ANNUAL MEETING MATTERS

GENERAL INFORMATION ABOUT VOTING

General

This proxy statement has information about the annual meeting and was prepared by our management for our Board of Directors. This proxy statement is being mailed to through the United States postal service or, if properly requested, by email to stockholders on or around April 11, 2005.

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on the record date March 18, 2005. A total of 143,980,233 shares of common stock can vote at the annual meeting. You get one vote for each share of common stock that you hold.

How do I vote if my shares are held in street name ?

If your shares are held in the name of your broker, a bank or other nominee, that party should give you instructions for voting your shares. The instructions set forth below apply to record holders only and not those whose shares are held in the name of a nominee.

How do I vote by proxy if I am a registered holder?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the annual meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxy holders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxy holders will vote for you on that proposal. Unless you instruct otherwise, the proxy holders will vote in the manner set forth below:

1. FOR Betsey Nelson as the Class III Director nominee; and
2. FOR ratification of the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending 2005; and
4. In the manner that the proxy holders deem appropriate for any other proposal to be considered at the annual meeting.

The proxy holders for the stockholders are Shelby W. Bonnie and Sharon Le Duy. A stockholder wishing to name another person as his or her proxy holder may do so by crossing out the names of the designated proxy holders and inserting the name of such other person to act as his or her proxy. In that case, it will be necessary for the stockholder to sign the proxy card and deliver it to the person named as his or her proxy holder and for the person so named to be present to vote at the annual meeting. Proxy cards so marked should not be mailed to us.

How do I vote by phone if I am a registered holder?

Call 1-800-690-6903. Use any touch-tone telephone to transmit your voting instructions up until 11:59 P.M. Eastern Time the day before the meeting date. Have your proxy card in hand when you call and then follow the instructions.

How do I vote by Internet if I am a registered holder?

You may use the Internet to transmit your voting instructions and for electronic delivery of information up until 11:59 P.M. Eastern Time the day before the meeting date. The address for voting is www.proxyvote.com. Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.

How do I vote at the annual meeting?

If you are a registered shareholder and you wish to vote at the annual meeting, written ballots will be available at the meeting. If your shares are held in street name in the name of a bank, broker or other holder of record and you decide to attend and vote at the annual meeting you will need to obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting. If you vote by proxy and also attend the meeting, there is no need to vote again at the annual meeting unless you wish to change your vote.

On what matters may I vote?

1. The election of Betsey Nelson as Class III Director; and
2. The ratification of the appointment of KPMG LLP as our independent registered public accountants for 2005.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends a vote FOR each of the proposals.

What if other matters come up at the annual meeting?

The matters described in this proxy statement are the only matters we know will be voted at the annual meeting. If other matters are properly presented at the annual meeting, the proxy holders will vote your shares as they see fit.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by giving our Secretary a written notice revoking your proxy card, by personally appearing at the annual meeting or by signing, dating and returning to us a new proxy card. We will honor the proxy card with the latest date. However, no revocation will be effective unless we receive notice of such revocation at or prior to the annual meeting.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person.

How are votes counted?

We will hold the annual meeting if holders of a majority of the shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card. If your shares are held in the name of a nominee, and you do not tell the nominee how to vote your shares, these shares will be counted for purposes of determining the presence or absence of a quorum for the transaction of business. However, abstentions or broker non-votes are not counted in the tally of votes FOR or AGAINST a proposal. A WITHHELD vote is the same as an abstention.

What is a quorum ?

A quorum is a majority of the shares of common stock outstanding on the record date. A quorum must be present either in person or represented by proxy for the annual meeting to be held. If a quorum is not present at the annual meeting, the meeting may be adjourned from time to time until a quorum is obtained.

How many votes are required to approve the proposals?

The two directors who receive the most votes will be elected. All other matters will be decided by a majority of votes cast.

Who will count the votes?

Automatic Data Processing, Inc. will count the votes and act as the inspector of election.

Who is making and paying for this proxy solicitation?

This proxy is solicited on behalf of the Board of Directors. CNET Networks, Inc. will pay the cost of distributing this proxy statement and related materials. Our officers may solicit proxies by mail or telephone. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses they incur in forwarding proxy material to beneficial owners of shares of the common stock. The company will pay all costs associated with the distribution of this proxy statement and related materials.

Is my vote confidential?

Proxy cards, ballots and voting tabulations that identify individual stockholders are mailed or returned directly to Automatic Data Processing, Inc. and handled in a manner that protects your voting privacy. Your vote will not be disclosed EXCEPT:

1. as needed to permit Automatic Data Processing, Inc. to tabulate and certify the vote;
2. as required by law; or
3. in limited circumstances such as a proxy contest in opposition to the Board of Directors.

In addition, all comments written on the proxy card or elsewhere will be forwarded to management, but your identity will be kept confidential unless you ask that your name be disclosed.

PROPOSALS YOU MAY VOTE ON

**PROPOSAL ONE:
ELECTION OF CLASS III DIRECTOR**

Betsey Nelson, who is currently a Class III Director, is nominated to be re-elected as a Class III Director at the annual meeting and has agreed to be named in this proxy statement and to serve as a director if elected. If elected, Ms. Nelson will hold office until the 2008 annual meeting or until her successor is duly elected and qualified. For more information about Ms. Nelson, please see Information about Executive Officers and Directors.

Although we do not know of any reason why Ms. Nelson might not be able to serve, the Board of Directors will propose a substitute nominee if she is not available for election.

Mitchell Kertzman, also a Class III Director, will retire from the Board of Directors when his current term expires at the 2005 meeting. Mr. Kertzman has served on the Board since 1996. We gratefully acknowledge his dedicated service and contributions to the company.

**THE BOARD URGES STOCKHOLDERS TO VOTE FOR
THE NOMINEE FOR CLASS III DIRECTOR SET FORTH ABOVE**

**PROPOSAL TWO:
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

KPMG LLP served as independent registered public accountants for us for the fiscal year ended December 31, 2004 and reported on our financial statements. The Board of Directors, upon the recommendation of the Audit Committee, has selected KPMG LLP as our independent registered public accountants for the 2005 fiscal year and recommends that the stockholders ratify this selection. Before selecting KPMG, the Audit Committee considered the firm's qualifications as independent registered public accountants and concluded that based on its prior performance and its reputation for integrity and competence, it was qualified. The committee also considered whether any non-audit services performed for the Company by KPMG would impair KPMG's independence and concluded that it would not.

A representative of KPMG LLP is expected to be present at the annual meeting, will have an opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions.

Stockholder ratification is not required for the selection of KPMG LLP as our independent registered public accountants for fiscal year 2005 because the Board of Directors has responsibility for selection of our independent registered public accountants. The selection is being submitted for ratification with a view toward soliciting the opinion of stockholders, which opinion will be taken into consideration in future deliberations.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE
FOR THE RATIFICATION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

BOARD OF DIRECTORS AND GOVERNANCE

Role of the Board

Our business is managed under the direction of the Board of Directors. The Board of Directors has adopted Governance Guidelines outlining its duties. These guidelines can be viewed at ir.cnetnetworks.com.

The Board of Directors meets regularly to review significant developments affecting the company and to act on matters requiring Board of Directors approval. The Board of Directors held five formal meetings during the fiscal year ended December 31, 2004 and acted twice by written consent. Board members are requested to make attendance at board and committee meetings a priority, to come to meetings prepared, having read any materials provided to the board prior to the meeting, and to participate actively in the meetings. Combined attendance at board and committee meetings in 2004 was 98%. At each of its meetings in 2004, the Board of Directors met in executive session of non-employee directors.

Independence

Other than Shelby Bonnie, Chief Executive Officer and Chairman of the Board of Directors, all directors are independent as defined by the Nasdaq Marketplace Rules. No non-employee director receives any fees or compensation from the company other than compensation received in his or her capacity as a director.

Board Attendance at Annual Meeting

Board members are invited to attend the company's annual meeting but they are not required to do so. The company reimburses the travel expenses of any director who travels to attend the annual meeting. Shelby Bonnie and Eric Robison attended the 2004 annual meeting, at which two shareholders were present.

Communication with the Board of Directors

Any stockholder wishing to ask a question or to pass a comment to any one or several members of the Board of Directors should write to the Secretary, at CNET Networks, Inc., 235 Second Street, San Francisco, CA 94105. Each letter should include the stockholder's name, postal address, email address and telephone number. The Secretary will forward all such correspondence to the relevant board members.

Nominations

Nominations for election to the Board of Directors are made by the Governance and Nominating Committee. This committee is responsible for selecting individuals as director nominees who have the highest personal and professional integrity, have demonstrated exceptional ability and judgment and who will be most effective, in conjunction with the other nominees to the board, in collectively serving the long-term interests of the company's stockholders. In evaluating whether an individual is suitable for the Board of Directors, the committee will consider many factors, including, but not limited to a candidate's understanding of the company's business, general understanding of finance, and educational and professional background.

The Governance and Nominating Committee will consider nominees recommended by any stockholder who has been the beneficial owner of at least \$1,000 of common stock for at least one year for next year's annual meeting, provided that the names of such nominees are submitted in writing by certified mail, not later than November 30, 2005, to the Secretary, CNET Networks, Inc., 235 Second Street, San Francisco, CA 94105. Each such submission must include evidence that the stockholder meets the stock ownership requirements, a statement of the qualifications of the nominee, a consent signed by the nominee evidencing a willingness to serve as a director, if elected, and a commitment by the nominee to meet personally with the Governance and Nominating Committee members.

Other than the submission requirements set forth above, there are no differences in the manner in which the Governance and Nominating Committee evaluates a nominee for director recommended by a stockholder.

Stockholder Proposals

A proper proposal submitted by a stockholder in accordance with applicable rules and regulations for presentation at our 2006 annual meeting that is received at our principal executive office by November 30, 2005 will be included in our proxy statement and form of proxy card for that meeting. Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee members is or has been a company officer or employee. None of the company's executive officers currently serves on the Compensation Committee or any similar committee of another public company.

Director Compensation

In 2004, the Board of Directors did not make any adjustments to the director compensation plan approved by the Board of Directors in June 2003. Each non-employee director receives the following compensation:

- o Annual Cash Retainer
 - o Annual retainer of \$12,000 payable in cash in equal installments on a quarterly basis; and
 - o The Chair of the Audit Committee receives an annual retainer of \$5,000 and the Chair of each other committee receives an annual retainer of \$2,500 payable in cash in equal installments on a quarterly basis.
- o Meeting Fees
 - o A fee equal to \$2,500 for each board or committee meeting attended in person; and
 - o A fee equal to \$500 for each board or committee meeting attended by telephone, provided that no fees shall be paid with respect to committee meetings held on the same day as board meetings.
- o Option Grants
 - o Annual option grant in the amount of 15,000 shares made in conjunction with the annual company-wide grant to all employees; and
 - o A one-time option grant in the amount of 40,000 shares made at the time a director joins our Board.

All of the options granted to directors are immediately exercisable on the date of grant, but the common stock issued upon exercise is subject to repurchase by us at original cost. This repurchase right lapses, and the optionee's rights with respect to each grant vest, in a series of 48 equal monthly installments following the date of grant, for so long as the optionee remains a director of CNET Networks. In addition, vesting will automatically accelerate upon any sale of CNET Networks through a merger, recapitalization, reorganization, asset sale, tender offer or similar event.

Directors are entitled to reimbursement of their fees incurred in connection with travel to meetings. In addition, the company reimburses directors for fees paid to attend director education events.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

This Compensation Committee Report is required by the SEC and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act or the Exchange Act, except to the extent that the company specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.

Overview

The Compensation Committee is responsible for overseeing our compensation programs. As part of that responsibility, the Compensation Committee determines all compensation for the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer, the Chief Marketing Officer and the Senior Vice President, Strategy and Development.

The compensation for the company's executive officers consists of: (1) base salary; (2) annual performance-based bonuses and (3) stock based equity incentive grants. The executive officers do not receive any other compensation or benefits other than standard benefits available to all U.S. employees, which primarily consist of health plans, the opportunity to participate in the company's 401(k) plan, the opportunity to participate in the ESPP, basic life insurance of up to \$250,000 of coverage and accidental death insurance coverage equal to one year of annual salary.

In determining the compensation of the executive officers, the Compensation Committee seeks to establish a level of compensation that is (a) appropriate for the size and financial condition of the company; (b) structured so as to attract and retain qualified executives; and (c) tied to annual company financial performance and long-term shareholder value creation.

In making its compensation determinations, the Compensation Committee obtained compensation information from a group of peer companies that took into account market capitalization, geographic location, performance and similarity in lines of business as well as compensation survey data from Croner and iQuantic.

Executive Officer Base Salaries

Executive officers' salaries are determined by evaluating both the most recent comparative peer data and their roles and responsibilities. Salaries are reviewed annually and salary increases are based on the company's overall performance and the executive's attainment of individual objectives during the preceding year.

Executive Officer Annual Bonuses

Executive officers were eligible for incentive bonuses for 2004 based upon the achievement of revenue and net income targets that were established in December 2003 and that were periodically increased by the Board of Directors throughout the year to take into account acquisitions. The Compensation Committee based one-half of the incentive bonus opportunity on the achievement of revenue objectives and one-half on the achievement of net income objectives, reflecting our focus on the achievement of profitable growth.

At its February 9, 2005 meeting, the Compensation Committee considered the performance of the company as compared to these established performance goals. The Compensation Committee excluded the impact of gains on the sale of investments, two asset impairments, and the payment of certain fees in connection with the early retirement of the company's convertible notes, which together had a net positive impact on net income. The Compensation Committee determined it was appropriate to exclude these items because they were unusual items not tied to the operational performance of the company and their inclusion would have inappropriately increased the incentive payouts. The Compensation Committee determined that based on the company's financial results, the executive officers were entitled to a payment under the 2004 plan equal to 114% of their target bonuses. The Compensation Committee noted that the bonus payment to Mr. Gillespie, Chief Marketing Officer, of \$150,000 would be based on the amount guaranteed at the time of his hire in May 2004 rather than the company's financial performance.

Equity Compensation Grants

The Compensation Committee is responsible for establishing and administering the company's equity compensation programs and for awarding equity compensation awards to the executive officers. To date the sole form of equity compensation awarded to officers and employees is stock options. The Compensation Committee believes that stock options are an important part of overall compensation because they align the interests of officers and other employees with those of shareholders and create incentives to maximize long-term shareholder value.

Edgar Filing: CNET NETWORKS INC - Form DEF 14A

In determining the total amount of options to be granted annually to all recipients the Compensation Committee considers the amount of stock options already held by employees and executive officers, dilution, future impact on operating income and net income, the number of options outstanding, the number of shares of common stock outstanding, the performance of the company during the immediately preceding year and option granting practices at peer companies and competitors. The grants in 2004 to all employees totaled 5,285,740 shares, or 3.69% of shares outstanding.

The Compensation Committee determines the number of options granted to each executive officer based on the total amount of options available, an evaluation of competitive data for similar grants, and the performance, responsibility and overall compensation of each executive officer.

Awards to executive officers in 2004 were granted with a strike price equal to the fair market value on the date of grant. They vest $\frac{1}{4}$ on the first anniversary of grant and $\frac{1}{48}$ per month thereafter. If the executive officer is terminated within 12 months of a change of control, 18 months of option vesting shall be accelerated.

Chief Executive Officer's Compensation

The Compensation Committee considered the following factors in determining the compensation for 2004 for Shelby Bonnie, Chief Executive Officer and Chairman: the company's financial performance for 2004, the level of compensation paid to chief executive officers at the companies selected for peer comparison, Mr. Bonnie's performance and the total compensation paid to Mr. Bonnie. Based on these factors, the Compensation Committee established Mr. Bonnie's 2004 base salary at \$367,500, which is unchanged from his 2003 salary level, and increased his incentive bonus opportunity from \$250,000 to \$300,000. Mr. Bonnie requested that he not receive an option grant in order to make more options from the pool available to other members of management. Although the Compensation Committee believes that stock options are an important factor in providing officers with incentives to create long-term shareholder value, in light of Mr. Bonnie's significant stock ownership in the company, the Compensation Committee agreed to his request.

Review of all Components of Executive Compensation

The Compensation Committee has reviewed all components of the executive officers' compensation, including salary, bonus, equity compensation, and accumulated realized and unrealized stock option gains.

Internal Pay Equity

The Compensation Committee believes that the relative difference between CEO compensation and the compensation of the company's other executives is consistent with such differences found at peer companies.

The Compensation Committee's Conclusion

Based on this review, the Compensation Committee finds the total compensation of each of the executive officers to be reasonable and not excessive. The Compensation Committee specifically considered that the company does not maintain any employment contracts or change of control agreements with such individuals (other than the 18-month option vesting described above) and, as disclosed above, considered compensation at peer companies.

Section 16(a) Beneficial Ownership Reporting Compliance

Our directors and officers must file reports with the Securities and Exchange Commission indicating the number of shares of common stock they beneficially own and any changes in their beneficial ownership. Copies of these reports must be provided to us. To our knowledge all of these reports for transactions in 2004 were filed in a timely manner with the exception of one report for each of Messrs. Ashe, Briggs and Gillespie which were filed late due to errors experienced by the company in submitting the reports by EDGAR.

AUDIT COMMITTEE REPORT

This Audit Committee Report is required by the SEC and shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act or the Exchange Act, except to the extent that the company specifically incorporates this information by reference, and shall not otherwise be deemed soliciting material or filed under such acts.

The Audit Committee is comprised entirely of independent directors who meet the independence and experience requirements of the Nasdaq Marketplace Rules and the Securities and Exchange Commission.

Monitoring of Integrity of Financial Statements

Management is responsible for preparing the company's financial statements and for developing and maintaining adequate systems of internal control over financial reporting. KPMG LLP, the company's independent registered public accountants, is responsible for reviewing and, on an annual basis, performing an independent audit of the company's consolidated financial statements in accordance with generally accepted accounting principles. The independent registered public accountants also have the responsibility to express an opinion on the financial statements based on their audit. The Audit Committee has responsibility for monitoring and overseeing these processes.

In fulfilling this responsibility, prior to the release of each of the company's quarterly and annual financial results for 2004, the Audit Committee reviewed the financial statements, including in the case of the annual financial results the audited financial statements, and met to discuss the financial statements with management and the independent registered public accountants. At each of those meetings, management represented to the Audit Committee that the company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with management the significant accounting policies utilized by the company, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). At each of those meetings, the Committee met separately with the independent registered public accountants to review the results of its examination and the overall quality of the company's accounting and financial reporting.

Based on the Audit Committee's discussion with management and the independent registered public accountants, and the Audit Committee's review of the representation of management and the report of the independent auditor to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the company's Annual Report on Form 10-K for the year ended December 31, 2004 filed with the Securities and Exchange Commission.

As part of its monitoring of financial reporting, the Audit Committee also met to review all of the company's filings with the Securities and Exchange Commission.

Oversight of Independent Registered Public Accountants

Edgar Filing: CNET NETWORKS INC - Form DEF 14A

The Audit Committee appoints the independent registered public accountants and reviews their performance and independence from management. KPMG issued its independence letter pursuant to Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and reported that it is independent under applicable standards in connection with its audit opinion for the company's 2004 financial statements. The committee has discussed with KPMG its independence from the company.

The Audit Committee has implemented a policy requiring pre-approval for all audit, audit-related and non-audit services performed by the independent registered public accountants to ensure that the provision of non-audit services would not impair the accountants' independence. On an annual basis, the committee reviews and pre-approves services that may be provided by the independent registered public accountants and approves the maximum fees that may be paid in connection with those services. The Audit Committee periodically reviews all services provided by the independent registered public accountants and associated fees and is satisfied that the fees paid for non-audit services would not affect the independence of the auditors in performing their audit function. The fees paid to the independent registered public accountants in 2004 are disclosed following this report under the caption Fees Paid to Independent Registered Public Accountants.

Oversight of Assessment of Internal Control Over Financial Reporting

During 2004, management documented, tested and evaluated the company's internal control over financial reporting pursuant to the requirements of the Sarbanes-Oxley Act of 2002. The Audit Committee was kept apprised of the company's progress by management and the independent auditors at each regularly scheduled committee meeting as well as at specially-scheduled meetings. At the conclusion of the assessments, management and KPMG each provided the Audit Committee with its respective report on the effectiveness of the company's internal control over financial reporting. The committee reviewed management's and the independent registered public accountants' evaluations that were included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004. Management has presented to the Audit Committee its plan to remediate the material weakness identified in the evaluations as well as significant deficiencies identified to the Audit Committee as part of the assessment. The Audit Committee will receive regular updates from management regarding the remediation efforts.
