**Proxy Statement**

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Thor Industries, Inc. (the Company) for use at the 2005 Annual Meeting of Stockholders to be held at 230 Park Avenue, Suite 618, New York City, on December 6, 2005, at 1:00 p.m., local time (the Meeting), and any adjournment thereof. The cost of such solicitation is being borne by the Company. This proxy statement and the accompanying form of proxy are being sent to stockholders on November 4, 2005.

Representatives of Deloitte & Touche, LLP, the Company's principal independent accountants, will be present at the Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to any stockholder questions that may be asked.

**Voting by Stockholders**

A proxy in the form accompanying this proxy statement that is properly executed, duly returned to the Company and not revoked prior to the Meeting will be voted in accordance with the instructions contained therein. If no instructions are given with respect to the proposals to be voted upon, proxies will be voted in favor of such proposals. Each proxy may be revoked by a stockholder at any time until exercised by giving written notice to the Secretary of the Company, by voting in person at the Meeting, or by submitting a later-dated proxy.

The Common Stock of the Company constitutes its only outstanding security entitled to vote on the matters to be voted upon at this meeting. Each share of Common Stock entitles the holder to one vote. Only stockholders of record at the close of business on October 18, 2005 are entitled to notice of and to vote at the Meeting or any adjournment thereof. As of that date, 56,679,483 shares of Common Stock were outstanding. The presence, in person or by proxy, of the holders of a majority of all the issued and outstanding Common Stock is necessary to constitute a quorum at the Meeting. Abstentions and broker non-votes (i.e., shares held by a broker for its customers that are not voted because the broker does not receive instructions from the customer or because the broker does not have discretionary voting power with respect to the item under consideration) will be counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

In accordance with the By-laws of the Company and the Delaware General Corporation Law, a plurality of the votes duly cast is required for the election of directors. Under the Delaware General Corporation Law, although abstentions and broker non-votes are deemed to be present for the purpose of determining whether a quorum is present at a meeting, abstentions and broker non-votes are not deemed to be votes duly cast. As a result, abstentions and broker non-votes will not be included in the tabulation of voting results with respect to Proposal #1, and therefore will have no impact on the voting on such proposal.

A copy of the Company's Annual Report for the fiscal year ended July 31, 2005 (fiscal 2005) is being sent to each stockholder of record. The Annual Report is not to be considered a part of this proxy soliciting material.

**Board of Directors, Committees and Attendance at Meetings**

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall management of the business of the Company. Members of the Board are kept informed of the Company's performance by various reports sent to them at regular intervals by management, as well as by operating and financial reports presented by management at Board meetings.

It is the Company's policy that directors attend all Board meetings and the annual meeting of stockholders, unless excused by the Chairman. All elected directors were in attendance at the 2004 Annual Meeting of Stockholders.

The Board has three committees with the principal functions described below. The Charters of each of these committees are posted on our website at [www.thorindustries.com](http://www.thorindustries.com).

*Audit Committee*

The principal functions of the Audit Committee are to recommend engagement of the Company's independent public accountants and to maintain communications among the Board of Directors, such

**Table of Contents**

independent public accountants and the Company's internal accounting staff with respect to accounting and auditing procedures, the implementation of recommendations by such independent accountants, the adequacy of the Company's internal controls and related matters. During fiscal 2005, the Audit Committee had private meetings with the Chief Financial Officer, the Internal Audit Director and the outside audit partners. The Board of Directors has determined that Geoffrey A. Thompson, a member of the committee, is an audit committee financial expert as defined in Section 407 of the Sarbanes-Oxley Act of 2002. A copy of the Audit Committee Charter as revised on June 16, 2005 by the Board of Directors, is set forth in Appendix A to this Proxy Statement. In addition a copy of the Charter is available on the Company's website at [www.thorindustries.com](http://www.thorindustries.com) and is available in print to any stockholder who requests it.

*Compensation Committee*

The principal functions of the Compensation Committee are to establish executive compensation policies and guiding principles; establish the compensation of the Chief Executive Officer and review and approve the compensation of the other executive officers; evaluate the design of compensation and benefit programs; and review all components of compensation for independent directors. The Compensation Committee also acts as administrator under the Company's 1999 Stock Option Plan, the Company's Restricted Stock Plan, the Company's Management Incentive Plan and the Company's Select Executive Incentive Plan. In its capacity as administrator of the 1999 Stock Option Plan and the Restricted Stock Plan, the Compensation Committee grants options and restricted stock, determines which employees and other individuals performing substantial service for the Company may be granted options and/or restricted stock, and determines the rights and limitations attendant to options and restricted stock granted under these plans. In its capacity as administrator under the Select Executive Incentive Plan, the Compensation Committee awards supplemental deferred compensation to eligible employees in amounts determined by the Committee. A copy of the Compensation Committee Charter is available on the Company's website and is available in print to any stockholder who requests it.

*Nominating and Corporate Governance Committee*

The principal functions of the Nominating and Corporate Governance Committee are to address all matters of corporate governance; evaluate qualifications and candidates for positions on the Board of Directors; evaluate the performance of the Chief Executive Officer and the Board of Directors; review succession plans and senior management performance; establish criteria for selecting new directors, nominees for Board membership and the positions of Chairman and Chief Executive Officer, and whether a director should be invited to stand for re-election. The nominating Committee evaluates candidates on, among other things, possession of such knowledge, experience, skills, expertise and diversity as may enhance the Board's ability to manage and direct the affairs and business of the Company, and as applicable, the satisfaction of any independence requirements imposed by law, regulation, the NYSE and the Company's Corporate Governance Guidelines. Copies of the Charter of the Nominating and Corporate Governance Committee and the Company's Corporate Governance Guidelines are available on the Company's website and are available in print to any stockholder who requests it.

The Board does not consider stockholder nominations of director candidates, because it believes that this is not an efficient or effective means of identifying qualified individuals. In addition, the Board has a long history of being able to attract and maintain a membership with the variety of skills necessary to properly oversee the affairs of the Corporation.

**Table of Contents***Membership of Committees*

The following table summarizes the current membership of the Board of Directors and each of its committees.

In addition, regularly scheduled meetings of the non-management directors are held four times each year. A non-management director is chosen to preside at each of these meetings on a rotating basis.

*Stockholder Communications*

Although the Company has not to date developed formal processes by which stockholders may communicate directly to directors, it believes that the informal process, in which any communication sent to the Board of Directors in care of the Company is forwarded to the Board, has served the Board's and its stockholders' needs. Until any other procedures are developed, any communications to the Board should be sent to it in care of the Secretary of the Company.

Any communications from interested parties directed toward non-management directors specifically may be sent to Alan Siegel, one of the Company's non-management directors, who forwards any such communications to each of the other non-management directors that, in the opinion of Mr. Siegel, deal

Business Ethics Policy, which is applicable to all directors, officers and employees of the Company, including the Company's principal executive officer, principal financial officer, principal accounting officer or controller and other executive officers identified in this proxy statement who perform similar functions (collectively, the Selected Officers). A copy of the code of ethics has been posted on the Company's website and is available in print to any stockholder who requests it. **1999 Stock Option Plan**

The Thor Industries, Inc. 1999 Stock Option Plan (the "1999 Plan") was adopted by the Company's Board of Directors in July 1999 and by the Company's shareholders in September 1999. The purpose of the Plan is to enhance the ability of the Company and its subsidiaries to attract and retain employees and directors of outstanding ability and to provide employees and directors with an interest in the Company parallel to that of the Company's stockholders. The 1999 Plan is administered and managed by the Compensation Committee of the Board of Directors (the "Committee").

The Common Stock subject to the options granted under the 1999 Plan will be authorized from unissued shares of Common Stock of the Company, \$0.10 value, or shares reacquired by the Company in any manner. The aggregate number of shares of Common Stock which may be acquired upon the grant of options under the 1999 Plan will not exceed 2,000,000, subject to adjustment in certain circumstances. If any option granted under the 1999 Plan expires or terminates for any reason without having been exercised in full or ceases for any reason to be exercisable in whole or in part, the unpurchased shares subject to such option shall again be available for grant under the 1999 Plan. Subject to adjustment, no employee may be granted an option to acquire more than 500,000 shares of Common Stock in any one year.

Employees and directors of the Company and its subsidiaries are eligible to receive grants of options under the 1999 Plan. Eligible participants may be granted both nonqualified stock options ("Nonqualified Stock Options") and incentive stock options ("ISOs") and, together with Nonqualified Stock Options, ("Options"), provided that only employees of the Company and its subsidiaries may receive ISOs. The exercise price per share of the shares of Common Stock to be purchased pursuant to any Option shall be fixed by the Committee at the time such Option is granted. In no event shall the exercise price for ISOs be less than the fair market value of a share on the day on which the ISO is granted (110% of the fair market value in the case of an ISO granted to an employee owning stock with more than 10% of the total combined voting power of all classes of stock of the Company or its subsidiaries (a "10% Shareholder")). Subject to termination, the duration of each Option will be determined by the Committee, but may not exceed 10 years from the date of grant; provided, however, that in the case of ISOs granted to 10% Shareholders, the term of such Option shall not exceed 5 years from the date of grant. An Option will be exercisable by the Option holder at such rate and times as may be determined by the Committee at or subsequent to the time of grant. Each Option may be exercised in whole or in part by giving written notice of exercise to the Company. Payment in full of the Option exercise price will be made upon delivery of such notice in cash or through additional methods, if any, prescribed by the Committee. Options are assignable or transferable only in limited circumstances.

Upon the occurrence of a Change in Control (as defined in the 1999 Plan), all Options will automatically become vested and exercisable in full and all restrictions or conditions, if any, on any Options will automatically lapse. Under certain circumstances, in the event option holders engage in certain prohibitive behavior, options can be forfeited at the discretion of the Committee. In addition, any gains realized by option holders may have to be repaid under certain circumstances.

**Restricted Stock Plan**

The Company has adopted the Thor Industries, Inc. Restricted Stock Plan (the "Stock Plan") effective September 29, 1997. The Stock Plan is administered by the Compensation Committee. The Stock Plan is intended to advance the interests of the Company, its stockholders, its subsidiaries and its affiliates by

**Table of Contents**

encouraging and enabling inside directors, officers and other employees to acquire and retain a proprietary interest in the Company by ownership of its stock.

The total number of shares available for grants under the Stock Plan may not exceed 600,000 subject to adjustment in certain circumstances and subject to increase by the Board of Directors. Subject to adjustment, no more than 100,000 shares may be granted in any one calendar year. If a grant, or any portion thereof, is forfeited, the forfeited shares will be made available again for grants under the Stock Plan. The Compensation Committee may, at any time and from time to time, make grants to such participants and in such amounts as it shall determine. Each grant shall be made pursuant to a written instrument which must be executed by the grantee in order to be effective. The Board of Directors may at any time suspend or terminate the Stock Plan or any portion thereof or may amend it from time to time in such respects as the Board may deem to be in the best interests of the Company.

No shares granted under the Stock Plan may be transferred by the recipient thereof until such shares have vested; such shares shall vest on the date specified by the Compensation Committee in the underlying written agreement pursuant to which the grant was made. Notwithstanding the foregoing, the shares of a recipient who has not previously forfeited any nonvested shares granted to him under the Stock Plan shall automatically vest upon the earliest of (x) the termination by the Company of the recipient other than for cause and (y) the recipient's death, disability or retirement. The Stock Plan contains non-competition and non-solicitation provisions which restrict recipients from competing with the Company. Non-compliance with such provisions will result in the forfeiture of non vested benefits.

During the applicable period of restriction, the recipient of shares under the Stock Plan is the record owner thereof and is entitled to vote such shares and to receive all dividends and other distributions paid with respect to such shares.

However, if any such dividends or distributions are paid in shares of Company stock during an applicable period of restriction, the shares received shall be subject to the same restrictions as the shares with respect to which they were issued. Moreover, the Compensation Committee may provide in any written agreement pursuant to which the grant was made such other restrictions, terms and conditions as it may deem advisable with respect to the treatment and holding of any stock, cash or property that is received in exchange for the restricted shares.

**Select Executive Incentive Plan**

The Company has adopted the Thor Industries, Inc. Select Executive Incentive Plan (the Incentive Plan ) effective September 29, 1997. The Incentive Plan is administered by an Administrative Committee chosen by the Board of Directors, which is currently the Compensation Committee. The purpose of the Incentive Plan is to provide its eligible executives with supplemental deferred compensation in addition to their current compensation. It is intended that the Incentive Plan shall constitute an unfunded deferred compensation arrangement for the benefit of a select group of management or highly compensated employees of the Company and its designated subsidiaries and affiliates.

The Compensation Committee will designate those employees of the Company (which may include employees of any subsidiary or affiliate thereof) who will be eligible executives under the Incentive Plan. For each year of participation, each eligible executive shall be credited with the amount(s), if any, determined by the Compensation Committee in its sole discretion. The amount(s) will be credited to an account maintained for each eligible executive, which will also be credited with earnings and losses as if the amounts were invested in specific investment funds selected by the Compensation Committee (or by the eligible executive if the Compensation Committee establishes a procedure permitting the eligible executive to credit his or her account with respect to the results of one or more of the index funds selected by the Compensation Committee). The Compensation Committee is not obligated to comply with the investment request of an eligible executive, and retains the sole discretion regarding the decision to credit

**Table of Contents**

earnings with regard to the results of the index funds selected by any eligible executive. The amount(s) credited to the account of an eligible executive shall vest and be payable six years after the effective date of such eligible executive's participation; provided, however, that the amounts vest immediately upon death or age 65. The Incentive Plan contains non-competition and non-solicitation provisions which prohibit eligible executives from competing with the Company within the United States or Canada during the term of such eligible executive's participation and for a period of eighteen months after termination of employment with the Company for any reason. Non-compliance with such provisions will result in a total forfeiture of vested benefits. The Company may establish a trust for payment of benefits under the Incentive Plan; such trust shall be a grantor trust for tax purposes. Payment of benefits will generally be made following termination of employment in one of the following forms: (a) lump sum; (b) substantially equal annual installments for five years; (c) substantially equal installments for ten years; or (d) any other actuarially equivalent form approved by the Compensation Committee.

**Annual Incentive Plan**

The Company has adopted the Thor Industries, Inc. Annual Incentive Plan (the "Annual Incentive Plan") effective October 2, 2003. The Annual Incentive Plan is administered by a committee (the "Committee") comprised of at least two members of the Board of Directors of the Company who qualify as "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, and regulations promulgated thereunder (the "Code"). The purposes of the Plan are to provide an incentive to executive officers and other key employees of the Company and its subsidiaries to contribute to the growth, profitability and increased shareholder value of the Company, to retain such executives and key employees and endeavor to qualify the compensation paid under the Annual Incentive Plan for tax deductibility under Section 162(m) of the Code.

The committee designates those executive officers of the Company and its subsidiaries, and such other key employees of the Company and its subsidiaries, who are eligible to receive awards ("Performance Awards") under the Annual Incentive Plan ("Eligible Executives"). The Committee determines which Eligible Executives, if any, will become participants in the Annual Incentive Plan (the "Participants").

A Performance Award represents the conditional right of a Participant to receive a cash award following the completion of a Performance Period (as defined below) based upon performance in respect of one or more of the Performance Goals (as defined below) during the Performance Period. For purposes of the Plan, "Performance Period" means the fiscal year, or such other shorter or longer period designated by the Committee, during which performance is measured in order to determine a Participant's entitlement to receive payment of a Performance Award. Performance goals ("Performance Goals") include any of the following business criteria: revenue, earnings before taxes, funds from operations, funds from operations per share, operating income, pre or after tax income, cash available for distribution, cash available for distribution per share, cash and/or cash equivalents available for operations, net earnings, earnings per share, return on equity, return on assets, return on invested capital, share price performance, improvements in the Company's attainment of expense levels, implementing or completion of critical projects, including, without limitation, implementation of strategic plan(s), improvement in investor relations, marketing and manufacturing of key products, improvement in cash-flow (before or after tax), development of critical projects or product development, or progress relating to research and development. A performance goal may be measured over a Performance Period on a periodic, annual, cumulative or average basis and may be established on a corporate-wide basis or established with respect to one or more operating units, divisions, subsidiaries, acquired businesses, minority investments, partnerships or joint ventures. The level or levels of performance specified with respect to a Performance Goal may be established in absolute terms, as objectives relative to performance in prior periods, as an objective compared to the performance of one or more comparable companies or an index covering multiple companies, or otherwise as the Committee may determine.

**Table of Contents**

The Committee may establish performance objectives ( Performance Objective ) for each Performance Award, consisting of one or more business criteria permitted as Performance Goals, one or more levels of performance with respect to each such criteria, and the amount or amounts payable upon achievement of such levels of performance. Performance Objectives are established by the Committee prior to, or reasonably promptly following the inception of, a Performance Period but, to the extent required by Section 162(m) of the Code, by no later than the earlier of the date that is ninety (90) day after the commencement of the Performance Period or the day prior to the date on which twenty-five percent (25% of the Performance Period has elapsed. The amount of compensation payable upon the attainment of a Performance Objective may not be increased at the discretion of the Committee. The Committee may, however, at its discretion, reduce or eliminate the amount of compensation payable upon the attainment of a Performance Objective.

Performance Awards are subject to such conditions, including risks of forfeiture, restrictions on transferability and other terms and conditions as specified by the Committee.

A Participant may not be granted Performance Awards for all of the Performance Periods commencing in a fiscal year that permit the Participant in the aggregate to earn a cash payment in any fiscal year in excess of \$3,000,000.

**Table of Contents****Stock Price Performance Graph**

**Report of the Audit Committee**

Working under the guidance of a written charter approved by the Board of Directors, the Audit Committee, which is comprised of Messrs. Neil D. Chrisman, Jan H. Suwinski and Geoffrey A. Thompson, is primarily responsible for assisting the Board in overseeing the Company's financial reporting process as well as the internal controls that management and the Board have established. The Board of Directors adopted a revised charter for the Audit Committee on June 16, 2005, a copy of which may be found in Appendix A to this Proxy Statement.

Management is responsible for the financial reporting process, including the system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

**Table of Contents**

During the past fiscal year, the Audit Committee met in person or by telephone and met in separate executive sessions with the Company's Chief Financial Officer, the Company's senior internal auditing executive and the independent auditing partner for the Company. The Audit Committee also met privately on a quarterly basis.

In carrying out its duties, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements for the fiscal year ended July 31, 2005 with the Company's management and Deloitte & Touche, LLP ( Deloitte ), the Company's independent auditors. The Audit Committee has also discussed with Deloitte the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees , as amended. In addition, the Audit Committee has received the written disclosures and the letter from Deloitte required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees and has discussed with Deloitte its independence from the Company and its management. Based on the foregoing reports and discussions and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter of the Audit Committee, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2005.

The Board of Directors has affirmatively determined that each of the members of the Audit Committee is independent as defined under the rules of the New York Stock Exchange.

**Director Independence Standards**

**As adopted by the Board of Directors of Thor Industries, Inc.**

A director will not be considered independent if, within the preceding three years:

The director is an employee, or whose immediate family member is an executive officer, of the Company.

The director receives, or whose immediate family member receives, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

The director is affiliated with or employed by, or whose immediate family member is affiliate with or employed in a professional capacity by, a present or former internal or external auditor of the Company.

The director is employed, or whose immediate family member is employed, as an executive officer of another company where any of the Company's present executives serve on that company's compensation committee.

The director is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

For relationships not covered by the guidelines above, or for relationships that are covered, but as to which the Board believes a director may nonetheless be independent, the determination of independence shall be made by the directors who satisfy the NYSE independence rules and the guidelines set forth above. However, any determination of independence for a director who does not meet these standards must be specifically explained in the Company's proxy statement for a meeting of shareholders at which directors are to be elected.
