Item 7.01 Regulation FD Disclosure.

Effective October 26, 2007, Thomas C. Tiller, the Chief Executive Officer of Polaris Industries Inc. (the Company), adopted a pre-arranged stock trading plan (the Plan) to sell shares of the Company's common stock to be acquired pursuant to the exercise of stock options. The Plan is intended to satisfy Rule 10b5-1 of the Securities Exchange Act of 1934, as amended, and the Company's policies regarding transactions in the Company's common stock. Under Rule 10b5-1, corporate executives and others may adopt a prearranged plan or contract for the sale of company securities under specified terms and conditions. The Plan replaces a stock trading plan adopted by Mr. Tiller on July 26, 2007 that was terminated prior to the exercise of stock options or the sale of shares thereunder.

Mr. Tiller informed the Company that the option exercises and share sales to be effected pursuant to the Plan are part of his personal program for long-term asset diversification and tax and financial planning and take into consideration the expiration dates of certain currently held stock options. The Plan relates to the disposition of 500,000 shares of the Company's common stock that will be acquired by Mr. Tiller upon the exercise of Company stock options granted to Mr. Tiller in 1998 (the 1998 Options).

The Plan adopted by Mr. Tiller will be implemented through the brokerage firm of Lehman Brothers Inc. The period during which option exercises and sales may take place under the Plan is expected to commence on November 9, 2007 and will continue for a period of six months unless sooner completed or terminated. The transactions will be disclosed publicly through Form 4 filings with the Securities Exchange Commission. The Plan provides that the 1998 Options are to be exercised as follows:

Exercise Date: Business day on which the closing trading price for Polaris common stock equals or exceeds:	# of Additional Shares for which 1998 Option is to be exercised:	Aggregate Number of Shares for which 1998 Option is exercised:
\$50 per share	100,000 shares	100,000 shares
\$53 per share	200,000 shares	300,000 shares
\$55 per share	200,000 shares	500,000 shares

Sales under the Plan will be executed in the open market and at prevailing market prices.

The Company's records indicate that Mr. Tiller currently holds shares or the rights to receive shares through stock options or restricted shares aggregating approximately 2.5 million shares of the Company's common stock. The 1998 Options were issued to Mr. Tiller on July 8, 1998 in connection with Mr. Tiller's initial employment with the Company. The fair market value of the Company's common stock was \$18.3125 per share (adjusted for a subsequent stock split) when the 1998 options were granted to Mr. Tiller at an exercise price of \$24.725 per share, which was 135% of the market price. The 1998 Options would expire on July 8, 2008 if not exercised prior to that date.

The information contained in this report is furnished and not deemed to be filed for purposes of Section 18 of the Securities and Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. The information in this Current Report shall not be incorporated by reference into any filing or other document pursuant to the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing or document.

The Company does not undertake to report other Rule 10b5-1 plans that may be adopted by any other officers or directors of the Company in the future, or to report any modifications or termination of any publicly announced plan or to report any plan adopted by an employee who is not an executive officer, except to the extent required by law.
