Canyon Fuel Company, LLC

Notes to Condensed Financial Statements (Unaudited)

June 30, 2004

1. The Company

The accompanying unaudited Condensed Financial Statements have been prepared in accordance with generally accepted accounting principles for interim financial reporting and Securities and Exchange Commission regulations, but are subject to any year-end adjustments that may be necessary. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results of operations for the period ended June 30, 2004 are not necessarily indicative of results to be expected for the year ending December 31, 2004. These financial statements should be read in conjunction with the audited financial statements and related notes thereto as of and for the year ended December 31, 2003 included in Arch Coal, Inc.'s Annual Report on Form 10-K as filed with the Securities and Exchange Commission.

Canyon Fuel Company, LLC (the Company) is a joint venture between Arch Western Resources, LLC (Arch Western) (65% ownership as of June 30, 2004) and ITOCHU Coal International Inc. (ITOCHU) (35% ownership as of June 30, 2004). The owners of the Company are referred to herein as the Members. Subsequent to June 30, 2004, Arch Coal, Inc. (Arch Coal) acquired ITOCHU's 35% membership interest.

The Company operates one reportable segment: the production of steam coal from deep mines in Utah for sale primarily to utility companies in the United States. Net profits and losses and distributions of the Company's earnings are allocated to the Members based on their respective ownership percentage.

During the first half of 2004, the Company idled its Skyline Mine and incurred severance costs of \$3.2 million for the six months ended June 30, 2004. The Company anticipates increasing production from its other two mines to make up a portion of the scheduled production decrease associated with the idling.

2. Asset Retirement Obligations

On January 1, 2003, the Company adopted Statement of Financial Accounting Standards No. 143, *Accounting for Asset Retirement Obligations* (FAS 143). FAS 143 requires legal obligations associated with the retirement of long-lived assets to be recognized at fair value at the time the obligations are incurred. Upon initial recognition of a liability, that cost should be capitalized as part of the related long-lived asset and allocated to expense over the useful life of the asset. Previously, the Company accrued for the expected costs of these obligations over the estimated useful mining life of the property.

The following table describes the changes to the Company's asset retirement obligation for the six months ended June 30, 2004 and 2003:

4. Employee Benefit Plans**Defined Benefit Pension and Other Postretirement Benefit Plans**

Essentially all of the Company's employees are covered by a defined benefit pension plan sponsored by the Company. The benefits are based on years of service and the employee's compensation, primarily during the last five years of service. The funding policy for the pension plan is to make annual contributions as required by applicable regulations.

The Company also provides certain postretirement medical and life insurance benefits to substantially all employees who retire with the Company. The Company has the right to modify the plans at any time. The Company's current policy is to fund the cost of postretirement medical and life insurance benefits as they are paid.

The Company presently anticipates contributing additional amounts of approximately \$2.0 million to the pension plan in the second half of 2004.

Impact of Medicare Prescription Drug, Improvement and Modernization Act of 2003

On December 8, 2003, the President signed into law the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the Act). The Act introduces a prescription drug benefit under Medicare (Medicare Part D) as well as a federal subsidy to sponsors of retiree health care benefit plans that provide a benefit that is at least actuarially equivalent to Medicare Part D. In May 2004, the Financial Accounting Standards Board issued FASB Staff Position FAS 106-2, *Accounting and Disclosure Requirements related to the Medicare Prescription Drug, Improvement and Modernization Act of 2003* (FSP 106-2). The Company has included the effects of the Act in its financial statements for the quarter ending June 30, 2004 in accordance with FSP 106-2. Implementation of FSP 106-2 did not result in a material change in the Company's postretirement benefit obligation or its anticipated postretirement medical expenses.

6. Related Party Transactions

As described in Note 1, 65% of the Company is owned by Arch Western. Arch Western acts as the Company's managing Member. The Company is not aware of any events of noncompliance with environmental laws and regulations. The exact nature of environmental issues and costs, if any, which the Company may encounter in the future cannot be predicted, primarily because of the changing character of environmental requirements that may be enacted by governmental agencies.

8. Reclassifications

Certain amounts in the prior years' financial statements have been reclassified to conform to the classifications in the current year's financial statements with no effect on previously reported net income or members' equity.

Arch Coal, Inc.

Pro Forma Background and Introduction (Unaudited)

BASIS OF PRESENTATION

On July 31, 2004, Arch Coal acquired a 35% interest in Canyon Fuel Company, LLC (Canyon Fuel) for a contract price of \$112 million. Prior to this acquisition, Canyon Fuel was a joint venture owned 65% by Arch Western Resources, LLC (a subsidiary of Arch Coal) and 35% by ITOCHU Coal International Inc. The contract price was paid in the form of cash of \$90 million paid upon closing and a five-year, \$22 million non-interest bearing note. The present value of the obligation under the note totals \$18.2 million.

On August 20, 2004, Arch Coal acquired (1) Vulcan Coal Holdings, L.L.C., which owns all of the common equity of Triton Coal Company, LLC (Triton), and (2) all of the preferred units of Triton, for an aggregate purchase price of \$376.0 million, including acquisition costs. The final purchase price is subject to a working capital adjustment. Prior to the acquisition, Triton operated two mines (North Rochelle and Buckskin) in the Powder River Basin in Wyoming. Upon acquisition, Arch Coal sold the Buckskin mine to Peter Kiewit and Sons Inc. for \$72.9 million. The net purchase price was financed with cash on hand, the proceeds from a \$100 million term loan, and borrowings under Arch Coal's revolving credit facility.

The acquisitions will be accounted for under the purchase method of accounting in accordance with FASB Statement No. 141. Under the purchase method of accounting, the purchase price is allocated to the assets acquired and liabilities assumed based on their estimated fair values. The accompanying unaudited pro forma condensed consolidated financial information reflects the combination of Arch Coal's historical assets and liabilities (including its 65% investment in Canyon Fuel), the fair value of the 35% interest in the assets and liabilities of Canyon Fuel, and the fair value of the acquired assets and liabilities of Vulcan. The fair values of the acquired assets and liabilities are based on Arch Coal management's preliminary estimates. These estimates are subject to change pending a final analysis of the value of the assets acquired and liabilities assumed. Arch Coal management is in the process of obtaining independent appraisals of the value of the assets acquired and liabilities assumed. The amounts assigned to certain assets and liabilities, including inventories, property, plant and equipment (including mineral reserves), and sales contracts are subject to change pending the results of the appraisals.

Prior to the acquisition of the 35% interest of Canyon Fuel, Arch Coal accounted for its 65% interest under the equity method due to certain super-majority voting rights in Canyon Fuel's joint venture agreement. Arch Coal's equity investment in Canyon Fuel included purchase adjustments primarily related to reductions in amounts assigned to sales contracts, mineral reserves and other property, plant and equipment. These adjustments are reflected in the column Effect of Arch Coal's Historical Basis in the accompanying pro forma financial information.

Pro Forma Background and Introduction (Unaudited) (Continued)

The unaudited pro forma condensed combined financial statements are presented based on the assumption and adjustments described in the accompanying notes. The unaudited pro forma condensed combined statements of operations do not purport to represent what Arch Coal's results of operations actually would have been if the events described above had occurred as of the dates indicated or what such results would be for any future periods. Pro forma adjustments to the unaudited pro forma condensed combined financial statements do not reflect potential cost saving opportunities, including the elimination of duplicative selling, general and administrative expenses.

PRO FORMA ADJUSTMENTS

Canyon Fuel Company

- (A) The Columns labeled "Standalone" in the pro forma balance sheet and income statements represent Canyon Fuel historical financial information on a historical basis. These columns do not reflect any purchase adjustments related to Arch Coal's 1998 purchase of a 65% interest in Canyon Fuel.
- (B) The Columns labeled "Effect of Arch Coal's Historical Basis" represent purchase adjustments recorded by Arch Coal upon its 1998 acquisition of the 65% interest in Canyon Fuel. Prior to the acquisition of the 35% interest of Canyon Fuel, the effects of these purchase adjustments were recorded as part of Arch Coal's equity investment in Canyon Fuel and Arch Coal's income from its equity investment in Canyon Fuel. These columns reflect the reclassification of these amounts from the equity investment and income from equity investment accounts to the appropriate accounts upon consolidation of Canyon Fuel into Arch Coal's financial statements.
