PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

July 9, 2003

This Proxy Statement is solicited on behalf of the Board of Directors in connection with the Annual Meeting of stockholders to be held on Wednesday, July 9, 2003 at 9:00 a.m. local time at Nine Zero Hotel, 90 Tremont Street, Boston, Massachusetts 02108, and all adjournments thereof. This proxy statement along with the accompanying proxy card is being furnished to stockholders commencing on or about May 22, 2003.

If the enclosed proxy card is properly executed and returned prior to the meeting, the shares represented by the proxy card will be voted in accordance with the stockholder's directions or, if no directions are indicated, the shares will be voted in accordance with the recommendation of the Board of Directors as specified in this proxy statement. If the enclosed proxy is executed and returned to United Therapeutics, it nevertheless may be revoked at any time before it is exercised by (i) written notice to the Corporate Secretary of United Therapeutics at the company's principal executive offices at 1110 Spring Street, Silver Spring, Maryland 20910, (ii) by properly submitting to the Corporate Secretary at the company's principal executive offices a duly executed proxy bearing a later date, or (iii) by attending the meeting and voting in person.

United Therapeutics will bear the cost of soliciting proxies. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of United Therapeutics' common stock, and normal handling charges may be paid for such forwarding service. Officers and other employees of United Therapeutics may solicit proxies personally by telephone, telecopier, or email and they will receive no additional compensation if they do so.

At the close of business on May 12, 2003 (the Record Date), there were 21,102,704 shares of the common stock of United Therapeutics outstanding and entitled to vote at the meeting. Only stockholders of record at the close of business on Record Date will be entitled to vote, either in person or by proxy, at the Annual Meeting, and each share shall have one vote.

ELECTION OF DIRECTORS

The Board of Directors consists of eleven members. The Board is divided into three classes of directors. At each Annual Meeting, members of one of the classes, on a rotating basis, are elected for a three-year term. At this meeting, four Class I directors for the term expiring at the 2006 Annual Meeting of Stockholders are to be elected. Messrs. Causey and Kurzweil and Drs. Rothblatt and Sullivan are nominees for election at this meeting. Proxies may not be voted for a greater number of persons than the number of nominees named. Proxies representing shares held as of the Record Date will be voted, unless otherwise specified, in favor of the four nominees for the Board named below. Three of the nominees Mr. Kurzweil and Drs. Rothblatt and Sullivan are currently directors of United Therapeutics.

Unless otherwise instructed on the proxy, the persons named on the enclosed proxy intend to vote the shares represented by each properly executed proxy for the election of the four nominees named below as Class I directors of United Therapeutics. If the proxy card is signed and returned without any direction given, shares of stock represented by the proxy will be voted FOR the election of the four nominees named on the proxy card. Each of the nominees has consented to be named herein and to serve on the Board if elected. It is not anticipated that any nominee will become unable or unwilling to accept nomination or election, but, if that should occur, the persons named in the proxy intend to vote for the election in his or her stead such other person as the Nominating and Governance Committee may recommend to the Board.

Information Regarding Nominees for Class I Directors

To be Elected for Terms Expiring in 2006

Christopher Causey, M.B.A. (age 40) has served as the Principal of Causey Consortium, a professional services organization providing strategic planning and marketing advice to the healthcare industry since 2002. **BOARD MEETINGS AND COMMITTEES;
COMPENSATION OF DIRECTORS**

Board of Directors

The Board of Directors met seven times in 2002. Each director attended at least seventy-five percent of all meetings of the Board of Directors and committees on which he or she served in 2002.

Board Committees

The Board of Directors has established a Nominating and Governance Committee, a Compensation Committee and an Audit Committee. Members of these committees are independent as defined in the current and proposed NASDAQ listing standards.

Nominating and Governance Committee

Members: Christopher Patusky, J.D. (Chair), Louis W. Sullivan, M.D. and Raymond Dwek

The Nominating and Governance Committee of the Board of Directors met four times in 2002. The Committee is responsible for: (a) assisting the Board in determining the desired experience, mix of skills and other qualities to assure appropriate Board composition, taking into account the current Board members and the specific needs of United Therapeutics and the Board; (b) identifying qualified individuals meeting those criteria to serve on the Board; (c) proposing to the Board a slate of nominees for election by the shareholders at the Annual Meeting of Stockholders and prospective director candidates in the event of the resignation, death, removal or retirement of directors or a change in Board composition requirements; (d) reviewing candidates nominated by shareholders for election to the Board and shareholder proposals submitted for inclusion in the Company's proxy materials; (e) developing plans regarding the size and composition of the Board and its committees; (f) proposing to the Board directors to serve as chairpersons and members on committees of the Board; (g) coordinating matters among committees of the Board; (h) reviewing management succession plans; (i) developing, evaluating, recommending to the Board and monitoring all matters with respect to governance of United Therapeutics; (j) monitoring compliance with United Therapeutics with its legal and regulatory obligations, (k) serving as the Qualified Legal Compliance Committee within the meaning of §307 of the Sarbanes-Oxley Act of 2002, (l) conducting certain independent investigations into allegations of material violations, and (m) such other functions as the Board may from time to time assign to the Committee. The Nominating and Governance Committee will consider stockholder recommendations for director. The procedure for nominating a director at the 2004 Annual Meeting of Stockholders is described under STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS below.

Compensation Committee

Members: Michael C. Miles, M.B.A. (Chair), Raymond Dwek, F.R.S., and Henry Beecher Hicks III, M.B.A.

The Compensation Committee of the Board of Directors met seven times in 2002. The Compensation Committee is responsible for (a) overseeing United Therapeutics' incentive compensation plans and equity incentive plan, and (b) the overall design, approval and implementation of the compensation plans, policies and programs for the Chief Executive Officer and other key executives.

Audit Committee

Members: R. Paul Gray (Chair), Henry Beecher Hicks, III, M.B.A., and Michael C. Miles, M.B.A.

The Audit Committee of the Board of Directors met eight times during 2002. The Audit Committee is responsible for (a) assisting the Board in its oversight responsibilities regarding the integrity of United Therapeutics' financial statements and the auditor's independence, qualifications, services, fees and performance; (b) retaining, replacing and discharging United Therapeutics' independent auditor; (c) approving in advance all professional services to be provided by the independent auditor; (d) reviewing the scope of the annual audit and reports and recommendations submitted by the independent auditors, (e) reviewing and discussing with management and the independent auditors financial statements proposed to be included in United Therapeutics' Annual Report on Form 10-K and Quarterly Reports on Form 10-Q; (f) reviewing United Therapeutics' financial reporting and accounting policies, including any significant changes, with management and the independent auditors; (g) discussing annually with independent auditors the adequacy and effectiveness of United Therapeutics' internal controls and assessing progress management has made in addressing issues raised by independent auditors; and (h) approving related party transactions.

Director Compensation

Each director who is not an employee of United Therapeutics receives an annual fee of \$10,600. Non-employee directors who serve on committees of the Board also receive additional fees ranging from \$3,000 to \$9,000 per year depending on the committee and whether they serve as a member or as Chair of such committee. These payments are contingent on these directors attending at least 75% of the Board and committee meetings. Each non-employee director is also granted a non-qualified option to purchase 9,500 shares of United Therapeutics common stock for each year of service on the Board. Non-employee directors who serve on various Board committees receive an additional non-qualified option to purchase from 1,250 to 2,500 shares of United Therapeutics common stock depending on whether they serve as a member or as Chair of such committee. Such options are exercisable at a price equal to the closing price of the stock as reported on NASDAQ on June 26 of each year. The options will vest fully one year after the grant date only if the director attended at least 75% of the Board and committee meetings. United Therapeutics reimburses each member of its Board of Directors for out-of-pocket expenses incurred in connection with attending Board meetings.

MANAGEMENT

The following table sets forth certain summary information concerning the compensation awarded to or earned by United Therapeutics Chief Executive Officer and the four most highly compensated executive officers who earned in excess of \$100,000 in cash compensation during the year ended December 31, 2002 (the named executive officers).

Stock Option Grants And Exercises

The following tables show for the year ended December 31, 2002 certain information regarding options granted to, and held at year-end by, the named executive officers. Each of the options listed in the table below was granted pursuant to United Therapeutics Amended and Restated Equity Incentive Plan. The percentages shown in the first table are based on an aggregate of 1,189,555 options granted to employees in 2002, including the named executive officers. The exercise price per share of each option was equal to the fair market value of the common stock on the date of grant.

Name	Option Grants in Last Fiscal Year Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term

	3,360	0.28	13.90	6/12	58,744	148,868

Amounts reported in the potential realizable value column above are hypothetical values that may be realized upon exercise of the options immediately prior to the expiration of their term, calculated by assuming that the stock price on the date of grant as determined by the Board of Directors appreciates at the indicated annual rate compounded annually for the entire term of the option (10 years). The 5% and 10% assumed rates of appreciation are mandated by the rules of the Securities and Exchange Commission and do not represent United Therapeutics estimate or projection of the future common stock price.

In the following table, the value of unexercised in-the-money options at December 31, 2002 is based on the closing bid price of \$16.69, less the exercise price, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option. Options

are in-the-money at December 31, 2002 if the fair market value of the underlying securities on that date exceeded the exercise price of the option.

Fiscal Year-End Option Values

Executive Officer Employment Agreements

In April 1999, United Therapeutics entered into an Executive Employment Agreement with Martine A. Rothblatt, its Chief Executive Officer. The employment agreement provided for an initial five-year term and automatically renewed for successive one-year periods after each year. Either party may terminate the agreement prior to an annual renewal, which would result in a four year remaining term. Dr. Rothblatt is entitled to bonuses for each year of the initial term of the agreement in the form of stock options, in addition to other discretionary bonuses that may be awarded by the Board of Directors. As amended in December 2000, the agreement provides that Dr. Rothblatt will receive an option to purchase the number of shares of common stock equal to one-eighteenth of one percent of the increase in the company's market capitalization from its average in December each year (commencing December 2000). These options will be awarded pursuant to the Amended and Restated Equity Incentive Plan and will be fully exercisable on the date of grant. The options will have an exercise price equal to or exceeding the fair market value of a share of United Therapeutics common stock on the date of grant. The options are exercisable over five years if Dr. Rothblatt is a 10% or greater stockholder on the date of grant, or 10 years otherwise. The maximum number of shares reserved for such grants is 7,939,517.

If Dr. Rothblatt's employment is terminated due to her death or disability, the company will continue to pay to Dr. Rothblatt or her estate her current base salary through the end of the calendar year following such death or disability, and if her employment is terminated for disability, United Therapeutics will pay for continued benefits under its short-term and long-term disability insurance programs. If Dr. Rothblatt's employment is terminated by United Therapeutics other than for cause, or if Dr. Rothblatt terminates her employment for good reason, as these terms are defined in the agreement, including circumstances involving a change in control of United Therapeutics, she will be entitled to a lump sum cash payment equal to the sum of:

Her current base salary plus any bonus and incentive payments which have been earned through the date of termination;

The greater of her bonus and incentive payments for the prior year or the average of such payments for the prior two years, on a prorated basis for the year of termination;

Three times the sum of her highest annual base salary for the preceding 12 months and the greater of her previous year's bonus and incentive payment or the average of those payments for the previous two years; and

The difference between the fair market price and the exercise price of any non-vested options held by Dr. Rothblatt.

In addition, Dr. Rothblatt will receive certain employee and retirement benefits. The agreement prohibits Dr. Rothblatt from engaging in activities competitive with the company for five years following termination of her employment.

United Therapeutics has entered into employment agreements with each of Drs. Jeffs and Walsh and Messrs. Hadeed and Mahon. The term of Dr. Jeffs' agreement ends in June 2006, and provides for an annual base salary of at least \$250,000. The term of Dr. Walsh's agreement, as amended, ends in December 2005 and provides for an annual base salary of at least \$150,000. The term of Mr. Hadeed's agreement ends in January 2004 and provides for an annual base salary of at least \$140,000. The term of Mr. Mahon's agreement ends in June 2006, with the initial five-year term automatically extended by one year for each anniversary of the agreement provided that timely notice of non-extension has not been issued by United Therapeutics, and provides for an annual base salary of at least \$300,000. Each of the agreements with Drs. Jeffs and Walsh and Messrs. Hadeed and Mahon also provides for an automatic annual renewal unless either party terminates with prior notice, ranging from 30 days to six months, to the other party. In addition, each of the agreements with Dr. Jeffs and Messrs. Hadeed and Mahon provides that if the executive is terminated by United Therapeutics other than for cause as such term is defined or as a result of a transfer of control of the company, or if the executive terminates the agreement because his authority and responsibilities are materially diminished without cause, then upon the occurrence of any such event, the executive is entitled to payment of the greater of his base salary through the remaining term of the agreement or an amount equal to two years of his then-current salary, and any unvested options would immediately become vested. Each of these agreements prohibits Drs. Jeffs and Walsh and Messrs. Hadeed and Mahon from accepting employment, consultancy or other business relationships with an entity that directly competes with United Therapeutics for a period of twelve months following his last receipt of compensation from United Therapeutics.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is composed of independent, non-employee directors. The current members of the Compensation Committee are Mr. Miles, as chairman, Mr. Hicks and Prof. Dwek. The Compensation Committee has responsibility for developing and implementing United Therapeutics' compensation policy for senior management including the Chief Executive Officer. United Therapeutics' stock incentive plans are also administered by the Compensation Committee.

Compensation Philosophy

United Therapeutics' overall compensation policy is to 1) offer competitive salaries, incentive compensation and benefits consistent with attracting and retaining qualified and experienced employees and 2) strongly align such compensation with the achievement of specific performance objectives and, more generally, with shareholder interests. With respect to key executives, particular attention is paid to preserving the continued employment of top performers to ensure that United Therapeutics' most important objectives are achieved in as effective and timely a fashion as possible. The Compensation Committee believes that such an approach is critical to promoting shareholder interests in a relatively small and rapidly growing firm. The Compensation Committee also places heavy emphasis on pay for performance and believes that substantial portions of total compensation should be at risk. Likewise, outstanding performance should lead to substantial increases in compensation.

In addition to base salary, compensation may include discretionary cash bonuses and stock option awards. It is the intention of the Compensation Committee to use salary and cash bonuses as compensation for current and past performance, while using stock options to provide incentives for long term performance.

In establishing the level of compensation for key executives, the Compensation Committee considers many factors, including the executive's performance, contribution to the advancement of corporate objectives, impact on financial results, development of the management team, strategic accomplishments, and the competitiveness and fairness of the compensation. The amount of the base salary, discretionary cash bonus and long term incentive compensation for each such executive is determined by the Compensation Committee (as appropriate and in accordance with any employment agreements) using the factors set forth above and,

with respect to executives other than the Chief Executive Officer, the recommendations of the Chief Executive Officer.

While the Compensation Committee considers these individual and United Therapeutics performance factors and recommendations in making individual compensation decisions, the Compensation Committee also consulted with executive compensation specialists and executive recruiters, reviewed relevant proxy materials and industry compensation surveys, and applied its own business judgment in making final compensation determinations.

Discretionary Cash Bonuses

United Therapeutics has adopted a semiannual Milestone Bonus Plan which provides each employee, other than certain key executives, with the opportunity to receive 1) a percentage, which varies with the employee's level of responsibility, of their base salary for each companywide Milestone achieved and 2) an additional cash bonus based upon the employee's individual performance. For certain executives of United Therapeutics, discretionary cash bonuses are determined based upon performance criteria unique to each such officer.

Long Term Incentive Compensation

Equity based incentives in the form of stock options are designed to motivate executives over the long term and to align the interests of management and shareholders. Such compensation is awarded based upon a subjective evaluation of their individual performance and the overall performance of United Therapeutics. Long term incentive compensation for the Chief Executive Officer, if any, is based upon increases in United Therapeutics market capitalization and determined in accordance with the employment agreement between Dr. Rothblatt and United Therapeutics.

Chief Executive Officer Compensation

In determining Dr. Rothblatt's 2002 compensation, the Compensation Committee considered her overall performance and leadership, the compensation of other chief executives in United Therapeutics industry and the performance of United Therapeutics share price compared to industry indices.

During 2002, United Therapeutics obtained approval from the Food and Drug Administration (FDA) to market its first developmental drug, Remodulin, and generated material revenue and operating cash flow from its sales. This transforming achievement contributes importantly to United Therapeutics growth prospects and resulted in superior share price performance during 2002 (see STOCK PRICE PERFORMANCE).

In recognition of Dr. Rothblatt's 1) longstanding leadership, determination and perseverance in accomplishing the above, especially during the extended pre-approval discussions with the FDA, 2) outstanding efforts to accelerate 2002 revenues through the timely post approval delivery of Remodulin to the marketplace, 3) excellent work in educating and informing investors of United Therapeutics greatly improved prospects, and 4) her other accomplishments benefiting United Therapeutics and its shareholders, the Compensation Committee awarded Dr. Rothblatt a retroactive salary increase bringing her total 2002 salary compensation to \$500,000 and awarded her a cash bonus of \$317,522. Dr. Rothblatt was also awarded options to purchase 91,946 shares of common stock, pursuant to her employment agreement, and options to purchase 5,280 shares in accordance with the mid-year companywide Milestone Bonus Plan.

Report on Option Repricings

In November 2001, the Compensation Committee of the Board of Directors approved a plan to allow employees, including all executive officers except for the Chief Executive Officer, to voluntarily permit up to one-third of their outstanding options to be canceled. The plan was approved because many of the options which had been previously granted had exercise prices that were significantly higher than the then-current market price of United Therapeutics common stock and did not provide meaningful stock-based incentive compensation to those employees. In exchange for each canceled option, United Therapeutics granted a new

option in May 2002. No guarantees or other promises of remuneration were made to the employees, including executive officers, who agreed to participate.

In the following table, information regarding all repricings of options held by any executive officer since June 17, 1999, the date United Therapeutics became a reporting company under the Securities Exchange Act of 1934, is presented.

Compliance With Internal Revenue Code Section 162(m)

The Compensation Committee has not adopted a policy with respect to the application of Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Chief Executive Officer and the four other most highly paid executive officers. However, compensation from options granted under the United Therapeutics Equity Incentive Plan with exercise prices of no less than 100 percent of the fair market value on the date of grant and in an amount not exceeding 1 million shares for each such executive officer may be excluded from the above limitation. United Therapeutics generally intends to grant stock options to its executive officers in a manner which avoids any disallowance of deductions under 162(m).

No member of United Therapeutics Compensation Committee is an officer or employee of United Therapeutics or any of its subsidiaries and no director or executive officer is a director or executive officer of any other corporation that has a director or executive officer who is also a director of United Therapeutics.

REPORT OF THE AUDIT COMMITTEE

United Therapeutics Audit Committee is comprised of three independent directors. The Audit Committee operates under a written charter that was adopted by United Therapeutics Board of Directors.

Edgar Filing: UNITED THERAPEUTICS CORP - Form DEF 14A

The Audit Committee has met and held discussions with management and KPMG LLP, United Therapeutics' independent auditors. Management is responsible for the financial statements. KPMG LLP is

responsible for expressing an opinion on the conformity of United Therapeutics' financial statements with generally accepted accounting principles. The Audit Committee has reviewed and discussed United Therapeutics' 2002 consolidated financial statements with United Therapeutics' management and KPMG LLP.

The Audit Committee discussed with KPMG LLP the overall scope of and plans for their audits and reviews. The Audit Committee has met with KPMG LLP, with and without management present, to discuss United Therapeutics' financial reporting processes and internal accounting controls. The Audit Committee has reviewed all important audit findings prepared by KPMG LLP.

The Audit Committee has discussed with KPMG matters that are required to be discussed by generally accepted auditing standards, including those standards set forth in Statement on Auditing Standards No. 61, *Communications with Audit Committees*. KPMG LLP also provided to the Audit Committee the written disclosures regarding its independence required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The Audit Committee discussed with KPMG LLP any relationships that may have an impact on their objectivity and independence and satisfied itself as to KPMG LLP's independence. The Audit Committee has also reviewed and pre-approved the scope and fees for all audit and other services performed by KPMG LLP for United Therapeutics.

The Audit Committee has met and reviewed with members of senior management and KPMG LLP the certifications provided by the Chief Executive Officer and the Chief Financial Officer under the Sarbanes-Oxley Act of 2002, the rules and regulations of the Securities and Exchange Commission relating to these certifications and the overall certification process.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the company's audited consolidated financial statements for 2002 be included in United Therapeutics' Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

STOCK PRICE PERFORMANCE

The table and graph below set forth United Therapeutics' total cumulative stockholder return as compared to the cumulative returns of the NASDAQ US Stock Market Index and the NASDAQ Pharmaceutical Stocks Index. Total stockholder return assumes \$100.00 was invested at the beginning of the period in the common stock of United Therapeutics, the stocks represented in the NASDAQ US Stock Market Index, and the stocks represented in the NASDAQ Pharmaceutical Stocks Index, respectively. Total return assumes reinvestment of dividends; United Therapeutics has paid no dividends on its common stock. The information on the graph covers the period from June 17, 1999 (the date United Therapeutics' common stock began trading pursuant to the company's initial public offering) through December 31, 2002. Historical stock price information shown on the graph below should not be relied upon as indicative of future stock price performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In April 2002, United Therapeutics agreed to loan \$1.3 million to Dr. Roger Jeffs, its President and Chief Operating Officer, to purchase his primary residence. The loan and accrued interest will be due at the end of five years or earlier, in part or in full, if Dr. Jeffs obtains a mortgage on the property, exercises and sells any United Therapeutics stock options, sells any United Therapeutics stock, or sells the property. Interest of 6.5 percent per year will accrue on the note. The loan is secured by the property and all United Therapeutics stock that Dr. Jeffs now owns or hereafter acquires. As of March 31, 2003, the amount due under this loan including interest was \$1,380,582. The Audit and Compensation Committee of the Board of Directors, as well as the full Board of Directors approved this transaction. In June 2002, Dr. Jeffs was elected to the Board of Directors by United Therapeutics' shareholders.

In February 2003, United Therapeutics entered into an agreement for the development, hosting and maintenance of its Remodulin.com website with a company controlled by Raymond Kurzweil who is one of

four non-independent directors on United Therapeutics' ten person Board of Directors. Pursuant to this Agreement, United Therapeutics will pay the company \$29,000 and a continuing payment of \$1,250 per month for posting new information and maintenance of the website. The Audit Committee of the Board of Directors approved this transaction.

In September 2002, United Therapeutics entered into a technical services agreement with Kurzweil Technologies, Inc. (KTI), a company controlled by Raymond Kurzweil. Pursuant to this agreement, United Therapeutics will pay KTI up to \$40,000 monthly for consulting fees and up to \$1,000 monthly for reimbursement of expenses for certain telemedicine technology development services relating to Medicomp, Inc. In addition, United Therapeutics will pay KTI a five percent royalty on certain sales of products reasonably attributed to and dependent upon technology developed by KTI under the technical services agreement and which are covered by claims of issued and unexpired United States patent(s). The agreement may be terminated by United Therapeutics upon 30 days advance notice to KTI and by KTI upon 180 days advance notice to United Therapeutics. In 2002, United Therapeutics incurred approximately \$190,000 of fees and expenses related to this agreement, all of which was payable to KTI at December 31, 2002. The Audit Committee of the Board of Directors approved this transaction.

In 2001, United Therapeutics entered into a marketing agreement with a company affiliated with Raymond Kurzweil. The value of the agreement is up to \$30,000 annually. United Therapeutics also entered into an agreement in 2001 with Raymond Kurzweil to provide strategic consulting services in the field of telemedicine. The value of the agreement is up to \$10,000 annually. In 2002, United Therapeutics entered into another marketing agreement with a company affiliated with Raymond Kurzweil with a total value of \$15,000. United Therapeutics paid a total of \$25,000 under these agreements during the year ended December 31, 2002. The Audit Committee of the Board of Directors approved these transactions.

In 2000, United Therapeutics entered into a research agreement with University of Oxford and an agreement for consulting services with Oxford University Consulting with respect to the development of United Therapeutics' iminosugar platform. United Therapeutics paid approximately \$444,000 during the year ended December 31, 2002 under these agreements. Under the research agreement, United Therapeutics is required to pay the University of Oxford a royalty equal to 1.5% percent of net sales of products arising from the research, less certain offsets. Professor Raymond Dwek, a director of United Therapeutics, also serves as Chairman of the Department of Biochemistry at the University of Oxford, CEO of Oxford University Consulting, and is a co-discoverer of United Therapeutics' iminosugar drug platform and a co-principal investigator under the research agreement with University of Oxford. These agreements were entered into prior to the date that Professor Dwek became a director of United Therapeutics.

Unither Pharma, Inc., a subsidiary of United Therapeutics, entered into a lease for office space with Beacon Projects in December 2001. Dr. Rothblatt is the President and owner of Beacon Projects. The lease will expire in December 2003 and requires payments to Beacon Projects of \$6,000 per month (increasing to \$6,600 per month for 2003). The Audit Committee of the Board of Directors approved this transaction based on an independent appraisal without the participation of Dr. Rothblatt. United Therapeutics believes that the terms of these transactions were at least as favorable as terms it could have obtained in arm's length transactions with an independent third party. The property was sold in 2002 by Beacon and the United Therapeutics subsidiary now leases from the successor (unrelated) landlord. During the year ended December 31, 2002, the total amount paid to Beacon Projects was approximately \$57,000.

In 1998, United Therapeutics entered into a cooperative drug discovery agreement with William Harvey Research Limited. United Therapeutics paid approximately \$102,000 during 2002 under this agreement. Dr. Rothblatt is an unpaid and voluntary president of the William Harvey Medical Research Foundation, an affiliate of William Harvey Research Limited, and Dr. Sullivan is a member of the board of directors of the William Harvey Medical Research Foundation. The agreement was terminated in June 2002.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires United Therapeutics' directors and executive officers and 10% stockholders to file reports of ownership of equity securities of United Therapeutics with the Securities and Exchange Commission and to furnish copies of all such reports to United Therapeutics. To United Therapeutics' knowledge, based solely on review of the copies of such reports furnished to it, during the fiscal year ended December 31, 2002, all such filing requirements were met except that Raymond Kurzweil, a director of the company, inadvertently failed to file a timely Form 4 relating to a stock option grant to purchase 5,000 shares that is exempt from Section 16(b) of the Securities Exchange Act under Rule 16b-3.

VOTING PROCEDURES

Shares can be voted only if the stockholder is present in person or by proxy. Whether or not you plan to attend in person, you are encouraged to sign and return the enclosed proxy card. The representation in person or by proxy of at least a majority of the outstanding shares entitled to vote is necessary to provide a quorum at the meeting. Shares of common stock represented by proxies that are marked "without authority" with respect to the election of any one or more nominees for election as directors and abstentions will be counted as present in determining whether the quorum requirement has been satisfied.

Directors are elected by a plurality of the affirmative votes cast at the Annual Meeting. Plurality means that the nominees who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be elected at the Annual Meeting. Consequently, any shares represented at the Annual Meeting but not voted for any reason have no impact on the election of directors.

INDEPENDENT AUDITORS

KPMG LLP has acted as United Therapeutics' independent auditors since 1997 and has been selected by the Audit Committee of the Board to act as such for the fiscal year ended December 31, 2003. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Audit Fees

The aggregate fees for professional services rendered by KPMG LLP for the review of United Therapeutics' quarterly financial statements and audit of United Therapeutics' annual financial statements for the fiscal year ended December 31, 2002 were \$150,000.

Financial Information Systems Design and Implementation Fees

KPMG LLP performed no financial information system design or implementation work for United Therapeutics during the fiscal year ended December 31, 2002.

All Other Fees

The aggregate fees for all other professional services rendered by KPMG LLP for the fiscal year ended December 31, 2002 were \$13,048 and were for additional audit related services.

The Audit Committee of the Board of Directors has considered and determined that the provision of non-audit services by KPMG LLP is compatible with maintaining KPMG LLP's independence.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Stockholder proposals intended for inclusion in United Therapeutics' proxy statement and form of proxy for the 2004 Annual Meeting of Stockholders must be received by United Therapeutics no later than January 23, 2004. Upon receipt of any stockholder's proposal, United Therapeutics will determine whether to

include the proposal in the proxy statement and form of proxy in accordance with the regulations governing solicitation of proxies.

In order for a stockholder to nominate a director for election at the 2004 Annual Meeting of Stockholders, the company's Amended and Restated Bylaws require that the stockholder give timely notice of the nomination to the company in advance of the meeting. Such notice must be given not less than 90 days nor more than 120 days prior to the anniversary date of the 2003 Annual Meeting of Stockholders.

In order for a stockholder to bring other business before the 2004 annual stockholders meeting, timely notice must be given to United Therapeutics in advance of the meeting. Such notice must be given no less than 90 nor more than 120 days prior to the anniversary date of the 2003 meeting, and must include a description of the proposed business, the reason for conducting the proposed business at the meeting and other matters as specified in United Therapeutics' Amended and Restated Bylaws. These requirements are separate from and in addition to the requirements a stockholder must meet to have a proposal included in United Therapeutics' proxy statement. These time limits also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority by proxies designated by the company.

All notices of proposals must be given to United Therapeutics' Corporate Secretary, Paul A. Mahon, Esq., whose address is United Therapeutics Corporation, 1110 Spring Street, Silver Spring, Maryland 20910.

The company will furnish a copy of United Therapeutics' Amended and Restated Certificate of Incorporation or Amended and Restated Bylaws to any stockholder without charge upon written request to the Corporate Secretary by the stockholder.

ANNUAL REPORT

We have included a copy of our Annual Report on Form 10-K for the year ended December 31, 2002 with this Proxy Statement. **In addition, you may obtain an additional copy of United Therapeutics' Annual Report on Form 10-K for the year ended December 31, 2002 as filed with the Securities and Exchange Commission without charge by mailing a request to the Vice President for Investor Relations, United Therapeutics Corporation, 1110 Spring Street, Silver Spring, Maryland 20910.** The Form 10-K includes certain exhibits that will be provided only upon payment of a fee covering United Therapeutics' reasonable expenses.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for consideration at the Annual Meeting other than as presented above. However, if any other matter properly comes before the meeting, the persons named in the accompanying proxy intend to vote on such matters in accordance with their judgment of the best interests of United Therapeutics.
