Dear Fellow Stockholders:

You are cordially invited to attend the 2013 Annual Meeting of Stockholders of Old Point Financial Corporation, the holding company for The Old Point National Bank of Phoebus and Old Point Trust & Financial Services, N.A. The meeting will be held on Tuesday, May 28, 2013 at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia. The accompanying Notice and Proxy Statement describe the matters to be presented at the meeting. Also accompanying the proxy statement is our 2012 Annual Report to Stockholders that will be reviewed at the Annual Meeting.

We are pleased to be using the Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing to many of our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of this Proxy Statement and our 2012 Annual Report to Stockholders. The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how to obtain a paper copy of our proxy materials, including the Proxy Statement, our 2012 Annual Report to Stockholders and a proxy card. All stockholders who do not receive a Notice of Internet Availability of Proxy Materials will receive a paper copy of the proxy materials by mail. We believe that this process will benefit our stockholders by expediting their receipt of the proxy materials, reducing the cost of printing and distributing our proxy materials and conserving natural resources.

Please complete, sign, date, and return your proxy card or follow the instructions on your proxy card to vote by telephone or over the Internet as soon as possible. Whether or not you will be able to attend the Annual Meeting, it is important that your shares be represented and your vote recorded. If you decide to attend the Annual Meeting in person, you can revoke your proxy any time before it is voted at the Annual Meeting (provided that, if your shares are held in "street name" through a bank, broker or other holder of record, and you plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card to bring to the meeting as proof of your authority to vote the shares).

We appreciate your continuing loyalty and support of Old Point Financial Corporation.

Sincerely,

Robert F. Shuford, Sr.  
Chairman of the Board and President

PROXY STATEMENT

---

2013 ANNUAL MEETING OF STOCKHOLDERS

To be held on May 28, 2013

General

This proxy statement is furnished to holders of the common stock of Old Point Financial Corporation (the “Company”) in connection with the solicitation by and on behalf of the Company’s Board of Directors of proxies to be used at the Company’s 2013 Annual Meeting of Stockholders (the “Annual Meeting”) to be held Tuesday, May 28, 2013, at 6:00 p.m. at The Hampton Roads Convention Center, 1610 Coliseum Drive, Hampton, Virginia.

Electronic Notice and Mailing; Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on May 28, 2013.

Pursuant to the rules promulgated by the Securities and Exchange Commission (the “SEC”), the Company has elected to make its proxy materials available to stockholders on the Internet or by delivering paper copies of these materials by mail. Accordingly, on or about April 18, 2013, the Company mailed a Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”) to some stockholders and mailed paper copies of the proxy materials to some stockholders. If you received a Notice of Internet Availability by mail, you will not automatically receive a paper copy of the proxy materials by mail. Instead, the Notice of Internet Availability contains instructions on how to access and review this proxy statement, form of proxy card and our 2012 Annual Report to Stockholders and vote via telephone or via the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability. As of April 18, 2013, and for a period through the date of the Annual Meeting, all stockholders will have the ability to access all of the proxy materials at [www.envisionreports.com/opof](http://www.envisionreports.com/opof).

The proxy materials include:

- \* Our proxy statement for the Annual Meeting;
- \*Our 2012 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2012; and
- \* Our proxy card.

Voting and Revocation of Proxies

If you are a stockholder of record, you may vote in person at the Annual Meeting or by proxy. You may vote your shares by proxy in one of the following ways: (1) use the toll-free number on your proxy card or follow the instructions on the Notice of Internet Availability to submit your proxy via telephone; (2) visit the website shown on your proxy card or Notice of Internet Availability to submit your proxy via the Internet; or (3) if you have received a printed copy of our proxy materials, complete, sign, date and return the proxy card in the postage paid envelope

provided with such printed materials.

---

If your shares are held in “street name,” through a broker or other nominee, that institution will send you separate instructions describing the procedure for voting your shares and you will need to follow those instructions in order to vote your shares. Many brokers also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your brokerage firm on your vote instruction form. As the record holder of your shares, your broker is required to vote your shares according to your instructions. Under the current rules of the New York Stock Exchange, or NYSE, if you do not give instructions to your broker, it will still be able to vote your shares with respect to certain “routine” items, but will not be allowed to vote your shares with respect to certain “non-routine” items. The ratification of Yount, Hyde & Barbour, P.C. as our independent registered public accounting firm (proposal four) is considered to be a routine item under the NYSE rules and your broker will be able to vote on that item even if it does not receive instructions from you, so long as it holds your shares in its name. The election of directors (proposal one), the advisory vote on the compensation of the Company’s named executive officers (proposal two), and the advisory vote of the frequency of future advisory votes on executive compensation (proposal three) are “non-routine” items. If you do not instruct your broker how to vote with respect to these items, your broker may not vote your shares with respect to these proposals. “Broker non-votes” are shares held by customers that may not be voted on certain matters because the broker has not received specific instructions from the customers.

If you are a stockholder of record, you may change or revoke your proxy at any time before your shares are voted at the Annual Meeting, by any of the following methods: (1) submit a written notice of revocation to the Secretary of the Company by the close of business on May 27, 2013; (2) submit a completed proxy card bearing a later date than your original proxy card by the close of business on May 27, 2013; (3) use the toll-free number shown on your proxy card or follow the instructions on the Notice of Internet Availability to submit your proxy via telephone, by 6:00 p.m., Eastern time, May 28, 2013; (4) visit the website shown on your proxy card or Notice of Internet Availability and follow the instructions to submit your proxy via the Internet, by 6:00 p.m., Eastern time, May 28, 2013; or (5) attend the Annual Meeting and request to vote in person.

If your shares are held in “street name” through a bank, broker or other holder of record, you should follow the instructions from your bank, broker or agent to revoke your proxy or change your vote.

Voting your shares via telephone or via the Internet, or sending in a proxy card will not affect your right to attend the Annual Meeting and to vote in person. If your shares are held in “street name” through a bank, broker or other holder of record, and you plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker’s proxy card to bring to the meeting as proof of your authority to vote the shares.

Proxies will extend to, and will be voted at, any properly adjourned session of the Annual Meeting. If a stockholder specifies how the proxy is to be voted with respect to any proposals for which a choice is provided, the proxy will be voted in accordance with such specifications. If a stockholder fails to specify with respect to such proposals, the proxy will be voted FOR the election of the director nominees in proposal one; FOR approval of the compensation of the Company’s named executive officers in proposal two; for an EVERY YEAR frequency for future advisory votes on executive compensation in proposal three; and FOR the ratification of the appointment of Yount, Hyde & Barbour, P.C. as the Company’s independent registered public accounting firm in proposal four, as set forth in the accompanying notice and further described herein.

#### Voting Rights of Stockholders

Only those stockholders of record at the close of business on March 20, 2013, are entitled to notice of and to vote at the Annual Meeting, or any adjournments thereof. The number of shares of common stock of the Company outstanding and entitled to vote at the Annual Meeting is 4,959,009. The Company has no other class of stock outstanding. The presence of a majority of the shares entitled to be voted, represented in person or by proxy, will constitute a quorum for the transaction of business.

Each share of Company common stock entitles the record holder thereof to one vote for each matter to be voted upon at the Annual Meeting, except that in the election of directors cumulative voting entitles a stockholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such stockholder or to distribute his or her votes on the same principle between two or more nominees as he or she sees fit. The Board of Directors will instruct the proxies to use cumulative voting, if necessary, to elect all or as many of the nominees as possible. Shares for which the holder has elected to abstain or to withhold the proxies' authority to vote (including broker non-votes) on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to a matter.

With regard to the election of directors, votes may be cast in favor or withheld. If a quorum is present, the nominees receiving the greatest number of affirmative votes cast at the Annual Meeting, even though less than a majority, will be elected directors; therefore, votes withheld and broker non-votes will have no effect.

With regard to the advisory vote on the frequency of future advisory votes on executive compensation, stockholders may vote for a frequency of every year, every two years or every three years, or may abstain from voting. If a quorum is present, the frequency that receives the highest number of votes in favor, even though less than a majority, will be the frequency that is recommended by the stockholders. Therefore, abstentions and broker non-votes will have no effect.

For all other proposals, votes may be cast in favor or against, or stockholders may abstain from voting. Approval of these other proposals (including the advisory vote to approve executive compensation and the ratification of the Company's independent registered public accounting firm) requires an affirmative vote of a majority of the shares cast on the matter. Thus, although abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum, they are generally not counted for purposes of determining whether such a matter has been approved and will have no effect.

#### Directions to Annual Meeting

To obtain directions to attend the Annual Meeting and vote in person, please contact Sandra Routten, the Company's Corporate Administrative Officer, at (757) 728-1231.

#### Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitations will be made only by the use of the mail, except that officers and regular employees of the Company, The Old Point National Bank of Phoebus (the "Bank") and Old Point Trust & Financial Services, N.A. (the "Trust Company") may make solicitations of proxies in person or by telephone or mail, acting without compensation other than their regular compensation. We anticipate that brokerage houses and other nominees, custodians, and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the stock held of record by such persons, and the Company will reimburse them for their charges and expenses in this connection.

#### Corporate Governance

The Board of Directors is elected by the Company’s stockholders; the Board, in turn, is the Company’s governing body, responsible for hiring, overseeing and evaluating management. Management is charged with the day to day operations of the Company and its affiliates.

The Board’s primary responsibility is to provide oversight, counseling and direction to management in their efforts to fulfill the corporate strategy in maximizing opportunities, while addressing related business risks. The Board has delegated various responsibilities and authority to different Board committees, which include the Executive Committee, Audit Committee, Directors Loan Committee, Directors Loan Review Committee and Compensation and Benefits Committee.

Management has been delegated the authority and responsibility for managing the Company’s lines of businesses in a manner consistent with the Company’s Strategic Plan and Code of Ethics, and in accordance with any specific plan, instructions or direction of the Board of Directors or one of the Board’s committees. The Chief Executive Officer and management are required to seek the advice and, in appropriate situations, the approval, of the Board with respect to extraordinary actions to be undertaken by the Company.

The Company currently combines the role of Chairman with the role of CEO because it believes that Mr. Shuford, Sr., is most familiar with the Company’s business and industry and best suited to lead the Board discussions and execution of strategy. At this time, having one person serve as both Chairman and CEO demonstrates to the Company’s employees, stockholders and customers that the Company is under strong leadership. At this time, this structure promotes accountability and effective decision-making. The Company’s independent directors bring experience, oversight and expertise from outside the company and industry, while the CEO brings company-specific experience and expertise. The Board believes that the combined role of Chairman and CEO promotes strategy development and execution, and facilitates information flow between management and the Board, which are essential to effective governance. Mr. Shuford, Sr. also serves as Chairman of the Bank Board of Directors. Mr. Morris serves as President & CEO of the Bank and Mr. Jordan, II serves as President & CEO of the Trust Company. We believe that this leadership structure is currently the most appropriate for the Company.

In addition, Dr. Greene serves as Chairman of the independent directors and presides over executive sessions quarterly with independent directors to discuss matters that they would bring back to management for further discussion. Dr. Greene also presides over executive sessions with independent directors whenever there may be a vacancy on the Board and this information is brought back for discussion and a vote by the full Board. Dr. Greene’s professional background, experience and education make him instrumental in serving as Chairman of the independent directors for the Board of Directors. The Board periodically reviews its leadership structure to determine if it is still the most appropriate for the Company.

#### Board Role in Oversight of Risk

The Board of Directors has responsibility for oversight of the Company’s risk. The Board of Directors manages risk through representative participation on the Company’s committees. Minutes and reports of committee meetings are reviewed by the Board. Policies for all major risk areas are approved annually by the Board. Independent review and monitoring functions within the Company report to respective committees addressing areas of financial, liquidity, operational, credit, fiduciary, and compliance risks. Committees with a major role in risk oversight are the Audit Committee, Directors Loan Committee, Directors Loan Review Committee, Asset and Liability Committee,

Compensation and Benefits Committee, and the Strategic Planning Committee.

The Audit Committee, composed of independent directors, oversees the Company's management of significant risks by reviewing the scope of work and reports from the Company's independent registered public accounting firm, internal audit, and the regulatory management function. The Directors Loan Committee and Directors Loan Review Committee analyze lending activities, significant credits, and evaluate credit risk. The Director's Loan Review Committee reviews the scope of and reports, from the Loan Review function.

The Asset and Liability Committee and subcommittee thereof monitor and report to the Board on the management of the asset and liability risk of the Company.

The Compensation and Benefits Committee assesses the fairness of, and the risks associated with, the compensation and benefits structure.

The Strategic Planning Committee evaluates global risks in the development of the Company's strategic plan.

As circumstances warrant, the Committees present reports to the Board of Directors regarding the respective committee's analysis of the risks and steps the committee recommends that the Board and management have taken to address these risks.

#### Board Committees and Attendance

The Board of Directors is comprised of a majority of "independent directors," as defined by the listing standards of the NASDAQ Stock Market. Independent directors do not receive consulting, legal or other fees from the Company other than Board and committee compensation. Although companies affiliated with certain of these directors provide goods and services to the Company, the Board of Directors has determined in accordance with the NASDAQ listing standards that these independent directors have no relationships with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. The independent directors are Messrs. Chisman, Evans, Glasser, Harris, Morgan, Riddle, Dr. Clark, Dr. Greene and Mrs. Thacker.

The Board reviews each director's independence status on an annual basis to ensure compliance with NASDAQ listing standards. In addition to reviewing the relationships and transactions disclosed under "Compensation and Benefits Committee Interlocks and Insider Participation" and under "Interest of Management in Certain Transactions" below, the Board also considered the relationships discussed below in determining each director's independence status.

The Board considered the relationship between the Company and the law firm of Glasser & Glasser, of which Mr. Glasser is a partner, which law firm received fees of approximately \$41 thousand for performance of legal services for one of the Company's subsidiaries in 2012. The Board also considered the relationship of Mr. Glasser and Crown Center Associates with the Company (discussed under "Interest of Management in Certain Transactions"). The Board has determined that these relationships do not interfere with Mr. Glasser's ability to act in an independent manner.

The Board considered the relationship between the Company and Riddle Associates, Inc., of which Mr. Riddle is owner, which received fees of approximately \$7 thousand in 2012 from the Company. The Board has determined that the relationship does not interfere with Mr. Riddle's ability to act in an independent manner.

The Board considered the relationship between the Company and J. R. Chisman Development Company of which Mr. Chisman is owner, which received fees of approximately \$16 thousand in 2012 from the Company. The Board has determined that the relationship does not interfere with Mr. Chisman's ability to act in an independent manner.

The Board also considered the relationship of Mr. Morgan and Morgan-Marow Insurance with the Company (discussed under "Interest of Management in Certain Transactions"). The Board has determined that this relationship does not interfere with Mr. Morgan's ability to act in an independent manner.

During 2012 there were 13 meetings of the Board of Directors of the Company. Each director attended at least 75% of all meetings of the Board and committees on which he or she served.

The independent directors also met in regularly scheduled executive sessions in March, June, September and December of 2012.

The Company has not adopted a formal policy on Board members' attendance at its annual meetings of stockholders, although all Board members are invited and encouraged to attend and, historically, most have done so. All 15 Board members attended the Company's 2012 Annual Meeting of Stockholders.

The Board of Directors of the Company has standing Executive, Audit and Compensation and Benefits Committees.

**Executive Committee.** Current members of the Executive Committee are Messrs. Shuford, Sr. (Chairman), Harris, Morris and Dr. Greene and Mrs. Thacker. The Executive Committee serves in an advisory capacity, reviewing matters and making recommendations to the Board of Directors. The Executive Committee met four times in 2012.

**Compensation and Benefits Committee.** The Compensation and Benefits Committee consists of four non-employee directors, Dr. Greene, (Chairman), Messrs. Chisman, Evans, and Dr. Clark. The Committee does not operate under a written charter. The Board of Directors has determined that the members of the Committee are "non-employee directors" (within the meaning of Rule 16b-3 of the Exchange Act) and "independent directors" (within the meaning of Rule 5605(a)(2) of the NASDAQ Listing Rules). In addition, no Committee member is a current or former employee of the Company or any subsidiary or affiliate. While the Committee members are not required to have certain qualifications or special knowledge, they each have held or currently hold high-level management and employee supervisory positions in their respective fields that include duties relating to compensation of employees at multiple levels.

The Committee reviews and recommends compensation adjustments for all exempt employees (including senior management). The Committee submits its recommendations to the full Board for final approval. The Committee met three times in 2012. The dates, meeting times and agenda items for committee meetings are set in accordance with the subject matter to be discussed and are determined by the Committee Chairman and the Human Resources Director.

**Audit Committee.** Current members of the Audit Committee are Mrs. Thacker (Chairman), Messrs. Evans, Harris, and Dr. Greene. The Board of Directors has determined that all of the members of the Audit Committee satisfy the independence and financial literacy requirements for audit committee members under the NASDAQ listing standards and applicable SEC regulations. In addition, at least one member of the Audit Committee has past employment experience in finance or accounting or comparable experience which results in the individual's financial sophistication. The Board of Directors has also determined that Mr. Evans qualifies as an "audit committee financial expert" within the

meaning of applicable regulations of the SEC promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee assists the Board in its financial reporting oversight duties, internal controls, audit function, whistleblower policy, and other matters relating to corporate governance. The Audit Committee is responsible for the appointment, compensation, and oversight of the work of the Company's independent registered public accounting firm. The Audit Committee reviews on a regular basis the work of the Company's internal audit department. It also reviews and approves the scope and detail of the continuous audit program, which is conducted by the internal audit staff to protect against improper and unsound practices and to furnish adequate protection for all assets and records. During 2012, the Audit Committee met four times.

The Audit Committee operates under a written charter adopted by the Board of Directors. The Committee reviews and reassesses the charter annually and recommends any changes to the Board for approval. The Audit Committee Charter is posted on the Company's website of [www.oldpoint.com](http://www.oldpoint.com) under the About link, then the Investor Relations link and then under the Governance Documents link.

**Nominations.** The Board of Directors does not have a standing nominating committee or nominating committee charter because it believes it can have an independent nominating process without a separate nominating committee. Pursuant to a resolution passed by the Board of Directors and consistent with NASDAQ Listing Rules, director nominees are selected and recommended for consideration to the full Board of Directors by a majority of the directors who are independent according to the NASDAQ listing standards. For this purpose, the following directors are independent: Messrs. Chisman, Evans, Glasser, Harris, Morgan, Riddle, Dr. Clark, Dr. Greene and Mrs. Thacker.

In addition to recommending to the full Board whether or not current directors should be nominated for reelection, the independent directors also identify new candidates in the event of a vacancy on the Board. The independent directors identify potential director candidates from a variety of sources, including management, consultants and other individuals likely to possess an understanding of the Company's business and knowledge of suitable candidates. The independent directors evaluate the qualifications of candidates for membership to the Board of Directors. Following this evaluation process, candidates are selected by a majority of the independent directors to be recommended for nomination by the full Board of Directors. The full Board then selects nominees to recommend to the Company's stockholders in the annual election process or appoints new directors to serve until the next annual election.

Qualifications for consideration as a Board nominee may vary according to the particular areas of expertise being sought to complement the existing Board composition. However, in making their nomination recommendations to the Board of Directors, the independent directors consider, among other things, an individual's business experience, industry experience, financial background, geographic representation, breadth of knowledge about issues affecting the Company, time available for meetings and consultation regarding Company matters and other particular skills and experience possessed by the individual. Also, while the Company does not have a formal diversity policy, the independent directors believe that the Board should include directors with diverse experience and backgrounds that reflect the needs of the Board. In addition, the independent directors seek director candidates that will result in the Board of Directors consisting of a majority of independent directors at all times.

The specific experience, qualifications, attributes and/or skills that led the Board to conclude that the director candidates should serve as directors are discussed further in proposal one.

While there are no formal procedures for stockholders to submit director candidate recommendations, the independent directors will consider candidates recommended in writing by stockholders entitled to vote in the election of directors. Such written submissions should include the name, address, and telephone number of the recommended candidate, along with a brief statement of the candidate's qualifications to serve as a director. All such stockholder recommendations should be submitted to the attention of the Company's Secretary at the Company's principal office located at 1 West Mellen Street, Hampton, Virginia 23663 and must be received by January 2, 2014 in order to be considered by the independent directors for the next annual election of directors. Any director candidate recommended by a stockholder will be reviewed and considered by the independent directors in the same manner as all other director candidates based on the qualifications described above.

In addition, in accordance with the Company's bylaws, any stockholder entitled to vote in the election of directors may nominate an individual for director. Notice of the intent to make any such stockholder nomination must be in writing and must include sufficient background information with respect to the nominee, including his or her name, address, principal occupation, and a discussion of the specific experience, qualifications, attributes or skills that led to the conclusion that the nominee should serve as a director, sufficient identification of the nominating stockholder, including his or her name, address and principal occupation and a representation by the stockholder of his or her eligibility and intention to appear at the annual meeting (in person or by proxy) to nominate the individual specified in the notice, a description of any arrangements or understandings between the stockholder and the nominee or others regarding the nomination, an indication of the total number of shares expected to be voted for the nominee, and the nominee's written consent to the nomination. Notice of any stockholder nomination must be received by the Company's Secretary at the Company's principal office in Hampton, Virginia, no later than March 4, 2014 for the 2014 Annual Meeting; provided, however, that such notice will not be required to be given more than 90 days prior to the 2014 Annual Meeting.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### Overview of Compensation Program

The Compensation and Benefits Committee (for purposes of this discussion, the "Committee") of the Board of Directors has responsibility for establishing, implementing and monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the Company's executive management is fair and reasonable.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") during 2012, as well as the other executive officers included in the Summary Compensation Table on page 24, are referred to as the "named executive officers" or "NEOs". The Company's senior management includes its NEOs.

## General Philosophy

The Company compensates its senior management through a mix of base salary, bonus and, in some years, equity compensation, designed to retain executive talent and to align management's incentives with the long-term interests of stockholders. The process of determining compensation consists of establishing targeted overall compensation of each senior manager and then allocating that compensation between base salary and incentive compensation. At the officer level, the Committee designs the incentive compensation to reward company-wide performance through tying awards primarily to earnings, asset and deposit growth. Currently, the Committee does not tie individual performance to incentive compensation. Generally, the types of compensation and benefits provided to the Company's senior management are intended to be similar to those provided to other executive officers in comparable institutions in Virginia. The Committee believes it is important to have the most capable managers in place and that it would be a disservice if executives were not adequately rewarded.

## Board Process

Compensation adjustments and monetary awards to executive officers are recommended by the Committee for approval by the full Board of Directors, which makes the final decisions. Mr. Shuford, Sr., CEO (Company), hereafter referred to as CEO, Mr. Morris, President & CEO (Bank), Mr. Shuford, Jr., Senior Executive Vice President and COO and Mr. Witt, Senior Executive Vice President and CAO, all of whom serve on the Company's Board of Directors, are not present during deliberations or voting with respect to their compensation.

Generally, on its own initiative, the Committee reviews the individual performance for Mr. Shuford, Sr. and Mr. Morris, and following discussions with those individuals, recommends their compensation levels to the full Board of Directors (excluding Mr. Shuford, Sr. and Mr. Morris). For the remaining NEOs, the CEO and the President & CEO (Bank) make recommendations to the Committee that generally, with minor adjustments, are accepted by the Committee and presented to the full Board of Directors for approval annually during the month of February.

In years when it grants equity compensation to executive officers, the Committee recommends to the full Board of Directors equity grants to the CEO based on the Committee's evaluation of his performance and to other executive officers based on the recommendation of the CEO.

The Committee has not used a compensation consultant for establishing executive compensation.

## Targeted Overall Compensation

To assist in establishing the aggregate level of compensation that the Company will pay, the Committee utilizes a peer group analysis of Virginia. Specifically, the 15 SEC reporting banking institutions in Virginia with assets ranging from \$600 million to \$1.5 billion are considered in the peer group. The 15 companies comprising the peer group for 2012 were: Access National Corp; American National Bankshares Inc.; C&F Financial Corp; Chesapeake Financial Shares, Inc.; Community Bankers Trust Corporation; Eastern Virginia Bankshares, Inc.; Franklin Financial Corporation; Middleburg Financial Corporation; Monarch Financial Holdings Inc.; National Bankshares Inc.; New Peoples Bankshares, Inc.; Old Point Financial Corp; Southern National Bankcorp of Virginia, Inc.; Valley Financial Corp and Virginia Heritage Bank. Generally, targeted overall compensation correlates to what these financial institutions would offer individuals to fill executive management positions with similar skills and backgrounds to those the Company employs. Additionally, total compensation is established relative to the Company's performance and internal/external peer comparisons.

Based on the peer compensation analysis and review of Company and individual performance during 2011, the targeted overall cash compensation of the CEO in 2012 was established at \$305,000, which is the same as the targeted

cash compensation for 2011. This level of compensation is below the \$370,612 average of the CEO compensation levels of the Company's peer institutions. While the Company's long-term goal is to bring the CEO's compensation level more in line with the average compensation levels of chief executive officers of the Company's peer institutions, over the past few years, the Company's performance has not warranted an increase.

The Committee follows the same process with respect to establishing targeted overall compensation for the other NEOs. While the Committee considers the peer compensation analysis, the responsibilities of the Company's NEOs vary widely and the direct comparisons with the peer group are less helpful. Based upon the Committee's review of the peer compensation analysis and review of Company and individual performance during 2011, the Committee set the overall targeted compensation for the other NEOs at levels that are in the mid-range for positions among the peer group with similar scope of responsibility and required skill level.

#### Allocation Among Components

Under the Company's 2012 compensation structure, which did not include equity compensation, the approximate mix of base salary and target incentive compensation is as follows:

	Base Salary	Incentive Compensation Target (1)	Equity Compensation
Chief Executive Officer	98 %	2 %	0 %
President & CEO (Bank)	93 %	7 %	0 %
Senior Executive Vice Presidents	93 %	7 %	0 %
Executive Vice Presidents	93 %	7 %	0 %

(1) Includes target bonus amounts for 2012 under both the Management Incentive Plan (except for the CEO) and the Profit Sharing Plan (including the CEO).

In allocating compensation among base salary, annual bonus compensation and equity compensation, the Committee believes that the compensation of senior-most levels of management should begin with a base level. Bonus and equity compensation programs are awarded based on Company performance and are designed to encourage good behavior and best practices rather than to encourage risk-based behaviors. Base salaries generally represent a large portion of the executive officers' total cash compensation and are generally considered to be average relative to the Company's peer financial institutions. Base salaries are also based on individual performance components.

The Committee believes that the top levels of management have the greatest ability to influence Company performance. Therefore, the Committee bases annual bonus compensation on Company performance. When the Bank's performance is above budgeted goals, the top levels of management are rewarded. Likewise when the Company's performance does not meet budgeted expectations, the top levels of management receive a lower or no bonus.

In 2012, the overall compensation for executives did not include equity compensation awards because the Company's stock option plan expired in 2008 and has not been replaced. The Company may consider in future years whether to institute a new stock option plan. This will depend on the economic environment and costs associated with the issuance of a new plan. The Company believes that stock option awards are an important compensation tool used for the retention of executive talent within the organization.

#### Base Salaries

The Committee strives to provide executive management with a fair and reasonable level of assured cash compensation in the form of base salary given their professional status and accomplishments. The Company has a compensation structure with salary ranges for management including the CEO and other executive managers. These ranges are based on the peer compensation analysis discussed above. The last adjustments to the ranges were made in July 2008 in an effort to remain fair and reasonable within the Company's marketplace. The structure is designed to

recruit and retain qualified personnel and is reviewed on an annual basis by the Committee to determine if adjustments to the ranges are appropriate. For 2012, the base salary ranges used for setting salaries were \$175 thousand to \$350 thousand for the CEO and from \$120 thousand to \$350 thousand for the other NEOs.

Each February, the Committee recommends the base salary of the CEO within the established range to the Board of Directors. Within this range, the CEO's base salary is determined using the peer compensation analysis in addition to the CEO's individual and Company performance during the prior year. The base salary of the CEO as of March 1, 2012 was \$300,000, which reflected no change in base salary from 2009, 2010 or 2011. This decision reflected the Committee's and the Board's view that the CEO's base compensation should remain stationary in a year of troubled economic conditions.

For the executive officers other than the CEO, each February the Committee recommends the executive's base salary within the established range to the Board of Directors, based on the recommendation of the CEO, President & CEO (Bank), and President & CEO (Trust). The base salaries of the other executive officers are determined using the peer compensation analysis in addition to the officer's individual performance during the prior year and the Company's performance during the prior year, based on the same performance objectives discussed above with respect to the CEO.

#### Bonuses

##### CEO Bonus

The bonus award for the CEO is both objectively and subjectively determined. The Committee considers the general performance of the Company in the prior year as well as the incentive award earned by the Executive Vice Presidents for the prior year to determine an appropriate bonus for the CEO. The Committee considers each of these factors but does not assign a specific value to any factor. The CEO's bonus award is determined in February after year-end so that the Committee can evaluate year-end results. Due to the performance of the Company in 2011, the CEO did not receive a bonus under this determination for 2012.

##### Management Incentive Plan

The bonus incentive plan, which is referred to as the Management Incentive Plan, is designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the overall success of the Company. Non-commissioned exempt employees, except the CEO, hired no later than the last day of the prior year and employed through year-end of the current year are eligible to participate in the Management Incentive Plan. This plan includes all of the Company's NEOs except the CEO.

The target incentive award is the amount that the participant is eligible to receive if the combined, weighted performance against the plan objectives equals an overall achievement level. Goals and incentive awards are established under the plan for the Company and are based on the operating budget. Depending upon the participant's officer level in the Company for 2012, target incentive awards ranged from 1.00% to 5.50% of annual base salary. These ranges were the same as in 2011, reflecting the Committee's and the Board's view that higher net income for 2012 is critical to the continued health of the Company. All the NEOs, except the CEO, in 2012 were eligible for a target bonus award equaling 5.50% of annual base salary if all objectives were met, a higher amount if objectives were exceeded, or a lower amount if not all of the objectives were met. The bonus awards for the NEOs participating in this plan are determined before the end of the year and are based on actual year-to-date and estimated end-of-year performance of the established goals.

The bonus awards under the Management Incentive Plan for the NEOs other than the CEO are objectively determined, based on achieving predetermined financial goals such as deposit and income growth during the year. The selected goals relate to ten possible levels of achievement under the plan, with no bonus being paid (absent the exercise of the Board's discretion) for achievement of levels 1-3, the target bonus amount being paid for achievement of level 6 and the maximum bonus amount being paid for achievement of level 10. The bonus amounts to be paid for achievement of levels 1-10 are percentages of each participant's annual base salary, which ranged from 0-17.75% for 2012. The Board of Directors has discretion to increase or decrease the award based on non-financial goal achievements. A list of various projects and the completion status is reviewed in November of each year. Based on the status of these projects to the goals established at the beginning of the year, the Board of Directors determines the non-financial goal achievement level.

The 2012 target bonuses and performance goals for the Company's named executive officers were based on achieving the budget goals for the following performance measures:

The Bank's average asset growth (weighting 10%);  
Reduction of the Bank's troubled assets (weighting 10%);  
The Bank's average deposit and repurchase (repo) growth (weighting 10%);  
The Trust Company's revenue growth (weighting 10%);  
The Company's earnings growth (weighting 40%); and  
Non-financial goals as determined by the Board (weighting 20%).

In 2012, the target bonus for the NEOs, other than the CEO, was 5.50% of annual base salary, or a level 6 under the Management Incentive Plan. The target budget goal and the actual outcome for each of these performance measures for 2012 were as follows:

Performance Measurement	Goal	Actual
The Bank's average asset growth	0.94 %	1.85 %
Asset Quality Improvement (Criticized Assets to Capital + ALLL)	less than 35.00 %	39.16 %
The Bank's average deposit and repo growth	1.32 %	2.18 %
The Trust Company's revenue growth	8.85 %	11.56 %
The Company's earnings growth	33.40 %	27.26 %
Non-Financial goals	75.00 %	81.00 %

After the final calculation, a level 6, the target bonus, under the Management Incentive Plan was achieved for 2012, which equated to a bonus payment of 5.50% of annual base salary for each NEO, other than the CEO.

#### Profit Sharing Plan

An additional plan, which is referred to as the Profit Sharing Plan, is also designed to motivate and reward participants for the achievements of the fiscal year based on the above criteria. All employees, including commissioned employees and the Company's NEOs, are eligible for this plan provided they are hired no later than the last day of the prior year and employed through year-end.

The performance measures used for the Management Incentive Plan are also used to determine payout amounts under the Profit Sharing Plan.

Under the Profit Sharing Plan, each January the Board establishes an overall bonus pool with potential payouts from the pool relating to ten possible levels of achievement under the plan. As with the Management Incentive Plan, no bonus is paid (absent the exercise of the Board's discretion) for achievement of levels 1-3, the target bonus amount is paid for achievement of level 6 and the maximum bonus amount is paid for achievement of level 10. Once the achievement level is determined for the year, payments from the pool are allocated proportionately among all participants in the plan based on a percentage of salary earned for 2012. Bonus amounts awarded under the Profit Sharing Plan have traditionally been paid 50% in cash and 50% in the form of a Company contribution to the 401(k) plan, although for 2010 and 2011, the Profit Sharing Plan bonus amounts awarded were paid 100% in cash. The CEO does participate in this plan. In 2012 the bonus amounts awarded under the Profit Sharing Plan were paid 50% in cash and 50% in the form of a Company contribution to the 401(k) plan.

As was the case with performance under the Management Incentive Plan, a level 6 Profit Sharing Plan performance was achieved, which equated to a cash payment under the plan equal to 0.83% of each eligible employee's salary earned in 2012, including the NEOs'. In addition, the Company made to each eligible employee a contribution to their 401(K) plan equal to 0.82% of each employee's salary earned in 2012, including the NEOs'.

#### Equity Compensation

Historically, the primary form of equity compensation has been incentive stock options. The Company used stock options because of the favorable accounting treatment and the near universal expectation by employees in the industry that they would receive stock options. Beginning in 2006 the accounting treatment for stock options changed and became less attractive to the Company; however, with the Committee's approval, the Company issued stock options using a multi-year vesting approach which spread the financial impact to the Company over a five-year period. There were no incentive stock options granted from 2008 through 2012 because the Company's stock option plan expired in 2008. No additional equity awards may be granted until the Company establishes a new stock incentive plan, which will require stockholder approval.

#### Severance Pay

The Company does not have any employment contracts with our NEOs. Therefore, their severance pay is determined on a case-by-case basis by the Committee and the Board of Directors.

#### Perquisites and Other Compensation

One NEO received perquisites or other personal benefits in excess of \$10,000 in 2012. These payments are detailed in the table entitled "All Other Compensation".

The Committee reviews any perquisites that its CEO and the other NEOs may receive on an annual basis. In general, the Company does not provide its executives with many of the types of perquisites that other companies offer their executives, such as personal use of a company vehicle or vehicle allowances. Exceptions are made when an NEO has responsibilities, such as sales and customer relationship management, that require certain allowances to be paid. In addition to the base salary and incentive compensation described above, the Company provides its NEOs with the same benefit package available to all of its salaried employees. This package includes:

Medical and dental insurance (portion of costs);  
Medical/dependent care reimbursement plan;  
Health Savings Plan;  
Life insurance;  
Short and long-term disability insurance; and  
Participation in the Company's 401(k) plan, including the Company match.

Until September 30, 2006, the Company maintained a traditional defined benefit pension plan (the “Employee Retirement Plan”). However, since September 30, 2006, no new participants are being added to the plan, and the benefits under the plan for existing participants have been frozen. As a counterbalance, the Committee enhanced the 401(k) plan effective January 1, 2007. The Company provides an immediately vested safe harbor match of 100% up to 4% of an employee’s deferral contribution.

The Company also offers post-retirement life insurance benefits to senior management in the form of a split dollar plan and a Management Section 162 Life Insurance Plan (162 Plan). For the split dollar plan, the Company owns the policy and cash values provide an annual return to the Company while providing a term insurance benefit to the individual employee, utilizing Bank Owned Life Insurance (BOLI) with a portion of the death benefit endorsed to the insured officer through a split dollar agreement. The amount endorsed under the BOLI equaled 300% of the current base salary, with the amount to increase 4% each year through termination or retirement. If the officer remains in the Company’s employment through retirement, and has not elected to participate in the 162 Plan discussed below, the officer would receive a post-retirement benefit equal to 50% of the pre-retirement benefit.

Due to the accounting rules issued by The Emerging Issues Task Force of the Financial Accounting Standards Board, the economics of the BOLI have changed for the Company. Beginning in 2008, in lieu of the BOLI, the NEOs that are fully vested in the split dollar plan are eligible to participate in the 162 Plan which offers key executives permanent life insurance protection which they own and maintain from inception of the policy. For any NEO electing to participate in the 162 Plan, the Company pays annual premiums until the individual reaches retirement age. The Company also grosses up the NEO’s income with respect to taxes owed in connection with the 162 Plan premiums. During the period leading up to retirement age, the BOLI benefit to the NEO decreases in the same proportion that the 162 Plan benefit increases. As of the end of 2012, all the NEOs took advantage of one or both of these benefits.

#### Relocation Benefits

The Company does not have a policy providing relocation benefits.

#### Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company generally may not deduct annual compensation of more than \$1 million that is paid to certain individuals. To date, the Company’s compensation practices have not caused this limit to be reached or exceeded.

#### Stock Ownership Guidelines

Although the Committee believes that significant levels of stock ownership will assist in retaining qualified and motivated executive officers, the Committee has not established stock ownership guidelines for any of its officers.

The following table summarizes the total compensation for the years ended December 31, 2012, December 31, 2011, and December 31, 2010 of the Company's CEO, Executive Vice President and CFO (Bank), and each of the Company's next three most highly compensated officers.

(1) The amounts in this column for 2010 reflect the bonus amounts paid under the Profit Sharing Plan in the exercise of the Board's discretion. Although the amounts paid for 2010 under the Profit Sharing Plan were made in the Board's discretion, based on actual year-to-date and estimated end-of year performance at the time the awards were determined, the Company's actual performance for 2010 ended up matching the threshold performance level.

- (2) The amounts in this column for 2011 and 2012 reflect the bonus amount paid under the Management Incentive Plan and the cash portion of the bonus amount paid under the Profit Sharing Plan for 2011 and 2012, based on the performance levels achieved under those plans, except that the amount for Mr. Shuford, Sr. only reflect the cash portion of the bonus amount paid under the Profit Sharing Plan for 2012.
- (3) The amounts in this column reflect the change in the actuarial present value of the named executive officer's benefits under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in Note 13 in the Company's Annual Report on Form 10-K to the Company's audited financial statements for the year ended December 31, 2012, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. This amount includes a required in-service distribution for Mr. Shuford, Sr. of \$78,108 as set forth in the Pension Benefits Table on page 30. The Company did not offer any nonqualified deferred compensation plans for 2012.
- (4) Amounts for 2012 shown in the "All Other Compensation" column are detailed in the chart below.

- (1) The amounts in the first row reflect the threshold, target and maximum amounts payable under the Management Incentive Plan for 2012. In years when the amounts paid are based solely on the performance level achieved under the plan, such amounts are reported in the "Non-Equity Incentive Plan Compensation" column in the Summary Compensation Table. In years when the amounts paid under the Management Incentive Plan are at the Board's discretion, such amounts are reported in the "Bonus" column in the Summary Compensation Table. Actual amounts paid under the Management Incentive Plan for 2012 are reported in the "Non-Equity Incentive Plan Compensation" column in the Summary Compensation Table. The annual Management Incentive Plan is designed to motivate and reward participants for the achievement of fiscal year financial and non-financial objectives that directly contribute to the success of the Company. Participants are paid at the end of the year for that same year's performance. The threshold is the amount received if 60% of the objectives are met. The target is the amount that the participant receives if all targeted achievements are met and the maximum is the amount received if all objectives are exceeded and reach the maximum level of performance allowed by the program's design. Depending on the participant's officer level in the Company, incentives ranged from 0% to 17.75% of annual base salary for 2012. All exempt employees who are not compensated by commissions are eligible for this program except Mr. Shuford, Sr.
- (2) The amounts in the second row reflect the threshold, target and maximum amounts payable under the Profit Sharing Plan for 2012. In years when the amounts paid are based solely on the performance level achieved under the plan, such amounts are reported in the "Non-Equity Incentive Plan Compensation" column in the Summary Compensation Table. In years when the amounts paid under the Profit Sharing Plan are at the Board's discretion, such amounts are reported in the "Bonus" column in the Summary Compensation Table. Actual amounts paid under the Profit Sharing Plan for 2012 are reported in the "Non-Equity Incentive Plan Compensation" column in the Summary Compensation Table. The threshold, target and maximum amounts noted for the Profit Sharing Plan are estimates based on salary amounts at the time the performance goals are determined in January, although the amounts ultimately paid under the plan are based on salaries earned for 2012, which amounts can be different depending on salary increases and employee departures. All employees, including Mr. Shuford, Sr., are eligible for this program.

The following table includes certain information with respect to all unexercised options held by the NEOs at December 31, 2012. None of the NEOs held any unvested restricted stock at December 31, 2012.

(1) The plan consists of the 1998 Stock Option Plan.

(2) Includes zero shares available to be granted in the form of options under the 1998 Stock Option Plan, because the 1998 Stock Option Plan has expired and no further awards may be granted under the plan.

The following table shows the present value of accumulated benefits payable to each of the NEOs, including the number of years of service credited to each NEO under the Employee Retirement Plan, which is described in more detail in the “Compensation Discussion and Analysis.”

The Employee Retirement Plan, which covers substantially all full-time employees of the Company and its subsidiaries who had completed one year of service as of September 30, 2006, was frozen as of September 30, 2006. The present value of the accumulated benefit is the value that the officer will receive at retirement or termination of the plan whichever comes first. A participant’s monthly retirement benefit (if he or she has 25 years of benefit service at his normal retirement date) is 20% of his or her final five-year’s average salary plus 15% of final five-year’s average salary in excess of the participant’s Social Security Covered Pay. The Social Security Covered Pay is the average pay of the calendar year prior to the year the participant attains his or her Social Security Retirement Age. If the participant has less than 25 years of benefit service at his or her normal retirement date, the participant’s monthly retirement benefit will be actuarially reduced by 1/25 for each year of benefit service less than 25 years. Cash benefits under the plan generally commence on retirement, death or other termination of employment and are payable in various forms at the election of the participant.

(1) The amounts in this column reflect the actuarial present value of each NEO's accumulated benefit under the Employee Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in Note 13 to the Company's audited financial statements for the year ended December 31, 2012, and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. Mr. Witt does not meet the qualifications to participate in this plan due to joining the Company after the plan was frozen.

(2) Due to the requirements of Internal Revenue Code Section 401(a)(9)(C), Mr. Shuford, Sr. was required to take annual distributions from the Employee Retirement Plan beginning in 2009.

#### Nonqualified Deferred Compensation

The Company does not offer any nonqualified deferred compensation plans.

#### Potential Payments upon Termination or Change-in-Control

The Company has not entered into employment agreements with any of its executive officers. Therefore, the only payments upon termination that the NEOs would have received, assuming a termination as of December 31, 2012, would have been salary earned through December 31, 2012 and any vested 401(k) Plan or Employee Retirement Plan payouts, which payments would not have been increased or accelerated due to the termination. Our stock option agreements provide that upon a change-in-control, all unvested stock options will immediately vest, provided they were granted not less than six months prior to a change-in-control public announcement. This accelerated vesting occurs with respect to all stock option awards granted by the Company, and not only those granted to the named executive officers. If the change-in-control had occurred on December 31, 2012, our named executive officers would not have received any value from this accelerated vesting because the exercise price of all unvested options exceeded the \$11.05 closing price per share of the Company's common stock on December 30, 2012, the last business day of 2012.

The following table provides compensation information for the year ended December 31, 2012 for each non-employee member of the Company's Board of Directors.

(1) Robert F. Shuford, Sr., the Company's CEO, Louis G. Morris, the Bank's President and CEO, Robert F. Shuford, Jr., the Bank's SEVP/COO, and Joseph R. Witt, the Bank's SEVP/Corporate Banking Officer are not included in this table as they are employees of the Company and the Bank. Their compensation, including any compensation for Board service, is reported in the Summary Compensation Table on page 24.

(2) As of December 31, 2012, each director had the following number of stock options outstanding: Shuford, Sr. – 9,105; Chisman - 2,500; Clark – 2,500; Evans – 2,500; Glasser – 0; Greene – 2,500; Harris – 2,500; Ishon – 2,500; Morgan – 2,500; Morris – 9,105; Riddle - 1,250; Schappert – 2,500; Shuford, Jr. – 6,250; Thacker - 2,500; and Witt - 1,250. There were no option awards granted to the directors in 2012.

The fees paid in cash were for non-employee director attendance at Board meetings and committee meetings. In addition, each non-employee director was paid an annual retainer fee. Non-employee directors of the Bank and Trust Company receive \$400 and \$250, respectively, for each Board meeting they attend. The non-employee directors of the Bank and Trust Company receive \$150 for each committee meeting they attend. In addition, non-employee directors of the Bank and Trust Company receive an annual retainer fee of \$8,000 and \$3,000, respectively, except that directors serving on the Bank Board who also serve on the Trust Company Board receive an additional \$1,000 instead of \$3,000 annual retainer for serving on the Trust Company Board. In addition, the chairman of the Audit Committee receives an additional \$2,000 annual retainer, and the chairman of the Trust Company Board receives an additional \$1,000 retainer. Non-employee directors were eligible to receive awards of non-qualified stock options under the Company's 1998 Stock Option Plan; however, the 1998 Stock Option Plan expired in 2008, and no further awards may be granted under the plan. The Company also pays for all directors and their spouses to attend Board seminars. The Executive Committee considers Board compensation on an annual basis based on an informal survey of board compensation paid by peer financial institutions. Any recommendations for changes in Board compensation by the Executive Committee are presented to the full Board for approval.

## Compensation and Benefits Committee Report

Following the drafting of the Compensation Discussion and Analysis (“CD&A”), the Compensation and Benefits Committee reviewed and discussed the CD&A with management. Based on such review and discussions, the Compensation and Benefits Committee recommended to the Board of Directors that the CD&A be included in this proxy statement.

## Compensation Risk Disclosure

The Company’s senior management has assessed the Company’s compensation practices in light of the risks in the Company’s operations. The Company’s senior management has reviewed the SEC Compensation and Corporate Governance-related disclosure requirements and has determined that the Company does not participate in risk-based compensation practices. The Compensation and Benefits Committee concurs with senior management’s position that the Company does not engage in compensation practices that encourage excessive risk taking.

In a few cases, commissions are paid as a portion of an individual’s compensation; however, the majority of the total compensation is base pay. In these cases, commissions are paid to reward the sale of products and services, however, these individuals have no lending authority/approval/influence. Nominal referral fees are paid to employees from time-to-time as a reward for referring mortgage loans and/or other types of deposit gathering. In addition, a referral program for the Trust business is also in place, which rewards employees monetarily for referring closed sales and retaining current customers for Trust services. The CEO and NEOs do not participate in any commission or referral based compensation

The Company believes that risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

### PROPOSAL TWO

#### ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that the Company’s stockholders have the opportunity to provide an advisory, non-binding vote to approve the Company’s executive compensation as disclosed in this proxy statement pursuant to the SEC’s compensation disclosure rules. Accordingly, the Company’s stockholders are hereby given the opportunity to cast an advisory vote to approve or not approve the compensation of the Company’s named executive officers as described above, by voting for or against this proposal.

The Compensation and Benefits Committee of the Board of Directors has designed the Company’s executive compensation to recruit, retain and motivate employees who play a significant role in the organization’s current and future success. The Compensation and Benefits Committee and the Board structure executive compensation to motivate these employees to maximize stockholder value by achieving performance goals while limiting risk appropriately and maintaining the safety and soundness of the organization. For a full description of these executive compensation practices, please see the description provided under the heading “Executive Compensation,” including the “Compensation Discussion and Analysis”.

The Company believes that its executive compensation and compensation practices and policies are reasonable in comparison to its peer group, are focused on pay-for-performance principles, are strongly aligned with the long-term interest of stockholders and are necessary to attract and retain experienced, highly qualified executives important to the Company's long-term success and the enhancement of stockholder value. The Board of Directors believes that the Company's executive compensation achieves these objectives, and, therefore, recommends that stockholders vote "for" the proposal.

Because this vote is advisory, it will not be binding on the Board of Directors and will not be construed as overruling any decision made by the Board of Directors. The Compensation and Benefits Committee and the Board of Directors will take into account the outcome of this advisory vote when considering future executive compensation arrangements, but they are not required to do so.

The Board of Directors recommends that stockholders vote "FOR" this proposal to provide advisory approval of the compensation of the Company's named executive officers.

### PROPOSAL THREE

#### ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act also requires that the Company's stockholders have the opportunity to recommend how frequently the Company should provide an advisory vote on the Company's executive compensation, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal Two beginning on page 32.

By voting on this proposal, stockholders may indicate whether they would prefer that the advisory vote on the Company's executive compensation occur every one, two or three years.

After careful consideration, the Board of Directors has determined that an advisory vote on the Company's executive compensation that occurs every year is the most appropriate alternative for the Company, and therefore the Board of Directors recommends that stockholders vote for a one-year frequency for the advisory vote on the Company's executive compensation.

In formulating its recommendation, the Board of Directors considered that an annual advisory vote on executive compensation will allow stockholders to provide the Company with their direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement every year. Additionally, an annual advisory vote on executive compensation is consistent with the Company's policy of seeking input from, and engaging in discussions with, stockholders on corporate governance matters and executive compensation.

Stockholders may cast their votes on the preferred frequency of the advisory vote on the Company's executive compensation by choosing the option of one year, two years, three years or abstain from voting when voting on this proposal. The option of one year, two years or three years that receives the highest number of votes cast by the stockholders will be the frequency for the advisory vote on executive compensation that has been recommended by the stockholders. The Board of Directors will take into account the outcome of the vote when considering how frequently to provide an advisory vote on executive compensation in the future. However, because this vote is advisory and not binding on the Board of Directors or the Company, the Board of Directors may decide that it is in the best interests of the Company and its stockholders to select a frequency of advisory vote on executive compensation that differs from the option that receives the highest number of votes from stockholders.

The Board of Directors recommends that stockholders vote for a frequency of “EVERY YEAR” for future advisory votes on the Company’s executive compensation.

#### Audit Committee Report

The Audit Committee of the Board of Directors (for purposes of this report, the "Committee") is composed of four non-employee directors, each of whom satisfies the requirements of FDICIA for Audit Committee members and the independence requirements of the SEC and the NASDAQ Stock Market’s listing standards. In addition, the Board of Directors has also determined that Mr. Evans qualifies as an “audit committee financial expert” within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002.

The Committee oversees the Company's financial reporting process on behalf of the Board. Management is responsible for the Company's internal controls, financial reporting process and compliance with applicable laws and regulations and ethical business standards. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with Generally Accepted Accounting Principles (GAAP) and for issuing a report thereon. The Committee monitors and oversees these processes and has sole responsibility for the appointment, compensation and evaluation of the Company’s independent registered public accounting firm.

In this context, the Committee met and held discussions with management and the independent registered public accounting firm. Management represented to the Committee that the Company's audited consolidated financial statements were prepared in accordance with GAAP, and the Committee has reviewed and discussed the audited consolidated financial statements with management and the independent registered public accounting firm. The Committee also discussed with management, the independent registered public accounting firm and the Company’s internal auditors the adequacy of the Company’s system of internal controls.

The Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including their judgments about the quality, not just the acceptability, of the Company’s accounting principles and underlying estimates in the Company’s consolidated financial statements; all critical accounting policies and practices to be used; all alternative treatments within GAAP for policies and practices related to material items that have been discussed with management of the Company; and other material written communication between the independent registered public accounting firm and the management of the Company, such as any management letter or schedule of unadjusted differences.

The Company's independent registered public accounting firm also provided to the Committee the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the Committee concerning independence, and the Committee discussed with the independent registered public accounting firm that firm's independence.

The Committee also discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee met with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon the Committee's discussions with management and the independent registered public accounting firm and the Committee's review of the representation of management and the written disclosures and report of the independent registered public accounting firm to the Committee, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the SEC.

#### Audit Committee Pre-Approval Policy

Pursuant to the terms of the Company's Audit Committee Charter, the Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the Company's independent registered public accounting firm. As part of this responsibility, the Audit Committee, or a designated member of the Audit Committee, must pre-approve all audit (including audit-related) and non-audit services performed by the independent registered public accounting firm in order to ensure that the provision of such services does not impair the accountants' independence. The Audit Committee has adopted, and the Board of Directors has ratified, an Audit Committee Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditors may be pre-approved. The Audit Committee has delegated interim pre-approval authority to Mrs. Thacker, Chairman of the Audit Committee. Any interim pre-approval of permitted non-audit services is required to be reported to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

#### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires directors, executive officers, and 10% beneficial owners of the Company's common stock to file reports concerning their ownership of and transactions in the Company's common stock. Based on a review of the reports of changes in beneficial ownership of Company common stock and written representations made to the Company, the Company believes that its officers, directors and 10% beneficial owners complied with all filing requirements under Section 16(a) during 2012, with the exception of one late filing by Stephen D. Harris to report one transaction.
