Item 1.01. Entry into a Material Definitive Agreement.

On February 27, 2006, the Executive Compensation and Stock Option Committee of the Board of Directors (the Compensation Committee) of New Plan Excel Realty Trust, Inc. (the Company) took certain actions affecting compensation for the Company's executive officers. These actions were ratified by the Company's independent directors. These actions included:

approving an Out-Performance Compensation Plan for executive officers of the Company (the OPP);

awarding bonuses to the Company's executive officers for 2005; and

awarding long-term compensation in the form of restricted stock and stock options to the Company's executive officers.

Each of these events is described in further detail below.

Out-Performance Compensation Plan

The OPP was designed as a feature of the Company's 2003 Stock Incentive Plan, as amended and restated effective July 14, 2005, which plan previously was approved by the Company's stockholders. Pursuant to the terms of the OPP, the five current executive officers of the Company (other than Glenn Rufrano, the Company's Chief Executive Officer) are entitled to receive an award of common stock of the Company if, over the period commencing January 1, 2006 and ending December 31, 2009 (the Initial Performance Period), the Annual New Plan Total Return (as defined below) is at least 10% or the Annual New Plan Total Return is at least 110% of the Annual Peer Group Total Return (as defined below). If either of such thresholds is achieved, the aggregate pool award will equal \$7.0 million plus (i) \$416,666 for each 25 basis points that the Annual New Plan Total Return exceeds 10% or (ii) \$250,000 for each 25 basis points over 110% that the Annual New Plan Total Return exceeds the Annual Peer Group Total Return. In no event, however, will the aggregate pool award exceed \$12 million. If both of the minimum performance thresholds are achieved, the aggregate pool award will be based on the calculation that produces the larger award. The proportionate allocation of the aggregate pool award that each of the five current executive officers will receive has been determined by the Compensation Committee.

If at the end of the Initial Performance Period, neither performance threshold is achieved, or a threshold is achieved but the aggregate award does not equal \$12 million, then performance will be measured over an additional performance period from January 1, 2006 to December 31, 2010 (the Supplemental Performance Period) and to the extent that any additional performance criteria are achieved, a supplemental award will be made. In no event, however, will the aggregate award for the Initial Performance Period and the Supplemental Performance Period exceed \$12 million.

An award of common stock of the Company made pursuant to the OPP for the Initial Performance Period will be subject to a one-year cliff vesting schedule, without regard to any additional performance criteria, over the period from January 1, 2010 to December 31, 2010. The executive officer will be entitled to vote the shares and receive payment of any dividends paid on the shares during the one-year cliff vesting period. Any award received at the end of the Supplemental Performance Period will not be subject to a one-year cliff vesting schedule and will vest at the end of the Supplemental Performance Period.

No rights (voting or dividend) exist during the Initial Performance Period and stockholder rights will only arise upon the achievement of either of the performance thresholds at the end of the applicable performance period to the extent of the common stock award. In the event of the death or disability of a participant prior to the vesting date, the date of death or disability will be deemed the end of the applicable performance period and the participant will be entitled to the applicable award based on the performance criteria over the shortened performance period.

In the event of a change in control or a severance triggering event under an applicable employment agreement prior to the vesting date, the date of the event will be deemed to be the end of the applicable performance period and the participant will be entitled to the applicable award based on the performance criteria

over the shortened performance period. If a participant leaves the Company prior to the applicable vesting date (subject to the provisions on death, disability, change in control, and severance triggering events), then the award allocable to that executive officer will be cancelled and will not be reallocated to other participants.

For purposes of the OPP, **Annual New Plan Total Return** means the average annual total return on the shares of common stock of the Company over the applicable measurement period (calculated in accordance with the OPP), and **Annual Peer Group Total Return** means, with respect to certain peer companies, the average of the average annual total return on the shares of each such company over the applicable measurement period (calculated in accordance with the OPP).

The foregoing description of the OPP is qualified in its entirety by the full terms and conditions of the OPP which will be filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2006.
