BY ORDER OF THE BOARD OF DIRECTORS

Vice President and Secretary

Pittsburgh, Pennsylvania

March 11, 2005

All shareholders are cordially invited to attend the meeting in person. Your vote is important and, whether or not you expect to attend in person, it is requested that you PROMPTLY fill in, sign, and return the enclosed proxy card.

PROXY STATEMENT

March 11, 2005

Annual Meeting of Shareholders April 28, 2005

SOLICITATION OF PROXIES

This Statement is furnished in connection with the solicitation of proxies to be used at the Annual Meeting of Shareholders of AMPCO-PITTSBURGH CORPORATION (the Corporation) to be held on April 28, 2005. The first mailing of the proxy material to the shareholders is expected to be made on March 18, 2005.

The accompanying proxy is solicited on behalf of the Board of Directors of the Corporation. In addition to the solicitation of proxies by use of the mails, proxies may be solicited by Directors and employees, in person or by telephone, and brokers and nominees may be requested to send proxy material to and obtain proxies from their principals. The Corporation will pay the costs incurred for those solicitations of proxies and will pay Mellon Investor Services, 44 Wall Street, New York, New York a fee of \$7,500, plus reimbursement of reasonable out-of-pocket expenses, for aid in the solicitation of proxies.

Any shareholder has the power to revoke the proxy at any time prior to the voting thereof. Revocation of the proxy will not be effective until notice thereof has been given to the Secretary of the Corporation or until a duly executed proxy bearing a later date is presented.

VOTING SECURITIES AND RECORD DATE

Only holders of record of Common Stock of the Corporation at the close of business on March 10, 2005, will be entitled to vote at the meeting. On that date, there were 9,757,497 shares of Common Stock outstanding. The holders of those shares are entitled to one vote per share. In the election of Directors, the shares may be voted cumulatively. Cumulative voting means that the number of shares owned by each shareholder may be multiplied by the number of Directors to be elected and that total voted for the nominees in any proportion. Shares that are not voted cumulatively are voted on a one vote per share basis for each nominee, except for those nominees, if any, for whom the shareholder is withholding authority to vote.

REQUIRED VOTE

Under Pennsylvania law and the Corporation's by-laws, the presence of a quorum is required to transact business at the 2005 Annual Meeting of Shareholders. A quorum is defined as the presence, either in person or by proxy, of a majority of the votes that all shareholders are entitled to cast at the meeting. Abstentions, votes withheld from director nominees, and broker-dealer non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted for purposes of determining a quorum, but will have no effect on matters to be voted on. Assuming the presence of a quorum, the four nominees for director receiving the highest number of votes will be elected directors and the affirmative vote of a majority of the votes cast at the meeting is necessary to approve any other

proposal.

ELECTION OF DIRECTORS

A class of four Directors will be elected for a term of three years to fill the class of Directors whose term expires in 2005. All nominees for election to the Board of Directors are currently Directors. The nominees were recommended by the Nominating and Governance Committee and nominated by the Board of Directors at its February 21, 2005 meeting and are willing to serve as Directors if elected. If at the time of the Annual Meeting a nominee should be unable or unwilling to stand for election, the proxies will be voted for the election of such person, if any, as may be selected by the Board of Directors to replace him.

Proxies in the enclosed form will be voted, unless otherwise directed, for the following nominees:

A copy of the Categorical Standards are attached to this Proxy Statement as Annex A. The standards are also attached to the Corporate Governance Guidelines which are available on the Corporation's website at www.ampcopittsburgh.com. After performing this evaluation in accordance with those guidelines, the Board has determined that Robert J. Appel, Leonard M. Carroll, William D. Eberle, Paul A. Gould, William K. Lieberman and Carl H. Pforzheimer, III do not have material relationships with the Corporation (other than as members of the Board of Directors) and are independent within the meaning of the Corporation's independence standards and those of the New York Stock Exchange (the NYSE).

Director Nominating Procedures

The Corporation's Corporate Governance Guidelines and its Nominating and Governance Committee Charter charge the Nominating and Governance Committee with selecting nominees for election to the Board of Directors and with reviewing at least annually the qualifications of new and existing members of the Board of Directors, considering the extent to which such members may be considered independent within the meaning of applicable NYSE rules as well as other appropriate factors, including overall skills and experience.

The Nominating and Governance Committee will, from time to time, seek to identify potential candidates for director nominees and will consider potential candidates proposed by other members of the Board of Directors, by management of the Corporation or by shareholders of the Corporation.

In considering candidates submitted by shareholders of the Corporation, the Nominating and Governance Committee will take into consideration the needs of the Board of Directors and the candidate's qualifications. To have a candidate considered by the Committee, a shareholder must submit the recommendation in writing and must include the following information:

The name and address of the proposed candidate;

The proposed candidate's resume or a listing of his or her qualifications to be a director of the Corporation;

A description of what would make such person a good addition to the Board of Directors;

Edgar Filing: AMPCO PITTSBURGH CORP - Form DEF 14A

A description of any relationship that could affect such person's qualifying as an independent director, including identifying all other public company board and committee memberships;

A confirmation of such person's willingness to serve as a director if selected by the Nominating and Governance Committee;

The name of the shareholder submitting the name of the proposed candidate, together with information as to the number of shares owned and the length of time of ownership; and

Any information about the proposed candidate that would, under the federal proxy rules, be required to be included in the Corporation's proxy statement if such person were a nominee.

The shareholder recommendation and information described above must be sent to the Corporate Secretary at 600 Grant Street, Suite 4600, Pittsburgh, PA 15219 and, in order to allow for timely consideration, must be received not less than 120 days in advance of the anniversary date of the release of the proxy statement for the Corporation's most recent annual meeting of shareholders.

Once a person has been identified by the Nominating and Governance Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. Generally, if the person expresses a willingness to be considered and to serve on the Board of Directors and the Nominating and Governance Committee believes that the candidate has the potential to be a good candidate, the Committee would seek to gather information from or about the candidate, including through one or more interviews as appropriate and review his or her accomplishments and qualifications generally, including in light of any other candidates that the Committee may be considering. The Nominating and Governance Committee's evaluation process does not vary based on whether the candidate is recommended by a shareholder.

Each of the current nominees for election as director currently serve as a member of the Board of Directors.

Non-Management Directors

The non-management directors have regularly scheduled executive sessions. On April 29, 2004 Robert J. Appel was chosen to preside as the lead director at these meetings. A new lead director will be chosen annually. Any shareholder who wants to communicate directly with the presiding director or the non-management directors as a group can do so by following the procedure below under Shareholder Communications with Directors .

Shareholder Communications with Directors.

The Board of Directors has established a process to receive communications from shareholders and other interested parties. To communicate with the Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or such individual or group or committee and sent c/o Corporate Secretary at 600 Grant Street, Suite 4600, Pittsburgh, PA 15219. Communications sent in this manner will be reviewed by the office of the Corporate Secretary for the sole purpose of determining whether the contents represent a message to one or more of the Corporation's directors.

In addition, the Corporation encourages its Directors to attend the Annual Meeting of the Corporation's shareholders. All of the Directors were in attendance at the 2004 Annual Meeting.

The Audit Committee reviews the Corporation's accounting and reporting practices, including internal control procedures, and maintains a direct line of communication with the Directors and the independent accountants.

All of the Directors attended more than 75% of the applicable meetings.

In 2004, each Director who was not employed by the Corporation received an annual retainer, payable quarterly, of \$15,000, except for the Chairman of the Audit Committee, who received \$17,500. Each non-employee Director also received \$1,000 for each Board meeting and Audit Committee meeting attended and \$500 for all other committee meetings attended. Attendance may be either in person or by telephonic connection and Directors did not receive a fee for either Board or committee meetings if they did not attend.

All members of the Audit Committee are independent as that term is defined by the applicable Securities and Exchange Commission (SEC) rules and listed company standards of the NYSE.

The Nominating and Governance Committee Charter, the Compensation Committee Charter, the Audit Committee Charter and the Corporate Governance Guidelines are available on the Corporation's website at www.ampcopittsburgh.com. Stock Option Plan

The Corporation's 1997 Stock Option Plan, as amended, permits the grant of options exercisable for shares of Common Stock to corporate officers and other key employees of the Corporation and its subsidiaries upon such terms, including exercise price and conditions and timing of exercise, as may be determined by the Stock Option Committee. The Stock Option Plan authorizes the grant of awards up to a maximum of 600,000 shares of the Corporation's Common Stock; however, the maximum number of Shares with respect to which stock options may be granted to any one participant in any fiscal year is 150,000. In 2004, no options were granted.

Pension Benefits

The Corporation has a tax qualified retirement plan (the Plan) applicable to the Named Executive Officers, to which the Corporation makes annual contributions, as required, in amounts determined by the Plan's actuaries. The Plan does not have an offset for Social Security and is fully paid for by the Corporation. Under the Plan, employees become fully vested after five years of participation and normal retirement age under the Plan is age 65 but actuarially reduced benefits may be available as early as age 55. The primary benefit formula is 1.1% of the highest consecutive five year average earnings in the final ten years, times years of service. Federal law requires that 5% owners start receiving a pension no later than April 1 following the calendar year in which the age 70 1/2 is reached.

The Corporation adopted a Supplemental Executive Retirement Plan (SERP) in 1988, which was amended and restated in 1996, for certain officers and key employees, covering retirement after completion of ten years of service and attainment of age 55. All Named Executive Officers are Participants in the SERP. The combined retirement benefit at age 65 or older provided by the Plan and the SERP is 50% of the highest consecutive five year average earnings in the final ten years of service. The participants are eligible for reduced benefits for early retirement at age 55. A benefit equal to 50% of the benefit otherwise payable at age 65 is paid to the surviving spouse of any participant who has had at least five years of service, commencing on the later of the month following the participant's death or the month the participant would have reached age 55. In addition, there is an offset for pensions from other companies. Certain provisions, applicable if there is a change of control, are discussed below under Termination of Employment and Change of Control Arrangements.

The following shows the estimated annual pension under the Plan and SERP, if applicable, that would be payable, without offset, to the individuals named in the compensation table assuming continued employment to retirement at age 65 or older and assuming the total salary and bonus stated in the table for 2003 is the final five year average.

Robert A. Paul	\$ 216,500
Ernest G. Siddons	\$ 203,088
Terrence W. Kenny	\$ 97,575
Robert F. Schultz	\$ 92,000
Rose Hoover	\$ 66,667

Termination of Employment and Change of Control Arrangements

Mr. Paul and Mr. Siddons each have two year contracts (which automatically renew for one year periods unless the Corporation chooses not to extend) providing for compensation equal to five times their annual compensation (with a provision to gross up to cover the cost of any federal excise tax on the benefits) in the event their employment is terminated by the Corporation or for good cause by the executive within 24 months following a change in control and the right to equivalent office space and secretarial help for a period of one year

after a change in control. All Vice Presidents and one other employee have two year contracts providing for three times their annual compensation in the event their employment is terminated by the Corporation or for good cause by the executive within 24 months following a change in control. All of the contracts provide for the continuation of employee benefits, for three years for the two senior executives and two years for the others, and the right to purchase the leased car used by the covered individual at the Corporation's then book value. The same provisions concerning change in control that apply to the contracts apply to the SERP and vest the right to that pension arrangement. A change of control triggers the right to a lump sum payment equal to the present value of the vested benefit under the SERP, if applicable.

Committee Interlocks and Insider Participation in Compensation Decisions

A Compensation Committee is appointed each year by the Board of Directors. None of the Committee members is now, or ever has been, an officer or employee of the Corporation.

Compensation Committee Responsibilities and Policies

The purpose of the Corporation's Compensation Committee is to assist the Board of Directors in its oversight and evaluation responsibilities relating to compensation matters. In that role, the Compensation Committee has overall responsibility for evaluating and approving the structure, operation and effectiveness of the Corporation's compensation plans and programs.

Specific duties of the Compensation Committee include, among other things: (a) annually reviewing and approving corporate goals and objectives relevant to the compensation of the Corporation's Chief Executive Officer (the CEO), (b) evaluating the CEO's performance in light of those goals and objectives, and (c) approving the CEO's compensation level based on this evaluation. In addition, the Committee reviews management's recommendations and makes recommendations to the full Board of Directors with respect to director compensation and other non-CEO executive compensation, including incentive-based and equity-based compensation. Specifically, salaries for executive officers and managerial employees below the annual level of \$200,000 are set by the Chairman and President of the Corporation. Salaries of \$200,000 per year and above are reviewed and must be approved by the Board of Directors, after a recommendation by the Compensation Committee.

The Committee has the sole authority to retain and terminate any compensation consultant to assist it in these responsibilities.

The key objectives of the Committee's policies on compensation and benefits are to enhance the Corporation's ability to attract and retain highly qualified executives, to establish and maintain compensation and benefit programs that are fair and reasonably competitive with those of comparable organizations in light of prevailing economic and industry conditions, and to develop and maintain compensation programs that link compensation to the short-term and long-term performance of the Corporation and the interests of its shareholders.

The primary elements in the Corporation's compensation program for its executive officers are an annual base salary, an annual incentive based bonus or in certain instances an annual discretionary cash bonus.

Compensation Committee Considerations. The compensation for the CEO, as well as the other applicable executive officers, is typically based on an analysis conducted by the Compensation Committee with reference to various objective and subjective factors. Although the performance of the Corporation is one factor in the Committee's analysis, the Committee does not specifically link remuneration solely to quantitative measures of performance because of the cyclical nature of the industries and markets served by the Corporation. In setting

compensation, the Committee also considers various qualitative factors, including competitive compensation arrangements of other companies within relevant industries, individual contributions, leadership ability and an executive officer's overall performance. The Committee believes that this approach will further the Corporation's goal to attract and retain quality management, thereby benefiting the long-term interest of shareholders.

2004 Base Salaries. In establishing the compensation reported for 2004, the Committee conducted its analysis as described above and considered the results of the Corporation. In April 2004, the Committee concluded that an increase was appropriate effective July 2004 for the CEO and the President of the Corporation.

Incentive Bonus Programs. The incentive bonus program for 2004 previously approved by the Compensation Committee covered Robert A. Paul and Ernest G. Siddons. Incentive payments were to be determined, based on the Corporation's 2004 income from operations performance as compared to the Corporation's business plan. These payments were to be limited to 35% of base salary of participants. In 2004, no bonuses were earned pursuant to the bonus program.

This report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Corporation specifically incorporates this report and the information contained herein by reference, and shall not otherwise be deemed filed under such Acts.

Comparative Five-Year Total Returns*

Ampco-Pittsburgh Corporation, Standard & Poors 500 and Value Line Steel (Integrated) Index

(Performance results through 12/31/04)

Assumes \$100 invested at the close of trading on the last trading day preceding January 1, 2000 in Ampco-Pittsburgh common stock, S&P 500, and Peer Group.

*Cumulative total return assumes reinvestment of dividends.

In the above graph, the Corporation has used Value Line's Steel (Integrated) Industry for its peer comparison. The diversity of products produced by subsidiaries of the Corporation made it difficult to match to any one product-based peer group. Although not totally comparable, the Steel Industry was chosen because it is impacted by some of the same end markets that the Corporation ultimately serves, such as the automotive, appliance and construction industries.

Historical stock price performance shown on the above graph is not necessarily indicative of future price performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In 2004, the Corporation bought industrial supplies from a subsidiary of The Louis Berkman Investment Company in transactions in the ordinary course of business amounting to approximately \$1,600,000. Additionally, The Louis Berkman Investment Company paid the Corporation \$198,000 for certain administrative services. Louis Berkman was an officer, director and shareholder and Robert A. Paul was an officer and director, of that company. These transactions and services were at prices generally available from outside sources. Transactions between the parties will also take place in 2005.

RELATIONSHIP WITH INDEPENDENT ACCOUNTANTS

On February 21, 2005, the Board of Directors, upon recommendation of the Audit Committee, selected Deloitte & Touche LLP (D&T) as the independent accountants for the year 2005.

Representatives of D&T will be in attendance at the Annual Meeting, will have the opportunity to make a statement if they wish to do so and will respond to appropriate questions.

SHAREHOLDER PROPOSALS FOR 2006

Any shareholder who wishes to place a proposal before the next Annual Meeting of Shareholders must submit the proposal to the Corporation's Secretary, at its executive offices, not less than 120 calendar days in advance of the anniversary date of the release of this proxy statement to have it considered for inclusion in the proxy statement for the Annual Meeting in 2006.

OTHER MATTERS

The Board of Directors does not know of any other business that will be presented for action at the Annual Meeting. Should any other matter come before the meeting, however, action may be taken thereon pursuant to proxies in the form enclosed unless discretionary authority is withheld.

**Board of Directors Guidelines for
Determining the Independence of its Members**

Adopted on February 19, 2004.

In order to comply with Rule 303A (Rule 303A) of the Listed Company Manual of the New York Stock Exchange (the NYSE), the Board of Directors (the Board) of Ampco-Pittsburgh Corporation (the Company) must be comprised of at least a majority of independent directors. Rule 303A provides that, [n]o director qualifies as independent unless the board of directors affirmatively determines that the director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). The Board has adopted these Guidelines to assist it in evaluating the independence of its members as required by Rule 303A.

1. NYSE Standards. Rule 303A describes a series of specific relationships that disqualify an individual from serving as an independent director of an NYSE-listed company and, in some instances, impose related cooling off periods following the termination of any such relationship. No member of the Board will be considered independent if he or she is party to any such disqualifying relationship. Specifically:

An employee of the Company or an immediate family member¹ of an executive officer of the Company is not independent until three years after the termination of that employment relationship;

Any director who receives compensation from the Company in excess of \$100,000 per year (or whose immediate family member is an executive employee of the Company and receives annual compensation from the Company in excess of \$100,000) is not independent until three years after he or she ceases to receive such payments;²

A director who is employed, or whose immediate family member is employed, as an executive officer at another company where any of the listed company's present executives serve on the compensation committee (*i.e.*, a compensation committee interlock) will not be independent until three years after the relationship ceases;

A director who is an executive officer or employee of another company (or whose immediate family member is an executive officer of another company) that makes payments to or receives payments from the listed company for property or services in an amount that, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's annual consolidated gross revenues as reported in the last completed fiscal year is not independent until three years after the amounts paid or received fall below that threshold; and

A director who is affiliated with, or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company is not independent until three years after the end of either his or her affiliation or employment with the auditor or the end of the auditing relationship between the Company and the auditor.

-
- ¹ For purposes of these independence standards, the term "immediate family member" refers to a person's spouse, parents, children, siblings, mother-in-law, father-in-law, sons or daughters-in-law, or brothers or sisters-in-law and other persons (other than domestic employees) sharing such person's household.
- ² For this purpose, compensation does not include customary director's fees, supplemental director's fees for committee service or pension payments or other deferred compensation benefits, to the extent that such deferred compensation is not contingent upon continued service to the Company.

2. Immaterial Relationships. The following relationships will not be considered material and will not impair the independence of a member of the Board who satisfies the NYSE independence criteria set forth above:

If the Board member has received compensation from the Company of less than \$100,000 per year (excluding customary director's fees, supplemental director's fees for committee service or pension payments or other deferred compensation benefits);

If the Board member has an immediate family member who is employed by the Company in a non-executive capacity;

If the Board member or his or her immediate family member serves as an officer, director, trustee or primary spokesperson of a charitable or educational organization, and donations by the Company (excluding Company matches of charitable contributions made by employees or directors of the Company under any non-discretionary charitable matching program) do not exceed the greater of \$1 million or 2% of such organization's total annual charitable receipts in any of the last three fiscal years;

If the Board member directly or indirectly owns stock or other securities of the Company;

Except for relationships otherwise described in Section 1 of these Guidelines, if the Board member has a relationship with the Company of a type covered by Item 404(a) and/or Item 404(b) of the Security and Exchange Commission's Regulation S-K (or any successor regulation) and the relationship is not required to be disclosed in the Company's annual proxy statement;

If the Board member serves as a managing director or in another executive capacity of any investment company or venture fund company (a) in which any other member of the Board or executive officer or employee of the Company, or any person or entity affiliated with any of the foregoing, holds an interest of not more than 15% or (b) which invests funds contributed by any member of the Board or executive officer or other employee of the Company or any person or entity affiliated with any of the foregoing, provided that such invested funds do not exceed 15% of the aggregate funds managed by the investment company or the venture fund company, as applicable, or both.

3. Other Relationships. The Board must weigh all relevant facts and circumstances in evaluating the independence of its members. If a Board member has a relationship that exceeds the thresholds described in Section 2 above, or another significant relationship with the Company or its management of a nature that is not described in Section 2 above, then the Board must determine, on a case-by-case basis, whether that Board member is independent (*i.e.*, whether the relationship is material to the Company or to the Board member). If the Board determines that any such relationship is not material and that, as a consequence, the Board member is independent, the Board's determination will be disclosed in the Company's proxy statement.
