SANTERAMO IN COLLE, Bari, Italy--(BUSINESS WIRE)--March 23, 2016--The Board of Directors of Natuzzi S.p.A. (NYSE:NTZ) has approved the 2015 Fourth Quarter and the 2015 Full Year consolidated results.

Following the Board meeting, the Chairman and CEO Pasquale Natuzzi stated:

“The 2015 full year results have built on the margin growth seen over recent quarters.

The improved sales mix and quality of sales, together with favorable currency movements, have generated a 5.9% revenue growth, accompanied by a significant gross margin and EBITDA improvement.

In 2015, the Natuzzi brand represented 69.7% of upholstery sales, with the remaining 30.3% in Private Label. We highlight particularly the 22.1% improvement for furniture and accessory sales compared to 2014.

From a geographical point of view, the Americas reported revenue growth of 6.0%, driven by Natuzzi brand products (+12.6%); EMEA saw a 4.9% increase on the previous year, driven by strong private label sales (+29.3%) and, in particular, sales in the United Kingdom, which consolidated its position as the second largest Group market after the United States.

Asia Pacific continued to grow (+16%), driven primarily by the Natuzzi brand, with the largest growth in China, followed by Korea. Asia Pacific in 2015 reached a 14.2% share of total Group sales, up from 13% in 2014.

The 57 directly managed stores at year-end contributed 10% to consolidated revenues. In 2015, the Group completed the restructuring of the directly-owned store chain, with positive impact to overall contribution margin. While we made progress throughout our directly managed stores, the greatest progress was made in Spain and Italy.

The cost of goods sold, as a percentage of net sales, reduced by 4.5%, primarily due to the efficiency measures introduced at the Chinese plant, and the improved productivity at the Italian plant. The improvements at the Italian plant were derived from the stabilization of the workforce and the discontinuation of worker rotation from May 2015 as per the Trade Union Agreement of March 3, 2015. The product innovations stemming from the adoption of the new manufacturing process tested at the experimental laboratory continued. We have introduced these new manufacturing processes at our Matera facility, and are pleased to report that we have seen significant improvement in manufacturing efficiencies and lower manufacturing costs as compared to our Italian facilities where the new production technology has not yet been implemented. The introduction of the new lean enterprise manufacturing process will be extended across all facilities by the end of 2016.

The cost reduction plan lowered overhead costs by €4.6 million, leading to an overall decrease in SG&A from 19.5% to 17.5% as a percentage of net sales.

The above mentioned factors led to a positive EBITDA of €6.1 million, significantly improving over 2014.

EBIT also improved dramatically, reporting a loss of €7.6 million.

The positive EBITDA, together with strong working capital management, produced a net cash position of €14.5 million.

The new Natuzzi Italia “total living” collection will be presented at the upcoming 2016 International Furniture Fair in Milan. The theme of the stand for the 55th edition is based around the region of Puglia, the original home of the brand, a source of inspiration and the place in which new Natuzzi projects take shape.
