NOTES TO FINANCIAL STATEMENTS (unaudited)

Note 1. Basis of Presentation

In the opinion of management, the accompanying unaudited consolidated condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the Company's financial position as of March 31, 2002 and the consolidated results of its operations and cash flows for the three months ended March 31, 2002 and 2001. Operating results for the three months ended March 31, 2002 are not necessarily indicative of the results that may be expected for the year ended December 31, 2002.

These condensed financial statements should be read in conjunction with the financial statements and notes thereto contained in the Company's Form 10-KSB for the year ended December 31, 2001.

Item 2. Management's Discussion And Analysis Of Financial Condition And Results Of Operations.

This 10-QSB contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this 10-QSB are "forward looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, certain risks associated with the closing of the Oasis transaction described herein, government regulation, and general economic and business conditions. Actual events, circumstances, effects and results may be materially different from the results, performance or achievements expressed or implied by the forward-looking statements. Consequently, the forward-looking statements contained herein should not be regarded as representations by the Company or any other person that the projected outcomes can or will be achieved.

The following discussion and analysis should be read in conjunction with the Consolidated Financial Statements and Notes thereto, appearing elsewhere in this Form 10-QSB.

A. Results of Operations.

In the first quarter of year 2002 there were no reported revenues or cash flows from the discontinued operations.

5

The net cash flows used by discontinued activities in the first quarter 2002 was \$11,718 compared to the same period 2001 amount of \$1,145.

The cash at the end of the first quarter 2002 was reported in the amount of \$0\$ reduced from the same period 2001 cash at the end of the period in the amount of \$898.

B. Financial Condition.

The company's audit report for the year 2001 discloses a "going" concern paragraph in reference to the company's concern for continuing its existence in the future. This concern is highlighted by the fact that the Company has a deficit since inception of approximately \$2,500,000 and a deficit in stockholders equity of approximately of \$1,100,345 and current liabilities of \$998,222.

As of August 29, 2001, the company is proposing to exchange stock with Oasis Group, Inc., a privately held company. The company believes that upon the definite closing of this exchange it will be able to better insure its survival.

Since December 31, 2000 the company closed its facilities, terminated its employees and is pursuing the resolution of both contingent assets and direct and contingent liabilities, which will involve substantial legal costs. Oasis Group, Inc. has provided funding for legal and operating expenses through loans to the company of approximately \$125,855 through March 31, 2002.

C. Plan of Operations.

For the near term, the Company is in the process of completing its merger with Oasis Group, Inc. It has had no operations since December 31, 2000 and is financially dependent on its shareholders, related parties and /or management, who have financed its existence to date.

Management of the Company believes it will be able to complete the merger and be successful in its efforts to continue the Company's existence. If the company is unsuccessful in completing the share exchange with Oasis Group, Inc., the company anticipates ceasing all activities and liquidating any and all remaining assets. In connection withy the share exchange the company has filed a Registration Statement/Information Statement/Proxy Statement on Form S-4 on January 14, 2002 and is currently responding to comments to the Securities Exchange Commission. We expect responding to comments in the second quarter 2002 and completing the share exchange by the third quarter 2002.

Upon completion of the share exchange, management anticipates moving from the development stage to the operating by the third quarter of 2002.
