PROXY STATEMENT 2010 ANNUAL MEETING OF STOCKHOLDERS

The proxy card that accompanies this statement is being solicited by the board of directors of Ares Capital Corporation, a Maryland corporation (the "Company," "we," "us" or "our"), for use at the 2010 Annual Meeting of Stockholders (the "Annual Meeting") to be held on June [7], 2010 at 10 a.m., Central Time, at [] Chicago, Illinois, United States [], or at any adjournment or postponement thereof. This proxy statement, the accompanying proxy card and the Company's Annual Report on Form 10-K, which includes audited financial statements for the year ended December 31, 2009, are first being sent to the Company's stockholders on or about May [5], 2010.

We encourage you to vote your shares, either by voting in person at the Annual Meeting or by granting a proxy (i.e., authorizing someone to vote your shares). If you properly sign and date the accompanying proxy card and the Company receives it in time for the Annual Meeting, the persons named as proxies will vote the shares registered directly in your name in the manner that you specify. **If no specification is made, the votes entitled to be cast by such shares will be cast FOR the election of the two director nominees, FOR the ratification of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2010 and FOR the proposal to authorize the Company, with the approval of its board of directors, to sell or otherwise issue shares of its common stock at a price below its then current net asset value per share subject to certain limitations set forth herein (including, without limitation, that the number of shares issued does not exceed []% of its then outstanding common stock).**

Any stockholder "of record" (i.e., you hold shares directly in your name) giving a valid proxy for the Annual Meeting may revoke it before it is exercised by giving a later-dated properly executed proxy, by giving notice of revocation to the Company in writing before or at the Annual Meeting or by attending the Annual Meeting and voting in person. However, the mere presence at the Annual Meeting of the stockholder does not revoke the proxy. If your shares are held for your account by a broker, bank or other institution or nominee, you may vote such shares at the Annual Meeting only if you obtain proper written authority from your institution or nominee and present it at the meeting.

Unless revoked as stated above, the shares of common stock represented by valid proxies will be voted on all matters to be acted upon at the Annual Meeting. With respect to the election of directors, proxies cannot be voted for a greater number of persons than the number of nominees named.

The board of directors is not aware of any matter to be presented for action at the Annual Meeting other than the matters set forth herein. Should any other matter requiring a vote of stockholders arise, it is the intention of the persons named in the proxy to vote in accordance with their discretion on such matters. The stockholders of the Company have no dissenter's or appraisal rights in connection with any of the proposals described herein.

The record date for determination of stockholders entitled to vote at the Annual Meeting is the close of business on May 5, 2010. As of April [], 2010, there were [] shares of the Company's common stock outstanding. Each share of common stock has one vote. The presence, in person or by proxy, of the holders of shares of stock of the Company entitled to cast a majority of the votes entitled to be cast shall constitute a quorum for the purposes of the Annual Meeting. If there are not sufficient votes for a quorum or to approve or ratify any of the foregoing proposals at the time of the Annual

Meeting, the chairman of the meeting may adjourn the Annual Meeting in order to permit further solicitation of proxies by the Company.

Abstentions and broker non-votes, where a broker proxy indicates that the nominee has not received instructions on a particular proposal and does not have discretionary authority to vote the shares on such proposal, will be deemed to be present for the purpose of determining a quorum for the Annual Meeting. However, abstentions and broker non-votes are not counted as votes cast. The affirmative vote of the holders of at least a majority of the total outstanding shares of the Company's common stock is required under the Company's Bylaws (as amended, the "Bylaws") to approve Proposal 1 (to elect two directors to serve for a term of three years, and until their successors are duly elected and qualify). For purposes of the vote on Proposal 1, abstentions and broker non-votes will have the same effect as votes against this proposal.

The affirmative vote of at least a majority of all of the votes cast at a meeting at which a quorum is present is required for approval of Proposal 2 (to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm). For purposes of the vote on Proposal 2, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

The affirmative vote of at least a "majority," as defined in the Investment Company Act of 1940 (the "Investment Company Act"), of (1) the outstanding shares of the Company and (2) the outstanding shares of the Company held by persons that are not affiliated persons of the Company, is required to approve Proposal 3 (to authorize the Company, with the approval of its board of directors, to sell or otherwise issue shares of its common stock at a price below its then current net asset value per share subject to certain limitations set forth herein (including, without limitation, that the number of shares issued does not exceed []% of its then outstanding common stock)). Under the Investment Company Act, the vote of holders of a "majority" means the vote of the holders of the lesser of (a) 67% or more of the outstanding shares of the Company's common stock present at the Annual Meeting or represented by proxy if the holders of more than 50% of the shares of the Company's common stock are present or represented by proxy and (b) more than 50% of the Company's outstanding shares of common stock. Abstentions and broker non-votes will have the effect of a vote against this proposal.

The Company will bear the cost of solicitation of proxies in the form accompanying this statement. Proxies will be solicited by mail or by requesting brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares of common stock held of record by such brokers, custodians, nominees and fiduciaries, each of whom the Company will reimburse for its expenses in so doing. In addition to the use of mail, directors, officers and regular employees of the Company's investment adviser, without special compensation therefor, may solicit proxies personally, by telephone and by electronic mail from stockholders.

The Company has engaged the services of D.F. King & Co., Inc. ("D.F. King") for the purpose of assisting in the solicitation of proxies at an anticipated cost of approximately \$[] plus reimbursement of certain expenses and fees for additional services requested. Please note that D.F. King may solicit stockholder proxies by telephone on behalf of the Company. They will not attempt to influence how you vote your shares, but only ask that you take the time to authorize your proxy. You may also be asked if you would like to authorize your proxy over the telephone and to have your voting instructions transmitted to the Company's proxy tabulation firm.

PROPOSAL 1: ELECTION OF DIRECTORS

Under the Company's charter (as amended, the "Charter") and the Bylaws (together with the Charter, the "Charter Documents"), the Company's directors are divided into three classes. Directors are elected for a staggered term of three years each, with a term of office of only one of these three

Edgar Filing: ARES CAPITAL CORP - Form PRE 14A

classes of directors expiring each year. Each director will hold office for the term to which he or she is elected and until his or her successor is duly elected and qualifies.

The terms of Frank E. O'Bryan and Eric B. Siegel, the Class III directors, will expire at the Annual Meeting, and they have been nominated by the nominating committee of the board of directors and by the board of directors, in accordance with the Bylaws, to stand for re-election at the Annual Meeting and to hold office until the annual meeting to be held in 2013 and until their successors are duly elected and qualify. Messrs. O'Bryan and Siegel have agreed to serve as directors if elected and have consented to be named as nominees. The Charter Documents provide that directors shall be elected by the affirmative vote of the holders of at least a majority of the shares of common stock outstanding and entitled to vote in such election. Therefore, the affirmative vote of at least a majority of the shares of common stock outstanding as of the close of business on the record date is required to elect Messrs. O'Bryan and Siegel as directors of the Company for the term for which they have been nominated.

A stockholder can vote for or withhold his or her vote from such nominee. **In the absence of instructions to the contrary, it is the intention of the persons named as proxies to vote such proxy FOR the election of the nominees named herein. If any nominee should decline or be unable to serve as a director, it is intended that the proxy will be voted for the election of such person as is nominated by the nominating committee of the board of directors and by the board of directors as a replacement.** The board of directors has no reason to believe that any nominee will be unable or unwilling to serve.

The board of directors recommends that you vote for the election of Frank E. O'Bryan and Eric B. Siegel as directors of the Company for the term for which they have been nominated.

Information about the Director Nominees, the Directors and the Executive Officers

The following information as of April [], 2010 was furnished to the Company by each director nominee and each currently serving director and executive officer, and sets forth the name, age, principal occupation or employment of each such person, all positions and offices such director nominee, director or executive officer has held with the Company, and the period during which he has served as a director or executive officer of the Company. Messrs. O'Bryan and Siegel have not been proposed for election, nor has any director or executive officer of the Company been selected as a director or executive officer of the Company, pursuant to any agreement or understanding with the Company or any other person. As used herein, Ares Partners Management Company LLC and its direct and indirect subsidiaries, including Ares Management LLC ("Ares Management"), are collectively referred to as "Ares," unless the context otherwise requires.

The Company divides its directors into two groups interested directors and independent directors. Interested directors are "interested persons" as defined in the Investment Company Act.

In addition, the Company intends to increase the number of directors from seven to nine in total. The board of directors intends to submit the name of one former member of Allied Capital Corporation's board of directors to the Company's nominating committee to fill one of the two vacancies.

Pursuant to Section 16(a) of the Exchange Act, the Company's directors and executive officers, and any persons holding 10% or more of its common stock, are required to report their beneficial ownership and any changes therein to the Commission and the Company. Specific due dates for those reports have been established and the Company is required to report herein any failure to file such reports by those due dates. Based solely upon a review of Forms 3, 4 and 5 filed by such persons, the Company believes that each of its directors, executive officers and any persons holding 10% or more of its common stock complied with all Section 16(a) filing requirements applicable to them during the fiscal year ended December 31, 2009.

CORPORATE GOVERNANCE

Director Independence

The Company's board of directors has a majority of directors who are independent under the listing standards of The NASDAQ Global Select Stock Market LLC. The NASDAQ Manual provides that a director of a business development company ("BDC") shall be considered to be independent if he or she is not an "interested person" of the Company, as defined in Section 2(a)(19) of the Investment Company Act. Section 2(a)(19) of the Investment Company Act defines an "interested

person" to include, among other things, any person who has, or within the last two years had, a material business or professional relationship with the Company.

The Company's board of directors has determined that the following directors are independent: Messrs. Coltharp, O'Bryan, Penske and Siegel. Based upon information requested from each director concerning his or her background, employment and affiliations, the Company's board of directors has affirmatively determined that none of the independent directors has a material business or professional relationship with the Company, other than in his capacity as a member of its board of directors or any board committee.

Organization of the Board of Directors

The Company's board of directors has established an audit committee and a nominating committee. The Company does not have a compensation committee because its executive officers do not receive any direct compensation from the Company. During 2009, the board of directors held 21 formal meetings, the audit committee held 5 formal meetings and the nominating committee held 4 formal meetings. The Company encourages, but does not require, the directors to attend the Company's annual meeting of its stockholders. Six directors attended last year's annual meeting of stockholders in person and one director attended telephonically. All directors attended at least 75% of the aggregate number of meetings of the board of directors and of the respective committees on which they served.

Board Leadership Structure

The Company's board of directors monitors and performs an oversight role with respect to the business and affairs of the Company, including with respect to investment practices and performance, compliance with regulatory requirements and the services, expenses and performance of service providers to the Company. Among other things, the board of directors approves the appointment of the Company's investment adviser, administrator and officers, reviews and monitors the services and activities performed by the Company's investment adviser, administrator and officers and approves the engagement, and reviews the performance of, the Company's independent public accounting firm.

Under the Bylaws, the board of directors may designate a chairman to preside over the meetings of the board of directors and meetings of the stockholders and to perform such other duties as may be assigned to him by the board. The Company does not have a fixed policy as to whether the chairman of the board should be an independent director and believes that its flexibility to select its chairman and reorganize its leadership structure from time to time is in the best interests of the Company and its stockholders.

Presently, Mr. Rosenthal serves as the chairman of the board of directors. Mr. Rosenthal is an "interested person" of the Company as defined in Section 2(a)(19) of the Investment Company Act because he is on the investment committee of the Company's investment adviser and is a member and serves on the Executive Committee of Ares Partners Management Company LLC, the parent of Ares Management, the manager and sole member of the Company's investment adviser. The Company believes that Mr. Rosenthal's history with the Company, familiarity with the Ares investment platform and extensive experience in the management of private equity and debt investments qualifies him to serve as the chairman of the board of directors. Moreover, the Company believes that it is best served through its existing leadership structure with Mr. Rosenthal as chairman of its board of directors, as Mr. Rosenthal's relationship with the Company's investment adviser provides an effective bridge between the board and its investment adviser, thus ensuring an open dialogue between the board and its investment adviser and that both groups act with a common purpose. The Company's board of directors does not currently have a designated lead independent director.

Edgar Filing: ARES CAPITAL CORP - Form PRE 14A

The Company believes that board leadership structures must be evaluated on a case by case basis and that its existing board leadership structure is appropriate. However, the Company continually re-examines its corporate governance policies on an ongoing basis to ensure that they continue to meet the Company's needs.

Board Role in Risk Oversight

The Company's board of directors performs its risk oversight function primarily through (a) its two standing committees, which report to the entire board of directors and are comprised solely of independent directors and (b) monitoring by the Company's Chief Compliance Officer in accordance with its compliance policies and procedures.

As described below in more detail under "Audit Committee" and "Nominating Committee," the audit committee and the nominating committee assist the board of directors in fulfilling its risk oversight responsibilities. The audit committee's risk oversight responsibilities include overseeing the Company's accounting and financial reporting processes, the Company's systems of internal controls regarding finance and accounting and audits of the Company's financial statements. The nominating committee's risk oversight responsibilities include selecting, researching and nominating directors for election by the Company's stockholders, developing and recommending to the board a set of corporate governance principles and overseeing the evaluation of the board and the Company's management.

The Company's board of directors also performs its risk oversight responsibilities with the assistance of the Chief Compliance Officer. The Company's Chief Compliance Officer prepares a written report annually discussing the adequacy and effectiveness of the compliance policies and procedures of the Company and certain of its service providers. The Chief Compliance Officer's report, which is reviewed by the board of directors, addresses at a minimum (a) the operation of the compliance policies and procedures of the Company and certain of its service providers since the last report; (b) any material changes to such policies and procedures since the last report; (c) any recommendations for material changes to such policies and procedures as a result of the Chief Compliance Officer's annual review; and (d) any compliance matter that has occurred since the date of the last report about which the board of directors would reasonably need to know to oversee the Company's compliance activities and risks. In addition, the Chief Compliance Officer meets separately in executive session with the independent directors at least once each year.

The Company believes that its board's role in risk oversight is effective and appropriate given the extensive regulation to which it is already subject as a BDC. Specifically, as a BDC the Company must comply with certain regulatory requirements that control the levels of risk in its business and operations. For example, the Company's ability to incur indebtedness is limited such that its asset coverage must equal at least 200% immediately after each time it incurs indebtedness, the Company generally has to invest at least 70% of its total assets in "qualifying assets" and the Company is not generally permitted to invest in any portfolio company in which Ares or any of its affiliates currently has an investment. In addition, the Company elected to be treated as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code. As a RIC the Company must, among other things, meet certain income source and asset diversification requirements.

The Company believes that board roles in risk oversight must be evaluated on a case by case basis and that its existing board role in risk oversight is appropriate. However, the Company continually re-examines the manners in which the board administers its oversight function on an ongoing basis to ensure that they continue to meet the Company's needs.

Audit Committee

The members of the audit committee are Messrs. Coltharp, O'Bryan and Siegel, each of whom is independent for purposes of the Investment Company Act and The NASDAQ Global Select Market

corporate governance regulations. Mr. Coltharp serves as chairman of the audit committee. The board of directors has adopted a charter for the audit committee, which is available on the Company's website (<http://www.arescapitalcorp.com>).

The audit committee is responsible for approving the Company's independent accountants and recommending them to its board of directors for approval and submission to its stockholders for ratification, reviewing with its independent accountants the plans and results of the audit engagement, approving professional services provided by its independent accountants, reviewing the independence of its independent accountants and reviewing the adequacy of its internal accounting controls.

The audit committee is also responsible for aiding the Company's board of directors in fair value pricing debt and equity securities that are not publicly traded or for which current market values are not readily available. The audit committee also currently receives input from independent valuation firms that have been engaged at the direction of the board to value certain of the Company's portfolio investments. The Company's board of directors has determined that Douglas E. Coltharp and Frank E. O'Bryan are each an "audit committee financial expert" within the meaning of the rules of the Commission.

Nominating Committee

The members of the nominating committee are Messrs. Coltharp, O'Bryan and Siegel, each of whom is independent for purposes of the Investment Company Act and The NASDAQ Global Select Market corporate governance regulations. Mr. Siegel serves as chairman of the nominating committee. The Company's board of directors has adopted a charter for the nominating committee, which is available on the Company's website (<http://www.arescapitalcorp.com>). The nominating committee is responsible for selecting, researching and nominating directors for election by the Company's stockholders, selecting nominees to fill vacancies on the board or a committee of the board, developing and recommending to the board a set of corporate governance principles and overseeing the evaluation of the board and the Company's management.

The nominating committee's policy is to identify potential nominees based on suggestions from the President of the Company, members of the nominating committee, other members of the board of directors, other executive officers and stockholders and by other means, and to evaluate such persons as a committee. In addition, from time to time, the board of directors may determine that it requires a director with a particular expertise or qualification and will actively recruit such a candidate.

Qualified candidates for membership on the board of directors will be considered without regard to race, color, creed, religion, national origin, age, gender, sexual orientation or disability. The nominating committee will review and evaluate each candidate's character, judgment, skills (including financial literacy), background, experience and other qualifications (without regard to whether a nominee has been recommended by the Company's stockholders), as well as the overall composition of the board of directors, and recommend to the board of directors for its approval the slate of directors to be nominated for election at the annual meeting of the Company's stockholders.

In considering possible candidates for election as a director, the nominating committee takes into account, in addition to such other factors as it shall deem relevant, the desirability of selecting directors who:

are of high character and integrity;

are accomplished in their respective fields, with superior credentials and recognition;

have relevant expertise and experience upon which to be able to offer advice and guidance to management;

have sufficient time available to devote to the affairs of the Company;

Edgar Filing: ARES CAPITAL CORP - Form PRE 14A

are able to work with the other members of the board of directors and contribute to the success of the Company;

can represent the long-term interests of the Company's stockholders as a whole; and

are selected such that the board of directors represents a range of backgrounds and experience.

The nominating committee also considers all applicable legal and regulatory requirements that govern the composition of the Company's board of directors.

The nominating committee may consider recommendations for nomination of directors from the Company's stockholders. Nominations made by stockholders must be delivered to or mailed (setting forth the information required by the Bylaws) and received at the Company's principal executive offices not earlier than 150 days nor fewer than 120 days in advance of the first anniversary of the date on which the Company first mailed its proxy materials for the previous year's annual meeting of stockholders; *provided, however*, that if the date of the annual meeting has changed by more than 30 days from the prior year, the nomination must be received not earlier than the 150th day prior to the date of such annual meeting nor later than the later of (1) the 120th day prior to the date of such annual meeting or (2) the 10th day following the day on which public announcement of such meeting date is first made.

In addition to information regarding the nominating stockholder as set forth in the Bylaws, a stockholder's notice shall set forth as to each individual whom the stockholder proposes to nominate for election or reelection as a director:

the name, age, business address and residence address of such individual;

the class, series and number of any shares of stock of the Company that are beneficially owned by such individual;

the date such shares were acquired and the investment intent of such acquisition;

whether such stockholder believes any such individual is, or is not, an "interested person" of the Company, as defined in the Investment Company Act or is, or is not, "independent" as set forth in the requirements established by The NASDAQ Global Select Market or any other exchange or automated quotation service on which the Company's securities are listed, and information regarding such individual that is sufficient, in the discretion of the board of directors or any committee thereof or any authorized officer of the Company, to make either such determination; and

all other information relating to such individual that is required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not involved), or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act (including such individual's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

All nominees properly submitted to the Company (or which the nominating committee otherwise elects to consider) will be evaluated and considered by the members of the nominating committee using the same criteria as nominees identified by the nominating committee itself.

Compensation Committee

The Company does not have a compensation committee because its executive officers do not receive any direct compensation from the Company.

Communications Between Stockholders and the Board of Directors

The board of directors welcomes communications from the Company's stockholders. Stockholders may send communications to the board of directors, or to any particular director, to the following address: c/o Ares Capital Management LLC, 2000 Avenue of the Stars, 12th Floor, Los Angeles, California 90067. Stockholders should indicate clearly the director or directors to whom the communication is being sent so that each communication may be forwarded directly to the appropriate director(s).

Code of Conduct

The Company has adopted a code of conduct which applies to, among others, its officers, including its President and its Chief Financial Officer, as well as the members of the board of directors. The Company's code can be accessed via the Company's website (<http://www.arescapitalcorp.com>). The Company intends to disclose any amendments to or waivers of required provisions of the code on the Company's website.

COMPENSATION DISCUSSION AND ANALYSIS

The Company's executive officers do not receive any direct compensation from the Company. The Company does not currently have any employees and does not expect to have any employees. Services necessary for its business are provided by individuals who are employees of the Company's investment adviser, Ares Capital Management LLC ("Ares Capital Management"), and the Company's administrator, Ares Operations LLC ("Ares Administration"), pursuant to the terms of its investment advisory and management agreement and its administration agreement. Each of the Company's executive officers is an employee of Ares Administration and/or Ares Capital Management. The Company's day-to-day investment operations are managed by its investment adviser. Most of the services necessary for the origination and administration of the Company's investment portfolio are provided by investment professionals employed by Ares Capital Management. In addition, the Company reimburses Ares Administration for its allocable portion of expenses incurred by Ares Administration in performing its obligations under the administration agreement, including its allocable portion of the cost of the Company's officers and their respective staffs, and Ares Capital Management for certain expenses under the investment advisory and management agreement.

Under the investment advisory and management agreement, the Company's investment adviser earned approximately \$63.7 million in fees for the year ended December 31, 2009. In addition, during 2009, Ares Administration incurred approximately \$4.0 million of expenses that are allocable to the Company under the administration agreement and the investment adviser incurred approximately \$2.5 million of expenses that are allocable to the Company under the investment advisory and management agreement.

In addition, in 2009, pursuant to a services agreement between the Company's wholly owned portfolio company, Ivy Hill Asset Management, L.P. ("IHAM"), and the investment adviser, the investment adviser incurred approximately \$0.5 million of expenses that are allocable to IHAM under such services agreement.

The Company has entered into indemnification agreements with each of its current directors and certain of its officers and members of its investment adviser's investment committee and intends to enter into indemnification agreements with each of its future directors and certain of its future officers and future members of its investment adviser's investment committee. The indemnification agreements provide these directors, officers and other persons the maximum indemnification permitted under Maryland law and the Investment Company Act. The agreements provide, among other things, for the advancement of expenses and indemnification for liabilities which such person may incur by reason of his or her status as a present or former director or officer or member of the Company's investment

adviser's investment committee in any action or proceeding arising out of the performance of such person's services as a present or former director or officer or member of the Company's investment adviser's investment committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has procedures in place for the review, approval and monitoring of transactions involving the Company and certain persons related to it. For example, the Company has a code of conduct that generally prohibits any employee, officer or director from engaging in any transaction where there is a conflict between such individual's personal interest and the interests of the Company. Waivers to the code of conduct can generally only be obtained from the chief compliance officer, the chairman of the board of directors or the chairman of the audit committee of the board of directors and are publicly disclosed as required by applicable law and regulations. In addition, the audit committee of the board of directors is required to review and approve all related-party transactions (as defined in Item 404 of Regulation S-K).

Edgar Filing: ARES CAPITAL CORP - Form PRE 14A

As a BDC, the Investment Company Act also imposes regulatory restrictions on the Company's ability to engage in certain related-party transactions. For example, without obtaining an exemptive order from the Commission, the Company would not generally be permitted to invest in any portfolio company in which Ares currently has an investment (although the Company may co-invest on a concurrent basis with funds managed by Ares, subject to compliance with existing regulatory guidance, applicable regulations and allocation procedures). The Company has separate policies and procedures that have been adopted to ensure that it does not enter into any such prohibited transactions without seeking necessary approvals from its board of directors or the Commission.

The Company is party to an investment advisory and management agreement with Ares Capital Management, whose manager and sole member is Ares Management, an entity in which certain members of the Company's senior management and its chairman of the board have indirect ownership and financial interests. Certain members of the Company's senior management also serve as principals of other investment managers affiliated with Ares Management that may in the future manage investment funds with investment objectives similar to the Company's investment objective. In addition, certain of the Company's executive officers and directors and the members of the investment committee of the Company's investment adviser, Ares Capital Management, serve or may serve as officers, directors or principals of entities that operate in the same or related lines of business as the Company's or of investment funds managed by the Company's affiliates. Accordingly, the Company may not be given the opportunity to participate in certain investments made by investment funds managed by advisers affiliated with Ares Management. However, the Company's investment adviser and other members of Ares intend to allocate investment opportunities in a fair and equitable manner that meets the Company's investment objective and strategies so that it is not disadvantaged in relation to any other client. The address of Ares Capital Management LLC is 2000 Avenue of the Stars, 12th Floor, Los Angeles, California 90067.

Pursuant to the terms of the administration agreement, Ares Administration currently provides the Company with administrative services necessary to conduct its day-to-day operations. Ares Management is the sole member of and controls Ares Administration. The address of Ares Administration is 2000 Avenue of the Stars, 12th Floor, Los Angeles, California 90067.

The Company's wholly owned portfolio company, IHAM, is party to a services agreement with Ares Capital Management. Pursuant to the terms of the services agreement, Ares Capital Management provides IHAM with the facilities, investment advisory services and administrative services necessary for the operations of IHAM. IHAM reimburses Ares Capital Management for the costs and expenses incurred by Ares Capital Management in performing its obligations under the services agreement.

The Company leases office facilities directly from a third party. In addition, it has a sublease agreement with Ares Management whereby Ares Management subleases approximately 25% of the Company's office space for a fixed rent equal to 25% of the basic annual rent payable by the Company under its lease, plus certain additional costs and expenses. The Company recently entered into a new office lease pursuant to which it will lease new office facilities from a third party. It is expected that the Company will start paying rent on the new office space in the first quarter of 2011. The Company also expects to enter into separate subleases with Ares Management and IHAM for their respective use of the new office space.

The Company has also entered into a license agreement with Ares pursuant to which Ares has granted it a non-exclusive, royalty-free license to use the name "Ares." Under this agreement, the Company will have a right to use the Ares name for so long as Ares Capital Management or one of its affiliates remains its investment adviser. Other than with respect to this limited license, the Company has no legal right to the "Ares" name. This license agreement will remain in effect for so long as the investment advisory and management agreement with its investment adviser is in effect.

PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee and the Company's board of directors, including a majority of the non-interested directors, have selected KPMG LLP as the independent registered public accounting firm for the Company for the year ending December 31, 2010 and are submitting the selection of KPMG LLP to the stockholders for ratification.

If the stockholders fail to ratify the selection, the audit committee and the board of directors will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the audit committee and the board of directors may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

KPMG LLP has advised the Company that neither the firm nor any present member or associate of it has any financial interest, direct or indirect, in the Company or its affiliates.

The Company expects that a representative of KPMG LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she so chooses and will be available to answer questions.

The Company engaged KPMG LLP to act as its independent registered public accounting firm for 2009.

The audit committee, or the chairman of the audit committee to whom such authority was delegated by the audit committee, must pre-approve all services provided by the independent registered public accounting firm. The audit committee has also adopted policies and procedures for pre-approving certain non-prohibited work performed by the Company's independent registered public accounting firm. Specifically, the committee has pre-approved the use of KPMG for detailed, specific types of services within the following categories: permitted audit, audit-related, tax and other. In each case, the committee has also set a specific annual limit on the amount of such services which the Company may obtain from the Company's independent registered public accounting firm. The audit committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 or the Exchange Act that might incorporate future filings, including this proxy statement, in whole or in part, the following Report of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" with the Commission, nor shall such information be incorporated by reference into any such filings under the Securities Act of 1933 or the Exchange Act.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee of the board of directors of Ares Capital Corporation (the "Company") is to assist the board of directors in fulfilling its oversight responsibilities by (1) overseeing the Company's accounting and financial reporting processes and the audits of the Company's financial statements and internal control over financial reporting and (2) reviewing the financial reports and other financial information provided by the Company to the public. However, it is not the Audit Committee's duty to plan or conduct the audits or to determine that the Company's financial statements are complete, accurate and in accordance with generally accepted accounting principles or that its internal control over financial reporting is effective. The Company's management is responsible for the preparation, presentation and integrity of its financial statements, for its accounting and financial reporting principles and for the establishment and effectiveness of internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations.

The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles in the United States of America and for auditing and reporting on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed the Company's audited financial statements, along with management's assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's evaluation of the Company's internal control over financial reporting, with management and with KPMG LLP, the Company's independent registered public accounting firm for 2009. The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. The Audit Committee has received from KPMG LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and have discussed with the independent registered public accounting firm its independence.

The board of directors has determined that each member of the Audit Committee is independent for purposes of the Investment Company Act of 1940 and The NASDAQ Global Select Market corporate governance regulations. The board of directors has also determined that each member is able to read and understand fundamental financial statements, as such qualifications are defined under the rules of The NASDAQ Global Select Market corporate governance regulations, and that Messrs. Coltharp and O'Bryan are each an "audit committee financial expert" within the meaning of the rules of the Securities and Exchange Commission (the "Commission").

Based on the review and discussions referred to above, the Audit Committee has recommended to the board of directors that the audited consolidated financial statements for the year ended December 31, 2009 be included in the Company's Annual Report on Form 10-K for such year for filing with the Commission. In addition, the Audit Committee has approved, and recommended to the board of directors that it approve, KPMG LLP to serve as the Company's independent registered public accounting firm for the year ending December 31, 2010 and that the selection of KPMG LLP be submitted to the Company's stockholders for ratification.

The Audit Committee

Edgar Filing: ARES CAPITAL CORP - Form PRE 14A

The affirmative vote of at least a majority of the votes cast at the Annual Meeting is required for ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010. The persons named in the accompanying proxy intend to vote proxies received by them in favor of this proposal unless a choice "Against" or "Abstain" is specified.

The board of directors, based on the approval and recommendation of the audit committee, recommends voting for ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010.

PROPOSAL 3: AUTHORIZATION OF THE COMPANY TO SELL OR OTHERWISE ISSUE SHARES OF ITS COMMON STOCK AT A PRICE BELOW ITS THEN CURRENT NET ASSET VALUE PER SHARE SUBJECT TO THE CONDITIONS SET FORTH IN THIS PROPOSAL

The Company is a closed-end investment company that has elected to be regulated as a BDC under the Investment Company Act. As a BDC, the Company is generally prohibited from issuing its common stock at a price below net asset value per share ("NAV") unless it meets certain conditions, including obtaining stockholder approval.

As a result, the Company is seeking the approval of its common stockholders so that it may, in one or more public or private offerings of its common stock, sell or otherwise issue shares of its common stock, not exceeding []% of its then outstanding common stock, at a price below the then current NAV, subject to the conditions set forth in this proposal. If approved, the authorization would be effective for securities issued during a period beginning on the date of such stockholder approval and expiring on the earlier of the anniversary of the date of the Annual Meeting and the date of the Company's 2011 Annual Meeting of Stockholders, which is expected to be held in [May] 2011.

The Company's board of directors, including a majority of the board of directors who have no financial interest in this proposal and a majority of the non-interested directors, has approved this proposal as in the best interests of the Company and its stockholders and recommends it to the stockholders for their approval. Upon obtaining the requisite stockholder approval, the Company will comply with the conditions described below in connection with any financing undertaken pursuant to this proposal. See below for a discussion of the risks of dilution.

Background and Reasons to Offer Common Stock Below NAV

Beginning in 2007, the U.S. capital markets entered into a period of disruption as evidenced by a lack of liquidity in the debt capital markets, significant write-offs in the financial services sector, the re-pricing of credit risk in the broadly syndicated credit market and the failure of major financial institutions. These factors accelerated during the last half of 2008, and the number of investors selling assets because they had to repay debt or meet equity redemption requirements or other obligations increased significantly during the last half of 2008 and first half of 2009. This created forced selling that negatively impacted valuations of debt securities in most markets. The negative pressure on valuations contributed to significant unrealized write-downs of debt investments of many finance companies, including investments in the Company's portfolio.

As a BDC and a regulated investment company ("RIC") for tax purposes, the Company is dependent on its ability to raise capital through the issuance of its common stock. RICs generally must distribute substantially all of their earnings to stockholders as dividends in order to achieve pass-through tax treatment, which prevents the Company from using those earnings to support operations, which may include new investments (including investments into existing portfolio companies). Further, BDCs must meet a debt to equity ratio of less than 1:1 in order to incur debt or issue senior securities, which requires the Company to finance its investments with at least as much

equity as debt and senior securities in the aggregate. The Company's debt facilities also require that it maintain a debt to equity ratio of less than 1:1.

Even though the underlying performance of a particular portfolio company may not indicate an impairment or its inability to repay all principal and interest in full, volatility in the debt capital markets may negatively impact the valuations of debt investments and result in unrealized write-downs of those debt investments. These unrealized write-downs, as well as unrealized write-downs based on the underlying performance of the Company's portfolio companies, if any, negatively impact stockholders' equity and the resulting debt to equity ratio.

Exceeding the 1:1 debt to equity ratio could have severe negative consequences for a BDC, including the inability to pay dividends, breaching debt covenants and failure to qualify for tax treatment as a RIC. Although the Company does not currently expect that it will exceed this 1:1 debt to equity ratio, the markets it operates in and the general economy may be volatile and uncertain. Volatility in the capital markets and the resulting negative pressure on debt investment valuations could impact the Company's asset valuations, stockholders' equity and the Company's debt to equity ratio.

Also, as a result of the recent market disruption, the Company saw a reduction in competition, a widening of interest spreads and generally more conservative capital structures and deal terms. The Company believes that these changes in the capital markets have created and will continue to create favorable opportunities to invest at attractive risk-adjusted returns. However, the recent market disruption contributed to worsening general economic conditions that materially and adversely impacted the broader financial and credit markets and reduced the availability of debt and equity capital for the market as a whole and financial services firms in particular. While levels of market disruption and volatility appear to be improving, there can be no assurance that they will not worsen. If these adverse market conditions return, the Company and other companies in the financial services sector may not have access to sufficient debt and equity capital in order to take advantage of favorable investment opportunities. In addition, the debt capital that will be available, if any, may be at a higher cost and on less favorable terms and conditions in the future.

The following table sets forth, for each fiscal quarter during the last three fiscal years and the first quarter of the current fiscal year, the net asset value per share of the Company's common stock, the range of high and low closing sales prices of its common stock as reported on The NASDAQ Global Select Market and the closing sales price as a percentage of NAV. On [], 2010, the last reported closing sales price of the Company's common stock on The NASDAQ Global Select Market was

- (1) NAV is determined as of the last day in the relevant quarter and therefore may not reflect NAV on the date of the high and low closing sales prices. The NAVs shown are based on outstanding shares at the end of the relevant quarter.
- (2) Calculated as the respective high or low closing sales price divided by NAV.
- * Net asset value has not yet been calculated for this period.

The Company's common stock has historically traded at prices both above and below its net asset value. It is not possible to predict whether its common stock will trade at, above or below NAV in the future.

The recent market disruption described above led to significant stock market volatility, particularly with respect to the stock of financial services companies, including the Company. During times of increased price volatility, the Company's common stock may trade with more volatility and below its NAV, which is not uncommon for BDCs like it. As noted above, however, the market conditions also have created, and the Company believes will continue to create, favorable opportunities to invest at attractive risk-adjusted returns, including opportunities that, all else being equal, may increase NAV over the longer-term, even if financed with the issuance of common stock below NAV. Stockholder approval of the proposal to sell shares of the Company's common stock below NAV, subject to the conditions set forth in this proposal, would provide the Company with the flexibility to invest in such opportunities.

Edgar Filing: ARES CAPITAL CORP - Form PRE 14A

The board of directors believes that having the flexibility to issue common stock below NAV in certain instances is in the best interests of the Company and its stockholders. This would provide added financial flexibility to comply with BDC and credit facility requirements, including the 1:1 debt to equity ratio, and would provide access to capital markets to pursue attractive investment opportunities. It could also minimize the likelihood that the Company would be required to sell assets that the Company would not otherwise sell, which sales could occur at times that are disadvantageous to the Company.

While the Company's common stock is currently trading above NAV, it is seeking stockholder approval now in order to provide flexibility if the trading price of its common stock falls below NAV and it desires to issue shares of its common stock below NAV, which typically must be undertaken quickly. The final terms of any such sale will be determined by the board of directors at the time of issuance and the shares of common stock will not include preemptive rights. Also, because the Company's common stock is currently trading above NAV and it has no immediate plans to issue any shares of its common stock, it is impracticable to describe the transaction or transactions in which such shares of common stock would be issued. Instead, any transaction where the Company issues such shares of common stock, including the nature and amount of consideration that would be received by the Company at the time of issuance and the use of any such consideration, will be reviewed and approved by the board of directors at the time of issuance. If this proposal is approved, no further authorization from the stockholders will be solicited prior to any such issuance in accordance with the terms of this proposal. If approved, the authorization would be effective for securities issued during a period beginning on the date of such stockholder approval and expiring on the earlier of the anniversary of the date of the Annual Meeting and the date of the Company's 2011 Annual Meeting of Stockholders, which is expected to be held in [May] 2011.

Example of Dilutive Effect of the Issuance of Shares Below NAV

Company XYZ has 1,000,000 total shares of common stock outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The NAV of the common stock of Company XYZ is \$10.00.

The following table illustrates the reduction to NAV and the dilution experienced by Stockholder A following the sale of 40,000 shares of the common stock of Company XYZ at \$9.50 per share, a price below its NAV.

	Prior to Sale Below NAV	Following Sale Below NAV	Percentage Change
Reduction to NAV			
Total Shares Outstanding	1,000,000	1,040,000	4.0%
NAV	\$ 10.00	\$ 9.98	(0.2)%
Dilution to Stockholder A			
Shares Held by Stockholder A	10,000	10,000(1)	
Percentage Held by Stockholder A	1.00%	0.96%	(3.8)%
Total Interest of Stockholder A	\$ 100,000	\$ 99,808	(0.2)%

(1)

Assumes that Stockholder A does not purchase additional shares in the equity offering of shares below NAV.

Conditions to Sales Below NAV

If stockholders approve this proposal, the Company will only issue shares of its common stock at a price below NAV pursuant to this stockholder proposal if the following conditions are met:

a "required majority" of the Company's directors have determined that any such sale would be in the best interests of the Company and its stockholders; and

a "required majority" of the Company's directors, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such common stock or immediately prior to the issuance of such common stock, that the price at which such shares of common stock are to be sold is not less than a price which closely approximates the market value of those shares of common stock, less any distributing commission or discount.

Under the Investment Company Act, a "required majority" of directors means both a majority of the Company's directors who have no financial interest in the transaction and a majority of the Company's directors who are not interested persons of the Company. For these purposes, directors will not be deemed to have a financial interest solely by reason of their ownership of the Company's common stock.

Prior to the time of issuance, the board of directors may determine to issue shares of the Company's common stock below NAV in a registered public offering or in a private placement either with or without an obligation to seek to register their resale at the request of the holders. The board of directors may also determine to use an underwriter or placement agent to assist in selling such shares of common stock if it concludes that doing so would assist in marketing such securities on favorable terms.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, stockholders should consider the potentially dilutive effect of the issuance of shares of the Company's common stock at a price that is less than NAV and the expenses associated with such issuance. Any sale of common stock at a price below NAV would result in an immediate dilution to existing common stockholders who do not participate in such sale on at least a pro rata basis. This dilution would include reduction in NAV as a result of the issuance of shares at a price below NAV and a proportionately greater decrease in a stockholder's interest in the earnings and assets of the Company and voting interest in the Company than the increase in the assets of the Company resulting from such issuance.

The Investment Company Act establishes a connection between common stock sale price and NAV because, when stock is sold or otherwise issued at a sale price below NAV, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. The board of directors of the Company will consider the potential dilutive effect of the issuance of shares at a price below NAV when considering whether to authorize any such issuance pursuant to the stockholder approval being sought here.

Stockholders should also consider that they will have no subscription, preferential or preemptive rights to additional shares of the common stock proposed to be authorized for issuance pursuant to this proposal, and thus any future issuance of common stock at a price below NAV will dilute such stockholders' holdings of common stock as a percentage of shares outstanding to the extent such stockholders do not purchase sufficient shares in the offering or otherwise to maintain their percentage interest. Further, if current stockholders of the Company do not purchase any shares to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their voting power will be diluted.

As discussed above, it should be noted that the maximum number of shares issuable below NAV that could result in such dilution is limited to []% of the Company's then outstanding common stock.

The affirmative vote of at least a "majority," as defined in the Investment Company Act, of (1) the outstanding shares of the Company and (2) the outstanding shares of the Company held by persons

that are not affiliated persons of the Company, is required to approve this proposal. Under the Investment Company Act, the vote of holders of a "majority" means the vote of the holders of the lesser of (a) 67% or more of the outstanding shares of the Company's common stock present at the Annual Meeting or represented by proxy if the holders of more than 50% of the shares of the Company's common stock are present or represented by proxy or (b) more than 50% of the Company's outstanding shares of common stock. Absentions and broker non-votes will have the effect of a vote against this proposal.

The board of directors recommends voting for this proposal to authorize the Company to sell or otherwise issue shares of its common stock at a price below its then current NAV subject to the limitations set forth in this proposal.

STOCKHOLDER NOMINATIONS AND PROPOSALS FOR THE 2010 ANNUAL MEETING

Stockholders may present proper nominations of candidates for director or other proposals for inclusion in the Company's proxy statement and proxy card for consideration at the next annual meeting of stockholders by submitting such nominations or proposals in writing to the Secretary of the Company in a timely manner, calculated in the manner provided in Rule 14a-8(e) of the Exchange Act, applicable state law and the Charter Documents. The Company expects that the 2011 Annual Meeting of Stockholders will be held in [May] 2011, but the exact date, time and location of such meeting have yet to be determined.

Deadlines for Submitting Stockholder Proposals for Inclusion in the Company's Proxy Statement and Proxy Card

To be considered timely under Rule 14a-8(e) of the Exchange Act for inclusion in the Company's proxy statement and proxy card for a regularly scheduled annual meeting, a stockholder's nomination of a candidate for director or other proposal must be received at the Company's principal executive offices not less than 120 calendar days before the anniversary of the date the Company's proxy statement was released to stockholders for the previous year's annual meeting. Accordingly, a stockholder's nomination of a candidate for director or other proposal must be received no later than [], 2011 in order to be included in the Company's proxy statement and proxy card for the 2011 Annual Meeting.

Deadlines for Submitting Notice of Stockholder Proposals for Consideration at the Company's Annual Meeting

The deadline for submitting notice of a stockholder's nomination of a candidate for director or other proposal for consideration at the 2011 Annual Meeting, under the Company's current Bylaws, is not earlier than the 150th day prior to the first anniversary of the date of release of the proxy statement for the preceding year's annual meeting nor later than 5:00 p.m., Eastern Time, on the 120th day prior to the first anniversary of the date of release of the proxy statement for the preceding year's annual meeting; *provided, however*, that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the anniversary of the date of the preceding year's annual meeting, notice by the stockholder to be timely must be delivered not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m., Eastern Time, on the later of (1) the 120th day prior to the date of such annual meeting or (2) the tenth day following the day on which public announcement of the date of such meeting is first made. Accordingly, a stockholder's nomination of a candidate for director or other proposal must be received no earlier than [], 2010 and no later than 5:00 p.m., Eastern Time, on [], 2011 in order to be considered at the 2011 Annual Meeting. In order to be considered timely, such notice shall be delivered to the Secretary at the principal executive office of the Company and shall set forth all information required under Section 11 of Article II of the Bylaws.

FINANCIAL STATEMENTS AVAILABLE

A copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 containing audited financial statements accompanies this proxy statement. Such financial statements are hereby incorporated herein by reference.

Along with this proxy statement, the Company will provide to each stockholder a copy (without exhibits, unless otherwise requested) of its Annual Report on Form 10-K required to be filed with the Commission for the year ended December 31, 2009. Copies of these documents may also be accessed electronically by means of the Commission's home page on the internet at <http://www.sec.gov>. Other than the financial statements incorporated by reference above, the Annual Report on Form 10-K is not part of the proxy solicitation materials.

HOUSEHOLDING OF PROXY MATERIALS

The Commission has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year a number of brokers with account holders who are the Company's stockholders will be "householding" its proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement and annual report at their addresses and would like to request "householding" of their communications should contact their brokers.
