ABOUT THE MEETING

What is being considered at the meeting?

You will be voting for:

(1)

the election of seven directors for a term of 1 year;

(2)

the approval of an increase in the number of shares available under our 2001 Long-Term Incentive Plan;

(3)

the approval of an amendment to the automatic grant provisions of Netsmart's 2001 Long-Term Incentive Plan;

(4)

the approval of the selection of Marcum & Kliegman LLP as our independent registered public accounting firm for the year ending December 31, 2006; and

(5)

the transaction of such other and further business as may properly come before the meeting.

In addition, our management will report on our performance during fiscal 2005 and the first three quarters of fiscal 2006, as well as respond to your questions.

Who is entitled to vote at the meeting?

You may vote if you owned stock as of the close of business on October 17, 2006. Each share of stock is entitled to one vote.

How do I vote?

You can vote in two ways:

(1)

By attending the meeting; or

(2)

By completing, signing and returning the enclosed proxy card.

Can I change my mind after I vote?

Yes, you may change your mind at any time before the polls close at the meeting. You can do this by (1) signing another proxy with a later date and returning it to us prior to the meeting, or (2) voting again at the meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted **FOR** the election of the nominee directors, the increase in the number of shares under our 2001 Long-Term Incentive Plan and the approval of Marcum & Kliegman as our independent registered public accounting firm.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is American Stock Transfer & Trust Company, 718-921-8000.

Will my shares be voted if I do not provide my proxy?

Yes, if they are held in a brokerage account. Your shares may be voted under certain circumstances if they are held in the name of the brokerage firm. Brokerage firms generally have the authority to vote customers unvoted shares, which are called broker non-votes, on certain routine matters. Shares represented by broker non-votes will be counted as voted by the brokerage firm in the election of directors. When a brokerage firm votes its customer's unvoted shares, these shares are also counted for purposes of establishing a quorum.

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of October 17, 2006, must be present at the meeting. This is referred to as a quorum. On October 17, 2006, we had 6,547,937 shares issued and outstanding, excluding treasury shares.

What vote is required to elect directors?

Directors are elected by a plurality of the votes cast. Abstentions will have no effect on the voting outcome with respect to the election of directors.

What vote is required to approve the increase in the number of shares under our 2001 Long-Term Incentive Plan and amend the automatic grant provisions of the 2001 Long-Term Incentive Plan?

The proposal to approve each of the amendments to our 2001 Long-Term Incentive Plan requires the approval of a majority of the shares of common stock present and voting on the proposal, provided that a quorum is present.

What vote is required to approve the selection of our independent registered public accounting firm?

The proposal to approve the selection of Marcum & Kliegman LLP as our independent registered public accounting firm requires the approval of a majority of the shares of common stock present and voting, provided that a quorum is present.

Who will count the votes?

Representatives of American Stock Transfer & Trust Company, the transfer agent for our common stock, will tabulate the votes.

All of the standing committees of the Board are composed of independent directors.

Board of Directors and Committee Meetings

Our company's business, property and affairs are managed by or under the direction of the board of directors. Members of the board are kept informed of our company's business through discussion with the chief executive officer and other officers, by reviewing materials provided to them and by participating at meetings of the board and its committees.

We currently have three committees of the board of directors – the Audit Committee, the Compensation Committee and the Nominating and Governance Committee.

Excluding actions by unanimous written consent, for the fiscal year ended December 31, 2005, there were 13 meetings of the board of directors, three meetings of the Compensation Committee, five meetings of the Audit Committee and one meeting of the Nominating and Governance Committee. The Nominating and Governance Committee met after the fiscal year end to recommend the nominees for election as directors at this annual meeting. Each director attended at least 75% of the meetings of the board and any committee of which they are members.

The Audit Committee consists of three directors, Mr. Gallagher, who is chairman of the committee, and Messrs. Calcagno and Sicinski. Our Audit Committee is involved in discussions with our independent auditors with respect to the scope and results of our year-end audit, our quarterly results of operations, our internal accounting controls and the professional services furnished by the independent auditors. See Audit Committee Report. Our board of directors has adopted a written charter for the Audit Committee which the Audit Committee reviews and reassesses for adequacy on an annual basis. A copy of the Audit Committee's current charter is attached to this proxy statement as Appendix B. The charter can also be found on our website at www.ntst.com.

The Compensation Committee, which is composed of Mr. Gallagher, who is a chairman of the committee, and Messrs. Calcagno and Sicinski, serves as the stock option committee for our stock option plans and the employee stock purchase plan, and it reviews and approves any employment agreements with management and changes in compensation for our executive officers. See Compensation/Stock Option Committee Report on Executive Compensation. The Compensation Committee charter can be found on our website at www.ntst.com.

The Nominating and Governance Committee is primarily responsible for reviewing our corporate governance principles and independence standards; overseeing the annual evaluation of our board and its committees; discharging the board's responsibilities related to compensation of directors; identifying and evaluating individuals for board and committee membership and chairs; making recommendations to the board concerning the selection of director

nominees and making recommendations as to the size and composition of the board and its committees. It will consider director nominee recommendations by stockholders provided that the names of such nominees, accompanied by relevant biographical information, are properly submitted in writing to our Secretary in accordance with the procedures described below under Nominees for Director. In fulfilling its responsibilities for identifying and evaluating nominees for director, the Nominating and Governance Committee takes into account the prior experience of director nominees and its application to their responsibilities as a director of the company; however, there are no stated minimum qualifications for director nominees. The members of the Nominating and Governance

Committee are Dr. Shamash, who is chairman of the committee, and Messrs. Gallagher and Calcagno. The committee's charter can be found on our website at www.ntst.com.

Our board has adopted a Code of Conduct that applies to all of our employees, officers and directors and a code of ethics that applies to our senior financial officers. You can find links to these materials on our website at: www.ntst.com.

Stockholders of our company may, at any time, communicate in writing with any member or group of members of our company's board of directors by sending such written communication to the attention of our company's corporate secretary by regular mail at our corporate offices. Copies of written communications received by the corporate secretary will be provided to the relevant director(s) unless such communications are considered, in the reasonable judgment of the corporate secretary, to be improper for submission to the intended recipient(s). Examples of stockholder communications that would be considered improper for submission include, without limitation, customer complaints, solicitations, communications that do not relate directly or indirectly to our company or our company's business, or communications that relate to improper or irrelevant topics.

Director Attendance at Annual Meetings

Our board of directors encourages director attendance at our annual meetings of stockholders.

All of our directors were present at the 2005 annual meeting.

Nominees for Director

Any stockholder who wants to nominate a candidate for election to the board must deliver timely notice to our Secretary at our principal executive offices. In order to be timely, the notice must be delivered:

-

in the case of an annual meeting, not less than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders, although if we did not hold an annual meeting or the annual meeting is called for a date that is not within 30 days of the anniversary date of the prior year's annual meeting, the notice must be received a reasonable time before we begin to print and mail our proxy materials; and

-

in the case of a special meeting of stockholders called for the purpose of electing directors, the notice must be received a reasonable time before we begin to print and mail our proxy materials.

The stockholder's notice to the Secretary must set forth (1) as to each person whom the stockholder proposes to nominate for election as a director (a) his name, age, business address and residence address, (b) his principal occupation and employment, (c) the number of shares of common stock of Netsmart which are owned beneficially or of record by him and (d) any other information relating to the nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and (2) as to the stockholder giving the notice (a) his name and record address, (b) the number of shares of common stock of the corporation which are owned beneficially or of record by him, (c) a description of all arrangements or understandings between the stockholder and each proposed nominee and any other person or persons (including their

The notice delivered by a stockholder must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected. The stockholder must be a stockholder of record on the date on which he gives the notice described above and on the record date for the determination of stockholders entitled to vote at the meeting.

**PROPOSAL 2 APPROVAL OF AN INCREASE IN THE NUMBER
OF SHARES AVAILABLE UNDER THE 2001 LONG-TERM INCENTIVE PLAN**

The board of directors believes that in order to attract and retain the services of executive and other key employees, it is necessary for us to have the ability and flexibility to provide a compensation package which compares favorably with those offered by other companies. Accordingly, on December 4, 2001, the board of directors adopted, and on March 2, 2002, the stockholders approved, the 2001 Long-Term Incentive Plan, covering 180,000 shares of common stock. On October 11, 2002, the board of directors adopted an amendment to the 2001 Long-Term Incentive Plan to increase the number of shares subject to the plan from 180,000 shares to 550,000 shares, which was approved by our stockholders in January 2003. In January 2004, our board of directors approved an increase of 400,000 shares in the number of shares subject to the plan to a total of 950,000 shares, subject to stockholder approval, which was obtained in May 2004. In May 2005, our board of directors approved an increase of 400,000 shares in the number of shares subject to the plan to a total of 1,350,000 shares, subject to stockholder approval which was obtained in July 2005. There are currently no shares available for grant. On August 29, 2006, our board of directors approved an increase of 600,000 shares in the number of shares subject to the plan to a total of 1,950,000 shares, subject to stockholder approval.

Although we presently have two other stock option plans, the 1998 and 1999 Long-Term Incentive Plans, as of September 30, 2006, there were no shares available for grant under those plans. As of that date, we had granted options or other equity-based incentives for a total of 1,090,000 shares of common stock under these prior plans and had issued a total of 1,057,250 shares of common stock under these plans, 27,750 shares of common stock were subject to outstanding options and 5,000 options had expired. However, any shares which are subject to outstanding options which expire unexercised may be subject to awards under the plans.

Our stock option plans are administered by a committee of at least two non-employee directors appointed by the board. The compensation committee serves as the committee under all of our stock option plans. Any member or alternate member of the committee is not eligible to receive options or stock under these plans except for the annual option grant and certain options grants which were approved by the stockholders in connection with the approval of the 1998 Plan. The committee has broad discretion in determining the persons to whom stock options or other awards are to be granted and the terms and conditions of the award, including the type of award, the exercise price and term and restrictions and forfeiture conditions. If no committee is appointed, the functions of the committee are performed by the board of directors. The compensation committee currently consists of Messrs. Francis J. Calcagno, John S. T. Gallagher and Joseph G. Sicinski.

Set forth below is a summary of the 2001 Plan, as amended, but this summary is qualified in its entirety by reference to the full text of the 2001 Plan, a copy of which is included as Appendix A to this proxy statement.

Summary

The plan, which expires in December 3, 2011, unless terminated earlier by the board of directors, gives the board of directors broad authority to modify the plan, and, in particular, to eliminate any provisions which are not required in order to meet the requirements of Rule 16b-3 under the Securities Exchange Act of 1934, as amended.

After giving effect to the proposed increase in the number of shares available under the 2001 Plan, we may issue a maximum of 1,950,000 shares of common stock under the amended 2001 Plan, of which options to purchase 1,349,997 shares of common stock have been granted. The average exercise price of the currently outstanding options is \$8.60. If an option under the 2001 Plan expires or terminates without being exercised in full or if shares awarded under the plan are forfeited or otherwise terminate without a payment being made to the participant in the form of stock, such shares will again be available for future issuance under the plan. The plan imposes no limit on the number of officers and other key employees to whom awards may be made.

We may make awards under the 2001 Plan to key employees, including officers and directors of Netsmart and our subsidiaries, and consultants and others who perform services for Netsmart and our subsidiaries, except that directors who are not employed by us or our subsidiaries or are not otherwise engaged by us are not eligible for options under the 2001 Plan, except that the 2001 Plan provides for the automatic grant to each non-employee director of a non-qualified option to purchase 6,000 shares of common stock on April 1st of each year; provided that each non-employee director serving as the chairman of the audit committee or compensation committee shall be granted an option to purchase 7,500 shares of common stock on April 1st of each year. If any non-employee director is first elected to the board after April 1st in any calendar year, the director will receive the automatic grant on an

option to purchase 6,000 shares of common stock on the date of his or her election. The options to non-employee directors pursuant to the annual grant or the grant to newly-elected non-employee directors have a term of five years from the date of grant and become exercisable as to all of the shares of common stock subject to the option six months from the date of grant, except that they become immediately exercisable if a change of control, as defined in the 2001 Plan, should occur and such options terminate seven months after termination of service if such termination is other than as a result of his or her death or disability. The terms of the automatic grant provision for non-employee directors are proposed to be amended. See proposal 3.

The committee has the authority to grant the following types of awards under the 2001 Plan: incentive or non-qualified stock options; stock appreciation rights; restricted stock; deferred stock; stock purchase rights and/or other stock-based awards. All options granted under the 2001 Plan are exercisable at the fair market value of our common stock on the date of grant and generally have a term of five years from the date of grant. Outstanding options cannot be repriced without stockholder approval. The 2001 Plan is designed to provide us with broad discretion to grant incentive stock-based rights.

Grants Under the Plan

No grants of the additional shares to be added pursuant to the proposed amendment have been made under the 2001 Long-Term Incentive Plan. Grants under the 2001 Long-Term Incentive Plan are granted to the persons and in the amount determined by the Compensation Committee, so it is not currently possible to predict the number of shares of common stock that will be granted or who will receive grants under the 2001 Long-Term Incentive Plan after the Annual Meeting. Accordingly, amounts to be awarded under the 2001 Long-Term Incentive Plan to named executive officers are not yet determinable. Grants to non-employee directors are made pursuant to the automatic grant provision of the 2001 Long-Term Incentive Plan, which provisions are proposed to be amended. See proposal 3.

Federal Income Tax Consequences

The following is a brief summary of the Federal income tax consequences as of the date hereof with respect to awards under the 2001 Plan for participants who work directly for Netsmart or its wholly-owned subsidiaries and who are both citizens and residents of the United States. This description of the Federal income tax consequences is based upon law and Treasury interpretations in effect on the date of this prospectus (including proposed and temporary regulations which may be changed when finalized), and it should be understood that this summary is not exhaustive, that the law may change, that the tax effects may vary depending upon the particular circumstances, and further that special rules may apply with respect to situations not specifically discussed herein, including, without limitation, federal employment taxes, foreign, state and local taxes and estate or inheritance taxes. As such, participants are urged to consult with their own qualified tax advisors. The 2001 Plan is not qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended. It is intended that the underlying benefits that are required to be treated as deferred compensation to which Section 409A is applicable, will comply with the statute and the underlying IRS guidance interpreting that Section.

Options or Stock Purchase Rights

Non-Qualified Options

No taxable income will be realized by the participant or us upon the grant of a non-qualified option, nor will it generate a deduction for us.

Exercise with Cash

On exercise, assuming the stock is not subject to both substantial risk of forfeiture and transferability restrictions, the excess of the fair market value of the stock at the time of exercise over the option price of such stock will be included

in the participant's gross income as compensation and (i) will be taxable at ordinary income tax rates in the year of exercise, (ii) will be subject to withholding for Federal income tax purposes and (iii) generally will be an allowable income tax deduction to us in our tax year that ends with the participant's tax year or in which the participant's tax year ends, subject to various limitations including, without limitation, the requirement that the amount of the compensation be reasonable, the restrictions on golden parachute payments, and the limitation on certain payments made to covered employees under Section 162(m) of the Code. The participant's tax basis for

stock acquired upon exercise of a non-qualified option will be equal to the option price paid for the stock, plus any amounts included in income as compensation. The participant's holding period for the stock begins on the day on which the stock is acquired pursuant to the exercise of the option.

Exercise with Common Stock

If the participant pays the exercise price of an option in whole or in part with previously-owned shares of common stock, the participant's tax basis and holding period for the newly-acquired shares is determined as follows: As to a number of newly-acquired shares equal to the number of previously-owned shares used by the participant to pay the exercise price, no gain or loss will be recognized by the participant on the date of exercise and the participant's tax basis and holding period for the previously-owned shares will carry over to the newly-acquired shares on a share-for-share basis, thereby deferring any gain inherent in the previously-owned shares. As to each remaining newly acquired share, the participant's tax basis will equal the fair market value of the share on the date of exercise and the participant's holding period will begin on the day after the exercise date. The participant's compensation income and our deduction will not be affected by whether the exercise price is paid in cash or in shares of common stock. Special rules, discussed below under **Incentive Stock Options** **Disposition of Incentive Option Shares**, will apply if a participant surrenders previously-owned shares acquired upon the exercise of an incentive option that have not satisfied certain holding period requirements in payment of any or all of the exercise price of a non-qualified option.

Disposition of Option Shares

When a sale of the acquired shares occurs, a participant will recognize capital gain or loss equal to the difference between the sales proceeds and the tax basis of the shares. Such gain or loss will be treated as capital gain or loss if the shares are capital assets. The capital gain or loss will be long-term capital gain or loss treatment if the shares have been held for more than 12 months. There will be no tax consequences to us in connection with a sale of shares acquired under an option.

Incentive Stock Options

The grant of an ISO will not result in any federal income tax to a participant.

Exercise with Cash

Upon the exercise of an incentive option, a participant normally will not recognize any income for federal income tax purposes. However, the excess of the fair market value of the shares transferred upon the exercise over the exercise price of such shares (the spread) generally will constitute an adjustment to income for purposes of calculating the alternative minimum tax of the participant for the year in which the option is exercised and as a result of the exercise a participant's federal income tax liability may be increased.

Exercise with Common Stock

If the holder of an incentive stock option pays the exercise price, in full or in part, with shares of previously acquired common stock, the exchange should not affect the incentive stock option tax treatment of the exercise. No gain or loss should be recognized on the exchange and the shares received by the participant, equal in number to the previously acquired shares exchanged therefor, will have the same basis and holding period as the previously acquired shares. The participant will not, however, be able to utilize the old holding period for the purpose of satisfying the incentive stock option holding period requirements described below. Shares received in excess of the number of previously acquired shares will have a basis of zero and a holding period which commences as of the date the common stock is issued to the participant upon exercise of the incentive option. If an exercise is effected using shares previously acquired through the exercise of an incentive stock option, the exchange of the previously acquired shares will be considered a disposition of such shares for the purpose of determining whether a Disqualifying Disposition has

occurred.

Disposition of Incentive Option Shares

If the incentive option holder disposes of the stock acquired upon the exercise of an ISO (including the transfer of acquired stock in payment of the exercise price of another incentive stock option) either within two years from the date of grant or within one year from the date of exercise, the option holder will recognize ordinary income at the time of such disqualifying disposition to the extent of the difference between the exercise price and the lesser of the

fair market value of the stock on the date the incentive option is exercised or the amount realized on such disqualifying disposition. Any remaining gain or loss (after adding such ordinary income to the stock's basis) is treated as a short-term or long-term capital gain or loss, depending on how long the shares were held prior to the disqualifying disposition. In the event of such disqualifying disposition, (i) in the year in which the option is exercised, the maximum amount that will be included as income for alternative minimum tax (AMT) is the gain on the disposition of the stock, and (ii) in a subsequent year, the ordinary income on the disqualifying disposition will not be considered income for AMT purposes.

Our Deduction

We are not entitled to a tax deduction upon either exercise of an incentive option or disposition of stock acquired pursuant to such an exercise, except to the extent, and in the year, that the option holder recognizes ordinary income in a disqualifying disposition.

Stock Appreciation Rights and Phantom Stock (Deferred Stock)

The grant of stock appreciation rights or phantom stock ordinarily will not result in any federal income tax to a participant. Upon the exercise of a stock appreciation or phantom stock right, a participant will recognize ordinary income in an amount equal to the cash or the fair market value of the stock, if any, received by the participant, less the amount, if any, paid by the participant for the stock (unless the stock is subject to both substantial risk of forfeiture and transferability restrictions, in which case the receipt of stock is not immediately taxable). At such time, we will be entitled to a tax deduction for the amount of income recognized by the participant. The exercise of a SAR for money or stock, or the issuance of stock under a phantom stock arrangement, will not trigger gain recognition to us.

Stock Grants

A participant who receives a stock grant under the 2001 Plan generally will be taxed at ordinary income rates on the fair market value of shares (less any amount paid for the shares) when they vest, if subject to vesting or other restrictions, or, otherwise, when received.

However, a participant who, within 30 days after receiving such shares, makes an election under Section 83(b) of the Internal Revenue Code of 1986, will recognize ordinary income on the date of issuance of the stock equal to the fair market value of the shares on that date (less the purchase price, if any). If a Section 83(b) election is made, the holding period for the shares will commence on the day after the shares are received and no additional taxable income will be recognized by the participant at the time the shares vest. However, if shares subject to a Section 83(b) election are forfeited, no tax deduction is allowable to the participant for the forfeited shares. We will be entitled to a deduction at the same time and in the same amount as the participant recognizes income.

Dividends paid on shares still subject to restrictions are compensation income to the participant and compensation expense to us. If a Section 83(b) election is timely made by a participant, dividends paid on restricted shares will be dividend income to the participant.

Section 409A

The determination of when amounts deferred under a nonqualified compensation arrangement are includible in the gross income of the individual earning the compensation depends upon the facts and circumstances of the arrangement. The American Jobs Creation Act of 2004 added Section 409A to the Code which provides specific rules governing the tax treatment of nonqualified deferred compensation. Section 409A does not override the variety of tax principles and Code provisions otherwise relevant in determining the timing of the inclusion of such amounts in gross income, such as the constructive receipt doctrine, the economic benefit doctrine, and the provisions of Section 83 of the Code relating generally to transfers of property in connection with the performance of services, and, therefore,

does not prevent the inclusion of amounts in gross income under any provision or rule of law earlier than the time provided under its rules.

Under Section 409A, all amounts deferred under a nonqualified deferred compensation plan for all taxable years are currently includible in gross income to the extent those amounts are not subject to a substantial risk of forfeiture and not previously included in gross income, unless certain requirements are satisfied. If the requirements of Section 409A are not satisfied, in addition to current income inclusion, interest at a rate applicable to underpayments of tax

plus one percentage point is imposed on the underpayments that would have occurred had the compensation been includible in income when first deferred, or if later, when not subject to a substantial risk of forfeiture. The amount required to be included in income is also subject to a 20-percent additional tax.

For purposes of Section 409A, a nonqualified deferred compensation plan is any plan that provides for the deferral of compensation other than a qualified employer plan or any bona fide vacation leave, sick leave, compensatory, disability pay or death benefit plan. Section 409A does not apply to certain plans, such as (i) an arrangement taxable under Section 83 of the Code, including a non-statutory stock option providing for the grant of an option on employer stock with an exercise price that is not less than the fair market value of the underlying stock on the date of the grant if such arrangement does not include a deferral feature (other than the feature that the option holder has the right to exercise the option in the future), and also including a transfer of property subject to substantial risk of forfeiture and transfer restrictions, (ii) certain incentive stock options, (iii) payments that will be made within the 2 1/2 month period after the close of the tax year in which the payment vests, and (iv) stock appreciation rights (SAR), provided that the exercise price may never be less than the fair market value of the stock on the date the SAR is granted, the stock subject to the SAR is publicly traded on an established securities market and the SAR does not include additional deferral features. In addition, under the proposed regulations issued under Section 409A, the number of shares subject to stock option and the SAR must be fixed on or before the grant date.

Under Section 409A, distributions from a nonqualified deferred compensation plan may be allowed only upon separation from service, death, a specified time (or pursuant to a fixed schedule), a change in control of the corporation, occurrence of an unforeseeable emergency, or if the participant becomes disabled. A nonqualified deferred compensation plan may not allow distributions other than upon permissible distribution events, such as separation from service, disability or death, and generally may not permit acceleration of the timing of a distribution.

In accordance with recent IRS guidance and proposed regulations interpreting Section 409A, the Plan will be administered and interpreted in a manner that is in good faith compliance with Section 409A. The Board intends that the Plan and all awards granted thereunder shall either not be subject to Section 409A (as in the case of the incentive stock option) or shall (as in the case of the Phantom Stock/Deferred Stock) satisfy the requirements of Section 409A.

Option Grants During 2005

During 2005, we granted options to purchase 438,292 shares of common stock under the 2001 Plan (including options to purchase 30,000 shares granted in connection with our acquisition of CMHC systems), 170,000 of which were granted to our executive officers. See EXECUTIVE COMPENSATION Stock Option Grants in Last Fiscal Year. In addition, options to purchase 25,500 shares of common stock at an average price of \$9.78 per share were granted to our non-management directors under the 2001 Plan.

Vote Required

The proposal to approve an increase in the number of shares available under the 2001 Plan requires the approval of a majority of the shares of common stock present in person or by proxy at the annual meeting.

The board of directors recommends a vote FOR the proposal.

**PROPOSAL 3 APPROVAL OF AN AMENDMENT TO THE
AUTOMATIC GRANT PROVISIONS OF THE 2001 LONG-TERM INCENTIVE PLAN**

Our 2001 Long-Term Incentive Plan currently provides for the automatic grant to each non-employee director of a non-qualified option to purchase 6,000 shares of common stock on April 1st of each year, commencing April 1, 2004, and for the grant of 7,500 shares for the non-employee director serving as chairman of each of the Audit Committee and Compensation Committee; provided that, if one person serves as chairman of both committees, he would receive options to purchase a total of 7,500 shares. Subject to approval of the increase in the number of shares available under the 2001 Plan in accordance with proposal 2, stockholders are requested in this proposal 3 to approve an amendment to the 2001 Plan to increase the number of shares underlying options granted automatically to each non-employee director from 6,000 shares to 10,000 shares, and to increase the number of shares underlying options granted to the non-employee director serving as chairman of each of the Audit Committee and Compensation Committee from 7,500 shares to 12,500 shares; provided that, if one person serves as chairman of both committees, he would receive options to purchase a total of 12,500 shares.

Since the number of shares under the 2001 Plan was insufficient to permit the automatic grant of options to purchase 6,000 shares to each of the non-employee directors and 7,500 shares to the non-employee director serving as chairman of both the Audit and Compensation Committees on April 1, 2006, in the event that stockholders approve proposal 2 and this proposal 3, on the date stockholders approve the proposals, each non-employee director will be granted options to purchase 3,375 shares and the non-employee director serving as chairman of the Audit and Compensation Committees will be granted options to purchase 4,875 shares. The number of options to be granted to the non-employee directors on receipt of stockholder approval was determined by subtracting the options to purchase shares to be granted automatically on April 1, 2006, pursuant to the current terms of the 2001 Long-Term Incentive Plan from the number of shares to be granted following approval of this proposal 3.

A summary of the 2001 Plan is set forth under proposal 2, above.

Grants Under the Plan

The following table sets forth the number of options that will be granted to all of the non-employee Directors pursuant to the 2001 Long-Term Incentive Plan upon stockholder approval of the proposed amendment:

Name and Position	Dollar Values\$(1)	Number of Shares Underlying Options
Non-employee Director Group (4 persons)	\$ 721,875	52,500 (2)

(1)

Based on the closing price of the common stock on October 6, 2006 of \$13.75.

(2)

Assumes the grant of options to purchase 15,000 shares, which is the balance of the annual grant for 2006, together with the annual grant for 2007 of options to purchase 10,000 shares of common stock to each of the three eligible non-employee directors and 12,500 shares of common stock to the fourth eligible non-employee director serving as chairman of the Audit and Compensation Committees.

The board of directors believes that it is increasingly difficult to attract and retain qualified individuals to serve as directors of public companies. In addition, Nasdaq's newly-adopted governance requirements require that a majority of the board of directors be independent, as defined by Nasdaq. The board of directors believes that we must provide our independent directors with compensation which compares favorably to the compensation provided by other companies. The board believes that the increase in the number of options automatically granted to our non-employee directors will enable us to provide our non-employee directors with a favorable compensation package.

Vote Required

The proposal to approve the amendment to the 2001 Plan requires the approval of a majority of the shares of common stock voting in person or by proxy at the annual meeting.

The board of directors recommends a vote FOR the proposal.

**PROPOSAL 4 SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

It is proposed that the stockholders approve the selection of Marcum & Kliegman LLP as our independent registered public accounting firm for the year ending December 31, 2006. The Audit Committee has approved the selection of Marcum & Kliegman LLP as our independent registered public accounting firm. However, in the event approval of the proposal is not obtained, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee.

At no time since its engagement has Marcum & Kliegman LLP had any direct or indirect financial interest in or any connection with us or any of our subsidiaries other than as an independent registered public accounting firm.

Vote Required

The proposal to approve the selection of Marcum & Kliegman LLP as our independent registered public accounting firm requires the approval of a majority of the shares of common stock present in person and or by proxy at the annual meeting.

The board of directors recommends a vote FOR the proposal.

Employment Agreements

In April 2004, we entered into revised employment agreements with Messrs. James L. Conway, Gerald O. Koop and Anthony F. Grisanti. The terms and conditions of the revised contracts are identical in all material respects to the previous contracts except that (i) the term of each individual's contract was extended by one year, so that Messrs. Conway and Grisanti's contracts were scheduled to expire on December 31, 2006 and (ii) the revised contracts do not provide for a five-year consulting period following each individual's respective term of employment during which such individual would have been entitled to compensation of \$75,000 per year. The contract pursuant to which Mr. Koop acted as president expired on December 31, 2005. Messrs. Conway and Grisanti's contracts also provided for an option to extend their contracts for one additional year so that upon the exercise of such option, their contracts would expire on December 31, 2007, which option was exercised in September 2006. We believe that Messrs. Conway and Grisanti are vital to our business.

The agreements provide for annual increases associated with cost of living indexes or 5%, whichever is greater. The agreements provide that the executives are eligible to participate in a bonus pool to be determined annually by the board, based on the executive's performance. The agreements also provide each of these officers with an automobile allowance, which is included under Salary, and insurance benefits. In the event of the officer's dismissal or resignation or a material change in his duties or in the event of a termination of employment by the executive or by us as a result of a change of control, the officer may receive severance payments calculated by determining the greatest after-tax benefit to the officer of payment of either (i) 48 months' compensation or (ii) an amount equal to 2.99 times his base compensation amount, as defined in Section 280(G) of the Internal Revenue Code.

Effective April 1, 2004, we adopted an Executive Retirement, Non-Competition and Consulting Plan which was subsequently amended August 5, 2004, effective April 1, 2004, pursuant to which, following their retirement, selected officers will be entitled to receive a minimum payment of approximately \$85,000 per year for a period of six years, provided, that such officers (i) provide a minimum amount of consulting days each month and (ii) agree to certain covenants not to compete. The annual payments are subject to 10% increases up to a maximum of \$136,893 per year. Pursuant to the Executive Retirement, Non-Competition and Consulting Plan, the selected officers are also entitled to receive health benefits for life, provided that there are no breaches of the covenants not to compete. Each of Messrs. Conway and Grisanti are entitled to receive benefits under the plan.

The contract pursuant to which Mr. Koop was employed as president expired on December 31, 2005 and he retired as an executive officer on that date. Pursuant to an agreement dated as of April 15, 2006, Mr. Koop continues to serve as an employee but is no longer an executive officer.

Stock Option Plans

We currently have three stock option plans – the 1998 Long-Term Incentive Plan, 1999 Long-Term Incentive Plan and 2001 Long-Term Incentive Plan. The plans were designed to strengthen our ability to attract and retain in our employ persons of training, experience and ability and to furnish additional incentives to officers, employees, consultants and directors.

The 1998 plan covers 790,000 shares of common stock, with no shares remaining for the grant of additional awards under the plan. The 1999 plan covers 300,000 shares of common stock, with no shares remaining for the grant of additional awards under the plan. The 2001 Plan covers 950,000 shares of common stock, with a total of 3 shares remaining for the grant of additional award under the plan. We are proposing an increase in the number of shares reserved for issuance under the 2001 Plan. Please see proposal 2.

The stock option plans are administered by a committee of at least two non-employee directors appointed by the board. The Compensation Committee serves as the committee under all of our stock option plans. Any member or alternate member of the committee is not eligible to receive options or stock under these plans except for the annual

option grant and certain option grants which were approved by the stockholders in connection with the approval of the 1998 plan. If no committee is appointed, the functions of the committee are performed by the board of directors.

Stock Option Grants in Last Fiscal Year

The following table provides information concerning each grant of options to purchase the Company's common stock made during the fiscal year ended December 31, 2005, to the Named Executive Officers.

Options Grants in Last Fiscal Year

	Number of Securities Underlying Options Granted(1)	% of Total Options Granted to Employees in 2005(2)	Exercise or Base Price \$/Sh(3)	Expiration Date	Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term(4)

James L. Conway	100,000	22.8	\$ 9.85	7/13/10	\$ 334,994	\$ 759,988
Gerald O. Koop	25,000	5.7	\$ 9.85	7/13/10	\$ 83,749	\$ 189,997
Anthony F. Grisanti	45,000	10.3	\$ 9.85	7/13/10	\$ 150,747	\$ 341,994

(1)

Includes options granted in 2005.

(2)

Based on a total of 438,292 shares subject to options granted to employees under Netsmart's options plans in 2005.

(3)

Under all stock option plans, the option purchase price is equal to the fair market value at the date of grant. Options were granted to executives on July 13, 2005.

(4)

In accordance with the U.S. Securities and Exchange Commission rules, these columns show gains that could accrue for the respective options, assuming that the market price of Netsmart common stock appreciates from the date of grant over a period of 6 years at an annualized rate of 5% and 10%, respectively. If the stock price does not increase above the exercise price at the time of exercise, realized value to the named executive from these options would be zero.

Option Exercises and Outstanding Options

The following table sets forth information concerning the exercise of options during the year ended December 31, 2005 and the year-end value of options held by our officers named in the Summary Compensation Table.

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

Options to acquire 30,000 shares were granted to certain former employees of Netsmart-Ohio to induce them to remain in our employ. The options have a ten-year term, an exercise price of \$14.77 per share and become exercisable over a period of three years.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who own more than ten percent of a registered class of our equity securities (Reporting Persons) to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and the Nasdaq Stock Exchange. These Reporting Persons are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file with the SEC and Nasdaq. Based solely upon our review of the copies of the forms we have received, and upon representations received from such Reporting Persons, we believe that all Reporting Persons complied on a timely basis with all filing requirements applicable to them with respect to transactions during fiscal 2005.

Compensation Committee Interlocks and Insider Participation

During fiscal 2005, our Compensation/Stock Option Committee consisted of Messrs. Gallagher, Calcagno, and Sicinski. None of them were our officers or employees during fiscal 2005 nor did they have any relationship with us that is required to be disclosed in this proxy statement pursuant to the rules of the Securities and Exchange Commission.

Filings made by companies with the Securities and Exchange Commission sometimes incorporate information by reference. This means the company is referring you to information that has been previously filed with the SEC and that this information should be considered as part of the filing you are reading. The Compensation Committee Report, Stock Performance Graph and Audit Committee Report in this proxy statement are not incorporated by reference into any other filings with the SEC.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation of our executive officers is determined by the Compensation Committee of our board of directors, subject to applicable employment agreements. Our Compensation Committee has adopted a charter that is available on our website at www.ntst.com. Each member of the Compensation Committee is a director who is not employed by us or any of our affiliates. The following report with respect to certain compensation paid or awarded to our executive officers during fiscal 2005 is furnished by the directors who comprised the Compensation Committee during fiscal 2005.

General Policies

Our compensation programs are intended to enable us to attract, motivate, reward and retain the management talent required to achieve our corporate objectives, and thereby increase shareholder value. It is our policy to provide incentives to our senior management to achieve both short-term and long-term objectives and to reward exceptional performance and contributions to the development of our businesses. To attain these objectives, our executive compensation program includes a competitive base salary, cash incentive bonuses and stock-based compensation. See *Executive Compensation Employment Agreements* .

Stock options are granted to employees, including our executive officers, under our option plans. The Committee believes that stock options provide an incentive that focuses the executive's attention on managing Netsmart from the perspective of an owner with an equity stake in the business. Options are awarded with an exercise price equal to the market value of common stock on the date of grant. Among our executive officers, the number of shares subject to options granted to each individual generally depends upon the level of that officer's responsibility. The largest grants are awarded to the most senior officers who, in the view of the Compensation Committee, have the greatest potential impact on our profitability and growth. Previous grants of stock options are reviewed but are not considered the most important factor in determining the size of any executive's stock option award in a particular year.

Relationship of Compensation to Performance and Compensation of Chief Executive Officer

The Compensation Committee annually establishes, subject to the approval of our board of directors and any applicable employment agreements, the salaries to be paid to our executive officers during the coming year. The base salary of each of Messrs. Conway, Grisanti and Koop is or was established by contract. In setting salaries, the Compensation Committee takes into account several factors, including the extent to which an individual may participate in the stock plans maintained by us, and qualitative factors bearing on an individual's experience, responsibilities, management and leadership abilities, and job performance.

For fiscal 2005, pursuant to the terms of his employment agreement with us, our Chairman received a base salary and additional compensation (See *Executive Compensation Employment Agreements*).

AUDIT COMMITTEE REPORT

The Audit Committee has received from Marcum & Kliegman LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee has discussed with Marcum & Kliegman that firm's independence. Based upon these reviews and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the board of directors of Netsmart that the audited consolidated financial statements for Netsmart be included in Netsmart's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 for filing with the Securities and Exchange Commission.

The Audit Committee has also reviewed and discussed the fees paid to Marcum & Kliegman LLP during the last fiscal year for audit and non-audit services, which are set forth below under Audit Fees, and has determined that the provision of the non-audit services are compatible with the firm's independence.

Our Audit Committee approved all of the services provided by Marcum & Kliegman LLP and described in the preceding paragraphs.

He currently has a fifteen month consulting agreement with Netsmart and does not hold an officer position nor is he a director of the company. Netsmart does not guarantee any payments on the mortgage that exists related to this property.

(i) to select the officers and other eligible persons to whom Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock, Stock Purchase Rights and/or Other Stock-Based Awards may from time to time be granted pursuant to the Plan;

(iii) to determine the number of shares to be covered by each such award granted pursuant to the Plan;

(iv) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any award granted under the Plan, including, but not limited to, the share price or exercise price and any restriction or limitation, or any vesting, acceleration or waiver of forfeiture restrictions regarding any Stock Option or other award and/or the shares of Stock relating thereto, based in each case on such factors as the Committee shall, in its sole discretion, determine;

(vii) to determine whether, to what extent and under what circumstances Stock and other amounts payable with respect to an award under this Plan shall be deferred either automatically or at the election of the participant, including any provision for any determination or method of determination of the amount (if any) deemed to be earned on any deferred amount during any deferral period;

3. Stock Subject to Plan.

(a) The total number of shares of Stock reserved and available for distribution under the Plan shall be ***one million nine hundred fifty thousand (1,950,000)*** shares of Common Stock. In the event that awards are granted in tandem

such that the exercise of one award precludes the exercise of another award then, for the purpose of determining the number of shares of Stock as to which awards shall have been granted, the maximum number of shares of Stock issuable pursuant to such tandem awards shall be used.

A-3

(b) Subject to Paragraph 6(b)(v) of the Plan, if any shares of Stock that have been optioned cease to be subject to a Stock Option, or if any such shares of Stock that are subject to any Restricted Stock or Deferred Stock award, Stock Purchase Right or Other Stock-Based Award granted under the Plan are forfeited or any such award otherwise terminates without a payment being made to the participant in the form of Stock, such shares shall again be available for distribution in connection with future awards under the Plan.

(c) In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, stock distribution, reverse split, combination of shares or other change in corporate structure affecting the Stock, such substitution or adjustment shall be made in the aggregate number of shares reserved for issuance under the Plan, in the base number of shares, in the number and option price of shares subject to outstanding Options granted under the Plan, in the number and purchase price of shares subject to outstanding Stock Purchase Rights under the Plan, and in the number of shares subject to other outstanding awards granted under the Plan as may be determined to be appropriate by the Committee, in its sole discretion, provided that the number of shares subject to any award shall always be a whole number. Such adjusted option price shall also be used to determine the amount payable by the Company upon the exercise of any Stock Appreciation Right associated with any Stock Option.

4. Eligibility.

(a) Officers and other key employees and directors of, and consultants and independent contractors to, the Company and its Subsidiaries and Affiliates (but excluding, except as to Paragraph 4(b) of the Plan, Non-Employee Directors) who are responsible for or contribute to the management, growth and/or profitability of the business of the Company and/or its Subsidiaries and Affiliates are eligible to be granted awards under the Plan.

(b) On each April 1 of each year, commencing April 1, 2002, each person who is a Non-Employee Director on such date shall automatically be granted a Non-Qualified Stock Option to purchase five thousand (5,000) shares of Common Stock (or such lesser number of shares of Common Stock as remain available for grant at such date under the Plan, divided by the number of Non-Employee Directors at such date); provided, however, that with respect to the automatic grant on April 1, 2002, in the event that the Plan shall not have been approved by stockholders on or prior to April 1, 2002, the automatic option grant in 2002 shall be granted on the date that the Plan is approved by stockholders. Such Stock Options shall be exercisable at a price per share equal to the greater of the Fair Market Value on the date of grant or the par value of one share of Common Stock. The Non-Qualified Stock Options granted pursuant

to this Paragraph 4(b) and pursuant to Paragraph 4(c) of the Plan shall become exercisable as to all of the shares subject thereto six (6) months from the date of grant, and shall expire on the earlier of (i) five years from the date of grant, or (ii) seven (7) months from the date such Non-Employee Director ceases to be a director if such Non-Employee Director ceases to be a director other than as a result of his death or Disability. The provisions of this Paragraph 4(b) and said Paragraph 4(c) may not be amended more than one (1) time in any six (6) month period other than to comply with changes in the Code or the Employee Retirement Income Security Act (ERISA) or the rules thereunder.

A-4

(c) If any Non-Employee Director is first elected to the board subsequent to April 1 or any year, commencing April 1, 2004, such person shall automatically be granted a Non-Qualified Stock Option to purchase six thousand (6,000) shares of Common Stock (or such lesser number of shares of Common Stock as remain available for grant at such date under the Plan, divided by the number of Non-Employee Directors who are elected as directors at such date).

5. Stock Options.

Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve. Stock Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Non-Qualified Stock Options. (ii) *Option Term.* The term of each Stock Option shall be fixed by the Committee, but no Stock Option shall be exercisable more than ten (10) years after the date the Option is granted.

(iii) *Exercisability.* Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at or after grant. If the Committee provides, in its sole discretion, that any Stock Option is exercisable only in installments, the Committee may waive such installment exercise provisions at any time at or after grant in whole or in part, based on such factors as the Committee shall, in its sole discretion, determine.

(iv) *Method of Exercise.*

(A) Subject to whatever installment exercise provisions apply under Paragraph 5(b)(iii) of the Plan, Stock Options may be exercised in whole or in part at any time during the option period, by giving written notice of exercise to the Company specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price, either by check, note or such other instrument, securities or property as the Committee may accept. As and to the extent determined by the Committee, in its sole discretion, at or after grant, payments in full or in part may also be made in the form of Stock already owned by the optionee or, in the case of the exercise of a Non-Qualified Stock Option, Restricted Stock or Deferred Stock subject to an award hereunder (based, in each case, on the Fair Market Value of the Stock on the date the option is exercised, as determined by the Committee).

(B) If payment of the option exercise price of a Non-Qualified Stock Option is made in whole or in part in the form of Restricted Stock or Deferred Stock, the Stock issuable upon such exercise (and any replacement shares relating thereto) shall remain (or be) restricted or deferred, as the case may be, in accordance with the original terms of the Restricted Stock award or Deferred Stock award in question, and any additional Stock received upon the exercise shall be subject to the same forfeiture restrictions or deferral limitations, unless otherwise determined by the Committee, in its sole discretion, at or after grant.

(C) No shares of Stock shall be issued until full payment therefor has been received by the Company. In the event of any exercise by note or other instrument, the shares of Stock shall not be issued until such note or other instrument shall have been paid in full, and the exercising optionee shall have no rights as a stockholder until such payment is

made.

(D) Subject to Paragraph 5(b)(iv)(C) of the Plan, an optionee shall generally have the rights to dividends or other rights of a stockholder with respect to shares subject to the Option when the optionee has given written notice of exercise, has paid in full for such shares, and, if requested, has given the representation described in Paragraph 14(a) of the Plan.

A-5

(v) *Non-Transferability of Options.* No Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution, and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee.

(vi) *Termination by Death.* Subject to Paragraph 5(b)(ix) of the Plan with respect to Incentive Stock Options, if an optionee's employment by the Company and any Subsidiary or Affiliate terminates by reason of death, any Stock Option held by such optionee may thereafter be exercised, to the extent such option was exercisable at the time of death or on such accelerated basis as the Committee may determine at or after grant (or as may be determined in accordance with procedures established by the Committee), by the legal representative of the estate or by the legatee of the optionee under the will of the optionee, for a period of one year (or such other period as the Committee may specify at grant) from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter.

(vii) *Termination by Reason of Disability or Retirement.* Subject to Paragraph 5(b)(ix) of the Plan with respect to Incentive Stock Options, if an optionee's employment by the Company and any Subsidiary or Affiliate terminates by reason of a Disability or Normal or Early Retirement, any Stock Option held by such optionee may thereafter be exercised by the optionee, to the extent it was exercisable at the time of termination or on such accelerated basis as the Committee may determine at or after grant (or as may be determined in accordance with procedures established by the Committee), for a period of one year (or such other period as the Committee may specify at grant) from the date of such termination of employment or until the expiration of the stated term of such Stock Option, whichever period is the shorter; provided, however, that, if the optionee dies within such one-year period (or such other period as the Committee shall specify at grant), any unexercised Stock Option held by such optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one year from the date of such death or until the expiration of the stated term of such Stock Option, whichever period is the shorter. In the event of termination of employment by reason of Disability or Normal or Early Retirement, if an Incentive Stock Option is exercised after the expiration of the exercise periods that apply for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Non-Qualified Stock Option.

(viii) *Other Termination.* Unless otherwise determined by the Committee or pursuant to procedures established by the Committee) at or after grant, if an optionee's employment by the Company and any Subsidiary or Affiliate terminates for any reason other than death, Disability or Normal or Early Retirement, the Stock Option shall thereupon terminate; provided, however, that if the optionee is involuntarily terminated by the Company or any Subsidiary or Affiliate without Cause, including a termination resulting from the Subsidiary, Affiliate or division in which the optionee is employed or engaged, ceasing, for any reason, to be a Subsidiary, Affiliate or division of the Company, such Stock Option may be exercised, to the extent otherwise exercisable on the date of termination, for a period of three months (or seven months in the case of a person subject to the reporting and short-swing profit provisions of Section 16 of the Exchange Act) from the date of such termination or until the expiration of the stated term of such Stock Option, whichever is shorter.

(ix) *Incentive Stock Options.*

(A) Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the optionee(s) affected, to disqualify any Incentive Stock Option under such Section 422.

(B) To the extent required for incentive stock option status under Section 422(d) of the Code (taking into account applicable Treasury regulations and pronouncements), the Plan shall be deemed to provide that the aggregate Fair Market Value (determined as of the time of grant) of the Stock with respect to which Incentive Stock Options are exercisable for the first time by the optionee during any calendar year under the Plan and/or any other stock option plan of the Company or any Subsidiary or parent corporation (within the meaning of Section 425 of the Code) shall

not exceed \$100,000. If Section 422 is hereafter amended to delete the requirement now in Section 422(d) that the plan text expressly provide for the \$100,000 limitation set forth in Section 422(d), then this Paragraph 5(b)(ix)(B) shall no longer be operative and the Committee may accelerate the dates on which the incentive stock option may be exercised.

A-6

(C) To the extent permitted under Section 422 of the Code or the applicable regulations thereunder or any applicable Internal Revenue Service pronouncement:

(I) If (x) a participant's employment is terminated by reason of death, Disability or Retirement and (y) the portion of any Incentive Stock Option that is otherwise exercisable during the post-termination period specified under Paragraphs 5(b)(vi) and (vii) of the Plan, applied without regard to the \$100,000 limitation contained in Section 422(d) of the Code, is greater than the portion of such option that is immediately exercisable as an incentive stock option during such post-termination period under Section 422, such excess shall be treated as a Non-Qualified Stock Option; and

(II) if the exercise of an Incentive Stock Option is accelerated by reason of a Change in Control, any portion of such option that is not exercisable as an Incentive Stock Option by reason of the \$100,000 limitation contained in Section 422(d) of the Code shall be treated as a Non-Qualified Stock Option.

(x) *Settlement Provisions.* If the option agreement so provides at grant or is amended after grant and prior to exercise to so provide (with the optionee's consent), the Committee may require that all or part of the shares to be issued with respect to the spread value of an exercised Option take the form of Deferred or Restricted Stock which shall be valued on the date of exercise on the basis of the Fair Market Value (as determined by the Committee) of such Deferred or Restricted Stock determined without regard to the deferral limitations and/or forfeiture restrictions involved.

6. Stock Appreciation Rights.

(a) Grant and Exercise.

(i) Stock Appreciation Rights may be granted in conjunction with all or part of any Stock Option granted under the Plan. In the case of a Non-Qualified Stock Option, such rights may be granted either at or after the time of the grant of such Stock Option. In the case of an Incentive Stock Option, such rights may be granted only at the time of the grant of such Stock Option.

(ii) A Stock Appreciation Right or applicable portion thereof granted with respect to a given Stock Option shall terminate and no longer be exercisable upon the termination or exercise of the related Stock Option, subject to such provisions as the Committee may specify at grant where a Stock Appreciation Right is granted with respect to less than the full number of shares covered by a related Stock Option.

(iii) A Stock Appreciation Right may be exercised by an optionee, subject to Paragraph 6(b) of the Plan, in accordance with the procedures established by the Committee for such purpose. Upon such exercise, the optionee shall be entitled to receive an amount determined in the manner prescribed in said Paragraph 6(b). Stock Options relating to exercised Stock Appreciation Rights shall no longer be exercisable to the extent that the related Stock Appreciation Rights have been exercised.

(b) Terms and Conditions. Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(i) Stock Appreciation Rights shall be exercisable only at such time or times and to the extent that the Stock Options to which they relate shall be exercisable in accordance with the provisions of this Section 6 and Section 5 of the Plan; provided, however, that any Stock Appreciation Right granted to an optionee subject to Section 16(b) of the Exchange Act subsequent to the grant of the related Stock Option shall not be exercisable during the first six months of its term, except that this special limitation shall not apply in the event of death or Disability of the optionee prior to the expiration of the six-month period. The exercise of Stock Appreciation Rights held by optionees who are subject to Section 16(b) of the Exchange Act shall comply with Rule 16b-3 thereunder to the extent applicable.

(ii) Upon the exercise of a Stock Appreciation Right, an optionee shall be entitled to receive an amount in cash and/or shares of Stock equal in value to the excess of the Fair Market Value of one share of Stock over the option price per share specified in the related Stock Option multiplied by the number of shares in respect of which the Stock Appreciation Right shall have been exercised, with the Committee having the right to determine the form of payment. When payment is to be made in shares of Stock, the number of shares to be

A-7

paid shall be calculated on the basis of the Fair Market Value of the shares on the date of exercise. When payment is to be made in cash, such amount shall be based upon the Fair Market Value of the Stock on the date of exercise, determined in a manner not inconsistent with Section 16(b) of the Exchange Act and the rules of the Commission thereunder.

(iii) Stock Appreciation Rights shall be transferable only when and to the extent that the underlying Stock Option would be transferable under Paragraph 5(b)(v) of the Plan.

(iv) Upon the exercise of a Stock Appreciation Right, the Stock Option or part thereof to which such Stock Appreciation Right is related shall be deemed to have been exercised only to the extent of the number of shares issued under the Stock Appreciation Right at the time of exercise based on the value of the Stock Appreciation Right at such time.

(v) In its sole discretion, the Committee may grant Stock Appreciation Rights that become exercisable only in the event of a Change in Control and/or a Potential Change in Control, subject to such terms and conditions as the Committee may specify at grant; provided that any such Stock Appreciation Rights shall be settled solely in cash.

(vi) The Committee, in its sole discretion, may also provide that, in the event of a Change in Control and/or a Potential Change in Control, the amount to be paid upon the exercise of a Stock Appreciation Right shall be based on the Change in Control Price, subject to such terms and conditions as the Committee may specify at grant.

7. Restricted Stock.

(a) *Administration.* Shares of Restricted Stock may be issued either alone, in addition to or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. The Committee shall determine the eligible persons to whom, and the time or times at which, grants of Restricted Stock will be made, the number of shares to be awarded, the price (if any) to be paid by the recipient of Restricted Stock, subject to Paragraph 7(b) of the Plan, the time or times within which such awards may be subject to forfeiture, and all other terms and conditions of the awards. The Committee may condition the grant of Restricted Stock upon the attainment of specified performance goals or such other factors as the Committee may, in its sole discretion, determine. The provisions of Restricted Stock awards need not be the same with respect to each recipient.

(b) *Awards and Certificates.*

(i) The prospective recipient of a Restricted Stock award shall not have any rights with respect to such award unless and until such recipient has executed an agreement evidencing the award and has delivered a fully executed copy thereof to the Company, and has otherwise complied with the applicable terms and conditions of such award.

(ii) The purchase price for shares of Restricted Stock may be equal to or less than their par value and may be zero.

(iii) Awards of Restricted Stock must be accepted within a period of 60 days (or such shorter period as the Committee may specify at grant) after the award date, by executing a Restricted Stock Award Agreement and paying the price, if any, required under Paragraph 7(b)(ii).

(iv) Each participant receiving a Restricted Stock award shall be issued a stock certificate in respect of such shares of Restricted Stock. Such certificate shall be registered in the name of such participant, and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such award.

(v) The Committee shall require that (A) the stock certificates evidencing shares of Restricted Stock be held in the custody of the Company until the restrictions thereon shall have lapsed, and (B) as a condition of any Restricted Stock award, the participant shall have delivered a stock power, endorsed in blank, relating to the Restricted Stock covered

by such award.

(c) *Restrictions and Conditions.* The shares of Restricted Stock awarded pursuant to this Section 7 shall be subject to the following restrictions and conditions:

A-8

(i) Subject to the provisions of the Plan and the award agreement, during a period set by the Committee commencing with the date of such award (the *Restriction Period*), the participant shall not be permitted to sell, transfer, pledge or assign shares of Restricted Stock awarded under the Plan. Within these limits, the Committee, in its sole discretion, may provide for the lapse of such restrictions in installments and may accelerate or waive such restrictions in whole or in part, based on service, performance and/or such other factors or criteria as the Committee may determine, in its sole discretion.

(ii) Except as provided in this Paragraph 7(c)(ii) and Paragraph 7(c)(i) of the Plan, the participant shall have, with respect to the shares of Restricted Stock, all of the rights of a stockholder of the Company, including the right to vote the shares and the right to receive any regular cash dividends paid out of current earnings. The Committee, in its sole discretion, as determined at the time of award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested, subject to Paragraph 14(e) of the Plan, in additional Restricted Stock to the extent shares are available under Section 3 of the Plan, or otherwise reinvested. Stock dividends, splits and distributions issued with respect to Restricted Stock shall be treated as additional shares of Restricted Stock that are subject to the same restrictions and other terms and conditions that apply to the shares with respect to which such dividends are issued, and the Committee may require the participant to deliver an additional stock power covering the shares issuable pursuant to such stock dividend, split or distribution. Any other dividends or property distributed with regard to Restricted Stock, other than regular dividends payable and paid out of current earnings, shall be held by the Company subject to the same restrictions as the Restricted Stock.

(iii) Subject to the applicable provisions of the award agreement and this Section 7, upon termination of a participant's employment with the Company and any Subsidiary or Affiliate for any reason during the Restriction Period, all shares still subject to restriction will vest, or be forfeited, in accordance with the terms and conditions established by the Committee at or after grant.

(iv) If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock subject to such Restriction Period, certificates for an appropriate number of unrestricted shares, and other property held by the Company with respect to such Restricted Shares, shall be delivered to the participant promptly.

(d) *Minimum Value Provisions.* In order to better ensure that award payments actually reflect the performance of the Company and service of the participant, the Committee may provide, in its sole discretion, for a tandem Stock Option or performance-based or other award designed to guarantee a minimum value, payable in cash or Stock to the recipient of a Restricted Stock award, subject to such performance, future service, deferral and other terms and conditions as may be specified by the Committee.

8. Deferred Stock.

(a) *Administration.* Deferred Stock may be awarded either alone, in addition to or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. The Committee shall determine the eligible persons to whom and the time or times at which Deferred Stock shall be awarded, the number of shares of Deferred Stock to be awarded to any person, the duration of the period (the *Deferral Period*) during which, and the conditions under which, receipt of the Stock will be deferred, and the other terms and conditions of the award in addition to those set forth in Paragraph 8(b). The Committee may condition the grant of Deferred Stock upon the attainment of specified performance goals or such other factors or criteria as the Committee shall, in its sole discretion, determine. The provisions of Deferred Stock awards need not be the same with respect to each recipient.

(b) *Terms and Conditions.* The shares of Deferred Stock awarded pursuant to this Section 8 shall be subject to the following terms and conditions:

(i) Subject to the provisions of the Plan and the award agreement referred to in Paragraph 8(b)(vi) of the Plan, Deferred Stock awards may not be sold, assigned, transferred, pledged or otherwise encumbered during the Deferral

Period. At the expiration of the Deferral Period (or the Elective Deferral Period referred to in Paragraph 8(b)(v) of the Plan, where applicable), share certificates representing the shares covered by the Deferred Stock award shall be delivered to the participant or his legal representative.

(ii) Unless otherwise determined by the Committee at grant, amounts equal to any dividends declared during the Deferral Period with respect to the number of shares covered by a Deferred Stock award will be paid

A-9

to the participant currently, or deferred and deemed to be reinvested in additional Deferred Stock, or otherwise reinvested, all as determined at or after the time of the award by the Committee, in its sole discretion.

(iii) Subject to the provisions of the award agreement and this Section 8, upon termination of a participant's employment with the Company and any Subsidiary or Affiliate for any reason during the Deferral Period for a given award, the Deferred Stock in question will vest, or be forfeited, in accordance with the terms and conditions established by the Committee at or after grant.

(iv) Based on service, performance and/or such other factors or criteria as the Committee may determine, the Committee may, at or after grant, accelerate the vesting of all or any part of any Deferred Stock award and/or waive the deferral limitations for all or any part of such award.

(v) A participant may elect to further defer receipt of an award (or an installment of an award) for a specified period or until a specified event (the Elective Deferral Period), subject in each case to the Committee's approval and to such terms as are determined by the Committee, all in its sole discretion. Subject to any exceptions adopted by the Committee, such election must generally be made at least twelve months prior to completion of the Deferral Period for such Deferred Stock award (or such installment).

(vi) Each award shall be confirmed by, and subject to the terms of, a Deferred Stock agreement executed by the Company and the participant.

(c) *Minimum Value Provisions.* In order to better ensure that award payments actually reflect the performance of the Company and service of the participant, the Committee may provide, in its sole discretion, for a tandem Stock Option or performance-based or other award designed to guarantee a minimum value, payable in cash or Stock to the recipient of a deferred stock award, subject to such performance, future service, deferral and other terms and conditions as may be specified by the Committee.

9. Stock Purchase Rights.

(a) *Awards and Administration.* The Committee may grant eligible participants Stock Purchase Rights which shall enable such participants to purchase Stock (including Deferred Stock and Restricted Stock):

(i) at its Fair Market Value on the date of grant;

(ii) at a percentage of such Fair Market Value on such date, such percentage to be determined by the Committee in its sole discretion;

(iii) at an amount equal to Book Value on such date; or

(iv) at an amount equal to the par value of such Stock on such date.

The Committee shall also impose such deferral, forfeiture and/or other terms and conditions as it shall determine, in its sole discretion, on such Stock Purchase Rights or the exercise thereof. The terms of Stock Purchase Rights awards need not be the same with respect to each participant. Each Stock Purchase Right award shall be confirmed by, and be subject to the terms of, a Stock Purchase Rights Agreement.

(b) *Exercisability.* Stock Purchase Rights shall generally be exercisable for such period after grant as is determined by the Committee not to exceed sixty (60) days. However, the Committee may provide, in its sole discretion, that the Stock Purchase Rights of persons potentially subject to Section 16(b) of the Exchange Act shall not become exercisable until six months and one day after the grant date, and shall then be exercisable for ten trading days at the purchase price specified by the Committee in accordance with Paragraph 9(a) of the Plan.

10. Other Stock-Based Awards.

(a) Administration.

(i) Other awards of Stock and other awards that are valued in whole or in part by reference to, or are otherwise based on, Stock (Other Stock-Based Awards), including, without limitation, performance shares, convertible preferred stock (to the extent a series of preferred stock has been or may be created by, or in accordance with a procedure set forth in, the Company s certificate of incorporation), convertible debentures, warrants, exchangeable securities and Stock awards or options valued by reference to Fair Market Value, Book

A-10

Value or performance of the Company or any Subsidiary, Affiliate or division, may be granted either alone or in addition to or in tandem with Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock or Stock Purchase Rights granted under the Plan and/or cash awards made outside of the Plan.

(ii) Subject to the provisions of the Plan, the Committee shall have authority to determine the persons to whom and the time or times at which such award shall be made, the number of shares of Stock to be awarded pursuant to such awards, and all other conditions of the awards. The Committee may also provide for the grant of Stock upon the completion of a specified performance period. The provisions of Other Stock-Based Awards need not be the same with respect to each recipient.

(b) *Terms and Conditions.* Other Stock-Based Awards made pursuant to this Section 10 shall be subject to the following terms and conditions:

(i) Subject to the provisions of the Plan and the award agreement referred to in Paragraph 10(b)(v) of the Plan, shares of Stock subject to awards made under this Section 10 may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses.

(ii) Subject to the provisions of the Plan and the award agreement and unless otherwise determined by the Committee at grant, the recipient of an award under this Section 10 shall be entitled to receive, currently or on a deferred basis, interest or dividends or interest or dividend equivalents with respect to the number of shares covered by the award, as determined at the time of the award by the Committee, in its sole discretion, and the Committee may provide that such amounts (if any) shall be deemed to have been reinvested in additional Stock or otherwise reinvested.

(iii) Any award under Section 10 and any Stock covered by any such award shall vest or be forfeited to the extent so provided in the award agreement, as determined by the Committee, in its sole discretion.

(iv) In the event of the participant's Retirement, Disability or death, or in cases of special circumstances, the Committee may, in its sole discretion, waive in whole or in part any or all of the remaining limitations (if any) imposed with respect to any or all of an award pursuant to this Section 10.

(v) Each award under this Section 10 shall be confirmed by, and subject to the terms of, an agreement or other instrument by the Company and by the participant.

(vi) Stock (including securities convertible into Stock) issued on a bonus basis under this Section 10 may be issued for no cash consideration.

11. Change in Control Provisions.

(a) *Impact of Event.* In the event of a Change in Control, as defined in Paragraph 11(b) of the Plan, or a Potential Change in Control, as defined in Paragraph 11(c) of the Plan, except to the extent otherwise determined by the Committee or the Board at or after grant (subject to any right of approval expressly reserved by the Committee or the Board at the time of such determination), the following acceleration and valuation provisions shall apply:

(i) Any Stock Appreciation Rights outstanding for at least six months and any Stock Options awarded under the Plan not previously exercisable and vested shall become fully exercisable and vested, regardless of whether the amendment to the Plan pursuant to which such Stock Options shall have been granted shall have been approved by stockholders; provided, however, that if such stockholder approval shall not have been obtained prior to a Change of Control or a Potential Change of Control, any Incentive Stock Options may, with the consent of the holders thereof, be treated as Non-Qualified Stock Options.

(ii) The restrictions and deferral limitations applicable to any Restricted Stock, Deferred Stock, Stock Purchase rights and Other Stock-Based Awards, in each case to the extent not already vested under the Plan, shall lapse and such shares and awards shall be deemed fully vested, regardless of whether the amendment to the Plan pursuant to which such Stock Options shall have been granted shall have been approved by stockholders.

A-11

(iii) The value of all outstanding Stock Options, Stock Appreciation Rights, Restricted Stock, Deferred Stock, Stock Purchase Rights and Other Stock-Based Awards, in each case to the extent vested (including such rights which shall have become vested pursuant to Paragraphs 11(a)(i) and (ii) of the Plan), shall be purchased by the Company (cashout) in a manner determined by the Committee, in its sole discretion, on the basis of the Change in Control Price as defined in Paragraph 11(d) of the Plan as of the date such Change in Control or such Potential Change in Control is determined to have occurred or such other date as the Committee may determine prior to the Change in Control, unless the Committee shall, contemporaneously with or prior to any particular Change of Control or Potential Change of Control, determine that this Paragraph 11(a)(iii) shall not be applicable to such Change in Control or Potential Change in Control.

(b) *Definition of Change in Control.* For purposes of Paragraph 11(a) of the Plan, a Change in Control means the happening of any of the following:

(i) When any person (as defined in Section 3(a)(9) of the Exchange Act and as used in Sections 13(d) and 14(d) of the Exchange Act, including a group as defined in Section 13(d) of the Exchange Act, but excluding the Company and any Subsidiary and any employee benefit plan sponsored or maintained by the Company or any Subsidiary and any trustee of such plan acting as trustee) directly or indirectly becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act, as amended from time to time), of securities of the Company representing twenty-five percent or more of the combined voting power of the Company's then outstanding securities; provided, however, that a Change of Control shall not arise if such acquisition is approved by the board of directors or if the board of directors or the Committee determines that such acquisition is not a Change of Control or if the board of directors authorizes the issuance of the shares of Common Stock (or securities convertible into Common Stock or upon the exercise of which shares of Common Stock may be issued) to such persons; or

(ii) When, during any period of twenty-four consecutive months during the existence of the Plan, the individuals who, at the beginning of such period, constitute the Board (the Incumbent Directors) cease for any reason other than death, Disability or Retirement to constitute at least a majority thereof, provided, however, that a director who was not a director at the beginning of such 24-month period shall be deemed to have satisfied such 24-month requirement (and be an Incumbent Director) if such director was elected by, or on the recommendation of, or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually (because they were directors at the beginning of such 24-month period) or by prior operation of this Paragraph 11(b)(ii); or

(iii) The occurrence of a transaction requiring stockholder approval for the acquisition of the Company by an entity other than the Company or a Subsidiary through purchase of assets, or by merger, or otherwise.

(c) *Definition of Potential Change in Control.* For purposes of Paragraph 11(a) of the Plan, a Potential Change in Control means the happening of any one of the following:

(i) The approval by stockholders of an agreement by the Company, the consummation of which would result in a Change in Control of the Company as defined in Section 11(b) of the Plan; or

(ii) The acquisition of beneficial ownership, directly or indirectly, by any entity, person or group (other than the Company or a Subsidiary or any Company employee benefit plan or any trustee of such plan acting as such trustee) of securities of the Company representing five percent or more of the combined voting power of the Company's outstanding securities and the adoption by the Board of Directors of a resolution to the effect that a Potential Change in Control of the Company has occurred for purposes of the Plan.

(d) *Change in Control Price.* For purposes of this Section 11, Change in Control Price means the highest price per share paid in any transaction reported on the principal stock exchange on which the Stock is traded or the average of the highest bid and asked prices as reported by NASDAQ, or paid or offered in any bona fide transaction related to a potential or actual Change in Control of the Company at any time during the sixty-day period immediately preceding

the occurrence of the Change in Control (or, where applicable, the occurrence of the Potential Change in Control event), in each case as determined by the Committee except that, in the case of Incentive Stock Options and Stock Appreciation Rights relating to Incentive Stock Options, such price shall be based only on transactions reported for the date on which the optionee exercises such Stock Appreciation Rights or, where applicable, the date on which a cashout occurs under Paragraph 11(a)(iii).

A-12

12. Amendments and Termination.

(a) The Board may amend, alter, or discontinue the Plan, but no amendment, alteration, or discontinuation shall be made which would impair the rights of an optionee or participant under a Stock Option, Stock Appreciation Right (or Limited Stock Appreciation Right), Restricted or Deferred Stock award, Stock Purchase Right or Other Stock-Based Award theretofore granted, without the optionee's or participant's consent, and no amendment will be made without approval of the stockholders if such amendment requires stockholder approval under state law or if stockholder approval is necessary in order that the Plan comply with Rule 16b-3 of the Commission under the Exchange Act or any substitute or successor rule or if stockholder approval is necessary in order to enable the grant pursuant to the Plan of options or other awards intended to confer tax benefits upon the recipients thereof.

(b) The Committee may amend the terms of any Stock Option or other award theretofore granted, prospectively or retroactively, but no such amendment shall impair the rights of any holder without the holder's consent nor shall the Committee be permitted to reprice any outstanding Stock Option without shareholder approval.

(c) Subject to the provisions of Paragraphs 12(a) and (b) of the Plan, the Board shall have broad authority to amend the Plan to take into account changes in applicable securities and tax laws and accounting rules, as well as other developments, and, in particular, without limiting in any way the generality of the foregoing, to eliminate any provisions which are not required to be included as a result of any amendment to Rule 16b-3 of the Commission pursuant to the Exchange Act.

13. Unfunded Status of Plan.

The Plan is intended to constitute an unfunded plan for incentive and deferred compensation. With respect to any payments not yet made to a participant or optionee by the Company, nothing contained in this Plan shall give any such participant or optionee any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments in lieu of or with respect to awards under this Plan; provided, however, that, unless the Committee otherwise determines with the consent of the affected participant, the existence of such trusts or other arrangements shall be consistent with the unfunded status of the Plan.

14. General Provisions.

(a) The Committee may require each person purchasing shares pursuant to a Stock Option or other award under the Plan to represent to and agree with the Company in writing that the optionee or participant is acquiring the shares without a view to distribution thereof. The certificates for such shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. All certificates or shares of Stock or other securities delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Commission, any stock exchange upon which the Stock is then listed, and any applicable Federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

(b) Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

(c) Neither the adoption of the Plan nor the grant of any award pursuant to the Plan shall confer upon any employee of the Company or any Subsidiary or Affiliate any right to continued employment with the Company or a Subsidiary or Affiliate, as the case may be, nor shall it interfere in any way with the right of the Company or a Subsidiary or Affiliate to terminate the employment of any of its employees at any time.

(d) No later than the date as of which an amount first becomes includible in the gross income of the participant for Federal income tax purposes with respect to any award under the Plan, the participant shall pay to the Company, or make arrangements satisfactory to the Committee regarding the payment of, any Federal, state, or local taxes of any kind required by law to be withheld with respect to such amount. Unless otherwise determined by the Committee, withholding obligations may be settled with Stock, including Stock that is part of the award that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditional on such payment or arrangements and the Company and its Subsidiaries or Affiliates shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the participant.

A-13

(e) The actual or deemed reinvestment of dividends or dividend equivalents in additional Restricted Stock (or in Deferred Stock or other types of Plan awards) at the time of any dividend payment shall only be permissible if sufficient shares of Stock are available under Section 3 of the Plan for such reinvestment (taking into account then outstanding Stock Options, Stock Purchase Rights and other Plan awards).

15. Effective Date of Plan.

The Plan shall be effective as of the date the Plan is approved by the Board, subject to the approval of the Plan by a majority of the votes cast by the holders of the Company's Common Stock at the next annual or special meeting of stockholders. Any grants made under the Plan prior to such approval shall be effective when made (unless otherwise specified by the Committee at the time of grant), but shall be conditioned on, and subject to, such approval of the Plan by such stockholders.

16. Term of Plan.

Stock Option, Stock Appreciation Right, Restricted Stock award, Deferred Stock award, Stock Purchase Right or Other Stock-Based Award may be granted pursuant to the Plan, until ten (10) years from the date the Plan was approved by the Board, unless the Plan shall be terminated by the Board, in its discretion, prior to such date, but awards granted prior to such termination may extend beyond that date.
