PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the **Board**) of KOPIN CORPORATION (the **Company**) of proxies for use at the Annual Meeting of Stockholders (the **Meeting**) to be held on April 26, 2005, and at any adjournments thereof. This Proxy Statement was first mailed to stockholders on or about March 30, 2005. All solicitation expenses, including costs of preparing, assembling and mailing proxy material, will be borne by the Company. It is expected that solicitations will be made primarily by mail, but directors, officers and regular employees of the Company also may solicit proxies by telephone and in person, without additional compensation therefor. Arrangements will be made with brokerage houses and other custodians, nominees, and fiduciaries for proxy materials to be sent to their principals, and the Company will reimburse such persons for their reasonable expenses in so doing.

The close of business on March 11, 2005 has been established as the record date for determining the stockholders entitled to notice of and to vote at the Meeting and at any adjournments thereof. As of the record date, there were issued and outstanding and entitled to vote 69,950,219 shares of common stock of the Company, par value \$0.01 per share (the **Common Stock**). Holders of shares of Common Stock are entitled to one vote for each share owned as of the record date on all matters to come before the Meeting and any adjournments thereof. The presence in person or by proxy of holders of a majority of the issued and outstanding shares of Common Stock entitled to vote at the Meeting constitutes a quorum for the transaction of business at the Meeting.

Proxies in the form enclosed are solicited by the Board. Any proxy may be revoked at any time before it is voted by written notice of revocation received by the Secretary of the Company prior to the Meeting, by delivering a later dated proxy in accordance with the instructions on the enclosed proxy, by voting in person at the Meeting or by revoking a written proxy by request in person at the Meeting; but if not so revoked, the shares represented by such proxy will be voted in accordance with the instructions contained therein. If no choice is specified for one or more proposals in a proxy submitted by or on behalf of a stockholder, the shares represented by such proxy will be voted in favor of such proposals and in the discretion of the named proxies with respect to any other proposals which may properly come before the Meeting.

For Proposal 1, directors are elected by a plurality of shares present in person or represented by proxy at the Meeting and entitled to vote, which means that the seven individuals receiving the highest number of **FOR** votes will be elected directors. Proposals 2 and 3 will be approved upon the affirmative vote of a majority of shares present in person or represented by proxy at the Meeting and entitled to vote on each such proposal.

If, in a proxy submitted on behalf of a stockholder by a person acting solely in a representative capacity, the proxy is marked clearly to indicate that the shares represented thereby are not being voted with respect to one or more proposals, then such proxies will be counted as present for purposes of establishing a quorum at the Meeting but will not be considered entitled to vote on such proposals and such **non-votes** will have no effect on the results of the voting on such proposals. Proxies marked as **abstain** as to one or more proposals will be counted as present for purposes of establishing a quorum at the Meeting and for the purpose of calculating the vote on such proposals. Such abstentions will have the effect of a vote against such proposals.

The Chairman of the Board or the holders of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote have the power to adjourn the Meeting from time to time without notice other than announcement at the Meeting of the time and place of the adjourned meeting.

Edgar Filing: KOPIN CORP - Form DEF 14A

The Board does not know of any matters which will be brought before the Meeting other than those matters specifically set forth in the Notice of Meeting. However, if any other matter properly comes before the Meeting, it is intended that the persons named in the enclosed proxy card, or their substitutes acting thereunder, will vote on any such matter in accordance with their best judgment.

Corporate Governance Matters

Corporate Governance Practices and Board Independence

The Board has adopted charters for its Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. The Board also has adopted corporate governance guidelines, a code of business conduct and ethics for employees, executive officers and directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on the Company's website at www.kopin.com and a copy of any of them may be obtained, without charge, upon written request to the Company, c/o Investor Relations, 200 John Hancock Road, Taunton, MA 02780.

Stockholder Communications with the Board

The Board has established a process for stockholders to send communications to it or any of the Company's directors. Stockholders may send written communications to the Board or any director to Kopin Corporation, Board of Directors, c/o Chief Financial Officer, 200 John Hancock Road, Taunton, MA 02780. Stockholders also may send communications via email to rsneider@kopin.com with the notation "Attention: Chief Financial Officer/Board of Directors" in the Subject field. All communications will be submitted to the Board or the individual directors on a periodic basis.

Attendance of Directors at Annual Stockholder Meetings

All of the directors attended the 2004 annual stockholder meeting. Although the Company currently does not require directors to attend annual stockholder meetings, it does encourage directors to do so and welcomes their attendance. This year, the Company has scheduled a Board meeting in conjunction with the Meeting.

Nomination and Election of Directors

When seeking candidates for director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management or others. After conducting an initial evaluation of a candidate, the committee will interview that candidate if it believes the candidate might be suitable to serve as a director. The committee may also ask the candidate to meet with Company management. If the committee believes a candidate would be a valuable addition to the Board and there is either a vacancy on the Board or the committee believes it is in the best interests of the Company and its stockholders to increase the number of Board members, it will recommend to the full Board that candidate's election.

Before nominating a sitting director for re-election at an annual stockholder meeting, the committee will consider the director's performance on the Board and whether the director's re-election would be consistent with the Company's corporate governance guidelines and the Company's continued compliance with applicable laws, rules and regulations.

Edgar Filing: KOPIN CORP - Form DEF 14A

The Board believes that it should be comprised of directors with diverse and complementary backgrounds, and that directors should have expertise that, at a minimum, may be useful to the Company and may contribute to the success of the Company's business. Directors also should possess the highest personal and professional ethics and should be willing and able to devote an amount of time sufficient to effectively carry out their duties and contribute to the success of the Company's business. When considering candidates for director, the Committee takes into account a number of factors, which may include the following:

Independence from management;

Age, gender and ethnic background;

Relevant business experience;

Judgment, skill and integrity;

Existing commitments to other businesses;

Potential conflicts of interest;

Corporate governance background;

Financial and accounting background;

Executive compensation background; and

Size and composition of the existing Board.

In the past year, there have been no material changes to the procedures by which stockholders may recommend nominations to the Board. The Nominating and Corporate Governance Committee will consider candidates for director suggested by stockholders by considering the foregoing criteria and the additional information referred to below. Stockholders wishing to suggest a candidate for director should write to the Company, c/o Investor Relations, 200 John Hancock Road, Taunton, MA 02780, and include the following:

The name and address of the stockholder and a statement that he, she or it is a stockholder of the Company and is proposing a candidate for consideration by the committee;

The class and number of shares of Company capital stock, if any, owned by the stockholder as of the record date for the annual stockholder meeting (if such date has been announced) and as of the date of the notice, and length of time such stockholder has held such shares;

The name, age and address of the candidate;

A description of the candidate's business and educational experience;

The class and number of shares of Company capital stock, if any, owned by the candidate, and length of time such candidate has held such shares;

Information regarding each of the foregoing criteria the Board generally considers, other than the factor regarding Board size and composition, sufficient to enable the committee to evaluate the candidate;

A description of any relationship between the candidate and any customer, supplier or competitor of the Company or any actual or potential conflict of interest;

A description of any relationship or understanding between the stockholder and the candidate; and

Edgar Filing: KOPIN CORP - Form DEF 14A

A written statement by the candidate that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Under our by-laws, nominations for directors may be made only by or at the direction of the Board, or by a stockholder of record at the time of giving notice who is entitled to vote and delivers to the Company written notice along with the additional information and materials required by the by-laws not less than 75 days prior to the day and month on which, in the immediately preceding year, the annual meeting for such year occurred. For our annual meeting in the year 2006, we must receive this notice on or before February 10, 2006. You can obtain, without charge, a copy of the by-laws by writing to the Company, c/o Investor Relations, 200 John Hancock Road, Taunton, MA 02780.

The Supplemental Plan allows for the issuance of up to 1,300,000 options to acquire the Company's stock or shares of restricted stock or stock grants. The purpose of the Supplemental Plan is to encourage ownership of

Common Stock by employees, consultants, advisors and directors of the Company and its affiliates and to provide additional incentive for them to promote the success of the Company's business. The Supplemental Plan provides for the grant of non-qualified stock options or restricted stock awards or stock grants to employees (including officers, directors, advisors and consultants). The Supplemental Plan will expire on April 18, 2011, unless earlier terminated by the Board.

Executive Employment Agreement

The Company has entered into an employment agreement with the Company's Chairman and Chief Executive Officer, Dr. John C.C. Fan, pursuant to which the Company has agreed to employ Dr. Fan as Chief Executive Officer. The agreement provides for the assignment of all inventions made by Dr. Fan while in the employ of the Company and includes a covenant by Dr. Fan not to compete with the Company during his employment and for up to two years thereafter. The agreement expires February 20, 2006. Dr. Fan's salary is to be determined each year by the Board. At the end of 2004, the Board set Dr. Fan's annual salary for fiscal year 2005 at \$450,000.

Director Compensation

The Board approved compensation for outside directors of an annual retainer of \$5,000 and \$1,500 per meeting attended, including any special meeting not held on the same day as a regularly scheduled meeting of the Board. The annual retainer is prorated for the number of days a director is a member of the Board in the event it is the year of his or her initial election to the Board or he or she terminates his or her membership on the Board during the year. Each non-employee Director is also entitled to receive an initial option grant for 15,000 shares on the date of his or her initial election to the Board and a subsequent annual option grant for 25,000 shares. The Company also pays expenses for attendance at meetings of the Board and committees thereof.

Certain Transactions

As a further retention device and reward to certain executives and to augment the Company's existing executive compensation components, in 1998 the Compensation Committee established an incentive compensation program under which officers were eligible to receive over a two year period beginning in 1999 certain cash based incentive compensation. This program was structured in the form of Company loans ranging between 50% to 100% of the officer's annual base salary. These loans bore interest at annual rate of 7.75%. A percentage of these loans up to 100% was forgiven subject to the continued employment of the officer over a period of time, usually two years. In March 2001 the following officers were granted loans: John C.C. Fan (\$300,000), Bor Yeu Tsaur (\$150,000), Richard A. Sneider (\$100,000) and Hong Choi (\$45,000). In accordance with the terms of the loans, the balance on these loans at December 25, 2004 was \$0. In accordance with the Sarbanes-Oxley Act of 2002, the Company no longer makes loans to its executive officers.

Dr. Hsieh, a Director of the Company, is Chairman of a venture, Kopin Taiwan Corporation, located in Taiwan in which the Company has a minority interest. Dr Hsieh owns approximately 1% of the outstanding common stock of this company. Microelectronics Technology Incorporated, a publicly traded company in Taiwan, is also a minority investor in this company. Dr. Hsieh may also be deemed to have an indirect ownership in this company through his ownership of Microelectronics Technology Incorporated.

Dr. Fan is a founder and board member of a company in which the Company has invested \$2.9 million. Dr. Fan currently owns approximately 4.1% of this company. Certain directors and an officer of the Company also invested in this company. The range of ownership is from 0.1% to 1.1%.

Edgar Filing: KOPIN CORP - Form DEF 14A

David E. Brook, a director of the Company, is a partner of the patent law firm of Hamilton, Brook, Smith & Reynolds P.C., which is patent counsel to the Company. During the 2004 Fiscal Year the Company paid Hamilton, Brook, Smith & Reynolds P.C fees of approximately \$525,682.

COMPENSATION COMMITTEE REPORT

ON

EXECUTIVE COMPENSATION

Compensation Philosophy

The Company's executive compensation is based upon four primary components: base salary, incentive or bonus compensation, and grants of stock options and restricted stock. Each component is intended to serve the overall compensation philosophy of the Company. In this respect, the Compensation Committee believes that compensation should reflect the value created for stockholders while supporting the Company's short and long term strategic goals. Compensation programs should reflect and promote the Company's values and reward individuals for outstanding contributions to the Company's success. Also, short and long term compensation play a critical role in attracting and retaining qualified executives.

Overall Objectives of Executive Compensation Program

The objectives of the executive compensation program are to align compensation with business objectives and individual performance, and to enable the Company to attract, retain and reward executive officers who contribute to the long term success of the Company. The Company's executive compensation philosophy is based on the following principles:

Competitive and Fair Compensation

The Company is committed to providing an executive compensation program that helps attract and retain highly qualified executives. To ensure that compensation is competitive, the Compensation Committee compares the Company's compensation practices with its general understanding of those of companies in similar industries and at a similar stage of development. The Company also seeks to achieve a balance of the compensation paid to a particular individual and the compensation paid to other executives both inside the Company and at comparable companies.

Performance

Executive officers are rewarded based upon Company and individual performance. Company performance is evaluated by reviewing the extent to which strategic and business plan goals are met. Individual performance is evaluated by reviewing attainment of specified individual objectives and the degree to which teamwork and Company values are fostered.

In evaluating each executive's performance, the Company generally conforms to the following process:

The Compensation Committee may retain a compensation consultant to evaluate the officer's compensation packages. In 2004 the Compensation Committee engaged a compensation consultant.

Near the end of the year, the executive's manager, or, in the case of the Chief Executive Officer, the Compensation Committee, evaluates accomplishment of the executive's goals and objectives and his contributions to the Company.

The executive's performance is then compared with peers within the Company.

The comparative results, combined with the Compensation Committee's general understanding as to comparative compensation practices of similar companies at similar stages of development, are then used to determine salary, incentive or bonus compensation and stock option compensation levels.

Compensation Program Components

Annual compensation for the Company's executives consists of four elements: salary, incentive and bonus payments and stock option and restricted stock awards. Executives also are entitled to participate in the same benefit plans that are available to other Company employees. Base salaries are targeted to be moderate, yet competitive in relation to salaries commanded by those in similar positions with companies similar in size to the

Company. The Compensation Committee sets the base salary for executives by reviewing compensation for competitive positions in the market and the historical compensation levels of the executives. Individual salary determinations are based on experience, levels of responsibility, sustained performance and comparison to peers inside and outside the Company. The Compensation Committee determined that for the 2004 Fiscal Year an average 1.6% increase in base salary for a cost of living adjustment, and an average merit increases ranging from 0 to 18.1%, would be appropriate for the Company's executives.

The Company's officers are eligible to receive incentive or bonus compensation in the discretion of the Compensation Committee based primarily on the attainment of certain goals and objectives and the executive's contributions to the Company. In awarding incentive compensation, the Compensation Committee gave special consideration to those executives who made a material contribution to the achievement of Company performance goals, including development of various strategic corporate relationships, new product development, continued progress in the commercialization of the Company's technology and increased product revenues, in awarding incentive compensation. For the 2004 Fiscal Year, Company management also had requested, and the Compensation Committee agreed to authorize, cash bonuses and cost of living increases to other executive and nonexecutive employees totaling 3.0% and 3.0%, respectively, of total employee compensation. The Compensation Committee established a cash bonus plan pursuant to which bonus payments of \$25,000 are payable to each executive officer of the Company, excluding Dr. Fan, and a bonus payment of \$100,000 is payable to Dr. Fan, if the Company achieves profitability in the third and fourth quarters of fiscal year 2005.

The Compensation Committee believes that stock option and restricted stock awards are an important mechanism to incentivize employees. Stock options and restricted stock awards, moreover, have been used to reward substantially all employees of the Company, not just at the executive officer level. The size of the awards is generally intended by the Compensation Committee to reflect the executive's or employee's position within the Company and his contributions to the Company. Stock option and restricted stock awards are designed to promote the identity of long-term interests between the Company's employees and its stockholders and assist in the retention of executives. The stock option exercise price for the executive or employee is generally the fair market value of the stock on the date of grant. Accordingly, employees and executives recognize a gain only if the value of the stock increases. Thus, employees with stock options are rewarded for their efforts to improve the Company's long-term stock market performance. The Compensation Committee typically authorizes the grant of stock options vesting over a period of four years in order to incentivize each employee over a relatively significant period of time. The Compensation Committee typically authorizes the grant of restricted stock award vesting over a period of two to four years as a retention device over a reasonable period of time.

In December 2004, the Compensation Committee reserved pools of 739,000 and 430,000 shares of Common Stock for issuance of stock option grants and restricted stock awards, respectively, to employees and executives. In establishing the appropriate number of stock options to grant to the Company's employees and executives for the 2004 Fiscal Year, the Compensation Committee determined that the total grants to the Company's employees and executives for the year as a proportion to the Company's ownership as a whole bore a reasonable relationship, being approximately 1.7% of the issued and outstanding Common Stock as of March 10, 2005.

In 1998 the Compensation Committee established an incentive compensation program under which officers were eligible to receive over a two year period certain cash based incentive compensation. This program was structured in the form of Company loans ranging between 50% to 100% of the officer's annual base salary. A percentage of these loans up to 100%, including interest, was forgiven subject to the continued employment of the officer in 2002 and 2003 for loans granted in 2001. In accordance with the Sarbanes-Oxley Act of 2002, the Company terminated this program in 2002 and no longer makes loans to its executive officers.

2004 Compensation for the Chairman, Chief Executive Officer and President

In considering the compensation for Dr. Fan, the Company's Chairman, Chief Executive Officer and President for the 2004 Fiscal Year, the Compensation Committee reviewed Dr. Fan's existing compensation arrangements and both Company and individual performance.

The Compensation Committee has set Dr. Fan's annual compensation, including a significant portion of his compensation based upon the Company's stock option plan, to provide competitive compensation and to reflect Dr. Fan's senior position, his responsibilities, and his past and expected future contributions to the Company's success, with the objective of incentivizing him to achieve certain key milestones within a specified time frame.

Dr. Fan's salary for the 2004 Fiscal Year was \$450,000 and will remain \$450,000 for fiscal year 2005. In 2004, the Compensation Committee granted Dr. Fan options for the purchase of 100,000 shares of Common Stock at an exercise price equal to the fair market value per share at the date of grant with four year vesting. The Compensation Committee also granted Dr. Fan options for the purchase of 100,000 shares of Common Stock at an exercise price of \$10.00 per share with 10 year cliff vesting. The vesting on these shares accelerates upon the Company's stock price achieving certain milestones: 50,000 of the options immediately vest upon the Company's stock price reaching \$15 for 20 consecutive days and 50,000 of the options immediately vest upon the Company's stock price reaching \$20 for 20 consecutive days. In addition, the Compensation Committee issued Dr. Fan a restricted stock award of 100,000 shares of Common Stock with a four year vesting period. The restrictions on these stock awards immediately lapse upon the Company achieving four consecutive profitable quarters. For fiscal year 2005, the Compensation Committee established a cash bonus plan pursuant to which a cash bonus payment of \$100,000 is payable to Dr. Fan if the Company achieves profitability in the third and fourth quarters of fiscal year 2005. In determining the overall incentive compensation granted to Dr. Fan, the Compensation Committee evaluated Dr. Fan's overall compensation package relative to that of other chief executives in the Company's industry, achievement of both individual and Company 2004 Fiscal Year performance goals described above, the level of stock options granted to Dr. Fan in previous years and the need to continue to provide adequate incentive to Dr. Fan.

Section 162(m) of the Code limits the tax deduction to \$1 million for certain compensation paid to certain executives of public companies. The Compensation Committee has considered these requirements and believes, except as set forth below, that grants pursuant to the Equity Incentive Plan and the Supplemental Plan meet the requirement that they be performance based and therefore are exempt from the limitations on deductibility. Historically, the combined salaries and bonuses of each of the Company's executive officers have been below the \$1 million limit. However, restricted stock awards granted under such plans may not be performance based under Section 162(m) since the vesting of the Common Stock underlying such awards is subject only to continued employment or other association with the Company. The restricted stock awards granted to certain of our executive officers in December 2004 are subject to such vesting. Depending on the price of our Common Stock at the time of vesting, it is possible that compensation for one or more of our executive officers could exceed the \$1 million limit established by Section 162(m). Except as set forth above, the Compensation Committee's present intention is to comply with Section 162(m) unless the Compensation Committee feels that required changes would not be in the best interest of the Company or its stockholders.
