PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

April 25, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Synalloy Corporation (the "Company") of proxies to be voted at the Annual Shareholders' Meeting to be held at the offices of the Company's Bristol Metals L.P. subsidiary, 390 Bristol Metals Road, Bristol, Tennessee, on April 25, 2002, at 10:00 a.m. local time, and at all adjournment(s) thereof.

The approximate date on which this Proxy Statement and the accompanying proxy card are first being sent or given to stockholders is March 27, 2002.

Quorum and Voting. The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock of the Company is necessary to constitute a quorum at the Annual Meeting. If a share is represented for any purpose at the annual meeting by the presence of the registered owner or a person holding a valid proxy for the registered owner, it is deemed to be present for purposes of establishing a quorum. Therefore, valid proxies which are marked "Abstain" or "Withhold" and shares that are not voted, including proxies submitted by brokers that are the record owners of shares (so-called "broker non-votes"), will be included in determining the number of votes present or represented at the annual meeting. If a quorum is not present or represented at the meeting, the shareholders entitled to vote who are present in person or represented by proxy have the power to adjourn the meeting from time to time. If the meeting is to be reconvened within 30 days, no notice of the reconvened meeting will be given other than an announcement at the adjourned meeting. If the meeting is to be adjourned for 30 days or more, notice of the reconvened meeting will be given as provided in the Bylaws. At any reconvened meeting at which a quorum is present or represented, any business may be transacted that might have been transacted at the meeting as originally noticed.

Voting Rights. The securities which can be voted at the Annual Meeting consist of Common Stock of the Company, \$1.00 par value per share, its only class of issued and outstanding capital stock. The record date for determining the holders of Common Stock who are entitled to notice of and to vote at the Annual Meeting is February 28, 2002. On February 28, 2002, the Company had outstanding 5,964,304 (excluding 2,035,696 shares held in treasury) shares of Common Stock. Each shareholder of Common Stock is entitled in respect of each matter to be voted on at the meeting to one (1) vote per share, except that in the election of Directors shareholders have cumulative voting rights.

If a quorum is present at the Annual Meeting, Directors will be elected by a plurality of the votes cast by shares present in person and entitled to vote at the meeting. Votes that are withheld or shares that are not voted in the election of directors will have no effect on the outcome of election of directors. Each shareholder of Common Stock entitled to vote for the election of Directors shall have the right to cumulate his votes. Each shareholder of Common Stock entitled to vote for the election of Directors shall have the right to cumulate his votes either (1) by giving to one candidate as many votes as shall equal the number of shares owned by such holder multiplied by the number of directors to be elected, or (2) by distributing his votes on the same principle among any number of candidates. Any shareholder who intends to so vote his shares shall either (1) give written notice of such intention to the Secretary of the Company not less than forty-eight (48) hours before the time fixed for the Annual Meeting, or (2) announce his intention in such meeting before the voting for Directors shall commence. If a shareholder gives notice of his intention to cumulate his votes, all shareholders entitled to vote at the meeting shall without further notice be entitled to cumulate their votes.

If a quorum is present, all other matters which may be considered and acted upon by the holders of Common Stock at the Annual Meeting, including amendment of the 1998 Stock Option Plan and ratification of appointment of Ernst & Young, LLP as accountants for the fiscal year ending December 28, 2002, will be approved if a majority of shares present and entitled to vote at the meeting cast their votes in favor of the proposals.

Cost of Solicitation. The entire cost of soliciting these proxies will be borne by the Company. The Company may make arrangements with brokerage houses, nominees, fiduciaries and other custodians to send proxies and proxy material to beneficial owners of the Company's stock and may reimburse them for their expenses in so doing. Proxies may be solicited personally or by telephone, telegram or mail by directors, officers and regular employees of the Company without additional compensation for such services. Synalloy has engaged the services of W. F. Doring & Company, a firm specializing in proxy solicitation, to solicit proxies and to assist in the distribution and collection of proxy material for a fee estimated at approximately \$2,500 plus reimbursement of out-of-pocket expenses.

Voting by Proxy. In voting by proxy with regard to the election of directors, stockholders may vote in favor of all nominees, withhold their votes as to all nominees or withhold their votes as to specific nominees. Stockholders should specify their choices on the accompanying proxy card. All properly executed proxy cards delivered by stockholders to the Company and not revoked will be voted at the Annual Meeting in accordance with the directions given. If no specific instructions are given with regard to the matters to be voted upon, the shares represented by a signed proxy card will be voted "FOR" the election of the persons named in this Proxy Statement as the Board of Directors' nominees for the election to the Board of Directors, "FOR" amendment of the 1998 Stock Option Plan, and "FOR" the ratification of the appointment of Ernst & Young LLP as independent auditors. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment.

Revocability of Proxy. Any stockholder delivering a proxy has the power to revoke it at any time before it is voted by giving written notice to the Secretary of the Company at Post Office Box 5627, Spartanburg, South Carolina 29304; by delivering a valid proxy bearing a later date to the Company's offices at Croft Industrial Park, Spartanburg, South Carolina or by attending the meeting and voting in person. Written notice of revocation of a proxy or delivery of a later dated proxy will be effective upon receipt by the Company. Attendance at the annual meeting will not in itself constitute revocation of a proxy.

The Company's Annual Report to Stockholders including Form 10-K for the year ended December 29, 2001 (without exhibits), as filed with the Securities and Exchange Commission, accompanies this Proxy Statement and is incorporated by reference herein. Copies of exhibits to the Form 10-K will be provided upon written request to Cheryl C. Carter, Secretary, Synalloy Corporation, Post Office Box 5627, Spartanburg, South Carolina 29304 at a charge of \$.10 per page. ELECTION OF DIRECTORS (Item 1 on Proxy Card)

Edgar Filing: SYNALLOY CORP - Form DEF 14A

The Certificate of Incorporation of the Company provides that the Board of Directors shall consist of not less than three nor more than fifteen individuals. Upon recommendation of the Nominating Committee, the Board of Directors fixed the number of directors constituting the full Board at six members and recommends that the six nominees listed in the table which follows be elected as directors to serve for a term of one year until the next succeeding Annual Meeting or until their successors are elected and qualified. Each of the nominees has consented to be named in this Proxy Statement and to serve as a director if elected.

If cumulative voting is not requested, the holders of the Board of Directors' proxies will vote the proxies received by them for the election as directors of the six persons named below. If cumulative voting is requested, the holders of the Board of Directors' proxies will vote the proxies received by them cumulatively for some or all of the nominees in such manner as may be determined at the time by the proxy holders.

While the Board of Directors expects that all of the nominees will serve as directors, if, at the time of the Annual Meeting of Shareholders, or any adjournment(s) thereof, a situation should arise making it impossible for one or more of the nominees to serve, the holders of the enclosed proxy will vote for such substitute nominee as the Board of Directors recommends.

The Board of Directors recommends that stockholders vote "FOR" the proposal to elect the six nominees listed below as directors of the Company.

If a quorum is present at the annual meeting, directors will be elected by a plurality of the votes cast by shares present and entitled to vote at the meeting.

The members of the Executive Committee are James Lane, Chair, Glenn Oxner and Carroll Vinson. This Committee exercises the authority of the Board of Directors in the management of the business of the Company between the meetings of the Board of Directors. However, this Committee does not have, among other powers, the authority to amend the Certificate of Incorporation or Bylaws, to adopt an agreement of merger or consolidation, to recommend to the shareholders the sale, lease or exchange of the Company's property and assets, to declare a dividend, or to authorize the issuance of stock. During the past fiscal year, this Committee met two times.

The Audit Committee members are Glenn Oxner, Chair, Carroll Vinson and Murray Wright. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors. Each member of the Audit Committee is independent as defined in Rule 4200(a)(14) of the National Association of Securities Dealer's listing standards. The Audit Committee held five meetings during the year. During these meetings, the Audit Committee reviewed and discussed the audited financial statements to be included in the Company's Annual Report on Form 10-K, and the Form 10-Qs for each quarter prior to filing with the SEC with management and representatives of Ernst & Young.

The Compensation & Long-Term Incentive Committee, currently comprised of Murray Wright, Chair, Sibyl Fishburn and Glenn Oxner, is responsible for reviewing and making recommendations to the Board related to salaries, wages, bonuses and benefits for officers of the Company and for administering the Company's stock option program including the granting of options thereunder. This Committee met one time during the last fiscal year.

The Nominating Committee is comprised of James Lane, Chair, Sibyl Fishburn and Murray Wright. This Committee is responsible for reviewing and recommending changes in size and composition of the Board of Directors and

evaluating and recommending candidates for election to the Company's Board. This Committee met once in 2001. The Nominating Committee will consider nominees recommended by shareholders if the recommendations are forwarded to the Secretary of the Company for transmission to the Nominating Committee not less than 30 days nor more than 60 days prior to the Annual Meeting of Shareholders, and are otherwise in compliance with the Company's Bylaws. The Committee routinely meets at the regular quarterly meeting of the Board of Directors next preceding the Annual Meeting. Nominations for election as Directors may also be made from the floor at the Annual Meeting of Shareholders provided such nominations are in accordance with the notice procedures set forth in the Company's Bylaws. The Audit Committee has a written charter, a copy of which was included with this Proxy Statement for the 2001 Annual Meeting of Shareholders.

During fiscal year 2001, the Board of Directors met five times. All members of the Board attended 75% or more of the aggregate of the total number of meetings of the Board of Directors and of the committees of the Board on which they served.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and any persons who own more than 10% of the common stock of the Company to file with the Securities and Exchange Commission reports of beneficial ownership and changes in beneficial ownership of common stock. Officers and directors are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on review of the copies of such reports furnished to the Company or written representation that no other reports were required, the Company believes that, during 2001, all filing requirements applicable to its officers and directors were met.

THE BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's cash compensation policies are intended to provide senior managers, including the executive officers, with strong motivation to strive diligently to produce and maintain a high level of profitability. The principal elements of the policies are as follows. Base salaries of senior managers are at levels intended to be toward the lower range of base salaries for their peers in comparable companies. Offsetting the lower salaries are short-term incentive plans that provide cash bonuses equal to a percent of profits before income taxes in excess of a predetermined percentage of

equity. Subsidiary, divisional and group senior managers participate in profit sharing pools determined solely by the performance of their respective subsidiary, division or group while the Chief Executive Officer's bonus is based on consolidated profitability. The overall effect is to make every senior manager's cash compensation highly dependent on the profitability of the unit for which he/she works. When hiring new senior managers, the Company often guarantees a minimum bonus for the first year of employment that ensures that total first year compensation will be adequate to attract the quality of managers the Company seeks to employ. Mr. Braam's salary is subject to an employment agreement negotiated at the time Manufacturers Chemicals Corporation was purchased by the Company. No performance criteria except profits as related to equity were used to determine 2001 bonus compensation for the Chief Executive Officer and other executive officers other than the Vice President, Finance.

The Summary Compensation Table and Notes thereto provide details of the short-term incentives provided to the Chief Executive Officer and other executive officers (except the Vice President, Finance) for each of the past three years. It also shows for each of the past three years the portion of cash compensation representing bonuses dependent upon profitability.

The Vice President, Finance is paid a salary believed to be toward the lower end of the range of salaries for this position in comparable companies. He is also eligible for a discretionary bonus based on various considerations, including the Company's financial results, compensation of other executive employees and an evaluation of his job performance.

The Committee believes that the price of the Company's stock in the long run will reflect the Company's growth and profitability. The short-term incentives described above are intended to motivate senior management to strive for such growth and profitability.

A long-term incentive is also provided to senior managers that links their interests directly to those of the Company's shareholders. Options are granted to executive officers under incentive stock option plans adopted in 1988 and 1998 that only reward them if the price of the Company's stock increases after the dates on which the options are granted. Options are not granted on a regular basis nor on any specific criteria. They are granted from time to time based on the Committee's determination that they will likely increase the long-term motivation of the recipient without an unreasonable amount of potential dilution to shares outstanding.

The Committee reviews the compensation of the Company's executive officers annually and believes such compensation has been fair to both the executives and the Company's shareholders.

Common Stock Performance

As part of the executive compensation information presented in this Proxy Statement, the Securities and Exchange Commission requires a five-year comparison of cumulative total shareholder return for the Company with the cumulative total return of a broad equity market index and an index of appropriate similar companies. The Company has selected as a broad equity market index comparison the Nasdaq Non-Financial. Because the Company is in two distinctly different businesses, there is no similar industry "peer" group with which to compare. Thus, the Company has selected as the most appropriate peer group the Russell 2000 which is an index of companies with comparable market capitalizations.

NOTES

(1) Bonuses - Cash bonuses based on a short-term incentive plan provide for bonuses to be paid to senior divisional managers in an aggregate amount equal to 10% of the net earnings before income taxes in excess of a predetermined percentage (10% in 2002) for Messrs. Matthews and Braam of average shareholders' equity for the applicable division or subsidiary. Mr. Matera was a participant in this plan from July 2001 until January 31, 2002. Upon becoming Chief Executive Officer of Synalloy, Mr. Matera is no longer eligible to participate in this plan. Mr. Bowie does not participate in these bonus plans. The bonuses paid to Messrs. Braam and Matthews in 2000 were minimums agreed upon for the first year after they assumed more responsibilities when the Chemicals Segments was reorganized.

(2) Other Annual Compensation - Includes \$41,586 attributable to relocation expense for Mr. Matera.

(3) All Other Compensation - Includes for each of Messrs. Lane, Bowie and Matthews Company contributions pursuant to the 401(k) Employee Stock Ownership Plan. Includes for Mr. Braam contributions pursuant to the 401(k) Employee Stock Ownership Plan of \$6,800 in 2001 and \$6,574 in 2000 and 1999, and the full dollar value of the entire premiums paid by the Company for split dollar life insurance policies of \$10,503 in 2001, \$10,502 in 2000 and \$8,866 in 1999. A significant portion of the insurance premiums reported for Mr. Braam is for life insurance policies and such premiums will be recovered by the Company from the proceeds of the policies.

Employment Contracts - The Company had a written employment agreement with James G. Lane, Jr. until December 31, 2001. The agreement provided for an annual base salary, effective January 1, 2001, of \$180,000. In addition to his salary, he was entitled to "bonus-compensation" equal to a percentage of net earnings before income taxes in excess of a predetermined percent of average shareholders' equity. This agreement also provided certain fringe benefits and contained provisions for salary continuation benefits in the event of Mr. Lane's disability or death, under specified conditions, during the term of his employment by the Company. The agreement terminated December 31, 2001 without payment of additional benefits upon his retirement on January 31, 2002.

The Company has a written employment agreement with Ralph Matera pursuant to which he is entitled to received an annual base salary effective July 2001, of \$180,000 per year, until July 2003. Mr. Matera participated in the divisional short-term incentive plan from July 2002 through January 31, 2002, subject to a minimum bonus of \$6,000 per month. Effective February 1, 2002, he is entitled to "bonus-compensation" equal to a percentage (5% for 2002) of net earnings before income taxes in excess of a predetermined percent (10% for 2002) of average shareholders' equity. This agreement also provides certain fringe benefits and contains provisions for salary continuation benefits in the event of Mr. Matera's disability or death, under specified conditions, during the term of his employment with the Company.

The Company has a written employment agreement with Mr. Braam that provides an annual salary of \$156,240 and participation in the Management Incentive Plan, if any, for Manufacturers Chemicals Corporation through November 25, 2002. He is also a participant in the Management Incentive Plan beginning January 1, 2000 for the Chemicals Group excluding Manufacturers Chemicals.

Stock Option Plans

Currently, there are options outstanding under the 1988, 1994 and 1998 Stock Option Plans and available for grant under the 1994 and 1998 Plans. All of the plans have been approved by stockholders. The 1988 and 1998 Plans provide for such options to be granted to officers and key employees of the Company, its subsidiaries and divisions to provide them with an opportunity to obtain an equity interest in the Company and to increase their stake in the future growth and prosperity of the Company. The 1994 Plan provides for such options to be granted to non-employee directors. The option price for options granted under these plans is 100% of the fair market value of the Company's Common Stock on the date the option is granted. Certain restrictions exist as to the time in which options can be exercised. With regard to the 1988 Plan, approved at the May 26, 1988 Annual Meeting and the 1998 Plan, approved at the April 30, 1998 Annual Meeting, options may be exercised beginning one year after date of grant at a rate of 20% annually on a cumulative basis. In the event that (a) all or substantially all of the assets or Common Stock of the Company (or a subsidiary or division of the Company in which he/she is employed) is sold to an entity not affiliated with the Company, or (b) a merger or share exchange with an unaffiliated party occurs in which the Company is not the surviving entity, an option holder may exercise in addition to the above, 50% of the options not otherwise exercisable because of the holding period requirement subject to certain limitations. No options may be exercised under the 1988 and 1998 Plans after 10 years from date of grant. The incentive stock options are not transferable other than by death and can only be exercised during the employee's lifetime by the employee. The grant period for the 1988 Plan expired in January 1998. In no event shall options under all Plans having an aggregate fair market value in excess of \$100,000 at the dates of grants become exercisable by an optionee for the first time during a calendar year. Under the 1994 Plan, approved at the April 29, 1994 Annual Meeting, each non-employee director as of his or her election or re-election as a member of the Board will automatically receive an option for 1,500 common shares. In the event a person ceases to be a non-employee director for reasons other than death, the unexpired options must be exercised within three years not to exceed 10 years after date of grant. At February 28, 2002, there were 443,500 options outstanding under all plans of which 290,700 were exercisable.

Option/SAR Grants in Last Fiscal Year

| Name | # of Securities Underlying Options Granted | % of Total Options Granted to Employees in the Fiscal Year | Exercise or Base Price (\$/Sh) | Expiration Date (1) | Grant Date Present Value (\$ (2) | Market Price Required to Realize Grant Date Present Value (\$/Sh) |
|--------------|--|--|--------------------------------|---------------------|----------------------------------|---|
| Ralph Matera | 100,000 | 100% | \$6.11 | 8/2/11 | \$358,000 | \$9.69 |

The options may be exercised beginning one year after date of grant at a rate of 20% annually on a cumulative basis and expire 10 years after date of grant.

The dollar amounts under this column are the result of calculations using the Black-Scholes based option valuation model. The Company's use of this model should not be construed as an endorsement of its accuracy at valuing options. The following weighted-average assumptions were used in the above table: risk-free interest rate of five percent; dividend yield of two percent; volatility factors of the expected market price of the Company's Common Shares of .728; and an expected life of the option of seven years. The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's stock option plans are not registered, optionees are required to hold the stock for a minimum of one year after exercise. Because the Company's options have characteristics significantly different

from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its options. The actual value of the options, if any, will depend on the extent to which the market value of the Common Stock exceeds the exercise price of the option one year after the date of exercise.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Table

The following table summarizes the number of unexercised options held by the named executives at fiscal 2001 year end.

| Name | Shares Acquired on Exercise | Value Realized (1) | Number of Securities Underlying Unexercised Options at Fiscal Year-End Exercisable (E) Unexercisable (U) | Value of Unexercised in-the-Money Options at Fiscal Year End Exercisable (E) Unexercisable (U) (1) |
|-----------------|-----------------------------|--------------------|--|--|
| J. G. Lane, Jr. | 0 | N/A | 22,500 (E) 6,750 (U) | \$0 (E) 0 (U) |
| R. H. Braam | 0 | N/A | 17,000 (E) 10,500 (U) | \$0 (U) 0 (E) |
| R. Matera | 0 | N/A | 0 (E) 100,000 (U) | \$0 (E) 0 (U) |
| R. L. Matthews | 0 | N/A | 10,400 (E) 9,600 (U) | \$0 (E) 0 (U) |
| G. M. Bowie | 0 | N/A | 40,500 (E) 4,500 (U) | \$0 (E) 0 (U) |

Values are calculated by subtracting the exercise price from the average of the high and low prices as quoted on NASDAQ National Market Listing on the date prior to exercise or at year end, as appropriate. The closing stock price at fiscal year end was less than the exercise price on all options outstanding.

RETIREMENT PLANS

Salary Continuation Agreements

The Company has a salary continuation agreement with R. H. Braam which provides for payments of \$15,000 per annum in the event of pre-retirement death or \$40,000 per annum following retirement for 10 years. The Company also has salary continuation agreements with six former officers, which provide for payments at retirement or death ranging from \$9,750 to \$28,500 per annum for 10 years in the event of pre-retirement death or the longer of 10 years or life following retirement. The present value of the future payments which will be due at retirement are accrued annually through the retirement date. The Company is the owner and beneficiary of life insurance policies on the lives of these persons. Based upon reasonable assumptions as to mortality, dividends and other factors, the Company expects to recover the cost of paying said benefits, including a factor for the use of corporate funds, through keyman life insurance proceeds. The present values of the above agreements are accrued. The cumulative amount of this accrual is \$545,000.

401(k)/ESOP Plan

The Company has a 401(k)/Employee Stock Ownership Plan (the "Plan"). All employees (except those employees who are entitled to participate in Union-sponsored plans) who are 21 years or older will be eligible to participate on any January 1, April 1, July 1 or October 1 following one year of service with the Company.

Employees are permitted to contribute up to 100% of earnings not to exceed a dollar amount set by the Internal Revenue Service on a pretax basis through payroll deduction. Employees are permitted to change the election daily and can revoke the election at any time. Employee contributions are 100% vested at all times. The employee can invest his deferred contribution in any of the investment funds offered; however, employee contributions cannot be invested in Company stock.

Contributions by the Company are made primarily in Company Stock. For each plan year, the Company contributes on behalf of each participant who is eligible to share in matching contributions for the plan year, a discretionary matching contribution equal to a percentage which is determined each year by the Board of Directors subject to a maximum of 4% in 2001 and 2002. The matching contribution is allocated monthly. In addition to the matching contribution, the Company may make a discretionary contribution which shall be distributed to all eligible participants regardless of whether they contribute to the Plan. No discretionary contributions have been made to the Plan.

Distributions are not permitted before age 59 1/2 except in the event of death, disability, termination of employment or reason of proven financial hardship as defined according to IRS guidelines. The Plan provides for payment of the participant's account balance upon death, disability or retirement in the form of cash or Company stock or both. If employment terminates for reasons other than retirement, disability or death (e.g. resignation or termination), the discretionary portion of a participant's account balance will be vested based as follows: Zero to four years service - 0% vested; five or more years - 100% vested.

Unvested amounts are forfeited and allocated to participants eligible to participate for a plan year. The Plan permits rollovers from qualified plans at the discretion of the Company. The ESOP is permitted to borrow money to purchase Company stock. All Company stock acquired by the Plan with the proceeds of a loan is maintained in a suspense account and is withdrawn and allocated to participant's accounts as the loan is paid. While a participant in the Plan, an employee may direct the trustee to vote shares allocated to his or her account in accordance with his or her wishes.

All Plan assets are held by an independent trustee. The trustee invests all assets and makes payment of Plan benefits. The Plan is managed and administered by an independent administrator and a Pension Committee comprised of the corporate officers of the Company. Expenses incurred for the administration of the Plan are paid by the Company. The Plan reserves to the Board of Directors of the Company the right to amend the Plan in any manner or terminate the Plan at any time. The Plan may be amended to preserve the qualification of the Plan under the applicable provisions of the Internal Revenue Code, as amended from time to time. For the year ended 2001, the Company's total matching contribution was \$342,017.

Compensation of Directors

Directors who are not employees of the Company presently receive a fee of \$1,000 for attendance at each meeting of the Board of Directors, a \$10,000 annual retainer fee, and reimbursement for travel and other expenses related to attendance at meetings. Committee members presently receive a fee of \$500 for each meeting attended which is not held on the same day as a Board meeting. Pursuant to this arrangement, Mrs. Fishburn was paid \$16,000, and Messrs. Oxner, Vinson and Wright were paid \$16,500, \$17,500 and \$10,500, respectively, during fiscal 2001. Each non-employee director receives an option to purchase 1,500 shares of the Company's stock upon election or re-election (see Stock Option Plans). The Director who is an employee is not paid extra compensation for his service on the Board or any committee of the Board.

AMENDMENT TO THE 1998 STOCK OPTION PLAN (Item 2 on Proxy Card)

At the 2002 Annual Meeting, shareholders will be asked to vote on amendments to the 1998 Stock Option Plan for the purpose of increasing the number of shares of common stock reserved for issuance under the Plan from 350,000 to 572,000. This will reestablish the number of shares available for grant to the original authorization of 350,000. Information about the 1998 Stock Option Plan is set forth above in the section entitled "Stock Option Plans." Options may be granted pursuant to the plan to persons who are employees of the Company or any subsidiary (including officers and directors who are employees) at the time of grant. The Company and its subsidiaries currently have 472 employees. Non-employee directors are not presently permitted to participate in the Plan. Awards of options under the Plan are made in the discretion of the Compensation & Long-Term Incentive Committee of the Board of Directors.

Under federal tax law and regulations, the granting of a stock option does not produce income to the optionee or a tax deduction for the Company unless the option itself has a determinable market value and is not an incentive stock option. Upon exercise of an incentive stock option, the excess of the fair market value of the stock acquired over the option price will be an item of tax preference to the optionee, which may be subject to an alternative minimum tax for the year of exercise. If no disposition of the stock is made within two years from the date of grant of the incentive stock option nor within one year after the transfer of the stock to the optionee, the optionee does not realize income as a result of exercising the incentive stock option; the tax basis of the stock received is the option price; any gain or loss realized on the ultimate sale of the stock is long-term capital gain or loss, and the Company is not entitled to any tax deduction by reason of the exercise. If the optionee disposes of the stock within the two-year or one-year periods referred to above, the excess of the fair market value of the stock at the time of exercise (or the proceeds of disposition, if less) over the option price will at that time be taxable to the optionee as ordinary income and deductible by the Company. For determining capital gain or loss on such a disposition, the tax basis of the stock will be the fair market value at the time of exercise.

There are currently outstanding incentive options to purchase 222,000 shares under the 1998 Stock Option Plan. The per share market value of the common stock as of February 28, 2002 was \$4.13. Because of the discretion given to the Board of Directors in selecting persons to whom grants of options will be made and the number of options granted, the benefits or amounts any individual might receive under the Plan with respect to future grants of options are not presently determinable.

The Board of directors recommends a vote "FOR" approval of the amendments to the 1998 Stock Option Plan.

APPROVAL OF INDEPENDENT AUDITORS
