EXPLANATORY NOTE

The First of Long Island Corporation (the Corporation) filed its Annual Report on Form 10-K for the fiscal year ended December 31, 2004 on March 16, 2005. This Amendment No. 1 on Form 10-K/A is being filed to provide the following information within Item 9A:

Management's report on the Corporation's internal control over financial reporting;

The attestation report of the Corporation's independent registered public accounting firm on management's assessment of the Corporation's internal control over financial reporting; and

Management's statement regarding changes in the Corporation's internal control over financial reporting that occurred during the Corporation's last fiscal quarter.

As a result of these amendments, the certifications pursuant to Sections 302 and 906 of the Sarbanes-Oxley Act of 2002, filed as Exhibits 31 and 32 to the original Form 10-K filing, have been re-executed and re-filed as of the date of this Form 10-K/A, and Exhibit 23.3, Consent of Independent Registered Public Accounting Firm, has been added.

Except for the amendments described above, this Form 10-K/A does not modify or update other disclosures in, or exhibits to, the original Form 10-K filing.

ITEM 9A. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

The Company's Chief Executive Officer, Michael N. Vittorio, and Chief Financial Officer, Mark D. Curtis, have evaluated the Corporation's disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, they have concluded that the Corporation's disclosure controls and procedures are effective in ensuring that material information related to the Corporation is made known to them by others within the Corporation.

(b) Management's Annual Report on Internal Control Over Financial Reporting

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

The management of The First of Long Island Corporation (the Company) is responsible for establishing and maintaining adequate internal control over financial reporting, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The First of Long Island Corporation's system of internal control over financial reporting was designed by or under the supervision of the Company's chief executive officer and chief financial officer to provide reasonable assurance regarding the reliability of the preparation of the Company's financial statements for external reporting purposes, in accordance with U.S. generally accepted accounting principles. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The First of Long Island Corporation's management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2004, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on the assessment, management determined that, as of December 31, 2004, the Company's internal control over financial reporting is effective. Management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2004 has been audited by Crowe Chizek and Company LLC, an independent registered public accounting firm, as stated in their attestation report included in this filing.

(c) Attestation Report of the Independent Registered Public Accounting Firm

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON INTERNAL CONTROL OVER FINANCIAL REPORTING

The First of Long Island Corporation
Glen Head, New York

We have audited management's assessment, included in the accompanying Management's Report on Internal Control Over Financial Reporting, that The First of Long Island Corporation maintained effective internal control over financial reporting as of December 31, 2004, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The First of Long Island Corporation's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting. Our responsibility is to express an opinion on management's assessment and an opinion on the effectiveness of the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, evaluating management's assessment, testing and evaluating the design and operating effectiveness of internal control, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, management's assessment that The First of Long Island Corporation maintained effective internal control over financial reporting as of December 31, 2004, is fairly stated, in all material respects, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Also in our opinion, The First of Long Island Corporation maintained, in all material respects, effective internal control over financial reporting as of December 31, 2004, based on the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the balance sheets of The First of Long Island Corporation as of December 31, 2004 and 2003, and the related statements of income, changes in stockholders equity, and cash flows for the years then ended, and our report dated February 18, 2005 expressed an unqualified opinion on those consolidated financial statements.

(d) Changes in Internal Control Over Financial Reporting

There were no changes in internal control over financial reporting that occurred during the fourth quarter of 2004 that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.
