4. Q: HOW DOES THE BOARD OF DIRECTORS RECOMMEND I VOTE ON THE PROPOSALS?

A: The Board of Directors recommends a vote FOR each of the proposals described in this Proxy Statement.

5. Q: WHO IS ENTITLED TO VOTE?

A: Record holders of our common stock, par value \$0.01 per share (the "Common Stock"), as of the close of business on April 16, 2009 (the "Record Date") are entitled to vote at the Annual Meeting. As of the Record Date, 51,653,633 shares of Common Stock were outstanding. The shares of Common Stock in our treasury on that date, if any, will not be voted. Each holder of record of Common Stock on the Record Date will be entitled to one vote for each share on all matters to be voted on at the Annual Meeting.

You have the right to revoke your proxy at any time before the Annual Meeting by:

 - (2) attending the Annual Meeting and voting in person; or

If you would like to obtain directions to our corporate headquarters to attend the Annual Meeting and vote in person, please contact our Secretary, Eli H. Glovinsky at eglovinsky@alliancehealthcareservices-us.com.

7. Q: WHO WILL COUNT THE VOTE?

A: Our Assistant Secretary will count the votes and act as the inspector of election. The inspector of election will separately tabulate affirmative and negative votes, abstentions and broker non-votes (described below).

8. Q: HOW MANY VOTES ARE NEEDED FOR A QUORUM AND TO APPROVE EACH OF THE ITEMS?

A: The holders of a majority of the shares of our Common Stock outstanding on the Record Date, represented in person or by proxy, constitutes a quorum for the transaction of business. The election of each director nominee must be approved by a plurality of the votes cast by stockholders represented at the meeting in person or by proxy. The approval of the amendment to our 1999 Equity Plan for Employees of Alliance Imaging, Inc. and Subsidiaries, as amended and restated, and the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009, must be approved by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote on the proposal. In addition, for approval of the amendment to our 1999 Equity Plan, the total votes cast on the proposal must represent over 50% of our outstanding shares of Common Stock. There is no statutory or contractual right of appraisal or similar remedy available to those stockholders who dissent from any matter to be acted upon.

9. Q: WHAT ARE BROKER NON-VOTES AND WHAT EFFECT WILL THEY HAVE?

A: Under the rules of the New York Stock Exchange, a bank, broker or other nominee may exercise discretionary authority to vote shares for the election of directors and for the ratification of our auditor. However, on any non-routine matters, such as the proposal relating to the amendment to our 1999 Equity Plan, brokers may not exercise discretionary authority. A "broker non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner as to how to vote such shares. The broker non-votes generally would count to establish a quorum for the meeting, but would generally not be counted for or against the proposals you are being asked to approve at the annual meeting. The broker non-votes could, however, prevent approval of the amendment to our 1999 Equity Plan if they prevented the total votes cast on the proposal from representing over 50% in interest of our outstanding shares of Common Stock.

10. Q: WHAT EFFECT WILL ABSTENTIONS HAVE?

A: Abstentions may be specified on proposals other than the election of directors and would have the effect of votes cast against the proposals. Abstentions would count toward establishing a quorum.

11. Q: HOW WILL VOTING ON ANY OTHER BUSINESS BE CONDUCTED?

A: We do not know of any business to be considered at the 2009 Annual Meeting other than the proposals described in this Proxy Statement. If any other business is properly presented at the Annual Meeting in accordance with our Bylaws, your signed proxy card gives authority to Howard K. Aihara and Eli H. Glovinsky to vote on such matters at their discretion.

12. Q: WHO IS THE LARGEST PRINCIPAL STOCKHOLDER?

A: As of April 16, 2009, OCM Principal Opportunities Fund IV, L.P., an affiliate of Oaktree Capital Management L.P., which we refer to as Oaktree, beneficially owned 22,421,505 shares of our Common Stock (43.4% of the voting shares), and MTS Health Investors II, L.P., an affiliate of MTS Health Investors, LLC, which we refer to as MTS, beneficially owned 2,080,000 shares of our Common Stock (4.0% of the voting shares). Oaktree and MTS have advised us that they intend to vote these shares of Common Stock in favor of each of the matters described above.

13. Q: WHERE CAN I FIND ALLIANCE'S FINANCIAL INFORMATION?

A: Our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 contains our consolidated financial statements and related information and is enclosed with this Proxy Statement. The Annual Report is not incorporated by reference into this Proxy Statement and is not deemed to be a part hereof.

14. Q: WHEN ARE STOCKHOLDER PROPOSALS FOR THE 2010 ANNUAL MEETING DUE?

A: In general, stockholders who, in accordance with Rule 14a-8 under the Securities Exchange Act of 1934, wish to present proposals for inclusion in the proxy materials to be distributed by us in connection with our 2010 Annual Meeting must submit their proposals to our Secretary on or before December 25, 2009.

In accordance with our Bylaws, in order to be properly brought before the 2010 Annual Meeting, a stockholder's notice of the matter the stockholder wishes to present must be delivered to our Corporate Secretary at the address set forth below no earlier than January 27, 2010 and no later than February 26, 2010. All stockholders must also comply with the applicable requirements of the Securities Exchange Act of 1934. Your submission must contain the specific information required in our Bylaws. If you would like a copy of our Bylaws, please write to the Secretary of Alliance HealthCare Services, Inc. at 100 Bayview Circle, Suite 400 Newport Beach, CA 92660.

15. Q: WHO ARE THE PROXY SOLICITORS AND WHAT ARE THE SOLICITATION EXPENSES?

A: We will reimburse brokers and other custodians, nominees and fiduciaries for forwarding proxy and solicitation material to owners of our stock in accordance with applicable rules. Our officers, directors and employees may undertake solicitation activities without any compensation for such duties.

PROPOSALS YOU MAY VOTE ON

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors, which we sometimes refer to as the Board, is divided into three classes, with each director serving a three-year term and one class of directors being elected at each year's annual meeting of stockholders. At each annual meeting of stockholders, nominees are elected as directors to a class with a term of office that expires at the annual meeting of stockholders held three years after the year of the nominee's election, and until their successors are elected and qualified. The term of office of the two incumbent Class II directors expires at the 2009 Annual Meeting. One such incumbent, Anthony B. Helfet, has provided us with a notice of his resignation from our Board and all committees of our Board, effective as of the 2009 Annual Meeting. The Board has nominated incumbent director Michael P. Harmon, and Larry C. Buckelew to replace Mr. Helfet, for election to a three-year term of office that will expire at the Annual Meeting to be held in 2012.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A **VOTE FOR EACH OF THE TWO (2) NOMINEES FOR DIRECTOR.**

Below is information about the Class II nominees and our other current directors, excluding Mr. Helfet, including their principal occupation, business experience, directorships in other public companies and other information. If for any reason any of the nominees should be unavailable to serve, proxies solicited hereby may be voted for a substitute as well as for the other nominees. The Board, however, expects all nominees to be available to serve if elected.

Corporate Governance and Board Committees

Alliance's business is managed under the direction of our Board of Directors. The Board selects our officers, delegates responsibilities for the conduct of our operations to those officers, and monitors their performance. Our non-management directors meet regularly in executive session without the presence of our management. The position of presiding director of these executive sessions is selected by a majority of the non-management directors present.

Our Board of Directors has reviewed the independence of the members of our Board, in accordance with the guidelines set out in our Corporate Governance Guidelines (available at www.alliancehealthcareservices-us.com/investors/corporate_governance) and Section 303A.02 of the Listed Company Manual of the New York Stock Exchange, or NYSE. As a result of the review, the Board of Directors has determined that Messrs. Bendikson, Lane, Harmon, Helfet, Buckelew, Samek, and Dimick each qualify as independent directors in accordance with Section 303A.02. In making its independence determinations, the Board noted in particular the following:

Oaktree beneficially owns 22,421,505 shares of our Common Stock. Mr. Bendikson is a senior vice president of Oaktree Capital Management, L.P., and Mr. Harmon is a managing director of Oaktree Capital Management, L.P.

MTS beneficially owns 2,080,000 shares of our Common Stock. Mr. Lane is a member of MTS Health Partners L.L.C.

Oaktree and MTS and their affiliates acquired 49% of our outstanding shares of Common Stock from Viewer Holdings LLC, an affiliate of Kohlberg, Kravis & Roberts & Co., L.P. (also referred to as KKR), on April 16, 2007. The aggregate purchase price of approximately \$153 million consisted of funds under management of Oaktree and MTS. As a result of the share purchase, Oaktree and MTS beneficially own an aggregate of approximately 47.4% of our outstanding shares of Common Stock as of December 31, 2008. In connection with the share purchase, Oaktree and MTS obtained various management rights and rights to designate persons to our Board and committees of our Board under a Governance and Standstill Agreement that

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

they entered into in connection with the share purchase. They were also assigned registration rights under a registration rights agreement.

The Board noted that under Section 303A.02, the concern is independence from management, and that the New York Stock Exchange does not view ownership of even a significant amount of stock, by itself, as a bar to an independence finding. The Board noted that Oaktree is comprised of nine principals and approximately 540 staff members with headquarters in Los Angeles and offices in 14 cities worldwide. The Board noted that the principals of MTS have been responsible for over 200 financing transactions and M&A and advisory assignments with an aggregate value of over \$52 billion dollars. MTS' investment in Alliance was an ordinary course investment for MTS and represents only 4.0% of our outstanding shares of Common Stock. The Board determined that none of the above relationships constituted a material relationship with Alliance for purposes of Section 303A or impaired the independence of Messrs. Bendikson, Lane or Harmon.

Our Board of Directors meets four times a year in regularly scheduled meetings. It may meet more often if necessary. The Board held thirteen meetings in the fiscal year ended December 31, 2008, referred to as fiscal 2008. During fiscal 2008, all directors attended 75% or more of the total of (i) all meetings of the Board of Directors and (ii) all meetings of committees of the Board on which such director served. In addition to the formal meetings noted above, the Board and the committees of the Board are consulted frequently and sometimes act by written consent taken without a meeting. Our directors are invited to attend our 2009 Annual Meeting. Our Chairman, Mr. Viviano, attended and presided over our 2008 Annual Meeting.

Executive management, in consultation with the Board of Directors, usually determines the agenda for the meetings. Board members receive the agenda and supporting information in advance of the meetings. Board members may raise other matters at the meetings. The chief executive officer, imaging division president, oncology division president, chief financial officer, general counsel and other selected members of senior management make presentations to the Board at the meetings and a substantial portion of the meeting time is devoted to the Board's discussion of these presentations. Significant matters that require Board approval are voted on at the meetings. Board members have complete access to senior management.

Our Board of Directors currently has four committees: the Nominating and Corporate Governance Committee, the Finance Committee, the Compensation Committee and the Audit Committee. A current copy of the charter for each committee is available at www.alliancehealthcareservices-us.com/investors/corporate_governance.

The Nominating and Corporate Governance Committee is responsible for the identification of qualified candidates to become Board and Board committee members, the selection of nominees for election as directors at annual stockholders meetings, the selection of candidates to fill Board vacancies, the development and recommendation to the Board of our Corporate Governance Guidelines and oversight of the evaluation of the Board and management. The Nominating and Corporate Governance Committee's current members are Messrs. Samek (Chairman), Dimick, Lane and Harmon. The Nominating and Corporate Governance Committee was formed in April 2007 and met twice in fiscal 2008.

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the appropriate characteristics, skills and experience required for the Board as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current Board members), the Nominating and Corporate Governance Committee, in recommending candidates for election or appointment, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, take into account many factors, including ability to make analytical inquiries, representation of significant stockholders, general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business

environment, experience in our industry and with relevant social policy concerns, understanding of our business on a technical level, other board service and educational and professional background. Each candidate nominee must also possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

Stockholders may nominate candidates for election to our Board of Directors in accordance with our Bylaws, a copy of which can be obtained by writing to the Corporate Secretary of Alliance HealthCare Services, Inc., 100 Bayview Circle, Suite 400 Newport Beach, CA 92660. In general, such nominations must be received in writing by the Company's Secretary not less than 90 nor more than 120 days before the first anniversary of the preceding year's annual meeting, as set forth in our Bylaws. The nomination must be accompanied by the name and address of the nominating stockholder. It must state the number and class of shares held. It must include information regarding each nominee that would be required to be included in a proxy statement. The Nominating and Corporate Governance Committee will give appropriate consideration to candidates for Board membership recommended by stockholders, and will evaluate such candidates in the same manner as other candidates identified by the Nominating and Corporate Governance Committee.

The Finance Committee is responsible for providing assistance to the Board in its oversight of Alliance's financial affairs, capital expenditure policy, investment policy, insurance programs and capital structure. The Finance Committee's current members are Messrs. Dimick, Harmon and Viviano (Chairman). The Finance Committee was formed in April 2007 and met one time in fiscal 2008.

The Compensation Committee is responsible for discharging the Board's responsibilities relating to compensation of our executives, including by designing (in consultation with management or the Board), recommending to the Board for approval and evaluating the compensation plans, policies and programs of the company. As part of these responsibilities, the Compensation Committee determines (subject to Board approval in the case of non-CEO compensation) executive base compensation and incentive compensation and approves the terms of stock option grants pursuant to our option plans and arrangements. The Compensation Committee is also responsible for producing an annual report on executive compensation for inclusion in our proxy materials. Under its charter, the Compensation Committee is entitled to delegate any or all of its responsibilities to a subcommittee of the Compensation Committee, except that it is not permitted to delegate its responsibilities with respect to determination of the Chief Executive Officer's compensation, evaluation of the Chief Executive Officer's performance, review of compensation, employment and severance agreements for all other executive officers, review of incentive-compensation and equity-based plans, compensation matters intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended, referred to as the Code, or compensation matters intended to be exempt from Section 16(b) under the Securities Exchange Act of 1934, as amended, pursuant to Rule 16b-3 under that Act. The Compensation Committee's current members are Messrs. Harmon (Chairman), Lane, Helfet and Samek. During fiscal 2008 the Compensation Committee held two meetings. The Board has appointed Larry C. Buckelew to replace Mr. Helfet on the Compensation Committee pending Mr. Buckelew's election to the Board at the 2009 Annual Meeting.

The Audit Committee, which is solely responsible for appointing our independent registered public accounting firm, subject to stockholder ratification, is also responsible for assisting our Board of Directors with its oversight responsibilities regarding: (i) the integrity of our financial statements; (ii) our compliance with legal and regulatory requirements; (iii) our independent registered public accounting firm's qualifications and independence; and (iv) the performance of our internal audit function and independent registered public accounting firm. The members of the Audit Committee are Messrs. Dimick (Chairman), Helfet and Samek. The Board has appointed Larry C. Buckelew to replace

Mr. Helfet on the Audit Committee pending Mr. Buckelew's election to the Board at the 2009 Annual Meeting. Our Board of Directors has determined that the members of the Audit Committee and Mr. Buckelew are "independent" as defined in the NYSE Listed Company Manual. Our Board of Directors has also determined that each member of the Audit Committee and Mr. Buckelew are financially literate, as required under the NYSE listing standards, and that Neil Dimick is an "audit committee financial expert" within the meaning of SEC rules. Our Corporate Governance Guidelines provide that the members of the Audit Committee may not serve on the audit committee of more than two other public companies at the same time as they are serving on our Audit Committee unless our Board of Directors determines that such simultaneous service would not impair the ability of such member to effectively serve on our Audit Committee. Mr. Dimick currently serves on the audit committees of four public companies, in addition to our Audit Committee. In light of Mr. Dimick's other commitments, our Board of Directors has concluded that his service on those four audit committees would not impair his ability to effectively serve on our Audit Committee. During fiscal 2008, the Audit Committee held seven meetings. For additional information concerning the Audit Committee, see "Report of the Audit Committee of the Board of Directors."

Stockholders and other parties interested in communicating directly with our Audit Committee, our independent directors as a group, our non-management directors as a group or our presiding director of the executive sessions of the non-management directors may do so by writing to Corporate Secretary, Alliance HealthCare Services, Inc. 100 Bayview Circle, Suite 400 Newport Beach, CA 92660. Our Corporate Secretary will review all such correspondence and forward to the Board of Directors a summary of that correspondence and copies of any correspondence that, in his opinion, deals with the functions of the Board of Directors or committees thereof or that he otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by the Company that is addressed to members of the Board of Directors and request copies of any such correspondence. Any concerns relating to accounting, internal controls or auditing matters will be brought to the attention of our Audit Committee and handled in accordance with the procedures established by our Audit Committee with respect to such matters.

Hotline for Accounting or Auditing Matters

As part of the Audit Committee's role to establish procedures for the receipt of complaints regarding accounting, internal accounting controls or auditing matters, the Audit Committee established a hotline for the receipt of complaints regarding our accounting, internal accounting controls, or auditing matters and the confidential, anonymous submission by our employees or shareholders of concerns regarding questionable accounting or auditing matters. Employees or stockholders may call (800) 799-4605 to make anonymous submission of their concerns.

Directors' Compensation

The annual fee paid to our non-employee directors in consideration for their services as directors is \$35,000. In addition, our non-employee directors who are unaffiliated with Oaktree and MTS, namely Messrs. Dimick, Helfet, Samek and Buckelew (the "Unaffiliated Directors"), receive an annual restricted stock award on December 31 of each year of the number of shares of our Common Stock having a value equal to \$80,000, rounded down to the nearest whole share, and calculated using the average share price of our stock over the fifteen-day period preceding the grant date. Such restricted stock awards fully vest on the one year anniversary of the grant date based on the non-employee director's continued service with us through that date. Upon his election to the Board, Mr. Buckelew will receive a pro-rated restricted stock award to reflect his May 27, 2009 Board start date. Mr. Buckelew's May 27, 2009 pro-rated restricted stock award will vest on December 31, 2009. In addition, on December 31 of each year, our directors who are affiliated with Oaktree and MTS (the "Oaktree/MTS Directors"), namely Messrs. Harmon, Bendikson and Lane, receive additional cash

compensation of \$80,000 in consideration of their Board service during the prior fiscal year. The amount paid on December 31, 2008 was pro-rated to reflect the Oaktree/MTS Directors' April 16, 2007 Board start date. As in prior years, non-employee directors receive reimbursement of travel expenses related to their Board service. Non-employee directors who also serve as members of our Audit Committee receive an additional \$15,000 per annum, and the non-employee director who serves as Chairman of our Audit Committee receives an additional \$20,000 per annum.

We have established a directors' deferred compensation plan for all non-employee directors. In fiscal 2008, Mr. Dimick was the only director who elected to participate in the director plan. Mr. Dimick had his annual Board membership fee of \$35,000 deferred into a stock account and converted quarterly into phantom shares. Upon retirement, separation from the Board of Directors, or the occurrence of a change of control, each director participating in the director plan has the option of being paid cash or issued Common Stock for his phantom shares. In December 2008, we provided directors with an account balance under the director plan a one time opportunity to change their elections under the director plan. Mr. Dimick and, with respect to their previously deferred compensation, Messrs. Helfet and Samek, changed their elections under the director plan and directed that 100% of their phantom shares under the director plan as of December 31, 2008 be paid out to them in cash on specified dates in January 2009. None of Messrs. Kaplan, Harmon or Lane has elected to participate in the director plan.

The following table summarizes the compensation earned during the fiscal year ended December 31, 2008 by each of our non-employee directors:

Name	Fees Earned or Paid in		Total (\$)
	Cash (\$)(1)(4)	Stock Awards (\$)(2)(3)	
Aaron A. Bendickson(4)	69,630		69,630
Edward L. Samek	50,000	39,000	89,000
Anthony B. Helfet	50,000	80,000	130,000
Neil F. Dimick	20,000	75,000	95,000
Michael P. Harmon(4)	115,000		115,000
Stephen A. Kaplan(4)	45,370		45,370
Cutis S. Lane(4)	115,000		115,000

(1) The amounts in this column represents fees payable to Mr. Samek and Mr. Helfet, who serve as members of our Audit Committee and receive \$15,000 per annum and fees payable to Mr. Dimick, who serves as Chairman of our Audit Committee and receives \$20,000 per annum. The fees paid to Mr. Samek and Mr. Helfet, includes consideration for their board of director services of \$35,000, which is paid quarterly.

(2) The amounts in this column are the dollar amounts recognized as expense for financial statement reporting purposes with respect to the 2008 fiscal year in accordance with Statement of Financial Accounting Standards No. 123(R) (revised December 2004), "Share-Based Payment" ("SFAS 123R"). As described above, each of our non-employee directors that participates in our Directors' Deferred Compensation Plan has elected, at the beginning of his term, whether to be paid out from the plan in cash or Common Stock for his Phantom Shares upon retirement, separation from the Board of Directors, or the occurrence of a change in control. For directors who elect to be paid out in cash, the value of their phantom shares fluctuates based on the Company's stock price. The change in fair market value of the stock price is reflected through an increase or decrease to director's fees in the statement of operations. In addition, our Unaffiliated Directors, receive an annual restricted stock award on December 31 of each year of the number of shares of our Common Stock having a value equal to \$80,000, rounded down to the nearest whole share, and calculated using the average share price of our stock over the fifteen-day period

preceding the grant date. Such restricted stock awards fully vest on the one year anniversary of the grant date based on the non-employee director's continued service with us through that date.

(3)

As of December 31, 2008, the non-employee Directors had outstanding the following numbers of phantom shares in their account: Mr. Samek, 25,009 phantom shares, Mr. Helfet, 24,887 phantom shares and Mr. Dimick, 26,403 phantom shares. Effective January 1, 2008, Messrs. Dimick, Helfet and Samek changed their elections under the director plan and directed that 100% of their phantom shares under the director plan as of December 31, 2008 be paid out to them in cash on specified dates in January 2009.

(4)

The annual fee paid to the Oaktree/MTS Directors in consideration for their services is \$35,000, which is paid quarterly to an investment fund, not to the Oaktree/MTS Directors, as specified by each Oaktree/MTS Director. In addition, on December 31 of each year, the Oaktree/MTS Directors receive additional cash compensation of \$80,000 in consideration of their Board service during the prior fiscal year, which is paid annually to an investment fund, not to the Oaktree/MTS Directors, as specified by each Oaktree/MTS Director. Stephen Kaplan resigned from service on the Board effective May 23, 2008. Aaron Bendickson replaced Stephen Kaplan as a director and commenced service on the Board effective May 23, 2008.

PROPOSAL 2

**THE APPROVAL OF AN AMENDMENT TO OUR 1999 EQUITY PLAN
FOR EMPLOYEES OF ALLIANCE IMAGING, INC. AND SUBSIDIARIES, AS
AMENDED AND RESTATED.**

This Proposal No. 2, if approved, would amend our 1999 Equity Plan for Employees of Alliance Imaging, Inc. and Subsidiaries, as amended and restated, to increase the number of shares of our Common Stock available to be awarded under the plan from 8,025,000 shares to 11,025,000 shares. Our Board of Directors approved this amendment through actions taken at a meeting on December 9, 2008, subject to stockholder approval.

The principal features of the 1999 Equity Plan are summarized below, but the summary is qualified in its entirety by reference to the 1999 Equity Plan itself which is attached to this proxy statement as Appendix A.

General

We believe that the 1999 Equity Plan should be amended to increase the number of shares of our Common Stock available to be awarded under the plan from 8,025,000 to 11,025,000 shares. The continued ability to grant a variety of equity awards provides us with a valuable tool to help attract and retain officers, key employees, consultants and non-employee directors who will help us meet our goals in the future.

Our prudent use of the 1999 Equity Plan allows us to grant equity-based awards to motivate our employees to achieve our business goals and create long-term stockholder value while balancing corporate governance and dilution concerns. The existing 1999 Equity Plan was first adopted by our Board of Directors and approved by our stockholders in November 1999. The 1999 Equity Plan was last amended and restated effective as of December 14, 2007, with such amendment and restatement approved by our stockholders on May 23, 2008. As of December 31, 2008, awards covering an aggregate of 5,044,427 shares were outstanding under the 1999 Equity Plan, and 1,194,208 shares remained available for future grants. The closing share price for our Common Stock on the NYSE on April 16, 2009 was \$8.23.

New Plan Benefits

All future grants under the 1999 Equity Plan are within the discretion of our Compensation Committee of the Board of Directors or another committee of the Board of Directors designated by the Board of Directors to administer the 1999 Equity Plan (the Compensation Committee or such other committee, the "Committee") and the benefits of such grants are, therefore, not determinable. Notwithstanding the foregoing, grants of awards to non-employee members of our Board of Director shall be approved and administered by the Board of Directors.

Under the 1999 Equity Plan, our Named Executive Officers have received the following option grants: Paul S. Viviano, our Chairman of the Board of Directors and Chief Executive Officer, has received options to purchase 1,410,000 shares and restricted stock awards of 325,000 shares; Michael F. Frisch, our Imaging Division President, has received options to purchase 310,000 shares, restricted stock awards of 50,000 shares and a stock bonus award of 62,735 shares; Howard K. Aihara, our Executive Vice President and Chief Financial Officer, has received options to purchase 235,000 shares and restricted stock awards of 100,000 shares; Eli H. Glovinsky, our Executive Vice President, General Counsel and Secretary, has received options to purchase 235,000 shares and restricted stock awards of 75,000 shares; and Christopher J. Joyce, our Executive Vice President, Mergers and Acquisitions, has received options to purchase 80,000 shares and a stock bonus award with respect to that number of shares calculated by dividing \$500,000 by the closing price of our Common Stock on January 1, 2010.

Our executive officers as a group have received options to purchase an aggregate of 2,270,000 shares, restricted stock awards for an aggregate of 550,000 shares, and stock bonus awards equal to \$1,000,000 under the 1999 Equity Plan. Our non employee directors have not received any options to purchase shares under the 1999 Equity Plan, but were granted restricted stock units with respect to 25,263 shares as a group which fully vested on December 31, 2008. On December 31, 2008, our non-employee directors as a group were also granted a restricted stock award of 33,954 shares which will fully vest on December 31, 2009, subject to their continued service on the Board of Directors through the vesting date. Our non-executive officer employees as a group have received options to purchase an aggregate of 1,744,175 shares, restricted stock awards for an aggregate of 358,300 shares, and stock bonus awards equal to \$500,000 under the 1999 Equity Plan.

Description of Proposed Amendments

The 1999 Equity Plan currently allows for the grant of 8,025,000 shares in the form of stock options, restricted stock, restricted stock units, stock bonus, and performance-based awards. The 1999 Equity Plan as proposed to be amended would increase the number of shares available to be awarded under the plan from 8,025,000 shares to 11,025,000 shares.

The 1999 Plan is not being amended in any material respect other than to reflect the changes described above.

Purposes

The purposes of the 1999 Equity Plan are to promote the long term financial interests and growth of the Company and our subsidiaries by attracting and retaining management, personnel and non-employee directors with the training, experience and ability to enable them to make a substantial contribution to the success of our business; to motivate management, personnel and non-employee directors by means of growth-related incentives to achieve long range goals; and to further the identity of interests of participants with those of our stockholders through opportunities for stock or stock-based ownership in us.

Shares Subject to the 1999 Equity Plan

Assuming approval of this Proposal 2, the number of shares of our Common Stock that may be issued pursuant to awards granted under the 1999 Equity Plan shall not exceed, in the aggregate, 11,025,000 shares. To the extent that an award is forfeited, terminated, canceled or expired without being exercised, any shares subject to the award will be available for future grants under the 1999 Equity Plan.

Administration

The 1999 Equity Plan may generally be administered by the Committee. The 1999 Equity Plan is currently being administered by the Compensation Committee of our Board of Directors. The Compensation Committee has been constituted to satisfy the applicable requirements of Rule 16b-3 of the Securities Exchange Act of 1934, as amended, and Section 162(m) of the Code. The Committee has the power, authority and discretion to administer, construe and interpret the 1999 Equity Plan to make rules for carrying out the 1999 Equity Plan and to make changes in such rules. Notwithstanding the foregoing, grants of awards to non-employee members of our Board of Directors shall be approved and administered by the Board of Directors, which shall constitute the "Committee" with respect to such grants.

Eligibility

Currently, our employees, consultants, non-employee directors and other persons having a unique relationship with us or any of our subsidiaries are eligible to receive awards under the 1999 Equity Plan. As of March 31, 2009, we had approximately 2,300 employees and consultants and six non-employee directors; and, there are currently no other persons having a unique relationship with us or any of our subsidiaries. The Committee determines which of our employees, consultants and other persons will be granted awards. Our Board of Directors will determine which of our non-employee directors will be granted awards. No person is entitled to participate in the 1999 Equity Plan as a matter of right nor does any such participation constitute assurance of continued employment or service on our Board of Directors. Only those who are selected to receive grants by the Committee or Board of Directors, as applicable, may participate in the 1999 Equity Plan.

Awards under the 1999 Equity Plan

The 1999 Equity Plan provides that the Committee may grant or issue non-qualified stock options, restricted stock, restricted stock units, stock bonus, or performance-based awards. Each award will be set forth in a separate agreement with the person receiving the award and will indicate the type, terms and conditions of the award.

Nonqualified Stock Options, or NQSOs, provide for the right to purchase common shares at a specified price which may not be less than 85% of the fair market value of a share of our Common Stock on the date of grant, and usually will become exercisable in one or more installments after the grant date. At the time of grant, the Committee shall determine, and shall have specified in the award agreement or other plan rules, the option exercise period, the option exercise price, and such other conditions or restrictions on the grant or exercise of the NQSO as the Committee deems appropriate. NQSOs may not be exercised more than 10 years after the date granted.

Restricted Stock, may be awarded to participants in such amounts and subject to such terms and conditions as determined by the Committee. Awards of restricted stock are subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote the restricted stock or the right to receive dividends on the restricted stock). These restrictions lapse as the Committee determines at the time of the grant of the restricted stock or thereafter. The Committee may establish the exercise or purchase price, if any, of any restricted stock, but such price shall not be less than the par value of a share of Common Stock on the date of grant. The Committee may determine that participants may be awarded restricted stock in consideration for past services actually rendered to us for our benefit. All awards of restricted stock made shall be evidenced by an award agreement.

Restricted Stock Units, may be awarded to participants in such amounts and subject to such terms and conditions as determined by the Committee. At the time of the grant of restricted stock units, the Committee shall specify the date or dates on which the restricted stock units become fully vested and nonforfeitable, and may specify such conditions to vesting as the Committee deems appropriate. The Committee may establish the exercise or purchase price, if any, of any restricted stock unit, but such price will not be less than the par value of a share of Common Stock on the date of grant. The Committee may determine that the participants may be awarded restricted stock units in consideration for past services actually rendered to us for our benefit. A restricted stock unit will only be exercisable or payable while the participant is an employee or consultant of us, but the Committee in its sole and absolute discretion may provide that a restricted stock unit may be exercised or paid subsequent to a termination of employment or service or following a change of control of us or because of the participant's retirement, death or disability or otherwise. All awards of restricted stock units shall be subject to the additional terms and conditions as determined by the Committee and as evidenced by an award agreement.

Stock Bonus Awards, may be awarded to participants in such amounts and subject to such terms and conditions as determined by the Committee. The Committee may establish the exercise or purchase price, if any, of any stock bonus award but such price will not be less than the par value of a share of Common Stock on the date of grant. The Committee may determine that the participants may be awarded stock bonus awards in consideration for past services actually rendered to us for our benefit. A stock bonus award will only be exercisable or payable while the participant is an employee or consultant of us, but the Committee in its sole and absolute discretion may provide that a stock bonus award may be exercised or paid subsequent to a termination of employment or service or following a change of control of us or because of the participant's retirement, death or disability or otherwise. All stock bonus awards shall be subject to the additional terms and conditions as determined by the Committee and as evidenced by an award agreement.

Performance Criteria

The Committee may designate employees as "covered employees" whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code. The Committee may grant to such covered employees restricted stock, restricted stock units, and stock bonus awards that are paid, vest or become exercisable upon the attainment of company performance criteria which are related to one or more of the following performance goals as applicable to us or any of our divisions or operating units ("performance-based awards"):

- Net earnings (either before or after interest, taxes, depreciation and amortization); economic value-added (as determined by the Committee); sales or revenue;
- net income (either before or after taxes);
- operating earnings;
- cash flow (including, but not limited to, operating cash flow and free cash flow);
- cash flow return on capital;
- return on net assets;
- return on stockholders' equity;
- return on assets;
- return on capital;
- stockholder returns;
- return on sales;
- gross or net profit margin;
- productivity;
- expense;
- margins;
- operating efficiency;
- customer satisfaction;
- working capital;
- earnings per Share;
- price per Share; and
- market share, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group.

The maximum number of shares which may be subject to options, restricted stock awards, restricted stock unit awards, stock bonus awards, and performance-based awards granted under the 1999 Equity Plan to any individual in any calendar year may not exceed 2,000,000 shares of Common Stock.

Term of 1999 Equity Plan

The 1999 Equity Plan currently has a ten-year term extending through December 13, 2017, subject to earlier termination by our Board of Directors. No awards shall be made under the 1999 Equity Plan after expiration of the 1999 Equity Plan, but the terms of the awards made on or before expiration may extend beyond such expiration.

Limitations and Conditions of Awards

Each award is evidenced by an award agreement between us and the participant, and is subject to the following additional terms and conditions:

No Rights until Issuance of Share Certificates. Participants shall not be, and shall not have any of the rights or privileges of, our stockholders in respect of any shares purchasable or otherwise acquired relating to any award unless and until certificates representing such shares have been issued by us to the participants.

Individual Award Limit. No participant shall be granted, in any calendar year, awards to purchase more than 2,000,000 shares of Common Stock. This limitation shall be adjusted proportionately in connection with any change in our capitalization.

Awards Not Transferable

Other than as specifically provided by will or by the applicable laws of descent and distribution or the terms of any applicable trust, no benefit under the 1999 Equity Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, or charge, and any attempt to do so shall be void. No such benefit shall, prior to receipt thereof by the participant, be in any manner liable for or subject to the debts, contracts, liabilities, engagements, or torts of the participant. No election as to benefits or exercise of the awards or other rights made under the 1999 Equity Plan may be made during a participant's lifetime by anyone other than the participant except by a legal representative appointed for or by the participant.

Adjustments upon Changes in Capitalization

In the event of any change in the outstanding shares of Common Stock (including an exchange for cash) by reason of a stock split, reverse stock split, spin-off, stock dividend, stock combination or reclassification, recapitalization, reorganization, consolidation, merger, change of control, or similar event, the Committee shall adjust appropriately the number and kind of shares subject to the 1999 Equity Plan and available for or covered by awards and share prices related to outstanding awards, and make such other revisions to outstanding awards as the Committee deems are equitably required.

Under the 1999 Equity Plan, the Committee may, in its sole discretion, provide that awards granted under the plan cannot be exercised after a change of control, in which case such awards will become fully vested and exercisable prior to the completion of the change of control. The Committee may also provide that awards remaining exercisable after the change of control may only be exercised for the consideration received by stockholders in the change of control, or its cash equivalent. The meaning of "change of control" is described below under "Stock Option Plan Change of Control."

The form of stock option agreement under the 1999 Equity Plan provides for single trigger acceleration upon a change of control as described below under "Stock Option Plan Change of Control".

Amendment and Termination of the 1999 Equity Plan

The Committee shall have the authority to make such amendments to any terms and conditions applicable to outstanding awards as are consistent with the 1999 Equity Plan; but, except for adjustments made upon changes in capitalization as discussed above, no such action shall modify such award in a manner adverse to the participant without the participant's consent except as such modification is provided for or contemplated in the terms of the award. The Board of Directors may amend, suspend or terminate the Plan.

Federal Income Tax Consequences Associated with the 1999 Equity Plan

The following is a general summary under current law of the material federal income tax consequences to participants in the 1999 Equity Plan. This summary deals with the general tax principles that apply and is provided only for general information. Some kinds of taxes, such as state and local income taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant in light of a holder's personal investment circumstances. This summarized tax information is not tax advice.

Non-Qualified Stock Options. For federal income tax purposes, if an optionee is granted NQSOs under the 1999 Equity Plan, the optionee will not have taxable income on the grant of the option, nor will we be entitled to any deduction. Generally, on exercise of NQSOs, the optionee will recognize ordinary income, and we will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of a common share on the date each such option is exercised. The optionee's basis for the stock for purposes of determining gain or loss on subsequent disposition of such shares generally will be the fair market value of the Common Stock on the date the optionee exercises such option. Any subsequent gain or loss will be generally taxable as capital gains or losses.

Restricted Stock and Restricted Stock Units. A participant to whom restricted stock or restricted stock units are issued generally will not recognize taxable income upon such issuance and we generally will not then be entitled to a deduction unless, with respect to restricted stock, an election is made by the participant under Section 83(b) of the Code. However, when restrictions on shares of restricted stock lapse, such that the shares are no longer subject to a substantial risk of forfeiture, the employee generally will recognize ordinary income and we generally will be entitled to a deduction for an amount equal to the excess of the fair market value of the shares at the date such restrictions lapse over the purchase price. If a timely election is made under Section 83(b) with respect to restricted stock, the participant generally will recognize ordinary income on the date of the issuance equal to the excess, if any, of the fair market value of the shares at that date over the purchase price, and we will be entitled to a deduction for the same amount. Similarly, when restricted stock units vest and the underlying stock is issued to the participant, the participant generally will recognize ordinary income and we generally will be entitled to a deduction for the amount equal to the fair market value of the shares at the date of issuance. A Section 83(b) election is not permitted with regard to the grant of restricted stock units.

Stock Bonus Awards. A participant to whom stock bonus awards are issued generally will recognize ordinary income in the amount of the fair market value of the stock awarded and we generally will be entitled to a deduction for the same amount. If, however, such shares are subject to a substantial risk of forfeiture, then the tax rules described above with respect to restricted stock awards would be applicable.

Section 162(m) of the Code. In general, under Section 162(m), income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for specified executive officers

exceeds \$1,000,000 (less the amount of any "excess parachute payments" as defined in Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain "performance-based compensation" as provided for by the Code and established by an independent compensation committee which is adequately disclosed to, and approved by, stockholders. In particular, stock options will satisfy the "performance-based compensation" exception if the options are made by a qualifying compensation committee, the underlying plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (i.e., the option exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date). Performance-based awards granted under the 1999 Equity Plan may qualify as "qualified performance-based compensation" for purposes of Section 162(m) if such awards are granted or vest upon the pre-established objective performance goals described above.

We have attempted to structure the 1999 Equity Plan in such a manner that the Committee can determine the terms and conditions of stock options and performance-based awards granted thereunder such that remuneration attributable to such awards will not be subject to the \$1,000,000 limitation. We have not, however, requested a ruling from the Internal Revenue Service or an opinion of counsel regarding this issue. This discussion will neither bind the Internal Revenue Service nor preclude the Internal Revenue Service from adopting a contrary position.

Section 409A. Section 409A of the Code, which was added by the American Jobs Creation Act of 2004, provides certain new requirements on non-qualified deferred compensation arrangements. These include new requirements on an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Also, Section 409A generally provides that distributions must be made on or following the occurrence of certain events (i.e., the individual's separation from service, a predetermined date, or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, Section 409A requires that such individual's distribution commence no earlier than six months after such officer's separation from service.

If a 1999 Equity Plan award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that award may recognize ordinary income on the amounts deferred under the award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an award that is subject to Section 409A fails to comply, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as interest on such deferred compensation.

Under the 1999 Equity Plan, in the event that the Committee determines that any award made under the 1999 Equity Plan may be subject to Section 409A and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued in the future), the Committee may adopt such amendments to the 1999 Equity Plan and the applicable award agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate to (a) exempt the award from Section 409A and/or preserve the intended tax treatment of the benefits provided with respect to the award, or (b) comply with the requirements of Section 409A and related Department of Treasury guidance.

Required Vote

The affirmative vote of the holders of a majority of shares of our Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal shall be required to approve the proposed 1999 Equity Plan for Alliance Imaging, Inc. and Subsidiaries, as

amended and restated. In addition, the total votes cast on the proposal must represent over 50% of our outstanding shares of Common Stock.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Objectives

Compensation for all our executive officers is designed to be significantly performance-based. The Compensation Committee believes that compensation paid to our executives should be closely aligned with our performance on both a short-term and long-term basis, linked to specific, measurable results intended to create value for stockholders, and should assist us in attracting and retaining key executives critical to our long-term success.

More generally, our compensation program strives to achieve the following objectives:

Attract and retain individuals of superior ability and managerial talent;

Ensure executive compensation is aligned with our corporate strategies, business objectives and the long-term interests of our stockholders;

Increase the incentive to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in these areas; and

Enhance the executives' incentive to increase our stock price and maximize stockholder value, as well as promote retention of key people, by providing a portion of total compensation opportunities for senior management in the form of direct ownership in us through restricted stock and stock options.

To achieve these objectives, executive officers are paid competitively, consistent with our success and their contribution to that success. The compensation program is structured to ensure that a significant portion of compensation directly relates to our stock performance and other

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

factors that directly and indirectly influence stockholder value. Accordingly, the Compensation Committee sets goals designed to link each executive's compensation to certain key measures of our performance and the executive's own performance. Consistent with the performance-based philosophy, in addition to a base salary, executive officer compensation includes a significant incentive-based component. For our Named Executive Officers (comprised in 2008 of the Chief Executive Officer (CEO); Imaging Division President; Chief Financial Officer (CFO); Executive Vice President, Secretary and General Counsel; and Executive Vice President, Mergers and Acquisitions), the Compensation Committee reserves the largest potential compensation awards for performance- and incentive-based programs.

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

Within our performance-based compensation program, we aim to compensate executives in a manner that is tax effective for us. In practice, all of the annual compensation delivered by us is tax-qualified under Section 162(m) of the Code.

The elements of our executive compensation include the following:

annual base salary

annual cash bonus opportunity in accordance with our Executive Incentive Plans

discretionary long-term equity awards in accordance with our 1999 Equity Plan

additional benefits and perquisites

Total compensation is allocated between cash and equity based in part on a review of peer group healthcare services companies of comparable size, discussed below. The allocation is also based on the appropriate balance between short-term incentives and long-term incentives to align the interests of our executive officers with stockholders. The balance between equity and cash compensation among executive officers is evaluated annually.

To further tie compensation to performance, there is no minimum compensation award required by our Executive Incentive Plans and no minimum equity award required by our 1999 Equity Plan.

The Process for Determination of Compensation Awards

The Compensation Committee has the primary authority to determine and, in the case of CEO compensation, recommend to the Board the compensation awards provided to our executive officers. To aid the Compensation Committee in making its determinations, the CEO provides recommendations annually to the Compensation Committee regarding the compensation of all executive officers, excluding himself.

In connection with the determination of compensation awards, the performance of each member of our executive management team is evaluated by our CEO. Each member of our executive management team, in turn, participates in an annual performance review with the CEO to provide input about the member's contributions to our company for the period being assessed. The performance of our executive management team, and our CEO's assessment of that performance, is reviewed annually by the Compensation Committee when making its compensation determinations.

Compensation Benchmarking and Peer Group

For each executive officer, in determining base salaries, target bonus percentages (as described below), discretionary equity grants and allocation of total compensation between cash and equity, the Compensation Committee considers the compensation paid by a peer group of healthcare services companies. This approach enables us to offer competitive compensation packages to our executives and also ensures that our cost structures will allow us to remain competitive in our markets. In setting annual cash compensation opportunities and determining equity grants, the Compensation Committee aims to provide aggregate compensation that is competitive with the cash compensation and equity grants of executive officers performing similar job functions at companies in the peer group.

In November of 2007, the Compensation Committee retained an independent research and data analysis consultant, Frederic W. Cook & Co., to work with management and the Compensation Committee to assist it in the determination of the key elements of the compensation programs. The consultant engaged by the Compensation Committee is an independent consultant with expertise regarding compensation matters in the healthcare services industry. The Compensation Committee evaluated a number of factors, including total cash compensation, existing equity awards and share ownership, and the relative experience and responsibilities of executives, in determining the amount of

executive compensation relative to the market. The consultant provided data and analysis to management and the Compensation Committee with respect to competitive practices and the amounts and nature of compensation paid to executives, which we collectively refer to in this discussion as the 2007 report. The components of the executive compensation package described below were determined in part based on the consultant's input and our Compensation Committee's review of the 2007 report. Based on its review of our compensation program with the consultants in December 2007, our Compensation Committee believes that the structure of our compensation, including annual base salary, annual incentive cash compensation opportunities and discretionary stock awards, is comparable to the compensation structures of our peer companies. In setting the compensation of our executives in 2008, our Compensation Committee reviewed the 2007 report and used it as a general point of reference in evaluating the competitive market.

The peer group used in the 2007 report was comprised of the following 11 companies: AmeriPath, Amsurg, Analogic, bio Reference Labs, Hologic, Insight Health Services, MedCath, Pediatrix Medical Group, Radiation Therapy Services, RadNet and VCA Antech. The Compensation Committee believes that this group of companies provides an appropriate peer group because the companies are primarily engaged in healthcare services and related businesses and the 2006 and 2007 annual revenue of the companies fell within a ranges of \$193 million to \$983 million and \$250 million to \$1.1 billion, respectively, which is comparable to our 2006 and 2007 revenues.

Annual Base Salary

Base salaries for executive officers are established based on the scope of their responsibilities, individual contribution, prior experience, sustained performance, competitive salary levels within the peer group of companies, and company budget. Based on the 2007 report, base salaries for our Named Executive Officers in 2008 in aggregate are between the 25th percentile and the Median of the peer group on both a position rank and functional basis. Decisions regarding increases in base salary each year are based significantly on individual performance, as assessed by the Compensation Committee with input from the CEO (with respect to executives other than himself). Any increases approved by the Compensation Committee are discretionary and there are no formulaic base salary increases provided to executives.

Our Named Executive Officers received base salary increases ranging from 1.8% to 10% effective as of January 1, 2008. The base salaries of our CEO and CFO increased 3% and 10%, respectively, based on each officer's strong 2007 performance and a review of the 2007 report, which generally indicated that our CFO was compensated below the level observed in companies in our peer group. Our Imaging Division President and our General Counsel each received increases of 2% based on each officer's strong 2007 performance and a review of the 2007 report. In January 2008, Mr. Joyce was promoted to the position of Executive Vice President, Mergers and Acquisitions. In connection with this promotion and in light of his increased responsibilities, his base salary was increased by 6.2% to \$255,000.

In December 2008, based on our Compensation Committee's recommendation and an executive compensation analysis prepared by Mercer, an independent compensation consultant (the "Mercer Report"), our Board approved increases in base salary for each of our Named Executive Officers, effective as of January 1, 2009. Based on his continued strong performance during 2008 and a review of the Mercer Report which generally indicated our CEO was compensated below the level observed in companies in our peer group, our CEO received a 16.5% increase in base salary to \$600,000. Our CFO received a 4% increase in base salary to \$286,000 based on his continued strong performance in 2008. Our Imaging Division President, Mr. Frisch, received a 7.1% increase in base salary to \$300,000 based on his promotion from COO to Imaging Division President on November 11, 2008 and in light of his increased responsibilities. Our General Counsel received a 3.6% increase in base salary to \$290,000 and

our Executive Vice President, Mergers and Acquisitions received a 3.9% increase in base salary to \$265,000 based on their strong 2008 performance.

Performance-Based Compensation

Annual Cash Bonus Opportunity

There are two Executive Incentive Plans that apply to our executive officers. Both plans are tied directly to key measures of our overall success. In addition, in 2008, a certain percentage of each executive's bonus opportunity was determined based on such executive's performance with respect to individual performance objectives that were assigned to such executive based on his respective position with our company (such individual performance objectives are referred to as "Performance Objectives"). Each of our executives, regardless of the applicable incentive plan, is assigned an annual target bonus which is stated as a percentage of his or her annual base salary. The percentage target increases along with the Named Executive Officer's responsibilities within our company and with the Named Executive Officer's ability to influence the overall results of our company. In 2008, based on our Compensation Committee's recommendation, our Board of Directors maintained the target bonus percentage for the CEO at 85% of his annual base salary, which reflects his overall responsibility over our company and his ability to directly impact the success of our company. Our Compensation Committee set the target bonus percentage for the CFO and Imaging Division President at 75% of annual base salary, which our Compensation Committee determined appropriately reflected the responsibilities held by each of our CFO and Imaging Division President and the ability of each to significantly impact the success of our company. The Compensation Committee set the target bonuses of our General Counsel at 65% of annual base salary, which our Compensation Committee determined appropriately reflected his responsibilities for our company and his ability to significantly influence the success of our company. Our Compensation Committee set the target bonus of our Executive Vice President, Mergers and Acquisitions at 90% of annual base salary based on the vital importance of mergers and acquisitions to the success of our company. We do not have a formal policy on adjustment or recovery of cash bonus awards in the event our performance is restated after payment of the awards.

In 2008, the CEO, the Imaging Division President and the CFO participated in an Executive Incentive Plan with two performance measures: "profit after lease" or "Company PAL" component and a fixed-site return on capital component. The Company PAL component constituted 60% of the annual bonus opportunity and the fixed-site return on capital component constituted 20%. As noted above, each executive's individual Performance Objectives constituted the remaining 20% of the annual bonus opportunity. Company PAL is defined as revenue less operating expenses, field management expenses, SG&A expenses, corporate overhead, minority interest expenses, equity earnings in unconsolidated joint ventures and other expenses. The higher the Company PAL, the higher the bonus percentage. The purpose of basing a significant portion of executives' annual bonus on Company PAL is to motivate executives to maximize earnings from the Company's core imaging operations.

The fixed-site return on capital component is determined with reference to EBIT, which is earnings before interest and income taxes, generated by our fixed-sites opened in the applicable year divided by total capital expended on such fixed-sites. In 2008, the minimum threshold for the CEO, CFO and Imaging Division President to earn the fixed-site return on capital component of the bonus was an 11% return on capital. The higher the return on capital, the higher the bonus percentage for the fixed-site return on capital component. The return on capital for fixed-sites opened in the applicable year is measured over two years following the applicable year and is not paid until two years after the applicable year. For example, the return on capital component for 2008 will be measured in 2010 and 2011. Therefore, the fixed-site return on capital component of the bonus for 2008 will not be calculated or paid until 2011. The purpose of this delay in calculation is to assure an accurate measurement of the results of our fixed-site operations over a significant period of time without taking into account the initial ramp up period. Our CEO, CFO and Imaging Division President are subject to the fixed-site

return on capital component given their role in approving and overseeing the development of new fixed-site imaging centers. The success of the Company in developing fixed-sites is considered by the Board to be a critical component for the Company's overall success.

All other Named Executive Officers are subject to an Executive Incentive Plan which is based on a calculation of Company PAL and on the executives' individual Performance Objectives.

Annual targets for the determination of fixed-site return on capital and Company PAL are based on budgeted profitability levels, which have been approved by the Board and are generally considered by the Board to be reasonably attainable while requiring substantial effort. In 2008 the Company PAL target was \$68.8 million and the Company achieved 106.2% of this target, which equated to a 112.4% bonus payout under the Executive Incentive Plan. The fixed-site return on capital bonus payout for 2008 is calculated based on 2005 and 2006 targets of an 11.0% return on capital in each year. The 2005 target was not achieved. For 2006 the company achieved a 20.6% return on capital, which equated to a 152.5% bonus payout related to the 2006 achievement under the Executive Incentive Plan.

In addition to our Executive Incentive Plans, our Board or our Compensation Committee may from time to time award discretionary bonuses to our executives based on significant contributions to our company. For example, in December 2007, our Board approved discretionary bonus awards for our COO and CFO in the amount of \$25,000 each in recognition of each executive's extraordinary efforts in 2007. No discretionary bonus awards were made in 2008.

In 2008, 20% of the incentive bonus opportunity for our CEO, CFO, Imaging Division President and General Counsel was based on each executive's performance with respect to the individual Performance Objectives assigned to him. Because 7 to 11 separate individual Performance Objectives were assigned to each of our CEO, CFO and Imaging Division President in 2008, no single individual Performance Objective is material to such executives' overall compensation or an understanding of our compensation policies and programs. These individual Performance Objectives included such objectives as the recruitment of a President for Alliance Oncology, assistance in driving accretive acquisitions to enhance shareholder value and creating a professional development plan for key regional executives. Our CEO and CFO were determined by our Compensation Committee to have achieved 90% of the individual Performance Objectives assigned to them and our Imaging Division President was determined by our Compensation Committee to have achieved 90% of the individual Performance Objectives assigned to him. Our General Counsel was assigned the following individual Performance Objectives in 2008: implement a revised Compliance Program, implement a contracting standardization and improvement project, develop and implement a Records Retention Policy, reduce the cost of outside legal counsel and implement improvements to the proxy development process. Our General Counsel was determined by the Compensation Committee to have achieved 50% of these individual Performance Objectives.

In 2008, 50% of the annual bonus opportunity for our Executive Vice President, Mergers and Acquisitions, was determined based on the achievement of the specific individual Performance Objectives assigned to him and 50% was determined based on Company PAL. Our Executive Vice President, Mergers and Acquisitions was assigned the following individual Performance Objectives in 2008: develop and implement an M&A target assessment tool, develop an M&A team, develop and implement standard M&A documentation, complete M&A transactions that fit the company's strategic objectives, and source and develop an ongoing pipeline of potential M&A targets. Our Executive Vice President, Mergers and Acquisitions was determined by the Compensation Committee to have achieved 85% of these individual Performance Objectives.

Discretionary Long-Term Equity Incentive Awards

Our executives are eligible to receive stock options and restricted stock awards. All equity awards are determined by the Compensation Committee in its sole discretion with input from the CEO.

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

Executives typically are awarded an initial stock option grant upon their hiring and are considered on an annual basis for restricted stock awards and additional stock option grants.

The Compensation Committee evaluates the allocation of equity awards among stock option grants, restricted stock grants and stock bonus awards available under our 1999 Equity Plan by reference to the peer group discussed above. The Compensation Committee grants all stock options based on the fair market value as of the date of grant, which is determined using the last quoted price per share on the NYSE on the date of grant. The exercise price for initial stock option grants to new executives is the closing market price of our stock on the executive's first day of employment with us, which in all cases is the date of grant.

Guidelines for the number of stock options and restricted stock awards granted to each executive are determined using a procedure approved by the Compensation Committee based upon several factors, including the executive's job level, performance and the value of our stock at the time of grant. As a result, additional grants other than an initial grant or an annual award may be made following a significant change in job responsibility or in recognition of a significant achievement. As noted above, in determining the size of equity awards, the Compensation Committee also considers the equity awards made by our peer group. The Compensation Committee determined that such awards were necessary to attract and retain talented senior executives, in light of state of the healthcare industry, including anticipated effects of the Deficit Reduction Act of 2005, and the implications it had for options as a performance-based incentive. The restricted stock granted to our Named Executive Officers vests three years after the award date based on each executive's continued service to our company.

In December 2006, in connection with his transition to the position of Senior Vice President, our Compensation Committee awarded our Executive Vice President, Mergers and Acquisitions a stock bonus award with respect to that number of shares of our Common Stock calculated by dividing \$500,000 by the fair market value of our Common Stock on January 1, 2010, the date the stock bonus award vests based on the continued service of our Executive Vice President, Mergers and Acquisitions to the Company. The Compensation Committee determined that such award was necessary to attract and retain our Executive Vice President, Mergers and Acquisitions in light of state of the healthcare industry, including anticipated effects of the Deficit Reduction Act of 2005, and the implications it had for options as a performance-based incentive.

Historically, initial stock option grants to executive officers under the 1999 Equity Plan were comprised 50% of "time options" and 50% of "performance options." The time options have a five-year vesting schedule based on each executive's continued service to our company, vesting 20% per year, and expire ten years from the date of grant. The performance options vest after eight years and expire after ten years. In the event that a multiple of our adjusted earnings exceeds a target amount, however, up to 20% of the performance options may vest each year. Subsequent stock options granted under the 1999 Equity Plan to our Named Executive Officers have historically been time options which vest 5% in the first year, 20% in the second year and 25% in years three through five.

In December 2007, the Compensation Committee approved a change in the standard vesting schedule of our options such that most option grants subsequent to December 2007 will be time options only. Such time options will have a four-year vesting schedule, vesting at a rate of 25% per year, and, in the case of options, expire ten years from the date of grant. The change in the structure of our option vesting schedule was made based on our Compensation Committee's review of our peer group and did not affect the existing stock options held by our Named Executive Officers.

Our Compensation Committee believes that the vesting schedules of our options, restricted stock awards and stock bonus awards provide an incentive for executives to remain with us and a reasonable time frame in which to align the executive with the price appreciation of our stock.

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

Awards under the 1999 Equity Plan are subject to the change of control provisions described below under "Stock Option Plans Change of Control". Stock options, granted prior to 2008, are subject to single trigger acceleration in the event of the sale of all or substantially all of our assets, a sale by Viewer Holdings LLC resulting in more than 50% of the voting stock of the Company being held by a person or group unaffiliated with Viewer, or a merger or consolidation of the Company into another person or entity unaffiliated with Viewer, if after the merger or consolidation Viewer or its affiliates lose the ability to elect a majority of the Company's Board of Directors. The Compensation Committee has historically viewed the single trigger acceleration as appropriate because it was designed to ensure retention of our employees notwithstanding the unilateral ability of Viewer to sell control of us. Viewer sold its entire interest in our outstanding shares in 2007 and currently holds none of our outstanding shares. In connection with the sale, the acquirers entered into a Corporate Governance and Standstill Agreement with us which prevents them from acquiring more than 49.9% of our outstanding shares of Common Stock until April 16, 2010. As a result, Viewer's sale of its interest did not trigger the single trigger acceleration provisions under our stock options.

In December 2007, our Compensation Committee approved a new form of stock option agreement which provides single trigger acceleration in the event of the sale, lease or transfer of all or substantially all of our assets or the acquisition of 50% or more of our total voting power by way of merger, consolidation or other business combination or purchase other than by OCM Principal Opportunities Fund IV, L.P., MTS Health Investors II, L.P. and their affiliates. Our Compensation Committee determined that single trigger acceleration remains appropriate to ensure retention of our employees in light of the substantial holdings of our stock by OCM Principal Opportunities Fund IV, L.P. and MTS Health Investors II, L.P. and their ability to cause a change of control.

Historically, our Named Executive Officers have been required to enter into a stockholders agreement in connection with their initial option grants. Subject to limited exceptions, the Named Executive Officers have agreed not to sell any shares of our Common Stock acquired as a result of the exercise of their initial (but not subsequent) options, for a period of five years after the grant dates of their initial options. In December 2007, our Compensation Committee agreed, with respect to future option grants, to no longer require our executives to enter into stockholder agreements in connection with their initial option grants in light of the sale by Viewer Holdings LLC of its interest in our company and the lack of such restrictions at our peer group of companies.

Defined Contribution Plan

We have a Section 401(k) Savings/Retirement Plan (the "401(k) Plan") to cover eligible employees of our company and any designated affiliate, including our Named Executive Officers. The 401(k) Plan permits eligible employees, including our executives, to defer up to 25% of their annual compensation, subject to certain limitations imposed by the Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan. We currently make matching contributions to the 401(k) Plan in an amount equal to fifty cents for each dollar of participant contributions, up to a maximum of five percent of the participant's annual salary and subject to certain other limits. Plan participants vest 25% per year in the amounts contributed by us. Employees are eligible to participate in the 401(k) Plan after three months of credited service with us.

Employment and Severance Agreements

Agreements with Our CEO and CFO

We entered into employment agreements with our CEO and CFO on May 9, 2005, and December 1, 2005, respectively, each of which was amended as of April 16, 2007 and December 9, 2008. The agreements provide for certain post-employment benefits. The December 9, 2008

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

amendments were entered into in order to ensure compliance with, or an exemption from, Section 409A of the Internal Revenue Code. The agreements provide for the following:

the executives are entitled to receive cash bonuses, under a plan administered by the Compensation Committee, based upon our achievement of certain operating and/or financial or other goals, with an annual target bonus amount for Mr. Viviano equal to 85% of his then-current annual base salary, and annual target bonus amounts for Mr. Aihara equal to 75% of his then-current annual base salary; and

expense reimbursement, participation in employee benefits arrangements, and a monthly automobile allowance of not less than \$800, in the case of Mr. Viviano, and \$600, in the case of Mr. Aihara.

Under each agreement, we may terminate the executive's employment at any time and for any reason and the executive may resign at any time and for any reason. However, in the event of a termination "without cause" or a resignation for "good reason," the executive is entitled to "Severance Payments" from us, consisting of bi-weekly payments of his base salary and 100% of his target annual bonus, during a defined "Salary Continuation Period" provided the executive complies during such period with the non-compete and non-solicitation provisions of the agreement and executes a general release of all claims against our company.

Under the original agreements, the CEO had a Salary Continuation Period of two years and the CFO had a Salary Continuation Period of nine months. The CFO's original agreement also provided for a lump-sum Severance Payment rather than payments on a bi-weekly basis. In connection with the amendment of the employment agreements and the approval of the new severance agreements described below, our Board of Directors considered data provided by Mercer comparing the benefits provided to our executives with the benefits provided to executives of our peer group of companies. According to the data provided by Mercer at the CEO level, nearly 70% of our competitors provide severance benefits of three times the CEO's annual base salary and bonus, while another 11% pay two times annual base salary and bonus. For other Named Executive Officers, 57% of our competitors pay severance benefits of three times the Named Executive Officer's annual base salary and bonus, while another 22% pay two times annual base salary and bonus. Based on this data, we amended the CEO's agreement to provide that his Salary Continuation Period is defined as a period of three years reverting to a period of two years on April 16, 2009. The CFO's Salary Continuation Period, as amended, is defined as a period of two years reverting to eighteen months on April 16, 2009.

Under each employment agreement, in the event the executive is entitled to receive Severance Payments, during the Salary Continuation Period, he will also be entitled to receive "Ancillary Severance Benefits" from us. This consists of continued health benefits for himself and his eligible dependents, continued disability and life insurance coverage and other ancillary benefits including reimbursement of outplacement assistance (as amended, the agreements specify that the executive will receive up to \$35,000 and that administrative support is also to be provided) relating to his job search. As amended, each agreement also provides that in accordance with Section 409A of the Code, the executive is not entitled to receive any severance benefits for a period of six months after termination, if such a delay is necessary to avoid a prohibited distribution under Section 409A.

In the event that a termination occurs in connection with a change in control, our CEO and CFO may be subject to a 20% "golden parachute" excise tax imposed under section 4999 of the Code. This excise tax is triggered if the present value of the amount of "parachute payments", which are payments considered contingent on a change in control (determined in accordance with Code section 280G), exceeds the executive's "280G parachute limit". This limit is generally equal to three times the average annual taxable compensation received from us over the previous five calendar years. Under the original agreements, if the excise tax applied, the executive's benefits would be reduced so that they were \$1 less than the 280G parachute limit. In connection with the April 16, 2007 amendment of the

employment agreements and the approval of the new severance agreements described below, Mercer reviewed the practices of our peer group of companies in a situation where an executive is subject to the 20% "golden parachute" excise tax. Based on the data provided by Mercer, 80% of our peer group of companies provided a full gross up to the CEO and a majority of the companies also provided a full gross up to other NEOs. A gross up is a cash payment in an amount that leaves the executive economically in the same position as he would be in if the excise tax had not applied. Based on data provided by Mercer, our Board of Directors decided to provide for a "conditional" gross-up payment to our NEOs, which would only apply if the executive's benefits significantly exceeded the 280G parachute limit. As amended, the employment agreements require us to pay the CEO and/or the CFO a gross-up payment if his parachute payments exceed 110% of the 280G parachute limit, in an amount that leaves him economically in the same position as he would be in if the excise tax had not applied. If the parachute payments are less than 110% of the 280G parachute limit, then the amount of payments will instead be reduced so that they are \$1 less than the 280G parachute limit.

In the event of termination due to his disability, we will continue to provide our CEO with disability benefits at least equal to those he would otherwise have received for a period of two years from the commencement of such disability. Our CFO is entitled to receive such benefits for a period of 9 months following a termination due to disability.

Severance Agreements with Other NEOs

To ensure retention in connection with the sale by Viewer Holdings LLC, we also entered into severance agreements with our Imaging Division President and General Counsel, effective as of April 16, 2007. These agreements were amended in December 2008 in order to ensure compliance with, or an exemption from, Section 409A of the Code. These agreements provide for the payment by us of Severance Payments and the provision by us of Ancillary Severance Benefits in the event the executive's employment with us is terminated "without cause" or he resigns for "good reason." In the event of a termination "without cause" or a resignation for "good reason," the Imaging Division President and the General Counsel are entitled to receive the Severance Payments and Ancillary Severance Benefits during a Salary Continuation Period that is defined as a period of two years reverting to eighteen months on April 16, 2009, provided each complies with the non-compete and non-solicitation provisions of the agreement and executes a general release of all claims against our company. The severance agreements also provide that in accordance with Section 409A of the Code, the executives are not entitled to receive any severance benefits for a period of six months after termination if such a delay is necessary to avoid a prohibited distribution under Section 409A. Each severance agreement also requires us to pay the executive the conditional 280G gross-up payment described above in the event that his parachute payments exceed 110% of the 280G parachute limit. If the parachute payments are less than 110% of the 280G parachute limit, then the amount of payments will instead be reduced so that they are \$1 less than the 280G parachute limit.

Effective January 2008, we entered into a severance agreement with our Executive Vice President, Mergers and Acquisitions in connection with his promotion to such position. His agreement was amended in December 2008 in order to ensure compliance with, or an exemption from, Section 409A of the Code. In the event of a termination "without cause" or a resignation for "good reason," he is entitled to receive the Severance Payments and Ancillary Severance Benefits during a Salary Continuation Period that is defined as a period of eighteen months, provided he complies with the non-compete and non-solicitation provisions of the agreements and executes a general release of all claims against our company. The severance agreement provides that in accordance with Section 409A of the Code, the executive is not entitled to receive any severance benefits for a period of six months after termination, if such a delay is necessary to avoid a prohibited distribution under Section 409A. His severance agreement also requires us to pay him the conditional 280G gross-up payment described above in the event that his parachute payments exceed 110% of the 280G parachute limit. If the

parachute payments are less than 110% of the 280G parachute limit, then the amount of payments will instead be reduced so that they are \$1 less than the 280G parachute limit.

Reflects potential awards under the 2008 Executive Incentive Plan. The threshold amount assumes that the threshold level of performance was met for each of the performance measures. In 2008, Messrs. Viviano, Frisch, and Aihara participated in an Executive Incentive Plan with two performance measures: a "profit after lease" or "Company PAL" component and a fixed-site return on capital component. The Company PAL component constituted 60% of the annual bonus opportunity and the fixed-site return on capital component constituted 20% for such executives. Each such executive's individual Performance Objectives constituted the remaining 20% of the annual bonus opportunity. Messrs. Glovinsky and Joyce are subject to an Executive Incentive Plan which is based on a calculation of Company PAL and on the executives' individual Performance Objectives. The target/maximum amount assumes that the target/maximum level of performance was met for each of these performance measures. For 2008, 100% of the total amount payable under the Executive Incentive Plan is based on the performance measures described above for the respective named executive officer. In 2008 the Company PAL target was

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

\$68.8 million and the Company achieved 106.2% of this target, which equated to a 112.4% bonus payout under the Executive Incentive Plan. The fixed-site return on capital bonus payout for 2008 is calculated based on 2005 and 2006 targets of an 11.0% return on capital in each year. The 2005 target was not achieved. For 2006 the Company achieved a 20.6% return on capital, which equated to a 152.5% bonus payout related to the 2006 achievement under the Executive Incentive Plan.

These amounts represent restricted stock awards which will cliff vest after three years, provided that the employee remains continuously employed through the vesting date.

This column shows the full grant date fair value of stock options calculated using the Black Scholes pricing model in accordance with SFAS 123R. For additional information on the valuation assumptions used in the calculation of these amounts, refer to note 4 to the financial statements included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, as filed with the SEC. These amounts reflect the company's accounting expense, and do not correspond to the actual value that will be recognized by the named executives.

2008 Stock Vested Fiscal Year-End Table

The following table presents information with respect to options exercised and stock awards vested during the fiscal year ended December 31, 2008 held by each of the named executive officers:

Potential Payments upon Termination or Change of Control

The table below sets forth the estimated value of certain compensation that would have become payable under existing plans and contractual arrangements assuming a (i) termination of employment without "cause", or (ii) change of control and termination of employment without "cause" occurred on December 31, 2008, based upon the closing price of Alliance's Common Stock on December 31, 2008 (\$7.97) and the Named Executive Officers' compensation and service levels as of such date. Please see section entitled "Compensation Discussion & Analysis Employment and Severance Agreements" above for a description of the terms and provisions of contractual arrangements related to our Named Executive Officers. Amounts set forth in the table below are reported without any reduction for possible delay in the commencement or timing of payments.

For all Named Executive Officers, under the 1999 Equity Plan and the agreements evidencing awards granted under the 1999 Equity Plan, the vesting of stock options fully accelerates upon a change of control (as defined in the form option agreement) and the vesting of restricted stock awards accelerate pro rata upon a change of control (as defined in the plan) at a rate of one-third of the award for each year lapsed since the award date. Stock bonus awards under our 1999 Equity Plan (other than the stock bonus award of our Executive Vice President, Mergers and Acquisitions) are subject to pro rata vesting acceleration upon a change of control (as defined in the plan) at a rate of 1/36th for each month lapsed since the award date. The stock bonus award of our Executive Vice

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

President, Mergers and Acquisitions is subject to pro rata acceleration following a change of control (as defined in the plan) at a rate of one-third of the award for each year lapsed since the award date.

401(k) Plan

We established a tax deferred 401(k) savings plan in January 1990. Effective January 1, 2001, the 401(k) plan was amended and restated in its entirety. Currently, all employees who are over 21 years of age are eligible to participate after attaining three months of service. Employees may contribute between 1% and 25% of their annual compensation. We match 50 cents for every dollar of employee contributions up to 5% of their compensation, subject to statutory limitations. The rates of pre-tax and matching contributions may be reduced with respect to highly compensated employees, as defined in the Code so that the 401(k) plan will comply with Sections 401(k) and 401(m) of the Code. Pre-tax and matching contributions are allocated to each employee's individual account, which are invested in selected fixed income or stock managed accounts according to the directions of the employee. An employee's pre-tax contributions are fully vested and nonforfeitable at all times. Matching contributions vest over four years of service. An employee may forfeit unvested amounts upon termination of employment, unless the termination is because of death, disability or retirement, in which case matching contributions vest in their entirety.

Matching contributions made by us pursuant to the 401(k) plan to the named executive officers for the 2008 fiscal year are included under "All Other Compensation" in the Summary Compensation Table.

- (1) Consists solely of awards granted under our 1999 Equity Plan for Employees of Alliance Imaging, Inc. and Subsidiaries dated November 2, 1999.

1999 Equity Plan

All of our outstanding employee stock options and other equity awards were granted under our 1999 Equity Plan for Employees of Alliance Imaging, Inc. and Subsidiaries dated November 2, 1999, or the 1999 Equity Plan. The 1999 Equity Plan is designed to promote our interests by providing eligible persons with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in us as an incentive for them to remain in our service.

Types of Award. The 1999 Equity Plan provides for the grant of non-qualified options, restricted stock, restricted stock unit, stock bonus and performance-based awards to employees, consultants or other persons with a unique relationship to us or our subsidiaries.

Options Available and Outstanding. A total of 8,025,000 shares were reserved for issuance under the 1999 Equity Plan as of December 31, 2008, of which 4,014,175 were subject to outstanding options as of such date. As of December 31, 2008, an additional 1,030,252 were subject to outstanding restricted stock awards and stock bonus awards

Administration. The Compensation Committee administers the 1999 Equity Plan. The Compensation Committee has authority to select the employees, consultants or others to whom options will be granted under the plans, the number of shares to be subject to those options, and the terms and conditions of the options. In addition, the Compensation Committee has the authority to construe and interpret the 1999 Equity Plan and to adopt rules for the administration, interpretation and application of the 1999 Equity Plan that are consistent with its terms. Awards granted under the 1999 Equity Plan become vested and exercisable as determined by the Compensation Committee at the time of the grant, at a price determined by the committee.

Stockholders' Agreement. Certain initial option grants made under our 1999 Equity Plan, together with the underlying shares, are subject to the terms and conditions of stockholders' agreements entered into by grant recipients. The stockholders' agreements provide that except for limited exceptions, the optionholder may not transfer, sell or otherwise dispose of any shares acquired upon exercise of initial option grants prior to the fifth anniversary of the grant date. In December 2007, the Compensation Committee approved a change in the structure of our option agreements which provided that option grants awarded after the date of the change will not be subject to a stockholders' agreement. This change did not affect the initial option grants to our Named Executive Officers, which remain subject to the stockholders' agreements.

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

Amendment. The 1999 Equity Plan may be amended or modified by the Compensation Committee, and may be terminated by our Board of Directors.

Exercise of Options. Options granted under the 1999 Equity Plan may be exercised in cash or, at the discretion of the Compensation Committee, through the delivery of previously owned shares, through the surrender of shares which would otherwise be issuable upon exercise of the option, or any combination of the foregoing..

Change of Control. Under the 1999 Equity Plan, the Compensation Committee may, in its sole discretion, provide that awards granted under the plan cannot be exercised after a change of control, in which case they will become fully vested and exercisable prior to the completion of the change of control. The committee may also provide that awards remaining exercisable after the change of control may only be exercised for the consideration received by stockholders in the change of control, or its cash equivalent. A change of control is defined in the 1999 Equity Plan as the:

merger or consolidation of our corporation into another corporation;

exchange of all or substantially all of our assets for the securities of another corporation;

acquisition by another corporation of 80% or more of our then outstanding shares of voting stock; or

recapitalization, reclassification, liquidation or dissolution of our corporation, or other adjustment or event which results in shares of our Common Stock being exchanged for or converted into cash, securities or other property.

As described under "Compensation Discussion and Analysis Performance-Based Compensation Discretionary Long-Term Equity Incentive Awards" above, stock options under our 1999 Equity Plan are subject to single trigger acceleration following a change of control (as defined in the agreement), pursuant to the terms of the option agreement under the plan. Restricted stock awards under our 1999 Equity Plan are subject to pro rata acceleration following a change of control (as defined in the plan) at a rate of one-third of the award for each year lapsed since the award date. Stock bonus awards under our 1999 Equity Plan (other than the stock bonus award of our Executive Vice President, Mergers and Acquisitions) are subject to pro rata acceleration following a change of control (as defined in the plan) at a rate of 1/36th for each month lapsed since the award date. The stock bonus award of our Executive Vice President, Mergers and Acquisitions is subject to pro rata acceleration following a change of control (as defined in the plan) at a rate of one-third of the award for each year lapsed since the award date.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2008, Messrs. Harmon, Lane, Helfet and Samek served as members of the Compensation Committee of the Board of Directors. None of the members of the Compensation Committee were officers or employees or former officers or employees of ours or any of our subsidiaries during fiscal 2008, or had any relationship otherwise requiring disclosure.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review and Approval of Related Party Transactions

All relationships and transactions in which we are a participant and involving our directors, executive officers, nominees for directors, stockholders beneficially owning more than 5% of our outstanding shares, or any of their respective immediate family members are participants are reviewed by an independent body of the Board of Directors, such as the independent and disinterested members of the Board. As set forth in the Audit Committee charter, the members of the Audit Committee, all of whom are independent directors, also discuss with management and the independent auditor any related-party transactions brought to the Audit Committee's attention which could reasonably be expected to have a material impact on our financial statements.

In the course of their review and approval or ratification of a disclosable related party transaction, the independent and disinterested members of the Board may consider:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to the company;

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the company; and

any other matters the Audit Committee or such independent and disinterested members of the Board deems appropriate.

Related Party Transactions

We believe that we have executed all of the transactions set forth below on terms no less favorable to us than we could have obtained from unaffiliated third parties. It is our intention to ensure that all future transactions between us and our officers, directors and principal stockholders and their affiliates, are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

Prior to the sale by Viewer Holdings LLC (an entity managed by an affiliate of KKR) of 49% of our outstanding shares of Common Stock to Oaktree, MTS and their affiliates on April 16, 2007, KKR provided management, consulting and financial services to us. We paid KKR an annual fee of \$650,000 for such services. In 2007, we paid KKR \$192,857 for such services rendered through April 16, 2007, the date on which our obligation to pay for such services terminated. In addition, we reimbursed KKR and its affiliates for all reasonable costs and expenses incurred in connection with the management, consulting and financial services provided by KKR. We were also contractually obligated to reimburse KKR and its affiliates for all reasonable costs and expenses incurred in connection with their ownership of our shares of Common Stock.

We formed a special committee of independent and disinterested directors to consider various matters in connection with Viewer's sale of shares to Oaktree, MTS and their affiliates, or the purchasers. We incurred expenses of between one and two million dollars in connection with the sale, \$1.25 million of which was reimbursed to us by the purchasers. In connection with their share purchase, the purchasers negotiated a Governance and Standstill Agreement with the special committee, under which they obtained various management rights and rights to designate persons to our Board and committees, and under which they agreed that they would not obtain beneficial ownership of greater than 49.9% of our outstanding shares of Common Stock for a period of three years after closing. Viewer also assigned to the purchasers registration rights under its registration rights agreement with us.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

During fiscal 2007, the Audit Committee of the Board of Directors consisted of three non-employee directors who met the independence requirements of the New York Stock Exchange listing standards. The Audit Committee operates under a written charter, approved and adopted by the Board, a copy of which is available at: www.alliancehealthcareservices-us.com/investors/corporate_governance.

What are the responsibilities of management, the independent auditors and the Audit Committee?

The purpose of the Audit Committee, which is solely responsible for appointing our independent registered public accounting firm, subject to stockholder ratification, is to assist the Board of Directors with its oversight responsibilities regarding: (i) the integrity of our financial statements and internal controls; (ii) our compliance with legal and regulatory requirements; (iii) the independent registered public accounting firm's qualifications and independence; and (iv) the performance of our internal audit function and independent registered public accounting firm. The Audit Committee's responsibilities are limited to oversight.

Alliance's management is responsible for the preparation, presentation and integrity of our financial statements as well as our financial reporting process, accounting policies, internal audit function, internal accounting controls and disclosure controls and procedures. Alliance's independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an audit of our annual financial statements, expressing an opinion as to the conformity of such annual financial statements with accounting principles generally accepted in the United States, auditing management's assessment of internal controls over financial reporting as well as the effectiveness of those internal controls and reviewing our quarterly financial statements.

How does the Audit Committee carry out its responsibilities?

The Audit Committee has convened seven times during the year to discuss the interim and annual financial statements and Alliance's internal controls on the financial reporting process.

The Audit Committee reviewed our audited financial statements for the fiscal year ended December 31, 2008 and met with both management and our independent registered public accounting firm, Deloitte & Touche LLP, to discuss those financial statements. Management and Deloitte & Touche LLP have represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee has received from and discussed with Deloitte & Touche LLP its written disclosure and letter regarding its independence from Alliance as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

The Audit Committee has also reviewed and considered whether the provision of other non-audit services by Deloitte & Touche LLP is compatible with maintaining the independent registered public accounting firm's independence.

The Audit Committee has also discussed with Deloitte & Touche LLP any matters required to be discussed by Statement of Auditing Standard No. 61.

Based upon these reviews and discussions, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in Alliance's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 to be filed with the Securities and Exchange Commission. The Audit Committee has also recommended, subject to stockholder ratification, the appointment of Deloitte & Touche LLP as Alliance's independent registered public accounting firm for fiscal year 2009.

3. ADMINISTRATION OF PLAN

(a) The Plan shall be administered by the Committee. The members of the Committee shall consist solely of individuals who are both "non-employee directors" as defined by Rule 16b-3 promulgated under the Exchange Act and "outside directors" for purposes of Section 162(m) of the Code, to the extent that the Company and its Employees are subject to Section 16 of the Exchange Act or Section 162(m) of the Code. The Committee may adopt its own rules of procedure, and the action of a majority of the Committee, taken at a meeting or taken without a meeting by a writing signed by such majority, shall constitute action by the Committee. The Committee shall have the power, authority and the discretion to administer, construe and interpret the Plan and Award Agreements, to make rules for carrying out the Plan and to make changes in such rules. Any such interpretations, rules, and administration shall be made and done in good faith and consistent with the basic purposes of the Plan. Notwithstanding the foregoing, the full Board of Directors, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to all Awards granted to Independent Directors and for purposes of such Awards the term "Committee" as used in this Plan shall be deemed to refer to the Board of Directors.

(b) The Committee may delegate to the Chief Executive Officer and to other senior officers of the Company its duties under the Plan subject to such conditions and limitations as the Committee shall prescribe except that only the Committee may designate and make Awards to Participants who are subject to Section 16 of the Exchange Act or Section 162(m) of the Code and only the Board of Directors may designate and make Awards to Participants who are Independent Directors.

(c) The Committee may employ attorneys, consultants, accountants, appraisers, brokers or other persons. No member of the Committee shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or the Awards, and all members of the Committee shall be fully protected by the Company with respect to any such action, determination or interpretation.

4. ELIGIBILITY

The Committee may from time to time make Awards under the Plan to such Employees, Directors, consultants, or other persons having a unique relationship with the Company or any of its Subsidiaries, and in such form and having such terms, conditions and limitations as the Committee may determine. Awards may be granted singly, in combination or in tandem. The terms, conditions and limitations of each Award under the Plan shall be set forth in an Award Agreement, in a form approved by the Committee, consistent, however, with the terms of the Plan; provided, however, such Award Agreement shall contain provisions dealing with the treatment of Awards in the event of the termination, death or disability of the Participant, and may also include provisions concerning the treatment of Awards in the event of a change in control of the Company.

5. STOCK OPTION AWARDS

From time to time, the Committee will grant options to purchase Common Stock which are not "incentive stock options," within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended. At the time of grant, the Committee shall determine, and shall have specified in the Stock Option Award Agreement or other Plan rules, the option exercise period, the option exercise price, and such other conditions or restrictions on the grant or exercise of the Stock Option as the Committee deems appropriate. In addition to other restrictions contained in the Plan and Stock Option Award Agreement, Stock Options granted under this Section 5 (i) may not be exercised more than 10 years after the date granted and (ii) may not have an option exercise price less than 85% of the Fair Market Value of Common Stock on the date the option is granted. Payment of the option exercise price shall be made in cash or, with the consent of the Committee, in shares of Common Stock (including shares acquired by contemporaneous exercise of other Stock Options), or a combination thereof, in accordance with the terms of the Plan, the Stock Option Award Agreement and any applicable guidelines of the Committee in effect at the time.

6. RESTRICTED STOCK AWARDS

(a) The Committee is authorized to make Awards of Restricted Stock to any Participant selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee. All Awards of Restricted Stock shall be evidenced by an Award Agreement.

(b) Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, pursuant to such circumstances, in such installments, or otherwise, as the Committee determines at the time of the grant of the Award or thereafter.

(c) The Committee may establish the exercise or purchase price, if any, of any Restricted Stock; provided, however, that such price shall not be less than the par value of a Share on the date of grant, unless otherwise permitted by applicable state law. The Committee may determine that Participants in the Plan may be awarded Restricted Stock in consideration for past services actually rendered to the Company for its benefit.

(d) Except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of employment or service during the applicable restriction period, Restricted Stock that is at that time subject to restrictions shall be forfeited; provided, however, that the Committee may (i) provide in any Restricted Stock Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and (ii) in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

(e) Restricted Stock granted pursuant to the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing shares of Restricted Stock are registered in the name of the Participant, certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company may, at its discretion, retain physical possession of the certificate until such time as all applicable restrictions lapse.

7. OTHER TYPES OF AWARDS

(a) The Committee is authorized to make Awards of Restricted Stock Units to any Participant selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee. At the time of grant, the Committee shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

vesting as it deems appropriate. At the time of grant, the Committee shall specify the maturity date applicable to each grant of Restricted Stock Units which shall be no earlier than the vesting date or dates of the Award and may be determined at the election of the grantee. On the maturity date, the Company shall transfer to the Participant one unrestricted, fully transferable Share for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited.

(b) The Committee is authorized to make Awards of Stock Bonuses to any Participant selected by the Committee in such amounts and subject to such terms and conditions as determined by the Committee. All Awards of Stock Bonuses shall be evidenced by an Award Agreement.

(c) Except as otherwise provided herein, the term of any Award of a Restricted Stock Unit or Stock Bonus shall be set by the Committee in its discretion.

(d) The Committee may establish the exercise or purchase price, if any, of any Restricted Stock Unit or Stock Bonus Award; provided, however, that such price shall not be less than the par value of a Share on the date of grant, unless otherwise permitted by applicable state law. The Committee may determine that Participants in the Plan may be awarded a Restricted Stock Unit or Stock Bonus in consideration for past services actually rendered to the Company for its benefit.

(e) An Award of a Restricted Stock Unit or Stock Bonus shall only be exercisable or payable while the Participant is an Employee, Director, consultant or person having a unique relationship with the Company, as applicable; provided, however, that the Committee in its sole and absolute discretion may provide that an Award of a Restricted Stock Unit or Stock Bonus may be exercised or paid subsequent to a termination of employment or service, as applicable, or following a change in control of the Company, or because of the Participant's retirement, death or disability, or otherwise.

(f) All Awards under this Section 7 shall be subject to such additional terms and conditions as determined by the Committee and shall be evidenced by an Award Agreement.

8. PERFORMANCE-BASED AWARDS

(a) Purpose. The purpose of this Section 8 is to provide the Committee the ability to qualify Awards other than Stock Options and that are granted pursuant to Sections 6 and 7 as Qualified Performance-Based Compensation. If the Committee, in its discretion, decides to grant a Performance-Based Award to a Covered Employee, the provisions of this Section 8 shall control over any contrary provision contained in Sections 6 and 7; provided, however, that the Committee may in its discretion grant Awards to Covered Employees that are based on Performance Criteria or Performance Goals but that do not satisfy the requirements of this Section 8.

(b) Applicability. This Section 8 shall apply only to those Covered Employees selected by the Committee to receive Performance-Based Awards. The designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Award for the period. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employees as a Participant in such period or in any other period.

(c) Procedures with Respect to Performance-Based Awards. To the extent necessary to comply with the Qualified Performance-Based Compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Award granted under Sections 6 and 7 which may be granted to one or more Covered Employees, no later than 90 days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee shall, in writing, (a) designate one or more Covered Employees, (b) select the Performance Criteria applicable to the Performance Period,

(c) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and
(d) specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period.

(d) Payment of Performance-Based Awards. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or a Subsidiary on the day a Performance-Based Award for such Performance Period is paid to the Participant. Furthermore, a Participant shall be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

(e) Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute Qualified Performance-Based Compensation shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

9. LIMITATIONS AND CONDITIONS

(a) Subject to Section 11, the number of Shares available for Awards under the Plan shall be 11,025,000 shares of the authorized Common Stock. Unless restricted by applicable law, Shares related to Awards that are forfeited, terminated, canceled or expire unexercised, shall immediately become available for Awards.

(b) No Participant shall be granted, in any calendar year, Awards to purchase more than 2,000,000 Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 11 and 12. For purposes of this Section 9(b), if a Stock Option is canceled in the same calendar year it was granted (other than in connection with a transaction described in Section 11 and 12), the canceled Stock Option will be counted against the limit set forth in this Section 9(b). For this purpose, if the exercise price of a Stock Option is reduced, the transaction shall be treated as a cancellation of the Stock Option and the grant of a new Stock Option.

(c) No Awards shall be made under the Plan beyond ten years after the effective date of the Plan, as amended and restated on December 14, 2007, but the terms of Awards made on or before the expiration thereof may extend beyond such expiration. At the time an Award is made or amended or the terms or conditions of an Award are changed, the Committee may provide for limitations or conditions on such Award.

(d) Nothing contained herein shall affect the right of the Company or any Subsidiary to terminate any Participant's employment at any time or for any reason.

(e) Except as otherwise prescribed by the Committee, the amounts of the Awards for any employee of a Subsidiary, along with interest, dividends, and other expenses accrued on deferred Awards shall be charged to the Participant's employer during the period for which the Award is made. If the Participant is employed by more than one Subsidiary or by a combination of the Company and a Subsidiary during the period for which the Award is made, the Participant's Award and related

expenses will be allocated between the companies employing the Participant in a manner prescribed by the Committee.

(f) Other than as specifically provided by will or by the applicable laws of descent and distribution or the terms of any applicable trust, no benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, or charge, and any attempt to do so shall be void. No such benefit shall, prior to receipt thereof by the Participant, be in any manner liable for or subject to the debts, contracts, liabilities, engagements, or torts of the Participant.

(g) Participants shall not be, and shall not have any of the rights or privileges of, stockholders of the Company in respect of any Shares purchasable or otherwise acquired in connection with any Award unless and until certificates representing any such Shares have been issued by the Company to such Participants; provided, however, that no delay in the issuance of certificates due to be issued hereunder representing any such Shares shall operate to impair or prejudice any Participant's rights to participate in a corporate transaction providing for the disposition of such Shares.

(h) No election as to benefits or exercise of Stock Options, Restricted Stock, Restricted Stock Units, Stock Bonuses, Performance-Based Awards or other rights may be made during a Participant's lifetime by anyone other than the Participant except by a legal representative appointed for or by the Participant.

(i) Absent express provisions to the contrary, no Award under the Plan shall be deemed "compensation" for purposes of computing benefits or contributions under any retirement plan of the Company or its Subsidiaries and shall not affect any benefits under any other benefit plan of any kind or subsequently in effect under which the availability or amount of benefits is related to level of compensation. The Plan is not a "Pension Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

(j) Unless the Committee determines otherwise, no benefit or promise under the Plan shall be secured by any specific assets of the Company or any of its Subsidiaries, nor shall any assets of the Company or any of its Subsidiaries be designated as attributable or allocated to the satisfaction of the Company's obligations under the Plan.

10. TRANSFERS AND LEAVES OF ABSENCE

For purposes of the Plan, unless the Committee determines otherwise: (a) a transfer of a Participant's employment without an intervening period of separation among the Company and any Subsidiary shall not be deemed a termination of employment, and (b) a Participant who is granted in writing a leave of absence shall be deemed to have remained in the employ of the Company or a Subsidiary during such leave of absence.

11. ADJUSTMENTS

In the event of any change in the outstanding Common Stock (including an exchange for cash) by reason of a stock split, reverse stock split, spin-off, stock dividend, stock combination or reclassification, recapitalization, reorganization, consolidation, merger, change of control, or similar event, the Committee shall adjust appropriately the number and kind of Shares subject to the Plan and available for or covered by Awards and Share prices related to outstanding Awards, and make such other revisions to outstanding Awards as it deems are equitably required. Any adjustment affecting an Award intended as Qualified Performance-Based Compensation shall be made consistent with the requirements of Section 162(m) of the Code.

12. MERGER, CONSOLIDATION, EXCHANGE, ACQUISITION, DISTRIBUTION, LIQUIDATION OR DISSOLUTION

In its sole discretion, and on such terms and conditions as it deems appropriate, coincident with or after the grant of any Award, the Committee may provide that such Award cannot be exercised after the consummation of the merger or consolidation of the Company into another corporation, the exchange of all or substantially all of the assets of the Company for the securities of another corporation, the acquisition by another corporation of 80% or more of the Company's then outstanding shares of voting stock or the recapitalization, reclassification, liquidation or dissolution of the Company, or other adjustment or event which results in shares of Common Stock being exchanged for or converted into cash, securities or other property, and if the Committee so provides, it shall, on such terms and conditions as it deems appropriate in its absolute discretion, also provide, either by the terms of such Award or by a resolution adopted prior to the consummation of such merger, consolidation, exchange, acquisition, recapitalization, reclassification, liquidation or dissolution, that, for some period of time prior to the consummation of such transaction or event, such Award shall be exercisable as to all shares subject thereto, notwithstanding anything to the contrary herein (but subject to the provisions of Section 9(c)) and that, upon the consummation of such event, such Award shall terminate and be of no further force or effect; provided, however, that the Committee may also provide, in its absolute discretion, that even if the Award shall remain exercisable after any such event, from and after such event, any such Award shall be exercisable only for the kind and amount of cash, securities and/or other property, or the cash equivalent thereof (net of any applicable exercise price), receivable as a result of such event by the holder of a number of shares of stock for which such Award could have been exercised immediately prior to such event.

In the event of a "spin-off" or other substantial distribution of assets of the Company which has a material diminutive effect upon the Fair Market Value of the Company's Common Stock, the Committee shall in its discretion make an appropriate and equitable adjustment to any Award exercise price to reflect such diminution.

13. AMENDMENT AND TERMINATION

The Committee shall have the authority to make such amendments to any terms and conditions applicable to outstanding Awards as are consistent with the Plan; provided, that, except for adjustments under Section 11 or 12 hereof, no such action shall modify such Award in a manner adverse to the Participant without the Participant's consent except as such modification is provided for or contemplated in the terms of the Award. The Board of Directors may amend, suspend or terminate the Plan.

14. WITHHOLDING TAXES

The Company shall have the right to deduct from any cash payment made under the Plan any federal, state or local income or other taxes required by law to be withheld with respect to such payment. It shall be a condition to the obligation of the Company to deliver Shares upon the exercise of an Award that the Participant pay to the Company such amount as may be requested by the Company for the purpose of satisfying any liability for such withholding taxes. Any Award Agreement may provide that the Participant may elect, in accordance with any conditions set forth in such Award Agreement, to pay a portion or all of such withholding taxes in shares of Common Stock (including shares acquired by contemporaneous exercise of other Stock Options).

15. REGISTRATION

(a) If the Company shall have filed a registration statement pursuant to the requirements of Section 12 of the Exchange Act, or engaged in a Public Offering (as defined below), (i) the Company

Edgar Filing: Alliance HealthCare Services, Inc - Form DEF 14A

shall use reasonable efforts to register the Awards and the Common Stock to be acquired on exercise of the Awards on a Form S-8 Registration Statement or any successor to Form S-8 to the extent that such registration is then available with respect to such Awards and Common Stock and (ii) the Company will use reasonable efforts to file the reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the Securities and Exchange Commission ("SEC") thereunder, to the extent required from time to time to enable the Participant to sell shares of Common Stock without registration under the Securities Act within the limitations of the exemptions provided under any applicable rule or regulation of the SEC. Notwithstanding anything contained in this Section 15, the Company may deregister under Section 12 of the Exchange Act if it is then permitted to do so pursuant to the Exchange Act and the rules and regulations thereunder. Nothing in this Section 15 shall be deemed to limit in any manner otherwise applicable restrictions on sales of Common Stock.

(b) As used herein the term "Public Offering" shall mean the sale of shares of Common Stock to the public pursuant to a registration statement under the Securities Act which has been declared effective by the SEC (other than a registration statement on Form S-8 or any other similar form) which results in an active trading market in the Common Stock.

16. EFFECTIVE DATE AND TERMINATION DATES

The Plan as amended and restated by the Board of Directors shall be effective on and as of December 14, 2007 and shall terminate on December 13, 2017, subject to earlier termination by the Board of Directors pursuant to Section 13. The Plan will be submitted for the approval of the Company's stockholders within twelve (12) months after the date of the Board's initial adoption of the Plan. Awards may be granted prior to such stockholder approval, provided that Awards granted to Independent Directors shall not be exercisable, shall not vest and the restrictions thereon shall not lapse prior to the time when the Plan is approved by the stockholders, and provided further that if such approval has not been obtained at the end of said twelve month period, all Awards previously granted to Independent Directors under the Plan shall thereupon be canceled and become null and void.

17. SECTION 409A

To the extent that the Committee determines that any Award granted under the Plan is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the effective date of the Plan. Notwithstanding any provision of the Plan to the contrary, in the event that following the effective date of the Plan the Committee determines that any Award may be subject to Section 409A of the Code and related Department of Treasury guidance (including such Department of Treasury guidance as may be issued after the effective date of the Plan), the Committee may adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee determines are necessary or appropriate to (a) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (b) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance.
