2006 ANNUAL MEETING OF STOCKHOLDERS

MAY 5, 2006

PROXY STATEMENT

General

This Proxy Statement and the accompanying proxy are furnished to stockholders of Watson Pharmaceuticals, Inc. (Watson or the Company) in connection with the solicitation of proxies by the Company s Board of Directors for use at the 2006 Annual Meeting of Stockholders (the Meeting) to be held at the Westin South Coast Plaza Hotel, located at 686 Anton Boulevard, Costa Mesa, California at 9:00 a.m. local time on May 5, 2006 for the purposes set forth in the accompanying Notice of Annual Stockholders Meeting. This Proxy Statement, the enclosed form of proxy, and the Company s 2005 Annual Report to Stockholders are being mailed to stockholders on or about April 3, 2006.

Stockholders of record at the close of business on March 23, 2006 (the record date) are entitled to notice of and to vote at the Meeting. On such date, there were outstanding 111,359,405 shares of the Company s common stock, par value \$.0033 per share (the Common Stock), of which 9,399,836 were held by the Company as treasury shares. In deciding all questions, each holder of Common Stock shall be entitled to one vote, in person or by proxy, for each share held on the record date.

VOTING RIGHTS AND SOLICITATION OF PROXIES

All expenses incurred in the solicitation of proxies will be borne by the Company. In addition to the use of the mail, proxies may be solicited on behalf of the Company by directors, officers and employees of the Company, who will receive no additional consideration for such services. Brokers, custodians, nominees and other stockholders of record will forward copies of the proxy statement and voting instructions to persons for whom they hold shares of Common Stock and to request authority for the exercise of proxies. In such cases, the Company, upon the request of the stockholders of record, will reimburse brokers, custodians and nominees for their reasonable expenses.

Votes cast by proxy (including through the Internet or by telephone) or in person at the Meeting will be tabulated by the election inspector appointed for the Meeting who will determine whether or not a quorum is present. The presence, in person or by proxy, of the holders of a majority of Common Stock outstanding and entitled to vote at a meeting of stockholders is necessary in order to constitute a quorum for the conduct of business at the Meeting. If a proxy is received but marked abstention or if a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter and has not been instructed on how to vote (i.e. broker non-votes), those shares will be considered as present and entitled to vote for purposes of determining the presence of a quorum.

A properly executed proxy will be voted in the manner directed by the stockholder submitting the proxy. If no direction is made, such proxy will be voted **FOR** the election of all three nominees named under the caption Election of Directors as set forth therein as directors of the Company and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. As of the date of this Proxy Statement, the Board of Directors knows of no other business that will be presented for consideration at the Meeting. However, if other proper matters are presented at

the Meeting, it is the intention of the proxy holders named in the enclosed form of proxy to take such actions as shall be in accordance with their best judgment.

A stockholder of record may revoke his or her proxy in one of three ways at any time before the proxy is voted at the Meeting. First, the stockholder may send a notice in writing to the Secretary of the Company revoking the proxy. Second, the stockholder may attend the Meeting in person and vote. Third, the stockholder may execute a proxy with a later date and deliver it to the Secretary of the Company before the voting at the Meeting. Such notices and new proxies should be sent to Watson Pharmaceuticals, Inc., Corporate Secretary, 311 Bonnie Circle, Corona, California 92880. Persons who hold their shares through a bank or brokerage firm may revoke their proxy by following the requirements of their bank or broker, or may vote in person at the Meeting by obtaining a legal proxy from their bank or broker.

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible stockholders who receive a paper copy of the Annual Report and Proxy Statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your voting form will provide instructions. The Internet and telephone voting facilities will close at 6:00 a.m. PDT on May 5, 2006. Stockholders who vote through the Internet or telephone should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers, and that these costs must be borne by the stockholder. Stockholders who vote by Internet or telephone need not return a proxy card by mail. If your voting form does not reference Internet or telephone information, please complete and return the paper Proxy in the self-addressed postage paid envelope provided.

In an effort to reduce printing costs and postage fees, we have adopted a practice approved by the Securities and Exchange Commission called householding. Under this practice, stockholders of record who have the same address and last name and do not participate in the electronic delivery of proxy materials will receive only one copy of our proxy materials, unless one or more of these stockholders notifies us that he or she wishes to continue receiving individual copies. Stockholders who participate in householding will continue to receive separate proxy cards. If you share an address with another stockholder and prefer to receive separate copies of our proxy materials, please mail your request to Watson Pharmaceuticals, Inc., Investor Relations, 311 Bonnie Circle, Corona, California 92880.

Information on the Company's website, other than our Proxy Statement and form of Proxy, is not part of the proxy soliciting material and is not incorporated herein by reference.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Company's Articles of Incorporation provide that the Board of Directors will be divided into three classes. One class is elected each year for a three-year term, expiring at the Company's annual meeting of stockholders. At the Meeting, three directors, who will comprise the Class II directors, are to be elected to serve until the 2009 annual meeting or until their successors are duly elected and qualified. Directors will be elected by a favorable vote of a plurality of the shares of Common Stock present and entitled to vote, in person or by proxy, at the Meeting. Accordingly, abstentions will not affect the outcome of the election of directors. In addition, the election of directors is a matter on which a broker or other nominee generally has discretionary voting authority, and thus broker non-votes will likely not result from this proposal. Broker non-votes, if any, will not affect the outcome of the election of directors. Based upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated the following three current directors of the Company for election as Class II directors: Ronald R. Taylor, Andrew L. Turner and Jack Michelson. Messrs. Taylor, Turner and Michelson were elected by the stockholders to their present term. The Class III directors: Allen Chao, Ph.D., Michel J.

Feldman and Fred G. Weiss are scheduled to serve as directors until the 2007 Annual Meeting. The Class I directors, Michael J. Fedida, Albert F. Hummel and Catherine Klema are scheduled to serve as directors until the 2008 Annual Meeting. There are no vacant positions on the Board of Directors.

Board Independence

On an annual basis the Board of Directors reviews the independence of all directors and affirmatively makes a determination as to the independence of each director. The Board of Directors has determined that a majority of its directors has no direct or indirect material relationship with the Company (other than as a director of the Company) and such directors are independent within the meaning of the independence standards promulgated by the Securities and Exchange Commission (SEC) and the New York Stock Exchange (NYSE). Specifically, in January 2006, the Board determined, based on the NYSE standards for independence and the Company s Director Independence Standards, that Michael Fedida, Michel Feldman, Albert Hummel, Catherine Klema, Jack Michelson, Ronald Taylor, Andrew Turner and Fred Weiss, or eight out of the nine directors, had no material relationship with the Company and are independent directors. Dr. Chao was determined to be not independent, in part, because he is the Company s President and Chief Executive Officer and Dr. David Hsia, the Company s Senior Vice President, Scientific Affairs, is Dr. Chao s brother-in-law. A copy of the Company s Director Independence Standards is attached hereto as Appendix A.

Executive Sessions

We schedule regular executive sessions in which non-management directors meet without management participation. The Chairman of the Nominating and Corporate Governance Committee presides at these meetings.

Communications with the Board of Directors

Any stockholder wishing to contact the Board of Directors, the presiding director of the non-management director meetings, or any other individual director may do so in writing by sending a letter to:

Chairman, Nominating and Corporate Governance Committee
c/o Corporate Secretary
Watson Pharmaceuticals, Inc.
311 Bonnie Circle
Corona, CA 92880

Our Corporate Secretary reviews all such written correspondence and regularly forwards to the Board of Directors a summary of all correspondence and copies of correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board of Directors or its committees, or that the Corporate Secretary otherwise determines requires Board attention.

Director Nomination Process

The Nominating and Corporate Governance Committee considers director candidates from diverse sources, including suggestions from stockholders. The Nominating and Corporate Governance Committee looks for candidates who (a) bring not only direct experience, but also a variety of experience and background, both professionally and personally, (b) will represent the balanced, best interests of the stockholders as a whole rather than special interest groups or constituencies, and (c) have a reputation for integrity and satisfy the independence requirements of the New York Stock Exchange, the Company's Director Independence Standards and applicable law. The Nominating and Corporate Governance Committee's goal is to have a diverse, balanced and engaged board whose members possess the skills and background necessary to maximize stockholder value in a manner consistent with all legal requirements and the highest ethical standards. The Nominating and Corporate Governance Committee's Charter and the Company's Corporate Governance Guidelines, which are published on our website at <http://www.watsonpharm.com> under the Investors section, set forth in further detail the criteria that guide the Committee in assessing potential candidates for the Board of Directors.

In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee considers the director's contributions to the Board and the Committees on which such person serves, participation in and attendance at meetings, and any changes in employment status, health, community activity or other factors may affect the director's continuing contributions to the Board. The Nominating and Corporate Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

The Nominating and Corporate Governance Committee initially evaluates a candidate for nomination to the Board based on information supplied by the party recommending the candidate and any additional public information that may be available. If the initial evaluation is favorable, the Nominating and Corporate Governance Committee gathers additional information on the candidate's qualifications, availability, probable level of interest and any potential conflicts of interest. If the subsequent evaluation is also favorable, the Nominating and Corporate Governance Committee contacts the candidate directly to better determine each party's level of interest in pursuing the candidacy and checks the candidate's references. If, after discussions and meetings, the candidate and the Nominating and Corporate Governance Committee establish a mutual interest in pursuing the candidacy, the Committee makes a final recommendation to the Board to nominate the candidate for election by the stockholders (or to select the candidate to fill a vacancy, as applicable). The Nominating and Corporate Governance Committee employs the same process for evaluating all candidates, including those properly submitted by stockholders.

Stockholders wishing to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee may do so by sending the candidate's name, biographical information and qualifications, together with a consent in writing signed by the recommended nominee that he or she is willing to be considered as a nominee and, if nominated and elected, he or she will serve as a director, to the Chair of the Nominating and Corporate Governance Committee in care of the Corporate Secretary, Watson Pharmaceuticals, Inc., 311 Bonnie Circle, Corona, California 92880. The submission of a recommendation by a stockholder in compliance with these procedures does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in the Company's proxy statement; however, the Nominating and Corporate Governance Committee will consider any such candidate in accordance with the procedures and guidelines as described above and as set forth in the Charter of our Nominating and Corporate Governance Committee and in our Corporate Governance Guidelines. From time to time, the Nominating and Corporate Governance Committee may engage a third party for a fee to assist in identifying potential director candidates.

Board Meetings

During the fiscal year ended December 31, 2005, the Board of Directors held eleven meetings and executed six unanimous written consents in lieu of meetings. Each director attended at least 75% of all Board of Directors and applicable Committee meetings. The Company does not have a policy with regard to board members' attendance at annual meetings. All members of the board attended the Company's 2005 Annual Meeting of Stockholders.

Committee Meetings

The Board of Directors has created four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Regulatory Compliance Committee. The Board of Directors has adopted a charter for each of the four committees. The current Audit Committee charter, which was revised in March 2004, was included as an appendix to the Company's proxy statement sent to stockholders in connection with the annual meeting of stockholders held May 17, 2004. The charters for each committee and other materials related to corporate governance are available under the Investors section of our website at <http://www.watsonpharm.com>. A copy is also available to stockholders upon request sent to Investor Relations at Watson Pharmaceuticals, Inc., 311 Bonnie Circle, Corona, CA 92880.

The Audit Committee

The Company has an Audit Committee composed of Catherine M. Klema, Ronald R. Taylor, Andrew L. Turner and Fred G. Weiss. Mr. Weiss serves as the Chairman of the Audit Committee. All of the members of the Audit Committee have been determined by the Board of Directors to be independent and meet the requirements of the NYSE listing standards and the rules and regulations of the SEC. The Board of Directors has determined that all of the current members of the Audit Committee satisfy the requirements of a financial expert within the meaning of the SEC rules, and have accounting or related financial management expertise required under the NYSE listing standards. The functions of the Audit Committee and its activities during fiscal 2005 are described below under the heading Report of the Audit Committee. The Audit Committee is directly responsible for the engagement, compensation and oversight of the work of PricewaterhouseCoopers LLP (including resolution of disagreements between management and PricewaterhouseCoopers LLP regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. During the fiscal year ended December 31, 2005, the Audit Committee met six times and executed one unanimous written consent in lieu of a meeting.

The Board of Directors and Audit Committee will take appropriate action, including reviewing and reassessing the adequacy of the Audit Committee charter annually and periodically, as appropriate, and as conditions dictate.

The Compensation Committee

The Company has a Compensation Committee composed of Catherine M. Klema, Ronald R. Taylor and Fred G. Weiss. Mr. Taylor serves as the Chairman of the Compensation Committee. All of the members of the Compensation Committee have been determined by the Board of Directors to be independent and meet the independence requirements of the NYSE listing standards. The primary purpose of the Compensation Committee is to review, approve and evaluate director and senior executive compensation plans, policies and programs for the Company. The Compensation Committee met nine times and executed three unanimous written consents in lieu of meetings during the fiscal year ended December 31, 2005.

The Nominating and Corporate Governance Committee

The Company has a Nominating and Corporate Governance Committee composed of Ronald R. Taylor, Andrew L. Turner and Fred G. Weiss. Mr. Turner serves as the Chairman of the Nominating and Corporate Governance Committee. All of the members of the Nominating and Corporate Governance Committee have been determined by the Board of Directors to be independent and meet the independence requirements of the NYSE listing standards. The key functions of the Nominating and Corporate Governance Committee are to identify and present qualified candidates to the Board of Directors for election or reelection as directors of the Board and Board of Directors committees, ensure that the size and composition of the Board of Directors, its committees, and the Company's Charter and Bylaws are structured in a way that best serves the Company's practices and objectives, develop and recommend to the Board of Directors a set of corporate governance guidelines and principles and periodically review and recommend changes to such guidelines and principles as deemed appropriate, and oversee the evaluation of the Board of Directors and senior management. The Nominating and Corporate Governance Committee met three times during the fiscal year ended December 31, 2005.

The Regulatory Compliance Committee

The Company has a Regulatory Compliance Committee composed of Michael J. Fedida, Albert F. Hummel, Michel J. Feldman and Jack Michelson. Mr. Michelson serves as the Chairman of the Regulatory and Compliance Committee. The primary purpose of the Regulatory Compliance Committee is to assist the Board of Directors with the Board's oversight responsibilities regarding the Company's compliance with applicable regulatory requirements related to product safety and quality and environmental, health and safety matters. The Regulatory Compliance Committee met three times during the fiscal year ended December 31, 2005.

Corporate Governance

The Board of Directors of the Company has adopted Corporate Governance Guidelines. The guidelines address the make-up and functioning of the Board of Directors and its committees, which include determining director independence, criteria for Board membership, and authority to retain independent advisors.

The Board of Directors has also adopted a Code of Conduct. The Code of Conduct applies to all of our Board members and all of our officers and employees. The code sets forth and summarizes certain policies of the Company related to legal compliance and ethical business practices. The code is intended to comply with the standards set forth in Section 303A.10 of the NYSE's Listed Company Manual and SEC rules and regulations. Any amendments to, or waivers from, provisions of the Code of Conduct that apply to our directors or executive officers, including our Chief Executive Officer and Chief Financial Officer and persons performing similar functions, will be promptly posted on our website at <http://www.watsonpharm.com>.

You can find links to the Corporate Governance Guidelines and the Code of Conduct and other materials under the Investors section of our website at <http://www.watsonpharm.com>. The options remain exercisable for the shorter of the 10 year term or two years after cessation as a Board member.

The following table sets forth the restricted stock and stock options granted under the Company's 2001 Incentive Award Plan, as amended (the Incentive Award Plan), to non-employee directors of the Company from January 1, 2005 to December 31, 2005:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Company's directors and officers, and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater-than-10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during the 2005 fiscal year all filing requirements applicable to its officers, directors and greater-than-10% beneficial owners were complied with and timely filed.

Buchen, Nash and Slacik each held 1,667 unvested shares valued at \$54,194; and Dr. Ebert held 1,330 unvested shares valued at \$43,238.

Employment Agreements

The Company has entered into employment agreements with each of the Named Executive Officers. Each of the agreements provides for an annual base salary and eligibility to receive a bonus. Target bonuses, if granted, range between 25% and 40% of annual base salary for the Named Executive Officers other than Dr. Chao. Pursuant to the employment agreements, annual increases to base salary and determination of bonuses are at the discretion of the Compensation Committee. Furthermore, stock options and restricted stock may be granted at the discretion of the Compensation Committee and in accordance with the Company's policies regarding equity incentive grants. Dr. Chao's annual salary and bonuses, stock option grants and restricted stock awards, if any, are determined by the Compensation Committee. (See Report of the Compensation Committee on Executive Compensation).

Each Named Executive Officer's employment may be terminated at any time with or without cause, or by reason of death or disability, or each Named Executive Officer may voluntarily resign at any time with or without good reason. In the event of termination of employment without cause, or if the Named Executive Officer resigns for good reason, the Company will provide the Named Executive Officer with severance compensation and benefits (Severance Benefits). Severance Benefits consist of: (a) a lump sum severance payment, subject to standard withholdings or deductions, in an amount equal to the sum of: (i) twenty-four (24) months of the Named Executive Officer's then base salary; and (ii) two times the Named Executive Officer's target bonus to be earned for the year in which termination occurs or two times the bonus amount paid to the Named Executive Officer in the prior year, whichever is greater; (b) continued group health insurance benefits (e.g., medical, dental, vision, etc.) for the Named Executive Officer and the Named Executive Officer's eligible dependents for a period of up to eighteen (18) months under COBRA, and if the Named Executive Officer is not covered under the Company's group health insurance plan at the end of eighteen (18) months, the Company will use its best efforts to provide the Named Executive Officer and the Named Executive Officer's eligible dependents with comparable health insurance coverage for an additional period of up to six (6) months, but the Company shall not be obligated to pay more than one hundred fifty percent (150%) of the cost of COBRA coverage for such comparable coverage; provided, however, that in any event the Company's obligation to provide any health benefits pursuant to this sentence ends when the Named Executive Officer becomes eligible for health insurance with a new employer; and (c) outplacement services for one year with a nationally recognized service selected by the Company.

In the event of a change of control of the Company, and if the Named Executive Officer is terminated without cause or the Named Executive Officer resigns for good reason within ninety (90) days prior to or twenty-four (24) months following such change of control, the Company will provide to the Named Executive Officer the Severance Benefits and any unvested options held by the Named Executive Officer will become one hundred percent (100%) vested and immediately exercisable as of the date of termination. Additionally, under the terms of the restricted stock agreements for each Named Executive Officer, unvested restricted stock held by a Named Executive Officer is subject to accelerated vesting in such circumstances. The following table sets forth certain information concerning individual grants of stock options made during the year ended December 31, 2005 to each Named Executive Officer of the Company. No stock appreciation rights were granted to any Named Executive Officer during fiscal 2005.

Charles P. Slacik	5,000	.47	\$ 35.11	8/12/15	\$ 110,402	\$ 279,781

(1) The options have a 10-year term. The exercise price of the options granted is equal to the fair market value of the Company's Common Stock on the date of grant. The options vest by one-fourth each year beginning on the first anniversary of the grant date, therefore, becoming 100% vested on the fourth anniversary of the date of grant.

(2) Based on 1,073,054 options granted by the Company during the year ended December 31, 2005 to employees of the Company, including the Named Executive Officers.

(3) The assumed annual rates of stock price appreciation of 5% and 10% are set by the SEC's rules and are not intended as a forecast of possible future appreciation in stock prices. There is no assurance provided to any executive officer or any other holder of the Company's securities that the actual stock price appreciation over the ten year option term will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of the Common Stock appreciates over the option period, no value will be realized from the option grants made to the Named Executive Officers.

Option Exercises and Fiscal Year-End Values

The following table sets forth certain information with respect to each Named Executive Officer concerning the exercise of options during the fiscal year ended December 31, 2005, as well as unexercised options held as of the end of such fiscal year:

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year End Option Values

Allen Chao, Ph.D.	200,000	\$ 2,917,500	1,360,000	240,000	\$ 4,704,800	\$ 781,200

Charles P. Slacik	0	0	44,000	81,000	\$ 167,880	\$ 315,520

(1) Determined by calculating the spread between the fair market value of the Common Stock on the date of exercise and the exercise price of the options.

(2) Based on the closing sales price of the Common Stock (\$32.51) on the New York Stock Exchange on December 30, 2005, minus the exercise price of the in-the-money option, multiplied by the number of shares to which the in-the-money option relates. On December 15, 2005, the Compensation Committee accelerated the vesting of all unvested stock options having an exercise price of \$38.00 or greater held by the Company's employees, including its executive officers. As a result, approximately 1,300,000 options became fully vested, of which approximately 194,200 options were held by the Named Executive Officers. The Compensation Committee believes that the acceleration of such options will enable the Company to avoid recognizing certain stock based compensation expenses associated with the options in connection with the Company's adoption of SFAS No. 123R on January 1, 2006.

The following table sets forth information regarding outstanding options and shares reserved for future issuance under the equity compensation plans as of December 31, 2005:

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee was composed of Catherine M. Klema, Ronald R. Taylor and Fred G. Weiss during the fiscal year ended December 31, 2005. None of the members of the Compensation Committee is an employee of the Company. In addition, none of these individuals serves as a member of the board of directors or on the compensation committee of any company that has an executive officer serving on our board of directors or its compensation committee.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

This Report of the Compensation Committee on Executive Compensation shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933, as amended (the "Securities Act") or under the Exchange Act, except to the extent that the Company specifically incorporates the information contained herein by reference, and shall not otherwise be deemed filed under those Acts.

Role of the Committee

The Compensation Committee of the Board of Directors is responsible for determining the compensation policies for the senior executive officers of the Company, including Dr. Allen Chao, its Chief Executive Officer, and the actual compensation of Dr. Chao, and other senior executive officers of the Company. The Compensation Committee considers the recommendations of the Chief Executive Officer in determining the actual compensation of the senior executive officers of the Company, other than the Chief Executive Officer. The Compensation Committee also administers the Company's Amended and Restated 2001 Incentive Award Plan, as approved by our stockholders on May 13, 2005 (the "Incentive Award Plan").

The Compensation Committee's Charter reflects these various responsibilities, and the Committee and the Board periodically review and revise the Charter. The Committee's membership is determined by the Board, upon recommendation of the Nominating and Corporate Governance Committee, and is composed entirely of directors that meet the independence requirements of the NYSE. In addition, the Committee has the authority to engage the services of outside advisors, experts and others to assist the Committee.

Compensation Philosophy

Our compensation philosophy is designed to drive executive performance and create value for our stockholders. The Company's continued success depends, in large part, on its ability to attract and retain talented senior executives. To this end, the Committee has designed its compensation policies to (i) provide competitive base salaries to attract and retain talented management, (ii) reward executives for individual and corporate performance by linking a substantial portion of total compensation to the achievement of measurable short-term business objectives and corporate financial goals and (iii) align the interests of senior executives with the stockholders through long-term, equity-based incentives. The Committee believes that a substantial portion of compensation should be tied to the attainment of long- and short-term objectives.

Executive Compensation

Peer Group Review. From time to time, the Committee conducts a review of the executive compensation paid to similarly situated executives of selected pharmaceutical companies (the Peer Group). The Committee reviews the salary data for the average and median levels of compensation. However, the Committee does not rely exclusively on statistical compilations. Certain members of the Peer Group reviewed are considered to be very similar to the Company in terms of market capitalization, length of time as a publicly held company, number of employees, and overall prospects for short- and long-term growth. The compensation paid by these Peer Group companies is given greater weight in setting base compensation. In prior years, the Committee has raised the compensation levels of its senior executives to competitive levels in relation to the other members of the Peer Group.

Elements of Compensation.

The Company's compensation program for senior executive officers consists of three key elements:

- Base salary;
- Annual cash incentive awards that recognize individual and Company performance and are tied to measurable business objectives and corporate financial goals; and
- Periodic equity awards.

The Compensation Committee considers the recommendations of the Chief Executive Officer in determining the base salaries, adjustments to base salaries, cash incentive awards and equity-based awards for the Company's senior executive officers, other than the Chief Executive Officer.

Base Salary

A significant component of senior executive officer compensation is base salary. Base salaries for senior executive officers are reviewed annually by the Compensation Committee taking into account a variety of factors, including level of responsibility, individual and team performance, general levels of market and Peer Group salary increases and the Company's overall financial results. With regard to individual and team performance, we rely to a large extent on the Chief Executive Officer's evaluation of each individual senior executive's performance.

Annual Cash Incentive Awards

The purpose of the Company's annual incentive plan is to provide cash compensation on an annual basis that is at-risk and contingent on the achievement of annual individual, business and operating objectives. These cash incentives are intended to link a substantial portion of executive compensation to Company performance and provide executive officers with a competitive level of compensation when they achieve their objectives.

To this end, the Compensation Committee establishes specific performance objectives and target cash incentives for the Company's executive officers each year. The Committee bases actual annual awards on, among other things, each executive officer's level of achievement against his or her business and operating objectives and the Company's financial results. Based on the Compensation Committee's consideration of factors it had previously established to measure and determine whether to award a cash bonus to the Company's executive officers (other than the Chief Executive Officer) for performance during the 2005 fiscal year, the Committee awarded performance bonuses to the Company's executive officers, other than the Chief Executive Officer, totaling \$503,616. Individual bonus amounts ranged from approximately \$45,000 to \$68,500. The previously established factors consisted of the Company's 2005 revenues, gross profits and cash flow, as well as the divisional, departmental and individual performance of each executive officer. The Committee believes that the Company's annual incentive plan provides executive officers with a team incentive to both enhance the Company's financial performance and perform at the highest level.

Long-Term Equity Incentives

The Incentive Award Plan, among other things, provides for the granting of restricted stock awards, stock appreciation rights, dividend equivalents, restricted stock unit awards, deferred stock awards, stock payment awards and stock options to our executive officers. The Compensation Committee believes that equity-based awards provide a valuable tool for aligning the interests of management with stockholders and focusing management's attention on the long-term growth of the Company. In addition, the Committee believes that equity-based awards are essential to attract and retain the talented professionals and managers needed for the continued success of the Company.

Executive officers receive initial grants of restricted stock and stock options when they join the Company and generally on an annual basis thereafter. The Company's restricted stock awards to executive officers are grants that entitle the holder to shares of common stock subject to certain restrictions which generally lapse over a four year period. The Company awards stock options with an exercise price equal to the market price at the time of grant. These options generally have a term of 10 years and generally are subject to a four-year ratable vesting schedule. We believe the term and vesting schedule of our stock options, and the vesting schedule for our restricted stock awards, provide additional incentive to management to focus on long-term growth and the Company's stock performance.

In determining the size of equity-based grants, the Committee considers the number of shares available under the Incentive Award Plan, the potential dilutive impact of such grants, the appropriate allocation of such grants based on individual and corporate performance, and the level of grants awarded by its peers.

Chief Executive Officer's Compensation

For the year ended December 31, 2005, Dr. Chao received an annual base salary of \$920,000. Dr. Chao was eligible to receive a cash bonus of up to \$1,200,000, of which up to \$800,000 would be determined based upon the Company satisfying certain established operating cash flow targets for the 2005 fiscal year and up to \$400,000 would be at the discretion of the Compensation Committee. After the Compensation Committee reviewed factors it had previously established to measure and determine whether to award a cash bonus to Dr. Chao for performance during the 2005 fiscal year, the Compensation

Committee determined that Dr. Chao will receive a cash bonus in the amount of \$180,000. In 2005, the Compensation Committee granted Dr. Chao 33,333 shares of restricted stock and options to purchase a total of 100,000 shares of Common Stock.

Based on its compensation review and the Compensation Committee's compensation philosophy, and taking into account the Company's actual and projected revenues and income, the Compensation Committee has determined that Dr. Chao's 2006 base annual salary should remain at \$920,000. In addition, the Compensation Committee has decided that a formula will be used in determining the cash bonus for Dr. Chao for the 2006 Fiscal Year. Dr. Chao will be eligible to receive a cash bonus of up to \$1,200,000. Up to \$800,000 will be based upon the Company achieving certain operating cash flow and gross profit targets. The remaining \$400,000 will be at the discretion of the Committee, taking into account:

- success in developing and executing plans acceptable to the Committee for retaining key executives, recruiting key executives as necessary, and further developing a succession plan for key executives;
- success in continuing to implement the Company's quality improvement initiatives designed to enhance and improve the Company's quality systems;
- success in implementing the Company's strategic action plan; and
- such other relevant factors as the Committee, in its sole discretion, shall determine.

The Committee will determine whether and to what extent a bonus will be paid for fiscal year 2006 after the end of 2006.

Policy on Deductibility of Compensation

The Internal Revenue Code provides a \$1,000,000 deduction limit on compensation paid to the reporting executives of publicly held corporations, unless certain performance, disclosure, stockholder approval and other requirements are met. The options granted under the Incentive Award Plan generally comply with these performance-based compensation requirements. The restricted stock awards and the cash bonus programs have not been designed to comply with the performance-based compensation requirements.

The Committee's policy generally is to qualify incentive awards and equity awards for the performance-based compensation exception to the \$1,000,000 deduction limitation. The Committee may from time to time award compensation that is non-deductible when, in the exercise of the Committee's business judgment, such award would be in the best interests of the Company and its stockholders.

Conclusion

The Compensation Committee will continue to establish base compensation at levels that are competitive with the Peer Group. The Compensation Committee intends for performance compensation to constitute a substantial portion of overall compensation, and for compensation to be linked to the achievement of the Company's short- and long-term goals as established by the Company. The Compensation Committee intends to create incentives at levels necessary to maintain above-average performance within the Company's industry.

**PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF
PRICEWATERHOUSECOOPERS LLP**

The firm of PricewaterhouseCoopers LLP has audited the books and records of the Company since its inception and the Board of Directors recommends that the stockholders ratify the appointment of PricewaterhouseCoopers LLP to audit the accounts of the Company for the fiscal year ending December 31, 2006. Representatives of that firm are expected to be present at the Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from stockholders.

The Company has been informed by PricewaterhouseCoopers LLP that neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in the Company or its affiliates.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm is not required by the Company's Bylaws or otherwise. However, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the stockholders entitled to vote at the Meeting for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

In order to ratify the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006, the affirmative vote of a majority of the stock voting in person or by proxy on this proposal is required. Abstentions, which do not represent voting power, will have no effect on this proposal. The ratification of PricewaterhouseCoopers LLP is a matter on which a broker or other nominee generally has discretionary voting authority, and thus, broker non-votes will not likely result from this proposal. Broker non-votes, if any, will have no effect on this proposal.

The Board of Directors recommends a vote *FOR* ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

AUDIT FEES

The aggregate fees billed by PricewaterhouseCoopers LLP, our independent registered public accounting firm, in fiscal years 2005 and 2004 were as follows:

Services	2005	2004
Audit Fees	\$ 1,605,929	\$ 1,202,293
Audit-Related Fees	130,400	65,100
Total Audit and Audit-Related Fees	1,736,329	1,267,393
Tax Fees	252,958	367,984
All Other Fees	12,500	8,265
Total Fees	\$ 2,001,787	\$ 1,643,642

Audit Fees

Audit Fees include professional services rendered in connection with the annual audits of our financial statements and internal control over financial reporting, the review of the financial statements included in our Forms 10-Q for the related annual periods and for the Sarbanes-Oxley advisory time. Additionally, Audit Fees include other services that only an independent registered public accounting firm

can reasonably provide, such as services associated with SEC registration statements or other documents filed with the SEC.

Audit-Related Fees

Audit-Related Fees include the audits of employee benefit plans and accounting consultations related to accounting, financial reporting or disclosure matters not classified as Audit Fees.

Tax Fees

Tax Fees include tax compliance for our foreign subsidiaries, tax advice in connection with certain international acquisitions and other tax advice and tax planning services. Tax Fees in 2005 include services of \$121,000 provided for an Internal Revenue Services audit.

All Other Fees

All Other Fees in 2005 include services related to consultations to determine the original cost basis for an investment disposed of and subscription fees for an accounting and auditing research reference tool. All Other Fees in 2004 include internal control evaluation services related to our enterprise resource planning (ERP) system implementation and subscription fees to the accounting and auditing research reference tool. The fees for internal control evaluation services in 2004 were paid by the Company to IBM. IBM engaged PricewaterhouseCoopers LLP to assist in rendering the services and paid this amount to PricewaterhouseCoopers LLP for the services. The Audit Committee approved this engagement and determined that it would not interfere with PricewaterhouseCoopers LLP's independence. The Company is including this amount paid to IBM within All Other Fees to ensure full and accurate disclosure. These services are review and evaluation activities only related to internal controls and do not include design or implementation activities.

The Audit Committee believes that the provision of all non-audit services rendered is compatible with maintaining PricewaterhouseCoopers LLP's independence.

The Audit Committee approved all audit and non-audit services provided by PricewaterhouseCoopers LLP in 2005. The Audit Committee has adopted a policy to pre-approve all audit and certain permissible non-audit services provided by PricewaterhouseCoopers LLP. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to type of services to be provided by PricewaterhouseCoopers LLP and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of PricewaterhouseCoopers LLP. PricewaterhouseCoopers LLP and management are required to periodically report to the full Audit Committee regarding the extent of services provided by PricewaterhouseCoopers LLP, in accordance with the pre-approval policy and the fees for the services performed. During the year, circumstances may arise when it may become necessary to engage PricewaterhouseCoopers LLP for additional services not contemplated in the pre-approval. In those instances, the Audit Committee requires specific pre-approval by the Audit Committee before engaging PricewaterhouseCoopers LLP for such services.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or under the Exchange Act, except to the extent the Company specifically incorporates this Report by reference therein.

The Board has determined that all members of the Audit Committee meet the independence and experience requirements of the NYSE listing standards and the SEC rules. The Audit Committee reviews its charter annually following the Annual Stockholders Meeting or at such other times as deemed appropriate by the Audit Committee.

Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The primary purpose of the Audit Committee is to assist the Board in fulfilling its oversight duties regarding the (i) integrity of the Company's financial statements; (ii) Company's compliance with legal and regulatory requirements; (iii) outside auditor's qualifications and independence; and (iv) performance of the Company's internal audit function and of its independent auditor.

Additionally, the Audit Committee serves as an independent and objective party to (i) monitor the Company's financial reporting process and internal control systems, (ii) retain, oversee and monitor the qualifications, independence and performance of the Company's independent auditor and (iii) provide an open avenue of communication among the independent auditor, financial and senior management, the internal auditing department and the Board.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met five times during 2005.

In performing its oversight responsibilities in connection with the Company's 2005 audit, the Audit Committee has:

- reviewed the Company's audited consolidated financial statements for fiscal 2005; met with management and the Company's independent auditor, with and without management present, to review and discuss the Company's quarterly and annual reports on Form 10-Q and Form 10-K prior to their issuance and to discuss any significant accounting issues;
- met with the internal and independent auditors, with and without management present, to discuss the evaluations of the Company's internal controls and the overall quality of the Company's financial statements;
- discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended;
- received from, and discussed with, the independent auditor the written disclosures and the letter required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees); and
- considered the compatibility of non-audit services with the auditor's independence.

Based on the Audit Committee's meetings and discussions with management and the internal and independent auditors, the Audit Committee's review of the audited consolidated financial statements, the representations of management and the report of the independent auditors to the Audit Committee, the

Audit Committee has recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

STOCKHOLDERS' PROPOSALS FOR THE 2007 ANNUAL MEETING

The Company expects to hold the 2007 Annual Meeting of Stockholders on May 4, 2007. Under Rule 14a-8 of the Exchange Act, stockholder proposals to be included in the proxy statement for the 2007 Annual Meeting of Stockholders must be received by the Company's Secretary at its principal executive offices no later than December 2, 2006 and must comply with the requirements of Rule 14a-8 of the Exchange Act.

Additionally, a stockholder may propose business for consideration at such meeting by delivering written notice to the Secretary of the Company at the principal executive offices of the Company not less than seventy (70) days nor more than ninety (90) days prior to the first anniversary of the preceding year's annual meeting. Accordingly, the stockholder must provide written notice to the Secretary of the Company no later than February 23, 2007 and no earlier than February 2, 2007 in order to provide timely notice. APPENDIX A

**WATSON PHARMACEUTICALS, INC.
DIRECTOR INDEPENDENCE STANDARDS**

It is the policy of the board of directors (the *Board*), of Watson Pharmaceuticals, Inc. (*Watson*), that a majority of the members of the Board (each, a *Director*, and together *Directors*), be independent of Watson and of Watson's management. For a Director to be deemed independent, the Board shall affirmatively determine that the Director has no material relationship with Watson or any member of the senior management of Watson or his or her affiliates. This determination shall be disclosed in the proxy statement for each annual meeting of Watson's shareholders. In making this determination, the Board shall broadly consider all relevant facts and circumstances and shall apply the following standards:

- A Director who is, or has been within the last three years, an employee of Watson, or whose immediate family member is, or has been within the last three years an executive officer of Watson, may not be deemed independent. Employment as an interim Chairman or Chief Executive Officer or other executive officer shall not disqualify a Director from being considered independent following that employment.
- A Director who has received, or who has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from Watson, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent on continued service), may not be deemed independent. Compensation received (a) by a Director for former service as an interim Chairman or Chief Executive Officer or other executive officer or (b) by an immediate family member for service as a non-executive employee of Watson will not be considered in determining independence under this test.
- A Director (a) who is, or whose immediate family member is, a current partner of a firm that is Watson's external auditor; (b) who is a current employee of such a firm; (c) who has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance practice; or (d) who was, or whose immediate family member was, within the last three years (but is no longer) a partner or employee of such a firm and personally worked on Watson's audit within that time, may not be deemed independent.
- A Director who is, or whose immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of Watson's present executive officers serves or served on that company's compensation committee, may not be deemed independent.
- A Director who is a current employee or general partner, or whose immediate family member is a current executive officer or general partner, of an entity that has made payments to, or received payments from, Watson for property or services in an amount that, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of either company's consolidated gross revenues, may not be deemed independent.
- A Director who is a current employee or general partner, or whose immediate family member is a current executive officer or general partner, of an entity that is indebted to Watson, or to which Watson is indebted, and the total amount of such indebtedness, exceeds the greater of \$1 million or 2% of either company's consolidated gross revenues, may not be deemed independent.
- A Director who is, or whose immediate family member is, affiliated with or employed by a tax-exempt entity that received significant contributions (i.e., more than 2% of the annual contributions received by the entity or more than \$1,000,000 in a single fiscal year, whichever amount is lower)

from Watson, any executive officer or any affiliate of an executive officer within the preceding twelve-month period may not be deemed independent.

For purposes of these standards, the terms:

- an affiliate of a director or an executive officer means any entity that controls, is controlled by or is under common control with, such director or executive officer;
- executive officer means an officer within the meaning of Rule 16a-1(f) under the Securities Exchange Act of 1934;
- immediate family means spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than employees) sharing a person's home, but excluding any person who is no longer an immediate family member as a result of legal separation or divorce, or death or incapacitation; and
- any reference to Watson in the foregoing standards shall be deemed to include Watson and all of its subsidiaries.

The Board shall undertake an annual review of the independence of all non-employee Directors. In advance of the meeting at which this review occurs, each non-employee Director shall be asked to provide the Board with full information regarding the Director's business and other relationships with Watson and with senior management and their affiliates to enable the Board to evaluate the Director's independence. Directors have an affirmative obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent. This obligation includes all business relationships between, on the one hand, Directors or members of their immediate family and, on the other hand, Watson or members of senior management and their affiliates.
