SPECIAL MEETING OF SHAREHOLDERS

DATED [                    ], 2004

This Proxy Statement is furnished in connection with the solicitation by the Board of Trustees (the "Trustees" or the "Board") of Van Kampen Senior Income Trust (the "Fund") of proxies to be voted at the Special Meeting of Shareholders of the Fund, and all adjournments thereof (the "Meeting"), to be held at the offices of Van Kampen Investments Inc., 1 Parkview Plaza, Oakbrook Terrace, Illinois 60181-5555, on [     ], March [     ], 2004, at [     ]. The approximate mailing date of this Proxy Statement and accompanying form of proxy is [     ], 2004.

Participating in the Meeting are holders of common shares of beneficial interest (the "Common Shares") of the Fund. The Board has fixed the close of business on [                    ], 2004 as the record date (the "Record Date") for the determination of holders of Common Shares of the Fund entitled to vote at the Meeting. At the close of business on [                    ], 2004, there were issued and outstanding                    Common Shares of the Fund.

THE FUND WILL FURNISH, WITHOUT CHARGE, A COPY OF ITS MOST RECENT ANNUAL REPORT TO ANY SHAREHOLDER UPON REQUEST. ANY SUCH REQUEST SHOULD BE DIRECTED TO THE FUND BY CALLING 1-800-341-2929 (TDD USERS MAY CALL 1-800-421-2833) OR BY WRITING TO THE FUND AT 1 PARKVIEW PLAZA, P.O. BOX 5555, OAKBROOK TERRACE, ILLINOIS 60181-5555.

### VOTING

Holders of Common Shares of the Fund (the "Common Shareholders") on the Record Date are entitled to one vote per Common Share with respect to any proposal submitted to the Common Shareholders of the Fund, with no Common Share having cumulative voting rights.

The Board of Trustees of the Fund recommends that you cast your vote:

- FOR approval of the proposal to amend the fundamental investment restriction regarding the Fund's use of financial leverage.

All properly executed proxies received prior to the Meeting will be voted at

## Edgar Filing: VAN KAMPEN SENIOR INCOME TRUST - Form PRE 14A

the Meeting in accordance with the instructions marked thereon. Proxies received prior

to the Meeting on which no vote is indicated will be voted "FOR" the proposal as to which they are entitled to be voted. A Common Shareholder who abstains from voting on any or all matters will be deemed present at the Meeting for quorum purposes, but will not be deemed to have voted on the particular matter (or matters) as to which the Common Shareholder has abstained. Similarly, in the event a nominee (such as a brokerage firm) holding Common Shares for beneficial owners indicates that instructions have not been received from the beneficial owners and the nominee does not exercise discretionary authority (a so-called "broker non-vote"), the Common Shares held by the nominee will be deemed present at the Meeting for quorum purposes but will not be deemed to have voted on the particular matter (or matters) as to which the nominee has not voted. A majority of the outstanding Common Shares must be present in person or by proxy to have a quorum to conduct business at the Meeting.

Common Shareholders who execute proxies may revoke them at any time before they are voted by filing with the Fund a written notice of revocation, by delivering a duly executed proxy bearing a later date or by attending the Meeting and voting in person.

The Fund knows of no business other than the proposal to amend the fundamental investment restriction of the Fund that will be presented for consideration at the Meeting. If any other matters are properly presented, it is the intention of the persons named on the enclosed proxy to vote proxies in accordance with their best judgment. In the event a quorum is present at the Meeting but sufficient votes to approve any of the proposals are not received, proxies (including abstentions and non-votes) would be voted in favor of one or more adjournments of the Meeting of the Fund to permit further solicitation of proxies provided they determine that such an adjournment and additional solicitation is reasonable and in the interest of Common Shareholders based on a consideration of all relevant factors, including the nature of the relevant proposal, the percentage of votes then cast, the percentage of negative votes then cast, the nature of the proposed solicitation activities and the nature of the reasons for such further solicitation.

### PROPOSAL 1 TO AMEND THE FUNDAMENTAL INVESTMENT RESTRICTION REGARDING THE FUND'S USE OF FINANCIAL LEVERAGE

The Fund currently has a fundamental investment restriction that provides that the Fund shall not:

Issue senior securities (including borrowing money or entering into reverse repurchase agreements) in excess of 33 1/3% of its total assets (including the amount of senior securities issued but excluding any liabilities and indebtedness not constituting senior securities) except that the Fund may borrow up to an additional 5% of its total assets for temporary purposes, or pledge its assets other than to secure such issuance or in connection with hedging transactions, when-issued and delayed delivery transactions and similar investment strategies.

The Board of Trustees proposes amending the above described fundamental investment restriction regarding the use of financial leverage by the Fund to allow the Fund to utilize financial leverage to the maximum extent allowable under the Investment Company Act of 1940, as amended (the "1940 Act"). The proposed amended fundamental investment restriction provides that the Fund shall not:

Issue senior securities nor borrow money, except that the Fund may issue senior securities or borrow money to the extent permitted by (i) the 1940 Act, (ii) the rules or regulation promulgated by the SEC under the 1940 Act, or (iii) an exemption or other relief applicable to the Fund from the provisions of the 1940 Act.

Under the Fund's current investment restriction, the Fund cannot utilize leverage (whether by borrowing money or issuing preferred shares) greater than 33 1/3% of the Fund's total assets. As described in more detail below, under the 1940 Act a fund generally may not (i) borrow money greater than 33 1/3% of the fund's total assets or (ii) issue preferred shares greater than 50% of the fund's total assets. In using a combination of borrowing money and issuing preferred shares, the maximum allowable leverage is somewhere between 33 1/3% and 50% (but in no event more than 50%) of the Fund's total assets based on the relative amounts borrowed or preferred shares issued. Under the Fund's proposed amended investment restriction, the Fund would be able to utilize financial leverage to the maximum extent allowable under the 1940 Act. As described below, Asset Management believes the Fund's current limitation adversely impacts the Fund's yield and total return and disadvantages the Fund's Common Shareholders relative to other closed-end senior loan funds that have less restrictive leverage restrictions.

Under the 1940 Act, a fund is not permitted to incur indebtedness unless immediately after such incurrence the fund has an asset coverage of at least 300% of the aggregate outstanding principal balance of the indebtedness (i.e., such indebtedness may not exceed 33 1/3% of the fund's total assets). Additionally, under the 1940 Act, a fund may not declare any dividend or other distribution upon any

4

class of its capital shares, or purchase any such capital shares, unless the aggregate indebtedness of the fund has, at the time of the declaration of such

## Edgar Filing: VAN KAMPEN SENIOR INCOME TRUST - Form PRE 14A

dividend or distribution, or at the time of any such purchase, an asset coverage of at least 300% after deducting the amount of such dividend, distribution or purchase price, as the case may be. Under the 1940 Act, a fund is not permitted to issue preferred shares unless immediately after such issuance the net asset value of the fund's portfolio is at least 200% of the liquidation value of the outstanding preferred shares (i.e., such liquidation value may not exceed 50% of the Fund's total assets). In addition, a fund is not permitted to declare any cash dividend or other distribution on its common shares unless, at the time of such distribution, the net asset value of the fund's portfolio (determined after deducting the amount of such dividend or other distribution) is at least 200% of such liquidation value.

### THE FUND'S USE OF FINANCIAL LEVERAGE

The Fund currently employs financial leverage through borrowings. The Fund has entered into a \$700 million revolving credit agreement with Corporate Receivables Corporation and Preferred Receivables Funding Corporation (together with their permitted successors and assigns, the "Conduit Lenders") and with Citicorp North America, Inc. and Bank One, NA (together with their permitted assigns, the "Secondary Lenders") whereby the Conduit Lenders and the Secondary Lenders from time to time agree to make advances to the Fund on the terms and subject to the conditions in the revolving credit agreement (the "Credit Agreement"). Each of the Conduit Lenders has the authority to lend a maximum of \$350 million to the Fund, and a Secondary Lender may lend to the Fund in the event a related Conduit Lender declines to make advances to the Fund. The Credit Agreement is secured by the assets of the Fund. For the fiscal year ended July 31, 2003, the average daily balance of borrowings under the Credit Agreements was \$ with a weighted average interest rate of %. As of , 2004, the Fund has \$ outstanding under the Credit Agreement, or % of the Fund's total assets.

The Fund has filed a registration statement to issue \$700 million of Auction Rate Cumulative Preferred Shares (the "Preferred Shares"). The Fund expects to complete the offering of the Preferred Shares in February 2004. The Fund will use all of the net proceeds of the offering to (i) pay down amounts borrowed by the Fund under the Commercial Paper Program and (ii) invest the remaining proceeds in accordance with the Fund's investment objective and policies. The Preferred Shares will be senior to the Fund's Common Shares. The Preferred Shares will not be listed on an exchange, but will be bought and sold in auctions through participating broker-dealers. The Fund will not issue Preferred Shares unless such shares have a rating of "Aaa" from Moody's Investors Service, Inc. and "AAA" from Fitch Ratings. The Preferred Shares will pay dividends based on a rate set at auctions, normally held every seven days. The holders of the Preferred Shares will

5

vote as a separate class to elect two Trustees of the Fund and will have such other rights as described in the prospectus of the Preferred Shares.

Provided that the proposal to amend the fundamental investment restriction regarding the Fund's use of leverage is approved, the Fund expects that it will, subject to Asset Management's view of then-current market conditions, increase the amount of leverage employed by the Fund, in accordance with the requirements of the 1940 Act, by a combination of maintaining the Preferred Shares and borrowing under the Credit Agreement.

### ACTION AND RECOMMENDATION OF THE BOARD OF TRUSTEES

At the Fund's inception in 1998, the Fund anticipated borrowing money and/or issuing preferred shares in order to use the proceeds for investment purposes

## Edgar Filing: VAN KAMPEN SENIOR INCOME TRUST - Form PRE 14A

(i.e. leverage). The Fund seeks to use leverage to benefit the Fund's Common Shares. Asset Management and the Fund's Board of Trustees regularly review the Fund's use of leverage, i.e. the relative costs and benefits of leverage on the Fund's Common Shares, and review the alternative means to leverage, i.e. the relative benefits and costs of borrowing versus issuing Preferred Shares. Since inception, the Fund has leveraged primarily by borrowing money, but as noted above, the Fund has recently filed a registration statement to issue Preferred Shares, and anticipates utilizing a combination of Preferred Shares and borrowing for leverage going forward. As part of the regular review of leverage, Asset Management and the Fund's Board of Trustees consider the Fund's use of leverage relative to the Fund's investment restriction on leverage, applicable legal or regulatory restrictions on leverage and to competitor funds. In part because of the Fund's current fundamental investment restriction, the Fund has historically utilized less leverage than other listed closed-end senior loan funds.

In connection with meetings of the Board of Trustees of the Fund on the Preferred Shares, representatives of Asset Management made presentations to the Board proposing the amendment to the Fund's investment restriction limiting the Fund's use of leverage. The Board considered information prepared by Asset Management regarding the potential benefits, costs and risks of amending the investment restriction. Among the potential benefits discussed were (i) the increased investment flexibility provided by amending the investment restriction, (ii) the capability of increased leverage to enhance income and distributions to holders of Common Shares, (iii) the possible benefits of additional investment capital in positive market environments, and (iv) a capital structure more competitive with similar leveraged closed-end senior loan funds in the marketplace. Asset Management and the Board discussed the Fund's current limitation on leverage and that each of the other leveraged closed-end senior loan funds had a leverage ratio higher than that of the Fund. Asset Management and the Board discussed the potential implications of increased leverage on yield and total return, as well as the

6

potential impact on the Common Shares premium or discount and Common Share market liquidity.

After careful consideration, the Board of Trustees determined that the approval of this proposal and the ability of the Fund to utilize financial leverage to the maximum extent allowed by the 1940 Act are in the best interests of the Fund's Common Shareholders.

### RISKS OF FINANCIAL LEVERAGE

As was disclosed in the prospectus in connection with the initial public offering of the Common Shares, the issuance of Preferred Shares and the use of borrowing for investment purposes are forms of financial leverage, and as such will pose certain risks for Common Shareholders, including the possibility of higher volatility of the net asset value and market value of, and distributions paid on, the Common Shares. Increasing the Fund's leverage will magnify such risks.

As long as the Fund is able to invest the proceeds of any Preferred Shares offering or borrowing in securities that provide a higher net return than the then current dividend rate of the Preferred Shares or interest rate on the borrowing after taking into account the expenses of the Preferred Shares offering or borrowing and the Fund's operating expenses, the effect of leverage will be to cause the Common Shareholders to realize a higher current rate of return than if the Fund were not leveraged. However, if the current dividend rate of the Preferred Shares or interest rate on the borrowing were to approach

## Edgar Filing: VAN KAMPEN SENIOR INCOME TRUST - Form PRE 14A

the return on such proceeds after expenses, the benefit of leverage to Common Shareholders would be reduced, and if the current dividend rate of the Preferred Shares or interest rate on the borrowing were to exceed such net return, the Fund's leveraged capital structure would result in a lower rate of return to the Common Shareholders than if the Fund had an unleveraged capital structure. During any annual period when the Fund's net investment income and undistributed net realized capital gains are insufficient to pay the dividends then due on any outstanding Preferred Shares, the failure to pay dividends on the Preferred Shares would preclude the Fund from paying dividends on the Common Shares until such dividends on the Preferred Shares have been paid or provided for. The terms of any borrowing may preclude the Fund from paying dividends on the Common Shares at any time that the Fund is not current in the payment of interest or repayment of principal on such borrowing. In addition, under the 1940 Act, the Fund is not permitted to declare any cash dividend or other distribution on its Common Shares unless, at the time of such declaration and after deducting the amount of such dividend or distribution, the Fund is in compliance with the asset coverage requirements of the 1940 Act. Such prohibition on the payment of dividends or distributions might impair the ability of the Fund to maintain its qualification, for federal income tax purposes, as a regulated investment company. The Fund intends, however, to the extent possible to purchase or redeem

7

Preferred Shares or to repay borrowings from time to time if necessary to maintain compliance with such asset coverage requirements.

If there are no Preferred Shares issued and outstanding, Common Shareholders elect all of the Trustees of the Fund. If there are Preferred Shares issued and outstanding, holders of the Preferred Shares will elect two Trustees. Under the 1940 Act, upon failure by the Fund to pay dividends on the Preferred Shares in an amount equal to two full years' dividends arrearage, the holders of the Preferred Shares shall be entitled to elect a majority of the Board of Trustees until all such dividends arrearage has been paid or provided for. The lenders with respect to any borrowing by the Fund may be entitled to elect a majority of the Board of Trustees if certain asset coverage requirements are not maintained. Failure to maintain asset coverage may also result in a default under the terms of any borrowing. In addition, the terms of any Preferred Shares or borrowing may entitle holders of the Preferred Shares or lenders, as the case may be, to elect a majority of the Board of Trustees in certain other circumstances.

Because the Fund's use of leverage increases the total assets under management, the Fund pays a greater amount of advisory fees and administrative fees when leverage is utilized.

### COMMON SHAREHOLDER APPROVAL

To become effective, the proposed amendment of the Fund's fundamental investment restrictions must be approved by a vote of a majority of the Fund's outstanding voting securities as defined by the 1940 Act, which means the lesser of (i) 67% or more of the voting securities present at a meeting of shareholders, if the holders of more than 50% of the outstanding voting securities are present or represented by proxy at such meeting, or (ii) more than 50% of the outstanding voting securities) of the Fund's outstanding Common Shares.

The proposed amendment of the fundamental investment restrictions as described above was approved by the Board of Trustees of the Fund after consideration of all the factors they determined to be relevant to their deliberations, including those discussed above. The Board of Trustees also determined to submit the proposed amendment of the Fund's fundamental investment restrictions for consideration to the Fund's Common Shareholders.

Common Shareholders may receive a telephone call from a professional proxy solicitation firm asking them to vote. In the event of a solicitation by ALAMO and/or D.F. King, the solicitor would be paid a project management fee not to exceed \$ as well as fees charged on a per call basis and certain other expenses. Proxy solicitation expenses will be borne by the Fund.

SHAREHOLDER PROPOSALS

To be considered for presentation at a shareholders' meeting, rules

## Edgar Filing: VAN KAMPEN SENIOR INCOME TRUST - Form PRE 14A

promulgated by the SEC generally require that, among other things, a shareholder's proposal must be received at the offices of the relevant Fund a reasonable time before a solicitation is made. Shareholder proposals intended to be presented at the annual meeting of Common Shareholders of the Fund pursuant to Rule 14a-8 under the Exchange Act of 1934, as amended (the "Exchange Act"), must have been received by the Fund at the Fund's principal executive offices by January 24, 2004. In order for proposals made outside of Rule 14a-8 under the Exchange Act to be considered "timely" within the meaning of Rule 14a-4(c) under the Exchange Act, such proposals must be received by the Fund at the Fund's principal executive offices not later than April 14, 2004. Timely submission of a proposal does not necessarily mean that such proposal will be included. Any Common Shareholder who wishes to submit a proposal for consideration at a meeting of the Fund should send such proposal to the Fund at 1 Parkview Plaza, PO Box 5555, Oakbrook Terrace, Illinois 60181-5555.

### GENERAL

Management of the Fund does not intend to present and does not have reason to believe that others will present any other items of business at the Meeting. However, if other matters are properly presented to the Meeting for a vote, the proxies will be voted upon such matters in accordance with the judgment of the persons acting under the proxies.

A list of Common Shareholders of the Fund entitled to be present and vote at the Meeting will be available at the offices of the Fund, 1 Parkview Plaza, Oakbrook Terrace, Illinois 60181-5555, for inspection by any Common Shareholder during regular business hours for ten days prior to the date of the Meeting.

Failure of a quorum to be present at the Meeting may necessitate adjournment and may subject the Fund to additional expense.

IF YOU CANNOT BE PRESENT IN PERSON, YOU ARE REQUESTED TO FILL IN, SIGN AND RETURN THE ENCLOSED PROXY PROMPTLY. NO POSTAGE IS REQUIRED IF MAILED IN THE UNITED STATES.
