EXHIBIT 99.1

FOR IMMEDIATE RELEASE

**AIRTRAX, INC. TO ACQUIRE A SIGNIFICANT
INTEREST IN FILCO GmbH**

(Hammonton, NJ, 6 May, 2003) Airtrax, Inc. (**OTC BB AITX**), a U.S. based developer of omni-directional forklift trucks, has announced a signed letter of intent to acquire a significant interest in Filco GmbH, a newly formed German corporation, owned by the American, Filipov Family. Filco GmbH., www.filcogmbh.com, recently acquired substantially all of the assets of Clark Material Handling GmbH, at Clark's facility located in Rheinstar Mulhiem a.d. Ruhr, Germany. Prior to filing for insolvency approximately 5 months ago, Clark Material Handling GmbH was one of Europe's largest producers of industrial lifts. Clark Material Handling GmbH's 200,000 square foot plant in Mülheim, Germany, has been leased by Filco with an option to purchase for approximately 4.7 million euros. Annual sales volume at this facility topped \$100 million during 2000. The letter of intent provides for Airtrax to acquire a significant interest in Filco, in exchange for issuing to Filco or its shareholders shares of Airtrax common stock, along with other terms, including the execution of definitive agreement. Airtrax has filed the letter of intent with the Securities and Exchange Commission under Form 8-K on May 1, 2003 (www.sec.gov).

In announcing the signing of the letter of intent, Peter Amico, Airtrax President, claimed that "Upon finalization of the definitive agreement with Filco, the Clark Material Handling GmbH facility and its established network will allow production of our ATX- Sidewinder at this facility for European sales and create an opportunity to private labeled forklifts.. This arrangement could help transform Airtrax into a global player virtually overnight.

Edgar Filing: AIRTRAX INC - Form 8-K

The Airtrax ATX-Sidewinder omni-directional forklift is currently scheduled for US production in middle 2003.
