INFORMATION STATEMENT

INTRODUCTION

This Information Statement is being mailed or otherwise furnished to shareholders of Midland International Corporation, a Nevada corporation (the *Company*), on or about August __, 2007, in connection with certain shareholder action taken by written consent of the holders of a majority of our outstanding shares entitled to vote at a meeting of shareholders to approve amendments to our Articles of Incorporation, as amended, substantially in the form attached as Exhibit A to this Information Statement (the *Amendments*). The purpose of the Amendments is to increase our authorized capital stock from 105,000,000 shares, consisting of 100,000,000 shares of Common Stock having a par value of \$.001 per share and 5,000,000 shares of Preferred Stock having a par value of \$.001 per share, to 205,000,000 shares of authorized capital, consisting of 200,000,000 shares of Common Stock having a par value of \$.001 per share and 5,000,000 shares of Preferred Stock having a par value of \$.001 per share, and to change our name to Lumonall, Inc.

Our Board of Directors approved the Amendments on February 7, 2007, by written unanimous consent, and recommended that the Amendments be approved by our shareholders. The Amendments require the approval of holders of a majority of the shares entitled to vote at a shareholder meeting. Under Nevada law, we are permitted to obtain approval of the Amendments by written consent of the holders of outstanding shares of voting capital stock having not less than the minimum number of votes that would be necessary to approve the Amendments at a meeting at which all shares entitled to vote thereon were present and voted. On June 7, 2007, holders of a majority of the voting capital stock acted by written consent to approve the Amendments.

We have elected not to call a special meeting of our shareholders in order to eliminate the costs of and time involved in holding a special meeting. Our management has concluded that it is in the best interests of our Company to address this matter in the manner stated herein.

Shareholders of record at the close of business on June 7, 2007 (the *Record Date*), are entitled to receive this Information Statement. As the Amendments have been duly approved by shareholders holding a majority of our voting capital stock, approval or consent of the remaining shareholders is not required and is not being solicited hereby or by any other means.

The Amendments will become effective when filed with the Secretary of State of the State of Nevada. We anticipate that the filing of the Amendments will occur after dissemination of this Information Statement to our shareholders, which is expected to occur on or about August __, 2007.

Edgar Filing: Midland International CORP - Form PRE 14C

AMENDMENTS TO ARTICLES OF INCORPORATION

On February 7, 2007, our Board of Directors, by written unanimous consent, authorized and recommended that our shareholders approve the Amendments. On June 7, 2007, shareholders representing a majority of our voting capital stock outstanding consented in writing to the Amendments. The purpose of the Amendments is to increase our authorized capital stock from 105,000,000 shares, consisting of 100,000,000 shares of Common Stock having a par value of \$.001 per share and 5,000,000 shares of Preferred Stock having a par value of \$.001 per share, to 205,000,000 shares of authorized capital, consisting of 200,000,000 shares of Common Stock having a par value of \$.001 per share and 5,000,000 shares of Preferred Stock having a par value of \$.001 per share, and to change our name to Lumonall, Inc.

The Amendments will become effective upon filing of a Certificate of Amendment to the Articles of Incorporation (the *Certificate of Amendment*), attached hereto as Exhibit A, with the Secretary of State of the State of Nevada, but our Board of Directors reserves the right to not make such filing if it deems it appropriate not to do so.

PURPOSE AND EFFECT OF THE NAME CHANGE (the *Name Change*)

The Company is the holder of USA licensing rights and North American manufacturing rights of photoluminescent (PLM) products, particularly Exit signs and Safety Way Guidance Systems concentrating on safety, environmental issues and cost savings. The Company's Exit signs are composed of photoluminescent material called lumonall which is derived from a stable, non-toxic element and has superior light-emitting duration, fast re-charge capability, and is weatherproof and graffiti resistant. We believe that it is in the best interest of the Company and its stockholders to affect the Name Change so as to more accurately reflect the nature of the business we are engaged in.

For this reason our Board of Directors has chosen to adopt and recommend the Name Change.

Certain Effects of the Name Change

The Board of Directors of the Company has determined that all shareholders ARE NOT REQUIRED to return their certificates to have them re-issued by the Company's Transfer Agent, which certificates will continue to represent fully paid and non-assessable shares of the Common Stock of the Company. The Name Change will not change any of the terms of our Common Stock and holders thereof will have the same voting rights and rights to dividends and distributions and each shareholder's percentage ownership of Company will not be altered.

Upon the Effective Date of the Name Change, we anticipate that our Common Stock will continue to be listed on the OTCBB, and that the trading symbol will be changed from MLIC to a symbol that will reflect the change of our corporate name. Our Name Change and the anticipated change of our trading symbol will not have any effect on the transferability of outstanding stock certificates. Outstanding stock certificates bearing the name Midland International Corporation will continue to be valid and to represent shares of our Company. The Name Change will be reflected by book entry. Stockholders holding physical certificates should not destroy those certificates or surrender them to us for reissue; certificates bearing the name Midland International Corporation should be retained in a secure location, as they will continue to represent shares of our Company.

PURPOSE AND EFFECT OF THE INCREASE IN AUTHORIZED CAPITALIZATION (the *Increase in Authorized Common Stock*)

The Company has only approximately 2,702,346 shares of its authorized Common Stock available for general corporate purposes. The Company has taken certain actions that require it to issue 7,000,000 additional shares of its Common Stock in order to obtain the rights to acquire the license rights to the pigments and production of the foil used in the manufacturing of photoluminous material and begin to implement its new business plan more fully described in the Company's reports filed with the Securities and Exchange Commission on Form 8-K dated July 2, 2007 and in the Company's Form 10-KSB for its fiscal year ended March 31, 2007. In addition, the Board of Directors does not believe this is an adequate number of shares to assure that there will be sufficient shares available for issuance in connection with possible future financings, possible future acquisition transactions, possible future awards under employee benefit plans, stock dividends, stock splits and other corporate purposes. Therefore, the Board of Directors approved the Increase in Authorized Common Stock as a means of providing it with the flexibility to act with respect to the issuance of Common Stock or securities exercisable for, or convertible into, Common Stock in circumstances which it believes will advance the interests of the Company and its stockholders without the delay of seeking an amendment to the Articles of Incorporation at that time.

Other than the dilution to existing shareholders resulting from the anticipated issuance of shares of the Company's Common Stock described above, the Increase in Authorized Common Stock will not have any immediate effect on the rights of existing stockholders. However, under the laws of the State of Nevada, authorized, unissued and unreserved shares may be issued for such consideration (not less than par value) and for such purposes as the Board of Directors may determine without further action by the stockholders. The issuance of such additional shares may, under certain circumstances, result in further dilution of the equity or earnings per share of the existing stockholders.

Other than as described herein, the Board of Directors has no current specific plans to authorize the issuance of additional shares of Common Stock or securities exercisable for, or convertible into, Common Stock. The approval of the Increase in Authorized Common Stock will give the Board of Directors more flexibility to pursue opportunities to engage in possible future financing transactions involving Common Stock or securities convertible into Common Stock. However, at this time, no decision to proceed with any such transaction has been made and no determination as to the type or amount of securities that might be offered has been made, should a possible future transaction be pursued.

Certain Effects of the Increase in Authorized Common Stock

The Increase in Authorized Common Stock was not approved as a means of preventing or dissuading a change in control or a takeover of the Company. However, use of these shares for such a purpose is possible. Shares of authorized but unissued or unreserved Common Stock and Preferred Stock, for example, could be issued in an effort to dilute the stock ownership and voting power of persons seeking to obtain control of the Company or could be issued to purchasers who would support the Board of Directors in opposing a takeover proposal. In addition, the Increase in Authorized Common Stock may have the effect of discouraging a challenge for control or make it less likely that such a challenge, if attempted, would be successful. The Board of Directors and executive officers of the Company have no knowledge of any current effort to obtain control of the Company or to accumulate large amounts of Common Stock.

The holders of Common Stock are not entitled to preemptive rights with respect to the issuance of additional shares of Common Stock or securities convertible into or exercisable for Common Stock.

Edgar Filing: Midland International CORP - Form PRE 14C

Accordingly, the issuance of additional shares of Common Stock or such other securities might dilute the ownership and voting rights of stockholders. The Increase in Authorized Common Stock does not change the terms of the Common Stock as set forth in the Company's Articles of Incorporation, as amended. The additional shares of Common Stock authorized by the Increase in Authorized Common Stock will have the same voting rights, the same rights to dividends and distributions, and will be identical in all other respects to the shares of Common Stock now authorized.

For this reason our Board of Directors has chosen to adopt and recommend the Increase in Authorized Common Stock.

MANNER OF EFFECTING THE AMENDMENTS

The Amendments will be effected by the filing of a Certificate of Amendment to our Articles of Incorporation, as amended, with the Secretary of State of the State of Nevada. The Amendments will become effective on the date of filing the Certificate of Amendment unless we specify otherwise (the *Effective Date*).

Shareholders ARE NOT REQUIRED to return their certificates to have them re-issued by the Transfer Agent. All certificates heretofore issued will continue to represent fully paid and non-assessable shares of the Common Stock of the Company. The Amendments will not change any of the terms of our Common Stock and holders thereof will have the same voting rights and rights to dividends and distributions and each shareholder's percentage ownership of Company will not be altered.

NO RIGHTS OF APPRAISAL

Under the laws of the State of Nevada, shareholders are not entitled to appraisal rights with respect to the Amendments, and we will not independently provide shareholders with any such right.

VOTE REQUIRED

The Amendments require the approval of the holders of a majority of the shares entitled to vote at a shareholder meeting on the Record Date of June 7, 2007. Holders of our Common Stock are entitled to one vote per share on all matters submitted to a vote. There were 97,297,654 shares of our Common Stock issued and outstanding as of the Record Date. On that date, shareholders representing 50,072,400 shares (51.4%) entitled to vote at a meeting, which is a majority of the shares outstanding, consented in writing to the Amendments.
