendered over the optionee's basis in the shares would be taxable.

Upon exercising a non-qualifying option, an optionee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the

Common Stock on the date of exercise (except that, if the optionee is subject to certain restrictions imposed by the securities laws, the measurement date may be delayed, unless the optionee makes a special tax election within 30 days after exercise to have income determined without regard to the restrictions). If the Corporation complies with applicable reporting requirements, it will be entitled to a business expense deduction in the same amount, subject to applicable limitations on the deduction of amounts becoming vested as a result of a change in control. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a nonqualifying option, the optionee will have taxable gain or

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

loss, measured by the difference between the amount realized on the disposition and the tax basis of the shares (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised).

If the optionee surrenders shares of Common Stock in payment of part or all of the exercise price for non-qualifying options, no gain or loss will be recognized with respect to the shares surrendered (regardless of whether the shares were acquired pursuant to the exercise of an incentive option) and the optionee will be treated as receiving an equivalent number of shares pursuant to the exercise of the option in a nontaxable exchange. The basis of the shares surrendered will be treated as the substituted tax basis for an equivalent number of option shares received and the new shares will be treated as having been held for the same holding period as had expired with respect to the transferred shares. However, the fair market value of any shares received in excess of the number of shares surrendered (i.e., the difference between the aggregate option exercise price and the aggregate fair market value of the shares received pursuant to the exercise of the option) will be taxed as ordinary income.

REQUIRED VOTE

The approval by an affirmative vote of the holders of a majority of the shares present in person, or represented by proxy, and entitled to vote at the Annual Meeting is required to approve the amendment to the 1992 Stock Option Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE 1992 STOCK OPTION PLAN. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED FOR APPROVAL.

APPROVAL OF THE QUALIFIED PERFORMANCE-BASED COMPENSATION PLAN (PROPOSAL 3)

The Qualified Performance-Based Compensation Plan (the "Plan") was adopted effective January 1, 1998, and was approved by shareholders on April 23, 1998 for a five year term to expire at the Annual Meeting. The Board of Directors has approved the Plan for another five year term, subject to shareholder approval. The Plan is designed to further the growth and profitability of Webster by providing selected key employees with the opportunity to earn incentive compensation based on business, financial, and strategic results, thereby enabling Webster to motivate key employees to achieve high profitability and strategic objectives for the Corporation. The Plan is intended to satisfy the requirements of Section 162(m) of the Code with respect to the deduction of qualified performance-based compensation. No awards will be made under the Plan after the 2003 Annual Meeting unless, the Plan is re-approved by shareholders at the Annual Meeting by a majority of the votes cast in person, or by proxy, and entitled to vote on the issue at a duly held meeting of the shareholders.

Under Section 162(m) of the Code and the regulations promulgated thereunder, a federal income tax business expense deduction is generally not allowed for annual compensation in excess of \$1 million paid by a publicly traded corporation to its Chief Executive Officer and to the four other most highly compensated officers (the "covered employees"). Under those provisions, however, there is an exemption to permit the deduction of "qualified

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

performance-based compensation." To qualify for such exemption, (i) the compensation must be paid solely on account of the attainment of one or more pre-established, objective performance goals; (ii) the performance goals under which compensation is paid must be established by a compensation committee comprised solely of two or more directors who qualify as "outside directors" for purposes of the exemption; (iii) the material terms under which the compensation is to be paid must be disclosed to and subsequently approved in a separate vote by shareholders of the corporation before payment is made; and (iv) the compensation committee must certify in writing before payment of the compensation that the performance goals and any other material terms were in fact satisfied.

The Board of Directors believes that where Webster can seek to accomplish its compensation objectives in a manner that maximizes the deductibility of compensation for federal income tax purposes, the Corporation should seek to do so. Accordingly, the Board of Directors seeks shareholder re-approval of the material terms of the Plan so that future awards under the Plan will be deemed to be "qualified performance-based compensation" under Section 162(m) of the Code and the regulations thereunder.

DESCRIPTION OF THE MATERIAL TERMS OF THE PLAN

The following summary of the material terms of the Plan is qualified in its entirety by reference to the terms of the Plan, a copy of which is attached to this Proxy Statement as Exhibit A. Undefined capitalized terms are defined in Exhibit A.

The Plan is administered by the Compensation Committee which consists of not less than three directors appointed by the Board of Directors, each of whom is an "outside director" within the meaning of the regulations implementing Section 162(m) of the Code (the "Committee"). The Committee has full authority to make, interpret and approve all rules for the administration of the Plan. The performance goal under the Plan is the attainment of positive Income Before Taxes (defined as Webster's net income for a fiscal year or one or more fiscal quarters, before provision for taxes on income, merger and acquisition expenses and awards under the Plan, as determined by Webster's independent accountants). A participant's Performance Bonus under the Plan will be a specified percentage (not more than 2%) of Income Before Taxes, or a specified percentage of base

31

salary (not more than 2% of Income Before Taxes). The Committee selects participants and establishes the specific Performance Bonus percentages. The Committee retains negative discretion to reduce the amount of any Performance Bonus payable under the Plan, including a reduction to zero. The reduction in the Performance Bonus payable to one participant will not have the effect of increasing the amount that is payable to any other participant. The Committee can condition the payment of a Performance Bonus under the Plan upon the satisfaction of such objective or subjective standards as the Committee shall determine to be appropriate in its sole discretion. Before any payment can be made under the Plan, the Committee must certify in writing that the performance goal of positive Income Before Taxes was in fact satisfied.

The Chief Executive Officer of Webster is a participant in the Plan. During the first 90 days of each fiscal year, the Committee can select as participants any other individuals that the Committee determines, in its discretion, are or may be "covered employees" of Webster for purposes of the limitation on the deduction of compensation imposed under Section 162(m) of the

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Code. No other employees have participated in the Plan to date.

The Committee establishes the performance goal for each participant within 90 days of the beginning of a fiscal year. However, if an individual becomes eligible to be a participant after the end of such 90-day period, the Committee may designate such individual as a participant and may award a Performance Bonus to such individual, provided that the performance goal in such case will be the attainment of positive Income Before Taxes for fiscal quarters after the quarter in which such individual became a Plan participant.

Performance Bonuses are payable in cash or restricted stock at such times and on such terms as determined by the Committee in its sole discretion (or if no such determination is made, in a cash lump sum as soon as reasonably practicable after the end of the fiscal year).

Webster has no obligation to reserve or otherwise fund in advance any amounts that are or may become payable under the Plan. The funds for payments under the Plan may be commingled with other funds of the Corporation and need not in any way be segregated from other assets or funds held by Webster. Moreover, the Board may at any time suspend, modify, or amend the Plan in whole or in part. However, no amendment to materially increase benefits, materially modify the requirements as to eligibility or to change the material terms of the performance goal under the Plan will be effective unless such change is disclosed to and approved by the shareholders of Webster. The Plan will terminate on the date of the first shareholders meeting of Webster that occurs in 2008, unless shareholders re-approve the Plan before that date.

REQUIRED VOTE

The approval by an affirmative vote of the holders of a majority of the votes cast in person, or represented by proxy, and entitled to vote at the Annual Meeting is required to approve the material terms of the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE MATERIAL TERMS OF THE QUALIFIED PERFORMANCE-BASED COMPENSATION PLAN. IF NOT OTHERWISE SPECIFIED, PROXIES WILL BE VOTED FOR APPROVAL.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS (PROPOSAL 4)

The Board of Directors has appointed the firm of KPMG LLP to continue as independent auditors for Webster for the year ending December 31, 2003, subject to ratification of the appointment by Webster's shareholders. Unless otherwise indicated, properly executed proxies will be voted in favor of ratifying the appointment of KPMG LLP, independent certified public accountants, to audit the books and accounts of Webster for the year ending December 31, 2003. No determination has been made as to what action the Board of Directors would take if Webster's shareholders do not ratify the appointment.

Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of the majority of the votes cast is required to ratify the appointment of KPMG LLP as Webster's independent auditors for the year ending December 31, 2003.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

EXHIBIT A

WEBSTER FINANCIAL CORPORATION QUALIFIED PERFORMANCE-BASED COMPENSATION PLAN

1. ADOPTION AND PURPOSE.
 - 1.1 Webster Financial Corporation ("Webster") hereby adopts this Qualified Performance-Based Compensation Plan (the "Plan"), effective as of January 1, 2003.

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

1.2 The purposes of the Plan are to enhance Webster's ability to attract and retain highly qualified executives and to provide additional financial incentives to such executives to promote the success of Webster and its subsidiaries.

1.3 Remuneration payable under the Plan is intended to constitute "qualified performance-based compensation" for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") and Section 1.162-27 of the Treasury Regulations thereunder (the "Regulations") and the Plan shall be construed consistently with such purpose. The performance goal under which compensation will be paid under the Plan shall be based on the attainment of positive Income Before Taxes, as defined below.

2. DEFINITIONS.

For purposes of interpreting the Plan and related documents, the following definitions shall apply:

2.1 "Board" means the Board of Directors of Webster.

2.2 "Code" means the Internal Revenue Code of 1986, as amended, or the corresponding provisions of any subsequent internal revenue law.

2.3 "Committee" means a committee appointed by the Board to administer the Plan and comprised of not less than three directors of Webster, each of whom shall qualify in all respects as an "outside director" for purposes of Code Section 162(m) and Section 1.162-27(e) (3) of the Regulations.

2.4 "Effective Date" means January 1, 2003.

2.5 "Eligible Executive" means the chief executive officer of Webster and each other individual that the Committee determines, in its discretion, is or may be a "covered employee" of Webster within the meaning of Code Section 162(m) and Section 1.162-27(c) (2) of the Regulations.

2.6 "Expiration Date" means the date of the first shareholders meeting of Webster that occurs in the fifth calendar year following the calendar year in which the shareholders of Webster approved the Plan (or, in the event shareholders shall have approved the Plan on more than one occasion, the year in which the most recent such shareholder approval occurred).

2.7 "Fiscal Year" means each fiscal year of Webster commencing on or after the Effective Date and before the Expiration Date.

2.8 "Income Before Taxes" means Webster's net income for a Fiscal Year or one or more fiscal quarters, before (i) provision for taxes on income, (ii) merger and acquisition expenses

42

and (iii) awards under the Plan, as determined and reported to the Committee by Webster's independent accountants.

2.9 "Performance Bonus" means an annual bonus opportunity amount determined by the Committee and stated as a specified percentage (not more than 2%) of Income Before Taxes or as a specified percentage of base salary (not more than 2% of Income Before Taxes).

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

2.10 "Regulations" means the Treasury Regulations promulgated under the Code, as amended from time to time.

2.11 "Webster" means Webster Financial Corporation, a Delaware corporation.

3. ADMINISTRATION OF THE PLAN.

The Plan shall be administered by the Committee. The Committee shall have the authority to establish and administer the performance goal and to certify the attainment of the performance goal as described in Section 6 below. The Committee shall have the full power and authority to construe, interpret and administer the Plan and shall have the exclusive right to make awards under the Plan and to exercise negative discretion pursuant to Section 5 below. The Committee may take action at a meeting or by written consent in accordance with the Bylaws of Webster. The performance goal may be ratified by the Board.

4. ELIGIBILITY.

Eligibility under this Plan is limited to Eligible Executives designated by the Committee, in its discretion.

5. AWARDS.

Not later than the 90th day of each Fiscal Year, the Committee, in its sole discretion, shall designate one or more Eligible Executives to be participants in the Plan and shall specify the performance goal, which shall be based on the attainment of positive Income Before Taxes, and the other terms and conditions for the determination and payment of a Performance Bonus to each such Eligible Executive for such Fiscal Year. The Performance Bonus payable to an Eligible Executive with respect to any Fiscal Year shall not exceed 2% of Income Before Taxes for such year. The Committee may condition the payment of a Performance Bonus upon the satisfaction of such objective or subjective standards as the Committee shall determine to be appropriate, in its sole discretion, including, without limitation, achieving a Board approved corporate financial plan and/or achieving certain targeted returns. The Committee shall retain the discretion to reduce the amount of any Performance Bonus that would otherwise be payable to an Eligible Executive (including, without limitation, a reduction in such amount to zero). The Committee's exercise of such discretion with respect to an Eligible Executive shall not have the effect of increasing the Performance Bonus that is payable to any other Eligible Executive. If an individual becomes an Eligible Executive after the end of such 90-day period, the Committee may award a Performance Bonus to such Eligible Executive for the Fiscal Year on such terms and conditions as the Committee shall determine, provided that the performance goal with respect to such Performance Bonus shall be based on attainment of positive Income Before Taxes for fiscal quarters after the quarter in which such individual became an Eligible Executive.

6. COMMITTEE CERTIFICATION.

As soon as reasonably practicable after the end of each Fiscal Year, Webster's independent accountants shall determine and report to the Committee the amount of the Income Before Taxes for

such Fiscal Year and the Committee shall determine the extent to which the performance goal has been attained with respect to each Performance Bonus for such Fiscal Year. The Committee shall certify in writing the attainment of the

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

performance goal and the amount of each Performance Bonus for such Fiscal Year.

7. PAYMENT OF PERFORMANCE BONUSES.

Performance Bonuses shall be paid in cash or restricted stock at such times and on such terms as determined by the Committee in its sole discretion (or if no such determination is made, in a single sum as soon as reasonably practicable after the end of the Fiscal Year).

8. CONTINUATION OF SERVICE.

Nothing in the Plan shall confer upon any person any right to continue to serve as an officer or employee of Webster or of any subsidiary or affiliate of Webster.

9. WITHHOLDING.

Webster shall have the right to withhold, or require an Eligible Executive to remit to Webster, an amount sufficient to satisfy any applicable federal, state, local or foreign withholding tax requirements imposed with respect to the payment of any Performance Bonus.

10. NONTRANSFERABILITY; UNFUNDED PLAN.

The rights and benefits under this Plan are personal to an Eligible Executive and shall not be subject to any voluntary or involuntary alienation, assignment, pledge, transfer, or other disposition. In the event of an Eligible Executive's death, any payment to which the Eligible Executive may be entitled under the Plan shall be made to his or her beneficiary last designated in a written notice delivered to the Committee or in the absence of such designation, to the Eligible Executive's estate. Webster shall have no obligation to reserve or otherwise fund in advance any amounts that are or may in the future become payable under this Plan. Any funds that Webster, acting in its sole discretion, determines to reserve for future payments under this Plan may be commingled with other funds of Webster and need not in any way be segregated from other assets or funds held by Webster. An Eligible Executive's rights to payment under the Plan shall be limited to those of a general creditor of Webster.

11. ADOPTION, AMENDMENT, SUSPENSION AND TERMINATION OF THE PLAN.

11.1 The Plan shall be effective as of the date of adoption by the Board, subject to approval of the Plan within one year thereafter by a majority of the votes cast at a duly held meeting of the shareholders of the company, provided, however, that upon approval of the Plan by the shareholders of Webster, all Performance Bonuses awarded under the Plan on or after the Effective Date shall be fully effective as if the shareholders had approved the Plan on the Effective Date.

11.2 Subject to the limitations of this Section 11.2, the Board may at any time suspend or terminate the Plan, and may amend it from time to time in such respects as the Board may deem advisable; provided, however, the Board shall not amend the Plan in the following respects without the approval of shareholders then sufficient to approve the Plan in the first instance:

44

(a) To materially increase the benefits accruing to any Eligible Executive under the Plan (for example, to increase the maximum percentage of Income Before Taxes that may be paid to an Eligible Executive

Edgar Filing: WEBSTER FINANCIAL CORP - Form DEF 14A

pursuant to a Performance Bonus awarded under the Plan).

(b) To materially modify the requirements as to eligibility for participation in the Plan.

(c) To change the material terms of the performance goal under the Plan.

11.3 No Performance Bonus may be awarded during any suspension or after the termination of the Plan, and no amendment, suspension or termination of the Plan shall, without the consent of the person affected thereby, alter or impair any rights or obligations under any Performance Bonus previously awarded under the Plan. This Plan shall terminate upon the payment or cancellation of all of the Performance Bonuses awarded hereunder before the Expiration Date, unless previously terminated by the Board pursuant to this Section 11.

12. GOVERNING LAW.

The validity, interpretation and effect of this Plan, and the rights of all persons hereunder, shall be governed by and determined in accordance with the laws of Delaware, other than the choice of law rules thereof.

This Plan was duly approved by the Board at a meeting held on the ____ day of February, 2003 and by the shareholders of Webster at a meeting held on the ____ day of _____, 2003.
