Forward Looking Statement

This presentation contains forward-looking statements including statements regarding:

benefits of the proposed combination of Biogen, Inc. and IDEC Pharmaceuticals Corp.

integration plans and synergies

anticipated future financial and operating performance and results

expectations for our products and plans for pipeline growth

These statements are based on management's current expectations. There are a number of risks and uncertainties that could cause actual results to differ materially. For example:

We may be unable to obtain shareholder or regulatory approvals required for the merger.

Problems may arise in successfully integrating our businesses.

The merger may involve unexpected costs. We may be unable to achieve cost-cutting synergies.

Our businesses may suffer as a result of uncertainty surrounding the merger.

The market for our products may change or be impacted by competition, new data, supply issues or marketplace trends.

Technical, regulatory or manufacturing issues, new data or intellectual property disputes may affect our programs or we may encounter other difficulties in developing our pipeline or in gaining approval of new products.

For more detailed information on the risks and uncertainties associated with each company's business activities see our respective reports filed with the SEC. Neither company undertakes any obligation to publicly update its forward-looking statements, whether as a result of new information, future events, or otherwise.
