OUTLOOK

Pasquale Natuzzi, Chairman and Chief Executive Officer, commented: "We are encouraged by the earnings before taxes reported in the fourth quarter 2005 after four quarters in a row of losses.

In 2006 we will continue to be focused on the initiatives that should make our operations more efficient and profitable.

At the same time, we have to take into consideration that the industry and currency scenario for 2006 appears to be characterized by the same uncertainties experienced last year.

In light of the above, we confirm the previously announced targets for 2006 with a positive net profit margin at most at 3 percent together with an increase in units sold of about 5 percent."

In consideration of the negative results reported in the period, the Directors will not propose the distribution of dividends at the annual Shareholders' meeting, to be held on April 28th, 2006 (on first call), and if necessary, on April 29th, 2006 (on second call).

CONVERSION RATES

The fourth quarter 2005 and 2004 dollar figures presented in this announcement were converted at an average noon buying rate of \$ 1.1890 per EUR and \$ 1.2991 per EUR, respectively.
