ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission, or the SEC, using a shelf registration process. Under this shelf registration process, we may, from time to time, sell any combination of the securities described in this prospectus, in one or more offerings, up to a maximum aggregate offering price of \$300,000,000.

This prospectus provides you with a general description of the securities offered by us, which is not meant to be a complete description of each security. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of that offering, including the specific amounts, prices and terms of the securities offered. The prospectus supplement and any other offering material may also add to, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus. To the extent inconsistent, information in or incorporated by reference in this prospectus is superseded by the information in the prospectus supplement and any other offering material related to such securities.

This prospectus and any applicable prospectus supplement does not constitute an offer to sell, or a solicitation of an offer to purchase, the securities offered by such documents in any jurisdiction to or from any person to whom or from whom it is unlawful to make such an offer or solicitation of an offer in such jurisdiction.

You should not assume that the information contained in this prospectus or any prospectus supplement is accurate as of any date other than the date on the front cover of such documents. Neither the delivery of this prospectus or any applicable prospectus supplement nor any distribution of securities pursuant to such documents shall, under any circumstances, create any implication that there has been no change in the information set forth in this prospectus or any applicable prospectus supplement or in our affairs since the date of this prospectus or any applicable prospectus supplement.

In this prospectus and any prospectus supplement hereto, unless the context suggests otherwise, references to the Company, we, RPT, us, our Company, and our mean Ramco-Gershenson Properties Trust.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated by reference contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Exchange Act. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements in this prospectus and any prospectus supplement hereto and in reports of the Company filed with the SEC. Readers are cautioned not to place undue reliance on any of these forward-looking statements, which reflect our management's views as of the date of this prospectus, or, if applicable, the date of a document incorporated by reference. All subsequent written and oral forward-looking statements attributable to us are expressly qualified in their entirety by the cautionary statements contained or referenced to in this section. Although we believe that the expectations reflected in the forward-looking statements are based on reasonable assumptions, we cannot guarantee future results, levels of activity, performance or achievements. WHO WE ARE

Ramco-Gershenson Properties Trust is a fully integrated, self-administered, publicly-traded Maryland real estate investment trust organized on October 2, 1997. The terms Company, we, our or us refer to Ramco-Gershenson Properties Trust, the Operating Partnership (defined below) and/or its subsidiaries, as the context may require. Our principal office is located at 31500 Northwestern Highway, Suite 300, Farmington Hills, Michigan 48334. Our predecessor, RPS Realty Trust, a Massachusetts business trust, was formed on June 21, 1988 to be a diversified growth-oriented REIT. In May 1996, RPS Realty Trust acquired the Ramco-Gershenson interests through a reverse merger, including substantially all of the shopping centers and retail properties as well as the management company and business operations of Ramco-Gershenson, Inc. and certain of its affiliates. The resulting trust changed its name to Ramco-Gershenson Properties Trust and Ramco-Gershenson, Inc.'s officers assumed management responsibility. The trust also changed its operations from a mortgage real estate investment trust (REIT) to an equity REIT and contributed certain mortgage loans and real estate properties to Atlantic Realty Trust, an independent, newly formed liquidating REIT. In 1997, with approval from our shareholders, we changed our state of organization by terminating the Massachusetts trust and merging into a newly formed Maryland real estate investment trust.

We conduct substantially all of our business, and hold substantially all of our interests in our properties, through our operating partnership, Ramco-Gershenson Properties, L.P. (the Operating Partnership). The Operating Partnership, either directly or indirectly through partnerships or limited liability companies, holds fee title to all owned properties. We have the exclusive power to manage and conduct the business of the Operating Partnership. As of September 30, 2008, we owned approximately 86.4% of the interests in the Operating Partnership.

We are a REIT under the Internal Revenue Code of 1986, as amended (the Code), and are therefore required to satisfy various provisions under the Code and related Treasury regulations. We are generally required to distribute annually at least 90% of our REIT taxable income (as defined in the Code), excluding any net capital gain, to our shareholders. Additionally, at the end of each fiscal quarter, at least 75% of the value of our total assets must consist of real estate assets (including interests in mortgages on real property and interests in other REITs) as well as cash, cash equivalents and government securities. We are also subject to limits on the amount of certain types of securities we can hold. Furthermore, at least 75% of our gross income for the tax year must be derived from certain sources, which include rents from real property and interest on loans secured by mortgages on real property. An additional 20% of our gross income must be derived from these same sources or from dividends and interest from any source, gains from the sale or other disposition of stock or securities or any combination of the foregoing.

Certain of our operations, including property management and asset management, are conducted through taxable REIT subsidiaries (each, a TRS). A TRS is a C corporation that has not elected REIT status and, as such, is subject to federal corporate income tax. We use the TRS format to facilitate our ability to provide certain services and conduct certain activities that are not generally considered as qualifying REIT activities. Our executive offices are located at 31500 Northwestern Highway, Suite 300, Farmington Hills, Michigan 48334 (telephone number (248) 350-9900).

RISK FACTORS

Before you invest in any of our securities, in addition to the other information included or incorporated by reference into this prospectus and any applicable prospectus supplement, you should carefully consider the risk factors under the section entitled "Risk Factors" in any prospectus supplement as well as our most recent Annual Report on Form 10-K and in our Quarterly Reports on Form 10-Q filed subsequent to the Annual Report on Form 10-K, which are incorporated by reference into this prospectus and any prospectus supplement in their entirety, as the same may be amended, supplemented or superseded from time to time by other reports we file with the SEC in the future. In addition, new risks may emerge at any time and we cannot predict such risks or estimate the extent to which they may affect our business, financial condition, results of operations and prospects. For more information, see the sections entitled, "Where You Can Find More Information" and "Incorporation of Information We File With the SEC" in this prospectus.

Recent disruptions in the financial markets could affect our ability to obtain financing for development or redevelopment of our properties and other purposes on reasonable terms and have other adverse effects on us and the market price of our common shares.

The United States financial and credit markets have recently experienced significant price volatility, dislocations and liquidity disruptions, which have caused market prices of many financial instruments to fluctuate substantially and the spreads on prospective debt financings to widen considerably. These circumstances have materially impacted liquidity in the financial markets, making terms for certain financings less attractive, and in some cases have resulted in the unavailability of financing.

Continued uncertainty in the stock and credit markets may negatively impact our ability to access additional financing for development and redevelopment of our properties and other purposes at reasonable terms, which may negatively affect our business. It may also be more difficult or costly for us to raise capital through the issuance of our common shares or preferred shares. The disruptions in the financial markets may have a material adverse effect on the market value of our common shares and other adverse effects on us and our business. In addition, there can be no assurance that the actions of the U.S. government, U.S. Federal Reserve, U.S. Treasury and other governmental and regulatory bodies for the purpose of stabilizing the financial markets will achieve the intended effects or that such actions will not result in adverse market developments.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds from the sale of the securities for working capital and other general corporate purposes, which may include repaying debt, financing capital commitments, and financing future acquisitions, redevelopment and development activities. We will have significant discretion in the use of any net proceeds. We may provide additional information on the use of the net proceeds from the sale of our securities in an applicable prospectus supplement or other offering materials relating to the offered securities.

THE SECURITIES WE MAY OFFER

We may sell from time to time, in one or more offerings, common shares of beneficial interest, preferred shares of beneficial interest, and/or warrants in a dollar amount that does not exceed \$300,000,000. This prospectus contains only a summary of the securities we may offer. The specific terms of any securities actually offered for sale, together with the terms of that offering, the initial price and the net proceeds to us from the sale of such securities, will be set forth in an accompanying prospectus supplement. That prospectus supplement also will contain information, if applicable, about material United States federal income tax considerations relating to the securities and the securities exchange, if any, on which the securities will be listed. This prospectus may not be used to consummate a sale of securities unless it is accompanied by a prospectus supplement.

The following description of our common shares and preferred shares, together with the additional information we include in any applicable prospectus supplements, summarizes the material terms and provisions of the common shares and preferred shares that we may offer under this prospectus. For the complete terms of our common shares and preferred shares, please refer to our Articles of Amendment and Restatement of Declaration of Trust (the Declaration of Trust), as supplemented by the articles supplementary for each series of preferred shares, that are incorporated by reference into the registration statement which includes this prospectus. Maryland law will also affect the terms of these securities and the rights of holders thereof. While the terms we have summarized below will apply generally to any future common shares or preferred shares that we may offer, we will describe the particular terms of any class or series of these securities in more detail in the applicable prospectus supplement. If we so indicate in any applicable prospectus supplement, the terms of any common shares or preferred shares we offer may differ from the terms we describe below.

Our authorized shares consist of an aggregate 55,000,000 shares of beneficial interest, par value \$0.01 per share, consisting of 45,000,000 common shares and 10,000,000 preferred shares which may be issued in one or more classes or series, each with such terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption, as are permitted by Maryland law and as our board of trustees may determine by resolution. As of December 31, 2008, we had issued and outstanding 18,583,362 common shares and no preferred shares.

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities either separately, or together with, or upon the conversion of or in exchange for, other securities. The debt securities may be our unsecured and unsubordinated obligations or our subordinated obligations. We use the term senior debt securities to refer to the unsecured and unsubordinated obligations. We use the term subordinated debt securities to refer to the subordinated obligations. The subordinated debt securities of any class or series may be our senior subordinated obligations, subordinated obligations, junior subordinated obligations or may have such other ranking as is described in the relevant prospectus supplement. We may issue any of these types of debt securities in one or more classes or series.

Our senior debt securities may be issued from time to time under a senior debt securities indenture with a trustee to be named in the senior debt securities indenture. Our subordinated debt securities may be issued from time to time under a subordinated debt securities indenture with a trustee to be named in the subordinated debt securities indenture, which will describe the specific terms of the debt class or series. We use the term indenture to refer to the senior debt securities indenture or the subordinated debt securities indenture. We use the term trustee to refer to the trustee named in the senior debt securities indenture or the subordinated debt securities indenture.

Some of our operations are conducted through our subsidiaries. Accordingly, our cash flow and our ability to service our debt, including the debt securities, are dependent upon the earnings of our subsidiaries and the distribution of those earnings to us, whether by dividends, loans or otherwise. The payment of dividends and the making of loans and advances to us by our subsidiaries may be (i) subject to statutory or contractual restrictions, (ii) contingent upon the earnings of our subsidiaries, and (iii) subject to various business considerations. Our right to receive assets of any of our subsidiaries upon their liquidation or reorganization (and the consequent right of the holders of the debt securities to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors (including trade creditors), except to the extent that we are recognized as a creditor of that subsidiary, in which case our claims would still be subordinate to any security interests in the assets of the subsidiary and any indebtedness held

by a subsidiary that is senior to indebtedness held by us.

The following summary of selected provisions that will be included in indentures and in the debt securities is not complete. Before making an investment in our debt securities, you should review the applicable prospectus supplement and the form of applicable indenture, which will be filed with the SEC in connection with the offering of the specific debt securities.

Table of Contents

General

We can issue debt securities of any class or series with terms different from the terms of debt securities of any other class or series and the terms of particular debt securities within any class or series may differ from each other, all without the consent of the holders of previously issued classes or series of debt securities. The debt securities of each class or series will be our direct, unsecured obligations.

The applicable prospectus supplement relating to the class or series of debt securities will describe the specific terms of each class or series of debt securities being offered, including, where applicable, the following:
the title;

the aggregate principal amount and whether there is any limit on the aggregate principal amount that we may subsequently issue;

whether the debt securities will be senior, senior subordinated, subordinated or junior subordinated;

applicable prospectus supplement will also describe any special provisions for the payment of additional amounts with respect to the debt securities. United States federal income tax consequences and special considerations, if any, applicable to any such class or series will be described in the applicable prospectus supplement.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the corporate office of the trustee maintained in the City of New York or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Global Securities

The debt securities of a class or series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any such nominee to a successor of such depository or a nominee of such successor. The specific terms of the depository arrangement with respect to any debt securities of a class or series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

DESCRIPTION OF COMMON SHARES

This section describes the general terms and provisions of our common shares of beneficial interest, par value \$.01 per share. This summary is not complete. We have incorporated by reference our Declaration of Trust and our amended and restated bylaws (our Bylaws) as exhibits to the registration statement of which this prospectus is a part. We have also incorporated by reference in this prospectus a description of our common shares which is contained in other documents we have filed with the SEC. You should read these other documents before you acquire any common shares.

Common Shares

All common shares offered by any applicable prospectus supplement will be duly authorized, fully paid and nonassessable. All rights that accompany the ownership of our common shares are subject to the preferential rights of any other class or series of our shares and to the provisions of our Declaration of Trust regarding restrictions on transfer of our shares.

General

As of December 31, 2008 our authorized capital included 45,000,000 common shares, of which 18,583,362 shares were issued and outstanding. All common shares offered pursuant to any prospectus supplement will, when issued, be duly authorized, fully paid and non-assessable. This means that the full price for our common shares will be paid at issuance and that you, as a purchaser of such common shares will not be later required to pay us any additional monies for such common shares.

Dividends

Subject to the preferential rights of any shares or class or series of beneficial interest that we may issue in the future, and to the provisions of the Declaration of Trust regarding the restriction on transfer of common shares, holders of common shares are entitled to receive dividends on such shares out of our funds that we can legally use to pay dividends, when and if such dividends are declared by our board of trustees.

Voting Rights

Table of Contents

Subject to the provisions of our Declaration of Trust regarding restrictions on the transfer and ownership of shares of beneficial interest, the holders of common shares have the exclusive power to vote on all matters presented to our shareholders unless the terms of any outstanding preferred shares gives the holders of preferred shares the right to vote on certain matters or generally. Each outstanding common share entitles the holder to one vote on all matters submitted to a vote of shareholders, including the election of trustees. There is no cumulative voting in the election of our trustees, which means that the holders of a majority of the outstanding common shares can elect all of the trustees then standing for election, and the votes held by the holders of the remaining common shares, if any, will not be sufficient to elect any trustee.

Other Rights

Subject to the provisions of our Declaration of Trust regarding restrictions on the transfer and ownership of shares of beneficial interest, each common share has equal distribution, liquidation and other rights, and has no preference, conversion, sinking fund, redemption or preemptive rights.

Pursuant to our Declaration of Trust and Maryland law, any merger, consolidation or sale of all or substantially all of our assets or dissolution requires the affirmative vote of at least two-thirds of all the votes entitled to be cast by our shareholders on the matter. Any amendment to our Declaration of Trust, other than an amendment of any of the sections of our Declaration of Trust which provide that the matters described in the foregoing sentence must be approved by a two-thirds vote, requires the affirmative vote of at least a majority of all the votes entitled to be cast by our shareholders on the matter. Subject to any rights of holders of one or more classes or series of our preferred shares to elect one or more trustees, at a meeting of our shareholders, the affirmative vote of at least two-thirds of our shareholders entitled to vote in the election of trustees is required in order to remove a trustee. Our Declaration of Trust authorizes our board of trustees to increase or decrease the aggregate number of our authorized shares of beneficial interest and the number of shares of any class or series of beneficial interest.

Transfer Agent and Registrar

The transfer agent and registrar for our common shares is the American Stock Transfer & Trust Company.

Power To Reclassify Our Shares

Our Declaration of Trust authorizes our board of trustees to classify and reclassify any of our unissued common shares and preferred shares into other classes or series of shares. Prior to issuance of shares of each class or series, our Board is required by Maryland law and by our Declaration of Trust to set, subject to the restrictions on transfer of shares contained in our Declaration of Trust, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, our board of trustees could authorize the issuance of preferred shares with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common shares or otherwise be in their best interest.

Power To Increase Our Authorized Capital and to Issue Additional Common Shares And Preferred Shares

Our Declaration of Trust authorizes our board of trustees, without the approval of our shareholders, to amend our Declaration of Trust from time to time to increase or decrease the aggregate number of common shares and/or preferred shares or the number of shares of any class or series that we have authority to issue.

We believe that the power to increase our authorized capital, to issue additional common shares or preferred shares and to classify or reclassify unissued common or preferred shares and thereafter to issue the classified or reclassified shares provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. These actions can be taken without shareholder approval, unless shareholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded.

The description of the limitations on the liability of shareholders of ours set forth under Description of Preferred Shares is applicable to holders of common shares.

Restrictions On Ownership And Transfer

In order for us to qualify as a REIT, we must not be closely held as determined under Section 856(h) of the Code. We will not be considered closely held if no more than 50% in value of our outstanding shares is actually or constructively

Table of Contents

owned by five or fewer individuals (as determined by applying certain attribution rules under the Code) during the last half of a taxable year (other than the first year for which an election to be treated as a REIT has been made) or during a proportionate part of a shorter taxable year. In addition, in order for us to qualify as a REIT, we must satisfy two gross income tests that require us to derive a certain percentage of our income from certain qualifying sources, including rents from real property. If we, or an owner of 10% or more of our shares, actually or constructively owns 10% or more of one of our tenants (or a tenant of any partnership in which we are a partner), the rent we receive (either directly or through any such partnership) from such tenant (referred to in this section as a Related Party Tenant) will not be treated as qualifying rent for purposes of the REIT gross income tests. Moreover, in order for us to qualify as a REIT, at least 100 persons must beneficially own our shares during 335 or more days of a taxable year of twelve months or during a proportionate part of a shorter taxable year (other than the first year for which we elected to be treated as a REIT).

In order to assist us in preserving our REIT status, our Declaration of Trust prohibits:

any person from actually or constructively owning our shares that would cause us to be closely held under Section 856(h) of the Code or otherwise cause us to fail to qualify as a REIT, including by reason of receiving rents from tenants that are Related Party Tenants in an amount that would cause us to fail to satisfy one or both of the REIT gross income tests, and

any person from transferring our shares if the transfer would cause our shares to be owned by fewer than 100 persons.

In addition, to assist us in avoiding a transfer of shares that would cause us to become closely held or the receipt of rent from a Related Party Tenant, our Declaration of Trust, as amended, subject to customary exceptions, provides that no holder may actually or constructively own more than the ownership limit as determined by applying certain attribution rules under the Code. The ownership limit means:

with respect to our common shares, 9.8%, in value or number of shares, whichever is more restrictive, of our outstanding common shares, and

with respect to any class or series of our preferred shares, 9.8%, in value or number of shares, whichever is more restrictive, of the outstanding shares of the applicable class or series of our preferred shares.

The attribution rules under the Code are complex and may cause common shares actually or constructively owned by a group of related individuals and/or entities to be treated as being constructively owned by one individual or entity. As a result, the acquisition by an individual or entity of less than 9.8% of our common shares (or the acquisition by an individual or entity of an interest in an entity that actually or constructively owns our common shares) could cause such individual or entity, or another individual or entity, to constructively own in excess of 9.8% of our outstanding common shares and, thus, subject those common shares to the ownership limit.

Our board of trustees may, in its sole discretion and upon the vote of 75% of its members, grant an exemption from the ownership limit with respect to a person (or more than one person) who would not be treated as an individual for purposes of the Code if such person submits to the board information satisfactory to the board, in its reasonable discretion, demonstrating that:

such person is not an individual for purposes of the Code,

such person's share ownership will not cause a person who is an individual to be treated as owning common shares in excess of the ownership limit, applying the attribution rules under the Code, and

such person's share ownership will not otherwise jeopardize our REIT status.

As a condition of a waiver, our board of trustees may, in its reasonable discretion, require undertakings or representations from such person to ensure that the conditions described above are satisfied and will continue to be satisfied for as long as such person owns shares in excess of the ownership limit.

Under some circumstances, our board of trustees may, in its sole discretion and upon the vote of 75% of its members, grant an exemption for individuals to acquire preferred shares in excess of the ownership limit.

Our board of trustees also has the authority to increase the ownership limit from time to time, but it does not have the authority to do so to the extent that, after giving effect to an increase, five beneficial owners of our common shares could

Table of Contents

beneficially own in the aggregate more than 49.5% of our outstanding common shares.

Any person who acquires, or attempts or intends to acquire, actual or constructive ownership of our shares that violates or may violate any of the foregoing restrictions on transferability and ownership will be required to give notice to us immediately and provide us with any information that we may request in order to determine the effect of the transfer on our REIT status.

If any purported transfer of our shares or any other event would otherwise result in any person violating the ownership limit or the other restrictions in our Declaration of Trust, then the purported transfer will be void and of no force or effect with respect to the purported transferee as to that number of shares that exceeds the ownership limit and the purported transferee will acquire no right or interest (or, in the case of any event other than a purported transfer, the person or entity holding record title to any shares in excess of the ownership limit will cease to own any right or interest) in those excess shares. Any excess shares described above will be transferred automatically, by operation of law, to a trust, the beneficiary of which will be a qualified charitable organization selected by us. This automatic transfer will be deemed to be effective as of the close of business on the business day (as defined in our Declaration of Trust) prior to the date of the violating transfer.

Within 20 days of receiving notice from us of the transfer of shares to the trust, the trustee of the trust (who will be designated by us and will be unaffiliated to us and the purported transferee or owner) will be required to sell the excess shares to a person or entity who could own those shares without violating the ownership limit and distribute to the purported transferee an amount equal to the lesser of the price paid by the purported transferee for the excess shares or the sales proceeds received by the trust for the excess shares. In the case of any excess shares resulting from any event other than a transfer, or from a transfer for no consideration (such as a gift), the trustee will be required to sell the excess shares to a qualified person or entity and distribute to the purported owner an amount equal to the lesser of the fair market value of the excess shares as of the date of the event or the sales proceeds received by the trust for the excess shares. In either case, any proceeds in excess of the amount distributable to the purported transferee or owner, as applicable, will be distributed to the beneficiary of the trust.

Prior to a sale of any excess shares by the trust, the trustee will be entitled to receive, in trust for the beneficiary, all dividends and other distributions paid by us with respect to the excess shares, and also will be entitled to exercise all voting rights with respect to the excess shares. Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee will have the authority (at the trustee's sole discretion and subject to applicable law) (1) to rescind as void any vote cast by a purported transferee prior to the discovery by us that its shares have been transferred to the trust and (2) to recast votes in accordance with the desires of the trustee acting for the benefit of the beneficiary of the trust. Any dividend or other distribution paid to the purported transferee or owner (prior to the discovery by us that its shares had been automatically transferred to a trust as described above) will be required to be repaid to the trustee upon demand for distribution to the beneficiary of the trust.

If the transfer to the trust as described above is not automatically effective (for any reason) to prevent violation of the ownership limit, then our Declaration of Trust provides that the transfer of the excess shares will be void.

In addition, our shares held in the trust will be deemed to have been offered for sale to us, or our designee, at a price per share equal to the lesser of (1) the price per share in the transaction that resulted in the transfer to the trust (or, in the case of a devise or gift, the fair market value at the time of that devise or gift) and (2) the fair market value of such shares on the date we, or our designee, accept the offer. We will have the right to accept the offer until the trustee has sold the shares of beneficial interest held in the trust. Upon the sale to us, the interest of the beneficiary in the shares sold will terminate and the trustee will distribute the net proceeds of the sale to the purported owner.

All certificates evidencing our shares will bear a legend referring to the restrictions described above and a statement that we will furnish a copy of our Declaration of Trust to a shareholder on request and without charge.

All persons who own, either actually or constructively by application of the attribution rules under the Code, more than 5% (or other percentage between 1/2 of 1% and 5% as provided in applicable rules and regulations under the Code) of the lesser of the number or value of our outstanding shares must give a written notice to us by January 30 of each year. In addition, each shareholder will, upon demand, be required to disclose to us in writing information with respect to the direct, indirect and constructive ownership of our shares that our board of trustees deems reasonably necessary to comply with the provisions of the Code applicable to a REIT, to comply with the requirements of any

taxing authority or governmental agency or to determine our compliance with such provisions or requirements.

Table of Contents

The following description of the preferred shares, which may be offered pursuant to a prospectus supplement, sets forth certain general terms and provisions of the preferred shares to which any prospectus supplement may relate. The particular terms of the preferred shares being offered and the extent to which such general provisions may or may not apply will be described in a prospectus supplement relating to such preferred shares. The statements below describing the preferred shares are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our Declaration of Trust, as amended (including any articles supplementary setting forth the terms of the preferred shares), and our Bylaws.

The preferred shares will, when issued, be fully paid and nonassessable and will have no preemptive rights.

Pursuant to our Declaration of Trust, our board of trustees may authorize the issuance of up to 10,000,000 preferred shares of beneficial interest, par value \$.01 per share, in one or more classes or series and may classify any unissued preferred shares and reclassify any previously classified but unissued preferred shares of any class or series. All previously issued and outstanding preferred shares have been reacquired by us and restored to the status of undesignated preferred shares.

The register and transfer agent for any preferred shares will be set forth in the applicable prospectus supplement.
