ELECTION OF DIRECTORS

Two Class III directors are to be elected at the meeting. The Board of Directors, at its meeting on June 27, 2007, upon the recommendation of the Nominating Committee, selected Margaret B. Pyle and Eli Manchester, Jr. as nominees for re-election to serve as directors at the annual meeting, both to serve for three-year terms. Both nominees are serving as directors as of the date of this Proxy Statement. The two nominees receiving the greatest number of votes at the annual meeting will be elected directors. Unless a stockholder indicates otherwise on the proxy, proxies will be voted for the election of the two nominees named below. If due to circumstances not now foreseen, either of the nominees becomes unavailable for election, the proxies will be voted for such other person or persons as the Board of Directors may select, or the Board will make an appropriate reduction in the number of directors to be elected.

The Board of Directors, under the Company's bylaws, has set the size of the Board of Directors at seven members, divided into three classes. The Company's certificate of incorporation provides that the three classes shall be as nearly equal in number as possible.

**The Board of Directors recommends a vote FOR the election of both
of the foregoing nominees for director.**

Meetings and Committees of the Board

The business and affairs of the Company are managed under the direction of the Board of Directors. Members of the Board keep informed of the Company's business and activities by reports and proposals sent to them periodically and in advance of each Board meeting and reports made to them during these meetings by the President and other Company officers. The Board is regularly advised of actions taken by the Executive Committee and other committees of the Board, as well as significant actions taken by management. Members of management are available at Board meetings and other times to answer questions and discuss issues. During the Company's fiscal year ended April 30, 2007, the Board of Directors held ten meetings.

Currently, the standing committees of the Board of Directors of the Company are the Executive Committee, Audit Committee, Compensation Committee, Financial/Planning Committee, and Nominating Committee. The functions and membership of the committees are described below.

The Executive Committee, consisting of Messrs. Rhind (Chairman), Campbell, Manchester and Shumaker and Ms. Pyle, exercises the authority of the Board between meetings of the full Board, subject to the limitations of the Delaware General Corporation Law. The Executive Committee met two times during the Company's last fiscal year.

The Audit Committee, consisting of Messrs. Keehn (Chairman), Campbell and Rhind, each an independent director, performs the responsibilities and duties described in the Company's Audit Committee Charter, which is attached as Appendix A to this Proxy Statement, and is responsible for annually appointing the independent auditor for the Company, approving services to be performed by the independent auditor, reviewing the independent auditor's reports, and reviewing the Company's quarterly and annual financial statements before release to the public. In accordance with Audit Committee Charter guidelines, the Audit Committee is responsible for reviewing and approving all related party transactions. The Audit Committee met four times during the Company's last fiscal year. The Board of Directors has determined that Mr. Keehn, the Chairman of the Audit Committee, is a financial expert within the meaning of the current rules of the Securities and Exchange Commission.

The Compensation Committee, consisting of Messrs. Caldwell (Chairman), Keehn and Rhind and Ms. Pyle, each an independent director, considers and provides recommendations to the Board of Directors with respect to the compensation (salaries and bonuses) of executive officers of the Company; short- and long-range compensation programs for officers and other key employees of the Company; benefit programs for all employees of the Company; and stock option grants to key employees. The Compensation Committee also acts as the Stock Option Committee, administering and interpreting the stock option plans for officers and other key employees. The Compensation Committee does not have a written charter. The Compensation Committee met two times during the Company's last fiscal year.

The Financial/Planning Committee, consisting of Messrs. Manchester (Chairman), Caldwell, Keehn and Shumaker and Ms. Pyle, reviews and provides recommendations to the Board of Directors with respect to the annual budget for the Company, the Company's strategic plan and the annual budget for capital expenditures. The Financial/Planning Committee also reviews the investment results of the assets of the Company's retirement plans. The Financial/Planning Committee met three times during the Company's last fiscal year.

The Nominating Committee, consisting of Messrs. Rhind (Chairman), Campbell and Ms. Pyle, each an independent director, makes recommendations to the full Board with respect to candidates for Board membership, officers of the Company, and Board committee membership. The Nominating Committee will consider as prospective Board nominees persons brought to its attention by officers, directors and stockholders. Proposals may be addressed to the Nominating Committee at the address shown on the cover of this Proxy Statement, attention of the Corporate Secretary. The

Nominating Committee does not have a written charter. At a minimum, a candidate for the Board must demonstrate significant accomplishment in his or her field, the capacity and experience to understand the broad business operations of the Company, and the vision to assist the Company in its development and expansion. The Nominating Committee is responsible for assessing the appropriate balance of criteria required of Board members. The Nominating Committee met two times during the Company's last fiscal year.

Executive sessions of independent directors are held in connection with each regularly scheduled Board of Directors and Audit Committee meeting and at other times as necessary. The Board of Directors' policy is to hold executive sessions without the presence of management, including the chief executive officer and other non-independent directors. The Board of Directors has determined that each of Messrs. Caldwell, Campbell, Keehn, and Rhind and Ms. Pyle are independent within the meaning of the rules of the Nasdaq National Market.

The Company does not have a formal policy regarding attendance by members of the Board of Directors at the Annual Meeting of Stockholders, although all directors are expected to attend. All members of the Board of Directors attended the Company's 2006 Annual Meeting of Stockholders. In the Company's last fiscal year, no director attended less than 75% of the aggregate of all meetings of the Board and all meetings held by committees of the Board on which such director served.

Stockholder Communications with the Board of Directors

The Board of Directors recommends that any communications from stockholders be in writing and addressed to the Board in care of the Corporate Secretary, 2700 West Front Street, Statesville, North Carolina 28677-2927. The name of any specific Board member to whom a communication is intended to be addressed should be noted in the communication. The Corporate Secretary will forward such correspondence only to the intended recipient if one is noted; however, the Corporate Secretary, prior to forwarding any correspondence, will review the correspondence, and in his discretion, will not forward certain items if they are deemed frivolous, of inconsequential commercial value or otherwise inappropriate for Board consideration.

Compensation Committee Interlocks and Insider Participation

As noted above, the Compensation Committee consists of Messrs. Caldwell, Keehn and Rhind and Ms. Pyle. No executive officer of the Company served as a member of the Compensation Committee or as a director of any other entity, one of whose executive officers serves on the Compensation Committee or is a director of the Company. Payment of such fees may be deferred at the request of a director. All directors are reimbursed for their expenses for each Board and committee meeting attended.

Management of the Company is responsible for those financial statements and the Company's financial reporting process, including the Company's system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. The Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit. The Committee has received the written disclosures and the letter from Cherry, Bekaert & Holland, L.L.P. required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Cherry, Bekaert & Holland, L.L.P. their independence. INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On July 8, 2005, the Company dismissed PricewaterhouseCoopers LLP (PwC) as the Company s independent registered public accounting firm. This dismissal, which was immediately effective, was approved by the Audit Committee of the Board of Directors of the Company.

The reports of PwC on the financial statements of the Company for the year ended April 30, 2005 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle.

During the year ended April 30, 2005, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference thereto in its reports on the financial statements of the Company for such years.

During the year ended April 30, 2005 and through July 8, 2005, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

Also on July 8, 2005, the Company engaged Cherry, Bekaert & Holland, L.L.P. (CB&H) as its new independent registered public accounting firm to audit the Company s financial statements for the year ended April 30, 2006 and to review the financial statements to be included in the Company s quarterly reports on Form 10-Q, beginning with the quarter ended July 31, 2005. The decision to engage CB&H was approved by the Company s Audit Committee.

Prior to the engagement of CB&H, neither the Company nor anyone on behalf of the Company consulted with CB&H during the Company s two most recent fiscal years and through July 8, 2005, in any manner regarding either: (A) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial statements; or (B) any matter that was the subject of either a disagreement or a reportable event (as defined in Item 304(a)(1)(iv) and (v), respectively, of Regulation S-K).

It is expected that a representative of Cherry, Bekaert & Holland, L.L.P. will be present at the Annual Meeting of Stockholders to be held on August 22, 2007 to answer any appropriate questions and such representative will have an opportunity to make a statement if he or she desires.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services

The Audit Committee s policy is to pre-approve all audit and non-audit services to be provided by the Company s independent auditors on a case-by-case basis. In making such determination, the Audit Committee considers whether the provision of non-audit services is compatible with maintaining the auditor s independence. All of the audit and non-audit services provided by the Company s independent auditors on behalf of the Company in 2007, 2006, and 2005 were pre-approved in accordance with this policy.

Audit Fees and Non-Audit Fees

The following fees were paid or will be paid to the Company's independent registered public accounting firm for professional services rendered on behalf of the Company related to the past two fiscal years:

	2007	2006
Audit of Financial Statements	\$ 79,000	\$ 75,000
Audit-Related Services	16,500	15,750
All Other Fees		
Total	\$ 95,500	\$ 90,750

Audit services consisted of the audit of the Company's annual consolidated financial statements and the review of the Company's quarterly financial statements. Audit-related services consisted of fees for audits of financial statements of employee benefit plans.

COMPENSATION DISCUSSION AND ANALYSIS

Executive compensation is administered by the Compensation Committee of the Board, which is composed of four independent directors.

The objective of the Company's executive compensation program is to attract, motivate, reward and retain management talent critical to the Company's achievement of its objectives. Salaries and other compensation for the Company's executive officers are based on each executive officer's responsibilities, level of experience, and performance over time, as well as on the recommendation of the Chief Executive Officer. In order to assure that salaries and compensation remain competitive, the Company subscribes to and consults various published surveys on executive compensation.

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deduction for federal income tax purposes of certain compensation paid by any publicly-held corporation to its chief executive officer and its four other most highly compensated executive officers to \$1 million per year for each such executive. Because the levels of compensation of executive officers traditionally have been well below the deduction limit, the Company has not adopted a formal policy with respect to Section 162(m).

Executive Officer Compensation

The four principal components of the Company's compensation program for executive officers are discussed below.

Base Salary

The Compensation Committee annually reviews the base salaries of executive officers. Prior to the meeting at which the annual review occurs, the Committee is provided (i) information furnished by the Company's human resources department on historical data on the base and total compensations for each executive, and marketplace compensation data, including both base and incentive compensation data, for comparable positions at other manufacturing and service companies with generally similar annual sales volume, and (ii) individual performance appraisals and recommended adjustments from the Chief Executive Officer for each executive officer, except himself. The human resources department also provides a base salary range for each executive officer, which shows a minimum, mid-point, and maximum salary, and the position of the executive officer's base salary in this range. The base salary range is established using marketplace comparison data and the individual responsibilities of the executive officer's position, and is updated each year for inflation. The Company

typically targets base salaries at the mid-point of the Company's established range for a position. The Committee further considers, on a subjective basis, the executive officer's particular qualifications, level of experience, and sustained performance over time. These same factors are also considered in determining an adjustment to the salary of the Chief Executive Officer. Base salaries are traditionally adjusted as of July 1 of each year.

Annual Incentive Compensation

All of the Company's executive officers are eligible to participate in an annual incentive bonus plan, pursuant to which each executive officer is eligible to earn a cash bonus for each fiscal year of the Company, based primarily on the attainment of earnings goals established in the incentive bonus plan and, to a lesser extent, on the executive officer's achievement of established personal objectives to the degree determined by the Board of Directors upon the recommendation of the Chief Executive Officer.

At the beginning of each fiscal year, the Board of Directors approves earnings goals for the Company for such year and, upon recommendation of the Compensation Committee, establishes specified percentages of each executive officer's base salary that will be available for bonuses if the Company and/or its operating businesses achieves specified earnings goals and the executive officer achieves his or her personal goals. The Board of Directors generally attempts to establish annual earnings goals at target levels it believes are challenging, but achievable, with earnings above target levels considered to be relatively difficult to achieve. In determining the level of available bonuses for each executive officer, many of the same factors considered in determining an executive officer's base salary are also considered by the Committee.

For fiscal year 2007, the specified bonus percentages for executive officers other than the Chief Executive Officer ranged from 10% of an executive officer's base salary, if the Company achieved 90% of targeted earnings for the year, increasing to a maximum of 25% of an executive officer's base salary, as earnings reached 130% of targeted earnings. The corresponding specified percentages for the Chief Executive Officer were from 20% to a maximum of 30%.

Long-Term Incentive Plans

Through fiscal year 2003, the Company used stock options as its primary long-term incentive plan for executive officers. Stock option awards were normally made annually in August by the Board of Directors, based on the recommendations of the Chief Executive Officer, with respect to all stock options other than his own, and the Compensation Committee. The exercise price of the granted stock options was the fair market value of the Company's common stock on the date of the grant. Individual awards were based on an individual's performance, his or her comparative base salary level and the number of stock option grants previously made.

Beginning with fiscal year 2004, the Company has used a performance-based long-term incentive plan, instead of stock options, as its primary long-term incentive plan for its executive officers. Under this plan, performance stock appreciation rights (PSARs) are normally granted annually in May by the Board of Directors to participating employees. This plan provides executive officers an opportunity to receive awards in the form of cash payments at the end of a three-year performance period based upon the occurrence of both (i) the Company's attainment of specified annual financial goals established by the Board of Directors and (ii) an increase in the market price of the Company's stock from the beginning to the end of the three-year period. No PSARs or stock options were granted in fiscal year 2007.

Other Compensation Plans

The executive officers of the Company participate in the Company's Pension Plan. The Plan provides retirement benefits for participating employees. The annual benefit amount is calculated as 40% of the 10-year final average annual compensation (salary and bonus) minus 50% of the Primary Social Security Benefit, all multiplied by a fraction, the numerator of which is the number of years of credited service up to 30 years, and the denominator of which is 30. Participants in the Plan may elect among several payment alternatives. As of April 30, 2005, the Company froze the benefits under the Plan. As a result, no further benefits will be earned by current participants under the Plan after that date and no additional participants will be added to the Plan. To the extent ERISA rules restricted the amount otherwise payable under the Plan, the benefit amount in excess of the restrictions will be paid by the Company under the provisions of the Company's non-qualified Pension Equalization Plan.

The Company has a 401k Incentive Savings Plan (the 401k Plan) which covers substantially all salaried and hourly employees, including all of the executive officers. The plan provides benefits to all employees who have attained age 21, completed three months of service, and who elect to participate. Under terms of the plan, the Company makes matching contributions equal to 100% of the employee's qualifying contribution up to 3% of the employee's compensation, and makes matching contributions equal to 50% of the employee's contributions between 3% and 5% of the employee's compensation, resulting in a maximum employer contribution equal to 4% of the employee's compensation. Additionally, the Company makes a non-matching contribution for participants employed by the Company on December 31 of each year equal to 1% of the participant's qualifying compensation for that calendar year.

The Company also has a non-qualified 401+ Deferred Compensation Plan (the 401+ Plan), which supplements the 401k Plan. The 401+ Plan was adopted to provide highly compensated employees an alternative retirement plan because income tax laws restrict the amount of contributions executives may otherwise have contributed to the 401k Plan. The 401+ Plan operates similarly to the 401k Plan, in that the Company makes matching credits to the participant's account in an amount equal to 50% of the compensation deferred by the participant (up to 6% of the participant's compensation). Amounts deferred under the plan will be distributed to the participant after the participant's termination of employment with the Company in cash in a lump sum or installments at a time previously elected by the participant. All of the Company's executive officers participated in the 401k Plan and the 401+ Plan in fiscal year 2007, with the exception of Mr. Rindoks, who did not participate in the 401+ Plan.

Each of the Company's executive officers is entitled to receive additional compensation in the form of payments, allocations, or accruals under various other group compensation and benefit plans on the same basis as other employees. Benefits under these plans are not directly, or indirectly, tied to employee or Company performance.

Chief Executive Officer Compensation

The Compensation Committee considers the Chief Executive Officer's leadership an important factor in the future success of the Company. The compensation of the CEO has traditionally included base salary, annual incentive compensation, long-term incentive compensation, and benefits under various group plans. In establishing Mr. Shumaker's base salary for each fiscal year, the Compensation Committee considers operating results for the prior year and the outlook for the current year, continued development of the management team, operational improvements, compensation of chief executive officers of other companies with comparable sales, a review of his base salary in relation to the range for his position established by the human resources department, and the price of the Company's common stock. The CEO's annual incentive compensation and long-term incentive compensation are determined pursuant to the Company's incentive plans for executive officers. Mr. Shumaker earned a cash bonus in the amount of \$69,670, or 24% of his May 1, 2006 base salary, under the annual incentive bonus plan for fiscal year 2007. The bonus amount was based on the level of earnings attained for the year and his achievement of established personal goals during the year.

In August 2004, the Company entered into an employment letter agreement with K. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and 10% stockholders to file reports of ownership with the Securities and Exchange Commission. Such persons also are required to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of copies of such forms received by it and inquiries of such persons, the Company believes that all such filing requirements applicable to its executive officers, directors and 10% stockholders were complied with.

PROXIES AND VOTING AT THE MEETING

The expense of solicitation of proxies is to be paid by the Company. The Company will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in sending proxies and proxy material to the beneficial owners of the Company's common stock.

At the close of business on July 5, 2007, the record date for determination of stockholders entitled to vote at the annual meeting, there were 2,507,770 shares of common stock of the Company outstanding and entitled to vote.

Each share of common stock is entitled to one vote. Any stockholder giving a proxy has the power to revoke it at any time before it is voted, by written notice to the Secretary, by delivery of a later-dated proxy or in person at the meeting.

The holders of a majority of the total shares of common stock issued and outstanding, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the meeting. The vote of a plurality of the shares represented at the meeting, in person or by proxy, is required to elect the two nominees for director. Approval of any other matter submitted to the stockholders for their consideration at the meeting requires the affirmative vote of the holders of a majority of the shares of common stock represented at the meeting, in person or by proxy, and entitled to vote. Abstentions, directions to withhold authority, and broker non-votes are counted as shares present in the determination of whether the shares of stock represented at the meeting constitute a quorum. Abstentions, directions to withhold authority, and broker non-votes are not counted in tabulations of the votes cast on proposals presented to stockholders. Thus, an abstention, direction to withhold authority, or broker non-vote with respect to a matter other than the election of directors, may have the same legal effect as a vote against the matter. With respect to the election of directors, an abstention, direction to withhold authority or broker non-vote will have no effect. An automated system administered by the Company's transfer agent will be used to tabulate votes.

A stockholder entitled to vote for the election of directors can withhold authority to vote for any of the nominees.

STOCKHOLDER PROPOSALS

The deadline for receipt of stockholder proposals for inclusion in the Company's 2008 proxy material is March 24, 2008. Any stockholder proposal should be submitted in writing to the Secretary of the Company at its principal executive offices. The stockholder proposal must include the stockholder's name and address as it appears on the Company's records and the number of shares of the Company's common stock beneficially owned by such stockholder. In addition, (i) for proposals other than nominations for the election of directors, such notice must include a description of the business desired to be brought before the meeting, the reasons for presenting such business at the meeting, and any material interest of the stockholder in such business, and (ii) for proposals relating to stockholder nominations for the election of directors, such notice must also include, with respect to each person nominated, the information required by Regulation 14A under the Exchange Act. All other proposals to be presented at the meeting must be delivered to the Secretary of the Company, in writing, by June 5, 2008.

I. Organization

The Audit Committee of the Board of Directors shall be comprised of at least three directors who are independent of management and the Company. Members of the Audit Committee shall be considered independent if they have no relationship to the Company that may interfere with the exercise of their independence from management and the Company, and shall otherwise satisfy the applicable membership requirements under the rules of the Nasdaq Stock Market. 5. Review the independent auditor's report on all relationships between the independent auditor and the Company to assess the auditor's independence and consider whether there should be a regular rotation of the independent auditor to assure continuing auditor independence.
6. Discuss with management and the independent auditor the Company's annual and quarterly financial statements and any reports, earnings press releases or other financial information submitted to a governmental body or the public.
7. Review the independent auditor's reports describing (i) the Company's critical accounting policies and practices to be used in the audit, (ii) the details of all alternative treatments of financial information within generally accepted accounting principles discussed with management, and (iii) all material written communications between the independent auditor and management.
8. Review annually a report by the independent auditor describing that firm's internal quality-control procedures and any material issues raised by the most recent internal quality-control review, or peer review of the independent auditor, or by any inquiry or investigation by governmental or professional authorities and any steps taken to deal with any issues.

9. Consult and discuss with the independent auditor regarding internal controls, the fullness and accuracy of the Company's financial statements and the matters required to be discussed by Statement of Auditing Standards No. 61.
10. Require that the independent auditor inform the Audit Committee of any fraud or illegal acts which it believes exist, or deficiencies in internal controls.
11. Following completion of the annual audit, review separately with each of management and the independent auditors any significant difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information.

5. Direct members of the Company's senior management to report any violations of, or non-compliance with, the Code of Ethics to the Committee.
6. If the need for independent counsel and other advisors is determined to be desirable in the performance of the Committee's responsibilities, the Committee shall engage and determine funding for such counsel and advisors.
7. Establish procedures for the receipt and treatment of complaints regarding accounting, internal accounting controls or audit matters and for confidential submissions by associates of concerns regarding questionable accounting or auditing matters.

While the Audit Committee has the responsibilities and duties set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.
