( CPF ) and CB Bancshares, Inc. ( CBBI ), including future financial and operating results, costs savings and accretion to reported and cash earnings that may be realized from such merger; (ii) statements with respect to CPF 's plans, objectives, expectations and intentions and other statements that are not historical facts; and (iii) other statements identified by words such as believes , expects , anticipates , estimates , intends , plans , targets , projects and other similar expressions. These statements are based upon the current beliefs and expectations of management and are subject to significant risks and uncertainties. realized or realized within the expected time frame; (3) revenues following the merger may be lower than expected; (4) deposit attrition, operating costs, customer loss and business disruption, including, without limitation, difficulties in maintaining relationships with employees, customers, clients or suppliers, may be greater than expected following the merger; (5) any necessary approvals for the merger may not be obtained on the proposed terms; (6) the failure of CPF's and CBBI's shareholders to approve the merger; (7) competitive pressures among depository and other financial institutions may increase significantly and may have an effect on pricing, spending, third-party relationships and revenues; (8) the strength of the United States economy in general and the strength of the Hawaii economy may be different than expected, resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on the combined company's loan portfolio and allowance for loan losses; (9) changes in the U.S. legal and regulatory framework; and (10) adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on the combined company's activities.

Additional factors that could cause actual results to differ materially from those described in the forward-looking statements can be found in CPF's and CBBI's reports (such as Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K) filed with the Securities and Exchange Commission (SEC) and available at the SEC's Internet web site ([www.sec.gov](http://www.sec.gov)). All subsequent written and oral forward-looking statements concerning the proposed transaction or other matters attributable to CPF or CBBI or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements above. CPF and CBBI do not undertake any obligation to update any forward-looking statement to reflect circumstances or events that occur after the date the forward-looking statement is made.
