## First Capital, Inc. Reports Second Quarter Earnings

CORYDON, Ind., July 23, 2015 (GLOBE NEWSWIRE) -- First Capital, Inc. (NASDAQ:FCAP), the holding company for First Harrison Bank (the "Bank"), today reported net income of \$1.2 million or \$0.45 per diluted share for the quarter ended June 30, 2015, compared to \$1.5 million or \$0.55 per diluted share for the same period in 2014.

The decrease in net income is primarily due to an increase in noninterest expense and a decrease in noninterest income.

Net interest income after provision for loan losses decreased \$10,000 for the quarter ended June 30, 2015 as compared to the quarter ended June 30, 2014. Interest income decreased \$108,000 when comparing the two periods as the average tax-equivalent yield of interest-earning assets decreased from 4.49% for the three-month period ended June 30, 2014 to 4.22% for the same period in 2015. This was partially offset by an increase in the average balance of interest-earning assets from \$429.4 million to \$446.5 million when comparing the same two periods. The increase in the average balance was primarily due to an increase in federal funds sold partially offset by a decrease in investment securities. Interest expense decreased \$58,000 as the average cost of interest-bearing liabilities decreased from 0.35% to 0.28% when comparing the same two periods. As a result, the interest-rate spread decreased from 4.14% for the quarter ended June 30, 2014 to 3.94% for the same period in 2015. The provision for loan losses decreased from \$90,000 for the quarter ended June 30, 2014 to \$50,000 for the quarter ended June 30, 2015 based on management's analysis of the allowance for loan losses and a general improvement in the Bank's loan portfolio evidenced by a decrease in nonperforming loans from \$3.2 million at December 31, 2014 to \$1.7 million at June 30, 2015.

Noninterest income decreased \$73,000 for the three months ended June 30, 2015 as compared to the same period in 2014 primarily due to decreases in commission income, gains on the sale of loans and gains on the sale of securities.

Noninterest expenses increased \$412,000 for the three months ended June 30, 2015 as compared to the three months ended June 30, 2014. Professional fees and compensation and benefits expense increased \$227,000 and \$135,000, respectively, when comparing the two periods. Professional fees increased due to fees totaling \$267,000 associated with the previously announced agreement to acquire Peoples Bancorp, Inc. of Bullitt County, headquartered in Shepherdsville, Kentucky. The increase in compensation and benefits expense is primarily due to the addition of staff in the commercial and residential lending areas as well as normal increases in salaries and benefits.

For the six months ended June 30, 2015, the Company reported net income of \$2.7 million or \$0.98 per diluted share compared to net income of \$2.8 million or \$1.02 per diluted share for the same period in 2014.

Net interest income after provision for loan losses increased \$64,000 for the six months ended June 30, 2015 compared to the same period in 2014. Interest income decreased \$114,000 when comparing the two periods, due to a decrease in the average tax-equivalent yield on interest-earning assets from 4.47% for 2014 to 4.26% for 2015. Interest expense decreased \$113,000 as the average cost of interest-bearing liabilities decreased from 0.35% to 0.28% when comparing the same two periods. The provision for loan losses decreased from \$115,000 for the six months ended June 30, 2014 to \$50,000 for the same period in 2015 primarily due to the general improvement in the Bank's loan portfolio previously described.

Noninterest income increased \$312,000 for the six months ended June 30, 2015 as compared to the six months ended June 30, 2014. The increase was primarily due to increases in gains on the sale of loans and other income of \$167,000 and \$106,000, respectively, when comparing the two periods. The increase in the gains on the sale of loans is

primarily due to an increase in the Bank's sales activity of commercial Small Business Administration loans during 2015. The increase in other income was primarily due to a gain on life insurance of \$110,000 recognized during the quarter ended March 31, 2015.

Noninterest expenses increased \$792,000 for the six months ended June 30, 2015 as compared to the same period in 2014, primarily due to increases in compensation and benefit expense of \$310,000 and professional fees of \$283,000.

Total assets as of June 30, 2015 were \$476.9 million compared to \$472.8 million at December 31, 2014. Cash and cash equivalents increased \$6.4 million which was partially offset by decreases of \$1.9 million and \$1.7 million in investment securities and net loans receivable, respectively. Deposits also increased \$3.6 million during the six months ended June 30, 2015. Nonperforming assets (consisting of nonaccrual loans, accruing loans 90 days or more past due, troubled debt restructurings on accrual status, and foreclosed real estate) decreased from \$5.2 million at December 31, 2014 to \$4.0 million at June 30, 2015.

At June 30, 2015, the Bank was considered well-capitalized under applicable federal regulatory capital guidelines.
