## Edgar Filing: ANZA CAPITAL INC - Form DEF 14C

Amendment that will be filed with the Nevada Secretary of State is attached as Exhibit A.

### AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION TO CHANGE THE COMPANY'S NAME

Pursuant to the requirements of Nev. Rev. Stat. 78.390, on April 11, 2006, the members of the Board of Directors of the Company proposed and recommended to the stockholders to amend the Company's Articles of Incorporation to effect a change in the Company's name to a name to be designated by the Board of Directors of the Company at a later date. On April 11, 2006, the Majority Stockholders, by written consent in lieu of a meeting, authorized the Board of Directors of the Company to file a Certificate of Amendment to the Company's Articles of Incorporation changing the name of the Company to a name to be designated by the Board of Directors of the Company at a later date. No further consents, votes or proxies are or were necessary to effect the approval of the Certificate of Amendment to the Company's Articles of Incorporation.

If the proposal had not been adopted by the Majority Stockholders, it would have been necessary for this action to have been considered by the Company's stockholders at a special or annual stockholders' meeting convened for at least the purpose of approving the Name Change.

Our board of directors and stockholders holding a majority of the voting power of the Company believe that changing our corporate name is in the best interests of the Company and our stockholders to better reflect our new business focus. The voting and other rights that accompany the Company's common stock will not be affected by the change in our corporate name.

3

Shareholder approval for the name change is valid for one year following the date of such approval. If no such name change is effectuated for the one year following April 11, 2006, the Company will be required to present the matter to the shareholders again for approval prior to effectuating the name change.

### APPROVAL OF 1-FOR-30 REVERSE STOCK SPLIT

#### General

The 1-for-30 reverse stock split of our Common Stock was adopted, subject to stockholder approval, by the Company's Board of Directors on April 11, 2006. Upon the effectuation of this reverse stock split, each thirty (30) shares of our Common Stock will be converted automatically into one (1) share of Common Stock. To avoid the issuance of fractional shares of Common Stock, the Company will issue an additional share to all holders of a fractional share.

Shareholder approval for a reverse stock split of the Company's common stock is valid for one year following the date of such approval. If no such reverse stock split is effectuated for the one year following April 11, 2006, the Company will be required to present the matter to the shareholders again for approval prior to effectuating the reverse stock split.

PLEASE NOTE THAT THE REVERSE STOCK SPLIT WILL BECOME EFFECTIVE AS OF THE DATE APPROVED BY NASDAQ MARKET INTEGRITY. THE BOARD WILL HAVE ONE YEAR FROM THE DATE HEREOF TO DECLARE THE REVERSE STOCK SPLIT. HOWEVER, UPON EFFECTUATION, THE REVERSE STOCK SPLIT WILL NOT CHANGE YOUR PROPORTIONATE EQUITY INTERESTS IN THE COMPANY, EXCEPT AS MAY RESULT FROM THE ISSUANCE OR CANCELLATION OF SHARES PURSUANT TO THE FRACTIONAL SHARES.

### Purpose and Material Effects of the Reverse Stock Split

The Board of Directors had proposed the Reverse Stock Split as one method to attract business opportunities in the Company. When a company engages in a reverse stock split, it substitutes one share of stock for a predetermined amount of shares of stock. It does not increase the market capitalization of the company.

We believe that, upon effectuation, the Reverse Stock Split may improve the price level of our Common Stock and that the higher share price could help generate interest in the Company among investors and other business opportunities. However, the effect of a reverse split upon the market price for our Common Stock cannot be predicted, and the history of similar stock split combinations for companies in like circumstances is varied. There can be no assurance that the market price per share of our Common Stock after a reverse split will rise in proportion to the reduction in the number of shares of Common Stock outstanding resulting from the reverse split. The market price of our Common Stock may also be based on our performance and other factors, some of which may be unrelated to the number of shares outstanding.

Upon effectuation, the reverse split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests in the Company or proportionate voting power, except to the extent that the reverse split results in any of our stockholders owning a fractional share. In lieu of issuing fractional shares, an additional share will be issued to all holders of a fractional share. The principal effect of a reverse split is that the number of shares of Common Stock issued and outstanding will be reduced proportionately with the reverse split. The number of authorized shares of Common Stock is not affected.

The reverse split will not affect the par value of our Common Stock. As a result, on the effective date of the reverse split, the stated capital on our balance sheet attributable to our Common Stock will be reduced to up to one-twentieth of its present amount, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of our Common Stock will be increased because there will be fewer shares of our Common Stock outstanding.

4

The reverse split will not change the proportionate equity interests of our stockholders, nor will the respective voting rights and other rights of stockholders be altered, except for possible immaterial changes due to the cancellation of fractional shares. The Common Stock issued pursuant to the reverse split will remain fully paid and non-assessable. The reverse split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Securities Exchange Act of 1934. We will continue to be subject to the periodic reporting requirements of the Securities Exchange Act of 1934.

Stockholders should recognize that they will own a fewer number of shares than they presently own. While we expect that upon effectuation the reverse split will result in an increase in the potential market price of our Common Stock, there can be no assurance that the reverse split will increase the potential market price of our Common Stock by a multiple equal to the exchange number or result in the permanent increase in any potential market price (which is dependent upon many factors, including our performance and prospects). Also, should the market price of our Common Stock decline, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would pertain in the absence of a reverse split. Furthermore,

## Edgar Filing: ANZA CAPITAL INC - Form DEF 14C

the possibility exists that potential liquidity in the market price of our Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the reverse split. In addition, the reverse split will increase the number of stockholders of the Company who own odd lots (less than 100 shares). Stockholders who hold odd lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales. Consequently, there can be no assurance that the reverse split will achieve the desired results that have been outlined above.

### EFFECTIVE DATE OF AMENDMENTS

Pursuant to Rule 14c-2 under the Exchange Act, the effective date of the action stated herein, shall not occur until a date at least twenty (20) days after the date on which this Information Statement has been mailed to the Stockholders. The Company anticipates that the actions contemplated hereby will be effected on or about the close of business on May 15, 2006.
