Cloud Peak Energy Resources LLC (the "Company") and Cloud Peak Energy Finance Corp. are referred to herein collectively as the "Issuers". Each of the other foregoing entities are referred to herein collectively as the "Guarantors." The Issuers and the Guarantors are referred to herein collectively as the "Applicants."

2. Securities Act Exemption Applicable

In accordance with the terms of the Offer to Exchange dated September 12, 2016, attached hereto as Exhibit T3E, the Issuers intend to exchange (the "Exchange Offers") up to \$400,000,000 aggregate principal amount (subject to increase by the Issuers) of any validly tendered (and not validly withdrawn) outstanding 8.50% Senior Notes due 2019 (the "2019 Notes") and 6.375% Senior Notes due 2024 (the "2024 Notes" and, together with the 2019 Notes, the "Old Notes") that were issued by the Issuers and guaranteed by the Guarantors for 12.00% Senior Secured Notes due 2021 (the "New

Table of Contents

Secured Notes") to be issued by the Issuers and guaranteed by the Guarantors. The Exchange Offers will be conducted in reliance on Section 3(a)(9) of the Securities Act.

Section 3(a)(9) of the Securities Act provides an exemption from registration when an issuer issues new securities exclusively to its existing security holders in exchange for its own outstanding securities. This exemption is available when (i) the new and outstanding securities are issued by the same obligors, (ii) the exchange offer is made only to existing security holders, (iii) no commission or other remuneration is paid for solicitation in connection with the exchange offer, and (iv) no cash or non-cash consideration other than the securities to be exchanged is required to be paid by security holders to participate in the exchange offer.

The Old Notes were issued by the Issuers and fully and unconditionally guaranteed by the Guarantors. The Issuers will issue the New Secured Notes to be exchanged for the Old Notes, and the Guarantors will fully and unconditionally guarantee the New Secured Notes. Accordingly, the Issuers and the Guarantors were all obligors under, and issuers of, the Old Notes or related guarantees, and will be obligors under, and issuers of, the New Secured Notes or related guarantees. The Exchange Offers will be made only to existing holders of the Old Notes. There have not been nor are there to be any sales of securities of the same class by any of the Applicants, or by or through an underwriter, at or about the same time as the Exchange Offers. No commission or other remuneration has been or will be paid, directly or indirectly, for soliciting exchanges pursuant to the Exchange Offers, and no consideration has been, or is to be given, directly or indirectly, to any person in connection with the transaction, except for customary fees and expenses paid to the Issuers' legal advisors, the trustee under the Indenture to be qualified (the "New Secured Notes Indenture"), and an information agent and exchange agent for the transaction. Regular employees, officers and directors of the Issuers and their affiliates, who will not receive additional compensation, may provide information concerning the Exchange Offers. No cash or non-cash consideration other than surrender of the Old Notes to be exchanged will be required to be paid by the holders of the Old Notes to participate in the Exchange Offers.

INDENTURE SECURITIES

8. Analysis of indenture provisions.

The New Secured Notes will be issued under the New Secured Notes Indenture to be entered into among the Issuers, the Guarantors and the Trustee and Collateral Agent. The following is a general analysis of certain provisions of the New Secured Notes and is qualified in its entirety by reference to the form of New Secured Notes Indenture filed as an exhibit hereto. The Applicants have not entered into the New Secured Notes Indenture as of the date of this filing, and the terms of the New Secured Notes Indenture are subject to change prior to its execution.

(a) Events of Default; Withholding of Notice

Events of Default in respect of the New Secured Notes include:

- (1) failure to make the payment of any interest on the New Secured Notes when the same becomes due and payable, and such failure continues for a period of 30 days;
- (2) failure to make the payment of any principal on the New Secured Notes when the same becomes due and payable at their stated maturity, upon acceleration or redemption or otherwise;
- (3) failure to comply with the covenants pertaining to either (a) repurchase at the option of holders of the New Secured Notes ("Holders") upon a change of control or (b) merger, consolidation and sale of property;
- (4) failure to comply with any other covenant or agreement in the New Secured Notes, the New Secured Notes Indenture, the note guarantees or the security documents (other than a failure that is the subject of the foregoing clause (1), (2) or (3)), and such failure continues for 60 consecutive days (or 90 consecutive days in the case of a failure to comply with the financial reporting obligations) after written notice is given to the Issuers as provided below;
- (5) a default under any debt of the Parent Guarantor or any of its significant restricted subsidiaries that results in acceleration of the maturity of such debt, or failure to make a principal payment on such debt at maturity, in an aggregate amount of \$50.0 million or more;

Table of Contents

(6) any final judgment or judgments for the payment of money in an aggregate amount above \$50.0 million (in excess of amounts that the Parent Guarantor's insurance carriers have agreed to pay) shall be rendered against the Parent Guarantor or any of its restricted subsidiaries and that shall not be paid or discharged for any period of 60 consecutive days after the entry of the final judgment;

(7) certain events involving bankruptcy, insolvency or reorganization of the Parent Guarantor or any of its significant restricted subsidiaries;

(8) any note guarantee ceases to be in full force and effect (other than in accordance with the provisions of the New Secured Notes Indenture) or any Guarantor denies or disaffirms its obligations under any note guarantee; and

(9) the occurrence of the following:

(a) except as permitted by the security documents, any security document ceases for any reason to be enforceable; provided that it will not be an Event of Default under this clause (9)(a) if the sole result of the failure of such security document to be fully enforceable is that any lien purported to be granted under such security document having a fair market value of not more than \$50.0 million, ceases to be an enforceable and perfected lien; provided that if such failure is susceptible to cure, no Event of Default shall arise until 30 days after any officer of the Company or any restricted subsidiary becomes aware of such failure, which failure has not been cured during such time period;

(b) except as permitted by the security documents, any lien purported to be granted under any security document, having a fair market value in excess of \$50.0 million, ceases to be an enforceable and perfected second priority Lien, subject to the First Lien/Second Lien Intercreditor Agreement and Permitted Liens; provided that if such failure is susceptible to cure, no Event of Default shall arise until 30 days after any officer of the Company or any restricted subsidiary becomes aware of such failure, which failure has not been cured during such time period; and

(c) any Issuer or Guarantor, or any person acting on behalf of any of them, denies or disaffirms, in writing, any obligation of such Issuer or Guarantor set forth in or arising under any security document.

"Default" means any event which is, or after notice or passage of time or both would be, an Event of Default.

A default under clause (4) is not an Event of Default until the Trustee or the Holders of not less than 25% in aggregate principal amount of the New Secured Notes then outstanding notify the Issuers of the Default and the Issuers do not cure such Default within the time specified after receipt of such notice.

The Issuers shall deliver to the Trustee, within 30 days after either Issuer becomes aware of the occurrence of a Default, a written notice setting forth the details of the Default, and (unless such Default has already been cured) the action which such Issuer proposes to take with respect thereto.

If a Default or an Event of Default occurs and is continuing and is known to a trust officer of the Trustee, the Trustee shall send notice of the Default or Event of Default to the depository for delivery to the Holders within 90 days after its occurrence. Except in the case of a Default or an Event of Default in payment of principal or interest on any New Secured Note, the Trustee may withhold the notice to the Holders if and so long as the Trustee in good faith determines that withholding the notice is in the interests of the Holders.

Table of Contents

(b) Authentication and Delivery of the Notes; Use of Proceeds

The New Secured Notes to be issued under the New Secured Notes Indenture may be executed by manual or facsimile signature on behalf of an Issuer by any of the following officers of such Issuer: Chairman of the Board, the Chief Executive Officer, the President, the Chief Operating Officer, the Chief Financial Officer, the Chief Accounting Officer, the Treasurer, any Assistant Treasurer, the Controller, the Secretary or any Vice President.

The New Secured Notes shall not be valid until authenticated by the manual signature of the Trustee. The signature shall be conclusive evidence that the New Secured Note has been authenticated. The Issuers shall execute and the Trustee shall authenticate the New Secured Notes pursuant to a written order signed in the names of each Issuer by one of its officers.

The Trustee may appoint an authenticating agent acceptable to the Issuers to authenticate the New Secured Notes. Any such authenticating agent may authenticate New Secured Notes whenever the Trustee may do so.

There will be no proceeds to the Issuers from the issuance of the New Secured Notes.

(c) Release and Substitution of Property Subject to the Lien of the Indenture

The security documents and the New Secured Notes Indenture will provide that the liens securing the note guarantee of any Guarantor will be automatically released when such Guarantor's note guarantee is released in accordance with the terms of the New Secured Notes Indenture. In addition, the liens securing the obligations under the New Secured Notes and the New Secured Notes Indenture will be released: (1) upon satisfaction and discharge of the New Secured Notes Indenture; (2) upon a legal defeasance or covenant defeasance of the New Secured Notes; (3) upon payment in full in cash and discharge of all New Secured Notes outstanding under the New Secured Notes Indenture and all other obligations that are outstanding, due and payable under the New Secured Notes Indenture and the other security documents at the time the New Secured Notes are paid in full in cash and discharged; (4) as to any collateral of any Issuer or a Guarantor that is sold, transferred or otherwise disposed of by such Issuer or Guarantor (other than in connection with sale of all or substantially all of assets) to a person that is not (either before or after such sale, transfer or disposition) the Company or a restricted subsidiary of the Company in a transaction or other circumstance that does not violate the covenant regarding asset sales (other than the obligation to apply proceeds of such asset sale as provided in such covenant) and is permitted by all of the other security documents, at the time of such sale, transfer or other disposition or to the extent of the interest sold, transferred or otherwise disposed of; (5) with respect to all or substantially all of the collateral, with the consent of the Holders of at least 66.67% of outstanding New Secured Notes; (6) with respect to the assets of each Guarantor, at the time such Guarantor is released from its note guarantee; or (7) if and to the extent required by the provisions of the Pari Passu Second Lien Intercreditor Agreement or the provisions of the First Lien/Second Lien Intercreditor Agreement.

(1) either:

(a) all New Secured Notes that have been authenticated (except lost, stolen or destroyed New Secured Notes that have been replaced or paid and New Secured Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to the Issuers) have been delivered to the Trustee for cancellation; or

(b) all New Secured Notes that have not been delivered to the Trustee for cancellation have become due and payable, will become due and payable at stated maturity within one year, or are to be called for redemption under arrangements satisfactory to the Trustee for giving notice of redemption and any Issuer or Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, U.S. government obligations, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the New Secured Notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of fixed maturity or redemption;

(2) in respect of clause (b) above, no Event of Default will have occurred and be continuing on the date of such deposit (other than an Event of Default resulting from borrowings to fund such deposit or similar deposits and the granting of liens to secure such borrowings) and such deposit will not result in a breach or violation of, or constitute a default under, any material agreement or instrument to which the Parent Guarantor or any of its subsidiaries is a party or by which it is bound (other than with respect to borrowings to fund such deposit or similar deposits and the granting of liens to secure such borrowings);

(3) the Issuers or any Guarantor has paid or caused to be paid all sums payable by the Issuers under the New Secured Notes Indenture;

continuing, describing all such Defaults or Events of Default of which such officer may have knowledge and what action the Company is taking or proposes to take with respect thereto).
