NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

To Be Held

May 20, 2008

NOTICE is hereby given that the Annual Meeting of Shareholders of American Community Bancshares, Inc. (the Company) will be held as follows:

Place: American Community Bank
2593 West Roosevelt Boulevard
Monroe, North Carolina

Date: May 20, 2008

Time: 11:00 a.m.

The purposes of the meeting are:

1. To elect four members of the Board of Directors for three-year terms and one member of the Board of Directors for a one-year term.
2. To ratify the appointment of Dixon Hughes PLLC as the Company's independent registered public accounting firm for 2008.
3. To transact any other business that may properly come before the meeting.

You are cordially invited to attend the meeting in person. However, even if you expect to attend the meeting, you are requested to complete, sign and date the enclosed appointment of proxy and return it in the envelope provided for that purpose to ensure that a quorum is present at the meeting. The giving of an appointment of proxy will not affect your right to revoke it or to attend the meeting and vote in person.

By Order of the Board of Directors

PROXY STATEMENT

Mailing Date: On or about April 17, 2008

ANNUAL MEETING OF SHAREHOLDERS

To Be Held

May 20, 2008

General

This Proxy Statement is furnished in connection with the solicitation of the enclosed appointment of proxy by the Board of Directors of American Community Bancshares, Inc. (the Company) for the 2008 Annual Meeting of Shareholders of the Company (the Annual Meeting) to be held at American Community Bank, 2593 West Roosevelt Boulevard, Monroe, North Carolina, at 11:00 a.m. on May 20, 2008, and any adjournments thereof.

Solicitation and Voting of Appointments of Proxy; Revocation

Persons named in the appointment of proxy as proxies to represent shareholders at the Annual Meeting are Robert G. Dinsmore, Jr., Alison J. Smith, and David D. Whitley. Shares represented by each appointment of proxy, which is properly executed and returned and not revoked, will be voted in accordance with the directions contained in the appointment of proxy. If no directions are given, each such appointment of proxy will be voted FOR the election of each of the nominees for director named in Proposal 1 below and FOR Proposal 2. If, at or before the time of the Annual Meeting, any nominee named in Proposal 1 has become unavailable for any reason, the proxies will have the discretion to vote for a substitute nominee. On such other matters as may come before the meeting, the proxies will be authorized to vote shares represented by each appointment of proxy in accordance with their best judgment on such matters. An appointment of proxy may be revoked by the shareholder giving it at any time before it is exercised by filing with Dan R. Ellis, Jr., Secretary of the Company, a written instrument revoking it or a duly executed appointment of proxy bearing a later date, or by attending the Annual Meeting and announcing his or her intention to vote in person.

Expenses of Solicitation

The Company will pay the cost of preparing, assembling and mailing this Proxy Statement and other proxy solicitation expenses. In addition to the use of the mails, appointments of proxy may be solicited in person or by telephone by the Company's officers, directors and employees without additional compensation. The Company will reimburse banks, brokers and other custodians, nominees and fiduciaries for their costs in sending the proxy materials to the beneficial owners of the Company's common stock.

Record Date

The close of business on April 10, 2008 has been fixed as the record date (the Record Date) for the determination of shareholders entitled to notice of and to vote at the Annual Meeting. Only shareholders of record on that date will be eligible to vote on the proposals described herein.

Voting Securities

The voting securities of the Company are the shares of its common stock, par value \$1.00 per share, of which 25,000,000 shares are authorized and preferred stock, no par value, of which 1,000,000 shares are authorized. At April 10, 2008, there were 6,542,091 shares of common stock and no shares of preferred stock outstanding. There are approximately 2,500 holders of record of the Company's common stock.

Voting Procedures; Quorum; Votes Required for Approval

Each shareholder is entitled to one vote for each share held of record on the Record Date on each director to be elected and on each other matter submitted for voting. In accordance with North Carolina law, shareholders will not be entitled to vote cumulatively in the election of directors at the Annual Meeting.

A majority of the shares of the Company's common stock issued and outstanding on the Record Date must be present in person or by proxy to constitute a quorum for the conduct of business at the Annual Meeting.

Assuming a quorum is present, in the case of Proposal 1 below, the five directors receiving the greatest number of votes shall be elected.

In the case of Proposal 2 below, for such proposal to be approved, the number of votes cast for approval must exceed the number of votes cast against the proposal. Abstentions and broker non-votes will have no effect.

Authorization to Vote on Adjournment and Other Matters

Unless the Secretary of the Company is instructed otherwise, by signing an appointment of proxy, shareholders will be authorizing the proxyholders to vote in their discretion regarding any procedural motions which may come before the Annual Meeting. For example, this authority could be used to adjourn the Annual Meeting if the Company believes it is desirable to do so. Adjournment or other procedural matters could be used to obtain more time before a vote is taken in order to solicit additional proxies to establish a quorum or to provide additional information to shareholders. However, proxies voted against any of the Proposals will not be used to adjourn the Annual Meeting. The Company does not have any plans to adjourn the meeting at this time, but intends to do so, if needed, to promote shareholder interests.

Ownership of Voting Securities

As of April 10, 2008, there were no shareholders known to management to own more than 5% of the Company's common stock, except those listed below.

(5) Includes 1,565 shares owned by Mr. Helton's spouse.

(6) Includes 7,263 shares owned by Mr. Whitley's spouse.

Section 16(a) Beneficial Ownership Reporting Compliance

Directors and executive officers of the Company are required by federal law to file reports with the Securities and Exchange Commission (SEC) regarding the amount of and changes in their beneficial ownership of the Company's common stock. To the best knowledge of the Company, all such ownership reports have been timely filed and the ownership status of the Company's common stock by such individuals is current.

PROPOSAL 1: ELECTION OF DIRECTORS

The Company's Bylaws provide that its board shall consist of between seven and twenty members. If there are more than nine members, the board shall be divided into three classes in as equal a number as possible. Such classes shall be elected to staggered three-year terms. The Board of Directors has set the number of directors of the Company at thirteen. The five directors listed below have been nominated to the Board for the terms indicated:

⁽¹⁾ Includes prior service as a director of American Community Bank.

Director Independence

With the exception of Mr. Helton and Mr. Moss, each member of the Company's Board of Directors is independent as defined by NASDAQ listing standards and the regulations promulgated under the Securities Exchange Act of 1934 (the Exchange Act). In making this determination, the Board considered all insider transactions with directors for the provision of goods or services to the Company or the Bank. All such transactions were conducted at arm's length upon terms no less favorable than those that would be available from an independent third party.

Director Relationships

No director is a director of any company with a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934 or subject to the requirements of Section 15(d) thereof, or any company registered as an investment company under the Investment Company Act of 1940.

Lead Independent Director

The board has long recognized the importance of independent leadership on the board, as evidenced by its designation of a lead independent director in 2004. The independent directors elect the lead independent director, and in January 2008, the independent directors elected Mr. Dinsmore to continue in his role as the board's lead independent director. The duties and responsibilities of the lead independent director include the following:

assisting the Chairman of the Board with board-related matters, including approving board meeting agendas, board meeting schedules and various information sent to the board;

servicing as the principal liaison between the independent directors and the Chairman of the Board;

presiding at any meetings of the non-employee directors or independent directors or at any meetings of the board at which the Chairman of the Board is not present, and

any other duties or responsibilities that may be requested by the independent directors or the Chairman of the Board, including, as the lead independent director deems appropriate, calling any meetings of the non-employee directors or independent directors or meeting with any of the Company's executive officers, stockholders or other constituents.

Meetings and Committees of the Board of Directors

The Company's Board of Directors held six meetings in 2007. Each director attended 75% or more of the aggregate board and committee meetings of which he or she was a member.

It is the policy of the Company that directors attend each annual meeting and any special meetings of the Company's shareholders. All of the Company's directors attended the 2007 annual meeting of shareholders except for Mr. Pappas and Mr. Phillips who were both out of the state on business.

The Company's Board of Directors has several standing committees including an Audit Committee, Nominating Committee and Compensation Committee.

Audit Committee. The members of the Audit Committee are Chairperson Robert G. Dinsmore, Jr., Frank L. Gentry, Philip R. Gilboy, Alison J. Smith and Gregory N. Wylie. The members of the Audit Committee are independent as defined by NASDAQ listing standards and the regulations promulgated under the Securities Exchange Act of 1934. The Audit Committee met five times during 2007. The Board of Directors has adopted a written Audit Committee Charter which is available at www.americancommunitybank.com. The report of the Audit Committee is included on page 24 of this proxy statement.

Nominating Committee. The members of the Nominating Committee are Chairperson Alison J. Smith, Robert G. Dinsmore, Jr., Larry S. Helms, L. Steven Phillips, David D. Whitley, and Gregory N. Wylie. The Committee met once in 2007. The duties of the Nominating Committee include: (i) assisting the Board, on an annual basis, by identifying individuals qualified to become Board members, and recommending to the Board the director nominees for the next annual meeting of shareholders; (ii) assisting the Board in the event of any vacancy on the Board by identifying individuals qualified to become Board members, and recommending to the Board qualified individuals to fill any such vacancy; and (iii) recommending to the Board, on an annual basis, director nominees for each committee of the Board.

The Company's common stock is listed on the NASDAQ Capital Market and the members of the Nominating Committee are independent as defined by NASDAQ listing standards. The bylaws of the Company state that candidates may be nominated for election to the Board of Directors by the Nominating Committee or by any shareholder of the Company's common stock. It is the policy of the Nominating Committee to consider all shareholder nominations. Shareholder nominations must be submitted to the Nominating Committee in writing on or before September 30th of the year preceding the Annual Meeting at which the nominee would stand for election to the Board of Directors and must be accompanied by each nominee's written consent to serve as a director of the Company if elected. No shareholder nominations

were received during the year. The bylaws of the Company require that all nominees for director, including shareholder nominees, have business, economic or residential ties to the Company's market area and have owned at least 1,000 shares of the Company's common stock for a period of twelve (12) months preceding the date of the nomination. In evaluating nominees for director, the Nominating Committee values community involvement and experience in finance or banking including prior service as an officer or director of an entity engaged in the financial services business, although such experience is not a prerequisite for nomination. The Board of Directors has adopted a written Nominating Committee Charter, which is available at www.americancommunitybank.com.

Compensation Committee. The members of the Compensation Committee are Chairperson Gregory N. Wylie, Robert G. Dinsmore, Jr., Thomas J. Hall, Alison Smith and David D. Whitley. The Compensation Committee meets on an as needed basis to review the salaries and compensation programs required to attract and retain the Company's executive officers. The Compensation Committee met three times in 2007. The committee approves the compensation of the President and Chief Executive Officer and reporting officers to the President including the Chief Financial Officer, Chief Credit Officer, Chief Operating Officer, and Chief Administrative Officer. The salary of each of such reporting officers is determined based upon the recommendation by the President and Chief Executive Officer and such officer's experience, managerial effectiveness, contribution to the Company's overall profitability, maintenance of regulatory compliance standards and professional leadership. The Committee also compares the compensation of the Company's executive officers with compensation paid to executives of similarly situated bank holding companies, other businesses in the Company's market area and appropriate state and national salary data. The Committee is not bound by recommendations made by the President and Chief Executive Officer. Furthermore, the President and Chief Executive Officer does not have any input into his own compensation. The compensation committee engages third party compensation consultants on occasion to assist in determining executive pay or additional benefits, but does not delegate its duties. The Board of Directors has adopted a written Compensation Committee Charter which is available at www.americancommunitybank.com. The report of the Compensation Committee follows on page 22 of this Proxy Statement.

Director Compensation

Board Fees. During 2007, all non-employee directors received an annual retainer of \$5,000. In addition, all non-employee directors received \$400 for each board meeting attended and \$300 for each Committee meeting attended, with the exception of the Chairman of the Board of the Bank who received \$500 for each meeting chaired and Committee Chairpersons, who received \$400 for each committee meeting chaired.

1999 Nonstatutory Stock Option Plan for Directors. At the 1999 Annual Meeting the shareholders of the Bank approved the 1999 Nonstatutory Stock Option Plan for Directors (the 1999 Nonstatutory Option Plan) pursuant to which options covering 246,191 shares of the Bank's common stock were available for issuance to members of the Board of Directors and the board of any subsidiary. In connection with the reorganization of the Bank into the holding company form which resulted in the creation of the Company, the Nonstatutory Option Plan was adopted by the Company and options under such plan are now options of the Company. On April 14, 1999, all options were granted under the 1999 Nonstatutory Option Plan at the exercise price of \$11.00 per share which was the fair market value on the date of grant. The original exercise price is currently \$5.55 per share as a result of a 20% stock dividend in 1999, 10% stock dividend in 2002 and a 50% stock dividend in 2006. Another 69,000 of the original options issued were forfeited and reissued on April 26, 2006 at the exercise price of \$12.98 per share which was the fair market value on the date of grant. All but 5,080 of these options have been granted and there are currently 174,516 options outstanding with a weighted average exercise price of \$8.06 per share which was the fair market value on the date of grant adjusted for stock dividends.

2002 Nonstatutory Stock Option Plan. At the 2002 Annual Meeting the shareholders of the Company approved the 2002 Nonstatutory Stock Option Plan (the 2002 Nonstatutory Option Plan) pursuant to which options covering 37,500 shares of the Company's common stock were available for issuance to members of the Board of Directors and the board of any subsidiary. All but 1,500 of these options have been granted and there are currently 34,000 options outstanding with a weighted average exercise price of \$6.50 per share which was the fair market value on the date of grant adjusted for stock dividends.

The following table presents a summary of all compensation paid by the Company to its directors for their service as such during the year ended December 31, 2007.

EXECUTIVE COMPENSATION

Employment Agreements. American Community Bank has entered into an employment agreement with Randy P. Helton, President and Chief Executive Officer (dated April 15, 1998), to establish his duties and compensation and to provide for his continued employment with the Bank.

Edgar Filing: AMERICAN COMMUNITY BANCSHARES INC - Form DEF 14A

The employment agreement provided for an initial term of employment of five years. The term automatically renews for an additional year at the end of each year unless notice of termination is received prior to renewal. The employment

agreement provides for an annual base salary to be reviewed by the Board of Directors not less often than annually. In addition, the employment agreement provides for discretionary bonuses, participation in other pension and profit-sharing retirement plans maintained by the Bank on behalf of its employees, as well as fringe benefits normally associated with the officer's office or made available to all other employees. The employment agreement provides that the officer may be terminated for cause, as defined in the employment agreement, by the Bank, and otherwise be terminated by the Bank (subject to vested rights) or by the officer. The employment agreement provides that in the event of a termination event following a change in control of the Bank (i) the employee shall be able to terminate the agreement and receive 299% of his base amount of compensation and (ii) the term of the agreement shall be not less than 36 months from the employee's notice of termination of the agreement. A termination event will occur if (i) the employee is assigned any duties or responsibilities that are inconsistent with his position, duties, responsibilities or status at the time of the change in control or with his reporting responsibilities or title with the Bank in effect at the time of the change in control; (ii) the employee's annual base salary rate is reduced below the annual amount in effect as of the change in control; (iii) the employee's life insurance, medical or hospitalization insurance, disability insurance, stock option plans, stock purchase plans, deferred compensation plans, management retention plans, retirement plans or similar plans or benefits being provided by the Bank to the employee as of the date of the change in control are reduced in their level, scope or coverage, or any such insurance, plans or benefits are eliminated, unless such reduction or elimination applies proportionately to all salaried employees of the Bank who participated in such benefits prior to the change in control; or (iv) the employee is transferred to a location outside of Charlotte, North Carolina without the employee's express written consent. A change in control of the Bank will occur if (i) any individual or entity, directly or indirectly, acquires beneficial ownership of voting securities or acquires irrevocable proxies or any combination of voting securities and irrevocable proxies, representing 25% or more of any class of voting securities of the Bank, or acquires control in any manner of the election of a majority of the directors of the Bank; (ii) the Bank is consolidated or merged with or into another corporation, association or entity where the Bank is not the surviving corporation; or (iii) all or substantially all of the assets of the Bank are sold or otherwise transferred to or are acquired by any other corporation, association or other person, entity or group.

American Community Bank has also entered into an employment agreement with V. Stephen Moss, Senior Vice President and South Carolina Regional Executive of the Bank (dated April 15, 2004), to establish his duties and compensation and to provide for his continued employment with the Bank. The employment agreement provided for an initial term of employment of three years. The term automatically renews for an additional year at the end of each year of the term unless notice of termination is received prior to such renewal. The employment agreement provides for an annual base salary to be reviewed by the Board of Directors not less often than annually. In addition, the employment agreement provides for discretionary bonuses, participation in other pension and profit sharing retirement plans maintained by the Bank on behalf of its employees, as well as fringe benefits normally associated with Mr. Moss's office or made available to all other employees. The employment agreement provides that Mr. Moss may be terminated, by the Bank, for cause as defined in the employment agreement and further provides that the employment agreement may otherwise be voluntarily terminated by Mr. Moss or by the Bank (subject to vested rights). The employment agreement also provides that in the event of a termination event following a change of control of the Bank (i) Mr. Moss shall be able to terminate his employment agreement and receive 200% of his base amount of compensation. The definitions of the terms change of control and termination event under Mr. Moss employment agreement are substantially identical to the definitions of those terms in Mr. Helton's employment agreement, which is summarized above. American Community Bank has also entered into a change of control agreement with Stephanie D. Helms, Senior Vice President and Chief Administrative Officer of the Company. The change of control agreement provides that in the event of a termination event following a change of control of the Bank Ms. Helms shall be able to receive 200% of her base amount of compensation. The definitions of the terms change of control and termination event under Ms. Helms change of control agreement are substantially identical to the definitions of those terms in Mr. Helton's employment agreement, which is summarized above.

The following table shows all compensation paid to or received by Randy P. Helton, Dan R. Ellis, Jr., V. Stephen Moss, Harry C. Parlier, and Stephanie D. Helms (the Named Executive Officers) for services rendered in all capacities during the fiscal year ended December 31, 2007.

Stock Options

1999 Incentive Stock Option Plan. The shareholders previously approved the 1999 Incentive Stock Option Plan (the 1999 Incentive Option Plan) pursuant to which options are available for issuance to officers and key employees of the Company and any of its subsidiaries. In connection with the reorganization of the Bank into the holding company form of organization, which resulted in the organization of the Company, the 1999 Incentive Option Plan was adopted by the Company and options under such plan are now options of the Company.

2001 Incentive Stock Option Plan. The shareholders approved the 2001 Incentive Stock Option Plan (the 2001 Incentive Option Plan) at the 2001 annual meeting. The 2001 Incentive Option Plan also provides for the issuance of incentive stock options to officers and key employees of the Company and any of its subsidiaries. The plan originally provided for the grant of stock options covering up to 135,300 shares of the Company's common stock. At the 2005 Annual Meeting of Shareholders, the shareholders approved an amendment to the 2001 Incentive Stock Option Plan authorizing stock options covering an additional 75,000 shares of the Company's stock.

All stock options under the Company's incentive option plans are granted with a per share exercise price equal to 100% of the fair market value of the Company's common stock. The per share exercise price may then be adjusted in response to certain corporate actions, such as stock dividends and stock splits. For example, the option exercise prices in the table below have been adjusted for the effect of the 1999 20% stock dividend, the 2002 10% stock dividend, and the 2006 50% stock split where applicable.

No stock options were granted to the Named Executive Officers during the fiscal year ended December 31, 2007. Disclosed in the following table are the threshold, target and maximum incentive payments which each of the Named Executive Officers could realize under the Company's non-equity incentive plan upon attainment of stated corporate and individual goals under the plan. Additional information regarding the Company's non-equity incentive compensation plan is provided in the Compensation Discussion and Analysis beginning on page 18 of this proxy statement.

The following table sets forth information regarding vested and unvested incentive stock options as of December 31, 2007. With the exception of Mr. Ellis, each of the Named Executive Officers had unexercisable stock options as of December 31, 2007. Incentive stock options granted by the Company are subject to a five-year vesting schedule, with 20% vesting on each anniversary of the option grant date. Option exercise prices reported below have been adjusted for the effect of all stock dividends occurring subsequent to the option grant date. The Company has not adopted any plan providing for the grant of restricted stock or long-term compensation units to employees and, accordingly, there is no information reported in the four columns on the right hand side of the table below.

Supplemental Retirement Plan

In October 2007, the Company implemented a non-qualified supplemental retirement benefit plan (SERP) for selected executive officers. At December 31, 2007 the only executive officer designated to receive benefits under the SERP was Randy P. Helton. The Company may, however, designate other executive officers to receive benefits under the SERP in the future. The SERP is designed to provide a retirement benefit to plan participants at their normal retirement dates and upon the occurrence of certain other events. The plan was implemented because limits on qualified plan contributions and distributions, as well as Social Security, often limit bank executives' retirement benefits to 30% to 50% of final pay. In contrast, other bank staff are unaffected, or less severely affected, by such limits. An arrangement such as the SERP can remedy the shortfall in executive retirement compensation and deliver retirement benefits commensurate with bank executives' final pay.

Under the terms of the SERP, upon retirement or the occurrence of certain other events, the Company will pay benefits to plan participants in the form of a single cash lump sum payment. Benefits under the SERP vest at a rate of 10% per year beginning at age 53 and are fully vested at age 62. At retirement on or after age 53, the Company will pay the vested benefits to the participating officer. In the case of disability or death prior to retirement which results in termination of the officer's employment, the full benefit is payable within 90 days. The full benefit is also payable upon termination of employment for good reason following a change of control of the Company. As of December 31, 2007, Mr. Helton's participation in the SERP would have entitled him to a lump sum payment of \$1,159,000, had he terminated his employment for good reason following a change in control of the Company or had his employment terminated due to death or disability. No benefits are payable at any time to a participant that has been terminated for cause.

Participants' benefits under the SERP are unfunded and are not intended to constitute a tax-qualified retirement plan under Section 401(a) of the Internal Revenue Code of 1986, as amended. As of December 31, 2007, Randy P Helton had no vested benefits under the plan.

Stock Splits

The Company has had three stock splits since opening as follows:

- 1999 five-for-four stock split in the form of a 20% stock dividend paid in December 1999
- 2002 eleven-for-ten stock split in the form of a 10% stock dividend paid in January 2002
- 2006 two-for-one stock split in the form of a 50% stock dividend paid in February 2006

401(k) Savings Plan

In 1999, the Bank adopted a tax-qualified plan (the Savings Plan) which covers all current, full-time employees and any new full-time employees who have been employed for twelve months and who have attained the age of twenty-one. Under the Savings Plan, a participating employee may contribute up to 20% of his or her base salary (up to the maximum allowed by law) on a tax-deferred basis through salary reduction as permitted under Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). The Bank is permitted to make contributions equal to 50% of the employees' contributions up to a maximum equal to 3% of the employee's aggregate compensation. The employer contributions vest completely after six years of service. The Bank may make additional discretionary contributions that also vest completely after six years of service with the Bank. The value of a participant's accounts under the Savings Plan becomes payable to him or her according to the vesting schedule upon retirement, total or permanent disability or termination of employment for any other reason, or becomes payable to a designated beneficiary upon a participant's death. The Savings Plan also contains provisions for withdrawals in the event of certain hardships. A participant's contributions, matching contributions and discretionary contributions of the Bank, and any income accrued on such contributions, are not subject to federal or state taxes until such time as the participant withdraws them.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion provides an overview and analysis of the Company's compensation program and policies with respect to the Named Executive Officers. It is intended to assist in understanding the detailed information provided in the compensation tables in the Executive Compensation section of this proxy statement.

Objectives of the Company's compensation program

The overall objective of our compensation program is to provide total compensation that allows the Company to employ, retain and motivate employees. In order to accomplish these overall objectives, our compensation program is designed to: (i) attract the qualified executives necessary to meet our needs as defined by our strategic plans, and (ii) retain and motivate executives whose performance supports the achievement of our objectives.

Design of the compensation program

The compensation program is designed to promote overall quality growth in the Company's earnings and franchise value. This is achieved through the use of equity and non-equity based compensation and incentive and non-incentive compensation, as well as benefits and perquisites.

Elements of compensation utilized by the Company

The Company utilizes the following elements of compensation: (i) base salary; (ii) non-equity incentive plan compensation; (iii) equity awards in the form of stock options; (iv) employment agreements including change in control provisions; (v) a retirement plan (401(k) including matching contributions); (vi) supplemental retirement plan benefits for certain executives; and (vii) other benefits including car allowances, insurance benefits, club dues and travel allowances.

Why the Company utilizes each element of compensation

Base salary. The Compensation Committee's intention is to set each executive officer's base salary sufficiently high so as to retain strong, motivated leadership, but not so high as to create a negative perception with the Company's other stakeholders. The Company pays a substantial portion of the total compensation for any given executive in base salary because it is a traditional and well-proven form of compensation and it is best suited to permit executives to defer the expenses associated with day-to-day living. Payment of compensation in the form of base salary allows the Company to accurately budget for this element of compensation expense. The Company believes that base salaries temper incentive compensation by providing a major element of compensation that is not tied to the Company's financial performance, thereby encouraging management to continue to operate the Company in a safe and sound manner even when incentive goals may prove unattainable. The Company believes that it would not be equitable, practical or prudent to pay 100% of executive compensation in the form of incentive compensation.

Incentive plan. Non-equity incentive plan compensation paid under the Company's incentive plan for executive officers is included as an element of overall compensation in order to reward executives above and beyond their base salaries when the Company's performance and profitability and/or individual goal attainment exceed established annual targets. The Company believes that annual cash incentive awards encourage the Named Executive Officers to achieve short term targets that are critical to the Company's strategic plan. The inclusion of non-equity incentive compensation encourages management to be more creative, diligent and exhaustive in managing the Company to enhance shareholder value by achieving specified financial goals.

Incentive stock options. The Company chooses to include equity awards in the form of incentive stock options because equity based awards are the element of compensation that is most effective in aligning the pecuniary interests of management with those of shareholders and because incentive stock options are a traditional and well-proven element of compensation among community banks and bank holding companies.

The Company utilizes incentive stock options as opposed to other forms of equity-based compensation, such as restricted stock, because the Company has not adopted any plans that provide for the grant of any form of equity-based compensation other than stock options. This is due to the fact that American Community Bank was organized in 1998 as a North Carolina chartered commercial bank and, pursuant to North Carolina banking law, stock option plans are the only type of permissible equity-based incentive plans. As a result, North Carolina chartered commercial banks cannot offer restricted stock to employees and typically adopt incentive stock option plans to

provide for equity-based compensation to management. Upon the formation of American Community Bancshares, Inc. and the reorganization of American Community Bank into the holding company form of organization, the stock option plans of the bank were adopted as those of American Community Bancshares. The Company has found incentive stock options to be an effective means of closely aligning the interests of management with those of the shareholders and accordingly, the Company has not taken any steps to adopt additional equity based compensation plans providing for the award of other forms of equity based awards, although other forms of equity compensation, such as restricted stock, may be evaluated by the Compensation Committee from time to time in the future.

The Company believes that incentive stock options that include a vesting schedule and which lapse prior to the specified option termination date in the event of a separation from service are a very effective tool in promoting retention of executive management.

Employment agreements with change in control provisions. The Company has also chosen to utilize employment agreements, including change in control provisions, as an element of executive compensation for certain of the Company's executive officers, primarily to promote retention, but also because employment agreements are often necessary to recruit qualified and experienced executive officers. Employment agreements that include change in control provisions providing for lump sum payments ranging from 100% to 299% of an officer's base amount (as such term is defined in Section 280G of the Internal Revenue Code of 1986) upon the occurrence of a change in control of the Company following by a termination event affecting the officer are commonplace among North Carolina community banks and bank holding companies.

Employment agreements provide executive officers with assurance that their employment with the Company is viewed as a long-term proposition and that salary and benefits will be paid over a term of years (barring certain events, such as termination for cause). Employment agreements also serve to provide further assurance to the Company that the officer's services will be available to the Company for the foreseeable future. Also, employment agreements provide such officers with assurance that their compensation will be protected in the event there is a change in control of the Company. Business combination transactions are not uncommon in the financial services industry generally or among North Carolina community banks and bank holding companies in particular. As a result, employment agreements with change in control provisions have become standard among North Carolina banks and most executive officers demand such agreements as a condition of their employment. At the same time, the Company believes these provisions are beneficial to the Company by providing a contractual financial incentive for executives to maximize shareholder value even when facing a potential change-in-control and termination of employment.

Employment agreements utilized by the Company include non-compete agreements, which restrict the officer from competing against the Company for a period of time in the event the officer leaves the employ of the Company. In this manner, the employment agreements serve to protect the Company's legitimate business interests by restricting the ability of departed officers to compete against the Company in the event such executive officer were to be fired without cause or leave the Company voluntarily.

Supplemental Retirement Plan Benefits. The Company's Supplemental Retirement Plan (SERP) is designed to provide a retirement benefit to plan participants because limits on the amount of compensation that may be deferred under the Bank's 401(k) plan, qualified plan contributions and distributions, as well as Social Security, generally limit executives' retirement benefits. The SERP is a non-tax qualified retirement plan for certain executive and senior officers. Plans such as the SERP have become increasingly common for senior executives at community banks, especially those located in major metropolitan areas. The plan is designed to provide a retirement benefit to the officers beginning at age 53, with benefits vesting at a rate 10% per year, until benefits are fully vested at age 63. Vested benefits are payable in a lump sum upon retirement of a plan participant. Vesting accelerates and benefits are also payable in the event a participant terminated his or her employment as a result of death or disability, upon retirement following a change in control of the Company. The Company believes the plan's design, particularly the 10-year vesting schedule, promotes retention of plan participants.

Perquisites. We provide some or all of the following perquisites to our named executive officers:

- Personal use of Company-owned automobile or a car allowance,
- Insurance benefits
- Country club memberships and dues; and
- Personal use of Company-provided cell phones.

For 2007, we determined the level of perquisites and benefits to offer based on information gathered by the Committee with respect to other financial institutions. We believe these perquisites are competitive with companies in our peer group and also facilitate the officer's ability to work outside our corporate headquarters by assisting with travel and providing an external location to conduct business.

How the Company Chose Amounts and/or Formulas for Each Element

Base salary. The Compensation Committee utilizes a Salary Administration Plan in setting the salary levels of its executive officers. The Salary Administration Plan employs various position evaluation factors that take into account each officer's skill, effort and responsibility. Skill is assessed based on the officer's knowledge, experience and human relations responsibilities. Effort is weighed based on the officer's level of supervision, independent decision-making, office environment and job-related stress. Responsibility is measured in terms of supervisory influence, error effect and financial accountability.

Each executive officer's current and prior compensation is also considered in setting future compensation. In addition, the Compensation Committee reviews the compensation practices of certain of the Company's competitors. Therefore, to some extent, the Company's compensation is based on the market and the companies we compete against. The Company currently utilizes the services of John B. Kuhn and Associates, Charlotte, North Carolina, a human resources consulting firm, to assist with research and consulting relevant to the establishment and administration of position evaluations, job grade classifications, and performance review criteria. In addition, the Company purchases annual surveys of community bank compensation packages.

Salaries are reviewed annually, and adjustments, if any, are made based on the review of competitive salaries in our peer group, as well as the position evaluation factors under the Company's Salary Administration Plan. The Company in the past has engaged the Hay Group, Inc., an independent consulting firm, to advise the Company in certain areas of compensation.

Incentive plan. The Company awards non-equity incentive compensation based on attainment of corporate and individual goals as set forth in the Company's incentive plan for executive officers. Under the terms of this plan, the Compensation Committee approves quantitative and measurable corporate goals and individual goals and incentive compensation is paid based on the degree to which the specified goals are achieved. The Chief Executive Officer's incentive target is 100% dependent on attainment of the specified corporate goals. The incentive goals of the Chief Financial Officer, Chief Operating Officer, Chief Administrative Officer and Chief Credit Officer are 50% weighted on attainment of the specified corporate goals and 50% weighted on the attainment of specified individual goals. Overall bank goals are adjusted annually, and specified individual goals may change from year to year, in the Compensation Committee's discretion. The named executive officers other than the Chief Executive Officer received cash bonuses paid in 2008 based on 2007 performance equal to 0-23% of current base salaries. The Chief Executive Officer received an incentive cash bonus equal to 29% of his base salary.

Under the terms of the incentive plan, the Chief Executive Officer can realize maximum incentive compensation of 60% of base salary, with targeted incentive compensation equal to 40% of base salary. The Chief Financial Officer, Chief Operating Officer, Chief Administrative Officer and Chief Credit Officer can realize maximum incentive compensation of 35% of base salary, with targeted incentive compensation equal to 25% of base salary. Actual incentive compensation under the Short-Term Incentive Plan is determined based on the extent to which the specified individual and bank goals are achieved. If realization of specified goals is less than 95%, no incentive compensation is paid out under the plan.

The Board of Directors has ultimate authority to increase or decrease the amount of non-equity incentive compensation paid to the named executive officers under the incentive plan for executive officers in its discretion. This discretion was not exercised during the fiscal year ended December 31, 2007.

Incentive stock options. In making grants of equity-based awards, the Company is limited to the pool of shares authorized by the shareholders for issuance upon the exercise of equity awards under its equity award plans. All equity award plans of the Company have been approved by the shareholders.

The Company's Chief Executive Officer and the Compensation Committee of the Board of Directors decide the timing, distribution and amount of all equity award grants. Generally the Company granted incentive stock options

to its employees only at the time an employee joined the Company. In most cases, the granting of incentive stock options was considered necessary in order to attract a particular individual to the Company. In determining the number of shares subject to the option granted, in general, the more opportunity the individual had to contribute to the Company's success and thereby impact the Company's stock price, the larger the stock option award would be, but the ultimate number of equity awards granted to an employee was made on a discretionary rather than formulaic basis by the Compensation Committee.

When stock options are granted, the strike price is based on the fair market value of the Company's common stock at the time of the grant. The Company's stock option plans require a vesting period of 3 or 5 years and, accordingly, all incentive stock options are granted with these vesting schedules. The life span of all stock options is limited to ten years by the terms of each of the stock option plans. The Compensation Committee routinely provides for a ten-year life span for stock options because it believes that this promotes employee retention, maximizes the effectiveness of stock options as an incentive tool and aligns management's pecuniary interests with the long-term interests of shareholders.

Supplemental Retirement Plan Benefits. The Company determines those officers who are eligible to participate under the SERP and the dollar amount for each participant's account under the plan based on the executive's position and tenure with the Company as well as his or her perceived value as an effective manager and administrator in achieving the Company's goals and enhancing shareholder value. Additionally, peer bank executives are surveyed to ascertain equivalent compensation arrangements so that the Company can be competitive in attracting and retaining the best possible skilled executives.

How Elements Fit into Overall Compensation Objectives

The Compensation Committee ascertains competitive market compensation using a number of data sources reflecting industry practices of other banks similar in size, age, and type of market (urban or rural) to the Company.

A primary data source used in setting competitive market compensation for the named executive officers is the information publicly disclosed through annual proxy statements by a peer group of other publicly traded banks. This peer group reflects banks of similar asset size, strategic focus, age, and type of market (urban or rural); factors that influence executive compensation in banks. The peer group is reviewed and updated each year as appropriate since the comparable banks may change depending on asset growth (via acquisitions). Overall, the goal is to have comparative banks that provide a true competitive and market perspective for executive total compensation.

In addition to the peer group data, we use several other sources of data for compensation (third party vendors, compensation consultants and trade groups), who provide comparative data from several banking association surveys as well as published industry surveys and proprietary compensation data.

Base salary compensation is closely related to incentive compensation because base salary is used as a starting place in calculating non-equity incentive compensation. Therefore, any increase in base salary will increase the potential value of non-equity incentive compensation payments to the executive. Increases in base salary also have the effect, along with non-equity incentive compensation, of increasing the executive's base amount under Section 280G of the Internal Revenue Code of 1986 and, as a result, increasing the overall amount of a change in control payment paid to the executive under the provisions of applicable employment agreements.

Higher job grades typically correlate with increased base salary compensation and also result in larger equity awards pursuant to the equity award schedule discussed elsewhere in this compensation discussion and analysis.

As stated previously, the Company believes that it is prudent to compensate executive officers with a mix of incentive and non-incentive compensation. Too much emphasis on incentive compensation could result in management's deployment of unnecessarily risky business strategies, which are not in the best interests of shareholders. Likewise, reliance on only non-incentive compensation would likely not provide optimal motivation to management to enhance shareholder value. Accordingly, the company believes that the mix of compensation elements it utilizes achieves a balance between incentive and non-incentive forms of compensation such that the management is incented to increase shareholder value in a safe and sound manner.

Accounting and tax treatment for both the employer and the employees are considered in the administering of all incentive compensation plans. To the extent possible, and without compromising the profitability or integrity of the

Company, all incentive plans are structured to achieve maximum tax benefits for both parties. A specific example is the utilization of incentive stock options which qualify for favorable tax treatment under the Internal Revenue Code.

In general, the compensation plans are intended to provide tax benefits to the Company in the form of income deductions.

Report of the Compensation Committee

The Compensation Committee has discussed the Compensation Discussion and Analysis, and has recommended to the Board of Directors that that disclosure be included in this proxy statement.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is now, or formerly was, an officer or employee of either the Company or the Bank. Mr. Helton makes recommendations to the Committee regarding compensation of the executive officers. Mr. Helton participates in the deliberations, but not the decisions, of the Committee regarding compensation of executive officers other than himself. He does not participate in the Committee's discussions or decisions regarding his own compensation.

Indebtedness of and Transactions with Management

The Company has had, and expects to have in the future, banking transactions in the ordinary course of business with certain of its current directors, nominees for director, executive officers and their associates. All loans included in such transactions were made on substantially the same terms, including interest rates, repayment terms and collateral, as those prevailing at the time such loans were made for comparable transactions with other persons, and do not involve more than the normal risk of collectibility or present other unfavorable features.

Loans made by either American Community Bank to directors and executive officers are subject to the requirements of Regulation O of the Board of Governors of the Federal Reserve System. Regulation O requires, among other things, prior approval of the Board of Directors with any interested director not participating, dollar limitations on amounts of certain loans and prohibits any favorable treatment being extended to any director or executive officer in any of the bank's lending matters. To the best knowledge of the management of the Company and the bank, Regulation O has been complied with in its entirety.

PROPOSAL 2: RATIFICATION OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed the firm of Dixon Hughes PLLC, Certified Public Accountants, as the Company's independent registered public accounting firm for 2008. A representative of Dixon Hughes PLLC is expected to be present at the Annual Meeting and available to respond to appropriate questions, and will have the opportunity to make a statement if he desires to do so.

The Company has paid Dixon Hughes PLLC fees in connection with its assistance in the Company's annual audit and review of the Company's financial statements. From time to time, the Company engages Dixon Hughes PLLC to assist in other areas.

The following table sets forth the fees paid to Dixon Hughes PLLC in various categories during 2007 and 2006.

Category	Actual 2007	Actual 2006
Audit Fees	\$ 200,750 ⁽¹⁾	\$ 196,600 ⁽¹⁾
Audit-Related Fees	5,250 ⁽²⁾	10,512 ⁽²⁾
Tax Fees	11,250 ⁽³⁾	17,363 ⁽³⁾
 Total Fees Paid	 \$ 217,250	 \$ 224,475

⁽¹⁾ Audit fees include fees billed and expected to be billed to the Company by Dixon Hughes in connection with the annual audit of the Company's financial statements, reviews of the Company's interim financial statements, and attest services required by Section 404 of the Sarbanes-Oxley Act.

⁽²⁾ Audit related services include routine accounting consultations.

⁽³⁾ Tax fees include corporate tax compliance, as well as counsel and advisory services.

All services rendered by Dixon Hughes PLLC during 2007 and 2006 were subject to pre-approval by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR RATIFICATION OF DIXON HUGHES PLLC AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2008.

Report of the Audit Committee

In the performance of its oversight functions, the Audit Committee is responsible for receiving and reviewing the annual audit report of the Company's independent auditors and reports of examinations by bank regulatory agencies, and helps formulate, implement, and review the Company's and its subsidiaries' internal audit programs. The Audit Committee assesses the performance and independence of the Company's independent accountants and recommends their appointment. The Audit Committee has in place pre-approval policies and procedures that involve an assessment of the performance and independence of the Company's independent auditors, an evaluation of any conflicts of interest that may impair the independence of the independent auditors and pre-approval of an engagement letter that outlines all services to be rendered by the independent auditors.

Management is responsible for the preparation and presentation of the Company's financial statements and its overall financial reporting process and, with the assistance of the Company's outsourced internal auditors, for maintaining appropriate internal controls and procedures that provide for compliance with accounting standards and applicable laws. The independent auditors are responsible for planning and carrying out a proper audit of the Company's financial statements, expressing an opinion as to their conformity with generally accepted accounting principles and annually auditing management's assessment of the effectiveness of internal control over financial reporting. Members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not full-time employees of the Company.

During the course of its examination of the Company's audit process in 2007, the Audit Committee reviewed and discussed the audited financial statements with management. The Audit Committee also discussed with the independent auditors, Dixon Hughes PLLC, all matters required to be discussed by the Statement of Auditing Standards No. 61, as amended. Furthermore, the Audit Committee received from and discussed with Dixon Hughes PLLC disclosures regarding their independence required by the Independence Standards Board Standard No. 1, as amended. Based on the review and discussions above, the Audit Committee (i) recommended to the board that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2007 for filing with the SEC and (ii) recommended that shareholders ratify the appointment of Dixon Hughes PLLC as auditors for 2008.

The Audit Committee has a written charter which is reviewed by the Committee for adequacy on an annual basis. The members of the Audit Committee are independent and financially literate as defined by the NASDAQ listing standards. The Board of Directors has determined that Robert G. Dinsmore, Jr., a member of the Audit Committee, meets the requirements adopted by the SEC for qualification as an audit committee financial expert. An audit committee financial expert is defined as a person who has the following attributes: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of GAAP in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that are of the same level of complexity that can be expected in the registrant's financial statements, or experience supervising people engaged in such activities; (iv) an understanding of internal controls and procedures for financial reporting; and (v) an understanding of audit committee functions.

This report is submitted by the Audit Committee,

Robert G. Dinsmore, Jr. Chairman

OTHER MATTERS

The Board of Directors knows of no other business that will be brought before the Annual Meeting. Should other matters properly come before the meeting, the proxies will be authorized to vote shares represented by each appointment of proxy in accordance with their best judgment on such matters.

PROPOSALS FOR 2009 ANNUAL MEETING

It is anticipated that the 2009 Annual Meeting will be held on a date during May 2009. Any proposal of a shareholder which is intended to be presented at the 2009 Annual Meeting must be received by the Company at its main office in Charlotte, North Carolina no later than December 18, 2008, in order that such Proposal be timely received for inclusion in the proxy statement and appointment of proxy to be issued in connection with that meeting. If a Proposal for the 2009 Annual Meeting is not expected to be included in the proxy statement for that meeting, the Proposal must be received by the Company by February 13, 2009 for it to be timely received for consideration. The Company will use its discretionary authority for any Proposals received thereafter.

SHAREHOLDER COMMUNICATIONS

The Company does not currently have a formal policy regarding shareholder communications with the Board of Directors, however, any shareholder may submit written communications to Robert G. Dinsmore, Jr., Chairman of the Audit Committee of the Board of Directors, American Community Bancshares, Inc., 4500 Cameron Valley Parkway, Suite 150, Charlotte, North Carolina, 28211, whereupon such communications will be forwarded to the Board of Directors if addressed to the Board of Directors as a group or to the individual director or directors addressed.
