PROXY STATEMENT
For
ANNUAL MEETING OF STOCKHOLDERS
To Be Held on May 15, 2006

This Proxy Statement is being mailed on or about April 14, 2006 to the stockholders of Trinity Industries, Inc. (Trinity or the Company) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Stockholders of the Company to be held at the offices of the Company, 2525 Stemmons Freeway, Dallas, Texas, on Monday, May 15, 2006, at 9:00 a.m., Central Daylight Saving Time (the Annual Meeting), or at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Company s mailing address is 2525 Stemmons Freeway, Dallas, Texas, 75207.

Shares represented by the enclosed proxy, if properly executed and returned to the Company prior to the meeting, will be voted at the Annual Meeting and at any adjournment thereof in the manner specified, or if not specified, the proxy will be voted FOR the election of the eight nominees for Directors as listed below, and FOR the approval of Ernst & Young LLP as independent registered public accounting firm of the Company for the fiscal year ending December 31, 2006. The proxy may be revoked at any time before it is exercised by filing with the Company a written revocation, by executing a proxy bearing a later date or by attending the Annual Meeting and voting in person.

The outstanding voting securities of the Company consist of shares of Common Stock, \$1.00 par value per share. The record date for the determination of the stockholders entitled to notice of and to vote at the Annual Meeting, or any adjournment thereof, has been established by the Board of Directors as of the close of business on March 31, 2006. At that date, there were outstanding and entitled to vote 52,596,638 shares of Common Stock.

The presence, in person or by proxy, of the holders of record of a majority of the outstanding shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting, but if a quorum should not be present, the meeting may be adjourned from time to time until a quorum is obtained. A holder of Common Stock will be entitled to one vote per share on each matter properly brought before the meeting. Cumulative voting is not permitted in the election of directors.

The proxy card provides space for a stockholder to withhold voting for any or all nominees for the Board of Directors. The election of directors requires a plurality of the votes cast at the meeting. The ratification of the independent auditors requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting. Shares of a stockholder who abstains from voting on any or all proposals will be included for the purpose of determining the presence of a quorum. However, an abstention with respect to the election of the Company s directors will not be counted either in favor of or against the election of the nominees. In the case of the other proposal which is being submitted for stockholder approval, an abstention will effectively count as a vote cast against such proposal. Broker non-votes on any matter, as to which the broker has indicated on the proxy that it does not have discretionary authority to vote, will be treated as shares not entitled to vote with respect to that matter. However, such shares will be considered present and entitled to vote for quorum purposes so long as they are entitled to vote on other matters.

The Company has adopted a stock ownership policy for directors and officers that is designed to align the financial interest of directors and officers with those of the Company's stockholders.

CORPORATE GOVERNANCE

The business affairs of Trinity are managed under the direction of the Board of Directors in accordance with the General Corporation Law of the State of Delaware and the Company's Articles of Incorporation and Bylaws. The role of the Board of Directors is to oversee the management of the Company for the benefit of the stockholders. This responsibility includes monitoring the senior management's conduct of the Company's business operations and affairs; reviewing and approving the Company's financial objectives, strategies and plans; evaluating the performance of the chief executive officer and other executive officers; and overseeing the Company's policies and procedures regarding corporate governance, legal compliance, ethical conduct and maintenance of financial and accounting controls. The Board of Directors first adopted Corporate Governance Principles in 1998, which are reviewed annually by the Corporate Governance and Directors Nominating Committee and were last amended in December 2005. The Company has a long-standing Code of Business Conduct and Ethics, which is applicable to all employees of the Company, including the principal executive officer, the principal financial officer, the principal accounting officer and the Board of Directors. The Company intends to post amendments to or waivers from its Code of Business Conduct and Ethics on the Company's website to the extent applicable to the Company's chief executive officer, principal financial officer, principal accounting officer or a director. The Corporate Governance Principles and the Code of Business Conduct and Ethics are available on the Company's web site at www.trin.net under the heading Investor Relations/Governance or in print upon written request to the Corporate Secretary.

The directors hold regular and special meetings, and spend such time on the affairs of the Company as their duties require. During 2005, the Board of Directors held eight meetings. The Board also meets regularly in non-management executive sessions and has selected Mr. Clifford J. Grum as Presiding Director for the non-management executive sessions. In 2005, all directors of the Company attended at least seventy-five percent of the meetings of the Board of Directors and the committees on which they served. It is Company policy that each of our directors is expected to attend the Annual Meeting. Seven of our eight directors were in attendance at the 2005 Annual Meeting.

Independence of Directors

Pursuant to the New York Stock Exchange listing standards, the Board of Directors has adopted a formal set of Categorical Standards of Director Independence which are attached as Appendix A to assist in making its determination with respect to director independence. The Categorical Standards set forth commercial and charitable relationships that will not be considered to be material relationships that would impair a director's independence. The Board undertook its annual review of director independence and considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. In making its determination the Board applied the Categorical Standards. As a result of its review, the Board

affirmatively determined that the following directors nominated for election at the annual meeting are independent of the Company and its management under the standards set forth in the Categorical Standards: Rhys J. Best, David W. Biegler, Ronal J. Gafford, Clifford J. Grum, Ronald W. Haddock, Jess T. Hay and Diana Natalicio; and that Timothy R. Wallace is not independent because of his employment as Chairman, President and Chief Executive Officer of the Company.

Board Committees

The standing committees of the Board of Directors are the Audit Committee, Human Resources Committee, Corporate Governance and Directors Nominating Committee, and Finance and Risk Management Committee. Each of the Committees is governed by a charter, a current copy of which is available on our website at www.trin.net under the headings Investor Relations/Governance. A copy of each charter is also available in print to stockholders upon request addressed to the Corporate Secretary. Director membership of the committees is identified below:

In carrying out its function, the Audit Committee reviews with management, the chief audit executive, and the independent auditors the Company's financial statements, the accounting principles applied in their preparation, the scope of the audit, any comments made by the independent auditors upon the financial condition of the Company and its accounting controls and procedures, reviews with management compliance with corporate policies, compliance programs, internal controls, corporate aircraft usage, summaries of officer travel and entertainment reports, and such other matters as the Audit Committee deems appropriate. The Audit Committee also pre-approves all auditing and all allowable non-audit services provided to the Company by the independent auditors. The Audit Committee selects and retains the independent auditors for the Company and approves audit fees. The Audit Committee met seven times

during 2005. The Board of Directors has determined that all members of the Audit Committee are independent as defined by the rules of the SEC and the listing standards of the New York Stock Exchange. The Board has determined that Mr. Clifford J. Grum, Chair of the Committee,

-4-

Table of Contents

Mr. David W. Biegler, Mr. Barry J. Galt and Mr. Ronald W. Haddock are each qualified as an audit committee financial expert within the meaning of SEC regulations.

Human Resources Committee

The Human Resources Committee assists the Board in the discharge of its fiduciary responsibilities relating to the fair and competitive compensation of the Company's Chief Executive Officer and other senior executives; administers and makes or recommends awards under the Company's incentive compensation and equity based plans; and reviews plans for management succession. The Committee annually evaluates the Chief Executive Officer's leadership and performance. The Human Resources Committee met six times during 2005. Each of the members of the Committee is an independent director under the New York Stock Exchange listing standards.

Finance and Risk Management Committee

The duties of the Finance and Risk Management Committee generally are to periodically review the financial status of the Company, review the Company's compliance with certain debt instruments that may exist, make recommendations to the Board regarding financings and authorize financings within limits prescribed by the Board; review and assess risk exposure related to the Company's operations; monitor the funds for the Company's benefit plans; and review significant acquisitions and dispositions of businesses or assets and authorize such transactions within limits prescribed by the Board. Each of the members of the Finance and Risk Management Committee is an independent director under the New York Stock Exchange listing standards. The Committee met four times during 2005.

Corporate Governance and Directors Nominating Committee

The functions of the Corporate Governance and Directors Nominating Committee are to identify and recommend to the board individuals qualified to be nominated for election to the Board; recommend to the Board the members and Chairperson for each Board committee; periodically review and assess the Company's Corporate Governance Principles and the Company's Code of Business Conduct and Ethics and make recommendations for changes thereto to the Board; periodically review the Company's orientation program for new directors and the Company's practices for continuing education of existing directors; periodically review director compensation and benefits; and oversee the annual self-evaluation of the performance of the Board. Each of the members of the Corporate Governance and Directors Nominating Committee is an independent director under the New York Stock Exchange listing standards. The Corporate Governance and Directors Nominating Committee met four times during 2005.

Stockholder Nominations of Director Candidates

The Corporate Governance and Directors Nominating Committee will consider director candidates recommended by stockholders. In considering candidates submitted by stockholders, the Corporate Governance and Directors Nominating Committee will take into consideration the needs of the Board and the qualifications of the candidate. To have a candidate considered by the Corporate Governance and Directors Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

The name of the stockholder, evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership, and a description of all arrangements or understandings regarding the submittal between the stockholder and the recommended candidate; and

The name, age, business and residence address of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company, and the person's consent to be a director if selected by the Corporate Governance and Directors Nominating Committee, nominated by the Board and elected by the stockholders.

The stockholder recommendation and information described above must be sent to the Corporate Secretary at 2525 Stemmons Freeway, Dallas, Texas 75207 and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the date the Company's proxy statement was released in connection with the previous year's Annual Meeting of Stockholders.

Table of Contents

The Corporate Governance and Directors Nominating Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate depth of experience at the policy making level in business, government or education, possess the ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and a willingness to exercise independent judgment, and have an impeccable reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Corporate Governance and Directors Nominating Committee examines a candidate's time availability, the candidate's ability to make analytical and probing inquiries, and financial independence to ensure he or she will not be financially dependent on director compensation.

The Corporate Governance and Directors Nominating Committee identifies potential nominees by asking, from time to time, current directors and executive officers for their recommendation of persons meeting the criteria described above who might be available to serve on the Board. The Corporate Governance and Directors Nominating Committee also may engage firms that specialize in identifying director candidates. As described above, the Committee will also consider candidates recommended by stockholders.

Once a person has been identified by the Corporate Governance and Directors Nominating Committee as a potential candidate, the Committee makes an initial determination regarding the need for additional Board members to fill vacancies or expand the size of the Board. If the Committee determines that additional consideration is warranted, the Committee will review such information and conduct interviews as it deems necessary in order to fully evaluate each director candidate. In addition to the qualifications of a candidate, the Committee will consider such relevant factors as it deems appropriate, including the current composition of the Board, the evaluations of other prospective nominees, and the need for any required expertise on the Board or one of its committees. The Corporate Governance and Directors Nominating Committee also seeks for the Board to be balanced as to its diversity, experience, skills and expertise. The Committee's evaluation process will not vary based on whether or not a candidate is recommended by a stockholder.

Stockholder Communications with Directors

The Board has established a process to receive communications from stockholders by mail. Stockholders may contact any member of the Board, including the Presiding Director, Clifford J. Grum, or the non-management directors as a group, any Board committee or any chair of any such committee. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent c/o Corporate Secretary at 2525 Stemmons Freeway, Dallas, Texas 75207.

All communications received as set forth in the preceding paragraph will be opened by the office of our Corporate Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the Corporate Secretary will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope is addressed.

Directors may elect, pursuant to a 2005 Deferred Plan for Director Fees, to defer the receipt of all or a specified portion of the fees to be paid to him or her. Deferred amounts are credited to an account on the books of the Company and treated as if invested either at an interest rate equivalent (LIBOR plus 6 points in 2005 and 8 ³/₄% in 2006) or, at the director's prior election, in units of the Company's Common Stock at the closing price on the New York Stock Exchange on the first trading day of the quarter following the date that a payment is credited to the director's account. Such stock units are credited with amounts equivalent to dividends paid on the Company's Common Stock. Upon ceasing to serve as a director, the value of the account will be paid to the director in annual installments not exceeding ten years according to the director's prior election. In December of 2005, the Deferred Plan for Director Fees in effect for deferrals prior to December 31, 2004 was amended pursuant to provisions of Section 409A of the Internal Revenue Code of 1986, as amended (the Code) and guidance issued thereunder, to provide participating directors with a one time opportunity to elect to terminate their participation in the plan and receive a distribution of their interest in the plan. A similar provision is contained in the 2005 Deferred Plan for Director Fees. Pursuant to their election, Messers. Biegler, Duchossois, Gafford, Galt, Grum, and Wallace received a distribution in 2005 of amounts previously accrued.

Each director who is not also an executive officer of the Company was granted during 2005 an option to purchase 2,500 shares of the Company's Common Stock at the fair market value of the Company's Common Stock on the date of grant and 1,000 restricted stock units, with dividend equivalents, that are convertible into 1,000 shares of common stock upon termination from the Board.

In 2005, the Board of Directors made amendments to the Directors Retirement Plan (the "DRP") that was designed to discontinue the DRP. Before the addition of the two new directors in 2005, the DRP was amended to exclude new directors and in December it was amended to terminate the interest of each fully vested non-employee director as of December 15, 2005 and to make provision to terminate the interest of the remaining directors who were not fully vested. The basic benefit of the DRP before it was amended was a monthly payment for ten years upon retirement, disability or death equal to a percentage of the annual retainer in effect at termination of Board service. The percentage was based upon the number of years of service, fifty percent after year five and increased ten percent for each year up to one hundred percent after ten years. A lump-sum payment was made to the fully vested directors calculated using the current annual retainer of \$40,000 per year increased by four percent for each year remaining between December 15, 2005 and May 15 of the year following the director's 7th birthday and the ten years of payments as provided in the DRP were then discounted using a present value factor of five percent. The following payments were made: Mr. Biegler \$272,739; Mr. Galt \$308,869; Mr. Grum \$305,928 and Mr. Hay \$308,869. There are two remaining participating directors who were not fully vested on December 15, 2005. The remaining directors will receive a payout of benefits to the extent vested on the earlier of retirement, death, a change of control as defined by Section 409A of the Code or after ten years of service on the Board with payment calculated on the same basis as used for termination of the fully vested directors' interest in the DRP, except that the date for calculation of the present value factor will be the date benefits are payable and not December 15, 2005.

The incremental cost to the Company of personal use of company aircraft is calculated based on the variable operating cost to the Company, including fuel costs, airport landing fees and onboard catering. Fixed costs which do not change based on usage such as pilot salaries, depreciation, and the cost of maintenance not related to trips, are excluded. The Audit Committee reviews quarterly all use of the Company's aircraft. Other annual compensation for Messrs. Retirement Plans

The Trinity Industries, Inc. Standard Pension Plan is a noncontributory defined benefit retirement and death benefit plan. Funds are contributed periodically to a trust that invests the Company's contributions and earnings thereon in order to pay the benefits to the participating employees. The plan provides for the payment of monthly retirement benefits determined under a calculation based on credited years of service and a participant's highest compensation over five consecutive years in the last ten years of employment. Retirement benefits are paid to participants upon normal retirement at the age of 65 or later, or upon early retirement. The plan also provides for the payment of certain disability and death benefits. Covered compensation includes salary and bonus as shown in the Summary Compensation Table. Other elements of compensation in the Summary Compensation Table are not included in covered compensation. All of the named executive officers except Mr. Graham participate in the Trinity Standard Pension Plan.

The Company has also adopted a Supplemental Retirement Plan that permits the payment of supplemental benefits to certain employees who have been determined by the Supplemental Retirement Plan Committee to be participants and whose annual benefits under the foregoing retirement plan would exceed those permitted by the Code. The Supplemental Retirement Plan provides that if at any time the amount of the annual retirement benefit which would otherwise be payable under the Company's pension plan is or becomes limited by reason of compliance with the Code, such person shall be entitled to receive a supplemental pension benefit equal to the difference between the benefit that such person receives under the Company's pension plan and the benefit that such person would have received if such limitation had not been in effect. The benefits are payable from the general assets of the Company.

The following table reflects the estimated annual benefits, computed on the basis of a monthly benefit payable for ten years certain and life thereafter, payable in the aggregate under the Standard Pension Plan and the Supplemental Retirement Plan to a fully vested participant of the Company upon retirement at age 65 after 10, 20, 30 and 40 credited years of service at the annual remuneration levels set forth in the table and without regard to any limitations on the amount of benefits by the Code. The annual compensation limit under the Code in 2005 was \$210,000 which will limit the benefit payable to Messrs. McWhirter, Stiles and Menzies. Mr. Wallace is the only named executive officer who is a participant in the Supplemental Retirement Plan.

The annual benefits shown are not subject to any deduction for Social Security benefits or other offset amounts. At December 31, 2005, Mr. Timothy R. Wallace had 30 credited years of service under the plans under which he is covered; Messrs. McWhirter, Stiles and Menzies have 20 years, 14 years and 4 years, respectively.

The Company maintains a 401(k) plan that permits employees to elect to set aside up to fourteen percent of their compensation (subject to the maximum limit on the amount of compensation permitted by the Code to be deferred for this purpose) in a trust to pay future retirement benefits. Depending upon years of service, the Company may match from twenty-five to fifty percent of up to six percent of the employee's compensation set aside for this purpose. Beginning January 1, 2005 new employees will not participate in the Trinity Industries Standard Pension Plan. New employees after January 1, 2005 and employees as of December 31, 2004 who chose to do so participate in an enhancement to the 401(k) plan. The Company contributes up to an additional three percent (3%) of the employee's base pay depending upon years of service to the account of employees participating in the enhanced portion of the 401(k) plan as an Annual Retirement Contribution. Mr. Graham is the only named executive officer participating in the enhanced portion of the 401(k) plan.

The Company also maintains a Supplemental Profit Sharing Plan (Supplemental Plan) for certain of its highly compensated employees, as defined in the Code. The highly compensated employees are not limited as to the percentage of their compensation which may be contributed to the Supplemental Plan. The first six percent of a Participant's base salary and bonus contributed to the Supplemental Plan, less any compensation matched under the 401(k) plan, may be matched from twenty-five percent to fifty percent by the Company based on years of service. The Company's match vests 20% for each year of service up to 100% after five years. For plan years between January 1, 2000 and January 1, 2004, an additional seventeen and one-half percent match was made on up to twenty-five percent of a Participant's base salary and bonus if the deferrals were directed into stock units and all matches during such period were in stock units. Stock units are paid out in Common Stock. In December 2005, the Supplemental Plan was amended pursuant to Section 409A of the Code and guidance issued thereunder to permit participants to make a one time election to receive a distribution of all amounts earned and vested prior to December 31, 2004. Pursuant to their election, a distribution of amounts previously accrued was made in 2005 to Messrs. Wallace, McWhirter, Stiles and Graham.

Table of Contents

Deferred Compensation Plan and Agreement

Each named executive officer participates in a 2005 Deferred Compensation Plan and Agreement which is an unfunded long-term plan whereby an amount equal to ten percent of salary and incentive bonus is set aside in an account on the books of the Company. The account is credited monthly with an interest rate equivalent as determined annually by the Human Resources Committee (LIBOR plus 6 points for 2005 and 8³/₄% for 2006). The account is payable to the participant in a lump sum or annual installments from one to twenty years. Payments commence one year after termination and are subject to compliance with non-compete provisions for one year after termination and the participant must be available for consultation for one year after termination. Pursuant to Section 409A of the Code and guidance issued thereunder, the comparable plan and agreement in effect through December 31, 2004 was terminated and accrued amounts paid out in 2005 to Messrs. Wallace, Stiles, Menzies and Graham.

Change in Control Agreements

Each named executive officer has executed a change in control agreement with the Company that provides certain benefits in the event his or her employment is terminated subsequent to a change in control of the Company (as defined in the agreements). The agreements are for continuous two-year terms until terminated by the Company upon specified notice and continue for two years following a change in control. The agreements provide that if there is a change in control of the Company and if the Company terminates the executive's employment other than as a result of the executive's death, disability or retirement, or for cause (as defined in the agreements), or if the executive terminates his or her employment for good reason (as defined in the agreements), then the Company will pay to such executive a lump sum equal to three times the amount of the executive's base salary and the higher of the average bonus earned over the previous three years or the target bonus for the fiscal year in which the change in control occurs.

The severance benefits provided by the agreements also include certain fringe benefits to which each executive would have been entitled if the executive had continued in the employment of the Company for thirty-six months after the executive's termination, a supplemental benefit based on the Company's retirement plan, and the right to surrender unexercised stock options and receive cash for the net realizable value of the options based on the highest price of the Common Stock within 180 days prior to the date of termination.

The agreements further provide that if any payment to which the executive is entitled would be subject to the excise tax imposed by Section 4999 of the Code, then the Company will pay to the executive an additional amount so that the net amount retained by the executive is equal to the amount that otherwise would be payable to the executive if no such excise tax had been imposed.

Report of the Human Resources Committee on Executive Compensation

The Company's executive compensation program is overseen by the Human Resources Committee (the Committee) of the Board of Directors. The Committee, which is composed entirely of independent directors, is responsible for establishing the policies that govern the compensation of the executives of the Company and its subsidiaries. The Committee retains independent consultants to advise on matters related to executive compensation. Three members of the Committee, Ronald J. Gafford, Jess T. Hay, and Diana S. Natalicio, serve on a subcommittee designated as the Plan Committee, which has been authorized to make awards under the Company's stock option and incentive plan.

It is the Committee's policy to provide a competitive and comprehensive compensation program to attract, motivate, reward and retain the key executives needed to enhance the profitability of the Company and to create value for its stockholders. The Committee believes that the Company's executive compensation should consist of competitive base salaries and incentive compensation programs that reward both short and long-term performance. The key components of the Company's short-term executive compensation program in the last fiscal year were base salary and incentive compensation. The long-term program consisted of restricted stock awards, stock options, and in some cases deferred compensation.

Table of Contents

The Committee reviews each component of the total compensation of the Chief Executive Officer and the other named executive officers, including contingent amounts payable on a change in control and, in the case of the Chief Executive Officer, amounts payable from a supplemental pension plan, to ensure that total compensation is competitive, directly linked to performance and aligned with the interest of stockholders. The Committee determines each executive's compensation based upon past and expected future performance towards specific financial, strategic and operating objectives, the executive's responsibilities within the Company, and the executive's value to the Company. The Committee employs outside independent consultants to assist it in assessing and determining appropriate compensation for the Company's executives.

Base Salary

The Committee annually reviews the performance of the twenty-five highest paid executives of the Company and its subsidiaries. The Committee establishes executive base salary based upon past and expected future performance and the executive's responsibilities. In fixing base salaries, the Committee also considers salaries of senior executives of other comparable companies as reflected in a survey provided by an independent outside consultant. The base salaries for the last three fiscal years for the named executive officers can be found in the Summary Compensation Table.

Annual Incentive Compensation

Annual incentive bonuses for the Company's named executive officers are tied to certain operational objectives and financial goals set each year by the Committee at the beginning of the year. Specific targets are tied to short-term goals applicable to the executive's job assignment. The 2005 financial goals were targets for return on capital employed and either corporate earnings per share or business group operating profits. The operational objectives for 2005 included various qualitative and quantitative measures intended to improve the longer-term capabilities of the Company. Based on the Committee's assessment of 2005 performance, each of the named executive officers earned an annual incentive bonus for 2005 as set forth in the Summary Compensation Table.

Restricted Stock Grants, Stock Options, and Deferred Compensation

Long-term incentive awards provided by the stockholder-approved stock option and incentive plans are designed to develop and retain strong management through stock ownership and stock options. Stock ownership guidelines have been adopted which require the Chief Executive Officer to maintain ownership of Company stock valued at five times base salary and the other named executive officers at three times base salary. The Committee is implementing a long-term incentive program that will incorporate performance measures in the determination of a substantial portion of the awards of restricted stock.

The Committee considers the award of restricted stock to executive officers to be an important incentive for long-term performance. An executive who is awarded restricted stock will be entitled to vote such shares and to receive dividend equivalents on such shares during the restricted period. Vesting will be accelerated upon death, disability or retirement, or after three years upon the consent of the Committee. During 2005, the named executive officers were awarded restricted stock as a long-term incentive that vest one-third after the fourth, sixth and eighth year after grant, including awards to Messrs. McWhirter, Stiles, Menzies and Graham of 19,250, 27,000, 23,000, and 12,500 shares, respectively. The restricted stock awards were based on a performance factor. In addition, Mr. Stiles and Mr. McWhirter were granted a special award of 3,300 shares and 2,900 shares respectively, based upon 2004 performance that vest upon their retirement.

During 2005, executive officers, business group presidents and key employees were granted options to purchase a total of 186,550 shares. The Committee believes that a significant portion of senior executives' compensation should be dependent on value created for stockholders. Options are an excellent vehicle to accomplish this by tying the executives' interests directly to the stockholders' interests. Options are granted at the fair market value of the Company's Common Stock on the date of grant. The options granted in 2005 vest in annual increments over five years provided the optionee is still employed on the vesting date.

The number of options and shares of restricted stock executive officers are granted is based on individual performance and level of responsibility. The number of options or shares of restricted stock currently held by an executive is not a factor in determining individual grants.

Table of Contents

To encourage the retention of certain key and strategically important executives focused on continuous improvement and growth of the Company, the Company has established a Deferred Compensation Plan for Messrs. Wallace, McWhirter, Stiles, Menzies and Graham. Under the Deferred Compensation Plan, an amount equal to ten percent (10%) of each participant's annual base salary and annual incentive compensation is accrued to a deferred account on the books of the Company. All such deferrals bore interest during 2005 at LIBOR plus 6 points. The interest payments were changed to 8³/₄% effective January 1, 2006.

Executive Perquisite Allowance

The Company has an Executive Perquisite Program that in 2005 provided to certain executives an allowance of 7¹/₂% of base pay in lieu of providing company furnished vehicles, club memberships and similar perquisites. The perquisite allowance is to be used at the discretion of the executive for perquisite type expenses. It is intended that the perquisite allowance will eliminate charges to the Company of personal benefits for the executives that are not provided to Company employees generally other than occasional *de minimis* items such as the use of Company tickets to entertainment events. The perquisite allowance increased to 10% of base pay, effective January 1, 2006. The perquisite allowance is not intended to cover personal use of the Company's aircraft.

Chief Executive Officer Compensation

Compensation of the Chief Executive Officer is determined by the non-management members of the Board of Directors after recommendation by the Committee. The Chief Executive Officer's base salary, incentive compensation, stock option grants and restricted stock awards are set within the philosophy and policies enunciated above for all other executives of the Company. In recommending the compensation of the Chief Executive Officer, the Committee reviews the performance of the Company, considers the positioning of the Company for future years, assesses his past and ongoing personal performance in the position of Chief Executive Officer, and considers the report of a nationally recognized consulting firm employed to survey the compensation of chief executive officers of other companies, with particular emphasis on companies comparable to the Company. The Chief Executive Officer's base salary was not changed for 2005. Effective January 1, 2006, the Chief Executive Officer's base salary was increased from \$900,000 to \$950,000.

In determining the Chief Executive Officer's annual incentive, the Committee measured Mr. Wallace's performance against previously established financial goals and operational objectives intended to improve the capabilities of the Company and awarded him \$2,129,400.

Based on performance in 2004 and market data using comparator companies compiled by the Committee's outside consultant, Mr. Wallace was awarded long-term incentive compensation in 2005 of 47,500 shares of restricted stock that vest one third after the fourth, sixth and eighth year after grant and options to purchase 29,500 shares that vest in annual increments over five years.

The Chief Executive Officer also participated in the Deferred Compensation Plan and Executive Perquisite Program as discussed above.

Limitation on Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code denies a publicly held corporation a federal income tax deduction for the compensation of certain executive officers exceeding \$1 million per year. Performance based compensation is not subject to the limitation on deductibility and the Committee strives to structure compensation so as to qualify for deductibility. The Committee will continue to monitor future deductibility options. However, the Committee will authorize compensation that may not be deductible when it deems it to be in the best interest of the Company and its stockholders.

Table of Contents

Conclusion

The Committee believes that the Company's compensation policies and practices are appropriately designed to attract, retain and motivate key executives to guide the Company in the future and to produce results which will enhance the Company's long-term prospects, thereby enriching shareholder values.

Report of the Audit Committee

The Audit Committee of the Board of Directors (the "Committee") is a standing committee comprised of four independent directors as independence is currently defined by SEC regulations and the applicable listing standards of the New York Stock Exchange. The Board of Directors has determined that each of the members of the Committee are audit committee financial experts as defined by applicable SEC rules. The Committee operates under a written charter adopted by the Board of Directors which was amended in 2003 in light of the Sarbanes-Oxley Act of 2002, rules and regulations adopted by the Securities and Exchange Commission and changes to New York Stock Exchange listing requirements. A copy of the Charter is available free of charge on our website under the heading "Investor Relations/Governance" or by writing to Trinity Industries, 2525 Stemmons Freeway, Dallas, Texas 75207 c/o Vice President and Corporate Secretary.

The Committee annually selects the Company's independent auditors. That recommendation is subject to ratification by the Company's stockholders.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report thereon. As provided in its Charter, the Committee's responsibilities include the monitoring and oversight of these processes.

Consistent with its Charter responsibilities, the Committee has met and held discussions with management and the independent auditors. In this context, management and the independent auditors represented to the Committee that the Company's consolidated financial statements for the fiscal year ended December 31, 2005 were prepared in accordance with U.S. generally accepted accounting principles. The Committee has reviewed and discussed the consolidated financial statements with management and the independent

auditors and discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*.

The Company's independent auditors have also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 *Independence Discussions with Audit Committees*, and the Committee discussed with the independent auditors that firm's independence. The Audit Committee has also considered whether the provision of non-audit services is compatible with maintaining the independent auditors' independence and concluded that such services have not impaired the auditor's independence.

Based upon the Committee's discussion with management and the independent auditors and the Committee's review of the representation of management and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 filed with the Securities and Exchange Commission.
