PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of SCOLR Pharma, Inc., a Delaware corporation, for use at its 2005 annual meeting of stockholders or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the enclosed proxy are being mailed to stockholders on or about May 5, 2005.

Date, Time and Place of Meeting. This year's annual meeting of stockholders will be held on June 10, 2005, at 10:30 a.m. local time at The Washington Athletic Club, 1325 Sixth Avenue, Seattle, Washington 98101.

Voting Securities. Only stockholders of record as of the close of business on April 18, 2005 will be entitled to vote at the meeting and any adjournment thereof. As of that date, we had 34,513,386 shares of common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each stockholder of record as of that date is entitled to one vote for each share of common stock held by him or her. Our Bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Except as noted below, votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum.

Broker Non-Votes. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors, increases in authorized common stock for general corporate purposes and ratification of auditors.

Solicitation of Proxies. We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and may reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and other third parties to solicit proxies, personally or by telephone.

Voting of Proxies. All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal.

Proxy Revocation. A stockholder giving a proxy has the power to revoke his or her proxy at any time before it is exercised by delivering to the Secretary of SCOLR Pharma a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. However, if a stockholder's shares are held of record by a bank, broker or other nominee, the shareholder must first obtain a proxy issued in his or her name from such bank, broker or other nominee before voting the shares in person at the meeting.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

On April 14, 2004, our Board of Directors amended Section 3.2 of our Bylaws to eliminate the staggered Board of Directors. Section 3.2 divided the Board into three classes and provided that the directors in each class would serve staggered three-year terms. As amended, Section 3.2 of our Bylaws provides that the Board of Directors shall consist of between 4 and 12 members, with the specific number to be established by resolution of the Board. We currently have nine directors. Effective as of the 2005 Annual Meeting, the Board has reduced the number of directors to seven. David Howard and Robert Schroeder are not standing for reelection. The Board of Directors eliminated the staggered board provision in order to provide stockholders with the ability to elect the full Board on an annual basis.

Notwithstanding the foregoing Bylaw amendment, because Herbert L. Lucas was elected to a three-year term at a time when the Board was divided into three staggered classes, the terms of only eight directors will expire at this year's annual meeting of stockholders. Under Delaware law, the term of Mr. Lucas will continue for the remainder of the full three-year term for which he was elected in 2003.

The Board's nominees for election by the stockholders to the six Board positions open for election are the following current members of the Board of Directors: **Randall L-W. Caudill, Daniel O. Wilds, Reza Fassihi, Ph.D., Wayne L. Pines, Michael Sorell, M.D. and Michael N. Taglich**. If elected, the nominees will serve as directors until our annual meeting of stockholders in 2006 and until their respective successors are elected and qualified. If the nominees decline to serve or become unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as we may designate.

If a quorum is present and voting, the nominees for directors receiving the highest number of votes will be elected as the directors. Abstentions and broker non-votes have no effect on the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE NOMINEES NAMED ABOVE.

Set forth below is certain information furnished to us by the directors standing for election and by each of the directors whose terms will continue after the annual meeting.

In connection with the issuance of convertible notes in June 2003, we agreed to use our best efforts for three years to nominate and secure the election of a designee of Taglich Brothers, Inc. to serve as a director on our Board of Directors, or at Taglich Brothers' discretion, permit a designee to attend Board meetings as a non-voting observer. Mr. Michael Taglich is currently serving as the director designated by Taglich Brothers.

The Board of Directors has determined that each of Randall L-W. Caudill, Herbert L. Lucas, Wayne L. Pines and Michael Sorell, M.D. is an independent director for purposes of the American Stock Exchange rules as currently applicable to us. We currently do not have a majority of independent members on our Board of Directors. The rules of the American Stock Exchange allowed small business issuers like SCOLR Pharma Inc. (during 2004), to be in compliance with this requirement following our annual meeting of stockholders. Assuming election at the annual meeting of the persons nominated by the Board, we will be in compliance with the rule requiring that a majority of our directors be independent.

Board Meetings and Committees

The Board of Directors held twelve meetings during the fiscal year ended December 31, 2004. The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. During the last fiscal year, no director attended fewer than 75% of the total number of meetings of the Board and all of the committees of the Board on which such director served held during that period.

Audit Committee. The members of the Audit Committee are Mr. Lucas (Chairman), Dr. Caudill, Mr. Pines and Dr. Sorell. The Board of Directors has determined that each member of the Audit Committee satisfies all applicable independence and experience requirements of the American Stock Exchange and the Securities and Exchange Commission. In addition, the Board of Directors has determined that at least one of the Audit Committee members, Dr. Caudill, is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission. The functions of the Audit Committee include retaining our independent auditors, reviewing their independence, reviewing and approving any fee arrangements with our auditors, overseeing their audit work, reviewing and pre-approving any non-audit services that may be performed by them, reviewing the adequacy of accounting and financial controls, reviewing our critical accounting policies and reviewing and approving any related party transactions. The Audit Committee held six meetings during the fiscal year ended December 31, 2004. For additional information concerning the Audit Committee, see REPORT OF THE AUDIT COMMITTEE below.

Compensation Committee. The members of the Compensation Committee are Mr. Lucas, Dr. Caudill and Mr. Taglich. The Board of Directors has determined that Messrs. Lucas and Caudill satisfy all applicable independence and experience requirements of the American Stock Exchange and the Securities and Exchange Commission. The Compensation Committee sets the salary and bonus earned by the Chief Executive Officer, reviews and approves salary and bonus levels for other employees (with compensation in excess of \$100,000 per year) and approves stock option grants to officers and employees. The Compensation Committee held seven meetings during the fiscal year ended December 31, 2004.

Nominating and Corporate Governance Committee. We established a Nominating and Corporate Governance Committee in March 2004. The Nominating and Corporate Governance Committee is comprised of Messrs. Caudill, Lucas and Taglich. The Board of Directors has determined that Messrs. Lucas and Caudill satisfy all applicable independence requirements of the American Stock Exchange. Mr. Taglich is not considered independent as a result of placement agent fees paid to Taglich Brothers, Inc. during 2003 and 2004. Mr. Taglich's service on this Committee was approved by the Board to be required by the best interests of the

Company and its stockholders. Mr. Taglich is not a current officer or employee or an immediate family member of any such person. See CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS below.

The functions of the Nominating and Corporate Governance Committee include identifying individuals qualified to become members of the Board of Directors, selecting or recommending to the Board of Directors director nominees for each election of directors, developing and recommending to the Board criteria for selecting qualified director candidates, considering committee member qualifications, appointment and removal, and providing oversight in the evaluation of the Board and each committee. The nominees for election as Directors were selected by the Committee and approved by the Board of Directors. The Nominating and Corporate Governance Committee met three times in 2004 to, among other matters, consider new directors and the nominees for the annual meeting.

When considering the nomination of director for election to the Board, the Nominating and Corporate Governance Committee will review the results of an evaluation performed by the Board of Directors and each committee and the needs of the Board of Directors for various skills, background, experience and expected contribution and qualifications of the candidate. In this regard, the Committee concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Committee evaluates perspective nominees on its own initiative or referred to it by other Board members, management, stockholders or external sources.

The Nominating and Corporate Governance Committee does not have a formal policy with regard to the consideration of director candidates recommended by stockholders. However, the Committee will consider candidates for director recommended by a stockholder, provided that any such recommendation is sent in writing to the Corporate Secretary, 3625-132nd Avenue, S.E., Bellevue, Washington 98006 not later than February 10, 2006 (with respect to the 2006 Annual Meeting of Stockholders) and contains the following information: (i) the candidate's name, age, contact information and present principal occupation or employment; (ii) a description of the candidate's qualifications, skills, background and business experience during, at a minimum, the last five years, including his or her principal occupation; and (iii) the consent of each nominee to serve if elected. The Committee uses the same criteria for evaluating candidates nominated by stockholders as it does for those proposed by other Board members, management and search companies.

Communications with Directors

Any stockholder wishing to communicate with any of our directors regarding SCOLR Pharma may write to the director, c/o Corporate Secretary, 3625 132nd Avenue SE, Suite 300, Bellevue, Washington 98006. Any such correspondence should indicate that the sender is a stockholder of SCOLR Pharma. Depending on the subject matter, the Secretary will either forward these communications directly to the director or directors to whom it is addressed, attempt to handle the inquiry directly, or not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic. The independent directors of the Board review and approve the stockholder's communication process periodically to ensure effective communication with stockholders.

Director Attendance at Annual Meetings

Although we have no policy with regard to Board members' attendance at our annual meetings, it is customary for all Board members to attend. Seven of our Board members then serving attended the 2004 annual meeting of stockholders.

Committee Charters and Other Corporate Governance Materials

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

We entered into an employment agreement with Daniel O. Wilds which provides for Mr. Wilds to continue serving as our President and Chief Executive Officer indefinitely, subject to termination as provided in the agreement. The agreement provided for an increase in Mr. Wilds base salary to \$320,000 per year effective January 1, 2005, and annual reviews and possible increases in subsequent years. Mr. Wilds received a bonus of \$75,000 for services rendered during 2003 and 2004. In addition, Mr. Wilds will be eligible to receive an annual bonus up to 65% percent of his base salary (as adjusted from time to time) based on the achievement of certain objectives approved by the Board of Directors in its discretion; provided there has been a minimum gain in SCOLR Pharma, Inc. market capitalization of 20% for the year under consideration for payment of a bonus. We may terminate Mr. Wilds agreement for cause (as defined) without notice or compensation, except for unpaid base salary and other benefits already earned. If the agreement is terminated by the Company without cause, or Mr. Wilds resigns for good reason (as defined), Mr. Wilds will receive a lump sum payment equal to 87.5% of his then current base salary, a prorated bonus payment equal to 65% of such base salary for the portion of the year prior to termination (provided there has been a minimum gain in SCOLR Pharma, Inc. market capitalization of 20% during the applicable portion of such year), accelerated vesting of any unvested stock options, and continued medical coverage at SCOLR Pharma, Inc. expense for up to one year. The agreement also provides that Mr. Wilds will receive a monthly car allowance of \$500, paid vacation of four weeks per year and other customary benefits.

We have an employment agreement with Stephen J. Turner which provides for an annual salary of at least \$85,000 (subsequently increased to \$140,000 per year) and includes provisions for bonus, salary increases and stock options as determined by the Board. In accordance with the terms of the agreement, Mr. Turner s employment is at will and he may be terminated at any time with or without cause. However, in the event Mr. Turner s employment is terminated without cause (as defined), or by Mr. Turner for good reason (as defined), we shall continue to pay his then current base salary for six months following the date of termination.

Compensation of Directors

We pay no additional remuneration to our employees who serve as directors. All directors are entitled to reimbursement for expenses incurred in traveling to and from meetings of the Board of Directors. Since 1999, non-employee directors have received options to purchase 30,000 shares of common stock on October 1 of each year. Such options were granted at the fair market value of the common stock on the date of grant and were fully vested upon grant. Directors who had served less than a full year prior to October 1 of such year received a prorated grant of options based on the number of full months of service completed. In accordance with this policy, on October 1, 2004, Mr. Lucas, Dr. Caudill, Dr. Fassihi, Mr. Schroeder and Mr. Taglich each were granted nonqualified stock options exercisable for 30,000 shares and Dr. Sorell and Mr. Pines were each granted 12,500 shares of our common stock at an exercise price of \$2.16 per share.

During 2004 the Board determined that it would be beneficial to provide new directors with an additional equity stake in the Company. In connection with the reconsideration of its board compensation policy, during December 2004, Mr. Pines and Dr. Sorrell were granted options to purchase 37,500 shares, with such options vesting over one year in twelve equal monthly installments.

In January 2005 the Board revised the policy for compensation of our non-employee directors to provide that each non-employee director would receive an option to purchase 25,000 shares of common stock on the first business day of each calendar year at an exercise price equal to the closing price on the last trading day of the prior year. In addition, upon election or appointment to our Board of Directors, each new non-employee director would receive an option to purchase 50,000 shares of our common stock under at an exercise price equal to the closing price per share of common stock on the date of grant. The options granted to non-employee directors have a ten-year term and become exercisable in twelve equal monthly installments following the date of grant if

such person is still serving as a director at such time. In connection with the revised compensation plan for non-employee directors, each of our non-employee directors was granted an option to purchase an additional 6,250 shares of our common stock on January 19, 2005, to account for the change in the annual grant date from October 1 of each year to the first business day of each calendar year.

Non-employee directors receive a quarterly retainer of \$3,750 for services as a director. Since adoption of our 2004 Equity Incentive Plan in June 2004, non-employee directors may elect to receive the value of the quarterly retainer in the form of a stock-based director fee award, which will consist of either stock options or stock units, as elected by the director on an annual basis. Such stock options and stock units shall be fully vested at the date of grant and have a term of ten years. A non-employee director may elect to receive up to 100% of such amount in the form of stock options or stock units. Stock options and stock units from such election will be granted automatically on the last day of each calendar quarter for the portion of a director's compensation earned during the quarter for which the director elected to receive stock options or stock units in lieu of cash. Director compensation not paid in the form of stock options or stock units will be paid in cash. A director electing to receive stock options will be granted automatically, on the last day of each calendar quarter, an option to purchase that number of shares of our common stock equal to the amount of the quarterly compensation elected to be received in stock options divided by an amount equal to 50% of the average closing price of a share of our common stock as during the ten trading days preceding the date of grant and having an exercise price per share equal to 50% of such average. A director electing to receive stock units will be granted automatically, on the last day of each calendar quarter, an award for a number of stock units under equal to the amount of the quarterly compensation elected to be received in stock units divided by an amount equal to the average closing price of a share of our common stock on the ten trading days preceding the date of grant. A stock unit is an unfunded bookkeeping entry representing a right to receive one share of our common stock. Non-employee directors are not required to pay any additional cash consideration in connection with the settlement of a stock unit award.

As described above, each of the non-employee directors made an election with respect to how to receive his retainer for the second half of 2004. Messrs. Caudill, Lucas, Pines, Sorell, and Taglich elected to receive their retainers in the form of stock options. Accordingly, on September 30, 2004 and December 31, 2004 each received options to purchase 3,676 shares of common stock at \$1.02 per share and 1,524 shares of common stock at \$2.46 per share, respectively. We have paid consulting fees of \$48,000 and \$120,000 to Dr. Fassihi and Mr. Howard, respectively.

Equity Compensation Plan Information

We currently maintain our 2004 Equity Incentive Plan, which has been approved by shareholders, and provides for the issuance of our common stock to officers and other employees, directors and consultants. We entered into a Consulting Agreement with Dr. Fassihi dated December 22, 2000, which has been amended and supplemented by Additional Services Agreements. Under the Consulting Agreement, we agreed to pay Dr. Fassihi a monthly retainer of \$4,000 and an hourly fee of \$100 (which is credited against the retainer) until December 31, 2006, subject to termination under certain circumstances. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Based solely on our review of the copies of such reports furnished to us and written representations by certain reporting persons regarding their compliance with the applicable reporting requirements we believe that, during 2004, all filing requirements applicable to our executive officers, directors and greater-than-10% stockholders were complied with except that Form 4 reports with respect to one transaction each were not timely filed by Ms. Vitulli and Messrs. Turner, Pines, Caudill and Lucas; and three Form 4 reports with respect to one transaction each were not timely filed by Mr. Taglich as a result of inadvertent administrative delays.

REPORT OF THE COMPENSATION COMMITTEE

Dr. Caudill, Mr. Lucas and Mr. Taglich are the current members of the Compensation Committee. The Committee is responsible for establishing compensation programs for all employees with compensation in excess of \$100,000, including executives. For executive officers, the Committee evaluates performance and determines compensation policies and levels. The President and Chief Executive Officer may participate in the Committee discussions regarding compensation of executive officers, but may not be present when the Committee discusses his own compensation.

Compensation Philosophy

The goals of our compensation program are to align employee compensation with our business objectives and performance and to enable us to attract and retain the highest quality executive officers and other employees, reward them for our progress and motivate them to enhance long term stockholder value. The key elements of the philosophy are as follows:

We pay competitively with companies with which we compete for talent.

We maintain short and long-term incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

Forms of Compensation

Base Salary. The Compensation Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Compensation Committee considers individual and corporate performance, levels of responsibilities, prior experience, breadth of knowledge and competitive pay practices. Base salaries for executive officers for 2005 were increased between 7% and 43% as compared to fiscal 2004. The increases were due to the executive officers' and the Company's performance during the prior year, including, among other things, the completion of additional financing in February 2004 and the progress of our development programs.

Near-Term Incentives. In December 2004, the Compensation Committee met and approved cash bonuses for performance for the 2004 fiscal year for all executive officers. The bonuses awarded depended on the achievement of specified corporate goals and individual performance objectives for each executive officer. Cash bonuses awarded to executive officers for performance in 2004 ranged from 16% to 25% of the executive officers' respective base salaries. The Compensation Committee annually reviews and approves the performance objectives for SCOLR Pharma, Inc..

Long-Term Incentives. Our long term incentive program for officers consists of stock option grants pursuant to the 2004 Equity Incentive Plan. Stock options granted to our executive officers under the 2004 Plan generally vest over a three year period to encourage employees to remain with SCOLR Pharma, Inc.. Through option grants, executives and employees receive equity as an incentive to assist in building long-term stockholder value. Stock option grants in 2004 were made at an exercise price of 100% of the fair market value of our common stock on the date of grant. Executive officers receive value from the grants only if the common stock appreciates over the long term. In determining the size of stock option grants to executive officers under the 2004 Equity Incentive Plan, the Compensation Committee bases its decisions on such factors as the value of options awarded to comparable positions in peer group companies, corporate and individual performance, the number of options currently held by the officers, the allocation of overall share usage attributed to executive officers and the relative proportion of long-term incentives within the total compensation mix.

Chief Executive Officer Compensation

Mr. Wilds' base salary as President and Chief Executive Officer in fiscal year 2004 was \$300,000. His bonus for 2004 and 2003 (combined) consisted of \$75,000 in cash. Mr. Wilds' base salary and bonus were determined by the Committee and the Section 162(m) Subcommittee in the same manner as that for our other executive officers, and was based on the achievement of specified corporate goals and individual performance objectives, including, among other things, the completion of additional financing in February 2004 and the progress of our development programs. Mr. Wilds' base salary for 2005 was set at \$320,000.

We entered into an employment agreement with Mr. Wilds in November 2004. In accordance with this agreement, we granted Mr. Wilds options to purchase 300,000 shares of common stock at an exercise price of \$3.21 per share (the closing price at the date of grant). This grant reflected Mr. Wilds' performance in 2004 and 2003 and was designed to align Mr. Wilds' long term compensation with building stockholder value. These options have a ten year term and vest over three years in 36 equal monthly installments. The agreement also provides that Mr. Wilds will receive a monthly car allowance of \$500, paid vacation of four weeks per year, and other customary benefits.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, as amended, generally disallows a tax deduction to public companies for compensation over \$1 million paid to its chief executive officer and its other highly compensated executive officers. The Compensation Committee established a Section 162 Subcommittee which is comprised solely of outside directors (currently Dr. Caudill and Mr. Lucas) for purposes of Section 162(m) of the Internal Revenue Code as amended. The Subcommittee was authorized to approve compensation arrangements for our highly compensated officers, as well as approve stock option grants to executive officers and directors of SCOLR Pharma, Inc.. However, qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. The Section 162(m) Subcommittee of the Compensation Committee reviews the potential effect of Section 162(m) periodically and generally seeks to structure the long-term incentive compensation granted to our executive officers in a manner that is intended to avoid disallowance under Section 162(m).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors is composed of Mr. Lucas, Dr. Caudill, and Mr. Taglich. All members of the Compensation Committee are non-employee, outside directors. No person who serves as a member of the Compensation Committee during 2004 was a current or former officer or employee of SCOLR Pharma, Inc.. Additionally, there were no compensation committee interlocks during 2004, which generally means that no executive officer of SCOLR Pharma, Inc. served as a director or member of the compensation committee of another entity, which had an executive officer serving as a member of our Compensation Committee.

Although Mr. Wilds, our President and Chief Executive Officer, participated in compensation discussions during 2004, he did not participate in any deliberations or decisions regarding his own compensation. See "Certain Relationships and Related Transactions" above for a description of transactions between the Company and Messrs. Lucas and Taglich.
