CORPORATE GOVERNANCE

Corporate governance is the system by which companies are directed and controlled and involves the distribution of rights and responsibilities among the Board, management and the Company's Members. The Company has established Corporate Governance Guidelines that spell out its overall approach towards corporate governance.

The Company also has a Code of Business Conduct that applies to all directors, officers and employees in carrying out their responsibilities to, and on behalf of, the Company. No waivers of the Code of Business Conduct were requested of, or granted by, the Board for any director or executive officer during 2011.

The Company's Corporate Governance Guidelines and Code of Business Conduct are available at our website, www.whitemountains.com. These documents are available in print, free of charge, to any Member upon request.

The Board

The day-to-day management of the Company, including preparation of financial statements and short-term and long-term strategic planning, is the responsibility of management. The primary responsibility of the Board is to oversee and review management's performance of these functions in order to advance the long-term interests of the Company and its Members.

In fulfilling this responsibility, directors must exercise common sense business judgment and act in what they reasonably believe to be in the best interests of the Company and its Members. Directors are entitled to rely on the honesty and integrity of senior

management and the Company's outside advisors and auditors. However, it is the Board's responsibility to establish that they have a reasonable basis for such reliance by ensuring that they have a strong foundation for trusting the integrity, honesty and undivided loyalty of the senior management team upon whom they are relying and the independence and expertise of outside advisors and auditors.

Mr. Barrette serves as Chairman of the Board and as CEO of the Company. The Board believes that the most effective leadership structure for the Company at the present time is for Mr. Barrette to serve in both roles. As CEO, Mr. Barrette is effective at overseeing the complex, decentralized operations of the Company. By virtue of his broad knowledge of the insurance industry and his long experience and track record with the Company, the Board believes Mr. Barrette is best suited to preside over the Board and set its agendas. The Board is composed of directors that, together, are knowledgeable and experienced in all aspects of the Company's business, and the Board is satisfied that the current structure provides strong oversight of the Company's affairs.

At meetings of the Board, an independent director presides over a separate session of non-management directors without Company management present.

Table of Contents

Director Independence

The Board has determined that a majority of the Company's current directors are independent, as defined in Section 303A of the New York Stock Exchange (NYSE) Listed Company Manual. Those directors determined to be independent are Messrs. Brouillette, Clark, Davis, Frinquelli and Smith and Ms. Holiday. For a director to be independent, the Board must determine that the director has no relationship with the Company (other than being a director or shareholder of the Company or its subsidiaries) or has only immaterial relationships with the Company. The Company does not apply categorical standards as a basis for determining director independence. Accordingly, the Board considers all relevant facts and circumstances, on a case-by-case basis, in making an independence determination.

The Board notes no current relationships (other than being directors or shareholders) with Messrs. Brouillette, Clark, Davis, Frinquelli and Smith or Ms. Holiday. The Board notes a relationship with Mr. Clark that ended in 2011, as disclosed herein under "Transactions with Related Persons, Promoters and Certain Control Persons", and that it concluded was immaterial and did not impair his independence. In making its independence determinations, the Board considers all such relationships in light of NYSE standards as well as the attributes it believes should be possessed by independent-minded directors. Those attributes include the relative impact of the transactions to the director's personal finances, the perceived degree of dependence by the director or the Company upon the relationship or transactions continuing in the future and whether the transactions were on terms that were reasonable and competitive. The Board concluded that Mr. Clark's prior relationship did not and does not impair his independence.

During 2011, the following meetings of the Board were held: seven meetings of the full Board, nine meetings of the Audit Committee, five meetings of the Compensation Committee, three meetings of the Nominating and Governance Committee, and two meetings of the Finance Committee. It is WTM practice that all directors are invited to and generally attend all Committee meetings. In addition, each Committee Chair provides regular updates to the Board regarding Committee activities.

Audit Committee

The primary purposes of the Audit Committee are to: (1) assist with Board oversight of: the integrity of the Company's financial statements; the qualifications and independence of the independent auditors; the performance of the internal audit function and the independent auditors; and the Company's compliance with legal and regulatory requirements; (2) provide an avenue of communication among the independent auditors, management, the internal auditors and the Board; (3) approve certain related or affiliated person transactions and review disclosures thereof and (4) prepare the Audit Committee Report (which appears on page 31). In addition, with respect to risk management, the Committee discusses with management the Company's policies with respect to risk assessment and risk management, including the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form DEF 14A

The Audit Committee is comprised of Messrs. Smith (as Chairman), Brouillette and Frinquelli and Ms. Holiday. The Finance Committee is currently comprised of Messrs. Frinquelli (as Chairman), Barrette, Brouillette, Gillespie and Smith.

Risk Oversight

The Board, directly and through its Committees, plays an active role in the oversight of the Company's risk management. The subject of risk management is a recurring agenda item, for which the Board regularly receives reports from management on capital, investments, and operations, including the risks associated with each and the steps management is taking to manage those risks.

The Board also discusses with management the Company's business strategy, risk appetite and appropriate levels of risk.

The Board's committees are assigned oversight responsibility for particular areas of risk. For example, the Audit Committee receives a report, at least annually, on company-wide risks which encompass operational, financial, legal, compliance and reputational risks. The Compensation Committee oversees risk related to executive compensation plans and implementation. The Finance Committee oversees the risks related to managing the Company's investment portfolio.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Voting Rights of Members

As of March 30, 2012, there were 6,638,873 common shares outstanding. Members of record of common shares shall be entitled to one vote per common share, provided that if, and so long as, the votes conferred by Controlled common shares (as defined below) of any person constitute ten percent (10%) or more of the votes conferred by the outstanding common shares of the Company, each outstanding common share comprised in such Controlled common shares shall confer only a fraction of a vote that would otherwise be applicable according to the following formula:

$$[(T \text{ divided by } 10) - 1] \text{ divided by } C$$

Where: T is the aggregate number of votes conferred by all the outstanding common shares; and C is the number of votes conferred by the Controlled common shares of such person.

Controlled common shares in reference to any person means:

(1) all common shares directly, indirectly, or constructively owned by such person within the meaning of Section 958 of the Internal Revenue Code of 1986, as amended, of the United States; and

(2) all common shares directly, indirectly, or constructively owned by any person or group of persons within the meaning of Section 13(d)(3) of the Exchange Act and the rules and regulations promulgated thereunder; provided that this clause (ii) shall not apply to (a) any person (or any group that includes any person) that has been exempted from the provisions of this clause or (b) any person or group that the Board, by the affirmative vote of at least seventy-five percent (75%) of the entire Board, may exempt from the provisions of this clause.

The limitations set forth above do not apply to any Member which is a Byrne Entity (as defined below) for any matter submitted to the vote of Members, except with respect to the election of directors. Byrne Entity means Mr. Byrne and any foundation or trust established by any associate or affiliate of him (or any group of which he is a part), as defined under Section 13(d) of the Exchange Act.

If, as a result of giving effect to the foregoing provisions or otherwise, the votes conferred by the Controlled common shares of any person would otherwise represent 10% or more of the votes conferred by all the outstanding common shares, the votes conferred by the Controlled common shares of such person shall be reduced in accordance with the foregoing provisions. Such process shall

be repeated until the votes conferred by the Controlled common shares of each person represent less than 10% of the votes conferred by all common shares.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Philosophy

Our executive compensation policies are designed with the primary goal of maximizing shareholder value over long periods of time. We believe that this goal is best pursued by utilizing a pay-for-performance program that closely aligns the financial interests of management with those of our shareholders and encourages appropriate risk taking. We accomplish this by emphasizing variable long-term compensation, the value of which is tied to performance over a number of years rather than entitlements (such as base salary, pensions and employee benefits). To that end, the Compensation Committee (the Committee) has established base salaries and target annual bonuses for our executives that tend to be lower than those paid by comparable property and casualty insurers and reinsurers, while granting the bulk of an executive's target compensation as long-term incentive compensation.

We generally have structured our long-term incentive compensation as performance shares, restricted shares or performance units. At our parent company, long-term incentive compensation is typically in the form of WTM performance shares and restricted shares, which reward company-wide performance. The number of WTM common shares earned from a grant of performance shares, which can be from 0x to 2x the target number granted, is tied to our after-tax annual growth in intrinsic business value per share (as defined by the Committee) over the performance cycle. Performance shares, restricted shares and/or performance units are typically granted annually, and performance is tied to a three-year period.

Typically, we have set the performance target for a 100% payout of WTM performance shares at roughly 700 basis points above the risk-free rate, a level consistent with the risk premium that the market has demanded for investing in equities. To establish the risk-free rate, the Committee typically looks to the yield on the 10-year treasury at the beginning of the performance cycle. In general, no shares are earned if annual growth in intrinsic business value per share is less than the risk-free rate and 200% are earned if performance is 1,400 basis points above the risk-free rate. We use linear interpolation to determine the payout percentage for results in between.

Under our long-term incentive programs, at any given time an executive usually has three overlapping cycles running. This approach avoids cliffs that could foster a short-term outlook and also serves as an effective retention tool.

In the case of our Chairman & CEO, Mr. Barrette, to induce him to rejoin the Company and to incent him as an owner, in January 2007 he was granted a package of 200,000 out-of-the-money, escalating strike price options and 35,000 restricted shares, each of which vested in annual installments over five years. Mr. Barrette also received a tranche of 15,000 restricted shares that were structured to vest in the event of a change in control prior to January 20, 2012. In 2010, shareholders approved modifications to Mr. Barrette's options and, in conjunction with those changes, the Compensation Committee amended the vesting terms of the tranche of 15,000 restricted shares so that those shares time vest in three equal annual installments beginning on January 20, 2013. Mr. Barrette does not receive other long-term incentive grants.

Since OneBeacon's initial public offering in November 2006, its long-term compensation had been structured primarily in the form of OneBeacon performance shares, which reward OneBeacon's overall performance. Beginning with the 2009-2011 performance cycle, OneBeacon's long-term incentives were re-designed with the CEO and CFO receiving half in the form of performance units that are tied to underwriting performance and half in OneBeacon performance shares. Other OneBeacon executives receive a greater proportion or all of their long-term incentives in performance units or in long-term cash awards that are tied to the results of OneBeacon's specialty business as a whole and the executive's individual business unit. The number of OneBeacon common shares earned from a performance share grant, which can be from 0x to 2x the target number granted, is tied to OneBeacon's after-tax annual growth in book value per share over the performance cycle. The payout earned from a OneBeacon performance unit grant, which also can be from 0x to 2x the target number granted, is tied to OneBeacon's adjusted combined ratio over the performance cycle.

Table of Contents

At our major non-public operating subsidiaries, Sirius Group and, until its sale in 2011, Esurance, long-term incentive compensation is typically in the form of performance units. Performance units reward the performance of the particular operating group. The number of units earned at the end of the performance cycle is tied to those elements of performance for which the operating group's management has primary responsibility. As an example, because the parent company keeps responsibility for investing the assets of our non-public operating subsidiaries, in calculating performance the operating subsidiaries are credited with a standard return on their investible assets. At Sirius Group, the number of units earned can be from 0x to 2x the target number granted. In addition, for the most senior non-public operating group executives, including our Named Executive Officers who work for our wholly owned operating companies, in order to better align their interests with those of our shareholders, we typically denominate a portion of their long-term incentives in WTM performance shares and/or restricted shares.

In our long-term incentive compensation programs, we target sharing with management an aggregate of 13% to 17% of the value added above a risk-free return on our shareholders' equity. We take this approach because producing a rate of return equal to a risk-free rate does not add value to the capital owners put in the business; our shareholders would be better off putting their money in U.S. treasuries and avoiding entirely the risk of owning a portion of a business. We target sharing 13% to 17% because we compete for talent and investment opportunities where such sharing is common and because we believe that this is a fair sharing of value between owners who put their capital at risk and employees who dedicate their time and talent. In addition, as an additional guideline, we generally limit annual share grants to less than 1% of the Company's outstanding shares.

Each year, the Committee compares the originally targeted sharing percentage to the actual sharing percentage that resulted from the most recently completed performance cycle. In addition, when making new grants, the Committee assesses the impact of different performance scenarios on the potential sharing percentage. Further, in order to test our beliefs about the size of the awards we make and their variability, annually the Committee has reviewed and considered a systematic analysis prepared by management of the public disclosures about compensation made by other property and casualty insurers and reinsurers and of the amount and variability of compensation at those companies at differing levels of performance. These analyses have supported the Committee's view that our compensation programs are appropriately sized and more variable than most other insurers and reinsurers, have fewer fixed elements of compensation and perquisites, and do not lead to significant rewards for poor performance as can happen with long-term options granted with a fixed exercise price equal to the market price on the date of grant.

The Committee believes that the compensation structures that have been developed for the Company and its subsidiaries closely align the financial interests of management with those of our shareholders and encourage appropriate, but not excessive, risk taking. In the case of Sirius Group, given its exposure to catastrophic events, beginning in 2008 we implemented a catastrophe spreading mechanism with respect to both its performance units and annual bonus. This mechanism ensures that Sirius Group is charged with at least 50% of its expected annual catastrophe losses whether or not any catastrophe losses are actually incurred. Through this mechanism and Sirius Group's management of its aggregate exposure to very large catastrophic events through the monitoring of its modeled 10,000-year net financial impact, the Company's management and the Committee believe that Sirius Group's incentive plans are appropriate and do not encourage excessive risk taking.

Our Compensation Process

The Committee is responsible for approving our compensation practices that affect executive officers, and it specifically approves all compensation for our executive officers and for any employee with target annual compensation in excess of \$1.5 million. Our CEO annually presents the Committee with his evaluation of our executives, their individual performances, responsibilities and the contributions they made to the Company's accomplishments over the past year, as well as over the last long-term incentive plan cycle and his expectations for the future and succession plans. In connection with this evaluation, the CEO presents the

Committee with his recommendations for establishing the compensation for these executives for its consideration. The Committee assesses the performance, responsibilities and contributions of the CEO, considers CEO succession plans, and sets the compensation of the CEO.

Table of Contents

With the exception of significant promotions and new hires, compensation matters are usually addressed at the first meeting of the Committee each year (typically late February) following the availability of financial results for the prior year. This allows us to determine the results of prior period grants and to set targets for the current year and newest long-term performance cycle. Performance cycles for long-term compensation typically run for three years beginning on January 1st of the year of grant.

Following the OneBeacon initial public offering (the OB IPO) in November 2006, the Committee determined that it would fully delegate to the OneBeacon Compensation Committee (the OneBeacon Committee) authority for the compensation of OneBeacon's officers, including those who might be Named Executive Officers of the Company. Accordingly, compensation actions for OneBeacon personnel following the date of the OB IPO (including new annual and long-term incentives and approval of payouts on existing annual and long-term incentives) have been taken by the OneBeacon Committee (which is currently comprised of Lowndes Smith (Chair), Lois Grady and Kent Urness, who are independent directors of OneBeacon, and Mr. Barrette) and, to the extent necessary to comply with applicable regulations, a subcommittee that excludes Mr. Barrette.

Compensation for 2011

The principal elements of compensation for our executives are long-term incentive compensation, base salary, and annual incentive bonuses.

Long-Term Incentive Compensation

CEO. Mr. Barrette received no new long-term incentive grants in 2011.

Named Executive Officers. In the case of Messrs. Foy, Rountree and Waters, in determining the amount of new long-term incentive compensation grants for 2011, the Committee assessed each executive's scope of authority and ability to impact the success of the Company. Based on the Committee's general experience and the recommendation of the CEO, the Committee established a grant level that it believed was appropriate to reflect each such executive's expected contribution to the Company over the next performance cycle. Mr. Miller's level of compensation was established by the OneBeacon Committee.

For each Named Executive Officer recipient of a WTM performance share grant for the 2011-2013 performance cycle, the Committee established 10% annual growth in intrinsic business value per share as the performance target that would result in a payout of 100% of the target shares. Annual growth of 3% or less would result in a payout of 0% and annual growth of 17% or more would result in a payout of 200%. The targets were consistent with the Company's compensation philosophy described above as the yield on the 10-year treasury at the beginning of 2011 was 3.3%. To measure growth in intrinsic business value per share, the Committee looks to growth in economic value per share (weighted 50%) and growth in adjusted GAAP book value per share (weighted 50%), in each case including dividends.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form DEF 14A

In total, the WTM performance share and restricted share grants made to all employees of the Company for the 2011-2013 performance cycle totaled approximately 0.7% of the then outstanding shares, within the Committee's 1% guideline.

In addition, with respect to the 2009-2011 performance cycle which matured at the end of 2011, 10% annual growth in intrinsic business value per share (GIBVPS) was the performance target for a payout of 100% of the target shares. Annual growth of 3% or less would have resulted in a payout of 0% and annual growth of 17% or more would have resulted in a payout of 200%. At its meeting in February 2012, based on an average annual GIBVPS of 13.8%, the Committee confirmed that the payout that was earned was 155% of target. The Committee permitted the earned performance shares to be paid in cash or in WTM common shares.

David Foy. Mr. Foy has been the CFO of the Company since 2003. For the 2009-2011 cycle, Mr. Foy had been granted 9,000 target performance shares. Based on the Company's performance over the cycle, he earned 13,950 WTM common shares.

Table of Contents

For the performance cycle from 2011-2013, Mr. Foy was granted 4,250 WTM performance shares and 4,250 restricted shares. The grant date value was approximately \$3.1 million. The number of performance shares that will be earned will be determined after the end of 2013 based on the Company's performance over the cycle compared to the target described above. The restricted shares will vest on January 1, 2014, subject to Mr. Foy's continued employment.

G. Manning Rountree. Mr. Rountree is a Managing Director of White Mountains Capital and the President of White Mountains Advisors. He joined the Company in 2004. For the 2009-2011 cycle, Mr. Rountree had been granted 5,000 target performance shares. Based on the Company's performance over the cycle, he earned 7,750 WTM common shares.

For the performance cycle from 2011-2013, Mr. Rountree was granted 2,800 WTM performance shares and 2,800 restricted shares. The grant date value was approximately \$2.0 million. The number of performance shares that will be earned will be determined after the end of 2013 based on the Company's performance over the cycle compared to the target described above. The restricted shares will vest on January 1, 2014, subject to Mr. Rountree's continued employment.

Allan Waters. Mr. Waters has been the CEO of Sirius Group since 2007. In addition, from time to time Mr. Waters takes on responsibility for certain projects at the Company. For the 2009-2011 cycle, Mr. Waters had been granted 3,950 target performance shares. Based on the Company's performance over the cycle, he earned 6,122.5 WTM common shares. Based on Sirius Group's performance for the 2009-2011 performance cycle, which was an annualized after-tax, levered underwriting return on deployed capital (UROC) of 11.5%, Mr. Waters received a payout of 106.5% of the Sirius Group units granted to him for the 2009-2011 cycle at a value of \$1,384 per unit, which equaled approximately \$3.9 million.

For the performance cycle from 2011-2013, Mr. Waters was granted 2,569 Sirius Group performance units, 1,650 WTM performance shares and 1,650 restricted shares. The grant date value was approximately \$3.8 million. The performance target for the Sirius Group units is an annual 11% UROC, with a UROC of 4% or less resulting in no payout and a UROC of 18% or more resulting in a 200% payout. The number of performance shares and units that will be earned will be determined after the end of 2013 based, respectively, on the Company's and Sirius Group's performance over the cycle compared to the targets described above. The restricted shares will vest on January 1, 2014, subject to Mr. Waters' continued employment.

T. Michael Miller. Mr. Miller has been the CEO of OneBeacon since 2005. For the 2009-2011 OneBeacon performance cycle, Mr. Miller received a total combined payout of \$4.7 million from the OneBeacon performance shares and OneBeacon performance units he had been granted. In addition, he received approximately \$0.2 million from the vesting of a 2008 OneBeacon restricted stock unit award. The payout of Mr. Miller's OneBeacon performance shares was tied to average annual growth in OneBeacon's book value per share (OB GBVPS). Based on an average OB GBVPS of 14.7% over the cycle, the OneBeacon Committee approved a payout of 138.6% of the OneBeacon performance shares originally granted. This resulted in a payout of approximately \$3.5 million to Mr. Miller. In addition, based on OneBeacon's 97.6% adjusted economic combined ratio for the 2009-2011 performance cycle compared to a 95% target, Mr. Miller received a payout of 47% of the OneBeacon performance units granted to him for the 2009-2011 cycle, which equaled approximately \$1.2 million.

In early 2011, the OneBeacon board reached an agreement with Mr. Miller to secure his continued services for an extended period of time. The OneBeacon Committee made a one-time grant of 630,000 OneBeacon restricted shares to Mr. Miller, which vest in equal annual installments from February 2014 through February 2017. In exchange, Mr. Miller agreed that his OneBeacon performance share grants would be reduced by 35,000 shares per year for 6 years (i.e., 210,000 performance shares in total),

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form DEF 14A

commencing retroactive to February 2011. The restricted share grant was submitted to and approved by the shareholders of OneBeacon in May 2011.

For the performance cycle from 2011-2013, the OneBeacon Committee granted Mr. Miller 22,500 OneBeacon performance units and 108,748 OneBeacon performance shares. The grant date value was approximately \$3.7 million. The number of performance shares was subsequently reduced to 73,748 in light of the restricted share grant described above. The number of performance units and performance shares that will be earned will be determined after the end of 2013 based on OneBeacon's performance over the cycle compared to the targets described below. The performance target for the performance units is 94% average adjusted combined ratio, with a combined ratio of 98% or more resulting in no payout and a combined ratio of 90% or less resulting in a 200% payout. The OneBeacon performance units have a fixed value of \$100 per unit. For the performance shares, the OneBeacon Committee set 11% annual growth in book value per share as target performance, with a range of 4% to 18%.

Base Salary

We pay our executive officers salaries that we believe to be below-market. In 2008, we limited base salaries to a maximum of \$500,000. Each of our Named Executive Officers receives a salary of \$500,000, other than Mr. Rountree, who receives a salary of \$450,000.

Annual Incentive Bonuses

We provide annual bonus opportunities to our executive officers. Each Named Executive Officer participates in the annual bonus pool of his respective business unit. The aggregate bonus pool size for each business unit could range from 0% to 200% of target, depending upon performance. Individual bonuses can vary widely around the pool average based on individual performance and no cap (other than the size of the pool) applies to any single individual. Typically, the head of a business unit receives the average bonus percentage applicable to his business unit.

For the Named Executive Officers at the WTM level (Messrs. Barrette, Foy and Rountree), the Committee established target annual bonuses of 75% of salary for 2011, which was the same as for 2010.

For Messrs. Barrette, Foy and Rountree, their annual incentive bonuses are designed to reward company-wide performance. Based on the Company's performance in 2011, the Committee awarded a bonus pool of 150% of target taking into account the Company's 23% growth in adjusted book value per share, 9% growth in economic value per share, and its performance in achieving qualitative objectives over the course of the year. These qualitative objectives included avoiding big mistakes in uncertain investment markets, developing specialty platforms and rationalizing capital and structure at OneBeacon, maintaining a disciplined reinsurance operation and extracting additional capital, accelerating profitable growth at Esurance/AFI, and actively pursuing attractive opportunities while maintaining plenty of financial flexibility. Messrs. Barrette, Foy and Rountree received bonuses of \$450,000, \$600,000 and \$450,000, which represented 120%, 160% and 133% of target. In setting the annual bonus amount for these individuals, at Mr. Barrette's recommendation, the Committee reduced the annual bonus payouts for those individuals who had received special bonuses following the completion of the sale of Esurance/AFI, which are discussed below.

For our operating subsidiaries (including for our Named Executive Officers at operating subsidiaries), we design our annual incentives to reward performance of the applicable subsidiary operating group. Messrs. Waters and Miller, who participate in the Sirius Group and OneBeacon bonus pools, respectively, have annual bonus targets equal to 50% and 75% of base salary.

For Sirius Group, including for Mr. Waters, the performance objective was the UROC. Based on a UROC of 8.0% compared to the target of 11%, the indicated bonus pool was 57% of target. However, in light of Sirius Group's strong relative performance compared to peers in a year of heavy worldwide catastrophes, its structural reorganization which freed up substantial capital for the parent company, and the successful launch of its Lloyd's syndicate, the Committee awarded a bonus pool of 85% of target. As CEO, Mr. Waters received the pool average of 85%, or \$212,500.

For OneBeacon, including for Mr. Miller, the primary performance objective required to achieve a bonus pool of 100% of target was the achievement of a combined ratio of 95% or better. OneBeacon's actual combined ratio was 95.8%. Other performance goals included the management of expenses in conjunction with OneBeacon's changing earned premium levels, the management of the Company's ongoing specialty businesses, and optimizing capital management including debt and share repurchases and special dividends as appropriate. Based on its assessment of OneBeacon's overall performance in 2010, the OneBeacon Committee established a bonus pool of 90% of target. It awarded Mr. Miller a cash bonus of \$337,500, which equaled 90% of target.

Table of Contents

Special Esurance / AFI Bonus

Following the closing of the sale of Esurance/AFI, the Committee approved special bonuses totaling \$6.75 million for key corporate executives who greatly contributed to the success of Esurance and AFI over the years, concluding with the sale of those businesses in early October 2011 for a price of \$700 million over tangible book value. Named Executive Officers were awarded \$3 million of this amount, including \$2 million to Mr. Barrette and \$1 million to Mr. Rountree.

2012 Compensation Actions

New Long-term Incentive Grants and Annual Bonus Targets

In February 2012, the Committee and the OneBeacon Committee made new long-term incentive grants to and established annual bonus target levels for the Named Executive Officers based on the same factors described above with respect to grants made in 2011. Mr. Barrette did not receive any new long-term incentive grants.

The new long-term incentive grants for White Mountains executives (other than operating company executives) were allocated 50% as performance shares and 50% as restricted shares, which was the same allocation as in 2011.

For each Named Executive Officer recipient of a WTM performance share grant for the 2012-2014 performance cycle, the Committee established 8% annual growth in intrinsic business value per share as the performance target that would result in a payout of 100% of the target shares. Annual growth of 2% or less would result in a payout of 0% and annual growth of 14% or more would result in a payout of 200%. To measure growth in intrinsic business value per share, the Committee looks to growth in economic value per share (weighted 50%) and growth in adjusted GAAP book value per share (weighted 50%), in each case including dividends. The yield on the 10-year Treasury at the beginning of 2012 was 1.89%. In setting the target at 8%, which equaled the yield on the 10-year Treasury + roughly 600 basis points, the Committee considered many factors including its typical practice of adding roughly 700 basis points to the yield as well as the historically low interest rate environment. In addition, the Committee considered the impact of the Company's significant amount of undeployed capital on expected returns. The Committee determined that 8% was an appropriate target that properly balanced the competing demands of effectively deploying capital and remaining patient for great opportunities.

Clawback Policy

In 2010, the Company adopted a clawback policy applicable to bonuses and long-term incentive awards. If the Company is required to restate any financial statement included in an SEC filing as a result of an employee's misconduct, the Board may, without prejudice to any other remedies available to the Company, seek reimbursement of any bonus or long-term incentive award received by such person that relates in whole or in part to any period for which such financial statements were restated. If the misconduct was fraud, then in addition to other actions, the Board mandatorily will seek such reimbursement.

Perquisites

We review the perquisites that our senior management receives. The primary perquisites include housing allowances in special circumstances and personal use of corporate aircraft.

We allow our Named Executive Officers to use our corporate aircraft from time to time for personal reasons. The aggregate incremental cost to the Company is included, for proxy reporting purposes, as compensation to the Named Executive Officer. For tax purposes, we comply with IRS regulations. We do not gross-up our Named Executive Officers for their taxes associated with perquisites, including with respect to personal use of our aircraft.

Our Named Executive Officers also participate in our other benefit plans on the same terms as our other employees. These plans include medical and health insurance, company paid life insurance (which is currently capped at \$150,000 in coverage at our parent company) and charitable gift matching.

Certain Board Fees

Our Named Executive Officers do not receive director fees for serving on the Company's board of directors or for serving on the boards of directors of our wholly-owned or majority-owned subsidiaries. However, those Named Executive Officers who serve on the boards of directors of other companies in which we have a minority interest may receive director fees. We consider those board fees when evaluating the compensation of our Named Executive Officers.

Employment and Severance Agreements; Change in Control

We have no long-term employment agreements with our Named Executive Officers although, from time to time, we have entered into short-term arrangements with newly hired executives governing their compensation and severance during up to their first three years with the Company. No such arrangements are in effect with our Named Executive Officers.

At our parent company, severance benefits, if any, are determined by the Committee in its sole discretion. At our operating subsidiaries, our Named Executive Officers participate in the severance plans, if any, generally applicable at those companies.

If any of our most senior executives were to retire, in order to enable the Company to ensure a smooth transition, to receive a non-compete/non-solicit from the executive and to retain access to valuable knowledge, talents and relationships, we generally will consider entering into a one to three year consulting agreement with the executive, which would permit the executive to earn some or all of such executive's long-term incentive compensation then outstanding.

While the Company has no employment or severance agreement with Mr. Barrette, pursuant to the terms of his grants discussed above under Philosophy , if Mr. Barrette is terminated without cause, any unvested restricted shares would vest in such circumstance.

We have no standalone change in control agreements with our Named Executive Officers. However, under our long-term incentive plans, if a change in control of the Company (or a business unit, as applicable) were to occur, certain events, such as involuntary or constructive employment termination or amendments to our incentive plans which are materially adverse to its participants, may cause stock options to become fully exercisable, restricted shares to become immediately vested and performance shares and performance units to become payable in full or in part. Our plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

The grants made to Mr. Barrette include provisions pursuant to which such grants vest upon the occurrence of a change in control. While the Company typically has double-trigger change in control provisions in its long-term incentive plans, when originally making the grant to Mr. Barrette, the Committee determined that, in light of the design of Mr. Barrette s grants and as an inducement to Mr. Barrette, immediate vesting upon a change in control was appropriate.

Tax Considerations

As a Bermuda-domiciled company, we do not receive a tax deduction for compensation paid to employees of White Mountains Insurance Group, Ltd. and, accordingly, the limitation of Section 162(m) of the Internal Revenue Code does not impact compensation paid to our Named Executive Officers who are employees of non-U.S. companies (Messrs. Barrette, Foy and Waters). However, in the case of Named Executive Officers who are employees of subsidiaries that are organized in the United States (Messrs. Miller and Rountree), Section 162(m) limits the deductibility of their compensation to \$1,000,000 per individual to the extent that such compensation is not performance-based as defined in Section 162(m). The Company is cognizant of Section 162(m) and generally seeks to structure its long-term incentive programs to permit the deductibility of the bulk of such compensation paid to these Named Executive Officers. However, the Committee may approve compensation that will not meet the Section 162(m) requirements if, in the Committee's judgment, structuring compensation in such manner better promotes the Company's interests (such as with a grant of restricted shares).

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

An OB adjusted economic combined ratio of 98% or more (Threshold) would result in no payout. An adjusted economic combined ratio of 94% would result in a target payout of 100%. An adjusted economic combined ratio of 90% or lower (Maximum) would result in a 200% payout. Payouts for results in between are determined by linear interpolation.
- (b) On February 24, 2011, Mr. Waters was granted Sirius Group performance units for the 2011-2013 performance cycle under the Sirius Group Incentive Plan. Each unit is initially valued at \$1,000 and compounds in value based on Sirius Group's underwriting return on deployed capital (uroc) during the performance period. A uroc of 4% or less (Threshold) would result in no payout. A uroc of 11% would result in a target payout of 100%. A uroc of 18% or more (Maximum) would result in a 200% payout. Payouts for results in between are determined by linear interpolation.

Growth in intrinsic business value per share of 17% or more (Maximum) would result in a payout of 200%. Payouts for results in between are determined by linear interpolation.
- (d) On February 22, 2011, Mr. Miller was granted OB performance shares for the 2011-2013 performance cycle under the OneBeacon Incentive Plan. Of these, Mr. Miller relinquished 35,000 OB performance shares for the 2011-2013 performance cycle on May 24, 2011. See footnote (f). Growth in OB's book value per share of 4% or less (Threshold) would result in no payout. Growth in book value per share of 11% would result in a target payout of 100%. Growth in book value per share of 18% or more (Maximum) would result in a payout of 200%. Payouts for results in between are determined by linear interpolation.

Concurrently with the grant of the OB restricted shares, 35,000 OB performance shares granted to Mr. Miller for the 2011-2013 performance share cycle were relinquished and his performance share awards for each of the next five years will be reduced by 35,000 shares.
- (g) Represents the grant date fair value (based on a market price of \$363.60 for WTM performance shares, \$13.73 for OB performance shares and \$13.70 for OB restricted shares) as determined in accordance with ASC Topic 718 without regard to forfeitures. Assuming a maximum 200% payout, the grant date fair value of the performance shares granted to Messrs. Death or Disability

Had any of our Named Executive Officers died or become disabled on December 31, 2011, they would have been entitled to pro rata vesting of their performance shares, full vesting of their restricted shares (except for Mr. Miller's restricted shares that vest pro rata) and pro rata vesting of their performance units. Under this scenario, Messrs. Barrette, Foy, Miller, Waters and Rountree would have been entitled to receive \$9,976,120, \$12,150,067, \$8,241,318, \$10,805,959 and \$7,372,344, respectively.

For purposes of computing the amounts above, performance shares were valued at the December 31, 2011 common share closing market price (\$453.46 for White Mountains and \$15.39 for OneBeacon) including dividends since grant. Restricted shares were valued at the December 31, 2011 common share closing market price. OneBeacon performance units have a value of \$100 per unit. Sirius Group performance units were valued at actual value as of December 31, 2011. The WTM performance shares would vest pro-rated for time and at 100% of target; provided, that in the case of the 2009-2011 performance cycles, values are shown at actual performance of 155%. The OneBeacon performance shares would vest pro-rated for time and actual performance through the end of 2011 (but at not less than 50%) for the 2009-2011 and 2010-2012 performance cycles and at 100% for the 2011-2013 performance cycle. The OneBeacon performance units would vest pro-rated for time and actual performance through the end of 2011 (and at 100% for the 2011-2013 performance cycle). The Sirius Group performance units would vest pro-rated for time and Sirius Group's actual performance through the end of 2011.

Change in Control

Had both a change in control of the Company (or a business unit, as applicable) and an involuntary termination, constructive termination or materially adverse amendments to our long-term incentive plans occurred on December 31, 2011, our Named Executive Officers would have been entitled to full vesting of their performance shares at up to 200% of target (except for Mr. Miller's OneBeacon performance shares that would vest on a pro rata basis), full vesting of their restricted shares and pro rata vesting of their performance units at up to 200% of target (and at not less than target). Under this scenario, Messrs. Barrette, Foy, Miller, Waters, and Rountree would have been entitled to receive up to \$9,976,120, \$20,763,676, \$20,067,692, \$14,946,385 and \$12,884,118, respectively.

For purposes of computing the amounts above, performance shares were valued at the December 31, 2011 common share closing market price (\$453.46 for White Mountains and \$15.39 for OneBeacon) including dividends since grant. Restricted shares were valued at the December 31, 2011 common share closing market price. OneBeacon performance units have a value of \$100 per unit. Sirius Group performance units were valued at actual value as of September 30, 2011. The WTM performance shares, including the 2009-2011 performance cycle, are shown at 200% of target. The OneBeacon performance shares and performance units would vest pro-rated for time and at 100% of target for the 2009-2011 and 2010-2012 performance cycles and actual performance (but not less than 100%) for the 2011-2013 performance cycle; provided, that in the case of the 2009-2011 performance share cycle, values are shown at actual performance of 138.6%. The Sirius Group performance units would vest pro-rated for time and at actual performance through the end of 2011 (but at not less than 100%).

Our long-term incentive plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

Prospector

Mr. John Gillespie is the founder and Managing Member of Prospector. Prospector serves as a discretionary adviser with respect to specified assets, primarily equity securities, managed by WM Advisors on behalf of White Mountains and other clients of WM Advisors.

Pursuant to an investment management agreement with WM Advisors (the WMA Agreement), Prospector charges WM Advisors fees based on the following schedule: 100 basis points on the first \$200 million of assets under management; 50 basis points on the next \$200 million; and 25 basis points on amounts over \$400 million. At December 31, 2011, Prospector managed a total of approximately \$408 million of assets for White Mountains (excluding any OneBeacon assets) under this arrangement.

Prospector has separate investment management agreements with OneBeacon (the OneBeacon Agreements) pursuant to which Prospector supervises and directs specified assets, primarily equity securities, including assets in OneBeacon 's defined benefit and defined contribution plans (the ERISA Assets). All assets managed under the OneBeacon Agreements are subject to a single fee schedule that is substantially similar to the terms of the WMA Agreement fee schedule. At December 31, 2011, Prospector managed \$558 million of assets for OneBeacon under this arrangement, including \$217 million of ERISA Assets.

During 2011, Prospector earned \$6 million in total fees pursuant to the WMA Agreement and the OneBeacon Agreements.

Prospector also advises White Mountains on matters including capital management, asset allocation, private equity investments and mergers and acquisitions. Pursuant to a Consulting Agreement for those services, Prospector was granted 7,750 performance shares for the 2012-2014 cycle, 8,500 performance shares for the 2011-2013 performance cycle and 9,200 performance shares for the 2010-2012 performance cycle. In accordance with the terms of the WTM Incentive Plan, performance against target governing the performance shares will be confirmed by the Compensation Committee of the Board following the end of each performance cycle and the number of performance shares actually awarded at that time will range from 0% to 200% of the target number granted. Based on the Company 's performance, Prospector received 151% of the 10,800 performance shares granted for the 2009-2011 performance cycle for a total payout of \$7.9 million. Unless and until the Consulting Agreement has been terminated, and subject to the approval of the Compensation Committee, at the beginning of each performance cycle Prospector is to be granted performance shares with a value of approximately \$4.5 million. The Compensation Committee establishes the performance target for such performance shares.

Pursuant to a revenue sharing agreement, Prospector has agreed to pay White Mountains 6% of the revenues in excess of \$500,000 of certain of Prospector 's funds in return for White Mountains having made a founding investment in 1997. During 2011,

White Mountains earned \$0.2 million under this arrangement.

At December 31, 2011, White Mountains had \$109 million invested in limited partnership investment interests managed by Prospector (the Funds). This total includes \$43 million of OneBeacon assets. Under the limited partnership agreements, Prospector serves as general partner and general manager of the Funds and is paid management and incentive performance fees by White Mountains and OneBeacon. For the year ended December 31, 2011, White Mountains and OneBeacon incurred \$1 million in management fees and \$0 in incentive fees. In addition, Messrs. Barrette, Davis, Gillespie and Waters, each a director of the Company, and Mr. Campbell, an executive officer of the Company, owned limited partnership investment interests managed by Prospector as of such date.

Franklin Mutual Advisers

On January 7, 2011, the Company agreed to repurchase 140,000 WTM common shares from mutual funds managed by Franklin Mutual Advisers. The price per share was \$342.50, which was \$2.50 less than the market price at the time the agreement was reached.

Other relationships and transactions

Mr. Clark, a director of the Company, was a Vice Chairman of Barclays Capital from 2008 until his retirement in 2011. Barclays has, from time to time, provided various services to White Mountains including investment banking services, brokerage services, underwriting of debt and equity securities and financial consulting services.

Mr. Gillespie, a director of the Company, indirectly through general and limited partnership interests holds a 33% interest in Dowling & Partners Connecticut Fund III, LP (Fund III). Two of the Company's indirect subsidiaries, OneBeacon Professional Insurance (OBPI) and White Mountains Specialty Underwriting, Inc. (WMSUI), had previously borrowed approximately \$8 million and \$7 million, respectively, from Fund III in connection with an incentive program sponsored by the State of Connecticut known as the Connecticut Insurance Reinvestment Act (the CIR Act). The CIR Act provides for Connecticut income tax credits to be granted for qualifying investments made by approved fund managers. Both loans were repaid in full during 2006. The loans were qualifying investments which generated tax credits to be shared equally between Fund III on the one hand and OBPI and WMSUI on the other. As a result of his interest in Fund III, during 2009, Mr. Gillespie generated approximately \$0.5 million in such tax credits.

Review, Approval or Ratification of Transactions with Related Persons

The Company's Audit Committee Charter states that the Audit Committee shall approve any related or affiliated person transactions and review disclosures thereof. In determining whether to approve or reject a related person transaction, the Audit Committee takes into account, among other factors it deems appropriate, whether the proposed transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related persons' economic interest in the transaction. For purposes of Audit Committee approval, a related person transaction is defined as any transaction that is required to be reported under Item 404 of SEC Regulation S-K.

During 2011, the Audit Committee approved all Transactions with Related Persons occurring since the beginning of the Company's calendar year.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2011 with respect to the common shares that may be issued under White Mountains' existing incentive compensation plans. Performance shares awarded under the WTM Incentive Plan are typically paid in cash, though they may be paid in the Company's common shares at the election of the Board or a Committee of the Board. For that reason, these plans are listed in the Equity Compensation Plan Table below. Grants of phantom performance shares made under subsidiary incentive plans (which are payable in cash) and grants made under the OneBeacon Incentive Plan (which are payable in OneBeacon common shares) are excluded from this table.

Edgar Filing: WHITE MOUNTAINS INSURANCE GROUP LTD - Form DEF 14A

	(1)	(2)	(3)
Plan category	Number of securities that may be issued upon exercise or vesting of outstanding options, warrants and rights at target	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (1))
Equity compensation plans approved by security holders - WTM Incentive Plan:			438,894 (a)
Performance shares	140,975	\$ 0	

(a) Under NYSE rules, common shares remain available for issuance when the Company pays cash or establishes deferred compensation balances in the settlement of its performance share obligations (which is typically the case) rather than issuing common shares. However, the Compensation Committee has taken a more conservative approach by counting the number of performance shares granted at target against the WTM Incentive Plan inventory. Under the Company's approach, as of April 3, 2012, 109,758 common shares remained available for grant at target under the WTM Incentive Plan, which could result in up to 219,516 common shares being issued.

AUDIT COMMITTEE REPORT

In connection with the audit of the Company's financial statements for the year ended December 31, 2011, the Audit Committee has: (1) reviewed and discussed with management and PwC the Company's audited financial statements for the year ended December 31, 2011, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's audit of the Company's internal control over financial reporting; (2) reviewed and discussed with PwC the matters required by Statement of Auditing Standards No. 61, as amended; and (3) received the written disclosures and the letter from PwC required by the applicable Public Company Accounting Oversight Board rules and discussed with PwC their independence.

Based on these reviews and discussions, the Audit Committee determined that the non-audit fees billed by PwC for services performed in 2011 and 2010 (as presented herein) are compatible with maintaining their independence. Further, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC and for presentation to the Members at the 2012 Annual Meeting.

Management is responsible for the preparation, presentation and integrity of the Company's consolidated financial statements as well as for establishing and maintaining adequate internal control over financial reporting. The Company's independent registered public accounting firm, PwC, is responsible for expressing its opinion on the conformity of the Company's audited financial statements with Generally Accepted Accounting Principles (GAAP). In addition, PwC is responsible for expressing its opinion on the effectiveness of the Company's internal control over financial reporting. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with GAAP; that, as described above, is the responsibility of management and PwC. In giving its recommendation to the Board, the Audit Committee has relied on (1) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with GAAP and (2) the reports of PwC with respect to such financial statements.

The Audit Committee has established a Charter which outlines its primary duties and responsibilities. The Audit Committee Charter, which has been approved by the Board, is reviewed at least annually, is updated as necessary and is available for viewing at www.whitemountains.com.

Delivery of Documents to Members Sharing an Address

SEC regulations permit a single set of the Annual Report and Proxy Statement to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each Member will continue to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information shareholders receive and reduces our mailing and printing costs. Those Members who desire additional copies of this document or would like to receive separate copies of this document in the future should contact their bank, broker or other holder of record or the Corporate Secretary at the address presented under Available Information below.
