PROXY STATEMENT FOR THE
ANNUAL MEETING OF SHAREHOLDERS

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

TO BE HELD APRIL 24, 2002

The accompanying proxy is solicited by the Board of Directors of Duke Realty Corporation (the "Company") for use at the annual meeting of shareholders ("Annual Meeting"). The approximate date of the mailing of this proxy statement is March 15, 2002.

Only shareholders of record as of the close of business on Monday, February 25, 2002 (the "Record Date") will be entitled to vote at the Annual Meeting. As of the Record Date, 131,777,158 shares of common stock were issued and outstanding.

When the proxy is properly executed and returned, the shares it represents will be voted at the Annual Meeting in accordance with any directions noted on the proxy. If no direction is indicated, the proxy will be voted in favor of the proposals set forth in the notice attached to this proxy statement. Any shareholder giving a proxy has the power to revoke it at any time before it is voted by delivering to the Company (to the attention of John R. Gaskin, Secretary) a written notice of revocation or a properly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Each share of common stock outstanding on the record date is entitled to one vote on each item submitted to the shareholders for their consideration.

The Company will bear the entire expense of preparing, assembling, printing and mailing this proxy statement, the accompanying proxy and any additional materials furnished to shareholders. The Company does not expect that the solicitation will be made by specially engaged employees or paid solicitors. Although the Company might use such employees or solicitors if it deems them necessary, no arrangements or contracts have been made with any such employees or solicitors as of the date of this proxy statement. In addition to the use of the mail, solicitation may be made by telephone, telegraph, facsimile, electronically, cable or personal interview. The Company will request record holders of shares beneficially owned by others to forward this proxy statement and related materials to the beneficial owners of such shares, and will reimburse such record holders for their reasonable expenses incurred in doing so.

PROPOSAL NO. 1 -- ELECTION OF DIRECTORS

The Company's Articles of Incorporation (the "Articles") provide that the Board of Directors shall be divided into three classes with each class to be nearly equal in number as possible. The Articles also provide that the three classes of directors are to have staggered terms, so that the terms of only approximately one-third of the Board will expire at each Annual Meeting of Shareholders and each director serves a three-year term.

Four Directors are to be elected at the Annual Meeting. Barrington H. Branch, Thomas L. Hefner, L. Ben Lytle and John W. Nelley, Jr. have been nominated for three-year terms expiring in 2005. All nominees are members of the present Board of Directors. If, at the time of the Annual Meeting, any nominee is unable or declines to serve, the discretionary authority provided in the proxy may be exercised to vote for a substitute or substitutes. The Board of Directors has no reason to believe that any substitute nominee or nominees will be required.

1

The election of each Director requires the affirmative vote of at least a majority of the common shares present in person or represented by proxy and entitled to vote for the election of Directors. The holder of each outstanding share of common stock is entitled to vote for as many persons as there are

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

Directors to be elected. An abstention, broker non-vote, or direction to withhold authority will result in a nominee receiving fewer votes.

EXECUTIVE COMPENSATION PHILOSOPHY

The Executive Compensation Committee (the "Compensation Committee") of the Board of Directors makes all decisions about compensation for the Company's executive officers, including the Named Executive Officers. The primary objectives of the Compensation Committee in determining total compensation of the Company's executive officers are (i) to enable the Company to attract and retain high quality executives by providing total compensation opportunities with a combination of compensation elements which are at or above competitive opportunities, and (ii) to align shareholder interests and executive rewards by providing substantial incentive opportunities to be earned by the executives if they meet pay-for-performance standards designed to increase long-term shareholder value. In order to accomplish these objectives, the Compensation Committee established an executive compensation program which provides (i) annual base salaries at or near the market median, (ii) annual incentive opportunities which reward the executives for achieving or surpassing performance goals which represent norms of excellence for the real estate industry, and (iii) long-term incentive opportunities which are directly related to increasing shareholder value. The Compensation Committee has also adopted a Special Compensation Plan to provide compensation incentives to executives based upon earnings realized by the Company outside of its core business of commercial real estate.

The Compensation Committee reviews compensation levels for the executive officers of the Company near the beginning of each calendar year. In determining compensation for a specific executive, the Compensation Committee considers many factors including the nature of the executive's job, the executive's job performance, the compensation levels of competitive jobs, and the financial performance of the Company. For executive officers other than the Chief Executive Officer, the Compensation Committee also considers the recommendations of the Chief Executive Officer. The Compensation Committee also considers competitive market data compiled from independent sources.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

"Code"), imposes a limitation on the deductibility of nonperformance based compensation in excess of \$1 million paid to certain executive officers. Although the Company's long-term incentive plans have been designed to comply with the performance-based requirements of Section 162(m), not all compensation paid by the Company to its executives in 2001 met such requirements. However, the Company did not pay any compensation in 2001 that was not deductible under Section 162(m), and does not anticipate paying any nondeductible compensation in 2002.

BASE SALARIES AND ANNUAL CASH INCENTIVES

The base salaries for the Company's executive officers (including the Named Executive Officers) are established after a review by the Compensation Committee of the salaries paid to executive officers of a comparison group of other publicly traded real estate investment trusts. Other factors considered include the individual's experience, performance and level of responsibility.

The Committee establishes an annual cash incentive target at the beginning of each year for each executive officer. The actual amount paid to an executive is based upon the Committee's assessment of (i) the Company's overall performance versus goals established by the Committee, and (ii) each executive's individual performance, with a higher emphasis on overall Company performance for the most senior executives. The overall Company performance factor is based upon a three-tier measurement system consisting of funds from operations ("FFO") growth per Common Share, return on shareholders' equity and return on real estate investments.

LONG-TERM INCENTIVE OPPORTUNITIES

The amount of long-term incentive awarded to the Company's executive officers (including the Named Executive Officers) on an annual basis is determined at the discretion of the Compensation Committee but is

9

tied to overall corporate and business segment performance, the participant's level of responsibility within the Company and the participant's individual performance. The long-term incentive opportunities consist of stock options ("Options"), dividend increase units ("DIUs"), shareholder value plan grants and performance share plan grants.

Stock Option and Dividend Increase Unit Plans: The objectives of the Option and DI Uplans are to provide executive officers with long-term incentive opportunities aligned with the shareholder benefits of an increased Common Share value and increased annual dividends. The number of Options and DIUs issued to each executive is determined annually by the Compensation Committee, with one DIU granted for each Option that is granted. The Options and DIUs are for terms of no more than ten years. With certain limited exceptions, awards made under the Option and DIU plans vest 20% per year over a five-year period. The Options may not be issued for less than the fair market value of the Company's Common Shares on the date of grant. The value of each DIU at the date of exercise is determined by calculating the percentage of the Company's annualized dividend per Common Share to the market value of one Common Share (the "Dividend Yield") on the that date the DIU is granted, and dividing the increase in the Company's annualized dividend from the date of grant to the date of exercise by such Dividend Yield.

Shareholder Value Plan: The objective of the shareholder value plan is to provide executive officers with long-term incentive opportunities directly related to providing total shareholder return in excess of the median of independent market indices. The annual shareholder value plan award for each executive is determined by the Compensation Committee. The award vests entirely three years after the date of grant and the amount paid is based upon the Company's total shareholder return for such three year period as compared to

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

independent market indices. The independent market indices used for comparison are the S&P 500 Index and the Equity REIT Total Return Index published by the National Association of Real Estate Investment Trusts ("NAREIT"). The amount of the award payable may range from a low of zero, if both of the rankings of the Company's returns are less than the 50th percentile of both of the indices, to a high of 300% of the award if the rankings of both of the Company's returns are in the 90th percentile or higher of both of the indices, with 100% of the award being payable at the 60th percentile.

Performance Share Plan: The performance share plan provides payments to executive officers based upon the Company's attainment of certain predefined levels of earnings growth. At the beginning of each calendar year, the Compensation Committee sets a targeted earnings growth percentage for the year. Awards vest over a period determined by the Committee based upon the actual earnings growth of the Company in comparison to the targeted growth. Awards are granted at the discretion of the Compensation Committee after considering (i) the participant's position and level of responsibilities within the Company, and (ii) the overall compensation of the executive relative to competitive overall compensation levels for such position. Awards under this plan will not necessarily be made on an annual basis. Awards under the plan are made in the form of "performance shares", with each performance share economically equivalent to a Common Share. Upon the retirement of a participant or other event causing a termination of employment, the value of vested performance shares are paid in cash or in Common Shares.

SPECIAL COMPENSATION PLAN

The purpose of the Special Compensation Plan is to provide an incentive to the Company's management (including the Named Executive Officers) to generate additional earnings for the Company through the investment of the Company's financial and/or intellectual capital outside of the core business of commercial real estate. The Compensation Committee makes the determination of whether income from a particular investment will be eligible for the Special Compensation Plan at the time of the investment. The amount payable under the Special Compensation Plan will equal 20% of the excess of any proceeds ultimately received by the Company from the disposition of an eligible investment over the sum of (i) the Company's capital used for the investment, and (ii) a 15% compounded cumulative annual return on such capital. Participants will share in the incentives paid from the plan based upon the ratio of their total annual compensation to the total annual compensation of all eligible participants. The amount payable under the plan for a particular investment will be limited to a multiple of each participant's annual compensation. For executive officers, the limit equals two times annual compensation. In addition to this limitation, the Compensation Committee in all

10

cases has the sole discretion to determine the amount and timing of any payments made under the plan. No awards have been paid under this plan to date and no such payments are expected in 2002.

COMPENSATION OF CHIEF EXECUTIVE OFFICER

The compensation awarded to Mr. Hefner in 2001 consisted of the same elements as the other Named Executive Officers, including an annual base salary, an annual cash incentive award, and grants under the Company's long-term incentive plans.

Base Salary: The Compensation Committee determines Mr. Hefner's annual salary after considering his performance level and experience with the Company and after reviewing a survey of compensation paid to CEO's of comparable equity based REITs. Based on these factors, Mr. Hefner received a salary of \$360,000 for 2001.

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

Annual Cash Incentive: Mr. Hefner receives an annual cash incentive bonus determined by the Compensation Committee. At the beginning of each calendar year, the Committee establishes a target amount of the award. The amount actually paid is based upon the attainment of certain corporate performance measurements as compared to predetermined targets. These performance measurements include FFO growth per Common Share, return on shareholders' equity and return on real estate investments. For 2001, the Company's FFO growth was 6.50% per Common Share, its return on shareholders' equity was 13.74% and its return on real estate investments was 10.47%. Based upon these results versus the pre-determined targets, the Compensation Committee determined that Mr. Hefner was entitled to an annual cash incentive award of \$65,000 for 2001. At Mr. Hefner's suggestion, the Compensation Committee eliminated this cash incentive award and approved the payment of a like amount to a trust that will be exclusively used to provide additional benefit programs to employees.

Long-Term Incentive Opportunity Awards: Mr. Hefner is eligible for Option and DIU grants with a value equal to a percentage of his annual base salary. In January 2001, Mr. Hefner received (i) the grant of an option to purchase 27,608 Common Shares at a price of \$24.98 per share, (ii) the grant of 27,608 DIUs with a Dividend Yield of 6.89%, and (iii) the award of a targeted amount of \$100,000 under the Shareholder Value Plan.

Mr. Hefner received a performance share plan grant with a value of \$200,000 in 2000. No awards were made under this plan in 2001. The award granted in 2000 contains annual variable vesting provisions, with the amount vested based upon a comparison of actual FFO growth per Common Share to a target established annually by the Compensation Committee. The annual vesting percentages range from 0% to 30%. For 2000 and 2001, the actual FFO growth per Common Share for the Company was 12.33% and 6.50%, respectively. The earnings growth targets established by the Compensation Committee for those years were 10.01% and 7.32%, respectively. Based upon the targets set by the Committee and the formulas contained in the plan, Mr. Hefner was vested in 30% of the 2000 award on January 1, 2001 and in 12% of the 2000 award on January 1, 2002.

In February 2001, Mr. Hefner received a payment of \$95,860 pursuant to a grant under the shareholder value plan made in 1998. In February 2002, Mr. Hefner received a payment of \$70,546 pursuant to a grant under the shareholder value plan made in 1999. The payout percentages of these awards as determined by formulas contained in that plan were 143.79% and 84.66% for the grants made in 1998 and 1999, respectively.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As noted above, the Compensation Committee is comprised of five non-employee directors: Messrs. Button, Cavanaugh, Lytle, McCoy and Rogers. No member of the Compensation Committee is or was formerly an officer or an employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors, nor has such interlocking relationship existed in the past.

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

EMPLOYMENT AND SEVERANCE AGREEMENTS

The Duke Realty Severance Pay Plan (the "Severance Plan") provides for the payment of severance amounts to certain key Company officers if, within one year following a change in control of the Company, the officer's employment with the Company is terminated by the Company other than "for cause" or if an officer voluntarily terminates his or her employment because of a reduction in the officer's pay or his forced relocation. A "Level One" participant will receive two times the sum of the compensation awarded to such terminated participant for the calendar year preceding the date of termination and a "Level Two" participant will receive an amount equal to his prior year compensation. All of the Named Executive Officers participate in the Severance Plan, and the Compensation Committee has designated each of these participants as eligible for Level One benefits.

On July 2, 1999, Weeks Corporation ("Weeks") was merged with and into the Company (the "Merger"). Prior to the Merger, Weeks entered into change of control agreements with certain of its officers. The Company assumed the obligations of Weeks under these agreements on the effective date of the merger. Under these agreements, John W. Nelley, Jr., a director and officer of the Company, is entitled to receive severance payments based upon a multiple of his current compensation, plus immediate vesting of his stock options, if his employment is terminated without cause before July 2, 2002.

The following assumptions were used in the model: expected volatility of 20.1%, risk-free interest rate of 4.97%, dividend yield of 7.5%, and expected life of the options of 6.0 years. The actual value of the options will depend upon the performance of the Company during the period of time the options are outstanding and the price of the Company's Common Shares on the date of exercise.

- (1) Under the Company's dividend increase unit plan, DIUs are granted to key employees. DIUs vest over a five-year period at 20% per year. The value of each DIU at the date of exercise is determined by calculating the Dividend Yield at the date the DIU is granted and dividing the increase in the Company's annualized dividend from the date of grant to the date of exercise by such Dividend Yield. DIUs not exercised within 10 years of the date of grant are forfeited. Distribution of a participant's benefits under the plan will be made in the form of the Company's Common Shares. The "in-the-money" value of vested DIUs at December 31, 2001 for these executives was \$748,748 for Mr. Hefner, \$1,321,279 for Mr. Horn, \$1,312,074 for Mr. Linville, \$699,400 for Mr. Burk and \$452,786 for Mr. Oklak.
 - (2) Under the Company's shareholder value plan, awards are granted in specified dollar amounts to selected key employees. The specified award is payable to the participant on the third anniversary of the grant of the award. The actual payments under the plan are determined based upon the Company's cumulative total shareholder return for the three-year period beginning on the date of grant as compared to the cumulative total return for the S&P 500 Index and the NAREIT Equity REIT Total Return Index (the "Indices") for the same period. The Company's cumulative total shareholder return is calculated by determining the average per share closing price of the Company's Common Shares for the 30 day period preceding the end of the three year period, increased by an amount that would be realized if all cash dividends paid during the three year period were reinvested in Common Shares of the Company, and comparing this amount to the average per share closing price of the Company's Common Shares for the 30 day period preceding the date of grant. The payment of one-half of the bonus award is adjusted based upon the percentile ranking of the Company's cumulative total shareholder return as compared to each of the Indices for the same period. The payment adjustment may range from zero percent of the amount awarded, if both of the rankings of the Company's returns are less than the 50th percentile of both of the Indices, to 300 percent of the amount awarded if both of the rankings are in the 90th percentile or higher

16

of both of the Indices, with 100 percent of the award being payable at the 60th percentile. Distribution of a participant's adjusted bonus award at the end of the three-year period after the date of grant will be made one-half in cash and one-half in the form of Common Shares of the Company. The amount of the awards paid to these executives on January 1, 2002 for the awards issued in January 1999 was \$83,333 for Mr. Hefner, \$91,667 for Mr. Horn, \$83,333 for Mr. Linville and \$66,667 for Messrs. Burk and Oklak.

CERTAIN TRANSACTIONS

The Company is the sole general partner of Duke Realty Services Limited Partnership (the "Services Partnership"). The Services Partnership operations are included in the consolidated financial statements of the Company. This partnership was formed in 1993 to provide property management, leasing, construction management and development services to subsidiaries of the Company, to joint ventures partially owned by the Company and to third parties. To ensure that the income from these services did not cause the Company to fail to qualify as a real estate investment trust, a portion of the Services Partnership was acquired by certain officers of the Company upon its formation. Thomas L. Hefner, Darell E. Zink, Jr., and Gary A. Burk (executive officers of the Company) collectively own 49% of Duke Management, Inc. ("DMI"), which owns 90%

Edgar Filing: DUKE REALTY CORP - Form DEF 14A

of the capital interests of the Services Partnership and a profits interest in the Services Partnership that varies from 10% to 90%. The share of net income of the Services Partnership allocated to DMI in 2001 was \$1,880,846. The Company has an option to acquire DMI's interest in the Services Partnership in exchange for 833,334 Units. As a result of some recent tax law changes, the Company could exercise this option without adversely effecting the Company's qualification as a real estate investment trust. However, the Board of Directors has not yet elected to exercise this option because a purchase of DMI's interest would have a dilutive effect on the after-tax earnings per share of the Company. The Company is required to purchase DMI's interest in the Services Partnership for 833,334 Units upon a change in control of the Company or upon the dissolution of DRLP. DRLP has a \$20.0 million loan to the Services Partnership, which requires interest only payments at 12% through September 2003. The principal balance of this loan is then repayable over a 15-year period with interest at 12% until final maturity in September 2018. Repayment of this loan is guaranteed by DMI. DRLP also provides working capital financing to the Services Partnership at a rate of prime plus 2%.

Prior to 2001, DMI indirectly owned a 4.8% limited partnership interest in Duke Construction Limited Partnership (the "Construction Partnership"). This entity provides construction services to third parties and engages in the development and sale of commercial real estate. Because of changes in the tax laws that became effective on January 1, 2001, the Company was able to purchase DMI's interest in the Construction Partnership without adversely impacting the Company's qualification as a real estate investment trust. Effective January 1, 2001, DRLP acquired DMI's interest in the Construction Partnership in exchange for 21,315 Units of DRLP. The value of the Units was \$525,758. The unaffiliated members of the Company's Board of Directors approved this acquisition.

The Services Partnership and the Construction Partnership provide property management, leasing, construction and other tenant related services to properties in which Messrs. Hefner, Zink and Burk have ownership interests. The Company has an option to acquire these executive officers' interests in these properties (the "Option Properties"). In 2001, the Services Partnership and the Construction Partnership received fees totaling \$1,664,109 for services provided to the Option Properties. The fees charged by the Services Partnership and the Construction Partnership for such services are equivalent to those charged to third-party owners for similar services.

The Company contracts with Steel Frame Erectors, Inc. ("SFE"), an entity 49% owned by Messrs. Hefner, Zink and Burk, for certain construction-related services. During 2001, the total costs under these contracts for Company related projects were \$938,646. The construction fees earned by SFE on Company related projects were \$28,775. A 50% owned subsidiary of SFE leases space in an office building from a limited liability company partially owned by the Company. The subsidiary paid \$202,000 under this lease in 2001. Because of recent changes in the tax laws, the Company was able to purchase SFE's interest in this subsidiary without adversely impacting the Company's qualification as a real estate investment trust. The Company purchased SFE's interest in this subsidiary for \$1,000 in January 2002.

17

In 1998, the Company purchased two mortgage loans to One North Capitol Company from third party lenders ("ONCC") at a significant discount. The loans were purchased for \$9,400,000 and the outstanding principal amount of the loans and the accrued but unpaid interest on the loans on the date of purchase was \$22,804,393. The loans are secured by mortgages on an office building. Under the terms of the loans, substantially all of the cash flow from ONCC must be paid to the Company as debt service on the loans. Since it is unlikely that ONCC will be able to repay the entire balance of the loans upon their maturity in 2006, the

Company, for financial statement purposes, recorded the acquisition of the loans in the same manner as if it had purchased the building. During 2001, ONCC paid interest of \$984,365 to the Company. As of December 31, 2001, the outstanding principal amount of the loans plus the accrued but unpaid interest on those loans totaled \$24,358,964. Messrs. Hefner, Zink and Burk indirectly own a 10.9% limited partnership interest in ONCC.

In connection with the acquisition of certain assets owned by NWI Warehouse Group, L.P. ("NWI") in 1996, the Company agreed, subject to certain conditions, to acquire additional properties from NWI over a period of time and to advance funds to NWI under a demand loan agreement. The interest rate on the loan was LIBOR plus 2.10% and was secured by real estate properties held by NWI. In 2001, NWI repaid all of its obligations under the loan. At the time of repayment, the principal balance of the loan was \$2,374,922. The Company received interest income of \$17,362 under this loan in 2001. John W. Nelley, Jr., a Director and officer of the Company, owns a general partnership interest in NWI.

On June 27, 2001, A. Ray Weeks, Jr. resigned his position as Vice Chairman of the Company's Board of Directors. Effective on that date, Mr. Weeks entered into a two-year noncompete agreement for which Mr. Weeks will be paid \$200,000 over a 12-month period commencing in June 2002. In addition, Mr. Weeks' stock options that were vested as of the resignation date will remain exercisable until thirty-six months following such date.

On August 17, 2001, DRLP redeemed 620,156 Units beneficially owned by Mr. Weeks and certain members of his immediate and extended family (the "Weeks Affiliates"). The deemed value of the Units redeemed was \$15,724,426, which was based upon the average closing stock price of the Company's Common Shares for a certain period of days preceding the redemption date. In exchange for the Units, the Weeks Affiliates received a distribution of seven industrial rental properties and one undeveloped tract of land located in the Atlanta, Georgia metropolitan area with a value of \$31,724,426. The Weeks Affiliates also assumed a loan in the amount of \$16 million from Wachovia Bank, N.A. to the Company. The value of the properties distributed to the Weeks Affiliates was based upon negotiations between Mr. Weeks and members of the Company's Executive Committee, and the transaction was approved by the unaffiliated members of the Board of Directors.
