QUESTIONS AND ANSWERS ABOUT THE SHARE EXCHANGE AND RELATED TRANSACTIONS

Q: WHAT IS THE SHARE EXCHANGE AGREEMENT?

A: Rainwire Partners, Inc. will acquire Oasis Group, Inc. in a stock exchange whereby the Shareholders of Oasis will receive shares of Rainwire. Oasis will become a wholly owned subsidiary of Rainwire and the Oasis shareholders as a group will receive 16,289,141 shares of the Rainwire common stock, or approximately 94.25% ownership of Rainwire on a fully-diluted basis. For more information on the Share Exchange Agreement, see "Annex A: Plan and Agreement to Exchange Stock."

Q: WHY DID RAINWIRE AND OASIS AGREE TO THE SHARE EXCHANGE AGREEMENT?

A: Rainwire Partners, Inc.

On December 31, 2000, Rainwire's management adopted a plan to discontinue the operations of Rainwire, to liquidate its assets, and to acquire a potentially profitable company. Rainwire's Board of Directors believes that the terms and provisions of the Share Exchange Agreement provide Rainwire with an opportunity to acquire a potentially profitable company are fair and in the best interests of Rainwire and its stockholders. For more information on the reasons Rainwire has approved the Share Exchange Agreement, see "The Acquisition of Oasis Group, Inc. - Reasons for the Approval of the Rainwire Board."

Oasis Group, Inc.

Oasis' board of directors determined that a reverse merger was the best vehicle to position Oasis in the public market. After discussions with Rainwire, Oasis' board of directors believes that that the terms and provisions of the Share Exchange Agreement provide Oasis with the best opportunity to achieve its goal of reaching the public market. For more information on the reasons Oasis has approved the Share Exchange, see "The Acquisition of Oasis Group, Inc. - Reasons for the Approval of the Oasis Board."

Q: WHAT APPROVALS ARE REQUIRED?

A: Rainwire Partners, Inc.

The approval of the Share Exchange Agreement and related transactions required the affirmative vote of the holders of a majority of the shares issued, outstanding and entitled to vote. On December 20, 2001, Rainwire had 9,909,886 shares of common stock issued and outstanding and 500,000 shares of Series D Convertible Preferred Stock issued and outstanding, entitled to 10 votes per share. A written consent of the majority of the shareholders of Rainwire representing 3,712,811 shares of the common stock and 500,000 shares of the Series D Convertible Preferred Stock, which approved the foregoing was executed on December 20, 2001.

Oasis Group, Inc.

The approval of the Share Exchange Agreement requires the affirmative vote of the holders of a majority of the shares issued, outstanding and entitled to vote.

Q: WHAT IS THE PURPOSE OF THIS INFORMATION STATEMENT/PROXY STATEMENT/PROSPECTUS?

A: This document serves as Rainwire's Information Statement and Prospectus and as Oasis' Proxy Statement. As an Information Statement, this document is being provided to Rainwire's shareholders to inform them that the holders of shares of Rainwire representing approximately 58.4% of the voting power of Rainwire stock have delivered to Rainwire a written consent approving the Share Exchange Agreement, amendments to Rainwire's Amended and Restated Certificate of Incorporation, and the Rainwire Partners, Inc. 2000 Stock Option Plan. Under Delaware law, the amendments to Rainwire's certificate of incorporation and Stock Option Plan must be approved by a majority of Rainwire's Shareholders.

As a Proxy Statement/Prospectus, this document is being provided to Oasis' shareholders by Oasis because Oasis' Board of Directors is soliciting the Oasis' shareholders approval for the Share Exchange Agreement, and by Rainwire because Rainwire is offering Oasis shareholders shares of Rainwire common stock in exchange for their shares of Oasis common stock if the Share Exchange is completed.

Q: HOW WILL THE SHARE EXCHANGE AGREEMENT AFFECT ME?

A: In connection with the Share Exchange, Rainwire will assign, transfer and deliver to the Oasis shareholders 16,289,141 shares of Rainwire common stock, representing approximately 94.25% ownership of Rainwire on a fully-diluted basis. After issuance of the Rainwire common stock to the shareholders of Oasis, and the one - for - twenty reverse split of Rainwire's common stock, current Rainwire shareholders will hold as a group, approximately 5.75% of the fully-diluted Rainwire common stock.

Q: WHAT DO I NEED TO DO NOW?

A: Rainwire Partners, Inc.

Shareholders of Rainwire do not need to do anything at this time. The board of directors and a majority of the shareholders of Rainwire have already approved the Share Exchange. However, Rainwire's shareholders are urged to carefully read and consider the information contained in this Information Statement/Proxy Statement/Prospectus.

Oasis Group, Inc.

After carefully reading and considering the information contained in this Information Statement/Proxy Statement/Prospectus, indicate on your proxy card how you want to vote and sign and mail it in the enclosed return envelope as soon as possible so that your shares will be represented at the shareholders meeting.

If you sign and send in your proxy card and do not indicate how you

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

want to vote, your proxy will be counted as a vote in favor of the proposals.

The special meeting will be at [] on [] at [] local time. If you are a holder of record, you may attend the special meeting and vote your shares in person rather than signing and mailing your proxy.

Q: WHAT IF I DO NOT VOTE?

A: Failure by an Oasis shareholder to return their proxy will result in their shares not being counted for purposes of determining the presence of a quorum at the special meeting or determining whether we have received the votes required to approve the exchange of common stock in the Share Exchange.

- If you return your proxy signed but do not indicate how you want to vote, your proxy will be counted as a vote "FOR" the Share Exchange.
- If you return your proxy and abstain from voting, your proxy will not be counted as a vote cast on, and therefore will not affect the outcome of, the Share Exchange.

Q: CAN OASIS SHAREHOLDERS CHANGE THEIR VOTE AFTER THEY HAVE MAILED THEIR PROXY?

A: Yes. You can change your vote by sending in a later-dated, signed proxy card before the shareholders meeting of Oasis, or attending the meeting in person and voting differently. You can also revoke any proxy before the shareholders meeting by sending a written notice to Oasis.

Q: WHY ARE RAINWIRE'S SHAREHOLDERS BEING PROVIDED WITH THIS INFORMATION STATEMENT?

A: The Securities and Exchange Commission and federal securities laws require that Rainwire provide its holders of voting securities with notice of corporate action undertaken by written consent if proxies were not solicited. We are providing you with this Information Statement because the Amendments to the Certificate of Incorporation and Share Exchange Agreement were approved by the written consent of the holders of a majority of Rainwire's stock and proxies were not required to be solicited.

Q: WHAT RIGHTS DO I HAVE IF I OPPOSE THE SHARE EXCHANGE?

A: Both Rainwire and Oasis shareholders may dissent and seek an appraisal of the fair market value of their shares, but only if they comply with all Delaware or Georgia laws and procedures, as appropriate. For more information, see "Outstanding Stock and Appraisal Rights" and "Exhibit B: Appraisal Rights Statute."

4

Q: WHAT ARE THE FEDERAL TAX CONSEQUENCES OF THE SHARE EXCHANGE TO ME?

A: The Share Exchange should be tax free to Rainwire and Oasis shareholders. For more information on the federal tax consequences, "The Acquisition of Oasis Group, Inc. - Federal Income Tax Consequences."

Q: WHEN DO YOU EXPECT THE SHARE EXCHANGE TO BE COMPLETED?

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

- A: If all conditions to closing have been satisfied, the parties will close the Share Exchange as soon as possible, but not before the greater of 20 days after this Information Statement/Proxy Statement/Prospectus is mailed to the Rainwire shareholders and the approval of greater than 50% of the Oasis shareholders is received.
- Q: WHERE SHOULD I SEND MY STOCK CERTIFICATE?
- A: Oasis shareholders should not send in their stock certificates with their proxy. You must keep your stock certificate until after the Share Exchange has been approved, at which time you will receive a letter of transmittal describing how you may exchange your Oasis stock certificate for certificates representing shares of Rainwire common stock. At that time, you will have to submit your Oasis stock certificates to the exchange agent with your completed letter of transmittal. Rainwire stockholders do not need to do anything with their stock certificates.
- Q: ARE THEIR RISKS I SHOULD CONSIDER IN DECIDING WHETHER TO VOTE FOR THE SHARE EXCHANGE?
- A: Yes. The section entitled "Risk Factors" beginning on page [__] of this Information Statement/Proxy Statement/Prospectus describes a number of risks that you should consider in connection with the Share Exchange.
- Q: WHAT IS THE REVERSE SPLIT?
- A: In connection with the Share Exchange, on December 19, 2001, Rainwire's Board of Directors approved an amendment to the Company's Amended and Restated Certificate of Incorporation to effect a one-for-twenty reverse stock split of the Company's issued outstanding Common Stock (the "Reverse Split"). The amendment was approved in a written consent executed by the holders of more than a majority of the outstanding shares of Common Stock. Pursuant to the Reverse Split, each of the twenty shares of Rainwire's Common issued and outstanding will be reclassified as, and exchanged for, one share of newly issued Common Stock.
- Q: WHY DID RAINWIRE INCREASE ITS AUTHORIZED SHARES OF COMMON STOCK?
- A: The Rainwire Board of Directors considered many factors in deciding to increase Rainwire's authorized shares of Common Stock, including to effect the Share Exchange.
- 5
- See "The Acquisition of Oasis Group, Inc. -- Reasons for the Approval of the Rainwire Board."
- Q: WHY IS RAINWIRE PROPOSING APPROVAL OF THE RAINWIRE 2000 STOCK OPTION PLAN?
- A: Rainwire's Board of Directors believes that the grant of equity-based awards such as stock options is a highly effective way to align the interests of employees, directors and consultants of Rainwire with those of stockholders and provides a cost-effective means of encouraging their contributions to the success of Rainwire.
- Q: WHOM SHOULD I CALL WITH ANY QUESTIONS:

The acquisition of Oasis shall become effective at such time as the Conditions Precedent for closing the Share Exchange Agreement have been either satisfied or waived, and the required Shareholder consents and notifications are completed. See "Annex A: Plan and Agreement to Exchange Stock."

TERMINATION OF THE SHARE EXCHANGE AGREEMENT

The Share Exchange Agreement may be terminated by either Rainwire or Oasis prior to the closing under certain circumstances. See "Annex A: Plan and Agreement to Exchange Stock."

THE SHARE EXCHANGE CONSIDERATION

Pursuant to the Share Exchange, the Oasis shareholders will receive 16,289,141 shares of Rainwire Common Stock constituting approximately 94.25% of the post acquisition Fully-Diluted shares of Rainwire Common Stock. The Share Exchange contemplates the issuance of shares of Rainwire Common Stock in excess of the current number of outstanding Common Stock shares and will dilute current shareholders of Rainwire Common Stock to approximately 5.75% Fully-Diluted ownership post-acquisition.

FEDERAL INCOME TAX CONSEQUENCES

The acquisition of Oasis and the included transactions contemplated in connection therewith have been structured with the intent that they be tax-free to Rainwire, Oasis and holders of Oasis stock for federal income tax purposes. See "The Acquisition of Oasis Group, Inc. -- Federal Income Tax Consequences."

In addition, the receipt of one share of common stock for every twenty share of common stock held prior to the reverse split as a result of the reverse split by Rainwire's shareholders should not result in any taxable gain or loss to stockholders for federal income tax purposes.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

The federal income tax discussion set forth above is included for general information and may not apply to particular categories of holders of Oasis stock or options subject to special treatment under the federal income tax laws, such as foreign holders and holders whose stock or options were acquired pursuant to the exercise of an employee stock option or otherwise as compensation. In addition, there may be relevant foreign, state, local or other tax consequences, which are not described above. The Oasis shareholders are urged to consult their tax advisors to determine the specific tax consequences of the Share Exchange, including the applicability and effect of foreign, state, local and other tax laws.

9

ACCOUNTING TREATMENT

The transaction will be accounted for as a reverse acquisition of the fair market value of Rainwire's stock by Oasis in accordance with generally accepted accounting principles. "See the Acquisition of Oasis - Accounting Treatment."

DISPOSITION OF CURRENT OPERATIONS

Due to the poor financial performance experienced from operations, on December 31, 2000, Rainwire's management adopted a plan to discontinue its operations and liquidate its assets. See "Background Information on Rainwire Partners, Inc. - Disposition of Current Operations."

DISSENTER'S RIGHTS

Under Delaware law, Rainwire shareholders have the right to seek an appraisal of the fair market value of their shares in connection with the Share Exchange and other actions. See "Outstanding Stock and Appraisal Rights" and "Annex B: Appraisal Rights Statutes."

Under Georgia law, Oasis shareholders have the right to seek an appraisal of the fair market value of their shares in connection with the Share Exchange. See "Outstanding Stock and Appraisal Rights" and "Annex B: Appraisal Rights Statutes."

MARKET FOR RAINWIRE COMMON STOCK

Rainwire's common stock is expected to trade on the OTC Bulletin Board. Rainwire's common stock was listed on the OTC Bulletin Board, under the symbol RNWR until February, 2001, at which time such listing was suspended because Rainwire failed to meet its reporting requirements under the Securities Exchange Act of 1934. Rainwire is currently in the process of having its stock relisted on the OTC Bulletin Board.

Upon completion of the Share Exchange, and the name change of Rainwire to Oasis Group, Inc., Rainwire expects to obtain a new symbol for trading on the OTC Bulletin Board.

THE AMENDMENTS TO RAINWIRE'S CERTIFICATE OF INCORPORATION

On December 19, 2001, Rainwire's Board of Directors approved an amendment to Rainwire's Amended and Restated Certificate of Incorporation to effect a one-for-twenty reverse stock split (the "Reverse Split") of Rainwire's then issued and outstanding Common Stock (the "Prior Common"), to change the name of Rainwire from Rainwire Partners, Inc. to Oasis Group, Inc. (the "Name Change"), and to increase the authorized shares of Common Stock of the Company to One Hundred Million (100,000,000) (the "Authorized Share Increase").

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

An amendment to Rainwire's Amended and Restated Certificate of Incorporation reflecting the foregoing was filed with the Secretary of the State of Delaware on _____, 2002.

10

RAINWIRE PARTNERS, INC. 2000 STOCK OPTION PLAN

The purpose of the Rainwire Partners, Inc. 2000 Stock Option Plan is to promote the long term success of Rainwire and the creation of stockholder value. The plan will reserve for issuance of stock incentives to employees, directors and consultants of Rainwire 1,050,000 shares of Rainwire common stock. All employees, directors and consultants of Rainwire and its subsidiaries will be eligible to participate in the plan. The plan provides for the grant of incentive and nonstatutory stock options.

RISK FACTORS

The Share Exchange involves a high degree of risk. By consenting to the Share Exchange, current Oasis shareholders will be choosing to invest in Rainwire Common Stock. Additionally, as a result of the Share Exchange, current Rainwire shareholders will face dilution of their ownership interest in Rainwire. An investment in Rainwire involves a high degree of risk. In addition to the other information contained in this Information Statement/Proxy Statement/Prospectus, you should carefully consider all of the following risk factors relating to the proposed Share Exchange, Rainwire, Oasis and the combined company in deciding whether to consent for the Share Exchange and other actions.

No investment banker, appraiser or other independent third party has been consulted concerning this offering or the fairness of the terms of the Share Exchange. Thus, you may have less protection than if an investment banker were involved in the transaction. For example, there has been less due diligence performed on Rainwire and Oasis than would have been the case if an investment banker were involved in the transaction.

RISKS RELATED TO THE BUSINESS

BECAUSE OF OUR LACK OF FUNDS AND PAST LOSSES, RAINWIRE'S INDEPENDENT ACCOUNTANT'S AUDIT REPORT STATES THAT THERE IS SUBSTANTIAL DOUBT ABOUT ITS ABILITY TO CONTINUE AS A GOING CONCERN.

Rainwire's independent certified public accountants have raised substantial doubt about its ability to continue as a going concern. Rainwire's ability to continue as a going concern is highly dependent upon obtaining additional financing for its planned operations, and/or achieving profitable operations. If Rainwire is unable to obtain additional financing in sufficient amounts or on acceptable terms, it may not be able to continue its existence.

RAINWIRE HAS INCURRED SIGNIFICANT LOSSES.

As of December 31, 2000, the end of Rainwire's most recent fiscal year, Rainwire had incurred significant losses. Additionally, as of December 31, 2000, Rainwire adopted a plan to discontinue its operations and to liquidate its assets. Accordingly, Rainwire expects to continue incurring operating losses until it is able to derive meaningful revenues from Oasis' anticipated operations. There can be no assurance that Oasis' anticipated operations will ever produce profitable operations or that Rainwire will be able to continue to obtain financing until Oasis is able to produce profitable operations. Because of the substantial start-up costs that must be incurred by a new company, Rainwire expects to incur significant operating losses during the

initial years of Oasis' operations. No assurance can be given that the future operations of Oasis will be successful.

OASIS IS A DEVELOPMENT STAGE COMPANY AND HAS NO SIGNIFICANT OPERATING HISTORY.

Oasis was founded on November 16, 1999, and to date has had no business operations. As of the date of this prospectus, Oasis has not had any revenue producing operations on which you can evaluate its potential for future success. Oasis' activities to date have been limited to conducting a private offering of its securities and entering into agreements or letters of intent concerning various real property and a mortgage brokerage company. As an early - stage company, Oasis is subject to all risks, expenses, and uncertainties frequently encountered by new companies. Any unanticipated expenses, problems, or difficulties may result in material delays both in the completion of the Share Exchange and in implementing Oasis' business plan.

OASIS MAY BE UNABLE TO RAISE ADDITIONAL FUNDING TO PURSUE OUR STRATEGIES WHICH MAY HARM OUR BUSINESS.

Oasis anticipates the need for additional capital as it pursues its business strategy. Oasis expects to raise additional capital through a combination of new debt issuances and equity sales, from private as well as public sources. Issuance of new debt and/or the sale of equity will likely have a dilutive effect on Oasis and its shareholders. Implementation of Oasis' strategy and its business plans is contingent upon the availability of such funding sources. No assurance can be given that Oasis will be able to raise debt or equity capital, at terms that are acceptable to Oasis, or at all, in order to fund its operations as set forth above.

OASIS' BUSINESS PLAN MAY NEVER BE IMPLEMENTED.

Oasis' business plan includes the acquiring, owning, developing and selling of parcels of undeveloped property and a residential mortgage operation. Oasis has entered into agreements or letters of intent concerning various real property and a mortgage brokerage company; however, there is no assurance that any of the transactions contemplated by the agreements will ever be completed.

RAINWIRE DOES NOT ANTICIPATE PAYING ANY DIVIDENDS IN THE FORESEEABLE FUTURE.

Rainwire presently anticipates that it will retain all available funds for use in the operation and expansion of its business and does not anticipate paying any dividends in the foreseeable future. Any future payment of dividends to its stockholders will depend on decisions that will be made by its board of directors and will depend on then existing conditions, including our financial condition, contractual restrictions, capital requirements and business prospects.

ACQUISITIONS

Rainwire may make future acquisitions or investments in other companies, facilities or technologies. Rainwire may not realize the anticipated benefits of any acquisition or investment. If Rainwire makes any acquisitions, it will be required to assimilate the operations, products and personnel of the acquired businesses and train, retain and motivate key personnel from the acquired businesses. Similarly, acquisitions may cause disruptions in Rainwire's operations and

divert management's attention from day-to-day operations, which could impair

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Rainwire's relationships with Rainwire's current employees, customers and strategic partners. In addition, Rainwire's profitability may suffer because of acquisition-related costs, amortization costs for certain intangible assets, and impairment losses related to goodwill.

RISKS RELATED TO THE OFFERING

CURRENT RAINWIRE SHAREHOLDERS WILL SUFFER IMMEDIATE AND SUBSTANTIAL DILUTION UNDER TERMS OF THE SHARE EXCHANGE AGREEMENT.

Under the terms of the Share Exchange Agreement, Rainwire will effect a reverse split of its current issued and outstanding common stock and will issue shares of Rainwire's Common Stock to the shareholders of Oasis. As a result, current shareholders of Rainwire will suffer substantial dilution.

In addition, under the terms of the Share Exchange Agreement, Rainwire will amend its Certificate of Incorporation to increase its authorized shares of Common Stock to One Hundred Million (100,000,000). Rainwire's ability to issue additional shares of Common Stock after the completion of the Share Exchange will subject current Rainwire shareholders to additional dilution.

RAINWIRE MAY NOT BE ABLE TO LIST ITS STOCK ON AN EXCHANGE, AND EVEN IF IT DOES, AN ACTIVE TRADING MARKET MAY NOT DEVELOP

Management intends to have Rainwire's stock listed on the OTC Bulletin Board. There can be no assurance that we will be able to do so. Even if we are able to obtain a listing on the OTC Bulletin Board, an active trading market may not develop or, if developed, may not be sustained. Typically, stocks traded on the OTC Bulletin Board or on the "pink sheets" have very limited liquidity, and therefore, it may be very difficult for purchasers of our Common Stock to liquidate their investments at a favorable price, or at all.

THE MARKET PRICE OF OUR COMMON STOCK MAY FLUCTUATE SIGNIFICANTLY

The market price of the Common Stock could be subject to significant fluctuations in response to:

- the fact that our stock will trade on the OTC Bulletin Board or pink sheets,
- variations in quarterly and yearly operating results,
- general trends in our industry, and
- changes in state or federal regulations affecting Rainwire, Oasis or our industry.

In addition, the stock market in recent years has experienced extreme price and volume fluctuations that often have been unrelated or disproportionate to the operating performance of affected companies. Broad market fluctuations may adversely affect the market price of our Common Stock. Additionally, because our common stock is expected to trade on either the OTC

Bulletin Board or the "pink sheets", a combination of limited liquidity and significant price fluctuations may prevent an investor from being able to liquidate their investments at a favorable price, or at all.

WE WILL BE SUBJECT TO THE PENNY STOCK RULES WHICH MAY ADVERSELY AFFECT TRADING IN OUR STOCK

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Because our common stock is not listed on any securities exchange or the Nasdaq Stock Market and may not have a trading price of at least \$5.00 per share, our common stock is subject to federal penny stock regulations. As a result, the market liquidity for the shares received in this offering could be adversely affected because these regulations require broker-dealers to make a special suitability determination for the purchase and to have received the purchaser's written consent to the transaction prior to the sale. This makes it more difficult administratively for broker-dealers to buy and sell stock subject to the penny stock regulations on behalf of their customers. As a result, it may be more difficult for a broker-dealer to sell the shares received in this offering.

PRO FORMA FINANCIAL INFORMATION

Assuming the share exchange is completed, Rainwire Partners, Inc. will be the legal parent of The Oasis Group, Inc. For accounting purposes, The Oasis Group, Inc. will be the acquirer and its financial information will be reported from the effective date of the share exchange forward. Accordingly, the operations of Rainwire will no longer be reported and all historical financial information and results of operations will be that of The Oasis Group, Inc.

The Oasis Group, Inc., a development stage, Georgia corporation was formed in November, 1999, however, it had no financial transactions during that year. The information included herein for Oasis is as of December 31, 2000 and for the year then ended and the nine months ended September 30, 2001.

PRO FORMA NARRATIVE

OPERATIONS OF RAINWIRE PARTNERS, INC.

For the nine months ended September 30, 2001, Rainwire Partners, Inc. is in the development stage and had no operations, having discontinued them as of December 31, 2000. Therefore, there are no continuing operations for Rainwire during the year ended December 31, 2000, or for the nine months ended September 30, 2001.

OPERATIONS OF THE OASIS GROUP, INC.

The operations of The Oasis Group, Inc were comprised of start-up activities for which all incurred costs have been expensed. Since inception and through September 30, 2001, Oasis incurred operating losses totaling approximately \$1,000,000, exclusive of accumulated other comprehensive loss of \$217,000, arising from unrealized holding losses on available-for-sale securities. Therefore, neither Rainwire nor Oasis had any operating revenues except for interest income earned by Oasis.

14

PRO FORMA EFFECT ON OPERATIONS OF COMBINING THE TWO COMPANIES HAD THE TRANSACTION OCCURRED AT THE BEGINNING OF THE MOST RECENT FISCAL PERIODS -- YEAR ENDED DECEMBER 31, 2000 AND NINE MONTHS ENDED SEPTEMBER 30, 2001

Had the two companies been combined for the year ended December 31, 2000 and for the nine months ended September 30, 2001, the pro forma effect would have been losses from continuing operations during the development stage of approximately \$502,000 (Oasis) and a loss from discontinued operations of \$2,072,000 (Rainwire) for the year ended December 31, 2000. For the nine months ended September 30, 2001 a loss from continuing operations was \$497,000 (Oasis). The resulting pro forma loss per share for the year 2000 for continuing and discontinued operation would have been \$.03, and \$.16, respectively, based on

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

16,599,082 weighted average number of shares outstanding. Assuming the share exchange at the beginning of 2000 and for the nine months ended September 30, 2001 the same per share amounts would have been a loss of \$.03 for both classifications based on 16,791,635 weighted average number of shares outstanding. Previously reported loss per share for Rainwire for the two periods mentioned were \$.24 for discontinued operations for 2000 and \$.00 for the nine months ended September 30, 2001.

The following are the pro forma balance sheets had the two companies been combined as of the beginning of the year ended December 31, 2000 and the nine months ended September 30, 2001:

THE ACQUISITION OF OASIS GROUP, INC.

BACKGROUND OF THE OFFER AND THE ACQUISITION

On December 31, 2000, management of Rainwire adopted a plan to discontinue the operations of Rainwire, liquidate its assets and explore alternative plans for growth, which included the identification of companies in markets that had greater growth and profitability potential than the market for e-business solutions.

Management of Oasis has periodically reviewed its long-term strategic plans and has periodically considered a wide range of options, including internal growth strategies, growth through various strategic alliances, investments, acquisitions or business combinations.

In February, 2001, Rainwire and Oasis began discussions concerning the use of Rainwire as a reverse merger vehicle to position Oasis in the public market. These initial discussions did not result in any agreements. After

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

unsuccessfully exploring similar agreements with other parties, Rainwire re-entered discussions with Oasis in July, 2001.

On August 29, 2001, Rainwire and Oasis completed negotiations and a Share Exchange Agreement (the "Non-Binding Share Exchange Agreement") was signed and approved by Rainwire's and Oasis' respective Board of Directors subject to the completion of due diligence and exchange of Schedules as outlined in the Non-Binding Share Exchange Agreement.

Upon execution of the Non-Binding Share Exchange Agreement, Walter H. Elliott resigned as a director and vice president of Rainwire, and Ronald A. Potts, Mike McLaughlin and John Hill were appointed to the Board of Directors of Rainwire. In addition, Ronald A. Potts was appointed President and Chief Executive Officer of Rainwire and Peggy Evans was appointed Chief Financial Officer of Rainwire.

Shortly after August 29, 2001, Rainwire and Oasis exchanged due diligence requirements checklists and began to prepare each other's respective deliverables.

On November 12, 2001, at the advice of corporate legal counsel, Ronald A. Potts resigned as President, Chief Executive Officer, Chairman of the Board and as a director of Rainwire. In addition, Lyne Marchessault resigned as Secretary and a director of Oasis and John Hill and Michael Mc Laughlin resigned as directors of Oasis.

During the period between August 29, 2001, and December 18, 2001, there were numerous telephone calls and meeting between members of senior management and their legal counsel regarding certain due diligence matters, including, most notably, the settlement of Rainwire's outstanding liabilities.

On December 18, 2001, legal counsel distributed the final draft of the Share Exchange Agreement.

On December 19, 2001, the Rainwire and Oasis Board of Directors held telephonic meetings to consider the proposed agreement, including the new terms from the Non - Binding Share Exchange Agreement. Prior to the meetings, the directors were provided with a draft of

18

the Share Exchange Agreement and related documents. Both the Rainwire and Oasis Board of Directors determined that the transactions contemplated by the Share Exchange Agreement and related documents were advisable and in the best interest of their respective companies and stockholders.

On December 19, 2001, the Share Exchange Agreement and related documents were executed by the parties.

On December 20, 2001, the Share Exchange Agreement and related documents were approved by a majority of the shareholders of Rainwire by written consent.

APPROVAL OF THE RAINWIRE BOARD

The Rainwire Board of Directors, on December 19, 2001, unanimously approved the Share Exchange Agreement and the transactions contemplated thereby, including the acquisition, and determined that the acquisition, and the transactions contemplated thereby are in the best interests of Rainwire and its

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

REASONS FOR THE APPROVAL OF THE RAINWIRE BOARD

In approving the Share Exchange Agreement, the Rainwire Board considered a number of factors, including, but not limited to, the following:

1. The familiarity of the Rainwire Board with the financial condition, results of operations, business and prospects of Rainwire.
2. That Rainwire's financial condition, results of operations, business and prospects make it very doubtful that Rainwire is strong enough to sustain itself, if this acquisition is not consummated.
3. That Rainwire could not reach an agreement during its discussions with another party concerning a similar transaction.
4. The Share Exchange gives the shareholders of Rainwire the opportunity to participate in a unique market.
5. A review by Rainwire's Management of a range of alternative strategies that might be pursued, the possible values that might be achieved through those strategies, and Rainwire Board's conclusion that these alternative strategies entailed increased risk and, in any event, were unlikely to result in greater value to Rainwire or its shareholders than the acquisition of Oasis on the terms specified in the Share Exchange Agreement. The Rainwire Board determined that such terms, including but not limited to, the number of Shares retained by Rainwire shareholders after the Share Exchange were fair and in the best interest of Rainwire's shareholders.

19

6. The fact that Oasis could produce audited financial statements and other information necessary for the filing of this registration statement and had agreed to pay all fees and expenses associated with this registration statement.

The foregoing discussion of the information and factors considered and given weight by Rainwire's Board is not intended to be exhaustive. In view of the variety of factors considered in connection with its evaluation of the foregoing, the Rainwire Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination. In addition, individual members of the Rainwire Board may have given different weights to different factors.

The Board of Directors of Rainwire has not requested or received, and will not receive, an opinion of an independent investment banker as to whether the Share Exchange is fair from a financial point of view to Rainwire and its shareholders.

APPROVAL OF THE OASIS BOARD

The Oasis Board of Directors, on December 19, 2001, unanimously approved the Share Exchange Agreement and the transactions contemplated thereby, including the acquisition of Oasis by Rainwire, and determined that the acquisition, and the transactions contemplated thereby are in the best interests of Oasis and its shareholders. On the Record Date, the Board of Directors as a group held approximately % of the voting stock of Oasis.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

REASONS FOR THE APPROVAL OF THE OASIS BOARD

In approving the Share Exchange Agreement, the Oasis Board considered a number of factors, including, but not limited to, the following:

1. Investor, shareholder and management requests and desires for liquidity as soon as possible were in the long-term best interest of Oasis and its business.

2. A reverse merger, and filing of a registration statement under the 1933 Act was in the best interest of its shareholders because such a structure is well known, universally accepted, and would treat all of its shareholders equally as they would be able to sell their shares without the expense and paperwork burden that would be imposed if their stock was not fully registered.

3. The Share Exchange Agreement and its terms, including the fees and expenses associated with the filing of this registration statement and the number of shares retained by the Rainwire Shareholders after the Share Exchange, were in the best interest of the Oasis Shareholders.

The foregoing discussion of the information and factors considered and given weight by Oasis' Board is not intended to be exhaustive. In view of the variety of factors considered in connection with its evaluation of the foregoing, the Oasis Board did not find it practicable to, and did not quantify or otherwise assign relative weights to the specific factors considered in reaching its determination. In addition, individual members of the Oasis Board may have given different weights to different factors.

20

The Board of Directors of Oasis has not requested or received, and will not receive, an opinion of an independent investment banker as to whether the Share Exchange is fair from a financial point of view to Oasis and its shareholders.

ACCOUNTING TREATMENT

The transaction will be accounted for as a reverse acquisition of the fair market value of Rainwire's stock by Oasis in accordance with generally accepted accounting principles. The accounting treatment applied in the reverse transaction differs from the legal form of the transaction and the continuing legal parent is Rainwire.

REGULATORY MATTERS

Rainwire does not believe that any material federal or state regulatory approvals, filings or notices are required by Rainwire or Oasis in connection with the Share Exchange other than such approvals, filings or notices required pursuant to federal and state securities laws. Under Delaware law, approval of the Share Exchange and related Amendments to Rainwire's Certificate of Incorporation, must be obtained from the shareholders of Rainwire that own a majority of the outstanding shares. Under Georgia law, approval of the Share Exchange must be obtained from the shareholders of Oasis that own a majority of the outstanding shares.

FEDERAL INCOME TAX CONSEQUENCES

The Acquisition and the included transactions contemplated in connection therewith have been structured with the intent that they be tax-free to Rainwire Partners, Inc., Oasis Group, Inc. and holders of Rainwire Partners, Inc. stock for federal income tax purposes. Assuming that the Acquisition

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

constitutes a tax-free reorganization for federal income tax purposes, the following are the general federal income tax consequences:

No gain or loss will be recognized by Rainwire, current stockholders of Rainwire or Oasis in connection with the Acquisition and the included transactions contemplated in connection therewith.

The receipt of one share of common stock for every twenty share of common stock held prior to the reverse split as a result of the reverse split by Rainwire's shareholders should not result in any taxable gain or loss to stockholders for federal income tax purposes.

In addition, the acquisition may result in the limitation on the use of net operating losses or the loss of the use of net operating losses of Rainwire under section 382 of the Internal Revenue Code.

The federal income tax discussion set forth above is included for general information and may not apply to particular categories of holders of Oasis stock or options subject to special treatment under the federal income tax laws, such as foreign holders and holders whose stock or options were acquired pursuant to the exercise of an employee stock option or otherwise as compensation. In addition, there may be relevant foreign, state, local or other tax consequences, which are not described above. The Oasis shareholders are urged to consult their tax advisors to

21

determine the specific tax consequences of the Acquisition, including the applicability and effect of foreign, state, local and other tax laws.

GENERAL TERMS OF SHARE EXCHANGE AGREEMENT

The following is a summary of the material provisions of the Share Exchange Agreement by and between Oasis and Rainwire. This summary does not purport to be complete and is qualified in its entirety by reference to the Share Exchange Agreement, which is attached hereto as Annex A.

Exchange and Purchase of Shares

On the terms and subject to the conditions set forth in the Share Exchange Agreement, at the closing Rainwire shall assign, transfer, and deliver to the Oasis shareholders, in their pro rata percentages based upon their percentage ownership of Oasis common stock pre-closing, one (1) share of Rainwire Common Stock for every 2.5 shares of Oasis common stock held by the Oasis shareholders. The pre-closing holders of Rainwire Common Stock shall retain their shares which, immediately following the issuance of Rainwire Common Stock to the Oasis shareholders in connection with the closing of the Acquisition shall constitute approximately 5.75% of the fully-diluted shares of Rainwire Common Stock post-closing. Prior to the Closing, Rainwire will effect a one-for-twenty reverse split of its issued and outstanding Common Stock and will subsequently increase its authorized shares of Common Stock of the Company to One Hundred Million (100,000,000).

Closing

The "Closing" shall mean the consummation of the exchange of shares of Rainwire Common Stock and shares of Oasis common stock, as well as the consummation of any other transactions which are included in the Share Exchange Agreement and required to occur at or before Closing. The Closing shall take place no later than within three business days following the date upon which all of the conditions precedent contained in the Share Exchange Agreement have occurred and all regulatory matters have been complied with.

Representations and Warranties

DESCRIPTION OF BUSINESS

Business Development

The Company was incorporated on May 10, 1991 in Delaware for the purpose of consolidating the operations of Azimuth, Inc. (a fully accredited AIHA Industrial Hygiene Laboratory for testing asbestos, metals and organic vapors) and certain of its former environmental products businesses and acquiring the assets of four general partnerships which were then leasing real estate and laboratory and other equipment to Azimuth and the products

27

businesses. The Company formerly had three operating subsidiaries: Trico Environmetrics, Inc. ("Trico"), Envirometrics Products Company ("EPC") and Azimuth, Inc.

In 1996, the Company entered into a "Turnaround" phase, and all of the Company's former operations were divested by the year 2000.

During the course of the Company's "Turnaround" phase, the Company explored alternative plans for growth that included the identification of companies in other markets which had greater growth potential than the Environmental, Health and Safety Market. In September, 1999, the Company was introduced to The Catapult Group, Inc., a Georgia corporation ("Catapult"), which was an Internet integration firm offering intelligent end-to-end e-business solutions to large and middle-market organizations. In February 2000,

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

the Company and Catapult reached terms that each felt were fair to the parties and entered into a non-binding agreement whereby the Company would acquire Catapult, which became binding on March 8, 2000.

Prior to the closing of the Catapult Exchange Agreement, on July 26, 2000, the Company effected a 10:1 reverse split of its outstanding common stock, issued 5,555,064 shares of its common stock to purchase all of the outstanding common stock of Catapult, changed its name to The Catapult Group, Inc. and increased its authorized shares from Ten Million (10,000,000) to Twenty Million (20,000,000). An amendment to the Company's Certificate of Incorporation reflecting such changes was filed with the Secretary of State of Delaware on July 26, 2000. Upon completion of the Catapult Exchange Agreement, Catapult became a wholly owned subsidiary of the Company and the shareholders of Catapult became owners of approximately 90% of the outstanding shares of Common Stock of the Company. The Company subsequently changed its name to Rainwire Partners, Inc.

On December 31, 2000, management adopted a plan to discontinue the operations of the Company and to liquidate its assets.

Business of Rainwire

Upon completion of the Share Exchange with The Catapult Group, Inc., Rainwire's business became that of an Internet integration firm offering intelligent end-to-end e-business solutions to large and middle-market organizations. However, as of December 31, 2000, Rainwire adopted a plan to discontinue its operations and to liquidate its assets. Additionally, as of that date, Rainwire began to explore alternative plans for growth, which included the identification of companies in markets that had greater growth potential than the market for e-business solutions.

On December 19, 2001, Rainwire entered into a Share Exchange Agreement with Oasis. Upon completion of the Share Exchange, Rainwire's business will consist of the business plan of Oasis, which includes the acquiring, owning, developing and selling of parcels of undeveloped property and a residential mortgage operation.

28

EMPLOYEES

Presently, Rainwire has no full-time employees other than executive officers. The Company had 20 employees at December 31, 2000.

- (2) This lease expired during fiscal year 2000.
- (3) Subsequent to December 31, 2000, Rainwire no longer occupied this location.
- (4) Rainwire is seeking to mitigate the outstanding lease liability as the landlord had seized and/or sold some of the equipment in partial satisfaction of the past due lease rentals.

Until the closing of the Share Exchange, Oasis has agreed to allow Rainwire to use Oasis' offices on a rent free basis, although the parties have not entered into a formal agreement.

LEGAL PROCEEDINGS

Rainwire is involved with several legal actions, principally as defendant. These actions involve outstanding liabilities of Rainwire including those of subsidiaries. Following are four such actions.

A former landlord has alleged that Azimuth Laboratory, Inc., a subsidiary of EVRM, is responsible for a hazardous waste cleanup on the leased premises, and he is seeking recovery of approximately \$130,000, including the cleanup and remaining payments due under the terms of the lease agreement which is to expire in December, 2001. A motion for summary judgment is expected to be heard by the end of 2001. Only the remaining lease obligation of \$66,271 has been recorded as of December 31, 2000.

As of December 31, 2000, a demand against Rainwire was made by the holder of the remaining Series C redeemable preferred stock for \$21,666 relating to the failure by Rainwire to

29

redeem 8,333 of those shares and to pay dividends when due. Substantially all of that amount was recorded as of December 31, 2000. An action was filed against Rainwire on April 20, 2001, which was reduced to a judgment on June 25, 2001 in the amount of \$21,665.96.

IOS Capital, Inc. has made a demand to Rainwire for sums defaulted upon as a result of an equipment lease signed by Rainwire in February, 1997. IOS Capital indicated that they would compromise the amounts owed for the sum of \$15,479.20 in full satisfaction of the claim; however, Rainwire failed to make the payment by the required date.

MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

Market information

Rainwire's Common Stock has been publicly traded and was initially quoted on the Nasdaq Smallcap Market ("Nasdaq") under the symbol "EVRM" on August 12, 1994. Upon the divestiture of the Trico subsidiary Rainwire fell below the listing requirements of Nasdaq. On December 3, 1996, the Rainwire's common stock and warrants were delisted from The Nasdaq SmallCap Market and were subsequently traded on Over the Counter Bulletin Board. On January 4, 1999, the Securities and Exchange Commission (SEC) approved amendments to NASD Rules 6530 and 6540 to limit quotations on the OTC Bulletin Board(R) ("OTCBB") to the securities of companies that report their current financial information to the SEC. On November 18, 1999, Rainwire's common stock and warrants were delisted from the OTCBB because of failure to have the required SEC periodic filings

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

submitted by that date. As of that date, price Quotations could be found on Electronic Pink Sheets (the "Pink Sheets"). On January 28, 2000 Rainwire brought its filings with the SEC current, thus meeting the requirements for re-listing on the OTCBB. On March 21, 2000, Rainwire's common stock began trading on OTCBB. On August 1, 2000, Rainwire received a new symbol from Nasdaq. As of that date, Rainwire was traded on the OTCBB under the symbol RNWR. In 2001, Rainwire's common stock was again delisted from the OTCBB because of Rainwire's failure to file its required SEC periodic filings. On December 19, 2001, the last sale price of a share of Rainwire's common stock on the Pink Sheets was \$0.06.

The following table sets forth the high and low bid prices for the Common Stock as reported in the trading media and for the periods reflected above for each fiscal quarter commencing January, 1999 through September 30, 2001. Any future determination to pay cash dividends on the Common Stock will be at the discretion of the Board of Directors and will reflect such other factors (including contractual requirements) as the Board of Directors deem relevant.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

31

The holders of the Series D Convertible Preferred Stock are entitled to receive a cumulative dividend at a rate of twelve percent (12%) per annum out of any assets of Rainwire legally available therefore, when, if and as declared by the Board of Directors. Dividends are payable on a quarterly basis.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements and Notes thereto, included as Annexes D and E of this Information Statement/Proxy Statement/Prospectus.

General Overview

On July 26, 2000 the former company, Environmetrics, Inc. exchanged approximately ninety percent of newly issued restricted common stock for all of the outstanding common stock of The Catapult Group, Inc. On that date, the name was changed to Rainwire Partners, Inc. for both The Catapult Group, Inc. and the former company. As of the date of the exchange, the former company's net assets were written down to a fair market value, as required under generally accepted accounting principles. The previous historical financial data of The Catapult Group, Inc. was carried forward since Catapult is considered the accounting acquirer; therefore the following comments pertain to the historical financial statements of The Catapult Group, Inc. and i20, Inc., including the net assets acquired as mentioned above.

Results of Operations

Year ended December 2000 Compared to year ended December 1999

The company lost \$419,028 for 1999 compared to a loss of \$1,494,708 in 2000. In addition, in 2000 the company recorded a loss on the disposal of the business of \$578,191. The decision was made on December 31, 2000 to discontinue the operations of the company; accordingly the financial statements for 1999 reflect the operating loss as a discontinued loss for comparative purposes.

The company commenced its operation in July, 1999 and acquired i20, Inc. in August, 1999. i20, Inc.'s planned operations for the period subsequent to its purchase was the basis for the company paying approximately \$500,000 more than the fair value of the assets acquired at that date. The loss from discontinued operations in year 2000, includes not only a write off of the unamortized balance of Goodwill of approximately \$460,000 but unsuccessful efforts to sustain the business during the period when dot.com companies were failing. The loss on the disposal of the business in 2000 consists mainly of forward looking expenses, which were obligation of the company as of December 2000 and obligation incurred as a result of that decision.

Nine Months Ended September 30, 2001 and 2000 (unaudited)

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

The Company has discontinued all operations as of December 31, 2000, therefore, the nine month periods for 2001 and 2000 are of discontinued operations only. As part of the presentation of discontinued operations for the year 2000, all anticipated expense to be incurred

32

during 2001 with respect to the discontinuation of the business were included as part of the provision for loss on disposal of the business as of December 31, 2000, therefore, no discontinued operations for the nine months ended September 30, 2001 are applicable. During the same comparable period a year ago, the consolidated results of discontinued operations was \$551,350, as a result of revenues of \$809,345, costs and expenses of \$1,364,112 and net financial income of \$3,417.

Nine Months Ended September 30, 2000 and 1999 (unaudited)

The Company's operations began in the third quarter of 1999, and no operating results were previously presented for that short period from August 4, 1999 (date that 100% of i20, Inc. was acquired) to September 30, 1999. Although management of the Company may have anticipated that the Company would ultimately achieve profitability, at no time from inception to date of discontinued operations and disposal of the business were its operations profitable.

Financial Condition

The company's audit report for the year 2000 discloses a "going" concern paragraph in reference to the company's concern for continuing its existence in the future. This concern is highlighted by the fact that the company has negative working capital of approximately \$1,100,000, a deficit since inception of approximately \$2,500,000 and a deficit in stockholders equity of approximately \$1,160,000. There are a number of legal actions against the company for failure to honor its commitments, which include an obligation of the company incurred by Environmetrics, Inc., Azimuth Laboratories, Inc.

Nine Months Ended September 30, 2001 and 2000 (unaudited)

As of September 30, 2001, the Company had a deficit in stockholders' equity of \$1,090,345, comprised of total assets-cash of \$898, total liabilities of \$1,038,330, and redeemable preferred stock of \$52,913. Substantially all liabilities are past due, and accrued business disposal costs and expenses included therein include the balance of outstanding lease obligations, some of which extend beyond 2001. The balance of redeemable preferred stock is also past due as a result of a demand made by the holder thereof in 2000 and a judgment awarded him in June, 2001.

To date all obligations have been paid from funds advanced by Oasis Group, Inc., a company seeking to acquire the controlling interest in the Company pursuant to the Amended and Restated Plan and Agreement to Exchange Stock by and between Rainwire and Oasis, dated December 19, 2001.

Nine Months Ended September 30, 2000 and 1999 (unaudited)

As of September 30, 2000, the Company had total assets of \$980,766 consisting of current assets of \$319,099, substantially notes and accounts receivable, other assets of \$484,676, principally goodwill with an amortized balance of \$460,960 and property and equipment net of accumulated depreciation of \$176,991. Goodwill resulted from the acquisition of i20, Inc. in August, 1999, based on the excess of the value of consideration paid over the fair

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

market value of the acquired company's net assets.

33

Total liabilities were \$752,798 consisting of current liabilities of \$599,532, including accounts payable of \$390,403 and notes payable of \$100,424, long term debt of \$98,855 and redeemable preferred stock of \$54,411. As of September 30, 2000 there was a negative working capital of \$280,433, and a positive balance in stockholders equity of \$227,968.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

Rainwire engaged the firm of Welch, Roberts & Amburn, LLP to conduct the audits of its financial statements for the years ended December 31, 1999, and 1998. Welch, Roberts & Amburn, LLP, resigned on May 31, 2001 due to outstanding and past due fees owed by Rainwire.

In connection with Welch, Roberts & Amburn, LLP's audits of the financial statements of Rainwire, there were no disagreements with Welch, Roberts & Amburn, LLP on any matter of accounting principles, financial disclosure, or auditing scope or procedures, which disagreements if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

The audit reports of Welch, Roberts & Amburn, LLP on the consolidated financial statements for the years ended December 31, 1999, and 1998 did not contain any adverse opinion or disclaimer of opinion; however, the unqualified opinion contained a fourth paragraph with respect to an emphasis of a paragraph discussing recurring losses from operations and decreases in working capital issues confronting Rainwire.

Rainwire had also engaged the firm of Tauber & Balser, P.C. in connection with the audit of the consolidated balance sheet of The Catapult Group, Inc., and Subsidiary as of December 31, 1999, and the related consolidated statements of operations, stockholders' equity and cash flows for the period from July 21, 1999 (inception) to December 31, 1999.

In connection with the audit as of December 31, 1999, and for the period from July 21, 1999 (inception) to December 31, 1999, there was no disagreement with Tauber & Balser, P.C. on any matter of accounting principles, financial disclosure, or auditing scope or procedures, which disagreement if not resolved to their satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

The audit report of Tauber & Balser, P.C. on the consolidated financial statements for the year ended December 31, 1999 was issued with an unqualified opinion.

On or about September 9, 2001, Rainwire notified Tauber & Balser, P.C. that it had engaged the firm of Braverman & Company, P.C., to conduct the audit of its financial statements for the year ended December 31, 2000.

THE OASIS GROUP, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

COMPANY BACKGROUND

Oasis Group, Inc. (the Company or Oasis), formerly Oasis Communities, Inc. is a Georgia corporation formed November 16, 1999, to develop residential and commercial real estate projects. It has a fiscal year-end of December 31 and is a development stage company, as defined in SFAS No. 7, since its operations have not commenced and it has not earned any significant revenues. There were no transactions during 1999.

USE OF ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent amounts in the Company's financial statements and the accompanying notes. Actual results could differ from those estimates.

CASH EQUIVALENTS

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, Disclosures about fair value of financial instruments, defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of the Company's financial instruments, which include cash, note receivable and an unsecured related party loan, approximate fair values due to the short maturities of such instruments.

INCOME TAXES

Income taxes are provided for using the liability method of accounting in

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes". A deferred tax asset or liability is recorded for all temporary difference between financial and tax reporting of which depreciation is the most significant. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to more likely than not be realized in future tax returns. Tax law and rate changes are reflected in income in the period such changes are enacted.

43

THE OASIS GROUP, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2001
(UNAUDITED)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

For financial reporting purposes, the Company has sustained a loss for 2000 of approximately \$502,000. For income tax purposes approximately \$312,000 is considered start-up costs, and the balance, comprised of \$166,000 of contributed capital and meals and entertainment of \$24,000, constitutes a non-deductible permanent difference. Start-up costs are not deductible until the Company commences operations, at which time they are amortized over a 60-month period, or permanently capitalized if no election is timely made to amortize them.

The Company's future utilization of the deferred tax benefit arising from the deferral of start-up costs of approximately \$110,000 cannot be currently ascertained. Accordingly, a valuation allowance of approximately \$110,000 has been provided resulting in no recorded tax benefit as of December 31, 2000.

For the nine months ended September 30, 2001, the Company incurred a net loss of \$496,000, of which \$489,000 is considered deferred as start-up costs for income tax purposes and the balance a permanent difference. The tax benefit of this current loss of \$171,000 has been offset by a valuation allowance of \$171,000 since management believes it is more likely than not that the tax benefit accumulated to date is not currently usable by the Company.

BASIS OF PRESENTATION AND MANAGEMENT'S ACTIONS TO OVERCOME OPERATING AND LIQUIDITY PROBLEMS

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company's ability to continue in existence is dependent on its ability to develop additional sources of capital, and/or achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties. Management's plan is to raise additional debt or equity financing and to begin operations in the near term, which are anticipated to be sufficient to provide the necessary cash flow requirements for the Company.

The Company agreed to acquire all of the outstanding stock of Landmark Mortgage Corporation, a Louisiana corporation (Landmark) and Statewide Mortgage and Investment Corp., a Florida corporation (Statewide) for 1,370,000 shares of Oasis common stock and the sum of \$50,000, which will be applied towards certain expenses pursuant to a non-binding letter of intent dated October 2000. Oasis agreed to make \$50,000 available for the financing of additional property that Landmark anticipates acquiring at a purchase price of approximately \$220,000. If the property appraises for more than \$12,000,000 within 60 days of closing, Oasis will issue an additional promissory note for the fair market value of the property exceeding \$12,000,000 multiplied by a factor of 0.35. The additional note shall be for a term of six years, with interest at 4 percent per annum for the first 2 years and 6 percent per annum, thereafter. Brokerage commissions are payable in addition to the above purchase price.

NOTE 3 - AVAILABLE-FOR-SALE SECURITIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General Overview

Oasis is a privately-held, development stage, Georgia corporation, formed in November 1999. Its business plan includes acquiring, owning, developing and selling undeveloped property either through direct ownership of the properties, or through the acquisition of entities owning such properties. From inception through September 30, 2001, Oasis provided substantially all of its resources through the sale or issuance of its own common stock, of which 3,337,500 shares were issued for cash of \$741,669; 800,000 shares in exchange for securities valued at \$367,000; and the balance of 28,963,000 for services valued by the Board of Directors at \$315,370, for a total capitalization as of September 30, 2001 of 33,100,500 shares outstanding, with total consideration of \$1,424,039.

During 2001 the Company investigated numerous business opportunities including the pending stock exchange transaction with Rainwire Partners, Inc. (Rainwire), a public company, all of whose operations were discontinued as of December 31, 2000. If the Rainwire stock exchange is completed, Oasis will own the majority of its outstanding common stock. Oasis had advanced \$10,137 as of September 30, 2001, to Rainwire to meet some of the obligations of Rainwire, and continues to advance Rainwire funds to enable it to meet its financial reporting obligations to the Securities and Exchange Commission.

Several of the other businesses investigated by Oasis resulted in pre-merger agreements which provide for the potential acquisition of undeveloped

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

real estate in several states, and two companies owned by the same interests, which are involved in making mortgage loans secured by real estate, which in turn are brokered to permanent lenders.

51

Results of Operations

Year Ended December 31, 2000

The year ended December 31, 2000 was the first year the Company had any operations although it was incorporated in 1999. During 2000, the Company incurred a loss (start-up expenses) of approximately \$502,000 of which travel accounted for 49%, and services provided by management, which were contributed to the Company, accounted for 33%. The balance, attributed to several classifications, included consulting, 12% and legal fees, 3%. There was a decline in the value of securities acquired in July 2000 of \$117,000, which was classified as an other comprehensive loss and was excluded from the determination of the above net loss since the decline in value was attributed to an unrealized holding loss which is classified as a separate account, accumulated other comprehensive loss, in the accompanying balance sheet as of December 31, 2000.

Nine Months Ended September 30, 2001 and 2000

During the nine months ended September 30, 2001, Oasis generated a loss of approximately \$497,000, which was incurred pursuing the development stage activities of Oasis, principally for the search for viable real estate projects, operating companies and the near finalization of the stock exchange agreement with Rainwire. Included in this loss were approximately 40% for outside services, 40% for management services, and the balance of 20% for mostly travel. In addition, the value of the securities acquired in July 2000, decreased \$100,000 to a value of \$150,000. Except for \$2,453 of interest earned on a note receivable there were no other earned revenues.

During the same nine-month period in 2000, Oasis incurred a loss of \$419,000, of which management services contributed to the company totaled 27%, and travel totaled 45%. The balance, attributed to several classifications, included consulting, 16% and legal fees, 4%.

THE REVERSE SPLIT

Pursuant to the Reverse Split, every twenty shares of the common stock of Rainwire issued and outstanding (the "Prior Common") will be reclassified as, and exchanged for, one share of newly issued Common Stock, par value \$.001 ("New Common").

After the Effective Date of the Reverse Split, the certificates representing shares of Prior Common represent one-twentieth the number of shares of New Common. Certificates representing shares of New Common will be issued in due course as old certificates are tendered

for exchange. No fractional shares of New Common will be issued and, in lieu thereof, stockholders holding a number of shares of Prior Common not evenly divisible by 20, and stockholders holding fewer than 20 shares of Prior Common prior to the Effective Date, upon surrender of their old certificates, will receive one share of stock in lieu of fractional shares of New Common.

The Reverse Split will not materially affect the proportionate equity interest in the Company of any holder of Prior Common or the relative rights, preferences, privileges or priorities of any such stockholder, and the par value per share of the Common Stock will not be changed. The New Common issued pursuant to the Reverse Split will be fully paid and non-assessable. All shares of New Common will have the same par value, voting rights and other rights as shares of the Prior Common have. Stockholders of the Company do not have preemptive rights to acquire additional shares of Common Stock which may be issued.

APPROVAL OF THE RAINWIRE BOARD

In connection with the Share Exchange, the Rainwire Board of Directors, on December 19, 2001, unanimously approved the Reverse Split and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

REASONS FOR THE APPROVAL OF THE RAINWIRE BOARD

In approving the Reverse Split, the Rainwire Board considered factors, including, but not limited to, the following:

1. The Reverse Split will allow Rainwire to effect the Share Exchange without significantly increasing the total number of issued and outstanding Shares.
2. A fewer number of issued and outstanding shares should enhance the acceptability of the common stock by the financial community and the investing public and is also anticipated to initially increase proportionally the per share market price of the common stock.
3. The proposed Reverse Stock Split may result in a broader market for the common stock after the Share Exchange than would exist if the Reverse Stock Split did not occur because the expected price level will be greater as a result of the Reverse Stock Split, which may encourage interest and trading in the common stock and possibly promote greater liquidity for Rainwire's shareholders.

THE AUTHORIZED SHARE INCREASE

APPROVAL OF THE RAINWIRE BOARD

In connection with the Share Exchange, the Rainwire Board of Directors, on December 19, 2001, unanimously approved the Authorized Share Increase and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

REASONS FOR THE APPROVAL OF THE RAINWIRE BOARD

In approving the Authorized Share Increase, the Rainwire Board considered factors, including, but not limited to, the following:

1. The Share Increase will give Rainwire additional shares to effect the Share Exchange Agreement.
2. The Share Increase will allow the Board of Directors to (a) react without further Stockholder approval to the Company's capital needs, (b) pursue strategic opportunities that may arise in the future, (c) respond to business opportunities and pursue objectives that may arise in the future including financings, acquisitions, strategic business relationships or stock dividends or stock splits, and (d) enable management to attract and retain talented employees through a grant of stock options and other stock based incentives.

THE NAME CHANGE

APPROVAL OF THE RAINWIRE BOARD

In connection with the Share Exchange, the Rainwire Board of Directors, on December 19, 2001, unanimously approved the Name Change and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately 48.5% of the voting power of Rainwire.

REASONS FOR THE APPROVAL OF THE RAINWIRE BOARD

The Rainwire Board approved the Name Change because upon completion of the Share Exchange, the business of Rainwire will be that of Oasis. The Board believes that name "Oasis Group, Inc." will more accurately convey the scope of our business after the Share Exchange and will capitalize on the recognition of Oasis in the business community in which it operates.

RAINWIRE PARTNERS, INC. 2000 STOCK OPTION PLAN

APPROVAL OF THE RAINWIRE BOARD

On _____, 2000, the Rainwire Board of Directors unanimously approved the Rainwire Partners, Inc. 2000 Stock Option Plan and determined that it was in the best interest of Rainwire and its shareholders. On the Record Date, the Board of Directors as a group held approximately _____ % of the voting stock of Rainwire.

REASONS FOR THE APPROVAL OF THE RAINWIRE BOARD

The Rainwire Board approved the Rainwire Partners, Inc. 2000 Stock Option Plan for the purpose of advancing our interests and those of our Stockholders by providing a means of attracting and retaining key employees, directors and consultants. The Rainwire Board believes that this Plan serves this purpose by encouraging and enabling key employees, directors and

consultants to participate in our future prosperity and growth by providing them with incentives and compensation based on our performance, development and financial success.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

The foregoing discussions of the information and factors considered and given weight by Rainwire's Board for the Reverse Split, Authorized Share Increase, Name Change and Stock Option Plan are not intended to be exhaustive. In view of the variety of factors considered in connection with its evaluation of the foregoing, the Rainwire Board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determination. In addition, individual members of the Rainwire Board may have given different weights to different factors.

CERTAIN SECURITIES LAWS CONSIDERATIONS

The common stock to be issued in the Share Exchange will be registered under the Securities Act of 1933, as amended (the "Securities Act"). These shares will be freely transferable under the Securities Act, except for common stock issued to any person who is deemed to be an affiliate of Oasis. Persons who may be deemed to be affiliates include individuals or entities that control, are controlled by, or are under common control with Oasis and include officers and directors, as well as principal stockholders.

Oasis' affiliates may not sell their Rainwire common stock acquired in the Share Exchange except pursuant to:

- an effective registration statement under the Securities Act covering the resale of those shares;
- under paragraph (d) of Rule 145 under the Securities Act; or
- any other applicable exemption under the Securities Act.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires directors, executive officers and 10% beneficial owners of any class of equity securities of Rainwire to file certain reports concerning their ownership of Rainwire's equity securities. Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Corporation during its most recently completed fiscal year, and Forms 5 and amendments thereto furnished to Rainwire with respect to its most recently completed fiscal year, the directors, officers and beneficial owners of 10% or more of any class of Rainwire's securities which failed to make the requisite filings on a timely basis are set forth below.

In the years prior to December 31, 2000, various officers, directors and control persons have failed to timely report under section 16(a) of the Exchange Act. Bryan M. Johns, Lyne Marchessault and Anguilla Equity Partners, Inc., who were Directors, Officers and/or 10% stockholders, failed to timely file reports under Section 16 of the Exchange Act with respect to the Company during the Company's 2000 fiscal year. In February 2001, Mr. Johns and

57

Ms. Marchessault each filed a Form 5 under Section 16 of the Exchange Act with respect to their holdings of relevant equity securities of the Company as of the end of the Company's 2000 fiscal year. Walter H. Elliott III, the Company's other officer and director as of December 31, 2000, had no transactions during the Company's 2000 fiscal year subject to Section 16 reporting.

Outstanding Stock and Appraisal Rights

RAINWIRE PARTNERS INC.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Rainwire presently has two classes of voting stock outstanding, its common stock, which has a par value of \$0.001, and its Series D Convertible Preferred Stock, which has a par value of \$0.01. As of the Record Date, there were 20,000,000 shares authorized and 9,909,886 shares of common stock outstanding, and 500,000 shares authorized and 500,000 shares of Series D Convertible Preferred Stock outstanding. The Majority of Stockholders held approximately 3,712,811 shares of Common Stock, or approximately 37.5% of Rainwire's issued and outstanding Common Stock, and 500,000 shares of Series D Convertible Preferred Stock, which equals 100% of Rainwire's issued and outstanding Series D Convertible Preferred Stock and which are entitled to 10 votes per share, for a total of 5,000,000 votes.

Each holder of Common Stock would normally be entitled to one vote in person or by proxy for each share of Common Stock in his or her name on the books of Rainwire, as of the Record Date, on any matter submitted to the vote of stockholders. However, under Section 228(a) of the Delaware Corporation Law, any action which may be taken at a stockholders' meeting may be taken by written consent of the requisite number of stockholders required to take such action. The approval of the Amendments to the Certificate of Incorporation and the Stock Exchange require the affirmative vote or written consent of a majority of Rainwire's outstanding Common Stock. On December 19, 2001, the Board of Directors and on December 20, 2001 the majority of stockholders, consented to the Amendments and Share Exchange.

This Information Statement is being provided for your information purposes only. This Information Statement also constitutes your notice of the availability to you of appraisal rights pursuant to Section 262 of the Delaware Corporation Law.

Under Section 262 of the Delaware Corporation Law, holders of record of Shares who do not wish to accept the terms of the Share Exchange have the right to seek an appraisal of the fair value of their Shares in the Delaware Court of Chancery (the "Delaware Court"). Holders of Shares wishing to assert this right must, on or before the twentieth day after the mailing of this Information Statement, make a written demand for the appraisal of their Shares to: Rainwire Partners, Inc., Attention: President, 2931 Piedmont Road, N.E., Monteith Commons, First Floor, Atlanta, GA 30305. The demand must reasonably inform the Corporation of the identity of the Stockholder making the demand as well as the intention of the Stockholder to demand an appraisal of the fair value of the Shares held by the Stockholder.

Only a holder of record of Shares, or a person duly authorized and explicitly purporting to act on his behalf, is entitled to assert an appraisal right for the Shares registered in his name. Beneficial owners who are not record holders and who wish to exercise appraisal are advised to

58

consult promptly with the appropriate record holders as to the timely exercise of appraisal rights. A record holder, such as a broker, who holds Shares as a nominee for others may exercise appraisal rights with respect to the Shares held for one or more beneficial owners, while not exercising such rights for other beneficial owners. In such a case, the written demand should set forth the number of Shares as to which the demand is made. Where no Shares are expressly mentioned, the demand will be presumed to cover all Shares held in the name of such record holder.

A demand for the appraisal of Shares owned of record by two or more joint holders must identify and be signed by, or on behalf of, all of the holders. A demand for appraisal signed by trustees, executors, administrators,

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity must so identify the persons signing the demand.

An appraisal demand may be withdrawn by a Stockholder within 60 days after the Effective Time by written withdrawal of his demand for an appraisal and an acceptance of the terms of the Share Exchange, or may be withdrawn thereafter with the written approval of the Corporation.

Only a holder of record of Shares on the date of the making of an appraisal demand with respect to such Shares who continuously holds such Shares through the Effective Time, who has otherwise complied with the requirements of Section 262 of the Delaware Corporation Law shall be entitled to an appraisal.

Within 120 days after the Effective Time (the "120-Day Period"), any remaining Stockholder who has properly demanded an appraisal and who has not withdrawn his demand as provided above (such Stockholders being referred to collectively as the "Dissenting Stockholders") and the Corporation each have the right to file in the Delaware Court a petition (the "Petition") demanding a determination of the fair value of the Shares held by all of the Dissenting Stockholders. If, within the 120-Day Period, no Petition shall have been filed as provided above, all rights to appraisal will be ascertained as of the date of the Share Exchange that throw any light on future prospects of the corporation. Section 262 of the Delaware Corporation Law provides that fair value is to be "exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation." In addition, Delaware courts have decided that the statutory appraisal remedy, depending on factual circumstances, may or may not be a dissenter's exclusive remedy. The costs of the appraisal proceeding may be determined by the Delaware Court and taxed upon the parties as the Delaware Court deems equitable in the circumstances. Upon application, the Delaware Court may also order that all or a portion of the expenses incurred by any former holder of Shares in connection with the appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expense of experts utilized in the appraisal proceeding, be charged pro rata against the value of all the Shares entitled to an appraisal. Determinations by the Delaware Court are subject to appellate review by the Delaware Supreme Court.

Dissenting Stockholders generally are permitted to participate in the appraisal proceedings. No appraisal proceeding in the Delaware Court shall be dismissed as to any Dissenting Stockholder without the approval of the Delaware Court, and this approval may be conditioned upon terms which the Delaware Court deems just.

59

From and after the Effective Time, Stockholders are not entitled to vote the Shares for any purpose and are not entitled to receive payment of dividends or other distributions on the Shares payable to stockholders of record thereafter.

The foregoing description is not, and does not purport to be, a complete summary of the applicable provisions of Section 262 of the Delaware Corporation Law and is qualified in its entirety by reference to the text of this provision which is set forth in its entirety in Annex B hereto. Any Former Stockholder considering demanding appraisal is advised to consult its own legal counsel.

OASIS GROUP, INC.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Oasis presently has only one class of voting stock outstanding, namely its common stock, no par value. As of the Record Date, there were 50,000,000 shares authorized and [] shares of common stock outstanding.

Oasis is soliciting the written consent of a majority of the shareholders of Oasis in favor of the Share Exchange. This Proxy Statement also constitutes your notice of the availability to you of appraisal rights pursuant to Article 13 of the Georgia Business Corporation Code.

Under Georgia law, our shareholders have the right to dissent from the Share exchange and to receive instead the fair value of their shares if the Share exchange is completed. Shareholders who dissent, however, will not receive the amount distributed to our shareholders in connection with the Share exchange and will forfeit their shares of our common stock for a value that may be higher or lower than the aggregate per share amount to be distributed in connection with the Share exchange. To exercise their dissenters' rights, shareholders must strictly adhere to the provisions of Georgia law governing dissenters' rights. The following is a summary of the procedures, that must be followed to exercise dissenters' rights, but we encourage all shareholders to read the full text of the relevant Georgia statutes, which are attached to this proxy statement as Annex B.

To exercise dissenters' rights, shareholders must deliver to us, before the vote on the Share Exchange is taken, a written notice of their intent to demand payment for their shares if the Share Exchange closes. In addition, shareholders exercising their dissenters' rights may not vote their shares in person or by proxy in favor of the Share Exchange Agreement and the related Share Exchange. A failure to vote on the Share Exchange Agreement and related Share Exchange will not in itself by a waiver of a shareholder's dissenters' rights. If the Share Exchange Agreement is approved at the annual meeting, we will send a written notice to all shareholders who exercised their dissenters' rights, which will include information on where shareholders must send their demands for payment and by when the demands must be received. After receiving this notice, dissenting shareholders must send timely written notice to us demanding payment and their share certificates. Any dissenting shareholders who do not timely send a demand to us will not be entitled to receive the fair value of their shares.

Within 10 days of the closing of the Share Exchange, we will send an offer to pay each dissenting shareholder who properly submitted a demand notice and his or her share certificates the amount we estimate to be the fair value of his or her shares, plus accrued interest from the

60

date of the closing of the Share Exchange. Shareholders who accept our written offers or who fail to respond to our offers will receive payment for their shares as set forth in our written offer within 60 days of our offer letter. Shareholders who believe that our payment offers do not represent the fair value of their shares or that the interest is incorrectly calculated may, within 30 days of receiving our offers, send us written notice of their own estimates of the fair value of their shares and the amount of interest due. If we are not able to reach agreement with any dissenting shareholder as to the fair value of his or her shares or the interest due, we will file a proceeding in the Fulton County Superior Court, and the court will decide the fair value of those shares and the interest due. Shareholders who elect to exercise their dissenters' rights and who receive the fair value of their shares will no longer be shareholders of our company after payment is made.

The fair value that a dissenting shareholder receives for each of his

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

or her shares may be higher or lower than the aggregate per share amount distributed in connection with the Share Exchange, and dissenting shareholders will forfeit their shares of our common stock.

SHAREHOLDER APPROVAL OF CERTAIN BUSINESS COMBINATIONS

Under Delaware and Georgia law, "business combinations" by corporations with "interested shareholders" are subject to a moratorium of three or five years, respectively, unless specified conditions are met. The prohibited transactions include a merger with, disposition of assets to, or the issuance of stock to, the interested shareholder, or specified transactions that have the effect of increasing the proportionate amount of the outstanding securities held by the interested shareholders. Under Delaware and Georgia law, interested shareholders are those shareholders who own 15% and 10% of the voting stock of a corporation, respectively. Interested shareholders may avoid the prohibitions against significant transactions with corporations in Delaware and Georgia under the following circumstances:

DELAWARE

- Prior to becoming an interested stockholder, the board of directors approves the transaction or transactions by which the stockholder becomes an interested stockholder;
- the interested stockholder owned at least 85% of the voting stock, excluding specified shares, upon consummation of the transaction that results in the stockholder becoming an interested stockholder; or
- if at, or subsequent to, the time the stockholder becomes an interested stockholder, the board of directors and at least 66 2/3% of the stockholders, excluding shares held by the interested stockholder, approve the transaction.

GEORGIA

- Prior to becoming an interested shareholder, the board of directors approves the transaction or transactions by which the shareholder becomes an interested shareholder;

- subsequent to becoming an interested shareholder, the interested shareholder holds 90% of the outstanding voting stock, excluding specified shares, and the transaction is approved by a majority of the shareholders of the voting stock entitled to vote thereon, excluding specified shares.

Georgia law also includes "fair price requirements" that would apply to any business combinations between Oasis and any interested shareholder. Business combinations with interested shareholders must be unanimously approved by at least three "continuing directors" of Oasis or recommended by at least 66-2/3% of such continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder. This vote is not required if: (1) the fair market value of the aggregate cash or securities to be received by the shareholders is as high as the fair market value of their shares; (2) the shareholders receive the same form of consideration as the interested shareholder previously paid for shares of the same class or series; (3) there are no changes with respect to dividends; and (4) the interested shareholder has not received the benefit of any loans, advances, guarantees, pledges or other financial assistance provided by eshare.

PLAN AND AGREEMENT TO EXCHANGE STOCK

THIS AMENDED AND RESTATED PLAN AND AGREEMENT TO EXCHANGE STOCK (this "Agreement") is made and entered into as of December 19, 2001, by and between RAINWIRE PARTNERS, INC., a Delaware corporation ("Rainwire"), and OASIS GROUP, INC., a Georgia corporation ("Oasis").

WHEREAS, Oasis and Rainwire intend to effect a reorganization pursuant to Section 368(a)(1)(B) of the Code (as hereinafter defined) whereby Rainwire will acquire all of the outstanding shares of stock of Oasis from the Oasis Shareholders in exchange for newly issued shares of common stock of Rainwire.

NOW, THEREFORE, for and in consideration of these premises and the mutual covenants, promises, agreements, representations and warranties set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Rainwire and Oasis hereby agree as follows:

ARTICLE I

THE SHARE EXCHANGE

SECTION 1.01. THE SHARE EXCHANGE. Upon the terms and subject to the conditions set forth in this Agreement, and in accordance with the Georgia Business Corporation Code ("GBCC") and the General Corporation Law of the State of Delaware ("DGCL"), Rainwire will acquire all of the outstanding shares of stock of Oasis from the Oasis Shareholders in exchange for validly issued, fully paid and nonassessable shares of common stock of Rainwire, and, after giving effect to all of the transactions contemplated by this Agreement, (a) the Rainwire shareholders and the Oasis Shareholders will jointly own all of the issued and outstanding shares of Rainwire and (b) Oasis will be a wholly-owned subsidiary of Rainwire (the "Share Exchange").

SECTION 1.02. TIME AND PLACE OF CLOSING. The "Closing" shall mean the consummation of the exchange of Rainwire Shares and the Oasis Shares, as set forth in Article III, as well as the consummation of any other transactions which are contemplated by this Agreement to occur at Closing. Closing shall take place no later than within three business days following the date upon which all of the conditions precedent contained in Articles VIII and IX of this Agreement have occurred and all regulatory matters have been complied with, at 10:00 a.m., local time, at the offices of Kutak Rock, LLP, Suite 2100, 225 Peachtree Street, N.E. Atlanta, Georgia 30303, or at such other time and place as the parties may agree in writing. The date the Closing actually occurs is the "Closing Date."

SECTION 1.03. EFFECTIVE TIME. Subject to the provisions of this Agreement, the parties shall file a Certificate of Share Exchange in such form as is required by, and executed in accordance with, the relevant provisions of the GBCC, including sec. 14-2-1105, and shall make all other filings or recordings required under the GBCC as soon as practicable on or after the Closing Date. The Share Exchange and other transactions contemplated by this Agreement shall become effective on the date and at the time the Certificate of Share Exchange reflecting the Share Exchange is duly filed with the Secretary of

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

State of the State of Georgia, or at such other time and date as Oasis, Rainwire, and the Oasis Shareholders shall agree and as specified in the Certificate of Share Exchange (the "Effective Time").

SECTION 1.04. AMENDMENT TO CERTIFICATE OF INCORPORATION. Prior to the Closing, Rainwire will effect a twenty-for-one reverse split of its authorized and outstanding common stock so that Rainwire will have approximately 495,495 shares of authorized common stock after the Reverse split (the "Reverse Split"), and after the Reverse Split shall amend its Amended and Restated Certificate of Incorporation to increase its authorized shares of common stock to 100,000,000 (the "Amendment"). Rainwire shall use its best efforts to obtain the written consent of the majority of the Rainwire Shareholders in favor of the Reverse Split and Amendment, and shall timely comply with all applicable state and federal laws in connection with the shareholder consent, including the filing and mailing of a Schedule 14C (or Registration

A-1

Statement on Form S-4) pursuant to the Securities Exchange Act of 1934 to all shareholders as of the record date that did not provide Rainwire with their written consent to the Reverse Split and Amendment.

ARTICLE II

MANNER OF CONVERTING SHARES

SECTION 2.01. SHARE EXCHANGE CONSIDERATION. Upon the terms and subject to the conditions of this Agreement, the Oasis Shareholders shall receive, as consideration for the Share Exchange of all of the issued and outstanding shares of Oasis's Common Stock, no par value ("Oasis Common Stock"), shares of the Common Stock, par value \$.001, of Rainwire ("Rainwire Common Stock"), such shares of Rainwire Common Stock to be issuable at the Closing in accordance with the terms of this Agreement. At the Effective Time, all such shares of Rainwire Common Stock shall be duly and validly issued, fully paid and nonassessable.

SECTION 2.02. CONVERSION OF SHARES. Subject to the provisions of this Article II, at the Effective Time, by virtue of the Share Exchange and without any action on the part of the parties hereto or the shareholders of any of the parties, each 2.5 shares of the Fully Diluted Shares of Oasis Common Stock issued and outstanding at the Effective Time shall, by virtue of the Share Exchange and without any action on the part of the holder thereof, automatically be converted into one (1) share of Rainwire Common Stock (the "Exchange Ratio"). "Fully Diluted Shares" shall be equal to the total number of outstanding shares of Oasis Common Stock calculated on a fully diluted, fully converted basis as though any and all convertible debt and equity securities (including any Oasis Preferred Stock and any outstanding warrants and outstanding options (whether vested or unvested)) had been converted or exercised into Common Stock. The Exchange Ratio shall not change as a result of fluctuations in the market price of Rainwire Common Stock between the date of this Agreement and the Effective Time. The aggregate number of shares of Rainwire Common Stock issued pursuant to this Section 2.02 shall be referred to as "Share Exchange Shares."

SECTION 2.03. ADJUSTMENTS TO EXCHANGE RATIO. The Exchange Ratio shall be equitably adjusted to reflect fully the effect of any stock split, reverse split, stock dividend (including any dividend or distribution of securities convertible into Rainwire Common Stock or Oasis Common Stock), reorganization, recapitalization or other like change with respect to Rainwire Common Stock or Oasis Common Stock occurring after the date of this Agreement and prior to the Effective Time. Any such change for which a record date is established shall be deemed for the purposes of this Section 2.03 to have occurred on the record date. Notwithstanding the foregoing, the Exchange Ratio shall not be adjusted

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

for any effects that the Stock Dividend and Amendment shall have on the Rainwire Common Stock.

SECTION 2.04. SHARES HELD BY OASIS. Each share of Oasis Common Stock held in treasury by Oasis, shall be canceled and retired at the Effective Time, and no consideration shall be issued in exchange therefor.

SECTION 2.05. FRACTIONAL SHARES. No certificates representing fractional shares of Rainwire Common Stock will be issued as a result of the Share Exchange. Any fractional share interest to which an Oasis Shareholder would otherwise be entitled to receive shall be rounded up to the nearest whole share if such fraction is 0.5 or greater and shall be rounded down to the nearest whole share if such fraction is less than 0.5.

ARTICLE III

EXCHANGE OF SHARES

SECTION 3.01. EXCHANGE AGENT. Rainwire's transfer agent shall serve as the exchange agent (the "Exchange Agent") in the Share Exchange.

A-2

SECTION 3.02. INSTRUCTIONS TO EXCHANGE AGENT. At or prior to the Effective Time, Rainwire shall give instructions to the Exchange Agent concerning the issuance of such certificates representing the aggregate number of shares of Rainwire Common Stock issuable pursuant to Section 2.02 in exchange for outstanding shares of Oasis Common Stock.

SECTION 3.03. EXCHANGE PROCEDURES. Upon surrender of a certificate for cancellation to the Exchange Agent, together with a letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such certificate shall be entitled to receive in exchange therefor a Rainwire certificate representing that number of whole shares of Rainwire Common Stock that such holder has the right to receive pursuant to the provisions of this Article III, and the certificate so surrendered shall forthwith be cancelled. Until surrendered as contemplated by this Section 3.03, each certificate shall be deemed at any time after the Effective Time to represent only the right to receive upon such surrender the Share Exchange Consideration that the holder thereof has right to receive pursuant to the provisions of this Article III. No interest will be paid or will accrue on any cash payable to holders of certificates pursuant to the provisions of this Article.

Rainwire shall not be obligated to deliver the consideration to which any Oasis Shareholder is entitled as a result of the Share Exchange until such holder surrenders his or her certificate or certificates representing the shares of Oasis Common Stock for exchange as provided in this Article III or such holder provides an appropriate affidavit regarding loss of such certificate or agreement and an indemnification in favor of Rainwire pursuant to Section 3.07 hereof.

SECTION 3.04. RIGHTS OF FORMER OASIS OWNERS. At the Effective Time, the stock transfer books of Oasis shall be closed and no transfer of Oasis Common Stock by any such holder shall thereafter be made or recognized. Until surrendered in accordance with the provisions of Section 3.03 of this Agreement, each certificate theretofore representing shares of Oasis Common Stock (other than shares to be canceled pursuant to Section 2.04 of this Agreement) shall from and after the Effective Time represent for all purposes only the right to receive the consideration provided in Section 2.01 of this Agreement in exchange therefor.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

SECTION 3.05. NO FURTHER OWNERSHIP RIGHTS IN OASIS STOCK. All shares of Rainwire Common Stock issued upon the surrender for exchange of shares of Oasis Common Stock in accordance with the terms hereof shall be deemed to have been issued in full satisfaction of all rights pertaining to such shares of Oasis Common Stock, and there shall be no further registration of transfers on the records of Oasis of shares of Oasis Common Stock which were outstanding immediately prior to the Effective Time.

SECTION 3.06. NO LIABILITY. None of Rainwire, Oasis, the Exchange Agent or any party hereto shall be liable to any Person in respect of any shares of Rainwire Common Stock properly delivered to a public official pursuant to any applicable abandoned property, escheat or similar law.

SECTION 3.07. LOST CERTIFICATES. If any certificate representing Oasis Common Stock shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such certificate to be lost, stolen or destroyed and, if required by Rainwire, the posting by such Person of a bond in such reasonable amount as Rainwire may direct as indemnity against any claim that may be made against either of them with respect to such certificate, the transfer agent will issue in exchange for such lost, stolen or destroyed certificate the Share Exchange Consideration and unpaid dividends and distributions on shares of Rainwire Common Stock deliverable in respect thereof, in each case pursuant to this Agreement.

SECTION 3.08. WITHHOLDING RIGHTS. Rainwire shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of Rainwire Common Stock such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code and the rules and regulations promulgated thereunder, or any provision of state, local or foreign tax law. To the extent that amounts are so withheld by Rainwire such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of Oasis Common Stock in respect of which such deduction and withholding was made by Rainwire.

A-3

SECTION 3.09. FURTHER ASSURANCES. At and after the Effective Time, the officers and directors of Rainwire shall be authorized to execute and deliver, in the name and on behalf of Oasis, any deeds, bills of sale, assignments or assurances and to take and do, in the name and on behalf of Oasis, any other actions and things to vest, perfect or confirm of record or otherwise in Oasis any and all right, title and interest in, to and under any of the rights, properties or assets acquired or to be acquired by Oasis as a result of, or in connection with, the Share Exchange.

SECTION 3.10. NO FRACTIONAL SHARES. No certificates or scrip representing fractional shares of Rainwire Common Stock shall be issued upon the surrender for exchange of certificates, no dividend or distribution of Rainwire Common Stock shall relate to such fractional share interests and such fractional share interests will not entitle the owner thereof to vote or to any rights as a Stockholder of Rainwire. The procedure with respect to fractional shares is set forth in Section 2.05 hereof.

ARTICLE IV

FURTHER TERMS AND COVENANTS

SECTION 4.01. PREPARATION OF REGISTRATION STATEMENT. As promptly as reasonably practicable following the date of this Agreement, Rainwire and Oasis shall prepare and file with the SEC a mutually acceptable Information

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Statement/Proxy Statement (the "Information/Proxy Statement") and Rainwire shall prepare and file with the SEC a Registration Statement on Form S-4 in which the Information/ Proxy Statement will be included as a prospectus (such Registration statement, and any amendments or supplements thereto, the Form "S-4"). Rainwire agrees to provide Oasis with a reasonable opportunity to review and comment on the Form S-4 before filing with the SEC. Each of Rainwire and Oasis shall use commercially reasonable efforts (a) to request, within twenty-four (24) hours of receiving oral or written notification by the SEC that it has no further comments on the Form S-4, that the effective date of the Form S-4 be accelerated so that the Form S-4 become effective as promptly and as practicable thereafter, (b) to otherwise have the Form S-4 declared effective by the SEC as promptly as practicable, (c) to keep the Form S-4 effective as long as is necessary to consummate the Share Exchange and the transactions contemplated thereby. Rainwire and Oasis shall, as promptly as practicable after receipt thereof, (i) provide the other party copies of any written comments and advise the other party of any oral comments received from the SEC relating to matters being considered by the SEC in connection with its review, if any, of the Form S-4 and (ii) respond to such comments by filing with the SEC a proper response and, if necessary or desirable, an amendment to the Form S-4. Rainwire and its counsel shall be responsible for the preparation and filing of the Form S-4, provided, however, that Oasis and its counsel shall promptly provide such information, draft and provide to Rainwire such portions of the Form S-4 and provide such other assistance with respect to the preparation and filing of the Form S-4 as Rainwire may from time to time reasonably request. Notwithstanding any other provision herein to the contrary, no portion of the Form S-4 or any amendment or supplement thereto nor any response to comments relating thereto may be filed with the SEC, and no document or portion thereof may be incorporated by reference into the Form S-4, without the prior approval of both Rainwire and Oasis, which approval shall not be unreasonably withheld or delayed. Oasis will use commercially reasonable efforts to cause the Form S-4 to be mailed to Oasis' stockholders as soon as practicable after the Form S-4 is declared effective by the SEC. Rainwire shall take any action (other than qualifying to do business in any jurisdiction in which it is not now so qualified or to file a general consent to service of process) required to be taken under any applicable state securities laws in connection with the issuance of the shares of Rainwire Common Stock to be issued in the Share Exchange (the "Share Issuance") and Oasis shall furnish all information concerning Oasis and the holders of Oasis Common Stock as may be reasonably requested in connection with any such action. Each party will advise the other party, promptly after it receives notice thereof, of the time when the Form S-4 has been declared effective by the SEC, the issuance by the SEC or any state securities regulatory authority of any stop order or threatened stop order relating to the Form S-4, the suspension of the qualification of the Rainwire Common Stock issuable in connection with the Share Exchange for offering or sale in any jurisdiction, any request by the SEC or any state securities regulatory authority to respond to an inquiry, to provide any information on a supplemental basis, to amend or

A-4

supplement any document incorporated by reference into the Form S-4 (regardless of whether the document which is the subject of such request was filed by the party who is to receive notice as provided above), or any request by the SEC to amend or supplement the Form S-4; in each case, together with all of the facts and circumstances known to the notifying party relating to the event or events which has or have given rise to the obligation to provide such notification. If at any time prior to the Effective Time either Rainwire or Oasis becomes aware that any information including, without limitation, information relating to Rainwire or Oasis, or any of their respective affiliates, officers or directors, has either been misstated in, or omitted from, the Form S-4, the party who has become aware of such misstatement or omission shall promptly advise the other party and Rainwire and Oasis shall cooperate with one another in the preparation

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

and filing, as soon as reasonably practicable, of an amendment or supplement to the Form S-4 so that following the filing of such amendment or supplement, the Form S-4 (including any documents incorporated by reference therein) would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

SECTION 4.02. OASIS SHAREHOLDER APPROVAL.

(a) As soon as reasonably practicable after the date on which the Form S-4 has been declared effective by the SEC, Oasis shall take all actions required by the GBCC and Regulations 14A and 14C promulgated under the Exchange Act to call, give notice of, solicit proxies with respect to, convene and hold a meeting of its stockholders for the purpose of obtaining the Required Oasis Vote (the "Oasis Stockholder Meeting").

(b) In connection with obtaining the Required Oasis Vote, the Board of Oasis will not withdraw, modify or qualify the Oasis Recommendation in a manner adverse to Rainwire (any such withdrawal, modification or qualification, a "Change") or take any action in connection with or make any statement at the Oasis Stockholder Meeting which is inconsistent with the Oasis Recommendation or would reasonably be expected to diminish the likelihood of obtaining the Required Oasis Vote.

(c) Oasis shall also take all action required under the GBCC with respect to the holders of Dissenting Shares, if any; and

(d) Oasis shall cooperate with Rainwire in mailing to Oasis' shareholders a transmittal letter to be used by such shareholders in forwarding their certificates for surrender and exchange.

SECTION 4.03. RAINWIRE SHAREHOLDER APPROVAL. Rainwire shall take all actions required by the DGCL and Regulations 14A and 14C promulgated under the Exchange Act to obtain the consent of a majority of its shareholders in favor of the Share Exchange and Amendments and to notify the remaining shareholders of the actions taken by the majority.

SECTION 4.04. NEW OFFICERS AND DIRECTORS. Upon Closing, Lyne Marchessault will resign as President of Rainwire, and Ronald A. Potts will be appointed President and Chief Executive Officer of Rainwire. Additionally, upon Closing, Ronald A. Potts will be appointed to the Board of Directors of Rainwire, and the number of directors constituting Rainwire's Board of Directors will be increased to a total of five (5) directors.

All policies listed on Schedule 5.15 will be outstanding and duly in force at the Closing Date, the premiums payable in respect of such policies have been paid or will be paid in full prior to the closing date, and none of such policies provide for any retrospective premium adjustment or other experience based liability on the part of Oasis. accountants, consultants, independent contractors or other representatives of Oasis, each of whom is obligated (by contract, employment policy, cannons of ethics or the like) to maintain the confidentiality of such information.

(c) The consummation of the transactions contemplated hereby will not result in the loss or impairment of the right of Rainwire or any of its successors to own, use, license or sublicense any of the Intellectual Property currently owned, used, licensed or sublicensed by Oasis nor will it require the consent of any Authority or third party in respect of any such Intellectual Property and no present or former employee, or officer of Oasis has any right, title or interest, directly or indirectly, in whole or in part, in any Intellectual Property.

SECTION 5.19. REQUIRED VOTE OF OASIS SHAREHOLDERS. (b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to sec. 251 (other than a merger effected pursuant to sec. 251(g) of this title), sec. 252, sec. 254, sec. 257, sec. 258, sec. 263 or sec. 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of sec. 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required

by the terms of an agreement of merger or consolidation pursuant to secs. 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

B-1

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under sec. 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to sec. 228 or sec. 253 of this title, each constituent corporation, either before the effective date of the merger or consolidation or within ten days thereafter, shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section; provided that, if the notice is given on or after the effective date of the merger or consolidation, such notice shall be given by the surviving or resulting corporation to all such holders of any class or series of stock of a constituent corporation that are entitled to appraisal rights. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the

B-2

facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has

B-3

submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

(a) A record shareholder of the corporation is entitled to dissent from, and obtain payment of the fair value of his shares in the event of, any of the following corporate actions:

(A) If approval of the shareholders of the corporation is required for the merger by Code Section 14-2-1103 or 14-2-1104 or the articles of incorporation and the shareholder is entitled to vote on the merger; or

(B) If the corporation is a subsidiary that is merged with its parent under Code Section 14-2-1104;

B-5

(C) Alters or abolishes a preemptive right of the holder of the shares to acquire shares or other securities;

(D) Excludes or limits the right of the shares to vote on any matter, or to cumulate votes, other than a limitation by dilution through issuance of shares or other securities with similar voting rights;

(b) A shareholder entitled to dissent and obtain payment for his shares under this article may not challenge the corporate action creating his entitlement unless the corporate action fails to comply with procedural requirements of this chapter or the articles of incorporation or bylaws of the corporation or the vote required to obtain approval of the corporate action was obtained by fraudulent and deceptive means, regardless of whether the shareholder has exercised dissenter's rights.

(c) Notwithstanding any other provision of this article, there shall be no right of dissent in favor of the holder of shares of any class or series which, at the record date fixed to determine the shareholders entitled to receive notice of and to vote at a meeting at which a plan of merger or share exchange or a sale or exchange of property or an amendment of the articles of incorporation is to be acted on, were either listed on a national securities exchange or held of record by more than 2,000 shareholders, unless:

(1) In the case of a plan of merger or share exchange, the holders of shares of the class or series are required under the plan of merger or share exchange to accept for their shares anything except shares of the surviving corporation or another publicly held corporation which at the effective date of the merger or share exchange are either listed on a national securities exchange or held of record by more than 2,000 shareholders, except for scrip or cash payments in lieu of fractional shares; or

(2) The articles of incorporation or a resolution of the board of directors approving the transaction provides otherwise.

SECTION 14-2-1303.

A record shareholder may assert dissenters' rights as to fewer than all the shares registered in his name only if he dissents with respect to all shares beneficially owned by any one beneficial shareholder and notifies the corporation in writing of the name and address of each person on whose behalf he

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

asserts dissenters' rights. The rights of a partial dissenter under this Code section are determined as if the shares as to which he dissents and his other shares were registered in the names of different shareholders.

SECTION 14-2-1320.

(a) If proposed corporate action creating dissenters' rights under Code Section 14-2-1302 is submitted to a vote at a shareholders' meeting, the meeting notice must state that shareholders are or may be entitled to assert dissenters' rights under this article and be accompanied by a copy of this article.

(b) If corporate action creating dissenters' rights under Code Section 14-2-1302 is taken without a vote of shareholders, the corporation shall notify in writing all shareholders entitled to assert dissenters' rights that the action was taken and send them the dissenters' notice described in Code Section 14-2-1322 no later than ten days after the corporate action was taken.

B-6

SECTION 14-2-1321.

(a) If proposed corporate action creating dissenters' rights under Code Section 14-2-1302 is submitted to a vote at a shareholders' meeting, a record shareholder who wishes to assert dissenters' rights:

(1) Must deliver to the corporation before the vote is taken written notice of his intent to demand payment for his shares if the proposed action is effectuated; and

(2) Must not vote his shares in favor of the proposed action.

(b) A record shareholder who does not satisfy the requirements of subsection (a) of this Code section is not entitled to payment for his shares under this article.

SECTION 14-2-1322.

(a) If proposed corporate action creating dissenters' rights under Code Section 14-2-1302 is authorized at a shareholders' meeting, the corporation shall deliver a written dissenters' notice to all shareholders who satisfied the requirements of Code Section 14-2-1321.

(b) The dissenters' notice must be sent no later than ten days after the corporate action was taken and must:

(1) State where the payment demand must be sent and where and when certificates for certificated shares must be deposited;

(2) Inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received;

(3) Set a date by which the corporation must receive the payment demand, which date may not be fewer than 30 nor more than 60 days after the date the notice required in subsection (a) of this Code section is delivered; and

(4) Be accompanied by a copy of this article.

SECTION 14-2-1323.

(a) A record shareholder sent a dissenters' notice described in Code

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Section 14-2-1322 must demand payment and deposit his certificates in accordance with the terms of the notice.

(b) A record shareholder who demands payment and deposits his shares under subsection (a) of this Code section retains all other rights of a shareholder until these rights are canceled or modified by the taking of the proposed corporate action.

(c) A record shareholder who does not demand payment or deposit his share certificates where required, each by the date set in the dissenters' notice, is not entitled to payment for his shares under this article.

SECTION 14-2-1324.

(a) The corporation may restrict the transfer of uncertificated shares from the date the demand for their payment is received until the proposed corporate action is taken or the restrictions released under Code Section 14-2-1326.

(b) The person for whom dissenters' rights are asserted as to uncertificated shares retains all other rights of a shareholder until these rights are canceled or modified by the taking of the proposed corporate action.

SECTION 14-2-1325.

(a) Except as provided in Code Section 14-2-1327, within ten days of the later of the date the proposed corporate action is taken or receipt of a payment demand, the corporation shall by notice to each

B-7

dissenter who complied with Code Section 14-2-1323 offer to pay to such dissenter the amount the corporation estimates to be the fair value of his or her shares, plus accrued interest.

(b) The offer of payment must be accompanied by:

(1) The corporation's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, an income statement for that year, a statement of changes in shareholders' equity for that year, and the latest available interim financial statements, if any;

(2) A statement of the corporation's estimate of the fair value of the shares;

(3) An explanation of how the interest was calculated;

(4) A statement of the dissenter's right to demand payment under Code Section 14-2-1327; and

(5) A copy of this article.

(c) If the shareholder accepts the corporation's offer by written notice to the corporation within 30 days after the corporation's offer or is deemed to have accepted such offer by failure to respond within said 30 days, payment for his or her shares shall be made within 60 days after the making of the offer or the taking of the proposed corporate action, whichever is later.

SECTION 14-2-1326.

(a) If the corporation does not take the proposed action within 60 days after the date set for demanding payment and depositing share certificates, the corporation shall return the deposited certificates and release the transfer

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

restrictions imposed on uncertificated shares.

(b) If, after returning deposited certificates and releasing transfer restrictions, the corporation takes the proposed action, it must send a new dissenters' notice under Code Section 14-2-1322 and repeat the payment demand procedure.

SECTION 14-2-1327.

(a) A dissenter may notify the corporation in writing of his own estimate of the fair value of his shares and amount of interest due, and demand payment of his estimate of the fair value of his shares and interest due, if:

(1) The dissenter believes that the amount offered under Code Section 14-2-1325 is less than the fair value of his shares or that the interest due is incorrectly calculated; or

(2) The corporation, having failed to take the proposed action, does not return the deposited certificates or release the transfer restrictions imposed on uncertificated shares within 60 days after the date set for demanding payment.

(b) A dissenter waives his or her right to demand payment under this Code section and is deemed to have accepted the corporation's offer unless he or she notifies the corporation of his or her demand in writing under subsection (a) of this Code section within 30 days after the corporation offered payment for his or her shares, as provided in Code Section 14-2-1325.

(c) If the corporation does not offer payment within the time set forth in subsection (a) of Code Section 14-2-1325:

(1) The shareholder may demand the information required under subsection (b) of Code Section 14-2-1325, and the corporation shall provide the information to the shareholder within ten days after receipt of a written demand for the information; and

(2) The shareholder may at any time, subject to the limitations period of Code Section 14-2-1332, notify the corporation of his own estimate of the fair value of his shares and the amount of interest due and demand payment of his estimate of the fair value of his shares and interest due.

B-8

SECTION 14-2-1330.

(a) If a demand for payment under Code Section 14-2-1327 remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60 day period, it shall pay each dissenter whose demand remains unsettled the amount demanded.

(b) The corporation shall commence the proceeding, which shall be a nonjury equitable valuation proceeding, in the superior court of the county where a corporation's registered office is located. If the surviving corporation is a foreign corporation without a registered office in this state, it shall commence the proceeding in the county in this state where the registered office of the domestic corporation merged with or whose shares were acquired by the foreign corporation was located.

(c) The corporation shall make all dissenters, whether or not residents of

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

this state, whose demands remain unsettled parties to the proceeding, which shall have the effect of an action quasi in rem against their shares. The corporation shall serve a copy of the petition in the proceeding upon each dissenting shareholder who is a resident of this state in the manner provided by law for the service of a summons and complaint, and upon each nonresident dissenting shareholder either by registered or certified mail or statutory overnight delivery or by publication, or in any other manner permitted by law.

(d) The jurisdiction of the court in which the proceeding is commenced under subsection (b) of this Code section is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decision on the question of fair value. The appraisers have the powers described in the order appointing them or in any amendment to it. Except as otherwise provided in this chapter, Chapter 11 of Title 9, known as the "Georgia Civil Practice Act," applies to any proceeding with respect to dissenters' rights under this chapter.

(e) Each dissenter made a party to the proceeding is entitled to judgment for the amount which the court finds to be the fair value of his shares, plus interest to the date of judgment.

SECTION 14-2-1331.

(a) The court in an appraisal proceeding commenced under Code Section 14-2-1330 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court, but not including fees and expenses of attorneys and experts for the respective parties. The court shall assess the costs against the corporation, except that the court may assess the costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under Code Section 14-2-1327.

(b) The court may also assess the fees and expenses of attorneys and experts for the respective parties, in amounts the court finds equitable:

(1) Against the corporation and in favor of any or all dissenters if the court finds the corporation did not substantially comply with the requirements of Code Sections 14-2-1320 through 14-2-1327; or

(2) Against either the corporation or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this article.

(c) If the court finds that the services of attorneys for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to these attorneys reasonable fees to be paid out of the amounts awarded the dissenters who were benefited.

B-9

SECTION 14-2-1332.

No action by any dissenter to enforce dissenters' rights shall be brought more than three years after the corporate action was taken, regardless of whether notice of the corporate action and of the right to dissent was given by the corporation in compliance with the provisions of Code Section 14-2-1320 and Code Section 14-2-1322.

PART I

DESCRIPTION OF BUSINESS.

RECENT DEVELOPMENTS

In February, 2001, Rainwire Partners, Inc. ("Rainwire" or the "Company") and Oasis Group, Inc., a Georgia corporation ("Oasis"), began discussions concerning the use of Rainwire as a reverse merger vehicle to position Oasis in the public market. These initial discussions did not result in any agreements.

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

After exploring similar agreements with other parties, the Company re-entered discussions with Oasis in July, 2001.

On August 29, 2001, Rainwire and Oasis completed negotiations and the Oasis Share Exchange Agreement was signed. It is a non-binding agreement subject to the completion of due diligence and exchange of Schedules outlined in the Oasis Share Exchange Agreement. Prior to the Closing, Rainwire plans to increase its authorized common stock and reverse split its present outstanding shares.

The Company is seeking shareholder approval of the Oasis Share Exchange Agreement and the transactions contemplated by it. The consent of persons holding a simple majority (over 50%) of the outstanding Company common stock is needed to approve the closing of the transaction and authorization of the other transactions identified. Because current management owns greater than 50% of the outstanding Company common stock, the Company expects to receive the necessary shareholder approval and intends to prepare an Information Statement on Form 14C to inform the remaining shareholders of the majority's decision. The Company expects to mail the Information Statement to its shareholders on or about November 25, 2001, and believes that the transaction will close on or about December 15, 2001.

Upon execution of the Oasis Share Exchange Agreement, Walter H. Elliott, the President and a director of the Company resigned, and Ronald A. Potts was elected to the Board of Directors of the Company and was appointed President and Chief Executive Officer of the Company. Additionally, Mike McLaughlin and John Hill were elected to the Board of Directors and Peggy Evans was appointed Chief Financial Officer.

Furthermore, upon execution of the Share Exchange Agreement, the Company issued 12,000,000 shares of its common stock to Osprey Investments, LLC (of which Lyne Marchessault is the sole member) in satisfaction of loans in the principal amount of \$60,000.

BUSINESS DEVELOPMENT.

The Company was incorporated on May 10, 1991 in Delaware for the purpose of consolidating the operations of Azimuth, Inc. (a fully accredited AIHA Industrial Hygiene Laboratory for testing asbestos, metals and organic vapors) and certain of its former environmental products businesses and acquiring the assets of four general partnerships which were then leasing real estate and laboratory and other equipment to Azimuth and the products businesses. The Company formerly had three operating subsidiaries: Trico Environmetrics, Inc. ("Trico"), Envirometrics Products Company ("EPC") and Azimuth, Inc.

In 1996, the Company entered into a "Turnaround" phase, and all of the Company's former operations were divested by the year 2000.

During the course of the Company's "Turnaround" phase, the Company explored alternative plans for growth that included the identification of companies in other markets which had greater growth potential than the Environmental, Health and Safety Market. In September, 1999, the Company was introduced to The Catapult Group, Inc., a Georgia corporation ("Catapult"), which was an Internet integration firm offering intelligent end-to-end e-business solutions to large and middle-market organizations. In February 2000, the Company and Catapult reached terms that each felt were fair to the parties and entered into a non-binding agreement whereby Rainwire would acquire Catapult, which became binding on March 8, 2000.

D-2

Prior to the closing of the Catapult Exchange Agreement, on July 26, 2000,

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Registrant effected a 10:1 reverse split of its outstanding common stock, issued 5,555,064 shares of its common stock to purchase all of the outstanding common stock of Catapult, changed its name to The Catapult Group, Inc. and increased its authorized shares from Ten Million (10,000,000) to Twenty Million (20,000,000). An amendment to Registrant's Certificate of Incorporation reflecting such changes was filed with the Secretary of State of Delaware on July 26, 2000. Upon completion of the Catapult Exchange Agreement, Catapult became a wholly owned subsidiary of the Company and the shareholders of Catapult became owners of approximately 90% of the outstanding shares of Common Stock of the Company. The Company subsequently changed its name to Rainwire Partners, Inc.

On December 31, 2000, management adopted a plan to discontinue the operations of the Company and to liquidate its assets.

BUSINESS OF ISSUER.

Upon completion of the Share Exchange with The Catapult Group, Inc., Rainwire's business became that of an Internet integration firm offering intelligent end-to-end e-business solutions to large and middle-market organizations. However, as of December 31, 2000, Rainwire adopted a plan to discontinue the operations of the Company and to liquidate its assets. Additionally, as of that date, Rainwire began to explore alternative plans for growth, which included the identification of companies in markets that had greater growth potential than the market for e-business solutions.

On August 29, 2001, Rainwire entered into a Share Exchange Agreement with Oasis. Upon completion of the Share Exchange, Rainwire's business will consist of the business plan of Oasis, which includes the acquiring, owning and developing of parcels of undeveloped property and a residential mortgage operation.

Presently, the Company has no full-time employees other than executive officers. The Company had 20 employees at December 31, 2000.

D-3

LEGAL PROCEEDINGS.

The Company is involved with several legal actions, principally as defendant. These actions involve outstanding liabilities of the Company including those of subsidiaries. Following are four such actions.

Azimuth Laboratory, Inc., a subsidiary of EVRM, generated hazardous waste during the time of its operations which ceased in April, 2000. According to a former landlord, Azimuth was responsible for a hazardous waste cleanup on the leased premises, and he is seeking recovery of approximately \$130,000, including the cleanup and remaining payments due under the terms of the lease agreement which is to expire in December, 2001. A motion for summary judgment is expected to be heard by the end of 2001. Only the remaining lease obligation of \$66,271 has been recorded as of December 31, 2000.

As of December 31, 2000, a judgment against the Company was obtained by the holder of the remaining Series C redeemable preferred stock for \$21,666 relating to the failure by the Company to redeem 8,333 of those shares and to pay dividends when due. Substantially all of that amount was recorded as of December 31, 2000.

IOS Capital, Inc. has made a demand to Rainwire for sums defaulted upon as a result of an equipment lease signed by Rainwire in February, 1997. IOS Capital indicated that they would compromise the amounts owed for the sum of \$15,479.20 in full satisfaction of the claim; however, Rainwire failed to make the payment by the required date.

An action has been filed and reduced to a judgment against Rainwire Partners, Inc. by H.E. Igoe in the amount of \$21,665.96 filed on June 25, 2001. This matter involved a share purchase agreement between Rainwire and Igoe.

SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

On May 18, 2000 the Company filed a definitive Information Statement soliciting consents from its shareholders concerning four (4) matters:

1. Reverse split of the outstanding shares 10:1;
2. Increase of the Authorized Shares from 10 million to 20 million;
3. Corporate name change to the Catapult Group, Inc.; and
4. Consent to consummate the share exchange with the Catapult Group.

On June 8, 2000 the Company's transfer agent, Continental Stock Transfer & Trust Company suspended the consent count because a majority (approximately 60%) of the consents had been returned. The transfer agent then issued the Company a confirmation letter tabulating the consent count, 3,264,363 votes were received with greater than 99% giving consent to the transactions outlined in the Information Statement.

No other matters were submitted to our security holders for a vote during

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

the fiscal year ending December 31, 2000.

PART II

MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

MARKET INFORMATION.

The Company's Common Stock has been publicly traded separately and was initially quoted on the Nasdaq Smallcap Market ("Nasdaq") under the symbol "EVRM" on August 12, 1994. Upon the divestiture of the Trico subsidiary the Company fell below the listing requirements of Nasdaq. On December 3, 1996, the Company's common stock and warrants were delisted from The Nasdaq SmallCap Market and were subsequently traded on Over the Counter Bulletin Board. On January 4, 1999, the

D-4

Securities and Exchange Commission (SEC) approved amendments to NASD Rules 6530 and 6540 to limit quotations on the OTC Bulletin Board(R) ("OTCBB") to the securities of companies that report their current financial information to the SEC. On November 18, 1999, the Company's common stock and warrants were delisted from the OTCBB because of failure to have the required SEC periodic filings submitted by that date. As of that date, price Quotations could be found on Electronic Pink Sheets (the "Pink Sheets"). On January 28, 2000 the Company brought its filings with the SEC current, thus meeting the requirements for re-listing on the OTCBB. On March 21, 2000 the Company's common stock began trading on OTCBB. On August 1, 2000, the Company received a new symbol from NASDAQ. As of that date, Rainwire was traded on the OTCBB under the symbol RNWR. In 2001, the Company's common stock was again delisted from the OTCBB because of the Company's failure to file its required SEC periodic filings. On October 19, 2001, the last sale price of a share of the Company's common stock on the Pink Sheets was \$0.08.

The following table sets forth the high and low bid prices for the Common Stock as reported in the trading media and for the periods reflected above for each fiscal quarter commencing January, 1999 through December, 2000. DIVIDENDS.

The Company has never paid dividends on its Common Stock and does not anticipate that it will do so in the foreseeable future. For the foreseeable future any future earnings or funds otherwise available, if any, for the payment of dividends will be used to pay dividends on the outstanding Preferred Stock or for reinvestment in the Company's business. Any future determination to pay cash dividends on the Common Stock will be at the discretion of the Board of Directors and will reflect such other factors (including contractual requirements) as the Board of Directors deem relevant.

In April, 2000, all of the Series A and B preferred shares, and 2/3 of the Series C preferred shares were converted into common stock of the Company, including accrued dividends. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This 10-KSB contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this 10-KSB are "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, certain risks associated with the closing of the Oasis transaction described herein, government regulation, and general economic and business conditions. Actual events, circumstances, effects and results may be materially different from the results, performance or achievements expressed or implied by the forward-looking statements. Consequently, the forward-looking statements contained herein should not be regarded as representations by the Company or any other person that the projected outcomes can or will be achieved.

The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements and Notes thereto, appearing elsewhere in this Form 10-KSB.

GENERAL OVERVIEW

On July 26, 2000 the former company, Environmetrics, Inc. exchanged approximately ninety percent of newly issued restricted common stock for all of the outstanding common stock of The Catapult Group, Inc. On that date, the name was changed to Rainwire Partners, Inc. for both The Catapult Group, Inc. and the former company. As of the date of the exchange, the former company's net assets were written down to a fair market value, as required under generally accepted accounting principles. The previous historical financial data of The Catapult Group, Inc. was carried forward since Catapult is considered the accounting acquirer; therefore the following comments pertain to the historical financial statements of The Catapult Group, Inc. and i20, Inc., including the net assets acquired as mentioned above.

RESULTS OF OPERATIONS.

Year ended December 2000 Compared to year ended December 1999

The company lost \$419,028 for 1999 compared to a loss of \$1,494,708 in 2000. In addition, in 2000 the company recorded a loss on the disposal of the business of \$578,191. The decision was made on

D-7

December 31, 2000 to discontinue the operations of the company; accordingly the financial statements for 1999 reflect the operating loss as a discontinued loss for comparative purposes.

The company commenced its operation in July, 1999 and acquired i20, Inc. in

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

August, 1999. i20, Inc.'s planned operations for the period subsequent to its purchase was the basis for the company paying approximately \$500,000 more than the fair value of the assets acquired at that date. The loss from discontinued operations in year 2000, includes not only a write off of the unamortized balance of Goodwill of approximately \$460,000 but unsuccessful efforts to sustain the business during the period when dot.com companies were failing. The loss on the disposal of the business in 2000 consists mainly of forward looking expenses, which were obligations of the company as of December 2000 and obligation incurred as a result of that decision.

FINANCIAL CONDITION.

The company's audit report for the year 2000 discloses a "going" concern paragraph in reference to the company's concern for continuing its existence in the future. This concern is highlighted by the fact that the company has negative working capital of approximately \$1,100,000, a deficit since inception of approximately \$2,500,000 and a deficit in stockholders equity of approximately \$1,160,000. There are a number of legal actions against the company for failure to honor its commitments, which includes an obligation of the company incurred by Environmetrics, Inc., Azimuth Laboratories, Inc.

CERTAIN RISK FACTORS.

Rainwire Partners, Inc. has entered into a Plan and Agreement to Exchange Stock by and among Rainwire, Oasis Group, Inc. and the Shareholders of Oasis (the "Oasis Share Exchange Agreement"). As a result of the Oasis Share Exchange Agreement, Oasis will become a wholly-owned subsidiary of Rainwire. Oasis faces various risks that may prevent Oasis from implementing its business plan. If any of the following risks actually occur, Oasis' business, financial condition or results of operations could be materially harmed. If Oasis' business is harmed, the trading price of Rainwire's Common Stock could decline and you could lose all or part of your investment.

BECAUSE OF OUR LACK OF FUNDS AND PAST LOSSES, OUR INDEPENDENT ACCOUNTANT'S AUDIT REPORT STATES THAT THERE IS SUBSTANTIAL DOUBT ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN.

Rainwire's independent certified public accountants have raised substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern is highly dependent upon obtaining additional financing for our planned operations, and/or achieving profitable operations. If we are unable to obtain additional financing in sufficient amounts or on acceptable terms, our operating results and prospects could be adversely affected.

WE HAVE INCURRED SIGNIFICANT LOSSES.

As of December 31, 2000, the end of our most recent fiscal year, we had incurred significant losses. Additionally, as of December 31, 2000, Rainwire adopted a plan to discontinue the operations of the Company and to liquidate its assets. Accordingly, we expect to continue incurring operating losses until we are able to derive meaningful revenues from Oasis' anticipated operations. There can be no assurance that Oasis' anticipated operations will ever produce profitable operations or that we will be able to continue to obtain financing until Oasis is able to produce profitable operations. Because of the substantial start-up costs that must be incurred by a new company, we expect to incur significant operating losses during the initial years of Oasis' operations. No assurance can be given that the future operations of Oasis will be successful.

CURRENT RAINWIRE SHAREHOLDERS WILL SUFFER IMMEDIATE AND SUBSTANTIAL DILUTION UNDER TERMS OF THE SHARE EXCHANGE AGREEMENT.

Under the terms of the Oasis Share Exchange Agreement, Rainwire will effect

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

a reverse split of its current issued and outstanding common stock and will issue shares of the Company's Common Stock to the shareholders of Oasis. As a result, current shareholders of Rainwire will suffer substantial dilution.

D-8

In addition, under the terms of the Oasis Share Exchange Agreement, Rainwire will amend its Certificate of Incorporation to increase its authorized shares of Common Stock to One Hundred Million (100,000,000). The Company's ability to issue additional shares of Common Stock after the completion of the Oasis Share Exchange will subject current Rainwire shareholders to additional dilution.

OASIS IS A DEVELOPMENT STAGE COMPANY AND HAS NO SIGNIFICANT OPERATING HISTORY.

Oasis was founded on November 16, 1999, and to date has had no business operations. As of the date of this annual report, Oasis has not had any revenue producing operations on which you can evaluate its potential for future success. Oasis' activities to date have been limited to conducting a private offering of its securities and entering into agreements or letters of intent concerning various real property, a mortgage brokerage company and an aviation company. As a development stage company, Oasis is subject to all risks, expenses, and uncertainties frequently encountered by new companies. Any unanticipated expenses, problems, or difficulties may result in material delays both in the completion of the Oasis Share Exchange and in implementing Oasis' business plan.

WE MAY BE UNABLE TO RAISE ADDITIONAL FUNDING TO PURSUE OUR STRATEGIES WHICH MAY HARM OUR BUSINESS

The Company anticipates the need for additional capital as it pursues its business strategy. The Company expects to raise additional capital through a combination of new debt issuances and equity sales, from private as well as public sources. Issuance of new debt and/or the sale of equity will likely have a dilutive effect on the Company and its shareholders. Implementation of the Company's strategy and its business plans is contingent upon the availability of such funding sources. No assurance can be given that the Company will be able to raise debt or equity capital, at terms that are acceptable to the Company, or at all, in order to fund its operations as set forth above.

OASIS' BUSINESS PLAN MAY NEVER BE IMPLEMENTED.

Oasis' business plan includes the acquiring, owning and developing of parcels of undeveloped property and a residential mortgage operation. Oasis has entered into agreements or letters of intent concerning various real property, a mortgage brokerage company and an aviation company; however, there is no assurance that any of the transactions contemplated by the agreements will ever be completed.

WE DO NOT ANTICIPATE PAYING ANY DIVIDENDS IN THE FORESEEABLE FUTURE.

We presently anticipate that we will retain all available funds for use in the operation and expansion of our business and do not anticipate paying any dividends in the foreseeable future. OUR COMMON STOCK CURRENTLY TRADES ON THE PINK SHEETS(R) AND, AS A RESULT, THERE MAY BE LIMITED TRADING VOLUME IN THE STOCK, AS WELL AS A GREATER SPREAD

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

BETWEEN "BID" AND "ASKED" PRICES.

Our common stock currently trades on the Pink Sheets(R), a quotation service operated by Pink Sheets, LLC. The Pink Sheets(R) does not impose listing standards or requirements, does not provide automatic trade executions, and does not maintain relationships with quoted issuers. Issuers whose securities are traded on the Pink Sheets(R) may experience a greater spread between the "bid" and "asked" prices of their securities compared with securities traded on a national securities exchange or Nasdaq, and a limited liquidity in their securities. In addition, many investors have policies against the purchase or holding of securities traded in the over-the-counter markets. Trading in an over-the-counter market such as Pink Sheets(R) has, and will continue to, affect both the trading volume and the market value of our common stock for the foreseeable future.

INDEPENDENT AUDITORS' REPORT

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS
RAINWIRE PARTNERS, INC.
ATLANTA, GEORGIA

We have audited the accompanying consolidated balance sheet of Rainwire Partners, Inc. (a Delaware corporation) and subsidiary as of December 31, 2000, and the related consolidated statements of operations, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. The consolidated financial statements of Rainwire Partners, Inc. as of December 31, 1999, were audited by other auditors whose report dated March 29, 2000, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Rainwire Partners, Inc. as of December 31, 2000, and the results of its operations and its cash flows for the year then ended in conformity with auditing standards generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company has suffered substantial recurring losses and has a deficit working capital and equity as of December 31, 2000. It has also discontinued its entire business operations and is dependent upon its shareholders for all cash flow requirements. The Company needs the ability to develop additional sources of capital, and/or achieve profitable operations through a merger or acquisition. These conditions raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2000 AND 1999

NOTE 1 -- THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

THE COMPANY

Rainwire Partners, Inc., or RPID or the Company, (formerly Envirometrics, Inc. or EVRM) was incorporated in Delaware in 1991. The Company acquired all of the outstanding common stock of The Catapult Group, Inc., renamed Rainwire Partners, Inc. (RPIG), a Georgia corporation, on July 26, 2000, in a qualifying reorganization under Section 368 (a) (1) (B) of the Internal Revenue Code of 1986. Prior to the stock exchange, the Company's operations had involved consulting services in environmental and occupational health matters in addition to providing the services of an American Industrial Hygiene Association and

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

National Voluntary Laboratory Accreditation Program, principally in the Charleston, South Carolina area, with sales throughout the United States. RPIG was formed in July 1999, to provide internet consulting, systems development and integration as well as marketing and communications solutions to Global 2000 and middle-market companies. Its operations were discontinued in April 2000.

On December 31, 2000, management adopted a plan to dispose of the entire business of the Company. Because the Company sustained a loss on the discontinuation of its business as of December 31, 2000 as well as a loss on the disposal of the business at that date, the results of operations for the year 2000 have been presented to conform to those results. The financial statements for the prior year have been restated to conform to the current year's presentation. The fiscal year end of the Company is December 31.

PRINCIPLES OF CONSOLIDATION

The Company's consolidated financial statements as of December 31, 2000 and 1999 include the financial statements of the Company and subsidiaries for all periods presented. All significant intercompany accounts and transactions have been eliminated.

FINANCIAL STATEMENT PRESENTATION

The historical cost basis of all assets and liabilities of RPIG and its former and present consolidated operating results have been presented from July 21, 1999 (date of inception) to December 31, 2000. For accounting purposes, the acquisition has been treated as a recapitalization of RPIG. RPIG is considered the accounting acquirer, because it became the owner of 90% of the total shares outstanding of the common stock of RPID, on a fully diluted basis. The consolidated statements of operations included herein are those of RPIG and its subsidiary i20, Inc. The former operating results of EVRM have been eliminated. The consolidated balance sheet presented herein includes all assets and liabilities of EVRM as of the date of recapitalization at fair value, as well as RPIG and its subsidiary, i20, Inc. at historical cost.

The accompanying financial statements have given effect to a reverse stock split of 10 to 1 on July 26, 2000, and the recapitalization mentioned above, as if they had occurred at the inception of RPIG.

USE OF ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts and the disclosure of contingent amounts in the Company's financial statements and the accompanying notes. Actual results could differ from those estimates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

CASH EQUIVALENTS

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, disclosures about fair

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

value of financial instruments, defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying value of the Company's financial instruments, which include cash, shareholder advance and loans, accounts payable and accruals, approximate fair values due to the short-term maturities of such instruments.

GOODWILL

Goodwill was recorded in 1999 in connection with the acquisition of i20, Inc. by RPIG. It was being amortized over a 10 year period. During late 2000 this asset became impaired and was written off as of December 31, 2000, due to the discontinued operations of the business. Amortization expense of goodwill for the years 2000 and 1999 was \$25,143 and \$16,762, respectively.

REVENUE RECOGNITION

Revenues were recorded as services were performed and costs were recorded as incurred. The Company at each reporting date reviewed the status of major contracts and immediately recorded losses in total, if any. Advance billings and collections relating to future services, if any, were recorded as deferred revenue and recognized when revenue was earned.

ADVERTISING EXPENSE

Advertising expense included the cost of sales brochures, print advertising in trade publications, and trade shows. The cost of advertising was expensed as incurred. Advertising expense for 2000 and 1999 was \$93,268 and \$8,602, respectively.

INCOME TAXES

Income taxes are provided for using the liability method of accounting in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes." A deferred tax asset or liability is recorded for all temporary difference between financial and tax reporting of which depreciation is the most significant. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to more likely than not realized in future tax returns. Tax law and rate changes are reflected in income in the period such changes are enacted.

As of December 31, 1999, RPIG and its subsidiary had a deferred tax asset of \$168,000, principally due to the deferral of a deductible expense for common stock issued for services. A valuation allowance equal to this amount was also provided at that date, due to the uncertainty of its ultimate utilization, which brought the resulting tax expense for 1999 to zero. As of December 31, 1999, the Company had a net operating loss carry-forward of approximately \$30,000, which would expire, if unused in 2019. EVRM had a deferred tax asset as of the same date of \$1,785,860, however, a valuation allowance was recorded for an equivalent amount resulting in no tax benefit recorded since its inception. The net operating loss carry-forwards for the Company on a consolidated basis approximate \$6,500,000 as of December 31, 2000 and will expire at various dates through year 2020, if unutilized. Due to a more than 50% change in ownership of the Company's outstanding common stock for the latest testing period ended July 26, 2000, a

D-F-8

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Code Section 382 limitation on use of the loss carry-forwards became substantially limited. In addition, it is not probable that any of the limited losses can be utilized, since the Company contemplates that the proposed stock exchange referred to in the subsequent events footnote will not only result in a further limitation of the carry-forward losses, but will cause a loss of continuity of business which is required under that Code Section of the Internal Revenue Service in order to maintain loss carry-forwards of an acquired company.

For the year ended December 31, 2000, the increase in the deferred tax asset due for the year 2000 was approximately \$800,000. This amount was offset completely by a valuation allowance of equal amount, since management cannot determine, at the present time, that it is more likely than not that such benefit will be utilized in future periods.

LOSS PER SHARE

Net loss per share is provided in accordance with Statement of Financial Accounting Standards No. 128 (SFAS No. 128) "Earnings Per Share." Basic loss per share is computed by dividing net loss available to common stockholders by the weighted average number of common shares outstanding during the period after giving effect to the results of the reverse stock split referred to above.

GOING CONCERN

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company's ability to continue in existence is dependent upon its ability to develop additional sources of capital, and/or achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management's plan is to acquire a potentially profitable company, such as contemplated by the proposed stock exchange arrangement referred to in the subsequent events footnote, having the ability to generate additional cash flows from either the sale of securities or through operations to sustain the Company's future existence.

NOTE 2 -- REDEEMABLE PREFERRED STOCK

The Company had outstanding as of December 31, 1999, Series A, B and C preferred stock with a \$2 stated value. All shares issued may be "put" to the Company for a cash price. All shares are convertible in common shares at the rate of 3 for 1 for Series A, and the balance, 5 for 1. The Series A shares were issued in 1997 for cash, the remaining shares were issued in 1998 to certain officers and related parties in exchange for the conversion of outstanding debt of the Company. In April 2000 all of the Series A and B preferred shares, and 2/3 of the Series C preferred shares were converted to common stock of the Company, including accrued dividends. Total common shares issued to effect the conversion was 167,605, valued at \$670,420, or \$4.00 per share. The conversion resulted in a gain of \$56,000, since the Series A shares were converted at a value of \$.80 less per share than the \$2 value previously recorded for those 70,000 preferred shares. As of December 31, 2000, there were 24,959 Series C preferred shares outstanding valued at \$52,913 including accretion of \$2,995.

NOTE 3 -- OPTIONS AND WARRANTS

In 1994, the Company adopted a stock option plan under which incentive and non-qualifying options to purchase the Company's common stock could be granted to employees. The Company applied Accounting Principles Board Opinion No. 25 whereby no compensation cost related to stock options is recognized as an expense until the time the employee is subject to income taxation. Had compensation cost been determined pursuant to SFAS No. 123 "Accounting for

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

Stock-Based Compensation" been recorded, the effect on net loss and loss per share would not have been material.

D-F-9

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

As of December 31, 2000 the Company had outstanding from 1999, 81,000 options, including 30,000 options with an exercise price of \$1.00 per share, post split. The remaining options have exercise prices in excess of \$23.80 per share, post split. An additional number of options were granted during 2000 at \$1.00 per share, post-split, however, that information is not presently available, but all options would expire within one-year from the date of issuance, in the opinion of legal counsel. There were no warrants outstanding at December 31, 2000.

NOTE 4 -- COMMITMENTS AND CONTINGENCIES

LEGAL ACTIONS

The Company is involved with several legal actions, principally as defendant. These actions involve outstanding liabilities of the Company including those of subsidiaries. All known outstanding liabilities, including anticipated legal fees and costs have been recorded in the accompanying financial statements. Following are two such actions.

Azimuth Laboratory, Inc., a subsidiary of EVRM generated hazardous waste during the time of its operations which ceased in April 2000. According to a former landlord, Azimuth was responsible for a hazardous waste cleanup on the leased premises, and he is seeking recovery of approximately \$130,000, including the cleanup and remaining payments due under the terms of the lease agreement which is to expire in December 2001. A motion for summary judgment is expected to be heard by the end of 2001. Only the remaining lease obligation of \$66,271 has been recorded as of December 31, 2000.

As of December 31, 2000 a judgment against the Company was obtained by the holder of the remaining Series C redeemable preferred stock for \$21,666 relating to the failure by the Company to redeem 8,333 of those shares and to pay dividends when due. Substantially all of that amount was recorded as of December 31, 2000.

DISPOSITION OF CORPORATE PROPERTY

Approximately 20 employees of the Company were still employed when the decision was made to discontinue the operations of the Company on December 31, 2000. Substantially all employees either resigned or were terminated by August 31, 2001. No payroll tax reports have been filed with taxing authorities for any wages paid in 2001, although related payroll taxes were paid. It is probable that all compensation has not been reported for equipment, vehicles and other corporate property obtained by employees when the Company ceased its operations in 2001. Accordingly, the Company and/or its employees may have some liability for payroll and/or sales taxes in connection with this matter.

SBA LOAN

Azimuth Laboratories, Inc. sold certain assets to a party in April 2000 who assumed the remaining balance of an underlying loan from the Small Business Administration. However, the Company's subsidiary was not relieved of liability on the obligation, and remains contingently liable for its balance until

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

paid-off in approximately 3 years. The subsidiary was owed approximately \$30,000 by the purchaser, however, that obligation has not been paid to the Company, and some or all of that amount is being held in escrow pending either the payoff of the SBA loan, or when the purchaser is successful in becoming the only principle on the note. The outstanding balance of the SBA loan less the amount owed the Company at December 31, 2000 approximates \$50,000, which is included in accrued liabilities as of December 31, 2000.

D-F-10

RAINWIRE PARTNERS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

NOTE 5 -- OPERATING LEASES

Included in the accrual for estimated loss on disposal of the business are future rentals on lease obligations totaling approximately \$300,000, of which \$228,734 relates to the balance owing on a 5 year lease expiring in 2005, which had annual lease payments of approximately \$50,000 per year. The Company is seeking to mitigate the outstanding lease liability as the landlord had seized and/or sold some of the equipment in partial satisfaction of the past due lease rentals.

NOTE 6 -- CONSULTING AGREEMENTS

In July 2000 RPIG formalized with two individuals, consulting agreements which provided for their continuing consulting services for a term of two years from June 1999. They received a total of 650,000 shares of RPID common stock valued at \$.10 per share, which was exchanged in the aforementioned merger for the Company's common stock. The agreements terminated in July 2001 without further compensation.

In November 2000 the Company entered into an agreement with a shareholder of the Company for consulting services to be provided for a period of one year from November 10, 2000 for a total consideration of 480,000 shares of the Company's common stock valued by the Board of Directors at \$.11 per share. The shares were issued in November 2000. The shareholder had an existing agreement which was to expire in June 2001, however, expanded services were negotiated and the current agreement was adopted to provide for those services and an extension of time.

NOTE 7 -- EMPLOYMENT AGREEMENTS

The Company entered into two employment agreements covering the services of its Chief Executive Officer and a Vice President for 3 years from July 26, 2000, for total minimum annual compensation of \$102,000 and \$100,000, respectively, in addition to certain other benefits. As a result of the discontinued operations, these employees remaining as of December 31, 2000 resigned as of August 31, 2001. No accrual has been provided for any compensation after February 2001, as current management believes none is owed.

NOTE 8 -- DISCONTINUED OPERATIONS

On December 31, 2000, management adopted a plan to discontinue the operations of the Company and to liquidate its assets. Accordingly, the accompanying financial statements for the year 2000 have given effect to this date as the measurement date, since a loss was sustained for both discontinued operations and disposal of the business. The disposal loss was provided for all estimated costs and expenses to be incurred during the post phase-out period. The financial statements for the prior year have been restated to conform with

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

the current year's presentation.

NOTE 9 -- SUBSEQUENT EVENTS

ISSUANCE OF COMMON STOCK

On August 29, 2001, the Company issued in exchange for the \$60,000 shareholder loans outstanding as of December 31, 2000, 12,000,000 shares of the Company's common stock, which is more than 50% of the total outstanding common stock of the Company after issuance. In addition, it issued 100,000 shares of common stock to an attorney in exchange for \$2,500 of legal services he provided for the Company.

PROPOSED EXCHANGE OF STOCK

On August 29, 2001, the Company entered into a Plan and Agreement to exchange stock with Oasis Group, Inc. (Oasis), pursuant to Section 368(a)(1)(B) of the Internal Revenue Code. Oasis is principally owned and controlled by a shareholder of the Company who became the Company's President and Chief Executive Officer on August 30, 2001. The exchange is to be transacted after certain conditions precedent have been accomplished, at which time a formal recapitalization of Oasis is contemplated. In 2001, Oasis loaned approximately \$43,000 to the Company. As of December 31, 2000, Oasis was advanced \$12,700.

At the time the definitive closing is completed, all of the outstanding common stock of Oasis will be acquired by the Company. Oasis will be considered the accounting acquirer since it will own the majority of the outstanding shares of the Company. For accounting purposes the historic transactions of Oasis will replace those of the Company for presentation of results of operations and cash flows, whereas Oasis will be consolidated with the Company for presentation of its consolidated financial position. Prior to closing, the Company plans to increase its authorized common stock and reverse split its present outstanding shares.

OTHER

As of the date of this report, the Company's filings with the Securities and Exchange Commission are not current which affected its ability to provide quotations on the OTC Bulletin Board ("OTCBB").

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1. BASIS OF PRESENTATION

In the opinion of management, the accompanying unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the Company's financial position as of September 30, 2001 and the results of its operations and cash flows for the three and nine months ended September 30, 2001 and 2000 have been made. Operating results for the nine months ended September 30, 2001 are not necessarily indicative of the results that may be expected for the year ended December 31, 2001.

These condensed financial statements should be read in conjunction with the financial statements and notes thereto contained in the Company's Form 10-KSB for the year ended December 31, 2000

ITEM 2. PLAN OF OPERATION

For the near term, the Company continues to work towards finalizing its stock exchange agreement with Oasis Group, Inc. It is financially dependent on its shareholders, who have financed its existence since closing down its operations in February 2001. Management of the Company believes that its

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

shareholders will continue to provide the finances the Company requires.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company is involved with several legal actions, principally as defendant. These actions involve outstanding liabilities of the Company including those of subsidiaries. Following are four such actions:

Azimuth Laboratory, Inc., a subsidiary of EVRM, generated hazardous waste during the time of its operations which ceased in April, 2000. According to a former landlord, Azimuth was responsible for a hazardous waste cleanup on the leased premises, and he is seeking recovery of approximately \$130,000, including the cleanup and remaining payments due under the terms of the lease agreement which is to expire in December, 2001. A motion for summary judgment is expected to be heard by the end of 2001. Only the remaining lease obligation of \$66,271 has been recorded as of December 31, 2000.

As of December 31, 2000, a judgment against the Company was obtained by the holder of the remaining Series C redeemable preferred stock for \$21,666 relating to the failure by the Company to redeem 8,333 of those shares and to pay dividends when due. Substantially all of that amount was recorded as of December 31, 2000.

IOS Capital, Inc. has made a demand to Rainwire for sums defaulted upon as a result of an equipment lease signed by Rainwire in February, 1997. IOS Capital indicated that they would compromise the amounts owed for the sum of \$15,479.20 in full satisfaction of the claim; however, Rainwire failed to make the payment by the required date.

An action has been filed and reduced to a judgment against Rainwire Partners, Inc. by H.E. Igoe in the amount of \$21,665.96 filed on June 25, 2001. This matter involved a share purchase agreement between Rainwire and Igoe.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

In August, 2001, the Registrant issued 12,000,000 shares of its common stock in settlement of loans in the principal amount of \$60,000. These shares were sold pursuant to Section 4(2) of the Securities Act and have been marked "restricted."

In August, 2001, the Registrant issued 100,000 shares of its common stock to an individual for services provided and to be provided to the Registrant. The services were valued at \$2,500 or \$0.025 per share. These shares were sold pursuant to Section 4(2) of the Securities Act and have been marked "restricted."

In September, 2001, the Registrant issued 200,000 shares of its common stock to an individual in exchange for \$10,000 or at a price of \$0.05 per share. The individual was an accredited investor, and these shares were sold pursuant to Section 4(2) of the Securities Act and have been marked "restricted."

In October, 2001, the Registrant issued 500,000 shares of its Series D Convertible Preferred Stock to Osprey Investments, LLC in exchange for 10,000,000 shares of the Registrant's common stock. These shares were sold pursuant to Section 4(2) of the Securities Act and have been marked "restricted."

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

As of December 31, 2000, a judgment against the Company was obtained by the holder of the remaining Series C redeemable preferred stock for \$21,666 relating to the failure by the Company to redeem 8,333 of those shares and to pay dividends when due.

As of September 30, 2001, 24,959 shares of Series C Preferred Stock remain outstanding. Dividends on these shares total \$2,621 and are still unpaid.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

ITEM 5. OTHER INFORMATION

In February, 2001, Rainwire Partners, Inc. ("Rainwire" or the "Company") and Oasis Group, Inc., a Georgia corporation ("Oasis"), began discussions concerning the use of Rainwire as a reverse merger vehicle to position Oasis in the public market. These initial discussions did not result in any agreements. After exploring similar agreements with other parties, the Company re-entered discussions with Oasis in July, 2001.

On August 29, 2001, Rainwire and Oasis completed negotiations and the Oasis Share Exchange Agreement was signed. It is a non-binding agreement subject to the completion of due diligence and exchange of Schedules outlined in the Oasis Share Exchange Agreement. Prior to the Closing, Rainwire plans to increase its authorized common stock and reverse split its present outstanding shares.

The Company is seeking shareholder approval of the Oasis Share Exchange Agreement and the transactions contemplated by it. The consent of persons holding a simple majority (over 50%) of the outstanding Company common stock is needed to approve the closing of the transaction and authorization of the other transactions identified. Because current management owns greater than 50% of the outstanding Company common stock, the Company expects to receive the necessary shareholder approval and intends to prepare an Information Statement on Form 14C to inform the remaining shareholders of the majority's decision. The Company expects to mail the Information Statement to its shareholders on or about November 25, 2001, and believes that the transaction will close on or about December 15, 2001.

Upon execution of the Oasis Share Exchange Agreement, Walter H. Elliott, the President and a director of the Company resigned, and Ronald A. Potts was elected to the Board of Directors of the Company and was appointed President and Chief Executive Officer of the Company. Additionally, Mike

E-8

McLaughlin and John Hill were elected to the Board of Directors and Peggy Evans was appointed Chief Financial Officer.

Furthermore, upon execution of the Share Exchange Agreement, the Company issued 12,000,000 shares of its common stock to Osprey Investments, LLC (of which Lyne Marchessault is the sole member) in satisfaction of loans in the principal amount of \$60,000.

THE OASIS GROUP, INC.
(A DEVELOPMENT STAGE COMPANY)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

COMPANY BACKGROUND

Oasis Group, Inc. (the Company or Oasis), formerly Oasis Communities, Inc. is a Georgia corporation formed November 16, 1999, to develop residential and commercial real estate projects. It has a fiscal year-end of December 31 and is a development stage company, as defined in SFAS No. 7, since its operations have not commenced and it has not earned any significant revenues. There were no transactions during 1999.

USE OF ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent amounts in the Company's financial statements and the accompanying notes. Actual results could differ from those estimates.

CASH EQUIVALENTS

The Company considers all highly liquid investments with the original maturities of three months or less to be cash equivalents.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, Disclosures about fair value of financial instruments, defines the fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying values of the Company's financial instruments, which include cash, note receivable and an unsecured related party loan, approximate fair values due to the short maturities of such instruments.

INCOME TAXES

Income taxes are provided for using the liability method of accounting in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes". A deferred tax asset or liability is recorded for all temporary difference between financial and tax reporting of which depreciation is the most significant. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Valuation allowances are established when necessary to reduce deferred tax assets to the

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

amount expected to more likely than not be realized in future tax returns. Tax law and rate changes are reflected in income in the period such changes are enacted.

For financial reporting purposes, the Company has sustained a loss for 2000 of approximately \$502,000. For income tax purposes approximately \$312,000 is considered start-up costs, and the balance, comprised of \$166,000 of contributed capital and meals and entertainment of \$24,000, constitutes a non-deductible permanent difference. Start-up costs are not deductible until the Company commences operations, at which time they are amortized over a 60-month period, or permanently capitalized if no election is timely made to amortize them.

The Company's future utilization of the deferred tax benefit arising from the deferral of start-up costs of approximately \$110,000 cannot be currently ascertained. Accordingly, a valuation allowance of approximately \$110,000 has been provided resulting in no recorded tax benefit as of December 31, 2000.

THE OASIS GROUP, INC.
(A DEVELOPMENT STAGE COMPANY)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

BASIS OF PRESENTATION AND MANAGEMENT'S ACTIONS TO OVERCOME OPERATING AND LIQUIDITY PROBLEMS

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company's ability to continue in existence is dependent on its ability to develop additional sources of capital, and/or achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties. Management's plan is to raise additional debt or equity financing and to begin operations in the near term, which are anticipated to be sufficient to provide the necessary cash flow requirements for the Company.

NOTE 2 -- RELATED PARTY TRANSACTIONS AND OBLIGATIONS

On July 15, 2000, the president/chief executive officer/chairman of the board/director exchanged 500,000 shares of free trading stock in a OTC Bulletin Board listed company he owned, Lahaina Acquisitions, Inc., for 800,000 shares of restricted common stock of the Company. Although the value of the acquired shares was \$734,000 on the date of the exchange, the value assigned by the Company to those securities was \$367,000, due to the current restriction on tradability of the securities.

A shareholder of the company advanced \$15,000 on an unsecured basis, which was repaid in 2001 without interest.

NOTE 3 -- DEPOSITS/ADVANCES

REAL ESTATE VIDEO PORTAL

An advance payment of \$25,000 was made by the Company for the exclusive development of a web-based "real estate video portal" on a cost-plus 15 percent fixed-fee basis. An additional mobilization fee of \$25,000 is required upon the execution of a formal agreement with the software developer. All funds advanced will be credited against the cost of the project and are non-refundable.

STOCK EXCHANGE TRANSACTIONS

Edgar Filing: RAINWIRE PARTNERS INC /DE/ - Form S-4

The Company agreed to acquire all of the outstanding stock of Landmark Mortgage Corporation, a Louisiana corporation (Landmark) and Statewide Mortgage and Investment Corp., a Florida corporation (Statewide) for 1,370,000 shares of Oasis common stock and the sum of \$50,000, which will be applied towards certain expenses pursuant to a non-binding letter of intent dated October, 2000. Oasis agreed to make \$50,000 available for the financing of additional property that Landmark anticipates acquiring at a purchase price of approximately \$220,000. Oasis advanced \$66,000 in connection with this stock exchange transaction as of December 31, 2000. The closing of this acquisition is expected to occur on or before January 31, 2002, pursuant to a binding amendment entered into on December 14, 2001.

NOTE 4 -- AVAILABLE-FOR-SALE SECURITIES

Available-for-sale securities are recorded at fair value in investments on the balance sheet, with the change in fair value during the period excluded from results of operations, and recorded net of tax as a separate component of equity (accumulated other comprehensive income). The following summarizes the information relating to available-for-sale securities as of December 31, 2000:

Market value at December 31, 2000.....	\$ 250,000
Assigned value at date of acquisition.....	367,000

NOTE 7 -- SUBSEQUENT EVENTS

In February, 2001 Oasis agreed to purchase from an unrelated party, undeveloped land located in California and Arizona for \$4,000,000, including a promissory note for \$3,000,000 for a 6 year term, with 6 percent interest for the first 12 months and at the prime rate thereafter not to exceed 8% or be less than 6%. If the property appraises for more than \$12,000,000 within 60 days of closing, Oasis will issue an additional promissory note for the fair market value of the property exceeding \$12,000,000 multiplied by a factor of 0.35. registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and
