-

Section 2 Financial Information

Item 2.02 Results of Operations and Financial Condition.

On December 7, 2005, the Company issued a press release (the "Earnings Release") announcing the financial results for its fourth quarter and fiscal year ended October 31, 2005. The full text of the Earnings Release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

The Earnings Release included the following non-GAAP financial measures (the "non-GAAP Measures"): (i) net income before restructuring charges, debt extinguishment charge and timberland gains; (ii) diluted earnings per Class A and Class B share before restructuring charges, debt extinguishment charge and timberland gains; (iii) operating profit before restructuring charges and timberland gains; (iv) operating profit before restructuring charges; and (v) net debt. Net income before restructuring charges, debt extinguishment charge and timberland gains is equal to GAAP net income plus restructuring charges plus the debt extinguishment charge less timberland gains, net of tax. Diluted earnings per Class A and Class B share before restructuring charges, debt extinguishment charge and timberland gains is equal to GAAP diluted earnings per Class A and Class B share plus the effects of restructuring charges plus the effects of the debt extinguishment charge less the effects of timberland gains, net of tax. Operating profit before restructuring charges and timberland gains is equal to GAAP operating profit plus restructuring charges less timberland gains. Operating profit before restructuring charges is equal to GAAP operating profit plus restructuring charges. Net debt is equal to GAAP long-term debt plus short-term borrowings less cash and cash equivalents.

The Company discloses the non-GAAP Measures described in Items (i) through (iv), above, because management believes that these non-GAAP Measures are a better indication of the Company's operational performance than GAAP net income, diluted earnings per Class A and Class B share and operating profit since they exclude restructuring charges and debt extinguishment, which are not representative of ongoing operations, and timberland gains, which are volatile from period to period. The non-GAAP Measures provide a more stable platform on which to compare the historical performance of the Company.

In addition, the Company disclosed the non-GAAP Measure of net debt, described in Item (v), above, because management believes that this non-GAAP Measure gave a better indication of the Company's debt position as of the fiscal year end than long-term debt. As of October 31, 2005, the Company held significant cash and cash equivalents that could have been used to pay down long-term debt, but management chose not to do so, among other reasons, to avoid associated prepayment premiums and breakage costs.

Section 9 Financial Statements and Exhibits

Item 9.01. Financial Statements and Exhibits.

(c) Exhibits.

<u>Exhibit No.</u>	<u>Description</u>
99.1	Press release issued by Greif, Inc. on December 7, 2005, announcing the financial results for its fourth quarter and fiscal year ended October 31, 2005.

SIGNATURES
